TO THE ELECTORS OF THE TOWNSHIP OF NORTH FREDERICKSBURGH

Ladies and Gentlemen,—

Thanking the Electors for their support last year, and soliciting their aids and influence Councillor for 1926.

Wishing you and a Happy New Year.

Ia FRANK SAGER.

TO THE ELECTORS OF THE TOWNSHIP OF NORTH FREDERICKSBURGH

Ladies and Gentlemen,—

I am a candidate for Councillor for the year 1926, and as it will be impossible to see each one personally, I ask your vote and influence.

Thanking you, and wishing you the compliments of the season.

Your obedient servant,

1ap C. JAMES WINDOVER.

TO THE ELECTORS OF THE TOWNSHIP OF RICHMOND.

Ladies and Gentlemen,—

I solicit your vote and influence for Reeve for the year 1926.

Having served on the Council Board for seven years, I feel I am qualified to fill the above office.

Wishing you all a happy and prosperous New Year.

Your obedient servant,

1ap W. J. GOLLINGER.

TO THE ELECTORS OF THE TOWNSHIP OF RICHMOND.

Ladies and Gentlemen,—

If my services at the Council Board during the past three years have met with your approval, I would ask you to give me a renewal of your confidence for 1926.

TO TEH ELECTORS OF THE TOWN OF NAPANEE

Ladies and Gentlemen,—

I am a candidate for Reeve for the Town of Napanee for the year 1926.

I do not purpose making a personal canvas, and take this opportunity of soliciting your vote and support.

My past record as a servant of the town is well known and I am prepared to give my best efforts for another year, if elected.

Wishing you all the Compliments of the season.

Ia MARK P. GRAHAM.

TO THE ELECTORS OF THE TOWN OF NAPANEE

Ladies and Gentlemen,—

I am a candidate for Reeve for 1926.

Owing to the large debenture debt, and the free and easy way our past representatives have been spending our money I think it is time we had a halt, so I think it is my duty as a business man to put my name on the ballot.

If I am elected I will give my best for the town.

Yours truly,

1a WILLIAM GEORGE PAUL.

Having served for two years on the Council, I again solicit a continuance of the generous support of the electors as in past years.

RE-ELECT

J. M. SIMPSON

Wishing you all the Compliments of the Season, I remain,

Yours faithfully,

Ia WM. J. JEWELL.

TO THE ELECTORS OF THE TOWNSHIP OF ERNESTTOWN

I, as a candidate for Deputy Reeve for the year 1926, ask your support.

Thanking you, and wishing you the Compliments of the Season.

Your obedient servant,

Ia R. J. BRETHES.

TO THE ELECTORS OF THE TOWNSHIP OF ERNESTTOWN

Ladies and Gentlemen,—

Your vote and influence is respectfully solicited for Reeve for the year 1926.

Wishing you the Compliments of the Season.

Ia DELBERT SEXSMITH.

TO THE ELECTORS OF THE TOWNSHIP OF RICHMOND.

Ladies and Gentlemen,—

Having served you faithfully last year as your Reeve, and accumulated a large surplus of money available for work next year, by good business ability and strict economy, I will be in a position if elected to serve you better than last year.

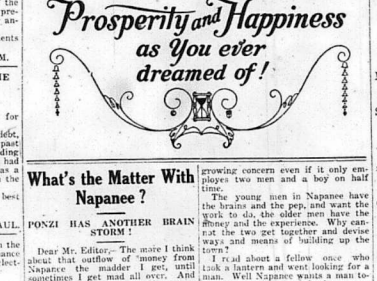
Therefore, I solicit your confidence, vote and influence for Reeve for the year 1926.

Thanking you in advance, and extend the Greetings of the Season, I remain,

Yours respectfully,

ALFRED McCUTCHEON, Richmond Township,

1ap Roblin P.O.



What's the Matter With Napanee?

PONZI HAS ANOTHER BRAIN STORM!

Dear Mr. Editor:— The more I think about that outflow of money from Napanee the madder I get, until sometimes I get mad all over. And the bond agents who find Napanee a happy hunting ground aren't the only offenders. Just think of four Banks in Napanee all occupying good corners, block enough looking institutions in the daytime, but as drab as King Tut's tomb at night. Banks indeed—collecting agencies one might rather say—whose doors are open six hours a day to collect the savings of the people, and are closed the rest of the time to count the money and send it off to help build up some place which is already suffering from growing pains. The only time Napanee needed money from the banks this year was on turkey day, and it wasn't there, and a hurried call had to be sent to headquarters to recall some which had been deported the week before. The bankers prate about the elasticity of Canadian Banks. Well even elastic has its limitations and if stretched too far will snap, and we have seen enough of these snaps lately. There is a good deal to be said for the American system of local banks built up out of local capital and with a local interest. Why don't the business men in Napanee start a trust company, where local savings could be deposited and with proper safeguards used for local needs. Why? Because the people wouldn't trust the business men any more than they trust one another. We have the knack here of mistrusting everybody but the man we don't know, who comes from the outside and makes a scoop every week or so.

Will someone with more brains than I have, please tell me, through the columns of the Beaver, why there are four hotels in Napanee, every one of them doing business, doing it without help from the town or anyone else. And I suppose they are all making a living for the owners. Well men that can make money out of the hotel business in Napanee today under present conditions are wizards, and are worthy of a bigger and better chance. They ought to get together, erect a fine edifice, and keep the business that now goes to Kingston and Belleville. Well, why don't they? Because they haven't got the money, and those who have won't back them. But I venture to say they have money in the King Edward Construction Company, the Mount Royal, or the Drummond Apartments, hotels run by men the names of which not a person in Napanee can name off hand.

And there is another side to it all. If money flows out of the town the young men of brains flow after it, so that Napanee loses both men and money. Bill Caton, the pioneer radio fan in Napanee, who made the first set in the town out of old wire and tin cans, and was listening in when the rest of us were dreaming about it, had the hardest time in the world to get a couple of hundred dollars to finance himself in the radio business. The result was that he got discouraged and left. He is now a recognized expert in the employ of the Dominion Government.

The young men of ability leave the town, and make good in business and the professions. Then when they have become well known and their ability recognized, we have an old boys' re-union, in order to give the business men of Napanee a chance to slap them on the back with a "well glad to see you old boy". Old boy, forsooth—old boys who might just as well have been building up Napanee if their elders had only a little faith in their ability and given them a start.

But the town hasn't lost all its ability. There are brains enough going to waste around the town to build up a real city. Think of young men in the prime of life, with energy, ability and training, standing behind a counter selling powder, puffs, and paint,—a job any girl can be taught to do in a month,—while they kick the counter with nervous anger half the time waiting for customers who never come. Money flows out of the town, and brains after it. And what brains are left are not half used. Why there are enough brains around this burgh to make a success of any undertaking. But let the owners of them suggest a nail factory, a soap factory, a paint works, or a pickle factory, and undertake to operate them, and they would be poo-hooed by the men with the money. Not but let someone come from British Columbia or Newfoundland, or Mars for that matter, with a proposition to make patties for pet poodles, crutches for canaries, toothpicks for crackadillas, wafers for sick goldfish, or some other far fetched scheme, and the Town Council will erect a building and advertise it as a growing concern even if it only employes two men and a boy on half time.

The young men in Napanee have the brains and the pep, and want the work to do, the older men have the money and the experience. Why can not the two get together and devise ways and means of building up the town?

I read about a fellow once who took a lantern and went looking for a man. Well Napanee wants a man today. Isn't there one business man with faith in his town, and isn't afraid to say so?

Come on now, a New Year's resolution,—no more bonds and stocks in outside propositions, and no more brains in Napanee going to waste, until the old town booms. —PONZI.

TAMWORTH UNITED CHURCH

Beginning next Sunday the Tamworth congregation will observe the week of prayer. The theme for the next Sunday will be "The Task and the Resources of the Church." Monday will be the Young People's night. The services will continue every night, except Saturday, beginning at 7.30 o'clock. Programmes for the week will be distributed at the Sunday night service. The male and choir have promised to stand by, which we take to be the attitude of the whole congregation.

The Christmas programme, given under the auspices of the Marlbank Sunday School, was deserving of the good hearing which it received from a crowded hall, where standing room was at a premium. The Brooks family, from Roblin, added materially to the interest of the programme, as did also a reading from Miss Janet Alp, and a guitar solo by Paul Thornley. Even though the juvenile Mary Jane of the Sunday School were admitted free of charge, the door receipts at a 7.30 o'clock

OBITUARY.

John Coburn

Another pioneer citizen of Port Arthur, John Coburn, who came here in 1884 to be employed with the Marks-Mackie Co., the nucleus of the Marks-Clavet-Doble Co., Limited, died at his home, 97 South Court Street, Sunday, Dec. 6th. Mr. Coburn was seventy-seven years and nine months old. Although he had complained of rheumatic pains during last week and was confined to his bed, his death was unexpected by his daughters, Miss Bertha Coburn and Mrs. A. E. Nicklin, who, aroused from sleep Sunday morning, noted his condition. A doctor, being called, pronounced life extinct.

Mr. Coburn was a resident of Port Arthur forty-one years, coming here in 1884 to enter the employ of Marks-Mackie. He remained with that firm until 1888, when he embarked in business for himself, conducting a grocery and confectionery store on the site of the present Merrick block, between Pearl and Ambrose streets. Because of ill health he retired from business in 1905, and a year later entered the employ of the Dominion Government in H. M. Customs, Port Arthur, as a landing waiter, which position he held until 1921, when he was superannuated. His position brought him into daily touch with the sailors of the Great Lakes, and because of his good nature and love of the waterfront there was bestowed upon him the sobriquet of Captain, although he had never himself commanded a craft. In his early life he was an ardent sportsman and was the possessor of several trophies of the hunt. He loved fishing, perhaps, best of all the outdoor sports. Mrs. Coburn died seven years ago. He is survived by two daughters, (Celia) Mrs. A. E. Nicklin, and Miss Bertha Coburn, supervisor of the municipal telephone exchange, and two grandchildren, Patricia and Geraldine Nicklin. A sister, Mrs. Carrie Lockwood, resides at Newburgh, Ont.

Many old time residents and pioneer citizens were present at the funeral, which was held on Wednesday, Dec. 9th. The pallbearers were: Ald. John O. Hourigan, J. F. Hodder, Ambrose Ferguson, R. T. R. Boyce, W. J. Schwigler and H. Walmsley.

Rev. J. A. Tuer, pastor of St. Paul's United Church, officiated, and read as a passage of scripture the twenty-third Psalm. He also read two favorite hymns, "Rock of Ages" and "On the Resurrection Morning." Mr. Tuer gave a short address on the words, "Be thou faithful unto death, and I will give thee a crown of life." Many beautiful floral tributes were laid on the casket. — Port Arthur News-Chronicle, Monday, Dec. 7th, 1925.

Mrs. Iolene Raymer.

The death occurred on Tuesday, December 8th, 1925, at her home, on Mathers Ave., Hollyburn, West Vancouver, of Iolene Raymer, widow of the late Wills Raymer, who predeceased her thirteen months ago. Mrs. Raymer had been seriously ill during practically the whole time of her residence in West Vancouver, but her bright disposition and great patience in the face of her disease has won for her many devoted friends who sincerely regret her early demise. Two and a half years ago her mother left Napanee and was in attendance on her daughter to the last. Mrs. Raymer leaves one child, Marjorie, aged 3 years, besides her parents, Mr. and Mrs. John Herrington, Napanee, and one brother, Seldon, of Toronto. The funeral was held on Thursday. The service was held in St. Stephen's Church, and was conducted by the Rev. A. H. Priest and the Rev. A. M. O'Donnell, and interment made in the North Vancouver cemetery. The pall bearers were six members of the G. W. V. A., of which Mr. Raymer had been a member, Messrs. Archer, Gregory, Lawson, McTavish, Turner and McPherson. The sympathy of the entire community is extended to the bereaved parents and brother and little Marjorie, in their loss. Mrs. Herrington and granddaughter expect to leave for the East soon.

A young lady visiting her aunt in the country came in late one afternoon. "Where in the world have you been?" asked her aunt.

"In the hammock all the afternoon," she replied, "with my beloved Robert."

The aunt eyed her sternly. Then she said: "If I hear of any more scandalous carryings on I shall certainly write to your mother."

A Useless Advertisement.

An old man, well past sixty, entered the publication offices of the Book and Life and asked to be directed to the lost and found counter. At the proper department he submitted the insertion of the following "liner ad.:"

LOST—About forty years ago—no opportunity. It is probably worthless now, but I will reward the honest finder who brings it to me, as I am anxious to know what it might have done for me had I not been careless with it.

The clerk read the advertisement and then looked pityingly at the old man.

"We'll insert your ad.," he said, "but it is my duty to inform you that there is hardly any use in putting it in. We have no records of any lost opportunities ever having been found."

The old man thought for a few minutes, then he said:

"Well, insert it anyhow. People will read it and start to thinking."

Then he went away.

Cross Eyed Mentally.

Do you ever start to say something and find yourself using the word you hadn't the faintest idea of using? Just a little cross eyed mentally, aren't you? Did you ever mean to jam your foot on the accelerator and slam it down on the brake instead? Have you ever put salt twice on the same plateful of food when one of the applications should have been pepper? Did you ever laugh at the wrong time at the theater, or sneeze unnecessarily at a funeral, or fail to sleep quietly in church, or solicitously inquire when so-and-so is nowadays when the poor chap has been dead six months? Sure you have. Everybody does it. We've all just a bit mentally cross eyed sometimes, and we don't look where it seems that we are looking. What we really need is a look out for is not doing queer things too often. If we do there's no telling what may happen to us. We may get into the papers!

Men Who Wear Feathers.

Among the strange tribes of men about whom little is known are the Chamacocos of the region about the upper Paraguay river.

Although the Chamacocos wear but little clothing, they excel in the art of making personal adornments from the feathers of birds. Their country abounds with birds of the most beautiful plumage, including parrots, toucans and trogons, whose feathers are dazzling in color; rheas with gray plumes, musk ducks of a glossy black color, egrets with feathers of pure white and spoonbills of a delicate pink.

All this wealth of color and graceful plumage is combined by the Chamacocos in a most artistic manner. Some of these savages walk their forest glades in colors more brilliant, if less ample, than any woman's dress maker could produce.

His Elaborate Efforts.

"One should beware of lengthening his speech in too loud a voice," said Grout. "If you start off with a yell, when the time comes to rouse denunciation or about hosannas you will have no wind left with which to be emphatic. I once knew a man whose wife exhibited more than 300 love letters in court, which he had written her during a brief courtship of eleven weeks. His often wrote her six or more in one day, and his shortest epistle contained four pages. And yet before they had been married two months he had shipped her jaws so far around that when she wanted to talk into the telephone she had to back up to it. His excuse was that he had exhausted his affection in the course of the correspondence."

Robbery!

He was old, gray, unkempt, unshaven and tottering. His toes protruded from his shoes. He crawled up to an old well curb by an ancient homestead and clung there exhausted. Suddenly a man in furs dashed angrily forward.

"Hey, gimme them rings!" he shouted. "The old man removed the diamond rings from his fingers and gave them to the brute.

"All right. Now go on!" he ordered to a man turning a handle. "How'd you s'pose them rings would look on the screen, you poor idiot? You're supposed to be broke!"

Perils of Tropical Waters.

Raising a vessel submerged in tropical waters is dangerous business, according to an account in Shipping Illustrated of the barge of a gunboat that had been sunk in the harbor of Progreso, Yucatan. The sailors were in constant danger owing to the attacks of "ferocious fishes, some of which are more ferocious than sharks and far more determined in their methods of attacking human prey."

Valley of the Jordan.

The valley of the Jordan constitutes the deepest depression on the face of the earth, the sea of Galilee itself being over 700 feet below the level of the Mediterranean, while the Dead sea is over 1,300 feet below the level of all the oceans of the world.

The Distinction.

"Pa," asked Willie, "what's the difference between an lavalid and a sick person?"

"An invalid, my son," answered pa, "has money."

Geranium Oil.

Geranium oil is largely used in perfumery and is known as rose geranium owing to the common practice of adding rose petals to the plants before distillation.

If you will not hear Reason she will surely rap your knuckles.—Franklin.

A Remedy for Earache. — To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Eclectric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

Earthquake Shocks.

It is a little more than 150 years ago that English people had a lively interest in earthquakes. There had been several shocks in various parts of the country, and then, in February and March, 1750, two shocks were felt in London. Something like panic ensued. People fled into the fields, in some cases going ten miles out. The clergy preached on the subject, and special prayers were said. There has been no serious earthquake shock in that country, however, since 1884, and experts say that England is practically immune from them, largely because of the coal mines which honeycomb so much of the country.

A Female Bellringer.

Mrs. Arthur Shurtleff, of Boston, is said to be the only native American woman bellringer who has succeeded in ringing a "peal." On a recent visit to England Mrs. Shurtleff astonished veteran bellringers there with her perfect mastery of the bell ropes.

HOW MONEY IS MADE

Behind the Scenes at the Royal Mint at Ottawa

1—Melting furnaces.—These blast furnaces burn oil and are charged under air pressure. A series of screens in a combustion chamber at the back of each furnace catch any escaping metal that is blown up the chimney.

2—The weighing room.—These machines are operated from dry "electric cells" and weigh each coin to the seventieth part of a postage stamp.

3—The main entrance to the Canadian Branch of The Royal Mint at Ottawa.

4—Pouring molten metal into ingot moulds. A gas jet is played on the lip at the crucible as the metal is being poured to keep it in liquid form, otherwise it would run thick and set.

THERE is a vast difference between making money and coining money. Anyone who is clever enough can make money, artistically, but the privilege of coining money belongs to the Sovereign, the only place in Canada where money is actually made is at the Canadian branch of The Royal Mint at Ottawa, which was opened early in December, 1908. In this department of all Canadian coins and English sovereigns are struck, except in the case of the Canadian cent, which is struck at the Birmingham Mint. A certain weight of metal is given out for a certain number of coins and no extra metal is allowed for waste. If one is found to be overweight or underweight it is rejected and melted down, but what accumulates is collected and melted to recover the precious metal.

The process through which the raw material passes in being transformed from the rough ingot into the finished coin are: melting, rolling, cutting, planing, annealing, blanching, cleaning, marking, testing.

Casting Moulds

The ingots as received from the refinery are placed in moulds of the proper amount of gold and melted. The molten metal is poured into these moulds, which are six inches wide, and when set are split like a book.

The bars are not passed on till a report has been received from the Assay Office that they are of the right standard.

The Rolling Mill

In the rolling process the bars are thinned by degrees to the thickness of seventeen or eighteen feet long and of a thickness equal to that of the coins to be made from them.

Punching Discs

Next the fillets are taken to the punching machines, where a sample blank is punched out. If this is found to be the right weight the whole strip is passed as standard, but if too light, it is returned to the melting room. Three blanks in copper and two in silver or gold are cut at each stroke, and each machine can produce three hundred gold or silver, and four hundred and fifty one-cent pieces per minute. These fillets from which the blanks have been cut, known as scrisel, go back to be remelted.

The blanks then are passed through the marking machine, where a protecting edge is raised. The machine can mark six hundred blanks in a minute.

The rolling and cutting process makes the metal hard and brittle, so the marked blanks are softened by passing them through an annealing furnace, are cleaned in a weak solution of sulphuric acid, and washed and dried, the drying being done in a centrifugal drying machine.

Stamping Coins

Coining or stamping is the next process. The presses, of which there are six, have a capacity of 300,000 coins a day. The top and bottom dies, which make the impression on each side of the coin, screw up and down, the collar plate, in which the blank is enclosed, regulating stationary. The blanks are fitted to feed tube, are fed to the dies by steel fingers, which receive one at a time and place it in collar, and form the impression on both sides at once. The milled edge and the final polish are also put on at this one operation.

Examining and Weighing

The next step is the testing and examining of the coins. In the case of gold, and fifty and twenty-five cent silver coins, each is weighed on an automatic machine. The ten-cent and five-cent pieces are weighed in groups, against a standard dollar weight, the one-cent pieces against a pound of avoir-du-pois. One hundred and forty of the small one-cent pieces should weigh exactly one pound. The electrically operated weighing machines are so accurate that, when loaded, the beam will turn to the seventieth part of a postage stamp. Each machine will weigh twenty coins a minute.

The coins passed by the automatic scales as being of the correct weight are taken to the examining machine, where they are spread on two travelling belts and carefully examined. One operator examines one side and another the other side, so that both sides can be inspected at once. Any that are discoloured or imperfect are picked out. The perfect coins are dropped singly on an iron block to see that they have the correct ring; 6,000 such coins can be sounded in a day. Any found to be imperfect are put through the defacing machine, which cuts notches around the rim, and then they are sent to be remelted.

The coins that have stood all these tests are then weighed into certain fixed amounts and forwarded to the mint office, where they are counted into bags by the telling machine. The coins are then ready for circulation as small change.

An old gentleman said to some girls who were talking very loud at the opera, "My dear young ladies, please talk a little louder; the music makes such a noise I can't hear half you say."

The United Church

Doctrine.

The Doctrine of the United Church is embodied in the following articles :

Article I.—Of God.—We believe in the one only living and true God, a Spirit, infinite, eternal and unchangeable, in His being and perfections; the Lord Almighty, who is love, most just in all His ways, most glorious in holiness, unsearchable in wisdom, plenteous in mercy, full of compassion, and abundant in goodness and truth. We worship Him in the unity of the Godhead and the mystery of the Holy Trinity, the Father, the Son and the Holy Spirit, three persons, of the same substance, equal in power and glory.

Article II.—Of Revelation. — We believe that God has revealed Himself in nature, in history, and in the heart of man; that He has been graciously pleased to make clearer revelation of Himself to men of God who spoke as they were moved by the Holy Spirit; and that in the fulness of time He has perfectly revealed Himself in Jesus Christ, the Word made flesh, who is the brightness of the Father's glory and the express image of His person. We receive the Holy Scriptures of the Old and New Testaments, given by inspiration of God, as containing the only infallible rule of faith and life, a faithful record of God's gracious revelations, and as the supreme witness to Christ.

Article III.—Of the Divine Purpose.—We believe that the eternal, wise, holy and loving purpose of God so embraces all events that while the freedom of man is not taken away, nor is God the author of sin, yet in His providence He makes all things work together in the fulfilment of His sovereign design and the manifestation of His glory.

Article IV.—Of Creation and Providence.—We believe that God is the creator, upholder and governor of all things; that He is above all His works and in them all; and that He made man in His own image, meet for fellowship with Him, free and able to choose between good and evil, and responsible to his Maker and Lord.

Article V.—Of the Sin of Man.—We believe that our first parents, being tempted, chose evil, and so fell away from God and came under the power of sin, the penalty of which is eternal death; and that, by reason of this disobedience, all men are born with a sinful nature, that we have broken God's law and that as man can be saved but by His grace.

Article VI.—Of the Grace of God. —We believe that God, out of His great love for the world, has given His only begotten Son to be the Saviour of sinners, and in the gospel freely offers His all-sufficient salvation to all men. We believe also that God, in His own good pleasure, gave to His Son a people, an innumerable multitude, chosen in Christ unto holiness, service and salvation.

Article VII.—Of the Lord Jesus Christ.—We believe in and confess the Lord Jesus Christ, the only Mediator between God and man, who, being the Eternal Son of God, for us men and for our salvation became truly man, being conceived of the Holy Spirit and born of the Virgin Mary, yet without sin. Unto us He has revealed the Father, by His word and Spirit, making known the perfect will of God. For our redemption He fulfilled all righteousness, offered Himself a perfect sacrifice on the cross, satisfied Divine justice and made propitiation for the sins of the whole world. He rose from the dead and ascended into Heaven, where He ever intercedes for us. In the hearts of believers He abides forever as the indwelling Christ; above us as our ever living Lord He rules; wherefore, unto Him we render love, obedience and adoration as our Prophet, Priest and King.

Article VIII.—Of the Holy Spirit. —We believe in the Holy Spirit, the Lord and Giver of Life, who proceeds from the Father and the Son, who moves upon the hearts of men to restrain them from evil and to incite them unto good, and whom the Father is ever willing to give unto all who ask Him. We believe that He has spoken by holy men of God in making known His truth to men for their salvation; that, through our exalted Saviour, He was sent forth in power to convict the world of sin, to enlighten men's minds in the knowledge of Christ, and to persuade and enable them to obey the call of the Gospel; and that He abides with the Church, dwelling in every believer as the spirit of truth, of power, of holiness, of comfort and of love.

Article IX.—Of Regeneration.—We believe in the necessity of regeneration, whereby we are made new creatures in Christ Jesus by the Spirit of God, who imparts spiritual life by the gracious and mysterious operation of His power, using as the ordinary means the truths of His word and the ordinances of divine appointment in ways agreeable to the nature of man.

Article X.—Of Faith and Repentance.—We believe that faith in Christ is a saving grace whereby we receive Him, trust in Him and rest upon Him alone for salvation, as He is offered to us in the Gospel, and that this saving faith is always accompanied by repentance, wherein we confess and forsake our sins with full purpose of and endeavor after a new obedience to God.

Article XI.—Of Justification and Sonship.—We believe that God, on the sole ground of the perfect obedience and sacrifice of Christ, pardons those who by faith receive Him as their Saviour and Lord, accepts them as righteous and bestows upon them the adoption of sons, with a right to all the privileges therein implied, including a conscious assurance of their sonship.

Article XII.—Of Sanctification. — We believe that those who are regenerated and justified grow in the likeness of Christ through fellowship with Him, the indwelling of the Holy Spirit, and obedience to the truth; that a holy life is the fruit and evidence of saving faith; and that the believer's hope of continuance in such a life is in the preserving grace of God. And we believe that in this growth in grace Christians may attain that maturity and full assurance of faith whereby the love of God is made perfect in us.

Article XIII.—Of Prayer.—We believe that we are encouraged to draw near to God, our heavenly Father, in the name of His Son, Jesus Christ, and on our own behalf and that of others to pour out our hearts humbly yet freely before Him, as becomes His beloved children, giving Him the honour and praise due to His holy name, asking Him to glorify Himself on earth as in heaven, confessing unto Him our sins and seeking of Him every gift needful for this life and for our everlasting salvation. We believe also that, inasmuch as all true prayer is prompted by His Spirit, He will in response thereto grant us every blessing according to His unsearchable wisdom and the riches of His grace in Jesus Christ.

Article XIV.—Of the Law of God. —We believe that the moral law of God, summarized in the Ten Commandments, testified to by the prophets and unfolded in the life and teachings of Jesus Christ, stands forever in truth and equity, and is not made void by faith, but on the contrary is established thereby. We believe that God requires of every man to do justly, to love mercy, and to walk humbly with God; and that only through this harmony with the will of God shall be fulfilled that brotherhood of man wherein the kingdom of God is to be made manifest.

Article XV.—Of the Church.—We acknowledge one holy catholic Church the innumerable company of saints of every age and nation, who, being united by the Holy Spirit to Christ their Head are one body in Him and have communion with their Lord and with one another. Further, we receive it as the will of Christ that His Church on earth should exist as a visible and sacred brotherhood, consisting of those who profess faith in Jesus Christ and obedience to Him, together with their children, and other baptized children, and organized for the confession of His name, for the public worship of God, for the administration of the sacraments, for the upbuilding of the saints, and for the universal propagation of the Gospel; and we acknowledge as a part, more or less pure, of this universal brotherhood, every particular Church throughout the world which professes this faith in Jesus Christ and obedience to Him as divine Lord and Saviour.

Article XVI.—Of the Sacraments. —We acknowledge two sacraments, Baptism and the Lord's Supper, which were instituted by Christ, to be of perpetual obligation as signs and seals of the covenant ratified in His precious blood, as means of grace, by which, working in us, He doth not only quicken, but also strengthen and comfort our faith in Him, and as ordinances through the observance of which His Church is to confess her Lord and be visibly distinguished from the rest of the world.

(1) Baptism with water into the name of the Father and of the Son and of the Holy Spirit is the sacrament by which are signified and sealed our union to Christ and participation in the blessings of the new covenant. The proper subjects of baptism are those who are by parents or guardians in the Christian faith. In the latter case the parents or guardians are bound to train up their children in the nurture and admonition of the Lord, and should endeavor that they shall be led by the operation of the Holy Spirit, receive the benefits which the sacrament is designed and fitted to confer. The Church is under the most solemn obligation to provide for their Christian instruction.

(2) The Lord's Supper is the sacrament of communion with Christ and with His people, in which bread and wine are given and received in thankful remembrance of His sacrifice on the cross; and they who in faith receive the tokens do, in a spiritual manner, partake of the body and blood of the Lord Jesus Christ to their profit, nourishment and growth in grace. All may be admitted to the Lord's Supper who make a credible profession of their faith in the Lord Jesus Christ and of obedience to His laws.

Article XVII.—Of the Ministry. — We believe that Jesus Christ, as the Supreme Head of the Church, has appointed therein a ministry of the word and sacraments, and calls men to fill this ministry; that the Church, under the guidance of the Holy Spirit, recognizes and chooses those whom He calls, and should thereupon duly ordain them to the work of the ministry.

Article XVIII.—Of Church Order and Fellowship.—We believe that the Supreme and only Head of the Church is the Lord Jesus Christ; that its worship, teaching, discipline and government should be administered according to His will by persons chosen for their fitness and duly set apart for their office; and that although the visible Church may contain unworthy members and is liable to err, yet believers ought not lightly to separate themselves from its communion, but are to live in fellowship with their brethren, which fellowship is to be extended, as God gives opportunity, to all who in every place call upon the name of the Lord Jesus.

Article XIX.—Of the Resurrection, the Last Judgement and the Future Life.—We believe that there shall be a resurrection of the dead, both of the just and of the unjust, through the power of the Son of God, who shall come to judge the living and the dead; that the finally impenitent shall go away into eternal punishment and the righteous into life eternal.

Article XX.—Of Christian Service and the Final Triumph.—We believe that it is our duty as disciples and servants of Christ, to further the extension of His kingdom; to do good unto all men, to maintain the public and private worship of God, to hallow the Lord's Day, to preserve the inviolability of marriage and the sanctity of the family, to uphold the just authority of the State, and so to live in all honesty, purity and charity that our lives shall testify of Christ. We joyfully receive the word of Christ, bidding His people go into all the world and make disciples of all nations, declaring unto them that God was in Christ reconciling the world unto Himself, and that He will have all men to repent and come to the knowledge of the truth. We confidently believe that by His power and grace all His enemies shall be overcome, and the kingdoms of this world be made the kingdom of our God and of His Christ.

"Bother it!" was Annie's answer. "I'm too little to stay up at night, and too big to stay in bed in the morning !"

Holland.

Holland, known as North and South Holland, forms part of the northern part of the Netherlands. These provinces are composed of land reclaimed from the sea and defended by immense dikes. Holland was inhabited by the Batavi in the time of Caesar, who made a league with them. It became part of Gallia Belgica and afterward of the kingdom of Austria. From the tenth to the fifteenth century it was governed by counts under the German emperors. Holland was at one time a Dutch republic. It was created a kingdom in 1806, and Louis Bonaparte, father of Napoleon III., was declared king.—Exchange.

Actors In Retirement.

Many actors have lived long after retiring from the stage. Macready, retiring in 1851 at the age of fifty-eight, passed an honored leisure till his death at Cheltenham, England, in 1873. After Mrs. Siddons' farewell appearance as Lady Macbeth in 1812, being then in her fifty-seventh year, she spent her retaining score of years in almost unbroken retirement. The record in this respect, however, is held by that famous Master Betty whom in 1804 London acclaimed as the Infant Roscius. His positively last appearance was made on Aug. 6, 1824, at the age of thirty-two. He died in August, 1874, a "resting" of half a century.—London Standard.

Epsom Salts as a Dimmer.

Five cents' worth of Epsom salts dissolved in a teacupful of water provides the neatest and most efficient "headlight dimmer" for automobiles so far proposed, according to the Scientific American. The solution is used on the inside of the headlight glass, where it is allowed to evaporate. The result is a beautifully frosted lens, the frosting on which lasts for several months.

A Warning.

"You had better be careful, Miss Flirty, or you will find yourself up against the law."

"Oh, what do you mean?"

"Why, you have such a killing way of shooting glances at a fellow."

Practical Appraisement.

"Mr. James asked me last night to name his lot."

"Did he say whether it was one in a good building section?"

Abrupt.

"Could you lend me a dollar, old man?"

"Certainly! I could do lots of things have no interest in doing. Nice day, isn't it?"—Judge.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Prohibition.

"Do you want a hunting license?"

"No, I'm through hunting. I want a marriage license."

IN MEMORIAM

In loving memory of J. L. P. Gordanier, who passed away on December 27th, 1917.

We often think of the days gone by,
When we were all together;
A shadow o'er our life is cast,
A loved one gone forever.
Sadly missed by Wife and Family.

IN MEMORIAM

In loving memory of Chas. D. Markle, who passed away December 23rd, 1925.

Two long years passed since that sad day
God called the one we loved away;
Forget him? No, we never will,
As years roll on we love him still.
It is hard to lose the one we loved,
But God who knows best.

Memories drift to scenes long past,
Time rolls on, but memories last.

MORVEN

Rev. W. R. Merrick delivered a splendid Christmas sermon in the White Church on Sunday evening, Dec. 20th.—The Christmas Tree in connection with the Young Peoples' Society, which was held in the Brick Church on Wednesday evening, was a decided success.—The many friends of Mrs. Roy Garrison will be pleased to hear that she is recovering from her recent critical operation. — Mrs. Wm. Henwood spent a few days with her daughter, Mrs. George Fralick.—Miss Hazel Cummings is spending the holidays with her parents, Mr. and Mrs. Wesley Cummings. — Miss Helen Brandon, daughter of Mr. and Mrs. Harold Brandon, is in Kingston hospital, suffering from a severe attack of appendicitis.—Mrs. S. P. Bell, Switzerville, visited her sister, Mrs. Charles Gaunden spent the week-end with his uncle in Richmond.

The December meeting of the Morven Young People was held in the Brick Church, on Wednesday evening, Dec. 23rd. A large crowd gathered, representing the "Hustlers" and the "Busy Bees". The outstanding feature of this meeting was the Xmas programme and tree, which was beautifully decorated with presents brought for the occasion. When the first part of the programme was nearly completed, a telegram was received from Santa Claus, saying he would be at Morven in good time to distribute the presents. At the close the pastor thanked the Morven friends, through the kind agency of Mrs. Charles Wilson, who carried out a very kind mission on behalf of herself and a number of kind friends, and brought to the parsonage a magnificent gift of a large goose and a sum of money to bring cheer and gladness to the pastor and family at this happy season of the year, for which the pastor expressed their united thanks for such an expression of goodwill and confidence and practical remembrance. Apples and candies were distributed to all, bringing to a close a most enjoyable evening.

THANKFUL APPRECIATION

The Old Year is just closing; a new fiscal year lies just ahead. Now is the time when all of us are "taking stock" of ourselves and of our friends, looking backward even as we look ahead, in order that we may draw from our experiences of past years whatever profit they may hold to guide us in the new. Into your thoughts now must come thoughts of us, —even as into our thoughts and plans you come.

It is Customary for a Store to publish a gracious note of thanks at New Years time, but no such statement could adequately convey the full measure of our gratitude. Without your help, your confidence, your encouragement, we could not put this Store, as it is, in the limelight as one of the greatest merchandising Stores of the Province.

Only by seeking out new ways to serve you, added ways in which to further our usefulness to our community, can we possibly convey the fullness of our appreciation. To show this appreciation is our promise for the New Year. Whatever shall be within our power we shall do to continue to deserve your enthusiasm and your support.

Service to Co-Workers, to Patrons, to the Community at large, is The Robinson Company Store dedicated. Service and Stocks, for, without the latter the former is impossible. Large stocks, rich stocks, that have all the variety and resources of a great Store. And its prices are the same as any other store; often lower, but never higher, for equally good merchandise.

THE ROBINSON COMPANY, LIMITED, NAPANEE.

HOCKEY.

The ice at the Arena was in very good condition for the opening on Saturday, Dec. 26th, and a large crowd was on hand. Before the skating began, a number of the boys engaged in a light hockey practice. Besides those mentioned in the previous edition, there are many other good players in the town. Billy Houle has obtained a position at Gibbard's, and will doubtless don the Blue and White this year. Houle is a fast, tricky player and shoots either way.

Clifford Cowle and Andrew Cavanaugh will doubtless be out this year. Cowle is a fast skater and a good stick-handler. Cavanaugh is a fast skater, a good stick-handler and has the proper weight for a defence man. Both are young players and should make good.

A valuable prospect was lost to the town when Horace Lucas was transferred to the Royal Bank at Enterprise. Lucas was one of the finest prospects the town has had in quite a while. He is a fast skater, a good stick-handler and packs a wicked shot.

Evidently Queen's University has a fine Junior Hockey player they don't know of. Harold Northmore is the young man in question, and it is a mystery to local fans why he is not out with the Tricolor Juniors. Northmore was the sensation of the N.C.I. in the Interscholastic three years ago. He scored seven goals in two games against Deseronto, and four against Belleville in one game and one period of another.

Another player, in the person of Bill Barrett will leave town soon for Kingston. Barrett starred for a number of years with the N.C.I. and with "B" Co. last year. He is a fast, tricky player and can hold up his end of the defence.

On Tuesday evening an official practice was held, and Manager Graham put the boys through a half hour workout. Harry Babcock, Jim Naphin, Doug. Fraser, Dick Foxton, Billy Houle and McGarry formed one team, and were opposed by Jack Stewart, Andrew Cavanaugh, Aubrey Garrison, Tom Kirby, Harold Johnston and Fred Huffman. Billy Houle surprised the rail-birds by his rushes and scored two goals.

Tommy Kirby showed himself to be a real player, but evidently finds some difficulty in becoming used to the small rink. He has speed to burn and certainly knows how to backcheck.

McGarry, of Perth, a new man, is a pretty fair player, but couldn't get away somehow. However, he showed flashes of stick-handling ability at times.

Harold Johnston and Fred Huffman put up a real game, and their boring-in tactics delighted the rail-birds.

Jim Naphin was there, large as life. His rushes were as strong as ever and his stick-handling seemed even better than usual. His old cannon-ball shot is harder than usual and usually finds the corner of the net.

The younger players, Dick Foxton and Doug. Fraser, showed real promise of developing into future stars.

Harry Babcock turned in a very creditable performance in goal, making many fine saves, and showed that the old eye is still there.

Jack Stewart guarded the other net and seems to be a real good-tender. He handles himself well and can stop about anything.

Andrew Cavanaugh played a real good game on the defence, and his rushes were really thrilling.

Aubrey Garrison seems to lack confidence, but he will doubtless come around.

Fred Bentley, Harry Skitch, C. A. Shoemaker and several others were absentees, but will no doubt be out next.

Skitch was out on Monday and showed himself to be about as fast a player as there is around this district and if he isn't grabbed by the locals soon, some other team will avail themselves of the opportunity to secure a fine puck-chaser.

Waterman's Ideal Fountain Pens, at Wallace's. A point to suit every hand.

NOMINATION MEETING

(Continued from page 1.)

H. J. Fitzpatrick, W. H. Dunbar, Wm. Howitt, and Thos. Huffman addressed the meeting and solicited the support of the electors as Councillors.

As the meeting was drawing to a close Dr. Ming took occasion to inform those present of the serious illness of Mr. E. S. Lapum, Town Treasurer. He had been a faithful and efficient public official for the past twenty-five years, and he thought it opportune that this meeting should give expression to its gratitude and sympathy. A motion was made by Alex. MacGregor, seconded by Mark P. Graham, and unanimously carried, that these expressions of gratitude and sympathy be conveyed to Mr. Lapum.

NEWBURGH

The municipal nominations in Newburgh this year were somewhat reminiscent of an Irish "wake". Pipes and tobacco were in evidence, and a solemnity marked the average countenance.

The number present indicated an interest in municipal affairs that would put the City of Toronto to shame. All sat with covered heads awaiting the movement of the Clerk, whose appearance indicated that he felt the burden of his responsibility. When he arose to declare the time for nominations closed, and to read the list of nominees, had it been summer time one could have heard the grass grow in the back yard, so great was the tension.

Two candidates were nominated for Reeve, viz., Geo. Anson Aylesworth and Thos. McNeely. These men were called upon for speeches in the order named. One spoke of what he might do and the other of what he had done. The most striking contrast in their speeches was that one wished his hearers the Compliments of the Season at the opening of his speech and the other at the closing of his. There were seven nominated for Council to fill four seats, and in some ways it would take them all to do it. They were all afforded an opportunity to address the electors, and each and all gave the stereotyped promise of willingness to do his best, leaving, of course, to the citizens the duty of appraising the values.

Whether the citizens will rise to the occasion or not is another thing. They are often apt to undervalue the work of the past and to set store by something that is more or less in the clouds, and in small communities, like ours, personal matters are too apt to find their way into public affairs. Anyway, we hope that we may have a good Council for 1926.

Mrs. E. Boyce was in Celebrook on Dec. 14th, attending the funeral of the late Joseph Boyce, aged 84 years, who passed away after an illness of three months. Deceased was a brother of the late James Boyce, and frequently visited in Newburgh with Mrs. Boyce. He was a Methodist and a life-long Orangeman. Seventy-five Orangemen in procession attended the funeral. The Rev. Mr. Wright, of Sydenham United Church, conducted the services, and the remains were laid to rest in Yarker cemetery. His wife died sixteen years ago.

Mrs. Bailey, of Belleville, is on a short visit with her brother, Mr. Simpkins, and her nephew, Mr. H. Snider.

Mr. Clare Paul, L.L.D., has returned from the west, where he visited his brothers, Bruce at Govan, Sask., and Frank and Edmund at Prince Albert, Sask.

Other visitors: Miss Addie Baker with her sister, Mrs. Courtney; little Mary Ross at the hotel; Miss Essie Johnson, of Ottawa, with her mother and sister; Mrs. Garrison and daughter, Marie, of Toronto, with Mrs. Sutton and Mrs. Hogan.

Miss Mabel McNeely and Miss Mary Breese, of Peterboro' Normal School, are spending the Christmas recess at their respective homes.

Mrs. Jarrell and children have returned to Chatham, after spending a month with her parents, Mr. and Mrs. C. Shorts.

Little Mac Switzer, who has been very sick with bronchial pneumonia, is some better at time of writing.

Mrs. Lucas is on the sick list. Her mother, Mrs. Roland, is with her.

The Young Peoples' meeting on Monday evening was taken by the Missionary Band. A short programme was given, as follows: Chorus by the Mission Band, recitation by Jean Sheets, duet by Mary Patrick and Lorna Shorts, recitation by Lorna Shorts, duet by Francis Shier and Howard Winter, recitation by Wilhemina Files, chorus by six little girls, Christmas story by Miss H. Paul, chorus by Mission Band. Then followed lantern slides of the Christmas story. Rev. Mr. Anderson was present and in charge of the meeting.

Mr. Joseph Paul spent Monday afternoon with his sisters, Misses H. M. and Eliza Paul.

Rev. C. V. Fairbairne, of Kingston, was the preacher at the Mission Hall on Sunday afternoon.

Miss Hazel Winter is spending part of her holidays with her aunt, Mrs. W. Wilde, Selby.

Miss Ella Yeomans and Mr. L. Dack spent Christmas with Mrs. H. Embury and family.

Love and a Cathedral Altar.

The high altar of the Tribsorg cathedral, with its matchless carvings, tells a story not only of love, but of love's triumph through the wiles of the love. The simple woodcarver, Hans Lefrink, who had been the early protege of Maximillian I., 250 years before Alsace was captured by the French, had dared to love the daughter of a rich man, and she was foolish enough to love him in return. The indignant parent, when the youth had received the commission to carve the high altar, and on the strength of this honor asked for the hand of his love, received the haughty response, "When you carve an altar as much higher than the church in which it stands, as my daughter is higher than you, you may lead her to that altar in marriage." It was an impossible condition, but nothing is impossible to love. When the altar had been installed it was observed that the topmost point of it was bent forward, extending in a curve, and was actually higher than the church. It merely stooped a little in order to conquer.

When Gasoline Runs Low.

In Farm and Fireside is an ingenious suggestion for autoists whose gasoline has run so low that they have trouble in hill climbing.

One sometimes is caught out with a low supply of gasoline through having to make long detours to avoid bad roads or from other causes. The supply can be made to stretch over this emergency by adding denitured alcohol or kerosene. Once started there is sufficient gasoline for the ordinary level road, but not enough for an unexpected hill.

In this case the principle of pressure feed can be applied. Screw the cap down tight on the gasoline tank and then sharpen a match to fit the ventilating hole in the cap. Blow into this hole as hard as possible and immediately plug with a sharpened match. Usually this will enable the driver to make the hill without further trouble. But if not he can turn the car around and back uphill.

Doctors' Bills.

Your doctor's bill, as a general rule reads, "For professional services rendered." That means that you are to pay for work done and not for miracles performed. If you hire a doctor to attend you he assumes you enter a contract to pay for his expert services, whether he succeeds in curing you or not. It would be unfortunate for both parties in the contract if the terms were otherwise.

Two things are not yet clearly understood by some people—first, a doctor's fee is collectable, and, second, a doctor is not legally bound to attend any one under any circumstances unless he wants to. You can't make a doctor work for a contingent fee, and you can't make him work at all if he chooses to refuse his services.

One of Nature's Show Places.

Ogden canyon, a deep cleft through the towering Wasatch mountains, over looking the Great Salt lake, is one of nature's show places, cut in the solid rock by the river which runs through it, the rushing water, from subsistent tinges, carrying quantities of sand and gravel which simply filed out the present wonderful canyon. Ogden river was flowing west along its present course before the lofty Wasatch mountains came into existence. The raising of the mountains went on slowly for ages, so slowly that the river kept its place by cutting down its ever rising bed. In no other way can scientists rationally account for a river rising on one side of the range and flowing directly across it.

Magnetic Storms.

Contrary to the general belief, magnetic disturbances do not begin at the same moment all over the globe. Instead of that they progress around the earth. In the case of abrupt disturbances, which are usually comparative by minute in their effect on the compass needle, the complete passage around the earth requires from three to four minutes. For the bigger effects or for the greater magnetic storms the rate of progression is slower, so that it would take them half an hour or more to pass around the earth completely.

Festival of Minerva.

The most notable festival at Athens was in honor of Minerva. All classes of citizens on this day marched in procession. The oldest went first, then the young men, the children, the young women, the matrons and the people of the lower orders. The most prominent object in the parade was a ship propelled by hidden machinery and bearing at its masthead the sacred banner of the goddess.

Curious Lake.

In the center of Kildine, an island in the German ocean, is a curious lake. The surface of its waters is quite fresh and supports fresh water creatures, but deep down it is as salt as the greatest depths of the sea, and salt water fish live in it.

"Dear Old Ladies" and Other Kinds.

There are as many kinds of old ladies as there are girls, men, automobiles, books and revolvers. For instance, there are kindly old ladies, ill natured old ladies, sharp old ladies, witty old ladies, stupid old ladies, mixed fussy old ladies, flighty old ladies, wise old ladies, silly old ladies, Whistler's mother old ladies, Betsy Trotwood old ladies, white spatted old ladies, churchy old ladies, sit-by-the-fire old ladies, tangoing old ladies and old ladies who don't wish to be called old ladies at all.

Nowadays most pet them are so busy old ladies, pretty old ladies that they have not time to protect their own interests as they should. But let us hope that after awhile they will organize a new association, to be called the Society For the Promotion of Distinctive Characterizations For Old Ladies, and that it will have displayed prominently on its banners the slogan "Down With the Word 'Pearl'"

Celts Discovered Soap.

Soap appears to have been discovered by the Celts, for the name is derived from the Celtic word "sebon." It seems strange that such early wanderers should have been familiar with soap, but if they had the name they must certainly have had the article it stood for. Moreover, it is quite conceivable that mounds using wood fires could accidentally discover soap. All woods have a certain amount of mineral salts, chiefly those of potash, in their fibers. After burning these are left in the form of carbonate, which a heavy shower of rain would dissolve into a liquid lye, wanting only the grease from an overturned caldron of broth to form soap. A dash of natural curiosity on the part of the woman who cleaned up the mess would reveal the cleansing properties of the new substance.—London Mail.

Chateaubriand a Lover of Cats.

Many famous men have loved cats—Cardinal Richelieu and Victor Hugo among others—but probably the ardent and almost unpruned temper which prevents it from attaching itself to any one, the indifference with which it accepts from the salon to the doorstep. The cat lives alone, has no need of society, does not obey except when it likes, pretends to sleep that it may see more clearly and scratches everything it can scratch."

And the great writer on another occasion went so far as to express a hope that by long comradeship with cats he was acquiring some of their characteristics!"—London Times

Pasteur's Gift to Society.

The normal death rate of civilized communities in the time of Pasteur was about thirty to a thousand of the population. Today it is about fifteen to a thousand—a saving to the nations. Think what a saving of fifteen lives a year for every thousand of population means when applied to half the earth! It means the averting of 12,000,000 untimely deaths annually. It means more than 25,000,000 cases of illness avoided. It means health and happiness in 20,000,000 homes rather than disease and distress.—Bulletin of National Geographic Society.

Crabs and Lobsters.

There are many curious points about crabs and lobsters. Every one of either genus is provided with a big claw for crushing and a small claw adapted for tearing or for cutting as scissors do. With these two claws they tear the food they capture into fragments and feed themselves literally from "hand to mouth." But there is every reason to suppose that the claws are intended quite as much for fighting as for eating purposes, inasmuch as such powerful hands are not needed for devouring the soft food they prefer.

His Idea of It.

"How did you like the opera, Uncle Jerry?"

"Lot of bellowin', that's what it was."

"Why, Uncle Jerry, that's art. Those seats cost $50 apiece."

"And what do you call it?"

"Grand opera."

"Your wrong. It's grand larceny."—Exchange.

His Drawback.

"Girl, ain't you making a mistake to marryin a forlorn hero?"

"But, auntie, consider how he is admired on all sides."

"I do, and I should think that would make it very difficult to reduce him to a point of humility desirable in a good husband."

Cinnamon Bark.

It is a seeming paradox that the best flavored cinnamon bark is produced on poor, white, sandy soil. It must, however, have an abundance of moisture, the chief tree growing in a temperature of 85 degrees, where the rainfall is about one inch for every degree of temperature.

Reduced by Asthma. The constant strain of asthma brings the patient to a dreadful state of hopeless exhaustion. Early use should by all means be made of the famous Dr. J. D. No home where asthma is present in the least degree should be without this great remedy.

Young Isaac had become engaged to a country girl. As he was about to leave London for a visit to her home, his father took him aside for a bit of advice.

"My boy," he said, "you know I've got your welfare at heart. I want you to make a good marriage. But you must be businesslike. The girl's father must come down with something handsome. If he is an honest man he ought to put down £1,000. If he is bankrupt, say £2,000. And if, which we hope not, he is in prison, den you should ask £5,000, no less."

With filial respect for the old man's suggestion the boy departed, and the next day telegraphed his father:—

"He was hanged six years ago. What amount do you advise?"

Mr. Whately, a commercial traveler, is a very light sleeper. One night he was to stop at a small hotel, and after much tossing about he finally succeeded in getting into a sound sleep. In answer to loud, repeated knocks on his door, he nervously sat upright in bed.

"What's wanted?" he grumbled.

"Package downstairs for you, sir," was the reply. "Will let it stay here; it can wait till morning, I suppose."

The boy shuffled down the corridor, and after a long time the guest fell into a sound sleep again. Then another knock came at the door.

"Well, what's now?" queried Mr. Whately.

"Take for you, that package!" said the boy, peeping round the door.

Wonderful.

It was in the Boston Museum of fine Arts. The little man with the muted look on his face was standing before the mummy of an Egyptian princess. "Isn't it wonderful," he sighed, "to think that any one could make a woman dry up and stay that way?" and silently wiping away a tear he hurried out and caught a car, for it was only twenty minutes to dinner time.

Young Efficiency Expert.

Caller—Is your son Willie has got a job as office boy. How is he getting on? Fond Mother—Splendidly! He already knows enough to be discharged and is merely waiting to get promoted so that he can attend to it.

Well, Well.

"Did you ever get a deer in the Adirondacks and bag a guide?"

"I did more than that. I mined at a bear in a drawing room and bagged a bride."

Experience.

"Experience would be a wonderful asset but for one thing."

"What's that?"

"You can never sell it for what it cost you."

Fortune has often been blamed for her blindness, but Fortune is not so blind as men are.—Samuel Smiles.

The Grand Teton.

The view of the Teton peaks from Ashton, Ida., is superb and doubtless has been the inducement for many a tourist and sportsman to leave the main line for the Teton range and the Jackson Hole country in pursuit of elk, sheep, trout and unsurpassed mountain scenery. Owen Wister's "Virginian" was glad to get out of these mountains because, as he explained, "they're most too big."

The average American, who has only a vague conception of the natural grandeur of the Rocky mountains and imagines that real alpine forms are found only in Switzerland, must be surprised when he first sees the lofty peaks of the Tetons. Even a man who has climbed the Matterhorn would think twice before climbing to the Grand Teton. According to local report, this peak has been ascended only twice, in 1872 and 1894. As the most elevated mountain along the Alaskan archipelago, rising to cloud reaching heights, stand with their feet bathed in the ocean, so from a viewpoint near Ashton the Tetons, towering to the sky, rise from the billowy surface of a sea of golden grain.—Geological Survey Bulletin.

Howard and Prison Fever.

Typhus, which under the name of "prison fever" was once rampant in England, held no terrors for John Howard, the prison reformer. While in a cell he would hold to his nose a vial of aromatic vinegar and on going home would wash and change his clothes, though even these precautions he later abandoned. People thought his powers bordered on the magical. Pressed hard on the secret and refused to believe his explanations that his immunity was due to fearlessness, cleanliness and temperance. He ate no flesh and very little of anything; he drank neither wine nor spirits and went to bed early and rose early. And his asceticism enabled him to let light into the most noisome dungeons and to live to the age of sixty-four.—London Graphic.

Deal in Trousers.

The village innkeeper had been persuaded to lend a customer a pair of black trousers for funeral solemnities. The said occasion was long gone, weeks had passed away, and still Mr. J. looked in vain for the return of his garments. They became urgently necessary, and he sent a messenger to demand them back again.

Said the messenger to the wrongful detainer of the goods: "Mr. J. must have 'em. He's going to a funeral."

"He may look do for a funeral," was the reply. "I've been workin' at the quarry in 'em."

"What will Mr. J. do, then?" asked the messenger.

"Why, borrow a pair," replied the other, "same as what I did."—London Tit Bits.

The Largest Hydraulic Lift Lock.

The largest hydraulic lift lock in the world is at Peterskoorugh, Canada. It consists of two great steel boxes or pontoons, moving up and down between guiding towers. When a boat moves into one of the two pontoons the lock gates are closed behind it and water is pumped into the other pontoon until it becomes heavier than that carrying the boat. The latter is then overweighted, rises bodily into the air until it reaches the level of the upper canal. The boats are then towed into the same of sixty-five feet, the gates and capstans being operated entirely by hydraulic power. The time of locking for boats is about twelve minutes, the actual time of the vertical lift being one and one-half minutes.—St. Nicholas.

Be Prepared.

Daniel Webster once told a friend that his great speech in reply to Hayne, which is the high water mark of modern eloquence, but which at the time was supposed to have been delivered without preparation, had been painstakingly prepared long before. When called upon suddenly to reply to the fiery Carolinian's attacks, which so astounded the Northerners at the capital, he was entirely at ease, and ready for the fray, for, as he said, he had only to turn to his notes tucked away in a pigeonhole and refresh his recollection. "If Hayne," he said, "had tried to make a speech to fit my notes he would not have had them long. No man is inspired by the occasion. I never was."

The Liberty Boys.

The name of Liberty Boys is the name which the Sons of Liberty of the American Revolution were familiarly known. They were the men who fought for the first battles of the colonists, who opposed the stamp act and participated in the Boston tea party. The name is handed down to the first stood beside Liberty tree, in Hanover square, Boston, was the signal at which they assembled.

A Giant English Oak.

Winterbourne oak, according to reliable testimony, was 700 years old at the time of the conquest. William surveyed it closely before making his famous remark, "Could I live to be but one-fourth the age of this tree the world would be mine."

Ending the Argument.

"There are always two sides to a question."

"Quite so. And I don't like a fellow who insists on expounding both of 'em."

Help and Hope.

Enlarge your vision and grasp of worldly affairs by silent communion with the immensity of the star-strewn universe—you will find the heartache of life's disappointments, the ephemeral glitter and tinsel that seem so essential to your happiness, are but passing phases of an existence to be dealt with serenely and intelligently, and that cannot be done wisely and well if one eternally grovels in the clay of earth without moments of silent withdrawal to the starry solitudes of thought.

Richest Pearl Fisheries.

Although most of the bays and inlets of the remote island groups of the South Seas have been stripped of their pearl-bearing bivalve mollusks by venturesome world-wayfarers, there continues to be found occasionally small areas of these waters that have been untouched by pearl divers and which often yield wealth to the explorers. The richest pearly waters in the world are those adjacent to the picturesque beach town of Broome.

Custom Had Origin Long Ago.

The almost universal habit of turning aside the head and suppressing the sneeze or cough has an interesting origin. It is derived from human experience that the middle ages (and probably much earlier), when frequent plagues of various diseases swept away whole populations in Europe, it was suspected and even believed that infection was conveyed by coughing and sneezing. Hence the adoption of the precaution.

Keep Troubles to Yourself.

Life for the vast majority of us is none too carefree. This trouble, or that disappointment, makes our world very cheerless at times; but dwelling upon our problems, elaborating upon our difficulties, or longing to share those unpleasant realities with others, will not aid us one iota. We, each, individually, must stand our own ground, and, if we are wise, refuse to be influenced by any unproductive moods.

Peculiar "Adornment."

Widows in the Hawaiian Islands, up to very recent years, had the names of their dead husbands tattooed on their tongues. Egyptian women today have their lips pricked blue for homage. And in Yezo, the northernmost island of the Japanese archipelago, the fashion demands that girls shall greatly enlarge the apparent size of their mouths by a tattooing in red about the lips.

Matters Not to Be Discussed.

Of this fact we may all rest assured: The quieter we keep about ourselves, our affairs, pleasant or otherwise, the better it will be for us. Time is at a premium these days, and if we hope to surmount our difficulties, no matter how trying they may be, we must wisely learn to keep each and every one of those problems in the background.

Fruit That Produces Oil.

A fruit containing a large percentage of oil has been discovered in the state of Queretaro, Mex., and is known by the name of chichiquoxtle. Experiments show that 25 per cent or more tests consists of oil of great value in industrial pursuits requiring a lubricant of high quality. It is proposed to introduce the cultivation of this fruit upon a large scale.

Rests With Man to Accomplish.

The door of opportunity is never closed to the man who has the desire to realize his ambitions and the will to do so. And to the one who believes that the world is a fair field, there is no closed door. It but awaits the man who will lift the latch and walk through without questioning what awaits him.

Miniature Railroad.

The smallest passenger-carrying railway in England is to be found on the estate of S. P. Derbyshire, at Hoveton. The gauge of the railroad is only seven inches. The engine, a perfect model of the Midland railway 1,000 class, is three-quarter-horse power and will haul four adult passengers of the miniature truck.

Substitute for Platinum.

Palladium furnishes a substitute for platinum in the dental industry, thereby releasing from use the latter metal. It is nearly as hard as steel, and has the curious property of swallowing hydrogen. A piece of palladium will absorb 650 times its own bulk of hydrogen.

Christmas passed off quietly, and as usual was the occasion of many family re-unions. The lovely weather which crowned the day made those family gatherings all the more delightful. The fall of snow during the Christmas Eve and the early morning called the fear of a green Christmas, and made all hearts bound with gladness, for although the automobile predominated in carrying on necessary travel, the horse-drawn sleighs were out, with merry jingle of the bells bringing back thoughts of the old time Christmas when this was considered an essential part in a real Christmas.—Christmas visitors were: Mr. Ertell Bolton, Rochester; Mr. Andrew Warner, Rochester; Mr. Roanoa Smith, Rochester; Mr. Melvin Bush, Rochester; Mr. Elwood Holland, Rochester; Mr. Tom Warner, Colborne; Mrs. Leonard, Hartington; Miss Vivian Brown, Kingston.—The concert held in the League Hall, by the Public School, was a decided success.—Mr. Brock Leonard, of Marmora, spent Christmas with his parents, Mr. and Mrs. A. D. Leonard.—We are all glad to see Mr. Manly Foster around again after a severe illness.—Mr. and Mrs. F. O'Neil spent Christmas in Napanee.—Mrs. Cambridge, a respected citizen, passed away Friday morning, Dec. 18th, after an illness of a few days. She leaves to mourn her loss two daughters and three sons.—Miss Jessie Bell spent Christmas at her home in Belleville.—Wishing The Beaver and staff a Happy New Year.

REIDVILLE

The weather has turned very cold, with just enough snow for sleighing. Christmas passed over in old time style, for with plenty of cold weather and snow always makes that ideal yuletide.—The pupils of Reidville school staged a grand entertainment in Knox Church on Dec. 18th, which was much enjoyed by young and old. Miss Macdonald is to be congratulated at having all the children so well trained. The Christmas tree was loaded to the topmost branches, and Santa Claus, amidst the merry shouts, distributed the presents personally. All present agreed that this was without doubt the best Christmas tree entertainment ever held at Reidville.—Mr. and Mrs. Adam Fitzgerald and family spent an evening recently at R. J. Sick Woman Injured On Way to Hospital.

On her way to Kingston to undergo treatment, on Sunday, Mrs. W. H. Harvey, of Deseronto, was possibly fatally injured in a smash-up of the car in which she was being taken to Kingston Hospital. When about a quarter of a mile from Kingston on the York Road, the car skidded and went into a ditch, crashing into a telegraph pole. The force of the impact sent Mrs. Harvey forcibly against the top of the car and she sustained serious injuries. The car was badly damaged.

BOXING

On Tuesday, December 29th, the Village of Odessa was awakened from its peaceful slumbers, when a boxing and wrestling bout was staged in the Town Hall at that place. The hall was crowded to the doors, and the first bout was started at 8 o'clock. Jack Williams, of Verona, and Albert Bentley, of Napanee, put on an exhibition of the manly art of self-defence, and kept the crowd on their toes for three fast, gruelling rounds. The first round was a draw. Williams took the second, and the third was a draw.

The second bout was put on by Mort O'Neil and Ed. Buck, of Odessa. Both mixed it up freely and were quite ready to call it quits at the bell. Steve Waitson, of pugilistic fame at Napanee and elsewhere, refereed the fight.

In the wrestling match Andy Lemon, of Bath, and Harney Davey, of Verona, tried everything they knew but without result. They even resorted to chewing each others ears, biting their toes and tickling, but they seemed irresponsive to these treatments.

Jack Williams gave a very finished exhibition of refereeing.

OBITUARY.

Mrs. Annabella Grange.

In the passing away on Tuesday last of Mrs. Annabella Grange, in her 73rd year, Napanee lost a half century's leader in philanthropic and social welfare work; Trinity Church lost a great teacher, a wise counsellor and a devoted worker, and her surviving family of six children lost a wonderful mother. Her death was the result of a fall at her residence, John Street, three weeks before. She was unable to rally from the shock and injuries, and knew that life's task was done. "I have done what I could", she said in one of her last conscious hours. "God is Love and Life is Service". Love and service were ever her guiding principles throughout life. She gave unsparingly of her time, her talents, and her energy to every good work. She has left an enduring memory of love and service. Her life in Napanee for the past half century was a continuous record of unflagging work for others. For three decades she was the inspiring teacher of the Adult Bible Class of Trinity Church, rising usually at five o'clock each morning and studying for two hours before domestic tasks claimed her time, the story of God's plan for mankind and its working out in history. For nearly thirty years she was a leader in the Women's Missionary work of the Methodist Church, a member of the Dominion Executive and President of the Bay of Quinte Conference branch. She was a pioneer in the organization of the Children's Aid Society of Napanee and of Lennox and Addington, and for many years was its chief executive officer.

In the Red Cross work of the town during the war she was a guiding and energizing spirit. She was long a Vice-President of the Napanee Historical Association, Treasurer of the Ladies' Aid of Trinity Church, and a directing influence in every church activity. Her mind was a full storehouse of all that was best in literature, ever keen and alert until she lapsed into unconsciousness a few days before the end.

To her children, and to her husband, the late Alexander W. Grange, who predeceased her six years ago, she was all that could be idealized in the words "Wife and Mother". To cherish her memory are six children, Mr. Edward W. Grange, of Ottawa; Miss Helen and Miss Constance Grange, of Napanee; Mrs. H. A. Morin, of Bath, Maine; Mrs. O. S. Lailey, of Toronto, and Mr. George R. Grange, of London, Ont. Two surviving brothers are Mr. F. W. Daly, of London, Ont., and Dr. R. A. Daly, head of the Geological Department of Howard University. Mrs. F. S. Richardson, of Napanee; Mrs. Clifford Keeleyside, of Regina, and Mrs. Arthur Pepler, of England, are sisters.

The funeral service was on Thursday afternoon at the family residence and then at Trinity Church, where Rev. W. R. Tanton conducted the service.

Many floral tributes testifying to the sympathy and esteem of various organizations with which the late Mrs. Grange was connected, banked the casket. They represented the last tokens of grateful remembrances from the Official Board of Trinity Church, from the Sunday School, from the Ladies' Aid, from the Red Cross Society, from the W. C. T. U., from the staff of the Collegiate Institute, and from the Children's Aid Society. A telegram of sympathy was sent by the Prime Minister of Canada, Rt. Hon. W. L. Mackenzie King.

Mrs. Benjamin Foote.

On Wednesday, Dec. 16th, at her home, near Violet, there passed away to her eternal reward, Emma Derby, aged 65 years, wife of Mr. Benjamin Foote, after an illness of about a year's duration.

Deceased was the daughter of the late Wm. Derby, and was born at Morven. The late Mrs. Foote was first married to Daniel Perry, and lived at Violet. To them were born two children, William Malcolm, of Syracuse, who predeceased his mother about eight years ago, and Ida A., wife of Mr. Eber Sager, Violet.

The late Mrs. Foote was a kind wife and loving mother, a very thoughtful and obliging neighbor. She was very ambitious never ceasing in her labors until her Lord said: "It is enough, come up higher."

The funeral, which was held at her home, was largely attended. The minister in charge emphasized the necessity of preparation.

She leaves to mourn her loss, her husband and daughter, one sister, Mrs. Annie Merrifith, Denver, Colo., and one brother, Mr. E. Derby, Napanee.

Her body was laid to rest in Riverview cemetery, to await the happy reunion with loved ones on the last great day.

Mrs. E. J. Cambridge.

An old resident of Yarker passed away in the person of Mrs. E. J. Cambridge on Friday, Dec. 18th.

The late Mrs. Cambridge was born at Moscow, in 1845, being the eldest daughter of the late J. W. Patterson, Moscow. Her husband, Hugh Cambridge, predeceased her some twenty-five years ago. She leaves to mourn her loss one brother and sister, J. W. Patterson, Moscow, and Mrs. M. Parks, Napanee, and two daughters, Mrs. Sidney McKim, Napanee, and Mrs. M. V. Lake, Yarker, and three sons, W. M. Cambridge, Toronto; H. A. Cambridge, and J. V. Cambridge, Detroit, Mich.

Her funeral was conducted by her Pastor, Rev. Mr. McKenzie, and was assisted by the Yarker Choir. Mr. George Woodhouse rendered a solo, "Rock of Ages", very effectively. The floral tributes were placed in the family plot at Yarker.

Mrs. W. H. Cadman.

On Thursday, Dec. 17th, 1925, after a brief illness of about six days, Mrs. W. H. Cadman passed peacefully away at her home on Church st. of Napanee. Though in her seventy-sixth year, she had been for many years a sufferer from rheumatism, but had been driving out and cheerfully going about the house. Mrs. Cadman was for many years an active member in the U. E. L. United Church, at Adolphustown, but later became a member of Trinity Church, Napanee, and was connected with the Women's Missionary Society of that church. Besides a sorrowing husband, she leaves four daughters, Mrs. W. Bloomfield, Kingston; Mrs. F. Allen, Adolphustown; Mrs. W. F. Ferrel and Mrs. T. Asselstine, of Napanee. The funeral services were held at her late residence, by Rev. W. R. Tanton, when a large number of friends and acquaintances bearing testimony of their love and esteem followed the remains to its last resting place, the Riverview cemetery. The friends from far and near sent beautiful floral tributes.

CROYDON

Christmas and New Years passed off quietly, and, as usual, was the occasion of several family reunions. — The pupils of Croydon school gave an excellent entertainment in Croydon church on Monday evening, Dec. 21st, with a good programme and splendid order. Santa Claus was well represented, every child receiving an orange and a bag of candy and nuts, and the pupils of the school a present each by their teacher, Miss Amey. Miss Amey is to be congratulated on the way she had the children so well trained. The proceeds of the evening amounted to $26.25. — Mr. Patsy Nolan, Rochester, N.Y., and sister, Miss Celia Nolan, Toronto, are spending the holidays with their parents, Mr. and Mrs. P. Nolan.— Mrs. J. R. Kring is visiting friends in Toronto. — Mr. Wm. McKeown has returned home from Detroit. — Mr. Raymond Campbell spent Friday evening at Mr. Frank Staley's. — Mr. Peter Teskey and daughter, Miss Elsie, spent Christmas with his brother, Rev. Ernest Teskey, Oxford Mills.—Mr. James Hughes spent a couple of days with friends at Peterboro'. — Mrs. W. B. Close and daughter, Annie, spent the past week with Mr. and Mrs. George Black, Camden East. — Messrs. Patsy Nolan and Blake Barragar visited over New Years with the former's sister, Mrs. Pat. Dwyre, Bethel St. — Mr. Raymond Campbell and Miss Bernice Galbraith attended the ball at Centreville on Tuesday of last week.—Miss Florence Fero spent a couple of days at Mr. Will Galbraith's. — Mr. and Mrs. Ross McGregor and family spent Sunday evening at Mr. W. B. Closes.— Mr. Albert Hanhower and family have moved in with his parents for the winter. — Mr. and Mrs. P. Nolan and family, Mr. and Mrs. P. Dwyre and family, and Messrs. Alex. Wright and Herbert McCabe spent Sunday evening at Mr. Pat. Dowling's. — Messrs. Blake Barragar and Patsy Nolan had dinner at Mr. W. J. Haggerty's on Thursday.—Mrs. P. Dwyre and children are spending a few days with her parents, Mr. and Mrs. P. Nolan.—Mr. John Dwyre and sister, Miss Thressa, were New Year guests at Mr. Robert Brown's.—Mr. John Dewey has the contract of cutting a hundred cords of wood for Mr. Vanderveet, and has a full staff of men helping at the work. Messrs. Chas. and Will McMullen spent New Years evening with the Misses Agnes and Celia Nolan.

Our snow is nearly all gone again, owing to the big thaw.—Mrs Amey of Moscow, has resumed her duty in our school, after spending the holidays at her home.—Mr. and Mrs. W. B. Close spent a day recently at Tamworth. — Jas. Hughes returned home from Peterboro', last week. — Mrs. John Kring is spending a few weeks with her daughter in Toronto. — Wm. Hyland, of Belleville, visited at Wm. Galbraith's, last Sunday. — Mr. Pete Teskey and daughter, Elsie, spent a few days with friends near Ottawa.—Mr. and Mrs. Patrick Nolan were in Camden East this week. — Messrs. Geo. Barrager and Arthur Carroll paid a visit to Robin Hall Tuesday. — Mr. and Mrs. Robt. King and Mr. Albert Hughes were in Napanee on Monday last. — Cecil Kellar has sold his farm to Mr. Robt. King. —Patrick Nolan, of Buffalo, spent Christmas holidays with his parents here.—Mrs. W. B. OBITUARY

James Martin Rose

James Martin Rose, whose death occurred at Napanee, on Saturday, Dec. 26th, was a native of Ernestown, and lived there the early years of his life. He was first married to Martha McKim, second daughter of the late J. N. McKim. They moved in 1888 to Manitoba, where she died in the spring of 1917. In the fall of 1919 he again married to Mrs. Clara Martin, widow of the late Sidney Martin.

In 1922 he leased his farm and they returned to their native town to retire, hoping to have many years of quiet life, when he was suddenly taken away, at 69 years of age.

He loved his home and his church and his Bible Class; was a faithful member of Trinity Church. Although quiet and unassuming, was always ready to do the little he could for the Kingdom of God. We well remember the quiet work he did to help sustain the Temperance Cause while he lived at Deloraine, Man. He was many years on the Quarterly Board of the Methodist Church, sang in the Choir for some time, and was always helping as a pioneer of the place.

The funeral service was held at his late residence, East Street, where his Pastor, the Rev. W. R. Tanton conducted the service.

He leaves to mourn his death, his sorrowing widow and two brothers, Nelson and George Rose, of Delorraine, Man., where interment was made.

The sympathy of all goes out to the sorrowing widow and relatives in their sad bereavement.

NEWBURGH

Miss Lulu Fluke visited at Yarker for a few days with Miss Hazel Freeman.

Mrs. Hill, Miss Gertrude Hill and Waldemar Hill spent New Years with Mrs. Hill's sister, Mrs. Switzer, at Switzerville.

Mrs. Egerton Boyce visited with Miss Margaret Anderson, at the parsonage, over the week-end.

Miss Jean Wartman spent part of her holidays with her grandparents, Mr. and Mrs. Patterson, Moscow.

School reopened on Monday, with all the teachers at their places as usual. Several new pupils from Mountain are in attendance at the High School.

Miss Margaret Mitchell returned to Queen's on Wednesday morning to resume her studies.

Mr. and Mrs. Wesley McGill, of Centreville, visited with Mr. and Mrs. W. Mitford Baker during the week.

Rev. and Mrs. Anderson visited at Mr. Haycock's on Tuesday, and attended the Strathcona prayer meeting.

The congregation and Sunday School of the Anglican Church held their annual "at-home" in the Bank Hall on Tuesday evening of this week.

The Young People's League had a splendid meeting on Monday evening—one of the best since its inauguration a few months ago. Next Monday night views on the life of Paul will be given.

A large number attended the United Church on Sunday evening, when the pastor gave an interesting discourse on "Tithing."

As a result of the election on Monday, Mr. G. A. Aylesworth becomes Reeve for the year 1926.

Miss Bray, of Toronto, is on a visit to Mr. and Mrs. G. Bray.

Word comes from Centreville of a burglary on Tuesday night, when $70.00 in cash and stamps were stolen from the postoffice.

The first quarterly services for 1926 are being held at the Free Methodist Mission Hall this week, with services on Friday, Saturday and Sunday evenings, and on Sunday morning at 9.30.

Wilfred Files and Livingstone Miller left this week on a trip to Oshawa and Toronto.

Mr. and Mrs. Roy Sampson have returned to their home at Flint, Mich., after having enjoyed their holidays in the vicinity of Newburgh.

Miss Essie Johnson returned to Ottawa on Monday to resume her duties as teacher.

Hamel Benn, of Napanee, was a social caller in the village during the week.

Mrs. Benn, of Napanee, spent New Years with her mother, Mrs. Shorey.

Mail Orders promptly filled at Wallace's Drug Store.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "The One Who Never Failed."

Our week of prayer, being held in the Religious Educational building, in Tamworth, was well attended on Monday night, but owing to flu, fog, ice and rain the attendance was not so good on Tuesday. We are looking for better health, weather and attendance the rest of the week.

The week of prayer, vote of the Reidville congregation, taken last Sunday, a week of prayer will be held next week, each evening except Saturday, beginning at 7.30 o'clock. We will use the subjects suggested by the Board of Evangelism of the United Church. Beginning the New Year with a week of prayer will mean much, for more things are wrought by prayer than we think. Plan your work so you can come.

The epidemic of colds has visited many of the homes on our pastoral charge. Quite a number have been confined to their beds and under the doctor's care, but so far as we know all are making a good recovery. It is very important that we care for the health of our bodies, but how much more so that we care for the health of our souls. "Is there no balm in Gilead, is there no physician there? Why then is not the health of the people recovered?"

MORVEN

Mr. and Mrs. Jas. Mills spent Sunday with Mr. and Mrs. Wm. Cummings.—Mrs. C. W. Miller spent the Christmas holidays visiting friends in Kingston.—Mrs. S. P. Bell visited Mrs. J. S. Fralick, recently.—Rev. W. E. Merrick, who has been confined to the house for several days, with a severe cold, is improving.—Mr. and Mrs. J. F. Lake spent the week-end with friends at Gretna. — Mrs. Irwin Sharp and children visited her parents, Mr. and Mrs. Charles Lake, recently.

After Holiday Sale.

Don't fail to see the splendid assortment of useful articles to be sold at real bargain prices during January at Hooper's Drug Store.

ODESSA

Among the Christmas visitors were Mr. and Mrs. Robinson and two children, and Joseph Mohan, of Watertown, with Mr. and Mrs. Edward Mohan; Miss Zita Kenyon and Max Kenyon, Kingston, at B. L. King's; Miss Lillie Venton, Rochester, N.Y., with her parents, Mr. and Mrs. Henry Venton.—Mrs. C. Caton, of Kingston, was the guest of Mrs. Sidney Sprowle, last Sunday.—Mr. and Mrs. Walter Watts and daughter, Doris, Manitoba, and Mrs. George Wade and Mr. and Mrs. Ettinger, of Kingston, spent New Years at the guests of Mr. and Mrs. H. J. Smith. —Mr. and Mrs. Herman Vrooman and sons, Joseph and Jack, spent Christmas with Mr. Vrooman's father, Mr. Samuel Jelly.—Orange Babcock has purchased the B. J. Oswald building on Main Street, to be used as a barber shop and pool room.—Mr. and Mrs. Harold Anderson, Miss Doris Anderson and Mrs. Charlie Anderson, Napanee, and Miss Helen McRae, Kingston, spent New Years the guests of Mr. and Mrs. W. S. Holmes. —The Masonic hall held last Friday night in the Town Hall, was a very brilliant affair, over one hundred couples in attendance. The handsome gowns worn by the patronesses and others, gave the appearance of fairyland. The excellent music was furnished by the Christmas five-piece Orchestra, Kingston, and a large number from Kingston attended. Delicious refreshments were served at the midnight hour and reflected credit to the ladies in charge. The patrons and patronesses were Mr. and Mrs. P. H. Burk, Mr. and Mrs. Elgin Parrott, Mr. and Mrs. S. J. Sprowle, Mr. and Mrs. W. H. Dougherty, Mrs. Alfred Babcock, Mr. and Mrs. Roy Graham and Mr. A. L. Davis.— The Municipal election was held Monday, in the Town Hall. The following were elected: A. Loyst, Reeve; A. Miller, Deputy Reeve, and John Kenny, Frank Smith and D. O. Frink, Councillors.

Mail Orders promptly filled at Wallace's Drug Store.

CENTREVILLE

The weather is very mild for this time of year, and almost all kinds of conveyances are seen on the roads, there being very little sleighing. The play, "Deacon Dubbs," presented by the Tamworth people in the Town Hall here on New Year's night, was a decided success.—There seems to be quite an epidemic of colds around here lately. — Mr. and Mrs. W. E. Taylor left on Tuesday night for their home in Regina, Sask., after a very pleasant holiday with their parents, Mr. and Mrs. T. E. McGill, and family.—Mr. A. McGill has been suffering from the effects of a bad tooth, but is able to be out again. — Mr. Louis Rombough left on Tuesday for New York City, where he has secured a position.—Mrs. F. C. Gerow, Newburgh, spent the week-end with her mother, Mrs. W. J. McGill. — Miss Effie Wesse has returned to Buffalo, N.Y., after spending the holidays with her parents, Mr. and Mrs. Briden Wesse.

THE ELECTION RETURNS

The Personnel of the 1926 Council is as follows :—Dr. Ming, Mayor; Mark Graham, Reeve; E. J. Roy, J. M. Simpson, A. MacGregor, J. H. Fitzpatrick, Wm. Howitt and W. H. Dunbar, Councillors.

The Municipal Election on Monday passed off very quietly in Napanee, there being a smaller vote than a year ago. The day was not ideal for the electorate, rain falling part of the time and the walks being very slippery.

For the Reeveship, Mark Graham again defeated George Paul, his majority being 165.

Councillor Roy again headed the poll for a seat at the Council Board, followed closely by Councillor Simpson. The defeated Councillor was W. J. Jewell, whose place will be taken by J. H. Fitzpatrick.

There will be several changes in the personnel of the County Council this year. In North Fredericksburgh James Clark turned the tables on J. A. Yeomans this year, and won out by a small majority. A three-cornered fight was staged in South Fredericksburgh this year between three new aspirants, and Jonas Garrison was the victor. In Ernestown, W. C. Loyst and Andrew Miller will replace Ross Peters and Delbert Sexsmith as Reeve and Deputy Reeve respectively. In Newburgh George Anson Aylesworth was returned over Thomas McNeely. In Richmond, Alf. McCutcheon defeated W. J. Gollinger; in Adolphustown, J. S. Johnson won out over C. F. Allison, and Bath returned M. H. Mellow.

Following are the returns :—

NAPANEE

	West Ward		Centre Ward		East	
For Reeve,—	No. 1	No. 2	No. 1	No. 2	Ward	Total
Mark Graham	109	116	94	106	104	529
George Paul	80	85	58	78	63	364

Majority for Graham 165

For Councillors,—						
E. J. Roy	85	119	88	115	93	500
J. M. Simpson	77	96	94	112	97	476
A. MacGregor	85	94	76	87	96	438
J. H. Fitzpatrick	103	96	68	86	73	426
Wm. Howitt	78	92	86	89	78	423
W. H. Dunbar	49	96	68	99	91	403
W. J. Jewell	64	85	76	98	68	391
V. Cowling	118	77	45	59	38	337

The first six Councillors are elected.

Mayor Ming thanked the electorate for giving him the office of Mayor for a second term by acclamation. He was pleased that the old Council was being returned, and looked forward to a successful year.

Reeve Graham said he had never been through a campaign such as that of Monday, and was surprised at the means that were used to endeavor to defeat him. He assured the electors that he would carry on as he had done in the past, and thought that after this year he would step down and let some of the other members of the Council step up.

Councillor Roy expressed great pleasure to know that he held the confidence of the ratepayers, and assured them that he had endeavoured to do his best. There had been a great deal of work done at the Council Board during the past year, and he thought that the 1926 Council would have it easy. He referred to Springside Park and hoped that something would be done this year to put the park in good shape.

Councillor Simpson said the fates had been kind to him again. He appreciated the generous support given him and extended thanks for the support given him. He thought that a Council should always be striving to bring along something new for the benefit of the town.

Councillor Fitzpatrick felt that it was difficult for him to make a speech at the present time, but was happy to know that the town had confidence in him by giving him such a handsome vote.

Councillor Howitt thanked all who supported him and also those who did not. He had done his best for the town during 1925, and would continue to do so.

Councillor Dunbar was proud of the Town of Napanee and also proud of his own record. He would do his best for the town during the coming year.

Mr. Cowling thanked all for the support given him and wished them all a prosperous New Year.

George Paul said he was beaten, but couldn't help it, and thanked all for the support given him. He would like to see a good man run who would try and keep expenses down, and if he had been elected he would have tried to do so.

Letter to the Editor

To the Editor of The Beaver.

Dear Sir, — Your correspondent "Ponzi" in his recent cerebral cyclone appears to have stuck the real ticket on Napanee, as the seat of a disease, which is unfortunately epidemic throughout the Dominion.

His letter suggests many points worth consideration, and some remedies, though I do not see how he can blame local capitalists for putting their money into bonds. The bonds spread the risk of investment, having the support of communities with greater energy and breadth of vision, and the income from them will enable the bondholders to pay taxes, and so contribute towards the cost and upkeep of that artistic pile of bricks and mortar, erected as a cookery kitchen for foxes who know well enough how to get their own living.

The foxes should feel grateful to a community generous enough to supply means for providing them with lunch biscuits, and no doubt look upon the production of dainty biscuits as a "basic industry", and Napanee as a little paradise to which all good foxes will go when some unscrupulous furrier cuts short their earthly career, and strips their carcass to provide trimmings for my lady's fur, thus making them like some other "foxy" individuals, worth more to their neighbours dead than alive.

An old Highland Scotchman once told the writer that Canada was only fit for Indians and foxes, as it was too hot to work for six months in the year, and too cold the other six months, and the foxy spirit seems to be an obstacle to progress.

God made the country, and man made the town, and in many cases Providence has endowed Napanee with great liberality. Situated at a junction on lines that connect three of the most important cities in Canada, with good passenger and freight service, it possesses natural attractions, a beauty of setting and neatness that would attract attention in any locality.

Admitting these attractions, and the possession of brains, (and no one who reads "Ponzi's" letter will deny these are brains there), some other cause must be sought for an explanation as to why the town has a smaller population than several decades ago.

It has been said there are "statesmen who are pedlars, and pedlars who are statesmen", and it will be left to the reader to decide in which category he will place "the powers that be" in Napanee.

Without respect to political parties or their policies, the small town, the city, and the country generally seems to be suffering from "statesmen who are pedlars, and who fear the financial hi-jackers will steal their pack, and who, like the four-legged fox would see their hides on the fences if there were more brain storms among the "Ponzies" of the country. The trouble is, the brains do not storm, and it is refreshing to see one get a whirl on.

We listen to all sorts of bunk, about the boundless resources of Canada, about getting emigrants and population to make the railroads pay, about the inimitable qualities of our banking system, our artistic tariff, and our general superiority as a nation over less favoured peoples, which has enabled us to claim a large share of the land in this world, and the kingdom of heaven in the next, and yet we cannot keep the cream of our native and adopted sons at home, while our neighbours to the south cannot keep them out.

Is not the explanation of the problem confronting Napanee, and the whole country to be found in the fact that brains are appreciated across the border, as a means of producing wealth, while here, money alone is appreciated. The super-idiots appear to be the politicians at Ottawa, with their elastic tariffs, elastic banking systems, and elastic consciences. As "Ponzi" says, elastic is liable to break, and it is certainly better to depend on a rope, even if you only wish to suspend a politician.

A close examination might prove that our elastic tariff is the cause of the "bond boom" as it has a habit of contracting just as soon as an investment is made in a new industry, and the elastic banking system immediately acts in sympathy, with the result that the pioneer of an industrial enterprise is generally regarded as a poor deluded fool, and probably rightly so, for being such an ass as to believe it possible under present conditions to make a success of a medium sized industry that would employ a lot of labour, and do himself, the working men and community some permanent good.

Within the last few years there have been many examples of the pernicious effects of the operation of this lauded model banking system, and many banks have had to close their doors, and others ought to have done so. A few years ago, the case of ill-advised railway building gave us a period of fictitious prosperity, and when it was over the country had to come to the aid of rapacious railway contractors to save one of our largest banks, and thereby laid the foundation of the present railroad tangle, with its appalling deficits entailing staggering taxation.

Another instance was the very friendly co-operation of the banking system with the sugar interests, when prices were lowered boosted to the consumer to twenty-five cents a pound. More than one "big" bank was stung, and many will remember how they all whined like a lot of whipped puppies when an unsympathetic government refused to make the taxpayers hand over their paper losses. In another instance a now defunct bank took so much interest in the prosperity and development of Canada, that while they had over a hundred dollars in a Montreal bucket shop, they could not spare a dollar for industrial enterprise, while in a more recent case, real estate speculation and foreign investments contributed toward another crash, and again the public are asked to bear the loss.

The bankers and politicians would probably reply that confidence must live, that sugar refiners must have a sweet time, that bucket shops like other hardware business should be encouraged, and that a magnificent castle is a necessity to a good real estate speculator, but are we not paying a little high for our hero worship.

"Ponzi" seems chagrined because there was a shortage of money to pay for turkeys and chickens, but there seems to be no good reason why Montreal or Toronto bankers should provide this, as these things are not necessities, and anyway what do hayseeds want with money? If you pay money to a farmer he might buy a car, for which, living in the country he has no use, as he has always plenty to do, though his town brother needs one to keep him busy Sunday mornings—doing repairs. The bankers must have forgotten that the poor cuss might receive a visit from a peregrinating bucket shop in the form of a book salesman, whose stock would not need binding, and would have enough water to last till the stock evaporated.

Now, Mr. Editor, about that man with a lantern looking for a man with faith in the town, to whom Mr. Ponzi makes reference. What does he expect to find? You know the good book says, "faith without works is dead," and a man to have the faith and do the works he demands would need the charm and subtlety of a siren to command the attention of the kings and princes of this wonderful banking system, and wring from them a few of the dollars which rightfully belong to the railway magnates, sugar refiners and when he had successfully overcome their resistance, and obtained their backing to his enterprise to the extent of one hundred dollars, he would need an armoured suit and nerves of steel to withstand the attacks to which he would be subject in the good old town, by the rival claimants for a locomotive works and a pulp and paper mill, in proof of which there are in your last issue "Ponzi's" sarcastic references to that great and flourishing industry which an aggressive public spirit has already established in the town. Well may the City Fathers reclaim with Kipling, "If the done went an' beat me sag'in, an' jes' fo' nothin' too."

"Again!" cried Mrs. Smith, with increasing wonder. "Is he in the habit of beating you? Why don't you have him arrested?"

"Been thinkin' of it seberal times, missy," was the startling rejoinder of Dinah, "but I hain't nebah had no money to pay his fine."—Exchange.

India's Hoarded Gold.

For many years London has been steadily drained of her gold by India. In ten years India has absorbed from circulation 150,000,000 gold sovereigns and hoarded them away. The coolie has learned that silver rupees are a poor investment, especially if he melts them into anklets or a nose ring for his wife, as over 30 per cent of the silver is lost in the melting pot, while the gold sovereign preserves its value whether he keeps it as a coin or melts it. When a coolie collects 15 rupees which he finds to be temporarily surplus he buys a sovereign with it. He has come to understand the wisdom of hoarding a little of the gold coin, which he knows he can always realize on at its original value.

A South American Hobo.

Santiago, capital of Chile, is the home of the roto Chileno, or broken Chilean, most picturesque and unique of hoboes. The name is a by-word in South America, and as far as that continent is concerned he is a unique type. We find rich people everywhere and poor people everywhere, but in no other South American country but Chile do we find this good natured, serviceable, deceitful, ragged, drunken, genial species of tramp. He earns a livelihood by begging, doing odd jobs and thieving. The last is his specialty. In his hands stealing has become a fine art. The Chileans have a saying that he will steal your socks without touching your boots. A long, jointed wire with a hook at the end is his favorite tool. If a window on the street is left ungarded he will with this simple contrivance successfully remove from the interior everything but the heavy furniture.

Don'ts For Poets.

Arthur Guiterman in a recent interview gave a list of negative commandments for would be poets. "Don't think of yourself as a poet and dress the part," he says. "Don't frequent exclusively the company of writers. Don't complain of lack of appreciation. If the best you can do really good published work can escape appreciation). Don't speak of poetic license or believe that there is any such thing. Don't use 'e'er' for 'ever,' 'ope' for 'over,' 'when as' or 'what time' for 'when' or any of the 'poetical' commonplaces of the past. Don't say 'did go' for 'went,' even if you need an extra syllable. Don't—don't write hymns to the great god Pan. He is dead; let him rest in peace! Don't write what everybody else is writing."

What Held Her.

Dinah Snow was a colored cook in the home of Smith. One morning on going to the kitchen Mrs. Smith noticed that Dinah looked as if she had been tangled up with a road roller.

"Why, Dinah," exclaimed she, "what in the world has happened to you?"

"Was me husban'," explained Dinah. "He done went an' beat me ag'in, an' jes' fo' nothin' too."

"Again!" cried Mrs. Smith, with increasing wonder. "Is he in the habit of beating you? Why don't you have him arrested?"

"Been thinkin' of it seberal times, missy," was the startling rejoinder of Dinah, "but I hain't nebah had no money to pay his fine."—Exchange.

Guard the Baby Against Colds

By Keeping Baby's Own Tablets in the House at All Times

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order the health of the little one will be good and that he will thrive and be happy.

Thousands of mothers have become convinced through the actual use of the Tablets that there is nothing so equal them in banishing constipation and indigestion; breaking up colds and simple fevers; expelling worms and making teething time easy. Among the thousands who praise Baby's Own Tablets is Mrs. Alex. J. Perry, Atlantic, N.S., who says:—"I always keep Baby's Own Tablets in the house as I know of no other medicine for little ones to equal them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Stopped Anyway.

While motoring with four girls my clutch got out of order and it was necessary for the girls to get out and push in order to get the car in motion. On the way back it was arranged that when we got to the home of the girl where they were all staying they would jump off while the car was moving slowly, thus to prevent my stopping and being stalled again. Imagine my horror when they all jumped off backwards and falling over in a bunch rolled into the ditch. I surely had quite a time explaining my seemingly ungentlemanly act to the girls' parents, who had witnessed the incident from the porch.—Exchange.

GOOD RUN OF SOCKEYE IN FRASER RIVER, B.C.

Had Been Small Since 1909—Beneficial Work of Dominion Fish Hatchery.

Reports recently received by the Department of Marine and Fisheries are to the effect that a good run of sockeye salmon entered this year, for the first time since 1909, in the Stuart Lake district at the headwaters of the Fraser River, British Columbia. The fish were present in considerable numbers as indicated by the fact that hundreds of them were seen in many streams in the district extending over a distance of approximately 140 miles from the outlet of Stuart lake to Driftwood river at the head of Tacla lake.

The absence of sockeye from this once important spawning area of the Fraser during the last sixteen years is attributed to the rock slide that occurred in Hell's Gate canyon in the Lower Fraser in 1913, which that year completely blocked the river to the ascent of salmon to their spawning grounds in the upper reaches, although the Department of Marine and Fisheries had the obstruction removed with the least possible delay.

Available records thus go back for over one hundred years show that a large run of sockeye followed by three small runs has occurred every four years in the Fraser river. The big run of 1909 ascended, but it was particularly unfortunate that the slide at Hell's Gate should have occurred during the big year of the succeeding cycle of 1913. The effect of this accident is reflected in the quantity of sockeye packed in the Fraser river and Puget sound in 1913 as compared with the quantities packed in the succeeding cycle years of 1917 and 1921. The final figures giving the pack for the current season was not available, but the packs for the preceding three "big" years were as follows:—

Year	Cases
1913	2,357,605
1917	535,152
1921	138,867

The reappearance of the sockeye in the Upper Fraser this year is most encouraging to those interested in the restoration of the one-time valuable fishery in the Fraser river and Puget sound. The students of the Fraser River situation it is especially significant. Because no sockeye were getting up to that point on the Fraser and no such eggs were consequently available for the district fish hatchery at Stuart lake had been closed for several years, and in 1920 it was reopened. The following year a widespread distribution of eggs and fry was made on carefully selected grounds, and in 1925, at the close of the four-year cycle of the sockeye of the Fraser river when the fry planted in 1921 were due to return, one of the best runs in years is reported. Many consider the return of the sockeye to the spawning grounds of the Upper Fraser to be the operations of the Stuart Lake hatchery, and while there is no unassailable proof that their contention is correct nevertheless the above record is at least significant.

OYSTERS AND THE PUBLIC HEALTH

Governments of the United States and Canada Co-operate in Protective Work

On 15th November, 1925, changes in laws and regulations respecting the taking and shipping of oysters went into effect in the United States and Canada which will have important and far-reaching effects in both countries. The introduction of these changes was necessary not only to safeguard the health of citizens but also to save the oyster business from extinction. During the last few years outbreaks of typhoid fever, particularly in different parts of the United States, were caused from eating oysters from polluted beds. Citizens in both countries were alarmed and in 1924 the consumption of oysters fell to one-quarter of what it had been two or three years before, and gave indications of ceasing altogether. Faced with this situation the different governments concerned took drastic action. In the United States the oyster beds have been examined by federal and state authorities acting independently, and the latter have also instituted an examination in regard to sanitation of all establishments where oysters are opened or "shucked". The state medical service issues to the fisherman a certificate that the bed on which he is licensed to fish is not polluted and also a certificate to the shucker that his premises are sanitary. These certificates are forwarded to the federal Department of Health at Washington where they are checked and filed for reference. Since 15th November every shipment of oysters has had to be accompanied by tags properly filled in showing the name and license number of the fisherman and also of the shucker. Without these tags the shipments are not admitted into any state for consumption, and the state medical authorities are in constant communication with Washington to ensure that the licenses are genuine and have not been revoked. As a further check the United States federal government does not issue a vice to a fisherman of its own independent report shows the oyster bed on which he is fishing to be polluted, but settles this point with the state authorities.

In this protective work Canada, through the Department of Health, is actively co-operating. This country is affected in two ways, first as to the export of oysters to the United States and, second, as to the import of oysters from that country. The United States will not allow uncertified oysters to be imported from Canada, and Canada, naturally, requires a like assurance as to the oysters coming in from the United States. This means the inspection and certification of oyster beds in Canada, and further necessitates the inspection of shipments from the United States with accompanying examination and checking of certificates by the Departments of Health and Marine and Fisheries with the co-operation of the Department of Customs.

Officers of the Department of Health have been for some months engaged in supervising the examination of the oyster beds in the Maritime Provinces, in attending the different meetings in the United States at which the various points were settled, and in furnishing the required information and assistance to the Department of Customs and the Department of Marine and Fisheries.

On account of the cold, clear waters around her eastern coast, Canada produces some of the finest oysters in the world. Unfortunately, for the same reason, since oysters do not propagate or grow when the temperature of the water is lower than 60 degrees F., Canadian oyster beds are not nearly so prolific as beds in warmer waters. It is gratifying for Canadians to know that, with one or two exceptions, the oyster beds of the Maritime Provinces are free from pollution, and that therefore the Department of Health has had no difficulty in regard to the issue of certificates.

Although the regulation of the oyster business was forced upon the United States and Canada because of the menace to health of polluted beds, it will work out to the benefit not only of the people but also of the industry in both countries. The health of citizens will be protected and the knowledge that contaminated oysters are not allowed on the market will restore confidence and will undoubtedly result in the return of the business to its old-time vigour and prosperity.

Pure Drinking Water.

The geologic resource of greatest value to the health of communities is a supply of pure drinking water. It is generally recognized that a number of diseases, prominent among which are typhoid fever and amoebic dysentery—a disease more common in tropical climates, but found also in the United States—are contracted through contaminated water or contaminated food. Protected a supply of purer water will eliminate one of the sources of such infection.

It is highly desirable to obtain supplies of domestic water from sources other than the shallow wells, some of them open, that are found near many homes. The water obtained from deep wells has percolated through sands and other material for so great a distance that its impurities have been removed by filtration, and it possesses a sanitary value that cannot well be overestimated, for such water is free from the bacteria causing typhoid fever and the protozoa causing amoebic dysentery, and its use obviates the necessity for shallow wells that may serve as a breeding place for Anopheles, the mosquito to which malarial infections is due.—Geological Survey Bulletin.

Arabian Laughing Dove.

An extremely strange bird is the singing pigeon, or Arabian laughing dove. In color these pigeons are usually red, mottled or checkered, though they are sometimes found of a bluish color. Their voice baffles all description, being treacherous and broken, with gurgling notes, like the noise of water poured from a bottle. The utterance is varied, and through them is a resemblance at times to the drumming of a true trumpeter, it is not so sonorous. It is frequently interrupted by one more of the inspiratory "ahs," which no doubt gives them the name of laughers. Their cooing is soft and melodious, and both sexes take part in the song.

Sufficient Proof.

A citizen was standing on a street corner looking a bit depressed when a friend sauntered along.

"What seems to be the trouble, old man?" solicitously queried the latter.

"I have just had something of a jolt," answered the sad one. "I was bequeathed a silver service as the solid thing a few weeks ago, and now I know that it is only plated wire."

"Sorry to hear that, old fellow," returned the friend. "But you may be mistaken."

"Oh, no, I'm not;" was the mournful rejoinder of the sad one. "The service was on the sideboard the other night when burglars broke in, but they never touched it."

The noise is repeated. "There it is again. Go to the window and see what it is," said the old husband.

Wife goes to window and peers through the tattered curtains. Comes back. "It is the wolf," she says. "It won't go, as did the other visitor we turned away."

Chinese Junks.

The Chinese junk is to most western eyes a curious not to say outlandish type of vessel. Yet a nautical author in its picturing and describing a famous craft of this kind which visited Europe and America as long ago as 1848 says that she proved herself an excellent sea boat, with powers of weathering a storm equal if not superior to vessels of western build. This junk, the Keying, is also declared to have made a run "equal to the time of the best packet ships of the period." The information of this kind about foreign methods is often truly educative to Americans inclined to be boastful.—Outlook.

Animal Peculiarities.

All animals, bens included, have peculiarities, and to obtain the best results in working with them we must take this fact into consideration. Not only is it true that each class of animals has its peculiarities, but individuals in the same class have their distinctive traits. To illustrate this take for example two horses. One is a heavy work horse, and when you speak to him it is quite awhile before he obeys. Yet he may be as willing and obedient as the other horse, which is of driving stock and quick in its thoughts and actions. In fact it is wrong to both to drive such horses together.—Farm and Fireside.

Races of Mankind.

Authorities differ greatly in the classification of the races of mankind. Cuvier makes three races; Pritchard, seven; Agassiz, eight, and Pickering, eleven. But the classification most commonly accepted is that into five races, as made by Blumenbach, as follows: The Caucasian, European or white race; the Mongolian, Asiatic or yellow race; the Ethiopian, African or black race; the American Indian or red race; the Malay or brown race.

SATISFIED WITH DOG'S MEAL

Westerner in New York Proved He Knew a Good Thing When He Saw It.

A man and wife moved to New York from the West—a sane, conservative American man and wife, used to money and knowing the worth of it—and brought the family dog along, paying $5 extra fare for the dog, by the way, on the train. They went to a large and gorgeous hotel and in the due course of time the dog needed sustenance.

"Ring for a waiter," said the husband, "and we'll get the dog some scraps."

The floor waiter came and when asked to bring some food for the dog explained with some humour that he was the floor waiter and not the dog waiter, but would inform the dog waiter of the desires of the dog. The dog waiter arrived in course of time and the predicament of the dog was explained to him. The dog waiter wrote down the order carefully and departed. Presently he returned bearing a silver tray on which were dishes daintily covering articles of food—some vegetables, some meat and a cracker or two.

"What's that?" asked the husband, examining the contents of the tray with interest.

"The service for the dog, sir," the waiter replied.

"How much is it?"

"One dollar, sir."

The husband took the tray.

"Get the dog a bone," he said. "I'll eat this. It's the best-looking meal I have seen in the place, and the cheapest."—Samuel G. Blythe, in Saturday Evening Post.

He—"You are the sunshine of my life."

She—"Yes?"

He—"You reign in my heart alone."

She—"What is this—a proposal or a weather report?"

Fish Culture Aids Sockeye Run

The absence of sockeye from this once important spawning area of the Lower Fraser in 1913, which that year completely blocked the river to the ascent of salmon to their spawning grounds in the upper reaches, although the Department of Marine and Fisheries had the obstructions removed with the least possible delay.

Available records that go back for over one hundred years show that a large run of sockeye followed by three small runs has occurred every four years in the Fraser river. The big run of 1909 ascended, but it was particularly unfortunate that the slide at Hell's Gate should have occurred during the big year of the succeeding cycle of 1913. The effect of this accident is reflected in the quantity of sockeye packed in the Fraser river and Puget sound in 1913 as compared with the quantities packed in the succeeding cycle years of 1917 and 1921. The final figures giving the pack for the current season was not available, but the packs for the preceding three "big" years were as follows:

Year	Cases
1913	2,257,695
1917	535,152
1921	138,867

The reappearance of the sockeye in the Upper Fraser this year is most encouraging to those interested in the rehabilitation of the once-time valuable fishery in the Fraser river and Puget sound. To students of the Fraser River situation it is especially significant. Because no sockeye were getting up to that point on the Fraser and no such eggs were consequently obtainable in the district the hatchery at Stuart lake had been closed for several years and in 1920 it was reopened. The following year a widespread distribution of eggs and fry was made on carefully selected grounds, and in 1925, at the close of the four-year cycle of the sockeye of the Fraser river when the fry planted in 1921 were due to return, one of the best runs in years is reported. Many attribute the return of the sockeye to the spawning grounds of the Upper Fraser to the operations of the Stuart Lake hatchery, and while there is no unassailable proof that their contention is correct nevertheless the above record is at least significant.

Stop the Cough.

Coughing is caused by irritation in the respiratory passages and is the effort to dislodge obstructions and the consequent inflammation of the mucous membrane. Treatment with Dr. Thomas' Eclectric Oil will allay the inflammation and in consequence the cough will usually stop. Try it and you will be satisfied.

Oyster Beds Menaced

Oysters in different parts of the world are subject to various enemies, particularly in different parts of the United States, were caused from eating oysters from polluted beds. Citizens in both countries were alarmed and in 1924 the consumption of oysters fell to a quarter of what it had been two or three years before, and gave indications of ceasing altogether. Faced with this situation the different governments concerned took drastic action. In the United States the oyster beds have been examined by federal and state authorities acting independently and the latter have also instituted an examination in regard to sanitation of all establishments where oysters are opened or "shucked". The state medical service issues to the fisherman a certificate that the bed on which he is licensed to fish is not polluted and also a certificate to the shucker that his premises are sanitary. These certificates are forwarded to the federal department of Health at Washington where they are checked and filed for reference. Since 15th November every shipment of oysters has had to be accompanied by tags properly filled in showing the names and license number of the fisherman and also of the shucker. Without these tags the shipments are not admitted into any state for consumption, and the state medical authorities are in constant communication with Washington to ensure that the licenses are genuine and have not been revoked. As a further check the United States federal government does not lease a vice to a fisherman if its own independent report shows the oyster bed on which he is fishing to be polluted, but settles this point with the state authorities.

In this protective work Canada, through the Department of Health, is actively co-operating. This country is affected in two ways, first as to the export of oysters to the United States and, second, as to the import of oysters from that country. IN MEMORIAM.

In fond and loving memory of my dear Husband, Gordon D. Storey, who departed this life on January 6th, 1925.

Deep in my heart lies a picture
Of a loved one laid to rest;
In a memory's frame I will keep it,
Because he was one of the best.
Friends may think I have forgotten,
When at times they see me smile;
But they little know the heartache
That the smile hides all the while.
For it is not the tears at the time
that are shed,
That tell of the heart that is torn;
But passionate tears in after years,
And remembrance silently borne.

Sadly missed by Wife and Daughter. 2ap

IN MEMORIAM.

In sad and loving memory of our dear brother, Bert Haines, who was killed in the World's War, on January 8th, 1917.

We did not know death was so near,
We did not see him die;
We only know Bert passed away,
And did not say good-by.

When evening shades are falling,
And we sit alone,
Your face in our hearts comes longing,
If you only could come home.
No one knows how much we miss you,
No one knows what we endure,
We have suffered since we lost you,
Home has never been the same.

IN MEMORIAM

In loving remembrance of my darling brother, Herman H. Parrott, who died on January 10th, 1915.

When alone in the silent hour now,
There stealeth a dream of the dear long ago;
But unknown to the world he stand by my side,
And whispers these words, "Death cannot divide.

A New Years Thought Which Is Worth Careful Reflection

Looking over back years it seems to the writer that the men of good parts and of good conduct invariably gained success in reaching high points of merit and profit in many channels of human effort by steadily following up the particular path to which they were most bent. Those who are just starting out on their life tasks may worthily study what has been done by others who have met and conquered the conditions that faced them. Fixed principles, good health, alertness, perseverance, endurance, are the main essentials, humanly speaking.

Stores of "Unit" Choice and "United" Power

Toronto Office of Federated Stores

MORE ABOUT FEDERATED STORES

The announcement that this store had joined forces for better buying, with a group of other Ontario Stores, with a combined buying power of over ten million dollars has to say the least, caused a sensation in mercantile circles in this town. Every person at once recognized the tremendous advantage that this store would have, and most people at once recognized the fact that lowered prices for us would at once mean lowered prices for our customers.

THE OBJECT OF FEDERATED STORES

The purpose of the Federated Stores is to develop greater economies in serving the shopping public in the cities in which its member stores are located—first by exchanging information and ideas to attain the maximum efficiency in general operation of business, and secondly to purchase merchandise and supplies co-operatively and perfect merchandising plans which will result in generous money-saving opportunities to the shopping public. No purchase is too large. Buying collectively, the association can negotiate tremendous purchases, yes, even contract for a large portion of manufacturers' entire outputs, and obtain prices probably unknown heretofore. Our Toronto office occupies the entire fourth floor of this building.

Our buyers visit the Toronto office and personally select just those lines which suit their needs and the requirements of our clientele. Federated Stores mean "Unit" Choice and "United" Power.

The United Church

POLITY.

So far in these articles we have dealt with, 1st the history of each of the uniting churches; 2nd the history of the movement which led to the Union; 3rd the doctrinal standards of each of the churches, and 4th, the doctrinal standards of the United Church.

In the present article we go on to consider the more practical side of Church life, that which is known as Church government or polity. In ecclesiastical matters as in political there are several forms of government, monarchical or episcopal, representative or Presbyterian, democratic or congregational. The Methodist Church being in origin the result of a revival in an episcopal church, leaned more or less strongly to the monarchical. The Presbyterian from its inception followed the representative form of government, while the Congregationalists were purely independents.

But during the last hundred years each of these systems has undergone certain modifications which has brought them very close together in the matter of Church government. The tendency in the Methodist Church was to become more and more democratic and representative; the Congregationalists, while retaining their local independence yet met in unions which assumed growing powers in the formulating of plans and policies for the independent church. While the representative form was retained in the Presbyterian Church, yet there was a growing tendency to leave more of the general work in the hands of the heads of departments and the executive of the General Board.

In drawing up the form of government for the United Church the aim was to find a form which while fully representative, allowed as wide a latitude as possible for the conduct of the affairs of the local church, thus stating in exact terms that which had virtually become the practice.

By act of Parliament any church in the United Church has the right to conduct its affairs in exactly the same way as it did before the union, including the appointment of representatives to the next higher court. And even those who come in subsequent to the consummation of union have the same privileges. A plan of organization for the local church is however laid down, and the local church may or may not adopt it as it sees fit.

The basis of the United Church is the Pastoral Charge, which may include one or more preaching places. The next higher courts are the Presbytery, the Conference, and the General Council.

The following is the statement of the prescribed organization within the Pastoral charge. This is an important document and should be retained by all interested in the work of the church. Later on this will be examined and explained.

The liberty of the pastoral charge shall be recognized to the fullest extent compatible with :

(a) The oversight of the spiritual interests of the charge by the minister (or ministers) and a body of men specially chosen and set apart or ordained for that work, who shall jointly constitute the session;

(b) The efficient co-operation of the various agencies of the various departments of the work of the charge by means of a meeting to be held at least quarterly.

(c) The hearty co-operation of the various pastoral charges in the general work of the church, and

(d) The exercise by the higher governing bodies or courts of their Presbyterian Church, hereinafter set forth.

New pastoral charges or local churches shall be formed with the consent of a Presbytery by persons residing within its bounds, who declare their adherence to the principles of The United Church, and their desire for the formation of such charge or church. Missions may be organized as pastoral charges by Presbytery of its own motion, or on the suggestion of the Missionary Superintendent of the Minister, under such regulations as the General Council may pass.

Before sanctioning the formation of a pastoral charge or local church, the Presbytery shall be required to have before it under the requirements of any pastoral charge that may be affected by the proposed action.

(a) The members of the Church entitled to all church privileges are those who, on a profession of their faith in Jesus Christ and obedience to Him, have been received into full membership. The children of such persons and all baptized children are members of the Church, and it is their duty and privilege, when they reach the age of discretion, to enter into full membership. Admission to full membership, and granting of certificates of removal, shall be by the action of the session, and by the action of those in full membership where desired by the pastoral charge.

(b) The members of a local church who are entitled to vote at all meetings are persons in full membership, whose names are on the roll of the church. With the consent of these, adherents who contribute regularly to the support of the church may vote on temporal matters.

The members of a local church shall meet annually, and more frequently if they deem it advisable.

The Session shall have oversight of the spiritual interests of the pastoral charge. The management of the temporal and financial affairs shall be entrusted to a Committee of Stewards.

The Official Board, consisting of the Session and Committee of Stewards, with representatives in full church membership of such other departments of church work as may be agreed upon by the General Council, shall meet quarterly, and more frequently if they deem it advisable, for the consideration of matters of joint interest.

The members of the session, other than the minister, shall be chosen by those in full church membership, and shall hold office under regulations to be passed by the General Council.

(a) It shall be the duty of the session to have the oversight of :

(1) The admission of persons into full membership, and the granting of certificates of removal.

(2) The conduct of members, with power to exercise discipline.

(3) The administration of the sacraments.

(4) The religious training of the young and the organization of meetings for Christian fellowship, instruction and work.

(5) The order of public worship, including the service of praise and the use of the church edifice.

(6) The care of the poor, and the visiting of the sick.

(b) It shall also be its duty :

(7) To receive and judge petitions, etc., from members.

(8) To transmit petitions, appeals, etc., to Presbytery.

(9) To recommend suitable lay men to Presbyteries for license to preach.

(10) To recommend suitable candidates for the ministry.

The stewards shall be chosen by the local church, and, wherever practicable, should be persons in full membership.

It shall be the duty of the Committee of Stewards to secure contributions for the purposes of the local church, and to disburse the money received for these purposes.

It shall be the duty of the Official Board :

(1) To secure contributions for missionary and other general objects of the Church.

(2) To select representatives, full church membership, of the pastoral charge to the Presbytery.

(3) To submit to the pastoral charge or local church for its consideration reports on life and work, including a full statement of receipts and expenditures, of indebtedness and of estimates for the ensuing year.

(4) To transmit from the pastoral charge, through the Presbytery, to the Settlement Committee, representations concerning the pastoral relation.

(5) To attend to matters affecting the pastoral charge not assigned to any of the other bodies.

—The regular monthly meeting of Conway Women's Institute will be held at the home of Mrs. Thos. Gurnon, on January 12th, at 2 p.m. Rev. A. Pringle will address the meeting. Every member is earnestly requested to bring along her "bit of wood" to send from "Women's Institute", being sure not to use any letter but one in each word.

—A quiet wedding took place at Enterprise, at the home of Mr. and Mrs. A. Cousine, on December 26th, 1925, when their son, Rose Albert, was united in matrimony to Miss Lillian Marguerite Murphy, eldest daughter of Mr. and Mrs. P. J. Murphy, merchant, Enterprise, by Rev. H. A. Buck, B.A. All sincerest wishes for their happiness is extended by the people of the community.

WEDDING BELLS.

The wedding of Miss Margaret Anne Summers, of 259 Coffeen St., Watertown, N.Y., and Charles Wesley Kelley, of 511 West Mullin St., Watertown, took place on Monday morning at 8 o'clock, at the parsonage of the First M. E. Church. Rev. A. R. Lambert, Pastor, performed the ceremony.

The bride was attended by Mrs. W. E. Guiles as maid of honor, and Mr. Guiles acted as groom's best man.

The bride was beautifully gowned in battleship blue satin back crepe, trimmed with squirrel fur, and hat to match. She carried a bouquet of sunburst roses. The maid of honor was attired in oak brown satin back crepe, with mink fur trimming, and hat to match. She also carried a bouquet of sunburst roses.

Following the ceremony Mr. and Mrs. Kelley left for a wedding trip to Ottawa, Kingston and Tamworth. After a two weeks' trip they will make their home in Watertown.

The bride is the daughter of Mr. and Mrs. Andrew Summers, of Burleigh, Ont. The groom is the youngest son of Mr. and Mrs. Wm. R. Kelley, of Tamworth, Ont. He is employed as a sheet metal worker by the Hyde Bros. of Watertown, N.Y., where he has been for the past four years.

On Monday evening of Dec. 28th a linen and silver shower was held at the home of Mr. and Mrs. Wm. R. Kelley, in honor of Mr. C. W. Kelley and his bride. Below is a list of the articles given:—

Mr. and Mrs. W. R. Kelley, narrow case of silver teaspoons and linen tea apron; Miss Vera Kelley, hand embroidered table cover and silver cold meat fork; Mr. J. C. Kelley, linen table cloth and silver sugar spoon and butter knife and half dozen linen table napkins; Misses Iva and Kathleen Wagar, silver berry spoon; Myrtle Loucks, 8 o'clock tea pot; Charlotte Carroll, pair embroidered guest towels; Mary Hinchey, embroidered guest towels; Mrs. Osborne Kirk, pair towels; Lucy Shannon, pair linen towels; Clarence Craig, pair towels; Ed. Burns, pair towels; Frizzell Bros., pair towels; Bruce Dopkins, pair towels; G. Brown, pair towels; L. H. Hartwick, pair towels; Mr. and Mrs. A. R. Black, $2.00; Mr. and Mrs. Thos. Carroll, $2.00; Mr. G. T. Spratt, $4.00; Mr. Ashley Spratt, $1.00; Mr. and Mrs. G. Wagar $1.00; Miss Doris Wagar, $1.00; Mrs. D. Mulroney, $1.00; Raymond and Harold Morrison, $1.00; Percy Livingston $1.00; Stuart Stimers $1.00; Geo. and Leo Pierce, $1.00; Elwood Kellar, $1.00; Lucy Shannon 75c.; Norman Wagar 50c; Elliott Wagar 50c.

Mr. Kelley and bride wish to thank their many friends for the gifts, and wish them all a happy New Year.

MASONIC DANCE AT ODESSA

It was the social event of the season, and no exceptions, and if you don't believe it, ask any one of the three hundred people who attended the Masonic Dance, New Years night, at Odessa, held under the auspices of Prince Arthur Lodge, No. 228 A.F. & A.M. The Town Hall where the dance was held, was beautifully decorated for the occasion, and much credit is due the committee of ladies, under the direction of Mrs. S. J. Sproule and Mrs. W. H. Daugherty, who gave much of their time in making the affair such a splendid success. Illuminated Masonic emblems were suspended over the stage, which had been arranged for those who cared to play cards, or watch the merry dancers in many of the old time dances which were a feature of the evening. Christmas' five-piece Harmony Orchestra, of Kingston, under the direction of Capt. W. J. Christmas, provided the music, which proved so popular that many encores were demanded and the milk men were making their first deliveries when the city visitors arrived home.

The surrounding lodges at Bath, Napanee, Harrowsmith and Kingston were well represented, besides many others from surrounding localities.

A dainty and pleasing supper was served at midnight and those who have previously attended similar functions at Odessa know what it means to have good things to eat.

The patronesses were Mrs. Elgin Parrott, Mrs. S. J. Sproule, Mrs. W. H. Daugherty, Mrs. Roy Graham, and Mrs. Alfred Babcock.

The committee in charge was composed of W. Bro. Elgin Parrott, W. Bro. S. J. Sproule, W. Bro. W. H. Daugherty and Bros. Roy Graham and A. L. Davis.

TAMWORTH

Miss Rachel McDonald died on Wednesday morning, and the funeral will be held at Christ Church on Friday morning at 10.30. — What might have been a serious fire occurred at the electric light plant when the belt on the large pulley became loose and slipped, causing friction, which set fire to the wheel and burned it up. The lights going out caused the alarm, and prompt action by Mr. Carscallen, with a few pails of water, quenched the fire, with small damage.—Prayer service is being held all this week in the Educational Hall. — Our school teachers have all returned, after the holidays.— Miss Milligan has returned to Toronto University. — Miss Eulalia Floyd returned to Kingston University. — Mr. and Mrs. White had a very pleasant visit at Cherry Valley with their daughter, Mrs. Ernest Johnson. — Mr. Darius Detlor has built a fine house at Gull Creek, on the road to Arden. — Cars are running, at full blast. — Messrs. J. A. Hunter and Ray VanLaven, of Kingston, were in town on Wednesday on business. — D. B. Floyd was in Kingston on Tuesday on business.—Percy York has taken over the bakery.—Lester Shaw is working with the Gilmore Bros. in their garage.—Mrs. Annie Gilmore is teaching at Lime Lake school.—Fresh groceries at Floyd's Mail Orders promptly filled at Wallace's Drug Store.

CAMDEN EAST

Mr. and Mrs. C. Wallace and children, of Odessa, took New Years dinner with Mr. and Mrs. L. Hartman.—Mr. and Mrs. Jas. Macdonald spent the past two weeks with their son Percy and family at Toronto; also visited relatives at Orangeville.—Mrs. T. Allore and her two sisters, the Misses Ingoldsby, who have been spending the holidays with Mrs. Kidd at Erinsville, were guests on Sunday last at Mrs. Will Hinch and family, Bethel street, leaving for their homes on Monday in New York and Brockville respectively.—Miss Martha Leishman, of Kingston, and Miss Ethel McIntosh, of Almonte, spent New Years with Mrs. D. Breen.—Mr. and Mrs. L. Hartman spent Sunday afternoon last with Mr. and Mrs. J. W. Galbraith.—Those interested in the Public Library will meet at the home of Mr. R. W. Langmore on Monday evening, Jan. 11th, for business.—Miss Marjory Riley entertained a number of young ladies on Saturday evening. She returned to Toronto on Tuesday to resume her studies.—A goodly number of Mr. Edgar Salisbury's friends met at their home, River Road East, on Monday evening, and presented Edgar and his family with a well filled purse before his removal to Kingston on Tuesday to go into business for himself.—The united teameeting on New Years evening was a decided success; a fine evening, a large crowd and an excellent programme. — The Parish Hall is being extended 20 ft., and will make a decided improvement to the village. It will soon be completed.

BICKNELL'S CORNERS

The weather has been somewhat warmer, with rain, which has taken away the sleighing.—We are glad to say Mr. Schell is improving, after being very ill.—Mr. and Mrs. J. Curran, of Morven, spent Monday with her father, Mr. J. Sewell.—Mr. Francis Dunn and Miss Daisy Salisbury spent Sunday afternoon with Mrs. W. Dunn.—Mr. and Mrs. Roy Sampson have returned to their home in Flint, Mich., after spending the Christmas holidays with their parents, Mr. and Mrs. E. W. Simmons and Mr. and Mrs. J. Samson, Newburgh.—Our school has reopened again, with Miss Anderson as teacher.—Mr. and Mrs. W. Dunn entertained Mr. and Mrs. Roy Samson and Mr. and Mrs. E. W. Simmons to tea on Wednesday last.

Matter of Mathematics.

A woman whose hobby was the psychology and the esoteric influence of colors, was deeply gratified one morning when her husband admitted that there might be something in her theory after all. "Dawson told me something today, which seemed to go to prove it," he said. "Dawson?" questioned Mrs. Madison, amazed, for Dawson was the manager of her husband's stables. "Yes; he says the bays eat more than the grays." "Really! How does he account for it?" "Why, there are ten more bays than grays."

Why Busy People Have Leisure.

They say that the busiest people have the most time to give in service to others, can turn clear attention to a new subject at an instant's notice. This is simple because these busiest people, the ones who are accomplishing the most, have learned the art of prompt action, of quick dismissal of what has to be done. They can give you at any moment undivided attention because their minds are clear and ready.

Familiarity Bad Form.

In offices and shops where men and women work together, it is bad form for workers to address each other by their first names. Men should be careful to address woman workers as Miss

Women should not fall into the bad habit of calling men by their last names, as Brown, or Jones, without prefixing Mr. It is possible—and wise—to be friendly without being familiar or undignified.—Biddy Bye.

Teaching Patriotic Sentiment.

Nancy had been sent to put Baby Betty to sleep. She rolled the carriage into the front room and put "The Star-Spangled Banner" on the phonograph. As the record began, her mother looked in to see Nancy lifting Betty to a sitting position. "Now, Betty," she admonished, "I know you're too small to stand up when they play 'The Star-Spangled Banner,' but at least you can sit up very straight."

Little John's Wish.

John's mother objects to quarreling and fighting among her children. One day some one described a friend's house as having such heavy partition walls that noise in one room could not be heard in an adjoining room. John said, "I wish our house was like that; then when mamma is in the sitting room and us kids in the dining room get a scrap started, we could fight in peace."

Protecting Turkeys From Coyotes.

In certain parts of the West flocks of domestic turkeys on frontier farms are protected from attacks by coyotes by tying small bells to the necks of the gobblers. The tinkle of these bells is sufficient, in most cases, to keep the animals away, while not infrequently unprotected flocks which have wandered far from home are annihilated by the beasts.—Popular Mechanics Magazine.

Easy to Avoid Worry.

Worry may be compared to any deadly disease and its victims are innumerable. And if we don't want to become one of the unhappy throng of most, wherever our lines are cast, adapt ourselves to circumstances, Airing our grievances and literally looking for more will inevitably result in our becoming downright miserable.

Life in the Dead Sea.

In one of the Jericho hotels there was preserved a declaration jointly signed the same year by over a dozen tourists that they saw fish actively swimming in the Dead sea. At many spots along the shore there are places in which acres of reeds and many trees flourish, and at such spots animal life and bird life are abundant.

Its Drawback.

Jinks—"You don't mean to say your wife wants to sell that prize toy terrier you bought for her?" Blinks—"Yes, she does." "Why, I thought that toy was said to be the smallest dog in the world!" "That's the trouble. It's so small she keeps mistaking it for a mouse!"

Live in Extinct Volcano.

In southern Tunisia is a mountain of considerable size called Douiret, which once upon a time was an active volcano. Bubbles of volcanic gases made it a veritable honeycomb of caves, which in these days are inhabited. In fact, the whole mountain is a city—a human anthill, densely populated.

Filters Don't Stop Influenza.

Recent researches conducted by MM. Nicolle and Lebally of the Pasteur institute of Tunish have proven that the microbe of influenza is what is known as a "filter passer"—that is, it is so small as to pass through any filter, no matter how minute the interstices may be.

Keeps Cheese Fresh.

Moisten a sheet of wax paper with vinegar, wrap the cheese tightly in it, then wrap with another paper; the cheese will keep for days without getting hard. The vinegar doesn't affect the taste of the cheese at all.

Could Eat as Well as Write.

Dr. Johnson was a great tea drinker. It is stated that he would drink thirty or forty cups of tea during an evening! Yet he lived to a fair age and apparently suffered no very ill effects from his great thirst for tea. He was one of the most notable of feeders and ate his fill of what he should now think rather a piggish fashion, making great grunts and groans of satisfaction or enjoyment the while and going the round of the menu very thoroughly.

Charles Reade, the famous novelist, is reported to have been one of the strongest feeders on record. A contemporary, writing of his meals at the Garrick club, says: "He took a cruel flower, flanked by a jug of cream, as his first course, and a great salad to follow, washed down by curious drinks of the shandygaff order. He would drink coffee associated with sweets, black pudding and toasted cheese, to the amazement of any onlooker."

Survival of the Fittest Among Birds.

The struggle of life among the birds and other wild creatures is so severe that the feeble and malformed, or the handicapped in any way, quickly drop out. Probably none of these ever dies from old age. They are cut off in their prime. A weeding out process goes on from the time they leave the nest. A full measure of life, the perfection of every quill and feather and unerring instinct carry them along. They are always in the enemy's country; they are always on the l ng line; eternal vigilance and ceaseless activity are the price of life with them. The natural length of life of our smaller birds is calculated to be eight or ten years, but probably not one in a thousand reaches that age. Not half a dozen times in my life have I found the body of a dead bird that did not show some marks of violence.—John Burrough.

Remedy For Anger.

The greatest remedy for anger is delay. Beg anger to grant you this at the first, not in order that it may pardon the offense, but that it may form a right judgment about it. If it delays it will come to an end. Do not attempt to quell it all at once, for its first impulses are fierce. By plucking away its parts we shall remove the whole. We are made angry by some things which we learn at second hand and by some things which we ourselves hear or see. Now, we ought to be slow to believe what is told us. * * * If you were about to give sentence in court about ever so small a sum of money you would take nothing as proved without a witness, and a witness would count for nothing except on his oath. You would allow both sides to be heard; you would allow them time.—Seneca.

Relief from Asthma. Who can describe the complete relief from suffering which follows the use of Dr. J. D. Kellogg's Asthma Remedy? Who can express the feeling of joy that comes when its soft and gentle influence relieves the tightened, choking air tubes? It has made assistable affliction a thing of the past for thousands. It never fails. Good druggists everywhere have sold it for years.

What a difference a few years make! For instance, the hand that used to rock the cradle now holds a lighted cigarette on the steering wheel!

Its Quality Sells It. — The fact that so many thousands of intelligent people continue to use Dr. Thomas' Eclectric Oil speaks volumes for its merit. Ever since it was first introduced it has grown steadily in public favor, owing entirely to its manifold usefulness in relieving and healing sickness. As a specific for colds, burns, scalds, and various inflammatory pains its record is beyond reproach.

STEADILY INCREASING USE ARTIFICIAL SILK

World's Production in 1924 Over 100,000,000 Pounds — Development Important to Canada.

While at first sight it seems incongruous that man should manufacture silk from wood yet the reasonableness of this appears when it is seen that the first idea of its possibility came from investigation who suggested that silk might be made from the cellulose of mulberry leaves without the intervention of the silkworm. One such suggestion was made by Reaumur a French naturalist in 1742, and although nothing definite came of this till 1855 when a process was patented by Andemars, a Swiss the getting rid of the silkworm and the drawing out and spinning of cellulose threads by chemical and mechanical means has been the object of investigators. Canada with her great resources in suitable woods is naturally interested in these processes which are constantly being reviewed and checked up by the Forest Products Laboratories of the Forestry Branch of the Department of the Interior. Since the time of Andemars many chemists have devoted attention to this subject and in 1890 and the next decade discoveries were made which rendered the manufacture of artificial silk commercially possible.

The raw material for these various artificial silks is either wood or cotton. In the case of wood the log is barked, cleaned and chipped. The chips are digested as in the manufacture of sulphate pulp for paper. The resulting pulp is bleached, washed, and turned out as a thick, dry sheet. The four processes in use, Nitrocellulose, Cuprammonium, Acetate and Viscose, have certain definite steps in common. In principle the processes are the same and they differ only in the operations necessitated by the chemical laws and reactions upon which they are severally based. The following operations are common to all. The cellulose is dissolved and filtered, spun as a thread, and washed and purified if necessary. For spinning, the various solutions of cellulose derivatives are forced through a nozzle containing many minute openings producing fine filaments which are solidified according to the needs of the various processes, and twisted into thread.

As predicted by early chemists and experimenters artificial silk has proved exceedingly useful for many different purposes in competition with natural silk and its use is steadily increasing. In 1924 more than 100,000,000 pounds were produced, and the world's manufacture and consumption of artificial silk is now almost double that of the natural variety. With cotton it enters into the manufacture of underwear, linings, ribbons, laces, plush, pile fabrics, shoe coverings, cloth gloves, umbrellas, and mixed insulations. Independently it is used for trimmings, elastic webbing, knitted goods, stockings, garters, braces, ribbons, embroidery, and, due to its high resistance to friction, for linings. The dyeing quality is high and when woven with cotton many designs are possible due to the dyeing quality of the artificial silk.

There is an enormous field for research in the industrial use of artificial silk. The raw material is abundant, and the mechanical processes involved in its manufacture are not costly though they require expensive machinery and trained operators. The chemical processes involved are complicated and investigators all over the world are endeavoring to simplify them. With the attainment of a clearer conception of the chemical processes the difficulties which beset the manufacture of artificial silk will in a large measure have been eliminated.

Some day a clever statistician may publish some appalling figures showing how much time is wasted at railroad crossings by folks who arrive on time for trains that are late.—Des Moines Register.

The Only Way.

"I understand you began life as a newsboy?" said a friend to a "captain of industry." "No," replied the millionaire; "some one has been making a fool of you. I began life as an infant."

Bad Boy!

Jessie came into the house carrying a dead kitten in her hand. With tears in her eyes she said: "Oh, mother, see the poor birdie; there was a bad boy outside and he gunned it."

Room in Morocco.

With an area equal to that of Texas, two-thirds of it tillable, Morocco has less than 10 per cent of its soil under even the rudest cultivation.

Optimistic Thought.

One hand opened in charity is worth a hundred folded in prayer.

Beginning Tower of London.

A royal palace, consisting of what is known as the "white tower," appears to have been the beginning of the Tower of London. It was commenced by William's son, William Rufus, who, in 1097, surrounded it with walls and a broad ditch. Several succeeding kings made additions to it, and King Edward III erected the church. In 1625 the old white tower was rebuilt, and in the reign of Charles II a great number of additions were made to it. The new buildings in the tower were completed in 1850.

Making Americans.

If we will plant the children of our immigrants in American soil, give them American companions, teach them in the American language, let them breathe American literature, discipline them in the American art of self-government, warm their hearts in the sunshine of American tenderness, sympathy and good fellowship, and always respect the nature which God has given them however it may differ from ours, they will grow up loyal, patriotic, devoted Americans.—Lyman Abbott.

Early Morning Exercise.

"Don't roll out of bed like a sailor," says a newspaper doctor. "Stretch the muscles and the legs and abdomen immediately after awakening. Putting on one's stockings in bed is a good way to accomplish this result and reduce flesh." Obviously, to follow these instructions, one should take the stockings to bed the night before. Most of the exercise, then, naturally will consist in finding the stockings among the bed clothes the next morning.—Kansas City Star.

Records Salt in Sea Water.

An instrument has been devised which gives a continuous record of the salinity of sea water by the measurement of its electrical conductivity. A pair of electrolytic cells have been designed which, when used with a suitable alternating-current galvanometer, will give satisfactory operation in connection with a recorder. The temperature compensation is obtained by placing both cells, which are in the two arms of a Wheatstone bridge, in a uniform temperature bath.

Temperature at the North Pole.

It is not a matter of record that Perry took the temperature during his short stay at the Pole, hence there is no North pole temperature record that we know about. The probable maximum temperature, however, is almost a much above the freezing point, notwithstanding its 24-hour day, for the Pole is isolated and in an ocean in which it is necessary to melt all the ice and snow before the immediate surface temperature rises much above 32 degrees Fahrenheit.

Did You Ever Do This?

Visitors or strangers coming into an office are often embarrassed by the discourtesy of salaried employees who ignore their presence—or wait for some one else to inquire the visitor's errand. Any employee who happens to be near when a stranger enters should address him courteously and ask if he can take a message or be of assistance. The visitor's impression of the office and often is affected by the attitude of the employee.—Bibby Rye.

Too Easy.

Newlywed, (explaining poker)—"Now, if you get a pair and you want to bluff, and if you get a good hand, you want to make a bluff that you're bluffing. Sometimes are two ways of bluffing; one is to bluff, the other not to bluff. If you're a regular bluffer, you can often bluff by not bluffing, and—" Mrs. Newlywed—"I see, John, dear, but that game is too ridiculously easy. Let's play checkers."

Jest and Joke.

A joke is often rougher and less delicate than a jest, as a practical joke, but jest always has a degree of lightness or scoffing than a joke, as to turn everything into jest. Joke is the word to use where action is implied, while jest is generally applied to something said.

"Black Plague."

The "Black Death," or "Black Plague," was also known as the "bubonic plague," and was a scourge in Europe and Asia in the years between 1324-1351, when millions were swept away by the scourge. It has recurred from time to time since then, but never so severely.

More Than Figure of Speech.

New Jersey reports the scientific discovery that insanity is sometimes traceable to unsound teeth. "Going crazy with the toothache" may turn out to be more than a figure of speech after all.—Norfolk Virginian-Pilot.

Sartorial Item.

The man dressed in a little brief authority is generally very proud of his apparel.—Boston Transcript.

Horsepower in Water.

Each normal horsepower of boilers requires one cubic foot of water an hour.

Daily Thought.

His mind his kingdom and his will his law.—Cowper.

Father—Well, what did you see at the football game?

Daughter—Oh, I saw Ethel's new furs and Tommy Dodd's second wife and a darling coat trimmed with beaver.

A Torch of One's Own.

As Plutarch tells us, "It is well to go for a light to another man's fire, but not to tarry by it, instead lighting a torch of one's own." A torch of one's own! That is a possession worth having, whether it be a flaming beacon on the hilltop or a tiny taper in the window. We cannot tell how far a little candle throws its beams, nor who is laying his course by its flickering light. The most that we can do—and it is also the least that we should do—is to tend the flame carefully and to keep it steady.—Brander Matthews.

Bestow Praise Generously.

Let us not be niggardly with a word of praise or encouragement as far as our own dear ones are concerned. The world will offer them neither—in fact, it cares absolutely nothing about them. Therefore, if we hope to bring out what is worth while in our children, or if we would make them truly happy, we must become their staunch allies. Even then we are playing a losing game and can only look for defeat.

Writing Without Punctuation.

Chinese do not need punctuation or any other mark. It might be doubtful from the foreign point of view whether a language is possible that has done away with punctuation. But it is not necessary for Chinese. The characters, besides performing a function of their own, take over that also of the period, comma, hyphen, interrogation, exclamation mark, etc.

Burma's Sassanum Crop.

Over 500 different types of husked rice or paddy were under examination last year at one of the government agricultural farms in Burma, and over 200 types of sassanum were grown at another. Hitherto much of the sassanum grown in Burma has been exported. Now, there is used for the production of the so-called "olive oil," for which France and Italy have long been famed.

Cleanliness Next to Godliness.

The phrase "Cleanliness is next to godliness" is found in John Wesley's Sermon XCII on Dress. The language of the aphorism, however, is taken from the Beraitha, a translation of the Mishna by Rafael M. de Sola. Bacon in one of his essays says: "For cleanliness of body was ever counted to proceed from a due reverence to God, to society and to ourselves."—Christian Herald.

A "Bull."

One evening, after the flies had been unusually troublesome, an Irish mistress spread insect powder round the windows and other places in the kitchen where the flies congregated. In the morning she asked the servant girl if there were not a great many dead flies in the kitchen. "Yes, there are, mum," replied the maid. "The room's alive with them!"

In Death Not Divided.

It is true that in several parts of China it is still considered an act of virtue for a woman to commit suicide publicly on the tomb of her husband. According to the law, the proceeding is actually legal in some provinces, and such is the state of public opinion that in districts where it is officially prohibited the authorities rarely interfere.

Your Eyes on the Goal.

The reason Tyke looks over his shoulder to see whether his rival is gaining on him, is pretty sure to lose the race. Keep your eye on the goal. The backward look means lost time, whatever sort of race you are running. The things behind you do not matter. All that concerns you is on ahead.

Seemed Like Wasted Time.

Markets for a short time during the war were closed, and Mrs. Newlywed to Mary, age five, one night at bedtime was saying the Lord's prayer. Coming to the part "Deliver us from evil," she exclaimed: "Mother what is the use of praying for that, they won't deliver a thing in this town."

All Is Not Lost.

Boys no longer have the opportunity to learn their lessons by the light of a pine knot. But opportunities to master dry goods as a policy of "Wait" by the light of a smudged lantern, still are available in many rural communities.—Topeka Capital.

Strength of Character.

Strength of character is not mere strength of feeling; it is the resolute restraint of strong feeling. It is uncrazy with the toothache" may turn out to be more than a figure of speech after all.—Norfolk Virginian-Pilot.

A Fathom.

When sailors speak of fathoms they do not always mean the same thing. On board a man-of-war a fathom means six feet, on board a merchantman five and a half feet, and on board a fishing vessel five feet.

City and Country.

The city reveals the moral ends of being, and sets the awful problem of life. The country soothes us, refreshes us, lifts us up with religious suggestion.—Chapin.

Marjorie—Why did you break off your engagement with Kenneth? Lorlie—Why he wanted me to marry him!

Corns cause much suffering, but Holloway's Corn Remover offers a speedy, sure, and satisfactory relief.

Using the Expression "I Think."

A man was referred to as one who in his conversation never says "I think" one end of the sentence to the expletive. A positive, clear headed man says what he thinks without saying he thinks, therefore, when a person presses with an "I think" it weakens his assertion because thinking is by no means an assurance of truth. If one should say "I think it will rain tomorrow" the very expression carries a doubt because mere opinion is in question, and the world is chock full of opinions. If, however, he should say "It will rain tomorrow" it carries some assurance even if it is, after all, an opinion. So the man referred to in the first place doesn't say "I think," for it is entirely superfluous, and in addition adds dignity to what he says in omitting it entirely. And then when one looks at the situation calmly he will conclude that "think" is much under a cloud since very few people think exactly alike. There are ten thousand instances of this character.

Beauty in the Mexican's Voice.

Next to the love of dress, I was most struck with the fineness of the voice and the beauty of intonations of both sexes of the Mexicans. It is a pleasure simply to listen to the sound of the language before I could attach my meaning to it. They have a good deal of the creole drawl, but it is varied, with an occasional extreme rapidity of utterance, in which they seem to skip from consonant to consonant until, fighting upon a broad open vowel, they rest upon that to restore the balance of sound. A common block driver delivering a message seemed to speak like an ambassador at an audience. In fact, they sometimes appeared to me to be a people on whom a curse had fallen and stripped them of everything but their pride, their manner and their voices.—"Three Years Before the Mast," by R. H. Dana.

Curious Golf Shot.

The late lord chief justice, Lord Alverstone, being one of the judges at the Birmingham assizes, in the intervals of business had several rounds of golf on the Edgbaston links. On one of these occasions he was playing with the local professional and got rather badly bunkered at the second hole.

It was necessary, in order to get the ball out, to make it rise almost perpendicularly into the air, and for this purpose Lord Alverstone, or Sir Richard Webster, as he then was, took his niblick and made a mighty stroke. No conjurer on earth could have done a trick more neatly. The ball was duly lofted into the air, but dropped as clean as a whistle into the judge's bonny right hand pocket!—London Mail.

Asphalt Paving.

Asphalt as paving is the commonest commercial use of the mineral today, and yet its successful employment in the form of road metal is of comparatively recent date. The first compressed rock asphalt roadway was laid in Paris in 1854, while it was 1870 before the first similar type of road making was used on Pennsylvania avenue, in Washington.

The Luxury of Disdain.

"What is your dog's pedigree?"

"He hasn't any," replied Mr. Growchy. "I'm so busy I keep him around. I'm shy on distinguished ancestry myself, and I enjoy having a creature at hand whom I can contemplate with supercilious superiority."

Reversing the Usual Order.

"Do you know, Jones does some extraordinarily clever things—anything to be different from other people."

"Like what, for instance?"

"Why, he's just put a mortgage on his limousine to have repairs made on his house."

Shapes.

"I purchased a lovely round oak dining table this morning," said Mrs. Hasher.

"That being the case," rejoined the star boarder, "I suppose we need expect no more square meals."

Thaws and Cold.

It is colder in a thaw than in a frost because when water freezes it parts with its heat to the air, which thus feels warmer, as a thaw heat is absorbed from the air.

Accommodating.

Diner—I'll have an order of chicken, Waiter—Very sorry, sir, but the chicken is out. Diner—Well, I'll wait till it returns. I'm in no hurry.

Good Reason.

"Why do you write articles on how cheaply people can live if they try?"

"In the hope of getting enough money to avoid having to live that way."—Brooklyn Eagle.

Unflattering.

He (earnestly)—The fact is as plain as the nose on your face. She (pouting)—Everybody but you says I've got a pretty nose.

It is fear I stand most in fear of. For in sharpness it surmounteth to all other accidents.—Montaigne.

CONSCIENCE.

A man's own conscience is his best tribunal, and he should care no more for that phantom called "opinion" than he should fear meeting a ghost if he crosses the churchyard at dark.—Lytton.

FOREST MILLS

(For this week).

The weather for the last few days has been very cold, with but little snow. The farmers are wishing for more snow so as to get their wood hauled.—Christmas passed off very quietly here. — Miss Hudgins had a concert and Xmas tree in the school for the children and their parents, which was very much enjoyed. — Arthur Graham and bride returned home on Thursday from their wedding trip.—Mr. A. Scott and family spent Christmas night in Kingston with their daughter, Jean.—Mr. and Mrs. S. Wilson, Toronto, are spending the holiday at her parents', Mr. and Mrs. J. Cook. On their return they were accompanied by Mrs. Cook, who will spend a few days in the city.—Mrs. Young, Sr., entertained her children and grandchildren to Christmas dinner.—L. O. L. 1244 held their annual night on Saturday, a large gathering of members being present.—W. Gray and sister, Annie, and Miss M. Campbell spent Sunday with friends in Marlbank.

Mail Orders promptly filled at Wallace's Drug Store.

FOURTH LINE

(For last week).

The people of Fourth Line are still snowbound under the severe weather. The thermometer has dropped as low as twelve below zero for the first time this winter.—The Christmas Tree, which was held on the 22nd, was a great success, the church being filled to capacity and an excellent programme being rendered by the young people of the Sunday School. Much credit is due to the workers who helped with the programme. The most exciting number for the children was the distribution of the presents. The members of the Sunday School presented Rev. Mr. Merrick with a handsome goose. The proceeds at the door amounted to $38.00. —Mr. Ford Haig, of Gananoque, attended the Xmas entertainment, and was accompanied home by his sister, Miss Orma Haig, who is enjoying her holidays with her parents, Mr. and Mrs. Gibson Haig.—Miss Ethel Parrott, of Toronto, spent Xmas with her parents, Mr. and Mrs. Ernest Parrott.—Mr. Wm. Parks is spending a few holidays with his sister, Mrs. Herbert Smith, of Odessa.—Messrs. Ford and Bert Denyes are visiting relatives in Belleville and Trenton.—The many friends of Mrs. Anson Hagerman will be pleased to know she is recovering rapidly, after her serious operation in the Kingston General Hospital. We hope to have her in our midst again soon.—Mrs. Jas. McFarlane spent a few days in Belleville, attending the funeral of her sister, Mrs. Geo. Gunn.—A number from this neighbourhood attended the sale of Mr. Frank Wales, at Newburgh, Wm. Robson purchasing two cows, Ernest Parrott two, and Horace Denyes seven. — Many from here attended nomination at Odessa on Monday. — Mr. Cecil Denyes is spending a few nights under the parental roof.—We wish The Beaver and its staff and its many readers, a bright and prosperous New Year.

The evening of December 22nd, 1925, was another wonderful date in the history of the Fourth Line Church on Morven Circuit, when the Xmas tree and entertainment was put on by members of the Sunday School, with their usual excellence of performance on every number, from the Junior members with their drills, songs and readings, up to the adult members who gave dialogues, tableaux and pantomimes, etc., with a thoroughness in every detail, making a very enjoyable time for those who were present. It was very gratifying to the committee in charge to have the church crowded to its utmost capacity, which netted good financial returns in aid of Sunday School expense. In addition to the above programme was the distribution of the presents hanging from the tree. A treat was given every one present, including the Pastor and his wife, Rev. and Mrs. Merrick, who were made the happy recipients of a splendid gift from the Sunday School of a fine goose, also other gifts and useful presents from Fourth Line and Switzerville friends for which the Pastor thanked the kind friends concerned. The very enjoyable evening closed with the National Anthem.

A CANTATA AT VARS

The closing entertainment at Vars Public School, of which Mrs. A. Allen is Principal, took the form of a cantata, "Santa's Success", followed by the distribution of gifts from the well-laden Christmas tree. The Cantata was well and pleasingly rendered, and while each character played their especial role very creditably very special mention should be made of the following:- Master Werte Brooks, as "Messenger Boy"; Miss Alice Tanner, as "Maud", the most exciting hunter for the children was the distribution of the presents. The members of the Sunday School presented Rev. Mr. Merrick with a handsome goose. The proceeds at the door amounted to $38.00. —Mr. Ford Haig, of Gananoque, attended the Xmas entertainment, and was accompanied home by his sister, Miss Orma Haig, who is enjoying her holidays with her parents, Mr. and Mrs. Gibson Haig.—Miss Ethel Parrott, of Toronto, spent Xmas with her parents, Mr. and Mrs. Ernest Parrott.—Mr. Wm. Parks is spending a few holidays with his sister, Mrs. Herbert Smith, of Odessa.—Messrs. Ford and Bert Denyes are visiting relatives in Belleville and Trenton.—The many friends of Mrs. Anson Hagerman will be pleased to know she is recovering rapidly, after her serious operation in the Kingston General Hospital. We hope to have her in our midst again soon.—Mrs. Jas. McFarlane spent a few days in Belleville, attending the funeral of her sister, Mrs. Geo. Gunn.—A number from this neighbourhood attended the sale of Mr. Frank Wales, at Newburgh, Wm. Robson purchasing two cows, Ernest Parrott two, and Horace Denyes seven. — Many from here attended nomination at Odessa on Monday. — Mr. Cecil Denyes is spending a few nights under the parental roof.—We wish The Beaver and its staff and its many readers, a bright and prosperous New Year.

Mrs. Forrest Hall, Mrs. Ralph Huffman and Mrs. Hard Nicholson were hostesses for the holidays.—We are sorry to say Miss Berniece Huffman is suffering from la grippe, and is under the doctor's care.—Mr. and Mrs. Wm. Allen entertained their family on Xmas day.—Mr. Joseph Hooper and family and Mr. and Mrs. W. A. Hooper, of Kingston, spent Xmas with Mr. and Mrs. R. A. Asselstine. —Mr. J. Foster was at home for the holidays. — Major and Mrs. J. C. Amey and Mr. and Mrs. C. W. Amey and Miss Helen whatled in Tamworth on Xmas day.—Miss Violet Pearson is at home, having undergone an operation on her throat in Kingston General Hospital.—Mrs. Jas. Kerr entertained relatives on Xmas day. — Miss Ella Evans is at Mrs. A. Herrington's.

WILSON'S CROSSING

We have hardly sufficient snow for good sleighing, and the farmers are busy making use of it to haul their wood.—Master Russell Switzer has returned home, after spending the past week visiting friends at Oshawa. —Mrs. T. Breen and Roxalene are spending a few weeks with friends at Detroit, Mich.—Mr. and Mrs. Wm. Dowling entertained a number of their friends to supper on New Years night.—Mr. Allen Dopking spent New Years night at Mr. Fred Vanvolkenburg's, Moscow. — Mr. Donald and Miss Sarah Wilson spent the holidays with their parents.—Mr. Oscar Fenwick spent New Years evening at Mr. J. Kearns'.—Mr. and Mrs. R. Potter and children and Mr. A. Dopking took supper at Mr. A. Cousins', on Saturday evening.—Mr. and Mrs. R. McGregor and children spent Sunday at Mr. Fred Wagar's.—Mrs. C. Bell spent a few days recently at her sister's, Mrs. W. Clark.—Mr. and Mrs. R. Potter took dinner at Mr. E. Bell's, on Sunday.—Mr. Clarence Craig, Switzerville, spent a few days with his cousin, Mr. A. Dopking.—All are pleased to sympathy to Mr. and Mrs. J. Burgess, in their recent bereavement of their baby girl.

Mail Orders promptly filled at Wallace's Drug Store.

YARKER SOUTH

Greetings, 1926, and a prosperous year to all.—New Years passed off quietly.—Miss Ruby Davey is at her home for the week end.—Mr. and Mrs. Joseph Newman and Reta and Milford, also Mr. and Mrs. Gerald Newman and Mr. and Mrs. Milford Love spent New Years at John Love's.—Mr. and Mrs. Joshua Switzer at Mr. Geo. McFarlane's, Yarker, on New Years.—Some from here attended the teameeting at Wilton, on New Years night, and report it excellent.—Mr. Bailey is in the neighborhood with his sawing machine, and by the appearance of the wood piles he is likely to freeze this winter also in our vicinity.—Little Walter and Dorothy Huff are recovering from the measles.—Mr. and Mrs. John Love spent Sunday at Mr. German Wagar's, Enterprise.—Mr. and Mrs. John Brown, of Moscow North, spent Saturday at G. C. Davy's.—Mrs Mary O'Connor and Messrs. James Robinson and Robert O'Connor, of Camden East, at H. W. Huff's, recently. Mrs. M. Love at Jas. Huff's, one day last week.

Mail Orders promptly filed at Wallace's Drug Store.

To the Mothers Of All Pale Girls

If Your Daughter Shows Signs of Anaemia a Tonic is Needed

Anaemia is simply a lack of blood. It is one of the most common and at the same time most dangerous troubles from which growing girls suffer. It is common because the blood so often becomes impoverished during development, when girls often overwork generally. It is dangerous because of the stealthiness of its approach and because of its tendency to grow steadily worse. Every growing girl should occasionally take a tonic to ward off this insidious trouble. It is because of their powerful action in rebuilding the blood that Dr. Williams' Pink Pills have made a worldwide reputation. In the case of Miss Claire Sullivan, Pincher Creek, Alta., gratitude prompts the value of this medicine. Miss Sullivan says: "During my school days I suffered a great deal from thin and watery blood. I was continually weak and tired; my appetite was poor, my sleep unrefreshing and I was troubled with backaches. To make matters worse I was attacked with acute appendicitis and the operation left me in a very weakened state. My mother, hearing of the value of Dr. Williams' Pink Pills, had me take them and after using them for some time I can say the use of them was wonderful, as they completely restored my health, and now when opportunity occurs I always recommend them to girls to weak, pale girls suffering as I did."

You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MOSCOW

(For last week.)

The pageant given by the Sunday School of the Methodist Church was very much enjoyed by all, the parts being well taken by each one, and the accompanying music suitable. The Indian drill put on by young ladies and Enterprise, was very pretty and colorful.—Mr. and Mrs. Ernest Parrott, of Toronto, spent Xmas with her parents, Mr. and Mrs. Ernest Parrott.—Mr. Wm. Parks is spending a few holidays with his sister, Mrs. Herbert Smith, of Odessa.—Messrs. Ford and Bert Denyes are visiting relatives in Belleville and Trenton.—The many friends of Mrs. Anson Hagerman will be pleased to know she is recovering rapidly, after her serious operation in the Kingston General Hospital. KNIFE ENDED ALL SQUAWKING

Pets of Clemenceau No Longer Created Disturbance, After Undergoing a Slight Operation.

M. Clemenceau's love of pets, of which he has appeared in the press since his recent visit to London, once involved him in trouble with his neighbors. Twelve years ago, during his first term as premier, he had a number of peacocks and storks installed in the gardens attached to the ministry of the interior. There are no trees in these gardens, only lawn and flower beds, which in M. Clemenceau's opinion lack animation—hence the peacocks. But other people living in the Place Beauvau' complained that these birds were too animated, their cries being so persistent as to render sleep impossible.

Things reached such a pass that the precinct of police was asked to indict his official superior for disturbing the peace of his neighbors, who were all the more indignant because M. Clemenceau went home every night to sleep at his flat in the Rue Franklin, far out of the range of the peacocks' cries. However a scandal was averted by the premier allowing a slight operation to be performed on the vocal chords of his pets, which, without otherwise injuring them, rendered them incapable of squawking.

If You Fall Off the Earth.

After you have learned that the earth is spinning through space like a great top and that we are all living on the outside of this top you probably wonder where we would all go if we fell off. The earth itself has enough power of attraction to keep everything on its surface from falling off.

Now, just imagine that this power of attraction stopped altogether. If that happened and you were indoors your head would hit the ceiling. If you were out of doors you would go straight up into the sky for a long time, and gradually you would begin to move slower and slower and slower, for the resistance of the air would retard you. At last you would come to a stop, and there you would stay. And very cold you would find it.

If the air did not resist, with the least little jump you would go sailing off into space. That is the only way you could fall off the earth, when the earth's attraction stopped and when the air did not resist.—Exchange.

Drills Tiny Holes.

Making an adding machine required the drilling of ten holes in a steel plate a thirty-second of an inch thick, each hole to be accurate to a thousandth of an inch, yet no bigger than a pin in diameter. Such a problem stopped the manufacture of the machine on a commercial basis until the inventor of the calculator could invent a means of solving it.

The machine devised stands but twelve inches high. The drill which was built carries ten spindles, each holding a drill of No. 6 Morse gauge, which is about the size of a pin of ordinary use. Each little sliver of steel that does the work is driven by a belt operating through a cam head and therefore works at the same speed as that of its neighbors.

The actual drilling requires ten seconds.

Two Coyotes.

"We watched two coyotes in captivity the other day," said a man interested in humane work. "They were of the same age, of the same parentage and born at one night over see, almost never quiet, hurrying back and forth with rapid steps from one end of the cage to the other, apparently never free from fear, the eye restless and wild. The other, the female, is as gentle as a dog, likes to lean against the bars and be petted, is without fear, is restful, and one might imagine, a contented animal. Here is the old question of heredity. Families of human present the same problem."—Detroit Free Press.

Turks' Names For Greeks.

The Turks have definite names for the Greeks who inhabit Ottoman territory and for those who are their own masters. The latter are Yunan and their country Yunanistan—named derived from "Ionia"—while the Greeks and Turks are Rum. By origin this is simply "Romans" and is an inherited love's.—Mr. and Mrs. Clark.—Mr. and the inhabitants of Constantinople, the new Rome, were called Romiol, while the principals were known as Hellenidikos. "Rum" was the conquering Turks' name for the Byzantine empire. It survives in Roumelia, while the popular designation of the present day is still known as Romaic. But every Greek, in Greece or in Turkey, calls himself a Hellene.—London Spectator.

A Mistake Somewhere.

A helpful friend recently requested us to write a funny piece about a game we used to play in boyhood's glad days called "hiding in the barn." He alleged that part of the gang hid and the rest searched for them, and when they were found all hands jumped and yelled most gleefully. This, he tried to remind us, was very, very funny. Either our memory is failing or we have lost our sense of humor, for as we recollect it our father did the hiding and we jumped and yelled. And it does not seem amusing to us even yet.

Serious Obstacle.

"Has your boy started in business yet?"

"No. He's been out of college over a year now, but he's still looking around."

"Why don't you take him in with you?"

"Well, to tell the truth, he's got his heart set on a job that pays at least $10,000 a year, and I don't make that much myself."

By Way of Contrast.

"There is one good thing about buying a really handsome and expensive dress," said Mrs. Touting to Mrs. Larkin.

"What is that?"

"Why, you feel as though you really ought to buy another not quite so good to save your best one."

Sympathy.

Husband—Oh, there's that confounded rheumatism again! Wife—I'm so sorry. I wanted to go shopping tomorrow, and your rheumatism is always a sign of rain. Isn't it provoking!

Not For His Business.

"But they say," remarked the patron, "he has a good head for business."

"Nonsense!" replied the barber. "Why, he's absolutely bald."

Anatomical.

She sang softly leaning in the cradle of his arm, he, hands in his, their hearts in each other's hands.—Jack London's "Martin Eden."

IN a less enlightened age people fought to safeguard their valuables. Often they placed them in a strong box which they hid in some secret place, hoping to protect them.

Today the safety and security of steel vaults eliminate the danger of loss by fire or theft, and give peace of mind for the safety of valuable belongings.

Documents lying unprotected in your house or office demand the security of a Safety Deposit Box.

The Expanding Stone.

In the park of St. Govan's chapel, in Wales, was a natural cavity upon which the name of the "expanding stone" was bestowed by popular tradition, because the strange fancy prevailed that this stone automatically adapted itself to the size of any one who entered the cavity.

The legend ran, as quoted by Mr. George F. Kunz in "The Magic of Jewels and Charms," that once, during the pagan persecutions, when a fugitive Christian, body pursued, reached this rock it opened up of its own accord so that he could slip into it and then closed about him so as to hide him effectually from his enemies. This expanding stone was believed to manifest its magic power by bringing to pass the wish expressed by any one who entered it, provided he did not change his wish while he turned around within it.

Henpecked Sparrows.

Female sparrows are especially tyrannical toward their partners, especially at nest building time, when they frequently attack their husbands fiercely on account of their laziness. At such times the female voice can always be detected, both louder and shriller than that of her mate, as she scolds and tosses him until he beats an ignominious retreat. Hen black birds and thrushes are often very overbearing and even ill-treated by any one who entered it, provided he did not change his wish while he turned around within it.

Winning Both Ways.

The Zulu young lady, when suitors are not forthcoming, takes the matter in hand herself. She leaves home, takes a discreet friend of her own sex and presents herself at the home of her favored swain. If he regards her with satisfaction his parents receive her as his future bride. Should he, however, be unwilling to accept her he makes her a handsome present instead.

The Old Greek Cuirass.

The Greeks had a cuirass made of linen or woolen fibers which was impenetrable to the sharpest darts or spears. That, by the way, is one of the discoveries that have not been rediscovered, for we do not know the secret of its manufacture.

The Worm Turns.

"How much are your four dollar shoes?" asked the smart one.

"Two dollars a foot," replied the salesman wearily.

Bored.

"I say, your ears have never been pierced, Aileen?"

"No, but they're being 'bored!'"

Two Extremes.

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in any law-suit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

Swastika Club Dance.

The girls of the Swastika Club gave a very jolly dance in the Masonic Hall, on Friday, January 1st, under the patronage of Mr. and Mrs. H. E. Boyle, Mr. and Mrs. W. S. Wilson, Mr. and Mrs. E. J. Roy, Mr. and Mrs. B. F. Davy, and Dr. and Mrs. Hall. The large dome lights were draped with streamers in the Club colours, blue, grey and red, with many small coloured lights, large bright balloons, Christmas evergreens, mistletoe and Swastika banners all assisted in presenting a very gay ball room. Excellent music was furnished by the Song Shoppe Orchestra, stationed in a fairy-like bower of streamers, balloons and softly shaded lights. Two novelty dances added much to the merriment of the two hundred and fifty guests. The favours for the "Swastika dance" were won by Mr. Pollard and Mrs. Scott, and the "Birthday Dance" by Mr. Goldie Smith and Miss Dorothy Daverne.

Officers Installed.

At the regular meeting of Mt. Ararat Encampment No. 16, I.O.O.F., the officers were installed for the ensuing term, by Past A. J. Smith, D.D.G.P. After lodge was closed refreshments were served, and an enjoyable time was spent.

BASKETBALL

The Boys' and Girls' Inter-Form Basketball will soon be in full swing at the N.C.I. There are many real good players up there, and some thrilling games are often witnessed.

An effort is being made to form a boys' team to compete with Deseronto and Picton. This ought to draw a crowd, as boys' basketball is seldom staged here.

HAWLEY

The London bells were very distinctly heard over Mr. Raymond Fretts' radio on New Years Eve, when a family gathering was held at Mr. Fraser Tompkinson's on New Years Day and an enjoyable time was spent.—Mr. and Mrs. H. Fretts'.—Miss Jean Schell spent New Years at Mr. Hiram Asselstine's.—Miss Gladys Galt visited at Mr. Bert Fretts' a few days last week.—Sadie Arthur Lloyd has typhoid fever at the time of writing.—Miss Helen Schell spent New Years at Mr. Will Fretts'.—Sunday School next Sunday at 2 o'clock, and public worship in the evening at 7 o'clock.

Marjorie—Why did you break off your engagement with Kenneth?

Luella—Why he wanted me to marry him!

SOFTBALL

TUESDAY WILL BE SOFT BALL NIGHT THIS WINTER

A meeting was held in the Armouries on Tuesday evening for the purpose of organizing a girls' soft ball league among the churches. Representatives from all churches were present.

The organization will be called "The Napanee Girls' Inter-Church Soft Ball League", and the officers will be:—

President—H. Babcock.
1st Vice-President—J. L. Murray.
2nd Vice-President—J. MacGillvary
Secretary—L. Graham.
Treasurer—Miss M. McGraw.

The Executive Committee will include these officers and two others from each church, as follows, from clubs entered to date:—

Trinity—Miss Robertson, and E. Baughan.
Grace—Miss Grace Hall and G. Smith.
St. Pats—Miss Killorin and G. Gleeson.
Church of England—Miss Miller and W. Roy.
St. Andrews—Miss Preston and L. Douglas.

The official umpires will be:—J. L. Murray, H. Babcock, E. Douglas, F. Bell, F. Huffman, A. Killorin.

The official scorers will be:—W. McLaughlin and L. Douglas.

Admission of Clubs—Application of clubs for admission must be in on or before January 12th, 1926, and should be accompanied by a fee of one dollar.

Eligibility of Players—It was felt necessary to frame some rules which, while they may be rather hard on some of the clubs at first, will be a great help in getting the league away to a good start.

Players shall be members or adherents of the church for which they play and residents of Napanee during the indoor baseball season.

If any church does not enter a team, any player who is eligible for that team may decide for what team she will play, and the executive shall be notified in writing of this fact.

In regard to protesting games, any protest must be in the hands of the secretary, in writing, within 48 hours of the playing of the game in respect to which the protest was made, and should be accompanied by a fee of 50c.

Ground Rules.—Paste these in your hat; and take off your hat before you bawl out the umpire.

1. Any fairly batted ball which is not caught, and which does not return to the playing floor of its own accord, shall count as a two base hit.

2. Any batted ball which strikes outside the foul line shall be a foul ball. The place at which the ball first makes contact with the floor, wall, or ceiling shall decide.

3. The third strike must be caught.

4. The outseam ball will be used.

5. No unauthorized person shall be allowed inside the catcher's arm.

6. No one shall be allowed on players' bench except players, manager or coach, official scorers and the press.

7. There shall be not more than two player coaches and these coaches must remain within the coaching boxes.

A schedule for the next two weeks was drawn up and will be adhered to by the players and referees will be present. If things turn out the right way, Napanee should walk off with the B. of O. silverware.

The Town League will undoubtedly start soon. "B" Co. seems to have been left out in the cold, as far as players are concerned. If the N.C.I. enters a team, "B" Co. will lose Claude MacDonald, Fred Ballard and Claude Fraser. Northmore has gone to Queen's, and Lucas to Enterprise. Laurie Douglas, Everett Fraser and Bob. Hannah are left.

St. Pats will be much stronger than last year, as will Gibbards. The N.C.I. will have an exceptionally strong team. With perhaps, Malcolm Carkill in goal, Paul and Willard Thornley and Ralph Cowle for defence, and Claude MacDonald, George Reid, Fred Ballard, Bill and Jim Carr, Donald Daverne, Claude Fraser and a host of others for the forward line. This will be a strong team and will doubtless compare favourably with any sextet in the league.

ADDRESS AND PRESENTATION

A large gathering recently took place at the spacious home of Mrs. A. W. Abbott and her daughter, Miss Florence Abbott, to spend a social evening with them, and express to them their sense of loss and regret that they feel over their contemplated departure from the community in which they have lived all their lives.

An address was read by Mrs. Adam Friskin, and a valuable kitchen cabinet was presented. An appropriate response was made by Mrs. Abbott. Refreshments were served by the ladies and a very pleasant evening was spent.

Following is the address:—

To Mrs. A. W. Abbott and
Miss Florence Abbott

We, the members and adherents of the Selby United Church your classmates and friends, having learned with regret of your intended removal from our midst, have assembled to spend a short time with you, and bid you God speed. It is not an easy matter to sever the ties that have bound us; it is not without a wrench at the heartstrings that the separation takes place. Through the years of your residence in this place you have proved yourselves to be friends of every good cause and every noble endeavor. Your kindly sympathy and neighborly interest is to have won for yourselves a warm place in the esteem and affections of us all. As an expression of the high esteem in which you are held by your associates and friends and as a token of our appreciation of your worth, we ask you to accept this gift at our hands, and as you make use of it in the years to come, may it serve to keep afresh the memories of other days and the friends among whom you have spent so many happy years. We shall follow you with our prayers and best wishes that wherever your lot in life may be cast, you may enjoy health and strength, and above all may the blessing of the Divine Father rest upon and attend you both.

Signed on behalf of the members and friends of Selby United Church.

Herb Windsor Stanley Sexsmith,
Adam Friskin, Stewart Howe.
Donald Fitzpatrick.

NEWBURGH

Mr. Jacob Peters, father of Mrs. Israel Peters and Mr. Frank Peters, of Newburgh, passed into the Great Beyond on Thursday of last week. Mr. Peters lived in Newburgh for a number of years previous to his coming to Kingston two years ago. He had been in poor health for a number of years. No doubt the death of his wife a year ago hastened his death. The funeral was held from his late residence, 36 Hickson Ave., Kingston, after which his remains were taken to Sydenham and placed in the family plot.

The January meeting of the W. M. S. of the United Church was held at the parsonage last Wednesday. It was a meeting of especial interest, because of a generous donation which made it possible to present Miss Welbanks, Mrs. Shier, Mrs. Winter and Mrs. Clancy (now of California) with life membership certificates. The attendance was good, and at the close the ladies served dainty refreshments.

Mr. and Mrs. George Kellar, of Enterprise, visited on Monday with Mrs. Maude Kellar and family.

Mr. Chester Pero, of the C.N.R., is home with a sprained ankle.

Miss Bernice Bowerman has been spending a few weeks with her grandparents, Mr. and Mrs. Lawlor, in Ernestown.

Mr. and Mrs. Allen Pero announce the engagement of their daughter, Gertrude M., to Mr. William Kinnear, of Chicago. The marriage will take place early in February.

Mr. George Paul is relieving the unemployment situation somewhat by employing a number of men in cutting wood which he purchased a couple of years ago.

The merchants of Newburgh have decided to close their places of business on Tuesday and Thursday evenings at 6 o'clock.

Misses Hannah and Eliza Paul are spending a week in Peterboro.

Mr. and Mrs. Files, of the R.C.H.A., Kingston, spent a few days recently at his home here.

Douglas Anderson, a student at Napanee Collegiate Institute, received a beautiful silver cup and medal for the intermediate athletic championship, at the Commencement Exercises in Napanee last Friday night.

Mr. and Mrs. Ward Wartman motored to Moscow on Thursday last to visit her father, Mr. Patterson, who has been quite ill.

Mrs. Shannon, of Napanee, is on a visit to Mr. and Mrs. H. Wagar.

Mrs. Jarrell, of Chatham; Mr. Robert Shorts, of Windsor, and Mrs. Bowman, of Utica, are visiting for a time with Mrs. Shorts.

The quarterly services in the Mission Hall over the week-end were conducted by the Rev. C. V. Fairbairne, of Kingston. Five new members from Odessa and Newburgh united with the Free Methodist Church at the Sunday morning service.

A large crowd gathered at the League meeting on Monday night to enjoy the views on the "Life of Paul." The interest in the contest increases.

A social evening will be given by the Ladies' Aid on Tuesday evening, 19th inst. An hour's program—an hour's fun. Everybody welcome.

Mr. and Mrs. King, of Shannonville, and Mr. Dunwoody, of Tyendinaga, visited at Mr. A. Dunwoody's on Friday last.

Mrs. A. Perry, residing a few miles north of Newburgh, passed away on Wednesday of last week. She had been in ill health for some time and almost blind for a number of years. She leaves one daughter, Mrs. Clancy Moore, and three sons, Peter, Joseph and Eb. The funeral was held at her home and conducted by the Rev. Mr. Anderson.

A course given by Johnson's, the makers of Johnson's Floor Wax, enables us to give expert advice on finishing new or old hardwood floors. Bring your floor problems to us. Wallace's, agents for Johnson's and Old English Floor Wax.

WALNUT GROVE

Our school has reopened under the able management of Miss Maxwell, of Gladys Withers, who underwent an operation for appendicitis on Wednesday of last week at the General Hospital, is improving nicely. Her many friends will be pleased to see her well again.—Mr. and Mrs. Wm. Weese and family spent Sunday at Mrs. Azel Thompson's.—Congratulations to Mr. A. Miller, who was elected deputy reeve by a large majority.—A number of ladies spent an afternoon of last week with Mrs. Fred Hann.—Mr. D. F. Aylsworth made a business trip to Napanee last week.—Mr. and Mrs. Irwin spent Friday in the city.—Mr. and Mrs. Chas. Morrow's niece, of Syracuse, has been visiting them, accompanied by her uncle, Mr. Wilfrid Morrow.—Mr. Alex. Haggerman spent an evening recently at Mr. Wm. Weese's.—Mr. Clayton Bell, of Bath, at his brother's, Mr. D. Bell, on Monday evening.—Miss Jessie Thompson attended the party given by the Misses Sealy on Friday evening of last week.

Mail Orders promptly filled at Wallace's Drug Store.

COLLEGIATE COMMENCEMENT EXERCISES

As usual when the Collegiate entertains, a large audience was present on Friday last at the annual Commencement Exercises. The programme, which consisted of thirteen numbers, was well diversified, and was a real educational and musical treat. The Orchestra was well trained, and too much cannot be said of the precision and accuracy and real musical appreciation which was displayed. The Orchestra has done great work since the opening of the school in the fall.

The Glee Club sang three numbers, each different and each equally well done. The Glee Club consists, one should judge, of about fifty members, and possess the material for a real singing club. One noticed much improvement over last year. The numbers chosen were not easy, and one in particular was pitched rather high. But that they should tackle such songs as these and render them so well is a great tribute to the musical talent in the school.

Jean Paul and Helen Milling gave a humorous recitation each. They were well received and tended to lighten up the programme.

Romance Transcription, played on the piano by Lenore Black, was done with splendid appreciation of the theme and with fine skill. The full effect of her playing was marred by the position of the piano, which perverted the audience from observing her movement and technique.

The gymnastic exercises by a group of boys concluded the part taken by the students. The boys were well trained and showed something new. Instead of tumbling and pyramid building, the work was simple calasthenics, extremely well done, and nothing was lost by the change.

The distribution of the diplomas and prizes was committed to two former students, Mr. R. A. Daly and Mr. C. B. Fox, who along with Professor Matheson, of Queen's, each gave an address.

Mr. Daly spoke on choosing a career, and said it was hard, but a career and a profession were different, the career meaning continuous work and a means to a liberal education. He depicted the tendency to undertaking more than can be taken into consideration. First, personal taste and inclinations should be considered, then, third, ambitions. Having made the choice, the other thing essential to success were perseverance, hard work, and honesty of purpose in life and in religion. Character is the greatest thing to be considered and developed. Held fast to that and one cannot fail.

Mr. Fox, on rising, made some humorous references to articles he had read in the paper about boys and his doubts. Speaking on the value of secondary education, he pointed out that education has different values. Material value and exchange value. In analyzing these, Mr. Fox fixed the trend of modern education from the time when it consisted of a very few academic subjects until now one can get a course on mostly any subject. For the last eight years Mr. Fox, though a busy man, has never failed to take some course at the University of Washington. Secondary education should tend to give the student direction in two ways, first, to regard education as a selling proposition, and second as an end in itself. By a selling proposition he meant the ability to make others see and appreciate ideas, and by an end in itself he meant a study for the value education has ones self. The time for the development of those habits was at the Collegiate.

Professor Matheson spoke of education out of his long experience as a High School and College teacher. Education might be regarded as a means of accumulation money or as the enjoyment of the inner life, intellectual and spiritual. Really success was a matter of emphesis. He then showed the value of an education both in High School and College was not so much in the facts learned as in the habit like calling which was developed. One should learn to work at a hundred per cent capacity no matter what the calling. Character was less than one's best. If the Collegiate and College student had not developed that, he could not be considered a success.

Another interesting event of the evening was the presentation of prize volumes from The Daughters of the Empire and the W. C. T. U., and a special medal to L. B. Merritt for success in stock judging at the winter fair.

HAWLEY

Mr. Herman Simmons, an old resident, passed quietly away to his eternal home on Wednesday of last week, after a prolonged illness. The funeral was held on Friday and was largely attended. — Mr. and Mrs. Geo. Fretts and Mrs. Murney Parks, of Napanee, visited Sunday at the John Fretts' home.—Mr. and Mrs. Morley Galt took tea on Sunday evening at Mr. Eb. Fretts'.—Master Bruce Cuthill has been spending a few days with his grandfather's, Mr. Bruce Robertson, Sillsville.—Fraser Fretts spent the week-end at Mr. Jay Switzer's, Bath.—The Ladies' Aid meeting will be held at the home of Mrs. Eb. Fretts on Thursday of next week.

SAYS MR. PONZI TO MR. CIVIS

Dear Mr. Editor, — Ponzi has drawn fire, hot fire, back fire, cross fire, and may I add, wild fire. Well, Well! Ponzi has dared to offer suggestions to criticize the established order. So Civis, in your esteemed contemporary, the champion of things as they are rises to their defense.

Now, Mr. Editor, may I speak to Mr. Civis through the courtesy of your columns?

1. In the first paragraph of his letter, Mr. Civis says "some have wondered who Ponzi is." Well, Civis, your friend who Ponzi is, deal with his ideas and suggestions. If you knew who he was you would probably discount the ideas more than you now do.

2. Again you ask, "What has Ponzi done to relieve the stagnation against which he complains?" (I omit the words "as bitterly" as Ponzi did not complain so bitterly.) Well, Mr. Civis, Ponzi, to be candid, has done nothing, neither has Ponzi laid eggs but he knows a stale one when it comes to the table. A man does not have to be a Milton to appreciate poetry, nor a cook to distinguish sour bread from the genuine goods.

3. Yes, Mr. Civis, Ponzi heard that story about the cat fifty years ago, and it was old then. But like good wine, it has lost none of its punch with age.

4. Civis, you said that Ponzi had been soaring in the clouds dropping bombs on the public, but that those bombs turned to be duds. To this, Ponzi says amen. Mr. Civis, did you ever have a bomb drop at your feet, with a sickening thud, feel the splatter of the cold earth on your face and body, review the whole of your past life in the space of about half a second, lose consciousness for a space, and then wake to thank your lucky stars that it didn't go off? Did you? If you did, I'll bet you were pretty well scared. But it didn't hurt did it? Well, that's the way with a dud. It surprises, but doesn't hurt, but besides making one jump and think, does no real harm. Yes, indeed, Mr. Civis, Ponzi's bomb was a dud—that's what he intended—a dud. And "I thank thee Jew for teaching me that word."

5. Civis tells Ponzi to give careful consideration to this, "that Napanee has the well-merited reputation of being one of the most up-to-date, progressive towns in Ontario." Ponzi gave it consideration and found that the word "reputation" is from a word meaning "to reckon". As Napanee is so reckoned there is nothing to prevent Napanee living up to that reckoning, or indeed going beyond it. That the reckoning is to be earned is Ponzi's own personal opinion, Mr. Civis. Anyway, what has other people's opinion got to do with what we are. "Things are not always what they seem". A few years ago Ponzi in Canada thought the Merchants Bank one of the safest in the country.

6. As to the dirt in the town. I don't like the illustration of the hammer. I think the other about the dud much apter.

And now, Mr. Civis, I wonder if you read Iconoclast in last week's Beaver. There's a letter for you? Well written, gentlemanly manner, good humor, kindly sarcasm, a dud in very truth, eh? Read it, Mr. Civis, or if you have read it, read it again; have a good laugh, don't take yourself too seriously, go to a good show once in a while, read a funny book occasionally. And get out into the country one of these bright, fine days, take a long walk, breathe in the pure ozone, and it will do much to get out of your system such nasty words as "tomcats", "mice", "decanters", "dregs", "bombs" and "intoxication".

—"PONZI".

FOUND ON ROAD IN DYING CONDITION

M. McDONALD, PICKED UP NEAR ODESSA, EXPIRED IN NEAR-BY HOME MONDAY NIGHT

About 6.30 Monday night as Mr. Charles Duberry and Mr. Frank Biddulph, of Westbrook, were motoring from Napanee, and when they were about four miles west of Odessa, they discovered a man lying on the side of the highway, in a helpless condition. They immediately stopped and gave aid to him, a hurried examination revealing to them that the man was fast expiring, if not already dead. Mr. Biddulph ran to the Sites home nearby and summoned the inmates, and the man was removed to the house and Dr. J. Munro, of Odessa, was summoned. Meanwhile first aid was administered to the unfortunate man and when Dr. Munro arrived he found that the cause of the trouble was a dose of carbolic acid, which had been taken by the victim. His deadly effect had removed all possibility of recovery and the man was pronounced dead. Coroner Dr. Northmore, of Bath, was notified, and the remains were removed to Napanee.

A search of the man's clothing brought to light a bank book showing a credit of $35.00, a letter written from 614 Ontario street, Kingston, signed M. McDonald, and addressed to Miss Annie Morrison, Shornway, Scotland, who is apparently an aunt of the dead man, and a four ounce vial partly filled with carbolic acid.

Inquiry at the rooming house at 164 Ontario street elicited the information that the man had applied and had received a room there a few days ago, that he was of a very quiet disposition, and that nothing was known of him save that his name was McDonald. No hint of where he belonged, where he had come from, or of any relation had been obtained by anyone at the rooming house. A suitcase and an unopened parcel constituted his sole belongings there, and these were taken in charge by the Kingston police and forwarded to the office of the Crown Attorney of Lennox at Napanee. The remains are being held at the undertaking parlors of F. C. Martin & Son, Napanee.

Coroner Northmore, of Bath, went to Napanee Tuesday morning to examine into the occurrence and will then decide whether or not an inquest will be held.

BETHEL

On Monday evening, January 4th, some seventy friends of Mr. and Mrs. Ritzie Salsbury and family met at his home to spend a social evening, before their departure to their new home in Kingston. During the evening Mr. and Mrs. E. Salsbury were presented with a purse of money, Mrs. Jayne reading the address, and Mr. Joe Lowis presenting the purse of money. Mr. Julius Aikenbrack read Mr. and Mrs. Albert Salsbury with a Sychume plant in memory of their three sons. Edgar Salsbury replied to the address, extending an invitation to all his friends to call on him at his new home. Mrs. A. Salsbury replied in behalf of himself and Mrs. Salsbury, thanking his friends and wishing them an enjoyable evening. During the evening a dainty lunch was served, and after the presentations all joined in singing "For He Is a Jolly Good Fellow". Dancing and card playing continued until an early hour. The community extend their heartiest congratulations to Mr. and Mrs. E. Salsbury for a happy and prosperous future.—Mr. Geo. Lewis, of North Tamawanda, N.Y., spent Christmas with his parents and brother here.—Mr. and Mrs. Everton Peters, of Bickmill's Corners, spent Sunday with Mr. and Mrs. Clarence Allen, on Sunday.—Mrs. W. Jackson is expected home, after spending two weeks' vacation with her daughter, Mrs. Sutton.—Mr. and Mrs. Joe Lewis and son, Paul, took tea at Mr. Perry Aikenbrack's, on Friday evening.—Frank Dunn is in this vicinity, sawing wood.

Council adjourned until 7.30 p.m.

Council met at 7.30 p.m., Mayor Ming in the chair.

Members all present.

Rev. A. J. Terrill, B.A., B.D., opened the evening session with prayer.

Moved by Councillor MacGregor, seconded by Councillor Howitt, that a hearty vote of thanks be tendered Mr. Terrill for the excellent prayer offered at the opening of Council. Carried.

Mayor Ming conveyed to the reverend gentleman the wishes of the Council, and Mr. Terrill returned thanks and congratulated the Mayor and members-elect on their election to office.

Mayor Ming's Inaugural Address
Napanee, Ontario,
Jan. 11th, 1926.

Gentlemen of the Council,—

We are met again in this Council Chamber to start the business of the Corporation for another year. The ratepayers have dealt very kindly with me, and have for a second time, without a contest, given me the pleasure of sitting in the Mayor's chair, from which exalted position, I am to direct the Council's deliberations and act with you in taking care of the Corporation work.

The business for the year should be, perhaps, less arduous than usual from the fact that the personnel of the Council is well experienced in Municipal affairs and in addition to this, the Council of 1925 cleaned up their work and left very little unfinished business.

The walks are well built throughout the town, and the sewers, already constructed, should be sufficient for a few years. The public buildings are in very good condition, except perhaps, some repairs to the Town Hall and some changes that might be made in the Fire Hall to accommodate a fireman who shall have the care of the new Fire Truck.

Our highways were well cared for in 1925, and while the late Fall weather was hard upon the roads, I believe you will find in the coming spring, that our main thoroughfares have stood up well, and that with some patching and another application of asphalt, the roads will be in at least as good condition as any town in the Province.

We spend a great deal of money in keeping our streets clean, and most of the citizens try to keep their yards, facing upon the highway, fresh and clean, and I would be glad if we could impress upon all the citizens, their duty to brighten up their premises with flowers and shrubbery. There are some citizens also who have a habit of raking their leaves and throwing the debris upon the streets. The Police Committee should take this matter up with the Police Officers and have these slovenly, untidy householders warned.

The fire fighting apparatus of the town is in every respect in first-class condition, and the Fire, Water and Light Committee might be well advised to seriously consider an application being made to the Canadian Fire Underwriters' Association for better insurance rates.

Our debenture debt is in the neighborhood of $375,000, but provision is being made for retiring them gradually, and in two or three years we will be able to get relief from our burden of a large tax rate.

There are a couple of small debenture issues which I have included in the total given above which will be ready to be disposed of in the next few weeks.

In conclusion, I wish to thank the old members of the Council for their courteous treatment of me last year, and I also express the hope that the same spirit of harmony and co-operation will govern our work for this year.

EDWARD MING,
Mayor.

Moved by Councillor Simpson, seconded by Councillor Dunbar, that the Mayor's address be received. Carried.

Communications.

E. Ming, V.S.,
Mayor.

Dear Sir,—Please permit me, on behalf of my father and myself, to express to your worship our appreciation of the very kind reference you made regarding him at the recent Municipal Nomination meeting.

I would thank you to convey these sentiments to Mr. A. MacGregor and Mr. M. P. Graham, who respectively moved and seconded the resolution of condolence made on that occasion and which was so graciously adopted by the electors present.

Yours respectfully,
C. H. LAPUM.

By-Laws.

The following By-laws were given their several readings, signed, sealed, numbered, and finally passed.

Appointing Messrs. W. P. McLaughlin and W. S. Wilson as Auditors at a salary of $60.00 each.

Adopting the assessment of 1925 as the assessment on which the rate shall be levied for 1926.

Appointing Mr. A. E. Cook as Sanitary Inspector at a salary of $100.00.

Appointing Dr. D. R. Hall a member of the Board of Health.

Appointing Mayor Ming, Reeve Graham, and Councillors Simpson, Roy and Howitt as members of the Court of Revision.

Appointing W. S. Herrington, K.C., as Town Solicitor, at a salary of $100.00.

Providing the following interim appropriations uhtil the by-law striking the rate for the current year is passed:

Streets	$5000 00
Fire, Water and Light	5000 00
Printing and By-laws	500 00
Town Property	500 00
Market and Police	1200 00
Poor and Sanitary	400 00
Contingent	800 00

Mr. A. E. Paul being present was asked to make a few remarks, which he did, congratulating the members of the Council on their election to office, and stating that he was pleased to see the rapidity with which the Council proceeded with business. He closed by wishing all a happy and prosperous New Year.

Mr. Chas. Garrison appeared before the Council and asked them if they would assist in any way to establish a rink on the vacant land on the East side of John street, near the station, for the use solely of the smaller children.

Councillor MacGregor and Councillor Simpson were strongly in favor of the project, but thought it should be done under a different body than the Town Council, and thought perhaps the Sports Committee of the Chamber of Commerce would take it up.

Councillor Roy thought that a small sum would start the rink and that the money could be secured through subscription, in which he would be pleased to participate.

It was finally suggested that Mr. Garrison call on Mr. Geo. W. Gibbard, Chairman of the Sports Committee of the Chamber of Commerce.

Mr. Garrison briefly thanked the Council and expressed his intention of interviewing Mr. Gibbard.

Councillor Simpson gave notice that he would, at the next meeting, introduce a resolution to amend certain by-laws of the town, among them being Billiard Room Licenses, Dog Tax and Livery Licenses, to have them become due on January 1st in each year.

Moved by Reeve Graham, seconded by Councillor Howitt, that the by-laws above referred to be brought to the Council next meeting for reference. Carried.

Accounts.

The following accounts were ordered to be paid:

Harshaw & Son	$ 6 50
J. W. Metzler	17 50
Royle & Son	6 15
A. E. Paul	44 00
Geo. Greer	44 00

Thousands of Mothers Use No Other Medicine

Baby's Own Tablets Are the Ideal Remedy for Babies and Young Children

Canadian mothers are noted for the care they give their little ones—the health of the baby is most jealously guarded and the mother is always on the lookout for a remedy which is efficient and at the same time absolutely safe. Thousands of mothers have found such a remedy in Baby's Own Tablets and many of them use nothing else for the ailments of their little ones. Among them is Mrs. Howard King, of Truro, N.S., who says: "I can strongly recommend Baby's Own Tablets to mothers of young children as I know of nothing to equal them for little ones."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

This May Help a Little.

If you live in a place where the landlord was looking the other way when they were handing out closets, you need not permanently despair. Take down the old piano box, turn it on its side, doll it up and there you are. Turn the front of it into a door. Imagination hath no bounds for the decorating possibilities of the well-known piano box when it turns under its lower bed chamber. You can cover it with burlap, cloth, wall paper or the pictures of your best friends in loving remembrance.—Thrift Magazine.

"Yankee Doodle."

The tune, or jingle, is very old and the author or authors were of the dim long ago. The tune under different names can be found among the peasant dances and nursery rhymes of England long before 1000 and found in those days it was a jig tune; in Spain a sword dance; in Holland a song of labor and nursery rhyme; in Germany a folk song and dance; in Poland a folk song and dance.

Wonderful Automatic Clock.

The dials of the world's largest public clock, erected in the center of the new $10,000,000 wholesale terminal at Los Angeles, can be seen from the gate of the 29 acres covered by the market place. The clock, which is 35 feet high, automatically operates its own lighting system, turns it on at sundown and shuts it off at daylight, and winds and sets itself.

"Arrah, Pat, me bhoy, ye look mighty sad," said one Irishman to another.

"An' it's moighty sad I am," was the reply, "I'm after losing me mother-in-law."

"Hard?" said the first, "why, Pat, it's almost impossible!"

FOR GIRLS WHO WORK

Lydia E. Pinkham's Vegetable Compound Is a Great Friend—It Stops Pain and Restores Health

Toronto, Ontario. — "I work in a factory and I would have to get away from my work every time I was sick. The dragging-down pains and cramps were very bad, but my back was terrible. It hurt so that I couldn't lie down with it. I heard some of the girls talking about Lydia E. Pinkham's Vegetable Compound, and they told me to try it. I have taken about a dozen bottles of it and it has done me a lot of good. I never have any pains or sore back now, and have not been off from work a day since I have taken it. I recommend the Vegetable Compound when I have the opportunity."—Miss Ida Davis, 21 Doria Avenue, Toronto, Ontario.

"The Advice of a Friend"

Hanover, Ontario. — "I was terribly pained and a few odd times I almost fainted. I used to do housework until a few months ago and sometimes I had to leave my work and go to bed. I am now a member in the knitting mill. I suffered five or six years from painful periods before I took Lydia E. Pinkham's Vegetable Compound by the advice of a friend. I got relief almost immediately, and I tell my friends what a good medicine it is. You may use this testimonial if you like, if it will help others."—Miss J. Pearson, Victoria Street, Hanover, Ontario.

FOWL SUPPER AT CAMDEN EAST

A fowl supper was held in the United Church, Camden East, on Friday evening, January 16. The church was filled to capacity, when the Rev. T. H. P. Anderson arose and announced that grace would be sung. Supper was then served by an energetic committee of ladies. Item verses of "All Hail the Power of Jesus' Name" was then sung, followed by a short prayer by the Pastor. In a few well chosen remarks Rev. T. H. P. Anderson introduced the chairman, Mr. Brethen. The chairman said, "I don't think that chairman's remarks are appreciated, so I wish you all a Happy New Year, and have much pleasure in calling upon Mrs. Lapp". Mrs. Lapp is an elocutionist of no ordinary talent, as was evinced by her rendering of "The Trouble in St. Luke's Choir", followed by "Tommy's Idea of Christmas". The next item, a violin solo, by Miss Thora Emberley, was well received. Mrs. Lapp then gave "Patsy O'Brien Goes For a Trip on the Train With His Ma", and as an encore she gave "Dressing the Baby". This was one of Mrs. Lapp's best numbers. Item five on the programme was an address by Rev. T. H. P. Anderson, followed by two verses of "Onward Christian Soldiers". Mrs. Lapp's next number was "As the Brook Joins the Sea", and "Mary Had a little Lamb (new version)". Item eight was a violin solo by Mrs. Fairbairn, and as an encore she gave "Humoresque" (Dvorak), in a pleasing manner. Mrs. Lapp was again called and gave "The Music Lesson" and "Mrs. X— in the Shoestore". Item ten was another violin solo by Miss Thora Emberley. Her playing in this number easily deserved for her the applause which she received. Mrs. Lapp was again called upon for the last number, and it seemed as though the audience hated to see her go. Her rendering of "Valentine" was applauded. She complied with "The Beautiful Lover", followed by "There Are Husbands Who Are Pretty". Still the audience clamoured for more and Mrs. Lapp concluded her splendid evening by "Just a Farewell to My Boys Who Have Been so Good to me". The singing of the National Anthem brought a very enjoyable evening to a close.

You're behind the times if you don't know that Cod Liver Extract is one of the greatest flesh producers in the world.

Because it contains more vitalizing vitamines than any food you can get.

You'll be glad to know that McCoy's Cod Liver Extract Tablets come in sugar coated form now, so if you really want to put 10 or 20 pounds of solid, healthy flesh on your bones and feel well and strong and have a complexion that people will admire—ask any druggist for a box of McCoy's Cod Liver Extract Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist will hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness overtaking them they work wonders.

ADDRESS AND PRESENTATION

A large number of friends gathered at the home of Mr. and Mrs. Albert Salsbury, Camden East, on Monday evening last to spend the evening with Mr. and Mrs. Edgar Salsbury, who are leaving for Kingston at the end of this week. Dancing was indulged in until 11.30 p.m., when supper was served. Following the supper a double presentation was made. Mrs. Jayne read the following address:—

To Mr. and Mrs. Edgar Salsbury.

Before leaving for your new home we, your neighbors and friends, felt we wished to spend a social evening together. Good friends do not separate without feelings of regret, and to you, Edgar, we wish to say you have been one of the most kind and obliging of neighbors in every way, and we are sorry you are going from our midst. We also felt we would like you to take something with you as a reminder of your old surroundings, and we could think of no better way than to put our offerings together and leave it for you and Mrs. Salsbury to decide what you would like best.

Wishing you and your family every happiness among your new friends, we ask you to accept this from the old friends.

JOE LEWIS.
JACK JAYNE.

Mr. Joe Lewis then handed to Mr. E. Salsbury a purse of money.

Continuing, Mrs. Jayne read a second address to Mr. and Mrs. Albert Salsbury.

We ask that as a token of remembrance of the going away of your other two boys a number of years ago, you will please accept this from your friends.

A beautiful Cyclamen plant was then presented to Mr. and Mrs. A. Salsbury.

Suitable replies were made by Messrs. E. and A. Salsbury.

This was followed by singing, "They Are Jolly Good Fellows", and then dancing was carried on until shortly after 1 a.m., when all departed, after a most enjoyable evening.

Remarkable Armistices.

One of the most remarkable armistices on modern record was concluded between Spain and the western republics of South America at Washington in 1871. It provided that there should be no renewal of hostilities between the contracting parties, except after a three-years' notice, which was to be given through the United States government.

Notes Instead of Calls.

The note of sympathy for sick persons has taken the place of the call. It is proper and kind to send a note expressing regret for a friend's illness and suggesting one would like to call when the invalid is convalescent. All messages written or sent to the sick should be brief and cheerful.—Biddy Bye.

ADOLPHUSTOWN

Last Friday evening S. Alban's Guild gave another of their popular card evenings at the home of Mr. Thomas Chalmers. The rooms were tastefully decorated for the occasion with garland's and festoons of crimson, green and silver. The programme consisted of an instrumental duet by the Misses Edith Box and Lillian Gallagher; recitations by Miss Betty Heathcote and Mrs. Pringle; solos by Mr. Heathcote, Mrs. Robb and Miss Alice Scotney, and an address by the Rector, on "Edinborough, Melrose Abbey and Shakespeare's birthplace, Stratford-on-Avon. Mr. and Mrs. Heathcote and Miss Ruffles Heathcote, accompanied by Miss Beatrice Heathcote, gave a charming rendition of "Sweet and Low, Winds of the Western Sea". The "Cherin Trio" delighted the company by their humorous singing and clever acting, and Mr. Brownjohn was heartily applauded for the comic numbers so ably given by him. After refreshments were served, Mrs. Box and Mrs. George Chalmers played for dancing. The next social evening will be held at the home of Mr. Albert Chalmers, on Friday evening, January 22nd.—The many friends of Mrs. E. L. Allison are rejoicing over her recovery from her recent illness. —Miss Hazel Smith spent the week end with Mr. and Mrs. Joseph Smith.—Mr. and Mrs. Reid Roblin and Mr. and Mrs. R. J. IN MEMORIAM.

In loving memory of our dear wife and mother, Mrs. Harvey Bradshaw, who died January 9th, 1919.

We are thinking of you, dear Wife and mother,
Thinking of the past;
Picturing you in our memory
Just as we saw you last.
You left behind some aching hearts,
That loved you most sincere,
That never did and never will
Forget you, mother dear.

HELP DAD

Make Saving a Family Affair. Dad can't do it alone. He can earn the money, but he needs the co-operation of his family to make a good job of saving.

Your savings will be large if you deal with a Federated Store. You get 30 store buying power, and the buying power of thirty great departmental stores is truly tremendous.

Manufacturers are glad to give special prices for quantity orders simply because, on quantity production, they can reduce the cost of operation. That is why they bid eagerly for the business of Federated Stores. This is why the savings are so large.

The advantage which we have is that the buying group to which we belong is made up of thirty carefully selected, well rated stores, all willing and anxious to pay cash for their purchases, where a saving can be effected.

Thus it is that at this Store you will shortly be finding values of surprising worth, the price advantages which we secure through quantity buying being passed along to our customers. It pays us because it makes it worth while for you to trade here. It pays you because you get more for your money.

TWO WELCOME MESSAGES

THIS MONTH—A January Clearance, with a new significance, to make ready for a change in our Buying Policy.

NEXT MONTH—The first showings of Federa Brand Merchandise, Quality and Good Value through the Combined Buying Power of Thirty Stores.

Our January Clearance Has a New Significance This Year It Is Being Conducted For a Purpose

In 1926 we plan to give a new and even a better service to our customers than we did in 1925. We know we are, because we have already formulated our plans to do so. We have joined a new buying organization, which will enable us to procure our various lines of merchandise considerably lower than heretofore. Buying for less will enable us to sell for less.

Plans for January: Our Annual Clearance Sale of Winter and Regular Lines of Wearing Apparel and Dry Goods.

This Sale is in full swing today, and will continue throughout January. Already many men and women have taken advantage of our advantageous values. This year our January Clearance Sale has a greater significance than ever. Your dollars will be more powerful, because they will procure more merchandise for you. We have planned to move every last dollar's worth, to make way for Spring lines which have been purchased in our new and better way.

But keep in mind, the prices obtainable are unusual Sale Prices. They have been lowered for Sale purposes. Every line offered is enormously under present market values: so come and share.

Ten Clearance Sale Bargains, Which Are Only Criterions of the Values Obtainable

1. Women's and Misses' Evening and Day-Time Dresses at Half-Price.
2. Women's and Misses' Fur Trimmed Winter Coats at Half-Price.
3. Seamless Tapestry Rugs, 35 only in the lot. Less 20 Per Cent.
4. Fine Clover Leaf Dinnerware, Johnson's English ware, at Half-Price. (No Cups or Saucers).
5. Women's and Children's Winter Underwear, Single Garments and Combinations. Less 20 Per Cent.

COME AND SHARE.

THE ROBINSON CO'Y, LIMITED

The United Church

In the United Church the Pastoral Charge, which may consist of one or more preaching places, organized along lines indicated in last week's article, with a session and official board, is the basis of the whole structure. Above the Pastoral charge is the Presbytery, which is composed of a number of pastoral charges. As it now stands there are about fifty pastoral charges to a Presbytery. Then above that comes the Conference, which is composed of a number of Presbyteries, and the General Council is the supreme court, and is composed at the present time of eleven Conferences. The Presbyteries meet every three months, the Conferences once a year, and the General Council every two years. The duties of the Pastoral charge, its rights and privileges have already been considered, the duties of the Presbytery, the Conference and the General Council follow :—

The Presbytery.

The Presbytery shall consist of :

(1) The ordained ministers within the bounds—

(a) Who are engaged in some department of church work; and

(b) Who have been placed on the roll by special enactment of the Conference in accordance with regulations to be made by the General Council.

(The rights to membership in Presbyteries, District Meetings, and Associations, enjoyed by ministers at the time of the union, shall be conserved.)

(2) The elders, deacons, leaders or other non-ministerial representatives of pastoral charges, within the bounds, equal in number to the number of ministers, and chosen in accordance with regulations to be made by the General Council.

It shall be the duty of the Presbytery :

(1) To have the oversight of the pastoral charges within its bounds, review their records, and form new pastoral charges, or local churches.

(2) To receive and dispose of petitions and appeals from the lower governing bodies or courts.

(3) To transmit petitions and appeals to the higher governing bodies or courts.

(4) To license as preachers laymen who are duly recommended and who after examinations are approved.

(5) To superintend the education of students looking forward to the ministry, and to certify them to theological colleges.

(6) To inquire, each year, into the personal character, doctrinal beliefs and general fitness of candidates for the ministry, recommended by sessions, official boards or local churches; and, when they have fulfilled the prescribed requirements, to license them to preach and to recommend them for the ordinition of the Conference.

(7) To induct or install ministers.

(8) To deal with matters sent down by the higher governing bodies or courts.

(9) To adopt measures for promoting the religious life of the pastoral charges within its bounds.

(10) To select non-ministerial representatives to the Conference, of whom at least a majority shall have been previously chosen by pastoral charges to represent them in Presbyteries, and to nominate representatives on the Conference Settlement Committee.

(11) To have the oversight of the conduct of ministers within its bounds.

The Conference.

The Conference shall consist of the ministers on the rolls of the Presbyteries within its bounds, and an equal number of non-ministerial representatives of pastoral charges chosen as provided for.

It shall be the duty of the Conference :

(1) To meet every year.

(2) To determine the number and boundaries of the Presbyteries within its bounds, have oversight over them, and review their records.

(3) To receive and dispose of appeals and petitions, subject to the usual right of appeal.

(4) To see that, as far as possible, every pastoral charge within its bounds shall have a pastor without interruption, and that every effective minister shall have a pastoral charge, and to effect this through a Settlement Committee which it shall appoint annually.

(5) To examine and ordain candidates for the ministry who have fulfilled the prescribed requirements and have been recommended by Presbyteries.

(6) To receive ministers from other Churches subject to the regulations of the General Council.

(7) To deal with matters referred to it by the General Council.

(8) To select an equal number of ministerial and non-ministerial representatives to the General Council.

(9) To have oversight of the religious life of the Church within its bounds, and to adopt such measures as may be judged necessary for its promotion.

The General Council.

The General Council shall consist of an equal number of ministers and non-ministerial representatives, each by the Conferences. Its regular meeting shall be held every second year. Its presiding officer shall be the chief executive officer of the Church, and during his term of office he may be relieved of his pastoral or other duties.

The General Council shall have full power :

(1) To determine the number and boundaries of the Conferences, have oversight of them, and review their records.

(2) (a) To legislate on matters respecting the doctrine, worship, discipline and government of the Church, subject to the conditions : First, that before any rule or law relative to these matters can become a permanent law, it must receive the approval of a majority of the Presbyteries, and, if advisable, pastoral charges also; Second, that no terms of admission to full membership shall be described other than those laid down in the New Testament; and, Third, that the freedom of worship at present enjoyed in the negotiating Churches shall not be interfered with in The United Church.

(b) To legislate on all matters respecting property, subject to the limitations elsewhere provided in this Basis of Union, and subject also to the approval of the Conference in which the property is situated.

(3) To prescribe and regulate the course of study of candidates for the ministry and to regulate the admission of ministers from other Churches.

(4) To receive and dispose of petitions, memorials, etc.

(5) To dispose of appeals.

(6) To determine the missionary policy of the Church, and to provide for the conduct of its missions.

(7) To have charge of the colleges of the Church, and to take what measures are deemed advisable for the promotion of Christian education.

(8) To appoint committees of boards and officers for the different departments of church work, and to receive their reports and give them instructions and authority.

(9) To correspond with other Churches.

(10) And in general to enact such legislation and adopt such measures as may tend to promote true godliness, repress immorality, preserve the unity and well-being of the Church, and advance the kingdom of Christ throughout the world.

The annual installation of the officers of Queen of Sheba Lodge No. 254 Daughters of Rebekah, Napanee, was held on Monday night, and was largely attended. At 8.30 the whole company was served in the spacious dining hall, at the conclusion of which the regular session was convened. The installation ceremony was inducted by Sister Wilhelmina Webster, District Grand President, Gananoque, assisted by Sister Agnes Watson, P.N.G., Grand Marshall, Kingston, Sister Jennie Hagan, P.N.G., Grand Warden, Gananoque, Sister Ines Ohlman, P.N.G., Grand Treasurer, Sister Sharp, P. N. G., Grand Secretary. The degree was conferred in a most creditable manner.

Old Time Concert and Lunch, in Grace Church, Tuesday evening, January 19th. Admission 25c.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "Individuality".

Owing to an epidemic of measles at Marlbank, which necessitated the closing of the Public School, both Sunday School and church service were withdrawn last Sunday. The epidemic has subsided, but it is thought best not to hold any service next Sunday and not to undertake the Week of Prayer, which we had planned to begin next Sunday.

The Week of Prayer held at Tamworth beginning January 3rd was well attended. The results are in the spiritual realm and cannot be tabulated. 3a

A communicant's class has been organized in the Tamworth congregation preparatory to the communion service to be held Sunday morning, January 31st. The class meets on Sunday afternoon at the church, and Tuesday and Friday at 4-15 p.m. at the parsonage.

A Week of Prayer is being held at Knox Church, Reidville, which will close next Friday night.

At a meeting of the Tamworth Ladies' Aid, held at the home of Mrs. L. P. Wells last Tuesday afternoon, the following officers were elected:

President—Mrs. Thos. Milligan.
1st Vice Pres.—Mrs. Allan Carscallen.
2nd Vice Pres.—Mrs. Dan Gilmore.
Treasurer—Mrs James Donovan.
Secretary—Mrs. S. S. White.
Pianist—Mrs. C. Lochead.

Mrs. Lochead was President of the Ladies Aid last year, which was one of the best years of its history.

YARKER

The last snow storm has made good sleighing, which will help the farmers in getting up their wood. With very little prospects of the coal strike being ended every one should put in a good supply of wood for next winter. — A large crowd attended the sale of the late Mrs. H. Cambridge. — The bridge and building gang of the C. N. R. are putting in a new water pipe from the pump house to the water tank. — Mr. and Mrs. J. E. Smith were called to Carleton Place last Sunday to attend the funeral of his sister. — Roy Freeman is confined to his home with la grippe. — Vernon Cambridge, of Detroit, at M. V. Lake's.

HOCKEY.

Finishers 7, Packers 6.

The first Hockey match of the season took place at the Arena, on Thursday night, when the Packers and Finishers clashed in a Gibbard Industrial League fixture. The game was a thriller from start to finish. Some of the boys seemed to lack condition, but everybody gave their best. The Packers scored first, when Harold Johnston lifted the puck into the net. Ray Loucks tied the score a few minutes later, and Gerald Johnston put the Finishers two up, on two beautiful rushes. Doug. Fraser duplicated the feat of Johnston in the second period, scoring twice and tieing the score on two lone rushes. With the score tied, Ray Loucks stick-handled around the defence and scored. Harold Johnston came right back and tied it up again. The second period ended 4-4.

Both teams waded into it in the final stanza. Ray Loucks rushed, drew Harry Babcock out, and scored Gerald Johnston duplicated. Things began to look bad for the Packers, but Harold Johnston and Doug. Fraser combined for the fifth goal. Ward Huffman tied the score on a beautiful shot from the blue line. The score was again tied. End to end ruches featured the game and the checking was heavy but clean. Gerald Johnston ruched, but the gong sounded to end the game. Johnston shot, and scored. An argument followed whether the goal was legal or not, but Mr. George Gibbard, the referee, ruled that it was.

The Johnston Bros. were the big scorers. Gerald, of the Finishers, scored four times, while Harold scored three times. "Mag" Loucks scored three for the Finishers.

Doug. Fraser bulged the twine twice for the Packers, and Ward Huffman once.

Harry Babcock turned in a fine game in the Packers' goal, turning aside many shots which were labelled goals. Harry Vine and Harold Johnston paired up on the defence and their blocking and rushing was the feature of the game. The forward line of Doug. Fraser, Ward Huffman and George Reid, played real hockey, and their back-checking was a treat to watch.

Gladwyn Loucks and Marshal Storms turned in fine games in the Finishers' nets, stopping everything a goaltender could stop. "Mag" Loucks and Charlie Cornwall turned in a fine game on the defence. The work of the veteran Charlie Cornwall was especially brilliant. Time after time he outpressed his opponents and his judgment at times was uncanny.

Ray Loucks is well known to the fans and nothing need be said of his stellar work.

The bright light in the forward line was another veteran in the person of Hugh Hicks. His play at centre was a treat to watch and his long sweeping poke check broke up many attacks of the Packers. He will be heard from again.

Gerald Johnston was the star of the Finishers; his shooting was accurate and his stick-handling earned him rounds of applause from the crowd.

Cecil Walker turned in a fine game on right wing, and played his position perfectly.

The Finishers had many capable subs. in Norman Dupont, Joe Deschane and Dude Hearns. When these men were on the ice they gave a good account of themselves.

The Packer subs., Walter Storey, Russel Wagar and Russel Conger, were in the game all the time and gave their best.

Mr. George Gibbard officiated at the game and turned in a fine exhibition of refereeing. He was on top of every play and so close did he watch the plays that he nipped any indication of "rough stuff" in the bud. He handed out no penalties, and in all gave one of the best exhibitions of refereeing seen on local ice in quite a while.

Cabinetmakers 4, Mechanics 3.

The Cabinetmakers and Mechanics of the Gibbard Furniture Co. clashed in the second game of the Gibbard Industrial League on Saturday evening, at the Arena.

The Cabinetmakers presented a young, fast team, and won from their lesser experienced opponents by 4-3.

The Mechanics played a more or less disorganized team; few attempts at combination were made, whereas the Cabinetmaker forwards kept up a good combination.

The Mechanics specialized in individual rushes and their checking was good. The players showed ability to carry the puck, but lacked combination. Fred Bentley gave a good account of himself in goal, and the four that beat him were of the impossible variety. Authmire Pybus and Harry Sagar presented a strong defence and their rushing was good. Sagar scored the third goal on a perfect pass from a face-off near the net. Ward Wagar and Garfield Thompson played their wings nicely and their checking was good. Claude Fraser played centre, scoring the first two goals for the Mechanics.

For Bentley, Ed. Makin, and Stan Parks did relief duty and gave a good account of themselves.

The Huffman turned aside shot after shot in the Cabinetmakers' goal and the three that beat him were hard drives. Arnold Rogers and Everett Fraser played a real strong defensive game and got in some effective rushing. Dave Stinson and Ralph Wilson played their wings as they should be played. Dave scored three of the four goals, and Ralph bulged the twine for the fourth. Earl Sweet, at centre, was the bad man of the game, drawing four penalties. However, he played good hockey while on the ice.

Ford Wagar and Russel Storms did relief duty and played well.

The game wasn't as clean as expected, the boys seeming to be ready to mix it with anyone. However, Referee Charlie Loucks began dishing out the penalties right from the beginning, and kept the game well in hand.

Aubrey Garrison and Claude Fraser drew the first penalties for mixing it slightly. Penalties began to fly thick and fast, and during the rest of the game Referee Loucks banished Sweet 4, Smith 1, Garrison 1, Wilson 1, Stinson 1, Pybus 1, Sagar 2, Rogers 1, Fraser 1.

The fans who are coming to these games are missing something and don't

should turn out if they wish to see some real good hockey.

Cabinetmakers 2, Finishers 1.

The most exciting game of the season was staged at the Arena on Tuesday evening, when the Cabinetmakers defeated the Finishers by 2-1.

The Cabinetmakers pressed the play from the start, but the first period was scoreless. In the second period, Ralph Wilson and Dave Stinson swept in, and the latter beat Loucks for the first score. The play then became heated and several men were committed to the fence. The second period ended with the Cabinetmakers 1 up. The third period was a buzzer from start to finish. The players skated themselves into exhaustion and chopped at each other with rare abandon. Finally Loucks tied it up with about five minutes to go. Excitement was at fever heat, till finally with about a minute to go, Dave Stinson swept from end to end to win the game. Dave Stinson, Bunk Wilson and Arnold Rogers were in the limelight for the Cabinetmakers, but the rest, Everett Fraser, Leslie Richardson, Aubrey Garrison and Bill Sweet played real good hockey.

Ray Loucks and Gerald Johnston were the best for the Finishers, although Charlie Cornwall turned in a fine game. Cornwall was ridden all over the ice, but took his bumps gamely. Hugh Hicks was closely watched by Sweet, but got in some fine work. Evidently the Cabinetmakers know how to watch two good players.

The teams were:

Cabinetmakers — Goal, Huffman; Defence, Rogers and Fraser; Centre, Sweet; Wings, Wilson and Stinson; Subs., Garrison and Richardson.

Finishers—Goal, Loucks; Defence, Cornwall and Loucks; Centre, Hicks; Wings, Walker and Johnston; Subs., Deschane, Dupont, Hearns.

On Saturday evening, at 7 o'clock, the Packers meet the Mechanics, and a good game is looked for.

The leading scorers to date are Gerald Johnston 4, Harold Johnston 2, Dave Stinson 3, Claude Fraser 2, Ray Loucks 2, Doug. Fraser 2, Ralph Wilson 1.

On January 14th, "B" Co. Hockey Team will visit Deseronto to try their luck with the Deseronto team. The soldiers will take up a strong team. With either Harry Babcock or Everett Fraser in goal, Laurie Douglas and Bob Hannah defence, Jack Stewart, Claude Fraser, Claude MacDonald, and Fred Ballard for the forward line, and perhaps Tommy Kirby, Fred Bentley and Fred Huffman, the boys expect to put over a win.

Napanee lost another promising player when Dick Foxton was signed by Sunbury in the Frontenac County League. Foxton showed surprising form the last time out and was counted upon to make the local intermediates. He stickhandled through the locals time after time and finally played a wicked shot. All the local fans wish him the best of luck at Sunbury.

D.P.S. 7, N.P.S. 6.

The Deseronto Public School defeated the Napanee Public School by 7-6 last Saturday at the Arena. The Deseronto team far outweighed and were much faster than the small Napanee players, who fought gamely against the extraordinarily tall Public School boys from Deseronto. Some of the Napanee players expressed surprise that such big fellows should be still in the Public School, while others openly expressed their doubt that they were Public School boys.

However, big as they were, the Deseronto heifies did not outclass the local youngsters; Roy Wilson, Bill Templeton, Harold Webster, Shorty Hayes, "Pliz" Edgar and a few others are just as good hockey players as their rivals, but were outlucked on every occasion.

Some local sport enthusiast should take these boys in hand, teach them the game, and look after their interests and refuse to allow such boys as played for Deseronto, to play against them.

King Radio Notice!

Jays get stung and act real funny.
But the wise come here to spend their money.

A side by side demonstration of the King with any of the ten different sets for sale in this district will prove the superiority of the King line. I have been in the amateur Radio game for the past five years, and during that time I have tried out all the leading makes of Radio parts. The Cardwell Condenser is accepted by Radio engineers as the best type of low loss condenser on the market. The King Neutrodyne uses three of these condensers for tuning the set, and these, with all the other parts which make un the King set, are the very best. Chose King in Radio in preference to a dozen other sets, because the tests I have made with Radio parts show that King Radio uses the best parts that can be put in a set. Some dealers claim to understand Radio. Those persons who understand Radio are making a mistake by wasting their time in Napanee. I do not claim to "understand" Radio, but I can assemble any set or repair any set that you may bring to my shop. Ask any of those dealers who understand Radio, "What keeps the Grid leak from leaking through the set onto the table?" Be fair with yourself! See the King Neutrodyne and hear it demonstrated.

King 5-tube Neutrodyne $135.00. With all equipment and installed properly, $205.00.

King 5-tube Tuned Radio Frequency Set $85.00. With all equipment and properly installed, $155.00.

Luminescent Illumination.

There are several substances that become luminescent after long exposure to the rays of the sun, although none of them emits a brilliant light. It is believed that this luminescence could be greatly increased if the problem were investigated with as much care as that given to the development of the incandescent gas mantle. It has been suggested that if a luminescent paint were spread on buildings exposed to brilliant sunshine they would give off stored sunlight during the night and thus preserve one element of the radiant energy of the sun. One authority remarks, "The general use of such a paint would enable the more powerful methods of artificial illumination to be limited to special locations and confine the use of existing systems to indoor service and to spots where little daylight penetrates."

Gypsies And Death.

The custom of placing the property of the dead in their graves has always been followed by the true Romany gypsies. It is due to some old tradition of ill luck attending the possession of an article whose former owner is gone, and much valuable property is buried in this belief. There is also a sentiment among gypsies against the possession of anything that has belonged to a dead person, because it serves to remind the living of the departed and excite in them a dread of death. The custom of burying their property with gypsy dead dates from the earliest history of the Romany tribes.

No One to Do It.

"You say you have three small children. Can't you find work?"

"The man with the three days' beard and the ragged trousers wiped away a tear.

"Alas, mum," he said, "it wouldn't be any good. They ain't old enough to work yet."

Life's Dream.

Life is but a light dream, which soon vanishes. To live is to suffer. The sincere man struggles incessantly to gain the victory over himself.—Napoleon.

A contemporary mentions that Trotsky is still in Russia. So long as he remains still, that's all right.

The Best Medicine She Ever Took

So Says Miss I. Charbonneau of Dodd's Kidney Pills.

Ontario Lady is very Enthusiastic and Gives Her Views About Dodd's Kidney Pills.

Ottawa, Ont., Jan. 11th, (Special) —"I was feeling very bad all over," says Miss I. Charbonneau, who lives at 201 Wilfrid Street.

"My head and back ached, my legs felt as though they were made of lead and my sight was bad. I felt tired all the time. A friend of mine told me to get and used your Dodd's Kidney Pills told me to try them. I took three boxes and they have made a new person out of me. I felt better after taking the first box and have been perfectly well ever since. Dodd's Kidney Pills are certainly the best medicine I ever took and I highly recommend them to anyone suffering with their kidneys."

It is undeniable that people who have used Dodd's Kidney Pills are enthusiastic in recommending them to others. That is how Dodd's Kidney Pills have built up and maintained their world-wide reputation.

How Cabinet Has Grown.

George Washington had only five cabinet officers—a secretary of state, a secretary of the treasury, a secretary of war, a postmaster general and an attorney general. A secretary of the navy was added under John Adams, a secretary of the interior under Taylor and a secretary of agriculture under Cleveland. The department of commerce and labor was created in 1903, under Roosevelt, and the department of labor was made separate under Wilson in 1913.

Possible Granary.

The harvesting of the corn crops in Venezuela commences in September or October. In most sections of the country only one crop is raised annually, though with irrigation there could easily be two. Most of the corn raised in Venezuela is white, and the market for this is not so good in the West Indies as for the yellow varieties. In case of any deficit in the corn crop in the United States, Venezuela might well be considered as an available source of supply.

Metric Denominations.

The metric denominations and values for measures of capacity are as follows: Kiloliter or stere, 1,000 liters, equals one cubic meter; hectoliter, 100 liters, equals one-tenth of a cubic meter; dekoliter, ten liters, equals ten cubic decimeters; liter, equals one cubic decimeter; deciliter, one-tenth of a liter, equals one-tenth of a cubic decimeter; centiliter, one one-hundredth of a liter, equals ten cubic centimeters; milliliter, one one-thousandth of a liter, equals one cubic centimeter.

Cold Kills Fish.

It has been proved that sudden cold sometimes causes the death of thousands of fish in the shallow waters of the tropics and subtropics. Many species are so chilled as to become helpless, and are either killed directly by drowning or are washed ashore in a comatose state. The phenomenon is known locally as "freezing," although the temperature of the water may be several degrees above the freezing point.

Don't Do It.

It is bad manners and bad business etiquette for two employees of the same office to discuss the personal affairs of fellow workers or of their employer. Almost every worker is in possession of some private information as a result of his work, but that should be regarded as a trust not to be betrayed. It is also bad manners to inquire as to the wages or the particular duties of fellow workmen.—Biddy Bye.

Fireless Cookers That Are Safe.

Recently the national board of fire underwriters issued a caution against using wooden pails or tubs to make home-made fireless cookers. To eliminate the danger of fires from these valuable fuel savers, the department of agriculture advises using ground cork or vermiculite in place of hay, straw or wool for packing in them. Additional safety may be attained by making the cooker from a tin can.

Charles Carroll.

Charles Carroll was the last to survive of the 57 men who signed our Declaration of Independence. He lived until 1832, having reached his ninety-fifth year. He was the most eminent of the four men from Maryland, and was of Irish descent. The first member of the family to come to this country being also named Charles Carroll, who left England in 1689.

Separating Photograph From Mount.

When a photograph is pulled away from its mount, after being sufficiently soaked in water, the surface of the print may be injured by the bending. This can be avoided by laying the print flat on its face and pulling away the mount, stripping it away in several layers if necessary.—Popular Mechanics Magazine.

Keeping Cut Flowers.

Most kinds of cut flowers will keep for a long time if they are completely immersed in water. Place the blossoms in bowls of water every night, and take them out and rearrange them in the morning. The flowers will often appear as fresh as if they had been newly gathered.—Popular Mechanics Magazine.

Another American Triumph.

Soothes Pain

in a gratifying manner. This rare herbal balm, by its penetrating healing action, will quickly rescue you from chaps, chilblains, and all inflammatory pain produced by the weather.

There is nothing like Zam-Buk for healing raw bleeding cracks in the skin, and ending the torture of Winter skin ailments.

Hands, arms, and feet, or any part exposed to the weather should all be rubbed over daily with Zam-Buk both as a preventive or as a corrective.

Grows New Skin

Miss Bessie Stroyan, of 1 Hansford, N.S. writes:—"I suffered terribly with chapped hands. They became cracked and bleeding, and the pain was so intense that I could not put my hands in water. As soon as I commenced using Zam-Buk the pain and smarting ceased almost at once, and I continued until my hands were entirely healed with new skin."

Academic Dress.

Academic dress is a sort of scholar's badge consisting of gowns, hoods and caps, copied or adapted from styles long prevalent in England, the combination of articles being so arranged as to indicate the degree or academic status of the wearer. The code was formulated by an intercollegiate college commission chartered by the University of New York and has been adopted in many American colleges. They are three distinct types of gowns and hoods—the doctor's, the master's and the doctor's. The bachelor's gown is most commonly worn and has long pointed sleeves; the master's gown has long closed sleeves with a slit through which the forearm protrudes; the doctor's gown has velvet bars on round open sleeves and velvet facings down the front. Caps worn with such gowns are the regulation mortar boards with black silk tassels.—Philadelphia Press.

Remembering Faces.

Hotel clerks have a way of reviewing guests as soon as they sign a register. The most successful hotel keepers have to have this power of refreshening the faces of their guests and almost them or they would soon lose their custom by the mistakes they would make.

Bank cashiers carry in their memories the faces and signature of most of the customers of the bank.

Detectives, too, get into the habit of remembering the faces of every one with whom they have to deal, whether criminals or not.

"I don't think I have ever forgotten a customer," a clerk in one of the big safe deposits recently said. "There are hundreds of safe deposit boxes rented in our vaults, and I can generally remember, without referring to our books, the name, number and pass word of each customer."—Exchange.

Charley Horse.

"Charley horse," dreaded by ball players, is an ailment consisting of displacement and stricture of the muscles of the leg, often the sartorial muscle. The trouble is commonly brought about, not by running, but by quick stopping at bases. The player who "stops on the fly" is almost certain to acquire the ailment in a short time. The overworked muscle, slipping out of place, knots itself into a great lump and exerts pressure on the surrounding muscles, producing lameness.

Massaging will bring the muscle back to place, but the trouble returns at the next serious strain.

When you see a player make a long slide which appears unnecessary, the reason is that he prefers to scrape off a little skin rather than take chances on "horsing" himself by stopping standing up.—Exchange.

Great Rejoicing by Rheumatic Cripples

If So Crippled You Can't Use Arms or Legs, Rheuma Will Help You or Nothing Can Pay

Get a bottle of Rheuma to-day and wear a satisfied smile on your face to-morrow.

It's a remedy that is astonishing the whole country, and it's just as good for gout, sciatica, and lumbago as for rheumatism.

It drives the poisonous waste from the joints and muscles—that's the secret of Rheuma's success.

But we don't ask you to take our word for it; go to Wallace's Drug Store or any druggist and get a bottle of Rheuma to-day; if it doesn't do as we promise get your money back. It will be there waiting for you.

M. A. SILLS, Clerk.

WISE AND OTHERWISE

Mother—"Now, Bobby, don't let me speak to you again."

Bobby—"How can I stop you, mummy?"

She (discussing cost of living)—I'm sorry for any one who gets married these days.

The Bride—Why "these days"?

Protect the child from the ravages of worms by the use of Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

Policeman of a motorist at Kingston: When I told him that his speed was thirty-six miles an hour he said, "Call that excessive! I call it loitering."

A Prime Dressing for Wounds.—In some factories and workshops, carbolic acid is kept for use in cauterizing wounds and accidents caused by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Eclectric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

Policeman at Tottenham of a man accused of drunkenness—He walked into the police station?

Man—Yes, safety first. If I had done on I might have walked under an omnibus.

Muscular Rheumatism Subdued. — When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Eclectric Oil. Let the rubbing be brisk, and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

Wearing a bunch of shamrock in her hat, a woman pleaded that she had taken some rum to keep out the cold, and being previously a teetotaller, she had taken an overdose. "It cured the cold, but upset my memory," she added naively.

Choked For Air. Some little irritant becomes lodged in the bronchial tubes, others gather, and the awful choking of asthma results. Nothing offers quite such quick and positive relief as Dr. J. D. Kellogg's Asthma Remedy. The soothing, searching smoke or vapor penetrates, clears the passages and gives untold relief. It has behind it years of success. It is the sure remedy for every sufferer.

Sybil—"Why are you engaged to four men at once?"

Theresa—"Well, Dick has such a lot of money, Fred is a heavenly dancer, Walter is a marvel at lovemaking, Roy—well—I think I'm going to marry Roy."

Many infants are infested by worms which cause great suffering, and if not promptly dealt with may cause constitutional weakness difficult to remedy. Miller's Worm Powders will clear the stomach and bowels of worms and will so act upon the system that there will be no recurrence of the trouble. And not only this, but they will repair the injuries to the organs that worms cause and restore them to soundness.

One of the most prominent clergymen in Canada, who had much to do with the union of Churches in the Dominion, tells an amusing story.

The Prince of Wales, when in Canada, was asked how his brother, the Duke of York, played golf. "When he plays," replied the Prince, "there's no question of replacing the turf. You have to return the place."

ANNUAL MEETING VICTORIAN ORDER OF NURSES

At the annual meeting of the Napanee Branch of the Victorian Order of Nurses for Canada, held in the Public Library, on Tuesday evening of last week, the annual reports were read, and the same Officers and Board were re-elected for the ensuing year.

The Social Service Committee, which meets in the Salvation Army Barracks on Monday afternoons, is a sub-committee of the Board of the Victorian Order of Nurses. It is organized to care for cases of want coming to the attention of the Victorian Order Nurse.

Under the provisions of the charter of the V. O. N. this committee is directly responsible to the local Board.

Madam President, Ladies and Gentlemen.—I beg to submit the Secretary's Second Annual Report of the Napanee Branch of the V. O. N. for the year 1925.

Last March our Nurse, Miss H. B. Gardner, resigned, and Miss A. R. Barclay was sent as a substitute until a qualified nurse could be engaged. In October Miss M. Robertson reported for duty, at a salary of $1500 per year.

Charge for nursing visit 75c. maximum. The Metropolitan Life Insurance Co. allows to all policyholders, 75c. per visit and an additional 25c. per infant.

Officers for 1926:—

President—Mrs. F. F. Miller.

1st Vice President—Mrs. W. H. Milsap.

2nd Vice President—Mrs. A. I. Harshaw.

3rd Vice President—Mrs. E. J. Corkill.

Secretary—Mrs. G. A. Thompson.

Treasurer—Miss M. L. Leamy.

The Executive Committee consists of the Officers and the Board, which includes the Captain of the Salvation Army, the Clergy, and three representatives from each church and from the Army.

During the past year there were two public meetings and ten Executives. The average attendance at the Executive meetings was nine.

On the retiring of September 11th Miss E. Smellie, Chief Superintendent of Canada, was at welcome visitor, and addressed a public meeting in the Town Hall. Miss Stevenson, Supervisor, made two visits during the year and reported the V. O. N. work as satisfactory. The Metropolitan Life Insurance Co. sent a representative to look over the work.

The work done by the Nurse includes bedside nursing, child welfare, school inspection and instructive health work.

Funds were raised by a general canvas of the town, bandaging, and a grant from the Board of Education.

The Child Welfare Clinic has been well attended, and is a most important branch of the Nurse's work.

A very feature of the year was the forming of a Social Service Committee, which meets each Monday in the Salvation Army Barracks, and with many helpers, sews for the needy.

In May, our President, Mrs. F. F. Miller, attended as a delegate to Ottawa, the annual meeting of the Board of Governors and gave a full return, gave a delightful synopsis of the different sessions.

It is with regret that we report the passing of one of our beloved members, Mrs. Mary M. C. Boorn, who was ever ready and willing to do the work assigned her.

We extend our thanks to the Nurses who have worked so faithfully during the year; to the Salvation Army, the Churches, I. O. D. E., and Red Cross Society, the Board of Education, Town Council, Board of Public Library and the kind Secretary, Miss Edwards, the Medical Profession for courtesy to our Nurses, the Convenor of the Social Service Committee and of the Finance Committee, and to the Press for publishing the notices without fee. Special thanks is given to Mrs. Perry Detlor for arranging the Nurse's calls; and to all who in any way helped to make the Order a success.

SARA H. THOMPSON,
Secretary.

Napanee, Jan. 5th, 1926.

The following is the annual report of the Social Service Committee of the Napanee Branch of V. O. N.:

Assisted Adults 129, assisted Children 114; total 243.

There were donations received to the amount of $147.8, amount spent on materials $3.30; leaving a balance of $117.45.

Two donations of Flannelette, 10 yards by each donor, was given, a total of 20 yards.

A donation of Somespun was made into two dresses for children, 11 and 9 years respectively.

Sixteen meetings have been held. At these meetings 176 ladies have attended.

Submitted respectfully,
CAPT. FLORENCE MILNER,
Secty. Treas.

The Duty of a Woman

Is to Tell Her Ailing Sisters How New Health Can Be Obtained

"The duty of one woman to another is to tell her. But the wrong advice is worse than no advice at all."

"That", says Mrs. Florence Glebe, 311 Royal Apts., Merrick Street, Hamilton, Ont., is why I feel it my duty to give women a little information concerning Dr. Williams' Pink Pills for Pale People. In the first place I may say that I am a graduate nurse of one of our Hamilton Schools of Nurses, having had a number of years' experience in nursing nervous and other cases of women.

"I may state that for the last three years I have not been feeling as I should. I have been under the care of our physician. He informed me that I would not improve until I took a change of climate. My symptoms were that I was tired out easily, pallid, short of breath. On going upstairs I had a rapid heart action and a weak feeling. If I entered a warm room I became hot and clammy. Black specks would float before my eyes, and I had sharp pains in my head. I did not sleep well at night and would toss around in bed. My appetite was fickle and poor. I tried a number of medicines that were advertised, with no good results. I began to feel despondent as when I met friends they would say, 'My, you look terrible.' I lost in weight and in spirits. My husband came home one evening asking, as he usually did, how I was feeling, and at my answer said, "Well, try these," and he handed me a box of Dr. Williams' Pink Pills. He said try them anyhow, they may help you. I felt like a different person. I could hardly realize it myself. People I met would say, "Why, you look splendid. What have you been taking?" My reply would be that I had been taking Dr. Williams' Pink Pills, and their answer usually was, "Well, they certainly have helped you." I now sleep well and eat well. The terrible sharp pain has left my head. I do my work and feel tired up. My color has returned, and the pills have given me new vitality. I am deeply thankful that my husband brought me the first box of Dr. Williams' Pink Pills. I will gladly tell anyone what these pills did for me and you have full permission to publish this statement in the hope that my experience may help someone else."

If you will send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., a little book, "Building Up the Blood," will be sent you postpaid. This little book contains many useful health hints.

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Building a Small House.

When the prospective owner of a small home determines at last to build the home to which he has been aspiring for, perhaps, many years, he fixes the consideration with the realization of a complex problem—the necessity of harmonizing the ideal that has formed it his years of anticipation with the stern realities of the actual building. Concisely stated, his problem is this: To combine the five desiderata—space, charm, distinction, utility and comfort —with the sixth, economy, within the apparently limited allowance of the small house. Sometimes he succeeds in this. Generally he yields to the difficulties presented and sacrifices one or more of the desirable qualities—thankful to get a finished house after all the dissension ensuant with building progress. When, however, a home builder succeeds in the combining of all these qualities in the construction of his house the achievement is worthy of record.—Raymond Comstock in Countryside Magazine.

Never Eat What You Dislike.

I am constrained to protest against the advice given mothers to oblige their children to eat food which they dislike. Most grown people have their likes and dislikes, and if it were punishment to them to eat a despised article how much more so it is to a child to whom small troubles loom as tragedies! The child's distaste should not be discussed, simply ignored until he has forgotten how much he hated a certain article. There are so many good and nourishing things that if one is at all disliked how much better to substitute something else, thereby avoiding issues and friction, which every one knows are harmful to a child's nerves and health and disposition as well. And, as for letting a child go without his needed nourishment till next meal if he refuses one article, the injustice of it is too apparent to need comment.—Woman's Home Companion.

Big Guns Not New.

Modern howitzers and siege guns are giants of destructiveness, yet, making allowance for time and experience, we must still admire the good old burghers of Ghent, who 500 years and more ago turned out an iron "bombarde" that weighed thirteen tons. This prototype of the up to date siege gun had a bore twenty-five inches in diameter. Cast at Ghent, it was fired a granite ball that weighed 700 pounds.

Bronze guns as big were cast half a century later at Constantinople. And when only a little over 100 years since an earlier British fleet was fighting its way into the Dardanelles these big guns crippled six of the English men-of-war and killed or wounded 120 of those on board. One gun of this type weighed eighteen and three-quarter tons, had a twenty-five inch bore and fired a 672 pound stone shot.

Origin of the Gypsies.

When the gypsies first appeared in England in the fifteenth century the name gypsy was given to them by the English people, who believed them to have come from Egypt. The French, by a similar mistake, called them Bohemians. But a careful study of this race, and especially of their language, shows that they came originally from India. The gypsy language is derived from the Sanskrit, as are the other Aryan languages of India. A similar error was made by the English when they called a diminutively American bird a turkey, under the impression that it was an importation from the Ottoman empire, and by the French when they called the same bird coq d'inde, believing that it came from India.—Christian Herald.

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the rest, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

OBITUARY

Charles Shorts.

On Saturday, January 9th, 1926, there passed away at his home in Newburgh one of the oldest and most respected residents of the village in the person of Mr. Charles Shorts. Had he lived until February 27th he would have completed 72 years of life. He was a charter member of the Prentice Boys, which disbanded a few years ago, and a member of the Independent Order of Foresters.

Mr. Shorts was one of ten children of the late Nelson and Rachel Shorts, descendants of U. E. Loyalists, and lived all his life in Newburgh, having been born in a house still on the site where the Shorts blacksmith shop now stands. He had been ill for some time with an affection of the heart.

Besides his widow he leaves two sons, Fred, of Newburgh, and Robert, of Windsor, and one daughter, Mrs. Jarrell, of Chatham. Also two sisters, Mrs. Bowman and Mrs. Hiltzenbargen, of Utica. One son, Roy, was killed overseas.

A large number of friends and relatives from Napanee and surrounding district attended the funeral, which was held at the family residence on Tuesday afternoon. The services were conducted by the Rev. T. H. P. Anderson, who spoke from the 14th chapter of John: "In my father's house are many mansions." Rev. A. H. Hoare also assisted in the service. The choir assisted in the singing. As the funeral cortege left the home, "What a Friend We Have in Jesus" was sweetly sung by Mrs. J. Ramsay and Mrs. Scott. The large number present and the display of flowers bore silent testimony to the esteem in which deceased was held. The community sympathizes with the family, particularly with Mrs. Shorts, who has been in poor health for some time.

BONSPIEL AT NAPANEE

Eleven Teams of Curlers, Representing Belleville, Kingston, Colborne, and Napanee Took Part.

The rinks of the Napanee Curling Club, on Tuesday and Wednesday, were the scene of an important sporting event, and some fine exhibitions of excellent curling were given by the teams of Belleville, Kingston, Colborne and Napanee Curling Clubs, which participated in the first Bonspiel of 1926.

The grounds, verandah, exterior and interior of the Club House and rink were beautifully decorated with evergreens, flags, bunting and colored lights. A hearty welcome was accorded to the visitors; and so that the play might not be interrupted during the progress of the bonspiel, a continuous lunch was served.

Handsome prizes for the victorious teams were provided by the Napanee Curling Club. Following is the result of the play :—

INDOOR BASEBALL

St. Pats 30, Trinity 13.

The Napanee Inter-Church Soft Ball League got away to a good start on Tuesday evening, before a crowd of four hundred fans, when St. Pats defeated Trinity by 30-13.

The Pats teams were strengthened by the addition of several new players, and fast batting order adopted.

B. McGuire twirled a fine game, "fanning" twelve men, and batted well. Irene Embury did the receiving in old time style and weilded a very heavy bat. M. McGuire turned in a fine game at his new fielding berth faultless, while Agnes Cavanaugh covered 2nd in fine style. S. McGuire played the short field, but her batting was wasn't up her in the limelight. Veronica Gleeson played her usual stellar game at 3rd, and her batting was good. Marion Embury turned in one game at "short" and her fielding was faultless. L. Killorin, E. Murphy and B. Brady did fine work in the outfield, and batted well.

Trinity were away off form, making many errors on balls they usually would have gobbled up, and appeared weak at bat. Winnie Drake held up Chris. Taylor as good as could be expected, but the latter was away off form. Mil. Rikely at 1st, was a hard worker, and the Dickson sisters tried hard around 2nd, but were outlucked several times. Marjorie Huyck played her usual heady game at 3rd, but appeared off form at bat. Nina McKim played well at short, making many fine stops, and batted well.

The outfielders, Dorothy Laverne, Kathlyn Woodruff and Helen Drake played fine games even though behind in the collumn.

Messrs. J. L. Murray and Harry L. Babcock officiated.

"B" Co. 17, Iron Works 13.

On Tuesday evening, "B" Co. defeated the Iron Works by 17-13. The two teams were evenly matched, and the game was a good one. "B" Company was out.

Kirby and O'Connor formed a most formidable battery for the Iron Works, and both weilded heavy bats. Wallace Roy looked good on the mound, playing at 1st. while Bill and Jack Daycott fobbled up everything around 2nd. Carl Gerow turned in a fine game at 3rd, and the Gmass Brothers and Eddie Calver caught everything in the field.

Murray and Bentley look better every time they play, and are certainly a fine battery for "B" Company. The infield composed of Harry Babcock at 1st, George Reid 2nd, Everett Fraser 3rd, and Claude Fraser 1st, worked like a well oiled machine and welded heavy bats. Claude MacDonald, Mac Herrington and Cecil Harrison lived up to their reputations as first class outfielders.

Messrs. Harry Skitch and Ambrose Killorin gave a fine exhibition of refereeing.

Two new teams have entered the Inter-Church Softball League this week, St. Andrews and the Church of England.

The three McGuire sisters wonderfully strengthened the St. Pats team in the game on Tuesday.

Eleanor Yourex, of Trinity, has transferred to the Church of England team.

Grace Church girls are thoroughly re-organizing their team for the league match on Tuesday with the Anglicans.

Trinity girls have chosen red and black for their colours, and will soon be seen in their new jerseys.

BOXING.

On Thursday, January 14th, Fred Brett, of Napanee, will box H. Botting, of Classics in Toronto. Brett is representing the Reliance Club, and is well known for his pugilistic powers around Napanee. All the boxing fans of Napanee join together in wishing him the best of luck in his bout in Toronto.

NAPANEE WOMAN'S INSTITUTE

The regular meeting of the Napanee Branch of the Woman's Institute was held in the classroom of the Department of Agriculture, on Tuesday afternoon, at 2.30 o'clock, with ninety members present.

After singing the Opening Ode, the minutes of last meeting were read and approved. The chief business was in arranging for the second annual "Mother and Daughter" Banquet, to be held in the Masonic Hall, on January 28th, when Dr. Annie Ross, M.D., Lecturer on Physiology, Psychology, Home-nursing and Child Study at Macdonald Institute, Guelph, will be the chief speaker.

Mrs. Wagar read a very interesting and carefully prepared paper on "Current Events."

Mrs. W. S. Herrington gave a demonstration on winter salads, producing two very tempting plates of salads, a vegetable and a fruit, telling how each was made and the oil dressing used on them.

The Roll Call was responded to by "Don'ts for the Sick Room", and the meeting closed by singing the National Anthem.

MOSCOW WOMEN'S INSTITUTE

The regular meeting of the Moscow Women's Institute was held on Jan. 13 at the home of Mrs. R. Asselstine, a large number of members and several visitors being present.

The meeting was opened by singing the ode, then repeating the Lord's Prayer.

The roll call was answered by "The Christmas present I most appreciated."

The Secretary then read the minutes of the last meeting and gave a very gratifying report of the sale of Christmas articles held in December, from which a substantial sum was realized.

Plans were discussed re the raising of money to be used in building a Community Hall. Many good suggestions were offered and will be acted upon.

A contest, in which every one took part, was a pleasing feature of the programme. Mrs. C. Amey won the first prize.

Gramophone selections and community singing were enjoyed by all.

The meeting closed by singing "God Save the King."

A delicious lunch was served by the committee in charge and a social half hour spent.

HEAT FOLKS

Even life-long habits can be changed. People who have been burning Anthracite Coal all their lives felt as if they couldn't get along without it.

But the coal strike which descended on us last fall has made us change our heating habits.

Those who have begun to use our Burnside Coal and Solvay Coke find that their houses are just as warm as they were with Anthracite.

Don't let yourself be worried over the coal situation when the remedy is as close as your phone.

Anthracite in all sizes yet.

TOWN COUNCIL

The regular meeting of the Council was held in the Council Chamber on Monday night.

The members present were Reeve Graham, Councillors Dunbar, Fitzpatrick, Howitt, Roy and Simpson.

Mayor Ming presided.

A communication was received from the Secretary of the Ontario Good Roads Association in respect to a meeting of that body to be held in Toronto Feb. 24th, 25th and 26th, and requesting the Council to appoint delegates to attend the Convention. The membership fee for towns is $15.00. Filed.

Coun. Roy, Chairman of Fire, Water and Light, read the following report of that committee:—

Napanee, Ont., Jan. 18th, 1926.

A small fire occurred on Thursday last, on Thomas Street, and it certainly is gratifying to know that our fire apparatus is efficient and prompt. From personal observation on that day, the Reo truck was only two minutes until it was ready and the engine running, with the driver in his place waiting for two firemen to go with it, and at the outside we do not think it was more than five minutes

We would recommend that some means be taken whereby a record could be kept of the lights which are out.

ED. J. ROY, Chairman.
W. H. DUNBAR.
W. M. HOWITT.
Fire, Water, and Light Committee.

On motion the Town Property Committee was instructed to bring in a report on the cost of repairs to the Fire Hall.

A By-law was passed, appointing Mr. P. Gleeson a member of the Board of Education.

In the matter of the appointment of a Town Treasurer to fill the office left vacant by the death of the late Treasurer, E. S. Lapum, Reeve Graham was of the opinion that the acting Treasurer, C. H. Lapum, should be appointed, on account of his knowledge, competency and experience in affairs connected with the Treasurer's office.

Coun. Simpson supported the Reeve in the appointment of Mr. Lapum. He thought the latter fully competent, also that he was familiar with the work, which would seriously handicap a new man.

The By-law appointing a Treasurer was passed, with the name of C. H. Lapum inserted in the blank. Salary, $550 per year.

A delegation from the Public Library Board waited upon the Council their object being to secure an increased grant for this year. Mr. W. S. Herrington acted as spokesman for the delegation, and made it clear that the Library Board would have to get more money from the Council than they have been getting, or else stop carrying on. He stated other towns the size of Napanee, where from $1000 to $1500 had been granted the Public Library in those places.

Mr. Herrington itemized the proposed expenditure and placed the Council's liability at $750.00. This amount, he said, was the minimum.

Coun. Simpson moved, seconded by Coun. Dunbar, that $750.00 be granted the Library Board, and that provision be made in the estimates to raise this sum. Carried.

Coun. Fitzpatrick, Chairman of Poor and Sanitary, reported that he had started to take an inventory of those dependent upon the town, that he would make a thorough investigation and the needy and any reported case of distress would be looked after.

Accounts.

The following accounts were ordered paid:—

D. R. Wilson, supplies for Police Department	$3 75
J. M. Graham	1 00
Wallace's Drug Store	1 28
C. A. Anderson & Son	2 00

An account of F. E. Vanluven, for coal, $34.55, was referred.

Council adjourned.

MOSCOW

Much sympathy is felt for Mr. Alex. Curl, his wife having passed away, after a short illness of pneumonia.—There is an epidemic of measles in the neighborhood, and many houses are quarantined.—Mr. and Mrs. E. VanLuven spent the week end in Kingston.—A pleasant afternoon was spent at Mrs. R. Masselstine's, on Thursday last, when the Women's Institute held their regular meeting. After the business programme was over, a contest caused much merriment, three of the members guessing correctly.—Mrs. James Kerr entertained a number of friends on Wednesday evening, and Mrs. Cline and brother entertained on Friday evening, a number to tea.—Mr. and Mrs. Cramer spent the week end at Mr. J. Bell's, the former attending the cheese meeting on Saturday.

Mail Orders promptly filled at Wallace's Drug Store.

"JIM" AND "TED"

You have read about Glen Island,
But much more might be said;
There's the famous James E. Johnson
And his favourite Spanish Ted.

Jim's native town is Napanee,
I am told it's down the page;
It's a place I never heard of,
But they say it's on the map.

Jim comes here every summer,
And he stays the season through,
Then he returns to Napanee,
When there's nothing else to do.

Jim is an early riser,
And from daylight until dawn;
With a chew of old Napoleon,
He hasn't time to yawn.

He meets all boats and launches,
And always wears a smile;
And when he gets a dollar tip
You can hear him yell a mile.

He takes around the water
And delivers all the ice;
He gathers up the rubbish,
And makes the place look nice.

He has a little work-shop
At the rear of Tumble Inn
But to describe his duties
I really can't begin.

He looks after all the cottages,
From "Woolin" to "Belvedere";
He takes down all the shutters,
And puts them up each year.

Jim is a faithful fellow
He doesn't care to roam;
But with his good wife, Emma,
He retires at Island Home.

—M. J. Dewey,
Glen Island.

Nights of Agony come in the train of asthma. The victim cannot lie down, and sleep is driven from his brain. What grateful relief is the immediate effect of Dr. J. D. Kellogg's Asthma Remedy. It banishes the frightful conditions, clears the passages, and enables the afflicted one to again sleep as soundly and restfully as a child. Insist on the genuine at your nearby druggist.

How All Mothers Can Keep Health

Cares of Home and Children Often Causes a Breakdown.

The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution. It is no wonder that the woman at home is often indisposed through weakness, headaches, backaches, and nervousness. Too many women have grown up to accept these troubles as a part of the lot of motherhood. But many and varied as her health troubles are the cause is simple and readily found. It is rich, red blood that keeps a woman well; when she is ill the blood is thin and watery, and she must take a tonic to enrich it to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one sure way to get this rich blood so necessary to health, and that is through the use of Dr. Williams' Pink Pills. Mrs. Henry Burke, Lower L'Ardoise, N.S., tells what these pills did for her. She says:—"I first used Dr. Williams' Pink Pills five years ago. After my baby was born I did not regain my usual health. I felt weak, miserable and always tired so I started taking Dr. Williams' Pink Pills. After taking five boxes I felt like a new woman. Ever since that time when I feel tired and overworked I take this treatment and always with great benefit. I have proved them to be a splendid medicine for nursing mothers, and I always recommend them to others."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

GAMBLED WITH GRIM DEATH

Adventurers Who Sought Wealth in the Klondike Left a Ghastly Trail of Tragedies.

The old overland journey from Edmonton, Alta., to the Klondike was a trail of tragedies. A weather-beaten skeleton of an old wagon of the prairie schooner type, the woodwork rotted and only fragments of iron wheels remaining, recently was found in the rugged Liard river country. On a piece of tattered canvas that once had been the wagon cover, printed in black paint in letters a foot high half effaced by the rains and snows of years, were the words "Klondike or Bust."

Many stories are told by old-timers of the argonauts who found tragedy instead of gold on the north trail which began at Edmonton. Thousands of men from all parts of the world flocked to the town in 1898 during the Klondike rush. They outfitted at the Hudson Bay company two-story frame store which then was considered the greatest store in western Canada. Today, when the company has thrown open all its lands to farm settlement and is centering its energies on the fur trade and general merchandising, a big modern department store rises on the site of this ancient emporium in the heart of Edmonton.

Turning their faces toward the Yukon, the gold seekers struck out on a perilous journey of 2,000 miles across an untracked wilderness of forests, muskegs, mountains and mighty rivers. Of the thousands who started, only a few ever reached their destination. Many turned back disheartened to Edmonton. Many beat back to civilization by way of the British Columbia coast. Still greater numbers were swallowed up in vast unknown northern land never to be heard of again. They gambled with death who traveled that trail.

From time to time in succeeding years the bleaching bones of the adventurers who followed their dreams over the rim of the world, the battered relics of old camp outfits and the wrecks of wagons and pack saddles have been found in lonely northern places, grim reminders of the old days when men went mad for gold.

Omens of Good Luck.

It has been explained that we need to be prepared for bad luck, but that good fortune does not require to be guarded against.

All the same, it would certainly add to the cheerfulness of life in general if lucky omens were more widely known, says a writer in London Tit-Bits. How much brighter things look to us if we have reason to hope that something good is coming to us!

Everybody, of course, knows that it is lucky to pick up a bit of iron or coal. So it is to pick up a pin if its head is toward you; if not, let it lie.

It is a sign of good fortune to put on some garment inside out, but only if it is done by accident and the garment is allowed to remain reversed during the day. William the Conqueror put on his mail shirt back to front on the morning of the battle of Hastings, and we all know what luck he had on that occasion.

If one find worn keys or other steel articles rusting, do not be annoyed about it; it only shows that somebody is putting money by for you.

It is luck to be followed home by a stray dog. Still better is it if a strange cat comes to stay at the house. Speaking of cats, pessimists, of course, assert that when it tears the furniture with its claws it is a sign of rain; but others hold that she is "scratching luck" to her masters.

Female Trees.

After nearly twenty-five years of argument and discussion about the abatement of the cotton nuisance, the city commission of Albuquerque, New Mexico, has ordered the cutting down of all female cotton-bearing cottonwood trees within the city limits.

A large proportion of the shade trees of many western cities are cottonwoods, according to Propell in the American Forestry Magazine of Washington. The individual trees are of two sexes and the female trees bear annually a most prolific crop of cotton, which acts as a mechanical irritant to sufferers from hay fever, and which during the months of June and July litters the streets, screen doors and plastering with unsightly masses of soiled cotton.

Seek American Rule.

The people of the Virgin islands are begging to be Americanized. Now that they are under the American flag they have a right to be dissatisfied with the old Danish laws and customs. One of these makes it necessary for a man to have an income of $300 a year in order to vote. This law gives only about 300 people in the islands a chance at controlling legislation.

Strictly Correct.

Ernest and Henry go to a minister's home every day to do little odds and ends for him. One day Ernest would ask and said: "Mother, me and Henry were over to the minister's today." "Ernest," I said, "you should have said, 'Henry and I,'" to which he quickly answered, "Well, I got there ahead of him."

Get Him Worrying.

Tom—You don't really imagine that girls actually propose sometimes, do you?

Dick—Well, all I know is that this is leap year and some girls are getting married who never got married before.

A Power Of Its Own.—Dr. Thomas' Eclectric Oil has a subtle power of its own. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

ARDEN

(For last week.)

Arden is still on the map even though the correspondent has not written of late.—However, Christmas holidays passed off quite quietly, but everyone enjoyed a good time.—The Evangelist, Miss Morton, from Toronto, is holding her services in the United Church here. She seems to be getting along quite well in her work.

Mr. and Mrs. Chittam from Toronto, also Mr. Rose, are here visiting at the home of their sister, Mrs. Samuel Alexander.—Mr. Andrew Osborne has gone to Hamilton to see a Specialist, as his health has been poorly of late.—Mrs. Osborne, of Harrowsmith, spent a few days recently with Mrs. Andrew Osborne.—Mrs. Ross Barr has gone to Toronto to spend a few holidays with her brother, Mr. Fred Hall.—Mrs. R. M. Barr and daughter have returned to Toronto, after spending a couple of weeks the guests of Mr. and Mrs. J. J. Gendron.—Mrs. Walter Garry, of Elmira Heights, N.Y., is spending a few weeks with her parents, Mr. and Mrs. W. W. Pringle.—Another disastrous fire occurred at the home of Mr. W. Thompson, Elm Tree, on Monday evening of last week. The store, postoffice and dwelling were completely destroyed. Nothing was saved from the fire and the occupants were lucky to escape with their lives. Insurance covered part of the goods. Mr. and Mrs. Thompson and children have the sympathy of the whole community.—Literary meeting of this week will be held at the home of T. J. Alexander.—A dance was held at the home of B. Aubin on Friday evening. All report a good time.—Mr. Raoul Gendron spent the week end at his home here. His foot is had hurt some time ago, is getting along fine, and we hope he will soon be able to do without his crutches.—Born, to Mr. and Mrs. Cecil Bailey, nee Luella Hartwick, Toronto, on January 7th, a daughter.

CROYDON

(For this week).

The snow fall of Monday has made good sleighing, and the merry bells are heard once more.—A number attended the kitchen shower in Centreville hall on Wednesday of last week, in honor of Mr. and Mrs. Perry Arnott.—Those who attended the dance at Mrs. Miles's, on Friday evening, report it the best of the season.—Miss Agnes Aubin left for Toronto on Monday, where she has secured a position for the winter.—Mrs. Sweet of Close's Mills, is visiting friends and in Kingston for a few weeks, receiving treatments from Dr. Marcelle, Optometrist.—Mrs. Hebb, Sydney, entertained by Miss Marion Hudson, spent the week end with the parents of the latter, Mr. and Mrs. Fred Hudson.—A social evening was held Friday evening at Mr. Overton Quaife's, in honor of Miss Mamie Hudson and Rhinaldo Nolan, were Sunday guests at Mr. Alex. Hartzell's.—Miss Margaret Close, Bath, Miss Edna, and Mrs. Ed. Hannah spent Sunday at Mr. Arthur Carscallen's.—Miss Margaret Close, Bath, is spending some time with her nephew, Mr. Stewart Close.

Childhood Ailments

Can Be Quickly Banished With Baby's Own Tablets.

The ailments of childhood are many but nine-tenths of them are due to indigestion and are cause only—a disordered condition of the stomach and bowels. To quickly banish all the minor ailments of babyhood and childhood the bowels must be made to work right and the stomach made sweet. Baby's Own Tablets are a guaranteed remedy for these troubles. They banish constipation and indigestion; break up colds and simple fevers; correct diarrhoea and colic and promote healthful sleep by regulating the functions of the stomach and bowels. Concerning them Mrs. L. M. Brown, Walton, N.S., writes:—"I cannot speak too highly of Baby's Own Tablets as I have found them excellent for childhood ailments."

Baby's Own Tablets are sold by medicine dealers, or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ROD AND GUN

Still further improvement in the appearance and contents of the magazine, Rod and Gun is shown in the February number which has just been issued. There is a very good line-up of sporting reading material in this issue and good illustration is also a feature of the number.

The series of descriptive articles, A. Bryan Williams' Breezes from the West, and Raymond Thompson's In the Big Woods of Canada, continue with interesting instalments, while complete stories, fictitious, true and instructive, are of outstanding merit. A short sketch of Outdoor Life, from the pen of F. B. Doud, entitled October Days, is a gem of its kind. A poem of great merit, Nocturne of the Prairies, by David Howarth is also one of the features of the issue.

James Frise's cartoon in this issue is another masterpiece of humorous art with a flavor of the outdoors.

Rod and Gun is published monthly by W. J. Taylor, Limited, Woodstock, Ontario.

Winter Winds Will Not Chap

Campana's Italian Balm prevents chapping of the hands and face in Winter time. The cold wind evaporates the natural moisture of the skin, leaving it dry and shrunken. Campana's Italian Balm replaces this natural moisture. All druggists and departmental stores sell it. A special sample bottle mailed on receipt of 5c.

Humors of Indexing.

Quite as bad as the cryptic alphabetical headings under which important subjects are sometimes hidden in an index are the delusive cross references that lead to nothing. "See" under place," then "place, see gallmarking," then "hallmarking, see plate marks," and finally "plate marks, see silver plate," which brought him back to where he had started. The most curious freak of indexing in my experience, relates a correspondent, was detected in the course of revising and arranging a collection of obituary articles which had been neglected. I searched in vain for Queen Victoria in that index, though it was certain that her majesty's life was included in the collection. But neither under "Q" nor under "V" was it to be found. Finally it was discovered accidentally under "P"—The Queen!"—London Chronicle.

The Soft Answer.

"Yes, I'll take Jim's note for a hundred any time," said a banker when an offer to sell a note to the bank was made.

"I want to warn you, though," said the man in whose favor the note had been drawn, "that Jim is a good promiser, but a poor payer. I don't want you to have anything against me because of this note."

"Jim's honest, and I'll take his note for a reasonable amount any time," said the banker. "I had some trouble with him once over an overdraft, and it turned out that the bunk was at fault and that he had not actually overdrawn. I'll admit I was pretty nasty in my talk to him about it, because I was so sure the bunk was right. The average man under those conditions would have 'cussed' me out at least, but all Jim said, although he was madder than thunder, was, 'I don't see why your wife ever married you!'"

How the Milliner Got Even.

A local business man, who has a friend in a nearby town who is a milliner, told a story of how the latter once got "even" with one of the leading social lights of the place after she had tried to be unfair with him. The husband of the woman in question had had a bit of hard financial sledding, and during the "reconstruction" period she had to go light on clothes. So one day she had the milliner send up some of his best hats on approval, which he did. She sent them all back, but in a few days appeared on the street with a duplicate of the most expensive one of all, which she had evidently made herself. In that town there is a middle aged woman of uncertain mental qualities and unquestionable purity who is more or less of a town character. To her the milliner gave the order of the duplicate hat, much to the discomfort of the social queen, who apparently saw the point.

The Capitol Dome.

The capitol dome at Washington is the only considerable dome of iron in the world. It is a vast hollow sphere weighing 8,000,000 pounds. How much is that? Less than 4,000 tons, or almost the weight of 70,000 full grown persons, or about equal to 1,000 Indian cars of four tons each, which, if it strung out one behind the other, would occupy a mile and a half of track. On the very top of the dome the allegorical figure "America," weighing 13,985 pounds, lifts its proud head high in the air. The pressure of this dome and its supporting piers and pillars is 14,477 pounds to the square foot. It would, however, require a pressure of 752,280 pounds to the square foot to crush the supports.

Appropriate.

Lord Dunraven in his younger days, when he was known as Lord Adare, speculated in electrical ventures, but his success in this direction was not unfortunately equal to his enthusiasm. One day a certain well known wit was asked to give a title to one of his lordship's plays.

"Well," he answered, "why not call it Robin Adair?"

Mental Dyspepsia.

"'Reading maketh a full man,'" quoted the philosopher.

"No doubt that's true," replied the cynic, "but the result is not always satisfactory."

"Why not?"

"I've met a great many people in our time who were crammed full of undigested literature."

Russian Wolfhounds.

The swiftest dog in the world, the borzoi, or Russian wolfhound, has made record runs that show seventy-five feet in a second, while the gazelle has shown measured speed of more than eighty feet a second, which would give it a speed of 4,800 feet in a minute if the pace could be kept up.

The Unfailing Remedy.

Anxious Father—Can you tell what ails my daughter, doctor? She does not take enough outdoor exercise. Father—She does not feel like it. Doctor—True, so she needs toning up. Father—What do you recommend? Doctor—A new hat!—Exchange.

The Way of Pride.

Pride had just fallen.

"Well," he exclaimed as he shook the dust of the road off himself, "that was some fall, anyhow."

"GOOD OLD DAYS" RECALLED

Century-Old Ledger Unearthed in Marietta, O., Makes Some Rather Interesting Reading.

Marietta, O., in 1797 paid $400.04 for the maintenance of the government, according to a ledger just brought to light from its hiding place of many years.

December 28, 1797, was the date of the first entry in the book. Six years later Ohio became a state.

The county at that time was three times as large as it is today. The tax duplicate showed a total of $1,310. In the territory allotted to Washington county in 1797 were the towns of Marietta, Gallipolis, Middleton, Adams Waterford, Salem and Bellepree nos Belpre.

Six collectors were appointed, with headquarters in Marietta, and these men made their rounds in the "wild land" at the risk of their lives for a wage of $4.55. Indians surrounded the county, and in some instances the villages, so the tax collector was often lucky to return "body whole."

In 1798, according to the ledger, the district was divided into nine sections, instead of six, and nine collectors were chosen. Names of the men are given and their places of residence. The commission chose a board of three members and named a chairman in that year.

Meetings were held at the home of Joseph C. Lincoln, a Revolutionary war hero, and a member of the original Ohio company which settled in Marietta, the first town in Northwest territory.

Judges received 75 cents a day whenever they worked on the bench, the ledger records show. There were quarterly sessions and a judge for each session. Six cents a mile was paid a judge for each mile traveled. The foreman of the grand jury received 60 cents a day and the jurymen 50 cents and 3 cents a mile for travel to and from court.

Disbursements for advertising in Atlantic coast and New England town papers are mentioned in the ledger, showing advertising was a necessity in that day.

Roumanian Military Men Dandies.

The Roumanian, at least the city resident, is extremely fond of perfume, scented soap, rouge, cosmetics and other artificial aids to beauty. This applies not only to the women but to the men.

The average young Roumanian army officer is scented, powder-d, rouged and often, it is said, corseted! His habits mark him for a good deal of raillery on the part of foreign officers and visitors. In dress he is as faultless as a Beau Brummel and in manner as polite as a Lord Chesterfield. He is seen at his best on Saturday or Sunday afternoon on the Calea Victoria (the Fifth avenue of Bucharest).

Dressed in a sky-blue uniform, gaudily trimmed with red, high patent-leather boots with silvered spurs that clink musically as he walks, glistening sword at side, white kid gloves and many military decorations, he makes a striking figure.

Answered the Purpose.

The assignment in the English composition class at Selgio was the supplying of the feminine equivalent term when the teacher gave out the masculine term. All was going fine up to Jake with the answer duchess, marquis and—marchioness, but "lord" brought no answer until Johnnie stumbled on to his answer out of his everyday vocabulary—"lordy."

New Use for Photography.

The gas meters in New York are to be read by photograph. Meter readers employed by the gas company will be equipped with small cameras which fit over the indicator on the meter. By pressing a button light is thrown on the dial and exposure made, showing the amount of gas consumed since the last photograph.

Reopening Irish Copper Mines.

The old copper mines of Ardmore, in County Waterford, Ireland, are to start working again. Engineers state that the cliff still possesses rich lodes of copper ore, and the Drumm hills have workable deposits of coal. It is proposed to start work at once with 300 men.

Easy for Papa.

Little Joe's father had died and after the funeral Joe called his mother and asked: "Mamma, where is daddy?" "In heaven, dear," his mamma replied. Joe exclaimed: "Oh, then it isn't that nice; he can see all the ball games free."—Chicago American.

Puzzled at Sink's Thirst.

My little daughter, after watching me pour a bucket of water into the sink and seeing it disappear, said: "Oh, daddy, does the sink drink water, too?"—Chicago American.

Spain Wants Cotton.

To encourage cotton raising in Spain the government will give cash prizes to the foremen and laborers who most distinguish themselves in its cultivation.

To Be Expected.

"The doctor pronounced it a case of auto-intoxication."

"I don't wonder with the supply I saw under the back seat of his car."

Noisy Eruption.

From a story: "Yells of joy arose pierced up his throat."—Boston Transcript.

Montenegrin Cape Speak.

The Montenegrins carry on their caps a reminder of the history of their race, in the shape of a deep black border surmounted with five semicircles of gold. The black border is symbolic of mourning for the fatal battle of Kossovo, which shattered the Servian empire, while the five lines signify the five centuries which have elapsed since that event, and stand also as a sign of hope that one day the glories of the old Serb empire will be restored.—London Globe.

John Brown's Compass.

A compass, once the property of John Brown, who played a part in early history, is in the museum of the Kansas State Historical society in Topeka. John Brown used the instrument when he was living in Osawatomie, in the years between 1855 and 1858. During the Missouri-Kansas border warfare in those days, the story goes, the abolitionist leader used the compass in a series of surveying land, when in reality he was locating and mapping the camps of proslavery men.—Kansas City Journal.

Passports.

Passports are a very ancient institution. Some of the old monkish chroniclers mention as an achievement on the part of King Canute that he obtained free passes for his subjects through various continental countries, on their pilgrimages to the shrines of the apostles Peter and Paul at Rome. Each pilgrim was furnished with a document in the nature of a passport called "Tracturia de itinere Peregenta." Hall in his "Chronicle" makes reference to a system of passports in the time of Edward IV. and the enforcement of this system is known to have been very strict in the reigns of Elizabeth and James.—London Chronicle.

The Rhodum Sidus.

An amusing story told by Hood describes how a country nurseryman made a large sum out of sales of a simple little flower which he sold under the name of the Rhodum sidus. This charming name proved quite an attraction to the ladies, and the flower became the rage of the season. It was one of those freaks of fashion for which there is no accounting. At length a botanist who found that the plant was not an uncommon weed requested to know where the nurseryman got the name from. He elicited the following reply: "I found this flower in the road beside us, so christened it the Rhodum sidus."

First Colonial Assembly.

The first legislative assembly that ever met in America was at Jamestown, Va. Governor Yeardley, feeling that the colonists should "have a hand in the governing of themselves," to use his own language, called the assembly together at Jamestown July 30, 1619. It consisted of the governor, council and "burgesses," as they were called, chosen from the various plantations. The laws passed by this body had to be approved in England; but, in turn, the orders from London were not binding unless ratified by the colonial assembly. In 1621 these privileges were embodied in a written constitution, the first of the kind in America.

Fining English Servants In 1650.

Nan Newton, for breaking a teapot in Philip's chamber, 2s. 6d.

Richard Knight, for pride and slighting, 2s. 6d.

William Hetherington, for not being ready to go to church three Sundays, 10 shillings.

Thomas Birdall, for being at Nuneaton from morning to night, 5 shillings.

Cook, dend drunk, 10 shillings.

Anne Adams to be washmaid at Lady day. She went away the 25th of June for being wanton and careless. She lost five pairs of sheets and five pillowbeers, for which my wife made her pay £1.—Diary of Sir Richard Newdigate.

Japanese Needlewomen.

The daughters of the land of flowers sometimes outlove reverse European methods. They needle their thread instead of threading their needles, and instead of running their needle through the cloth they bold it still and run the cloth upon it. An English lady long resident in Tokyo once wrote to a friend that the impulse of her Japanese maids is always to sew on cuff frills and other similar things topsy turvy and inside out.

Two Important Matters.

"Now, Katie, do you know enough to keep your month shut?" asked the fashionable woman of the girl she was about to engage.

"Well, ma'am, I know enough to all right, but the question is, Do I get enough wages to encourage me to?"

Selfishness.

The selfish man suffers more from his selfishness than he from whom that selfishness withholds some important benefit.—Emerson.

Regrets.

For all we know, the gaudy butterfly may have moments in which it regrets the fine times it had as a caterpillar.—Puck.

Wisdom is oftimes nearer when we stoop than when we soar.—Wordsworth.

God sends a new duty to conquer each new pain.—Adelaide Procter.

IN MEMORIAM

In loving memory of my beloved husband, and our dear father, William Thomas Brand, who passed away five years ago to-day, January 18th, 1921.

Until the day break, and the shadows flee away.
—Wife and Family.
4a

IN MEMORIAM.

In sad but loving memory of John Mercy Lockridge, who departed this life on January 27th, 1914.

We often think of the days gone by,
When we were all together;
A shadow o'er our life is cast,
A loved one gone forever.
Sadly missed by Wife and Family.
4a

IN MEMORIAM.

In loving memory of my dear husband, Daniel Loucks, who died at Napanee, on January 20th, 1925.

One year has passed, and still I miss him.
One year of sorrow and of pain;
But still he dwells as fresh as ever
In my memory just the same.
Fond thoughts will linger around my grave,
And tears will often flow;
And to that sad and lonely grave
My thoughts do often go.
4ap —His Loving Wife.

IN MEMORIAM.

In loving memory of Clarence Eldon, beloved son of Mr. and Mrs. Roy Blakely, who died January 22nd, 1923.

Three long years have passed since that sad day,
God called the one we loved away.
Forget him? No, we never will,
As years roll on we love him still.
It is hard to lose the one we loved,
But God, who knoweth best,
Hath side His loving arms, and said,
"Come unto me and rest".
Sadly missed by Father, Mother, Brothers and Sisters. 4a

Conversing With "Ghosts".

Some scientists of real eminence have accepted the postulate of the individuality and self consciousness of the soul after the death of the body and have attempted to demonstrate their belief by asserting communication with these disembodied spirits Sir William Crookes, a profound deliver in chemistry pertaining to radio-activity, asserted years ago that he had communication with souls of dead friends, but for several years he has been silent anent this matter. Camille Flammarion, a rather speculative and sensational astronomer, declares that he has seen and conversed with the "ghosts" of dead friends. Professor William James, brother of Henry James, the novelist, promised before he died that if possible he would communicate with his friend Professor Hyslop, both eminent psychologists, but at last accounts the soul of Professor James had not spoken.—Exchange

Fangs of a Snake.

Examine the finest cambric needle under a high power microscope and its point will look rough and blunt. A snake's fang similarly inspected appears perfectly smooth and sharp. In each fang is a groove which connects by a tube with a sort of bag—the poison gland—just beneath the eye. When the snake strikes a muscular contraction simultaneously forces the venom out of the bag through the tube and along the groove into the flesh of the person attacked. Snake poison, generally speaking, has two distinct effects. It destroys in some mysterious way the fibrin of the blood, thereby causing the latter to behave as if diluted and to filter through the walls of the veins and arteries. In addition, it paralyzes the nerve centers and so affects the heart, sometimes bringing death by suffocation.

Pantomime Performances.

Most pantomime characters were originally borrowed from the Italians The first real English pantomime was produced at a theater in Lincoln's Inn Fields in 1720. It was called "Harlequin Executed," and its subtitle was "A New Italian Comic Scene Between a Scaramouche, a Harlequin, a Country Farmer, His Wife and Others." The performance was very successful About the middle of the eighteenth century the character of pantomime performances was completely altered chiefly because of the genius of the famous Grimaldi, who made the clown the first figure in the pantomime. Grimaldi first appeared at Sadler's Wells Theater, where he played for many years a monkey. He was actively engaged on the stage for forty-nine years.

THE ROBINSON COMPANY, LIMITED

The United Church

THE MINISTRY.

The following extract from the basis of Union sets forth the regulations governing the method by which ministers are to be secured in the new church and the training and supervision of students. The extract is important as a guide for all boards and those who have been accustomed to either the Methodist stationing system and the Presbyterian call system, and the new is an attempt to combine the best features of each. Next week this will be analyzed and the details of the system set forth. Time and again the writer has been asked if the former Methodist ministers will be moved this spring as they formerly were. A careful reading of the following extract will answer the question. But this whole problem will be discussed in next week's article.

"Recognizing the desirability of preserving the essence of both the settled pastorate and the itinerancy, the Joint Committee is of the opinion that a harmony of both principles is possible, and that the best features of both systems may be retained. We, therefore, recommend as follows:

1. The pastoral relation shall be without a time limit.

2. The policy of the Church shall be that every pastoral charge shall have, as far as possible, a pastorate without interruption, and that every effective minister shall have a pastoral charge.

3. There shall be for each Conference a Settlement Committee, consisting of ministers and laymen, and appointed annually by the Conference. On this committee each Presbytery shall be represented. It shall be the duty of this committee to consider all applications for settlement from ministers and pastoral charges within the district over which it has jurisdiction. For this purpose it shall meet annually before the meeting of the Conference next after that by which it was appointed.

4. A minister by his own action and a pastoral charge through its constitutional representatives may, by such a date before the annual meeting of the Settlement Committee as the General Council shall determine, seek a change of pastoral relation by means of an application through the Presbytery to the Settlement Committee. All such applications shall be in writing.

5. Any pastoral charge, in view of a vacancy, may extend a call or invitation to any properly qualified minister or ministers, but the right of appointment shall rest with the Settlement Committee, which shall report to the Conference for information only.

6. (a) When a pastoral charge about to become vacant at the end of the Conference year, fails to give a call or invitation within the time specified by the General Council, the Settlement Committee shall make the appointment.

(b) When a pastoral charge becomes vacant during the Conference year through death or other emergency, the Presbytery concerned shall confer with the charge itself or with its constitutional representatives, and thereafter may arrange a supply for the remainder of the Conference year.

7. The Settlement Committee shall also have authority to initiate correspondence with ministers and pastoral charges with a view to completing arrangements to secure necessary and desirable settlements.

(a) Any minister shall have the right to request the Settlement Committee to reppresent his case in regard to his appointment; and any pastoral charge or official body may also appear by not more than two representatives, properly authorized in opposition annually by the Conference members as a regular meeting, or at a special meeting of which proper notice has been given.

(b) When a minister chosen by a pastoral charge cannot be settled, the charge or its constitutional representatives may place other names before the Settlement Committee;

(c) While the right of appointment shall rest with the Settlement Committee it shall comply as far as possible with the expressed wishes of ministers and pastoral charges.

8. There shall also be a committee for the transfer of ministers from one Conference to another, which may be composed of the presiding officer of the General Council of the Church, who shall be the convener and chairman of the committee, together with the presiding officers of the several Conferences. This committee shall have authority to transfer ministers and candidates for the ministry from one Conference to another, in harmony with the plan outlined in sections 2-7.

9. The minister in charge shall be the presiding officer of the Session and of the Official Board.

10. Every minister or candidate for the ministry, duly appointed regular pastor to a pastoral charge, shall have the right to conduct services in the church, churches or other places of worship in connection with said charge; and the right of occupancy of the manse or parsonage in connection with said charge, subject, however, to the rules and regulations of The United Church.

Training for the Ministry.

1. No candidate for the ministry shall be received unless he has been first recommended by a session, official board, or local church.

2. The duty of inquiry into the personal character, doctrinal beliefs, and general fitness of candidates for the ministry recommended by sessions, official boards or local churches, shall be laid upon the Presbytery and such inquiry shall be repeated each year until they are recommended to the Conference for ordination.

3. (a) The attainment of a B.A. degree including Greek, to be followed by three years in the study of Theology, is strongly recommended by the Church. Before ordination every candidate shall spend twelve months in preaching and pastoral work.

(2) In cases where the B.A. degree is unattainable, there shall be two alternative courses, both starting from University matriculation.

(a) Three years, at least, in Arts, followed by three years in Theology. Before ordination every candidate shall spend twelve months in preaching and pastoral work.

(b) Two years' preparation under the supervision of a Presbytery, with appropriate studies, and four years of a mixed Arts and Theological course in college.

INCREASE YOUR EARNING POWER

How many people owe their advancement, their position, largely to their ability to talk well? It is worth every thing to the man or woman who would achieve more and be more.

Isn't it humiliating to be conscious of a GIANT power in your vocation and a mummy, a mere nobody, in society, so that you do not dare to open your mouth? Isn't it humiliating to be in company and be obliged to sit in silence while someone with one-tenth of your ability monopolizes the conversation simply because he or she has cultivated the art which you have neglected?

The world needs today men and women who possess convictions, who have the courage of them, and who know how to give vocal expression to them.

The BELMONT INSTITUTE OF COMMERCE has perfected a system of home study whereby a few minutes of your spare time daily will make you not only a powerful, compelling speaker, but it will also enable you to increase your vocabulary by thousands of words—make you a clear, accurate thinker—develop your originality and individuality—make your English grammatically correct—strengthen your ambition and will power—improve and train your memory—give you self-confidence, independence and authority—intensify your intellectual keenness—develop concentration and self-control—MAKE YOU MASTER OF MEN.

OBITUARY

Rachel McDonnell.

On Wednesday, January 6th, 1926, there passed away at her home in Sheffield Township, Addington County, one of its best respected residents in the person of Miss Rachel McDonnell. Miss McDonnell was one of seven children of the late Robert T. and Mary McDonnell, and lived all her life on the old homestead of her father. She was ill only a few days and died of bronchial pneumonia. Possessing an exceptional bright and cheerful disposition, she had won a large circle of friends, and her sudden death came as a great shock to them all. Deceased was an Anglican in religion and a faithful worker in the Guild and W. A. of Christ Church Tamworth, and was always ready to help any needy cause. During the was she was a diligent worker and giver, and did much for the cause of the soldier boys.

The funeral was largely attended, and was held on Friday, January 8th, from her late residence to Christ Church, Tamworth, where an able and appropriate sermon was delivered by Rev. J. A. Poston, Rector of Parish.

Miss McDonnell is survived by one sister, Mrs. Geo. Sagmore, Napanee, and two brothers, Alexander, on the homestead, and Robert, of Collegeville, Pennsylvania, U.S.A.

PRESENTATION TO DR. GLEESON

On Tuesday vening, a very pleasing event took place at the residence of Miss J. Greenan, Glenelg St., when Dr. Gleeson was the recipient of a presentation. A number of the friends of the Doctor were invited to spend the evening, and a few hours' social-intercourse were thoroughly enjoyed.

After a dainty lunch had been served by Miss Greenan, the guests assembled in the parlor, where the presentation of a beautiful set of walnut Windsor chairs and an end table was made to the genial Doctor. The presentation came in the nature of a surprise to Dr. Gleeson, who acknowledged the presentation in a neat address.

This was followed by the singing of "For He's a Jolly Good Fellow".—Lindsay Post, Jan. 20th, 1926.

Card of Thanks.

Mr. Alexander McDonnell and relatives wish to thank the friends and neighbours for their extreme kindness shown them during the time of Miss McDonnell's illness and death. 4ap

HOCKEY.

Napanee 10, Picton 2.

Displaying dazzling speed from start to finish, the local Intermediates easily defeated the Picton squad on Friday last by 10-2. The locals had the edge right from the start and thoroughly outplayed their opponents. The locals rained shot after shot on Croft, and finally Billy Houle, flashy right winger of the locals, let go a sizzling drive into the corner of the net. Three minutes later he duplicated, then Picton landed one. Houle landed another before the period ended. Score, Napanee 3, Picton 1.

The second period was scarcely under way when Houle bagged his fourth counter of the evening. The locals were combining nicely, and their speed was dazzling. Tommy Kirby, speedy centre man of the locals, let go a lightning-like drive that Croft failed to see, and the period ended 5-1.

During the last period the Shoemaker-Kirby-Houle combination treated the fans to some dazzling hockey. Time after time they combined the whole length of the rink to beat Croft. Kirby opened the scoring, when he grabbed Shoemaker's rebound, followed in a few moments by Shoemaker himself. This Shoemakery by the way, is one of the smoothest players who ever stepped on local ice. His judgment is uncanny at times and he is no puckhog. He always works for the interests of the team and never fails to pass the puck if anyone else has a better chance than he has. He certainly can stickhandle and beat the defence time after time. This is his third time out this year. The local subs played equally as well as the regulars. Johnston and Huffman each scored goals on neat plays, and McGarry turned in a fine game. Kirby added his third goal near the end of the game and Knapnan bagged Picton's final counter.

Everett Fraser, making his initial debut in intermediate ranks, turned in a fine game in the local nets.

Fred Bentley and Jim Naphin presented an air-tight defence; their blocking and rushing was a treat to watch.

Tommy Kirby was all over the ice. Talk about speed! That boy has speed to burn. And stickhandling! Wow! Why he just skated the Picton players in exhaustion and some didn't even try to follow him, because they couldn't anyhow.

Billy Houle turned in a fine game at right wing, bagging the first four goals.

Clinton Shoemaker was the young man with the eyeglass protector, who played left wing. That boy turned in one of the best games seen on local ice in quite a while.

Freddy Huffman and Harold Johnson did relief duty along with Mac-Garry. All three played fine games, the former two each counting once.

Croft, in the Picton goal, played a fine game, but spoiled his good work by unsportsmanlike actions. In the first period he knocked Huffman over, with his stick, and then refused to leave the ice when Referee Woodcock gave him two minutes. He was finally persuaded to leave.

Church and Burns turned in good games on the defence, but Church was guilty of the same unsportsmanlike action of Croft.

Stafford, Boyle and Young made up a fine forward line and kept up a good combination. Myatt, Knapnan and Brooks did relief duty and each turned in fine games. Knapnan scored the last goal.

Jimmy Woodcock certainly knows how to handle the bell. He was on top of every play, and gave a very impartial exhibition of refereeing.

The teams were :—

Picton — Goal, Croft; Defence, Church and Burns; Centre, Boyle; Wings, Stafford and Young; Subs., Myatt, Knapnan and Brooks.

Napanee—Goal, Fraser; Defence, Naphin and Bentley; Centre, Kirby; Wings, Shoemaker and Houle; Subs., Johnston, Huffman and McGarry.

Napanee has applied to the O. H. A. Executive for admittance in the place of Trenton in the O. H. A. Section 1, with Napanee, Belleville and Brockville. If the locals are accepted they stand an excellent chance of winning out. An effort will be made to keep Kirby here till a reply is received, and the locals will trot out one of the strongest teams that ever represented Napanee.

The Town League was to have gotten under way on Wednesday evening with a double-header, N. C. L. vs Gibbards, and "B" Company vs St. Pats. It is hoped that the League gets under way next week.

The boys at the N. C. I. have been training in basketball for the past week. Some games have been played and some likely material unearthed. Some of the new comers have shown real talent and some exciting games are looked for in the Inter-Form League.

The girls had the Gym for a week and put on games every night. The Gym was always crowded to the doors and the agents put on some fast exhibitions of basketball. This system is worked so as Miss McLaughlin can pick out players for the Senior and Junior teams of the N. C. I.

Deseronto 7, "B" Company 1.

"B" Company were defeated at Deseronto on Thursday by 7-1. The locals played without subs and had a hard time getting used to the open air rink. Their shooting was wide. The locals specialized in solo efforts, but were weak, defensively. Everett Fraser turned in a fine game in goal, but was given poor protection. For every one that beat him he turned dozens aside and rushed all several times to make spectacular saves. Fred Bentley and Fred Huffman turned in fine game on the defence, and got in some effective rushing. Huffman scored the only goal.

Jack Stewart, Andrew Cavanaugh and Cecil Walker turned in fine games.

Deseronto scored four goals in the last period during a heavy snowfall. Six pucks were lost during the game.

Deseronto presented a fast little team. They kept up a fine combination and their defence was air-tight.

The teams were :—

Napanee—Goal, E. Fraser; defence, Huffman saw Bentley; centre, C. Fraser; wings, Stewart and Walker; Subs., Cavanaugh.

Deseronto—Goal, MacDonald; defence, Perry and Brant; centre, Whitton; wings, Brennan and Cole; Subs., McVicker and Bruyea.

Cabinet Makers 5, Mechanics 2.

The Gibbard Industrial League got away to a good start on Saturday evening, when the Cabinet Makers defeated the Mechanics by 5-2.

The Mechanics had much the better of the play during the first period, and led by 1-0. E. Fraser scored the only goal. However, they went to pieces in the second period and the Cabinet Makers ran in three goals, two by Ralph Wilson and one by Dave Stinson. The third period ended 3-1 for Cabinet Makers.

Harry Sagar scored one for the Mechanics in the third period, but the Cabinet Makers added two more, one by Earl Sweet and one by Arnold Rogers.

The Mechanics couldn't get going during the second and third periods, while the Cabinet Makers kept a good combination throughout. The rival goaltenders turned in fine games each making some fine stops.

Richardson and Rogers made up a good defence and their rushing was good. Stinson, Sweet and Wilson made up a speedy forward line, and all three packed wicked shots. Garrison and Wagar did relief duty, and each got in some fine work.

A. Pybus and Harry Sagar made up a good defence for the Mechanics and each turned in fine games.

The forward line, E. Fraser, C. Fraser and G. Thompson turned in fine games.

Roy Moore, George Warner, Tom Moffat, Ted Bentley and Stan Parks served as relief men and each got in some effective playing.

The teams were :—

Cabinet Makers—Goal, Huffman; defence, Rogers and Richardson; centre, Sweet; wings, Wilson and Stinson; subs., Wagar and Garrison.

Mechanics—Goal, Bentley; defence Pybus and Sagar; centre, C. Fraser; wings, Thompson and E. Fraser; subs., R. Moore, G. Warner, Moffat, Bentley and Parks.

Referee—C. Loucka.

Deseronto 6, Napanee P. S. 4.

The Napanee Public School team visited Deseronto and were defeated by 6-4. Showing much improved form from their last appearance, the local kids were in the game all the time. They broke through time after time and were just as good as their opponents. Roy Wilson, Charlie Huffman and Bill Templeton were the local stars, but the rest, Harold Webster, "Sherry" Hayes, Benny Davy, and "Bizz" Edgar turned in fine games. Roy Wilson scored 3 goals and Charlie Huffman 1.

The Napanee "Professionals" played a 2-2 tie with Bath H. S. on Saturday at the Arena. The local "pros." tied it up with a minute to go when Jim Carr batted in a rebound. Claude MacDonald notched the first counter on a long shot, but Bath led by 2-1 till the last period. The tie was not played off.

Bill Carr and Ralph Cowle made up a strong defence and their rushing was real good. Claude MacDonald, Fred Packard and Maurice Tierney made up a fine forward line.

Jack Stewart was very cool under fire, and turned in a fine game in the local nets.

The Bath boys all played well and their two goals were the result of well executed plays. They presented a young, fast team, and all turned in fine games.

The Junior Inter-Church Hockey League got away to a good start on Monday afternoon, when St. Mary Magdalene defeated St. Andrew's by 9-1.

The Presbyterians lacked team play whereas the Anglicans worked like a well-oiled machine. Bill and Jim Carr were the individual stars of the game. Bill roamed all over the ice and stickhandled through the Presbyterians whenever he felt like it. He bulged the twine five times and Jim threw in three counters for good measure. Benny Davy, Harold Webster, Cecil Harrison and Maurice Kinkley all played good hockey, and Maurice scored the last goal.

For St. Andrew's, Durwood Conway and Bill Templeton were best. Conway scored the only goal, and played good hockey. Tom Moffat, Bob Howitt and Gordon MacGregor played fine games, in spite of their being on the wrong end of the score.

St. Andrew's—Goal, Thomson; defence, Howitt and Moffat; centre, Conway; wings, W. Templeton and MacGregor; subs., Hayes, Fair and Howitt.

St. Mary Magdalene—Goal, Wilson; defence, W. Carr and Harrison; centre, J. Carr; wings, Davy and Webster; sub., Kinkley.

Don't force the child to take nauseating worm powders that usually upset the stomach. Rexall Worm Syrup is pleasant to take, and never fails to do the work. Wallace's, Agents for Napanee.

WISE AND OTHERWISE

Why suffer from corns when they can be painlessly rooted out by using Holloway's Corn Remover.

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves'—Worm Exterminator, an excellent remedy.

Manager—That new university man you engaged spells atrociously.

The Boss—Does he, by Jove? That is more than I can do!

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

The verger was showing an American visitor over the ancient church. "A great many people sleep within these walls", he said, solemnly pointing to the inscription-covered floor.

"Is that so?" remarked the visitor. "Same way over in our country. Why don't you get a more interesting preacher, one with some punch in him?"

Internally and Externally It Is Good. — The crowning property of Dr. Thomas' Eclectric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has qualities that cannot be surpassed. A bottle of it costs little and there is no loss in always having it at hand.

Here is a story about a Scotsman who was taken to a horse race. He was billed into picking out a horse to bet on, and finally wagered $10 on a fat animal named Bonnie Boss. When the race started he edged his way to the rail to watch his $10.

When the race came around to the stretch there was a solid phalanx of spectators bunched in the light, with a cloud of dust over it. Bonnie Boss limping along a full 220 yards back of the others. As the horse passed the Scotsman she turned her head and caught his eye. The Scotsman looked to the other flanks and shouted:

"They went up that way."

Miller's Worm Powders prove their value. They do not cause any violent irritation to the stomach, any pain or sickness, but do their work quietly and painlessly, so that the destruction of worms is unsuspectible, but they are thorough, and from the first dose there is improvement in the condition of the sufferer and a cessation of manifestations of internal trouble.

Old Fashioned.

"So, she has never gone out much." "How do you know?"

"Why, when she joined our sewing club she actually expected to do some sewing!"

Present and Example.

Johnny at the window—Oh, ma, an automobile just went by as big as a barn. His Mother—Johnny, why do you exaggerate so? I've told you a million times about that habit of yours, and it doesn't seem to do a bit of good.

The Wayside Dreamer.

Stay too long in the land of dreams and when you wake up you'll realize that the world is at a starry station a million miles ahead of you.

Thankful.

"There isn't a bit of coal or wood in the house, and the gas is turned off." "Hurrah! Then the cook can't burn the dinner!"

Suggestive.

Mary (aged six) — Uncle Chestie, I wish you many happy returns of your birthday, and mamma said that if you gave me a dollar not to lose it

Avoided Expense of Going to Hospital

That's Why Madame L. Genoud Recommends Dodd's Kidney Pills.

Alberta Lady Relieved of Anemia, Gastritis of the Stomach and Neurasthenia.

Cnarron, Alta., Jan. 18th (Special) —"I have suffered for twenty years with bad kidneys. Have been treated from time to time for anemia, gastritis of the stomach and neurasthenia and no doubt considered in relieving me. I arrived at the most critical period of my life and felt very sick. A good neighbour told me to try Dodd's Kidney Pills. In eight days I was on my feet again, avoiding the risk and expense of going to hospital. I can recommend your marvellous pills to all persons who suffer like I did."

This statement was sent to us by Mme. L. Genoud, a well-known resident of this place.

Dodd's Kidney Pills strengthen weak kidneys and put them in shape to do their full work of straining the impurities out of the blood.

Dodd's Kidney Pills can be obtained everywhere, or The Dodds Medicine Co., Ltd., Toronto.

HIS UNSEEN GUEST

Waitress Tells of Experience in Serving Ghost.

Old Gentleman May Have Been a Little "Off," but Her Notion Is That He Had Recently Lost a Loved Grandchild.

Jane, who has worked in one particular section of the lunch counter of one of the great New York hotels since the day it was opened, is the best waitress that ever set down a dish without a spill or a clatter—so say the discriminating Her deftness, her quiet manners, her promptness—above all her unfailing politeness—stamp her as one apart from the sisterhood. She was serene and composed while she dealt with one of those peckish, snappy men who had dropped in under the impression that because one sits on a stool in this excellent place it is cheap. It isn't. He was a little ashamed to fuss about the prices, so he fussed about everything else. But at last he departed, and serene Jane permitted herself a weary smile.

"You have to get along with all kinds, don't you?" remarked a patron.

"Indeed, yes," said Jane. "I served a ghost yesterday morning."

"An old gentleman came in quite early for breakfast. He was beautifully dressed; I think he was one of the hotel guests; at least he came in that entrance. He chose a stool and then somebody tried to sit beside him, he said. 'Pardon me, but can't you see that seat is taken?' He ordered toast, soft boiled eggs and coffee. Then he turned to the vacant stool and asked 'What would you like, my dear?'

"He paused as if for an answer. Apparently he heard one, for he said to me with a smile, as if amused at the notion, 'A piece of pie and a cup of weak coffee with milk and some rolls.'

"There wasn't any pie at that hour and so he ordered sliced peaches. I brought all the things and arranged them as if for two. By that time people were moving away from him. He buttered the rolls at the vacant place before he ate a bite himself. Then he made his own breakfast. I thought there might be a scene about the two checks, but no. He added them up aloud and correctly; counted out the change in his hand; left a tip; is found his hat and stick and then poked for a paper sack. In it he put an unbroken roll. Then he paid the cashier and went out. They found the paper bag with the roll in it outside on the steps."

"Would you make out whether he thought he was talking to a man or a woman?" asked the patron.

"I thought it was a little child," said Jane softly. "He always looked down when he spoke to it, and he buttered the rolls, and the pie order for break fast was childish, too—I thought," and Jane's eyes seemed a little misty, "I thought maybe he had lost a favorite grandchild."

Bananas Make Berlin Glad.

As I was passing down the Friedrichstrasse, says a correspondent of the London Times writing from Berlin, my eye was caught by a crowd of people which suddenly collected in front of a delicatessen shop.

It was only with difficulty that one could get near enough to see what it was that attracted so much attention. I heard exclamations of wonder and admiration, and on looking a little more closely saw—a bunch of bananas which the shopkeeper had just hung up in the window and which was a novelty to the Berliners, who for nearly five years have been not a time of fruit, once so plentiful in the capital.

The smiling faces and little jokes made it quite evident that the banana was recognized as a symbol of peace, and that the delight felt at its presence was due to the evidence it afforded that the blockade is a thing of the past.

Took Ride on Torpedo.

Probably the only man who ever rode a naval torpedo under way is Seaman H. Blount, a bluejacket, now at the Newport torpedo station. Some time ago, when Mr. Blount was experimenting at New London, he wanted to go with the torpedo, so he rigged a saddle and two small pontoons on the sides, and taking his seat, had the missile fired from the surface and started on his daring ride. When the torpedo spent itself the inventor was still on top.

Only One Language for Honolulu.

A committee of the Honolulu Advertising club, appointed to investigate the dual language schools ar now conducted, has reported that the system is objectionable and should be abolished. It recommends gradual elimination of schools conducted in any language other than English through development of an enlarged government school curriculum.—Christian Science Monitor.

Making a Distinction.

"The people in your community seem all mixed up in the vote on prohibition."

"Well," replied Uncle Bill Bottleton, "some of us highbrows attempt some mighty fine distinctions. We approve prohibition as a theory, but not as a condition."

An Instance.

"Like produces like."

"Yes, always. The doctor told us it was the well water that made us ill sick."

A KING SENT TO COVENTRY.

How Nobility Boycotted Spanish Court With Success.

It is interesting to recall that a Court was once boycotted with complete success, not by sturdy Republicans, but by blue-blooded aristocrats.

The place was Spain, and the time was the early seventies of the last century. Isabella II. had been bundled off the throne and over the frontier because of her levity. The second son of King Victor Emmanuel, Amadeo, Duke of Aosta, consented, after much persuasion, to become King-of Spain in her place.

He meant well. No country ever had a more conscientious ruler. But he was, though he did not know it, the nominee of a faction; and that faction did not include the old families and the leaders of society.

All these were friends of the frivolous Isabella; and they swore a solemn oath that, as they were not powerful enough to drive Amadeo out, they would freeze him out by a campaign of slights and insults.

The trouble began because Amadeo's political supporters, though not "in society," insisted upon being asked to his parties. As soon as they received their invitations (writes Francis Gribble in John o' London's Weekly) the aristocracy gave the King to understand that they really could not frequent a palace in which they would be expected to associate with people of that sort. Parties, however, had still to be given, and the royal reception rooms had, somehow or other, to be filled.

As they could not be filled with dukes and duchesses; they had to be filled with butchers, and bakers and candlestick-makers and their ladies. These, unfortunately, knew neither how to behave nor how to dance at drawing rooms and levees; and the climax was reached when one of the butchers—or perhaps it was one of the bakers or candlestick-makers—bought a new boiled shirt to wear when attending the ceremony to which he had been bidden.

It was a beautiful boiled shirt—the best that money could buy. It was delivered in a beautiful box; and the box was embellished with a beautiful pink paper frill.

Unhappily, the purchaser did not understand that the paper frill was intended only to adorn the box. He imagined it to be an integral part of the shirt, added to it to enable the wearer to make a braver show. He put it on together with the shirt; and he was still wearing it, together with the shirt, when he made his bow to the King.

That was one of the stories which delighted Isabella in her exile. She was even more delighted with the story of the unsuccessful attempt of Amadeo's Queen to conciliate feminine opinion by resisting an old Spanish fashion.

Her majesty caused it to be announced that, on a certain Sunday, she proposed to wear that beautiful old Spanish costume, the white lace mantilla. Her expectation was that all her subjects would be pleased, and that everybody who was anybody in Madrid would follow her example.

But that was not what befell. On the contrary, the aristocracy of the aristocracy realized that Queen Maria Victoria had delivered a blow into their hands. They bought up all the white lace mantillas that could be found in the shops. They collected all the notorious women of Madrid, attired them in white lace mantillas and sent them to the Prado in carriages; while all the fashionable women by common consent wore black.

Many other annoying things had happened. But the incident of the lace mantillas seems to have been the last straw. It decided Amadeo to abdicate; but even the announcement of that decision brought no revival of popularity.

On the day of the King's departure there was no guard of honor either in the streets or at the railway station —only a few police-constables to make sure that he really went. No special train was provided, and the party was crowded into an ordinary first-class carriage.

Increase Diamond's Brilliance.

The scintillating brilliance of diamonds is to be increased tenfold, and stones lessened in cost, if the invention of two Antwerp gem cutters is perfected. By working in a gloomy, poorly equipped shop, these two men, whose names have not been revealed, suddenly decided that progress in their art had not kept pace with other industrial sciences. After a long series of research, often working till nearly daybreak, they found a method of cutting and polishing diamonds which gave 585 reflections, instead of the usual 175, besides yielding a fire that had not been obtained since the days of ancient Egypt. Moreover, under this process, the rough stone loses almost nothing in its cutting and the smallest chips may be made to glow as brightly as any princely gift of several carats.

Quick Relief For RHEUMATICS

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes rheumatic helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it to-day. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most skeptical of skeptocs right in this town and in the country nereabouts, bless the day when Wallace's Drug Store and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma to-day.

Home Is—

Where you wish you were about twenty times a day when you are away from it.

Where you got three square meals a day and didn't appreciate them.

Where you can use the shower bath any time you want it.

Where you can step across the hall wearing a Turkish towel and a cake of soap without fear of seven or eight people seeing you.

Where you don't have to dress for dinner.

Where you don't have to tip some one every two hours.

Where the view isn't much, but the food and beds and company and general environments have got it all over any other spot on the map.

Where you go when all the other places are closed.

Pepys at a Feast.

Pepys' account of the lord mayor's banquet which he attended in 1663 illustrates the carelessness of the proceedings at that time. He made his way to the Guildhall at noon, "went up and down to see the tables" and then had a drink, refusing wine in consequence of a row, but persuading his conscience that he might indulge in hippocras, a compound of wine and spices. Soon after 1 o'clock came the lord mayor, "and so all to dinner." Afterward Pepys attended about the ladies' room, but could not discern one handsome face there and, "being wearied with looking upon a company of ugly women," went off to Chespside to see the pageants, "which were very silly." Thus the lord mayor's show in those days came after dinner.—London Standard.

Repelling Fire With a Drum.

A fire of a strange nature appeared in Wales in 1693. According to the most intelligible account concerning it now in existence, it came up from the sea near Harlech. At several places near that place and all over Merionethshire it did much damage, burning hay, houses, barns, etc. A person writing of it said: "The grass over which it moves kills all manner of cattle that feed upon it. But what is most remarkable is that any great noise, such as the beating of a drum or sounding a horn, effectually repels it from any house."

TEAMSTERS TAKE NOTICE

All parties wishing to haul wood and logs from Mr. Boyd's woods, 2 miles this side of Marlbank, would do well to see Mr. Busby at woods. We pay $4.50 for one cord of wood, and $1.00 per hundred feet of logs (Doyle Rule). It would be well to take advantage of the first sleighing, as there is considerable hauling.

HELD IN MOCKERY

"Kangaroo Courts" Instituted by Australian Convicts.

Prisoners at Botany Bay Said to Have Invented Idea to Relieve the Monotony of Their Existence—Spread to United States.

Kangaroo court is an expression which, however strange it may be to the layman, is familiar to most United States marshals, post office inspectors and the police forces of large cities, remarks a writer in the Detroit News. What it really stands for is explained by a post office inspector who has had much experience with offenders and criminals.

It appears that in a number of the larger prisons in this country the prisoners, from time to time, are accustomed to hold what they call kangaroo court, and that every notorious criminal in the United States is probably not only familiar with the form, but has no doubt presided often enough as judge or prosecuting attorney in this relation, or perhaps has been tried for some of the numerous mock charges that are preferred against those who have the misfortune to be haled before such a tribunal.

Such a court is held only in the great prisons of the country, being entirely unknown in the county jails.

The institution of kangaroo court seems to date back some 40 years in the United States.

In the days when Australia was a penal colony the convicts at Botany Bay, by way of amusing themselves and relieving the monotony of prison life, used to organize a sort of mock court at which the shrewdest and oftest the worst criminals of the lot presided as judge, while others acted as jurymen, prosecuting attorneys, bailiffs, criers and the like.

At such trials the prisoners were wont to take on recent arrivals from England on all manner of mock charges, such as smoking too loudly, washing their faces with soap, and so on. If it was found that among the batch of new-comers, convicts just from the old country, there were several who possessed money, court was immediately convened, and the ones suspected of having funds were haled up on the charge of having red hair or wearing box-toed shoes.

The trial was held with mock gravity and decorum, and in the end the prisoner would be found guilty and fined whatever amount he was known to have on his person for the offense charged. The money thus obtained would be divided among the old, long-term convicts, who would buy tobacco and other luxuries with it, while the victim of this form of extortion would have no recourse except to await the time when he himself got a chance to preside as judge or sit on the jury at the trial of some new arrival.

It was called kangaroo court because in those days the Botany Bay convicts spoke of themselves as kangaroos, an animal very abundant, as everybody knows, in Australia.

The institution, as well as the term, traveled from Australia to England, whither it was brought by returning Botany Bay convicts, whose terms had expired. It had a short life in England, however, where it was speedily discovered by the jailers and turnkeys and broken up; but it was not long afterward that it found its way into the prisons of the United States, where it has remained ever since.

Girl Advertises for "Dates."

An advertisement which, the advertising department of Columbia university's daily newspaper, Spectator, says is the legitimate appeal of a young woman, appeared recently in the publication as follows:

"Are you bound by convention? A Columbia girl from out of town, cultured, well bred and fairly good looking, wishes to make the acquaintance of several men in order to be introduced at Columbia functions. She is entirely unconventional and is willing to meet two men half way by paying all expenses. Strictly confidential. Address B 39, Spectator."

The students who publish Spectator, professing ignorance of the identity of the young woman or whether the number 39 had any reference to the age or figure of the advertiser.

Hundreds of masculine students are awaiting replies from her, the advertisement having been well answered.

First Sight of a Pig.

Along the hard, dry, wind-swept road in a suburb came a drove of pigs—a most unusual spectacle in London of recent years. From the by-streets the children of the poor came hurrying to see, and it was clear from their comments that many of them had never seen a pig before.

"Look, Lizer!" cried one of the smallest among them. "Look, there's a piebald one."

"Course there is, stoopid," said Lizer, who was clearly well versed in natural history. "Where else do yer think they get streaky bacon from?"—London Chronicle.

China's Industrial Future.

In 1918, regardless of the great world war and unsettled fitternal political conditions, China's foreign trade increased, keeping the grand total well above the billion mark. Observing commercial investigators agree that, industrially, and as a manufacturing center, China has a great future.

"From the other end of the earth—

we would send for Zam-Buk," writes Mrs. J. C. Lemon of 1102 East Broadway, Glendale, Calif., U.S.A. "In Ontario 20 years back we used it and we took supplies on with us into Michigan. Now we have Zam-Buk sent on to California.

"Zam-Buk is proved a sure remedy for skin troubles. I recall how when we lived in Canada my daughter burnt her face badly against the stove. Zam-Buk healed the sore in a few days. On another occasion my husband injured his foot. The wound went the wrong way and blood-poison made the flesh purple. When we got Zam-Buk on to the foot it soothed, cleansed and healed it in very short time. Promptly used, Zam-Buk prevents germs going deeper, and its antiseptic qualities are a sure guard against infection.

"Zam-Buk has done good in so many instances in our family that I don't know how we would get along without it."

-We would send for Zam-Buk"

Whatever skin is cut, burnt, sore, inflamed or "broken-out" in any way, Zam-Buk is always the safest and most soothing healer. Purely herbal. 50c box 3 for $1.25 all dealers.

Betty had only lately been instructed in the matter of evening prayers, and her performance was exemplary until the occasion when she startled her mother with its petition: "Bless thy little pig to-night."

She was reminded that the correct word was "lamb", but refused to return to orthodoxy.

At last, when pressed for the cause of this stubborn manfulness, she replied that she was tired of being a lamb. "Every night", she protested, "it has been lamb, lamb, lamb! So to-night I'm going to be a pig, and to-morrow night I am going to be an elephant."

Mammoth Incubator Installed.

This week the M. B. Mills Co. have installed a new Buckeye No. 7 Mammoth Egg Incubator at their place of business, at the foot of John Street. This is one of the most modern incubators and weighs about three tons. The size is 8 ft. 6 in. by 8 ft. 6 in. and is 7 ft. 3 in. high. It has a capacity of 12,000 eggs and has 108 turning trays with a capacity of 98 eggs each, and 36 hatching trays with a capacity of 96 eggs each. It also has a system of electric fans, thus doing away with the necessity of cooling, saving handling and the consequent breaking of eggs. The M. B. Mills Co. have a 2000 and a 6000 egg machine in addition to the new one just installed, and will be in a position to handle quickly all the business given them.

ST. ANDREW'S ANNUAL MEETING.

The annual meeting of St. Andrew's United Church was held in the school room on Friday last, when reports from all organizations were received, and officers for the coming year were elected.

The reports from all the Societies showed progress. One of the encouraging features was the way in which the missionary interest had grown. Apart from the special drive for the maintenance fund the givings to missions were the largest on record. The total amount given to all purposes was about $7,800.00, of this amount $1,900.00 was the special offering to the maintenance fund.

In addition to that, the givings to Missions through the weekly offerings amounted to $560.00, while the W. M. S., Mission Band and Young People's Society contributed another $677.00 to work outside the local church. Nor was the local work neglected. All debts were paid, and a slight balance on hand to begin the new year.

CONWAY WOMEN'S INSTITUTE

The regular meeting of the Conway Women's Institute was held on Tuesday afternoon, January 12th, at the home of Mrs. Thomas Guerin. A goodly number were in attendance. After the singing of the Opening Ode, the Lord's Prayer was repeated in unison. The business discussions were next in order, and were followed by a delightful address by the Rev. Mr. Pringle. "A Trip From Adelphiatown to England and Scotland" was the subject. The meeting closed with the singing of "God Save the King". A demonstration of cooking with Ware-Ever Aluminum was then given. It proved very interesting and helpful. Dainty refreshments were then served.

The next meeting will be at the home of Mrs. J. A. Young.

—To avoid being sorry on Tuesday, be at St. Andrew's Church, Monday, January 25th, at 8 p.m. 4a

SOFTBALL

Grace Church 15, St. Mary's 11.

On Tuesday evening, before a crowd of nearly 600 fans, the Napanee Inter-Church Softball League had another big night.

Grace Church defeated St. Mary Magdalene by 15-11.

Grace girls started to pile up the score in the early innings, but St. Mary's came back, and in the 4th they were trailing by only two runs. The girls all played fine ball and their batting was especially good. Dorothy Johnston and Bessie Garrison formed a fine battery for St. Mary's. Bessie's throwing to bases was especially good, while Dorothy showed marked ability in fielding bunts. Dorothy Richardson played a fine game at 1st and wielded an especially heavy bat.

Eleanor Yourex and Helen Nelson played well around 2nd, while Eileen Lewis showed up well at 3rd. Marion Robin played a nice game at "short" and distinguished herself by a marvellous catch of a hot liner. Norene Johnston, although only a tot yet, played a very fine game in left, and no doubt will be heard from again. Marion Grass, Hazel Sampson and Miss Clarke played fine games in the outfield, and all three batted well.

Mary Stinson and Hazel O'Neill did battery work for Grace, and both turned in faultless performances. Hazel especially wielded a heavy bat, driving in six runs and hitting a homer with two on in the 3rd. Helen Harrigan played a fine game at 1st and caught the eye of the crowd when she retired the first five batters unassisted. Grace Harrigan and Mildred Loucks played fine games around 2nd, while Dorothy Lucas covered 3rd in old time style. Miss Bates, Thelma Hambly and Grace Hall played fine games in the outfield. Jessie Vanalstine played a fine game at short, showing marked ability in fielding grounders, and batted well.

Mr. Murray and Mr. Babcock officiated.

Gilbard Furn. Co. 20, "B" Co. 17.

The second game was staged between the Gilbard Furniture Co. and "B" Company, the former winning by 20-17.

Gilbards batted around in the first inning, scoring 7 runs. They added 6 more in the second, 2 in the third, and 3 in the fourth.

The Furniture makers landed on Murray's offerings and hit so hard that his support could only block the ball. They fielded well, many sensational catches being made. Harold Johnston picked one off the wall with one hand, while Jim Naphin followed suit over the bunting and finally ensnared it. Arnold Rogers made two nice catches off the girders, while Dave Stinson also contributed a circus catch. Doug. Fraser made a nice throw to nail a man at the plate, and Hugh Hicks made a nice running catch of a liner.

Harry Vine received tremendous applause when he fanned Murray. A friendly rivalry exists between these two men, and each delights in fanning the other.

"B" Company couldn't do anything right. They booted the ball on easy plays and made many mistakes in judgment. The whole team was off form, but at that made the woodworkers step to win out.

Umpires—Tommy Kirby, Base Umpire—Wallace Roy.

Farmers' Dairy 23, Doukhabors 8.

The third game of the evening took place between the Doukhobors and Farmers' Dairy, the latter winning by 23-8.

The Condensers hit the offerings of Murray all over the lot, and scored at will. Bentley and Murray did battery work for the Doukhabors, but were evidently off form. Tommy Kirby guarded the initial sack and got in some good playing. Wallace Roy played a striking game at second, while Bill Draycott looked like a Larry Lajoie on several plays at third. Harry Scott played a fine game at "short", and Mark Graham, Harold Huffman and "Chuck" Allen covered lots of ground in the outfield.

Frank Bell and Bill Coates made up a fine battery for the Condensery and both wielded heavy bats. Clifford Cowle played an extra fine game at first, and added out a homer. Jim Francis and Bert Gilbert played a fine game at second, and Clarence Reid is no mean third sacker. Eddie Baughan, Gordon Gibson and Robert Woodcock played fine games in the outfield.

The feature of the game was the successful "comebacks" of Mark Graham, Harold Huffman, Harry Scott, and a few others.

LENNOX FAIR ANNUAL MEETING

The annual meeting of the Lennox Agricultural Society was held in the Town Hall on Tuesday afternoon, there being a fair representation of directors present. Mr. J. A. Solvay Coke

Pronounced the Best

Not a substitute for anthracite coal, but a better fuel in every respect.

It does not require the tedious adherence to special rules for firing that other cokes require. Simply load up your furnace, give it a little less draft than hard coal fire and you will find that you have discovered a fuel that disposes of your heating problem.

SOLVAY COKE is a clean fuel, with the result that the ash is a negligible factor, fifty per cent. less than the best hard coal. Think of the labor saving in disposing of the ash alone as compared with anthracite! Add to that the saving in initial cost of Solvay Coke over anthracite, and if you place any value on the satisfaction you are bound to experience when burning Solvay Coke in your home, you will order it immediately.

HEAT FOLKS
THEY USED TO SHUT OFF SOME OF THE ROOMS WHEN WINTER LOOSED HIS CHILLY GLOOMS
BUT NOW YOU OUGHT TO HEAR THEM BOAST BECAUSE EACH ROOM IS WARM AS TOAST

A home is so much more "homey" in the winter.

We can appreciate the warmth and cosiness of our own firesides on the cold, raw days, the snowy, stormy days.

Even with the strike on, the HEAT FOLKS are prepared to give you your usual winter comfort.

'Phone 92 for a load of Burnside Coal or Solvay Coke, either of which will put that "Welcome Home" atmosphere of cosy warmth into your house.

Burnside Coal

The ideal fuel for the dwelling equipped with a hot water or steam heating plant.

BURNSIDE COAL is a firm, well prepared, low volatile (smokeless) fuel, similar in appearance to anthracite, but of a much greater endurance.

BURNSIDE COAL is positively the lowest ash coal mined and relatively higher in heat units than any other known fuel.

BURNSIDE COAL has been used extensively in the Middle West States for years solely for domestic purposes, and is a proven success. You don't need to experiment with this fuel. Simply fire it as you are accustomed to firing anthracite, and note the lessened consumption and smaller ash yield.

ADOLPHUSTOWN

Miss Mildred Johnston, R.N., has left for Toronto.—Mrs. Ray Smith entertained the members of S. Alban's choir on Wednesday evening. — Mrs. Hall and Miss Hall, of Desoronto, were recent visitors at Battle Hill farm.—Miss H. Milling spent the week-end with Miss Marion Roblin. — Mr. Leonard Brownjohn was the guest of Mr. and Mrs. Heathcote over the week-end. — The Young People of S. Alban's Church are putting on a concert in the Masonic Hall, Bath, under auspices of St. John's Church, on Feb. 10th, and in the Parish Hall, Adolphustown, Friday, Feb. 12th. — The social evening held at Mr. Albert Chalmers' home last Friday evening was largely attended, and was an unqualified success in every way. Miss Marion Roblin, Miss Heathcote, Miss Ruth Smith, Myrle LaCraw, Mr. Leonard Brownjohn and Rev. Herbert Pringle contributed to the programme, a pleasing feature of which was the community singing, which was greatly enjoyed. The next social evening, under the auspices of the Guild, will be held at the home of Mr. and Mrs. Fred Gallagher, on Friday, Feb. 5th. — The many friends of Mrs. Ephraim Fitchett regret to learn of her illness. Mrs. George Lloyst is now convalescent. Miss LaCraw, a former popular school teacher in this locality, has returned to her home in Cobourg, after visiting Mr. and Mrs. R. J. Johnston.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "Burden Bearing".

The Official Board of the Pastoral Charge held its meeting of the third quarter last Tuesday evening, with an atmosphere of harmony and prosperity.

The Official Board of the Tamworth congregation, meeting afterwards, thought it best to postpone the preparatory service on Friday night and the communion service on Sunday morning, and to withdraw the session of the Sunday School on account of the prevalence of measles, even though they are of mild form. There will, however, be preaching service on Sunday at 11 a.m.

Our Sunday service at Marlbank, after being closed for four weeks, was the first real service of one of Marlbank's oldest and most esteemed citizens, George Young, who was in the 92nd year. He had lived for the last few years in a dark world, but his spiritual sky was bright. He looked out on the things which are unseen, and on the things which are unseen. The church was filled to capacity. The body was brought to Tamworth and placed in the vault.

The minister, accompanied by Mr. Dan Ramsay, undertook to make a trip to Marlbank with an automobile, and spent some anxious and strenuous minutes crossing and endeavoring to climb hills that were blocked with snow, but finally got there fifteen minutes late for the funeral service.

The Marlbank and Tamworth sessions are planning for evangelistic missions to be held in their respective congregations some time in the latter part of February and beginning of March by our Synod Evangelist, to be sent by the Board of Evangelism and Social Service of the United Church.

CROYDON.

Mr. Herb Bown is drawing wood for Mr. John R. Kring.—Mrs. Stewart Close spent over Sunday at her home, returning to Kingston on Monday to continue her treatments. On motion the report of the Finance Committee was adopted.

Mr. Homer Richmond, with his solicitor, Mr. Simpson, appeared before the Council in reference to the fine paid by Mr. Richmond for damages to County Roads, asking for a return of fine and costs from Richmond and Mr. French. On motion no action was taken.

On motion of Messrs. Clark and Rogers, Dr. Cameron Wilson was appointed Chief Physician for 1926.

On motion the Townships of Denbigh, Kaladar and Amherst Island, were allowed an advance of $300 each on their special grants for road purposes in 1926 in order to crush gravel during the winter.

On motion a snow plow was ordered purchased for use on Richmond County Roads.

On motion the list of committees was changed by taking Mr. McCutcheon's name off the Education and Printing Committee, and adding Mr. S. Miller's name to said Committee.

(Balance of Report next week.)

NEWBURGH

At a meeting of the Loyal Temperance Legion on Friday afternoon in the Public School, Mrs. J. Wartman addressed the pupils of the junior and senior rooms.

On Monday evening the Young Peoples' Society of the United Church met as usual. Miss Barry, Principal of the Public School, gave an interesting address on "Arts". During the social hour games were indulged in.' Rev. T. H. P. and Mrs. Anderson assisted greatly in making the evening very enjoyable. Miss Gordon, B.A., presided.

The District Conference of the Free Methodist Church of this district was held in Kingston from Thursday until Sunday. Ten ministers were present and about forty laymen. Excellent congregations attended all the services. Mrs. G. Wartman, of Newburgh, attended the services.

Mrs. R. R. Dougan and little daughter, Hallie, were in Kingston recently. Little Hallie had an operation for throat trouble, but is progressing favorably.

Mr. Fraser, of the West, has been the guest of Mr. and Mrs. Fraser Allen during the week.

Mr. Ward Wartman becomes a Councillor for the year 1926, to fill the vacancy caused by the resignation of Mr. T. Cameron.

A hockey match between Napanee Collegiate Institute and Newburgh High School was played on Monday evening, which resulted in a score of 4 to 2 in favor of Napanee.

On Tuesday evening a carnival was held. Prizes were given for best in costume. Paul Wartman got the prize of a hockey for selling the greatest number of tickets. Hot dogs, sandwiches and coffee were on sale in the Arena, which, no doubt, added to the evening's enjoyment.

Mrs. Gerow, of Napanee, spent last week at the home of her son, Frank Gerow.

Mrs. R. Nugent, of Wesley, visited with her sister, Mrs. W. Baker, over the week-end.

Mrs. T. I. Winter was in Kingston for a few days last week.

Mrs. McGill, Centreville, was a recent visitor with her daughter, Mrs. Gerow.

Mr. Will Files, of Point Anne, is home for a few days.

The Camden Independent Telephone Co. held a meeting of the shareholders on Tuesday for the purpose of considering the question of the sale of their line. Two offers were before them, one from Mr. Barker, of Odessa, and one from Mr. F. Perry, Napanee. The latter's offer of $6,500 was accepted, which will be cash covering the whole amount by March 1st, 1926. Miss Margaret McCormick has resumed her position as clerk in the store of Vandervoort Bros.

MORVEN

The quarterly meeting, which was held in the Brick Church on Sunday morning, was not very well attended, owing to so much sickness on the circuit. — Many of our people are enjoying the radio programs these cold wintry evenings. — Mrs. William Henwood and her guests, Mrs. John Carman and little daughter, of Millhaven, visited at Geo. Fralick's recently. — Mr. and Mrs. Becker, who have spent some time visiting friends in Ontario, and the past week with Mr. and Mrs. J. R. Purdy, left on Monday for their home in Alsask, Sask. — Mr. and Mrs. Harry Wasley entertained a large number of their friends last Friday evening. — Several of our poultry men attended the Poultry Show held in Kingston on Thursday. — Quite a few of the ladies met at the home of Mrs. Geo. Clark on Thursday afternoon and worked on the missionary quilts.—Mrs. Ernie Miller entertained the choir at her home on Friday evening of last week.—Mr. and Mrs. Clayton Garrison and Bryce, of Oshawa, have returned to their home, after a pleasant visit with her parents, Mr. and Mrs. C. A. Lake, and other relatives.

Telegrapher James A. Hosey Resigns Post.

Leaves Services of the United Press Associations to Live Retired.—His Interesting Career. — Has Been Valued Contributor to the Columns of Mount Carmen Item.

James A. Hosey, United Press telegrapher for the Mount Carmel Item, has resigned his position, and is succeeded at the local key by John J. Murray, of Scranton. Mr. Hosey retires from active labor, and plans to devote years in travel, although he will remain in Mount Carmel for a week or two.

Although we knew that Mr. Hosey had this in contemplation for some time, the actual resignation fills us with regret. He "pounded the key" in the Item office since March 20th, 1920, and during that time he endeared himself to all of us.

He has been more than simply press telegrapher. He has been our friend and our adviser. He has shared the pleasures and the hard work with us. Soon after he came here he showed unusual capacity and marked journalistic ability, and his valued contributions to our columns have been read and enjoyed by many.

Good fortune came to him, because he deserved it, and although "Jim" will not permit us to dwell on this, we know that he can spend the remainder of his days in comfort. The boys of the Item staff join in congratulating him and in wishing him happiness, and we hope that wherever he comes near our region he will make this his old home, for he is one of us.

"Jim" Hosey has had a most interesting career. Born at Napanee, Ontario, Canada, he began his apprenticeship as a messenger boy and worked six months for nothing for the privilege of learning the art of telegraphy. His first pay was 50 cents a week, and he advanced from that to one of the highest positions on the staff of a great press association. It is his proud boast that never once has he been late on a job.

Mr. Hosey became wire chief for the C.P.R. Telegraph Company at Ottawa, and then became a press telegrapher, working for the Associated Press seven years, the Hearst Service two years, and for the past sixteen years with the United Press Associations.

He has handled the press key in Portland, Maine; Haverhill, Lowell, Taunton, Woods Holes and New Bedford, Mass.; Providence, R.I.; Nashua N.H.; Hartford, New Britain and Waterbury, Conn.; Boston, Mass.; Ottawa, Toronto, and Napanee, Canada; Hornell, Little Falls and Binghamton, N.Y.; Hazleton, Warren, Oil City and Philadelphia, Pa.; Niagara Falls and Albany, N.Y., and Mount Carmel, Pa.

Innumerable "beats" have marked his work. While in Ottawa he was the first to announce the destruction of the Spanish fleet in Manila Harbor by Dewey. He cast in Toronto for the Star first news of the Jeffries-Johnson fight at Reno. He has handled political conventions, presidential elections, world's series games and the big news of the world for many years as receiving telegrapher.

He has managed baseball teams and is a recognized authority on sports. He has written many special stories for the newspapers that he has served, and is an all-around newspaper man.

In the years that he has been with us "Jim" Hosey's signature has graced special value to articles and contributions, and many of our readers have clipped his stories, to treasure them in the years to come.

We are sorry that he is going, but even though he severs his official relations with us, the ties of affection that have been welded through these years of happy association can not be broken. The boys of the Item staff Love presented him with a travelling bag, and we hope that it will accompany him to our town many times.

Jim's Appreciation.

Mount Carmel, Pa.,
January 2nd, 1926.

Dear Friends and Fellow Workers,—My heart overflows with sincere gratitude as a result of your expression of esteem, and great generosity, which is manifested through the presentation to me, at the time of my retirement as an employee of the United Press and an indirect employee of the Item, of this beautiful, valuable, and durable Walrus-hide travelling bag.

I accept it as a token of your genuine friendship coming straight from your hearts, and my heart goes out to meet your hearts with parallel reciprocal sentiment.

My sojourn of more than five years in Mount Carmel has been one of the happiest periods of my life. I have lived in two different countries and been employed on more than twenty-five newspapers in various towns and cities, but I have never met a better bunch of co-workers and real friends than you who comprise the Item family.

I desire at this time to express particular appreciation for the uniform kindness and consideration extended to me by Mr. Penn Kemble, Editor of the Item. I doubt if it had not been for the kindly interest manifested in my welfare by both Penn Kemble and his late beloved brother, Ed. Kemble, when I first came to Mount Carmel, that I would have remained here a month. My first impressions of Mount Carmel were not favorable, but I have since learned to love the dear old town and her citizens.

Remembrance of the Item family and the innumerable pleasant and friendly associations with its members will remain forever, indelibly and ineffaceably impressed upon my mind; and the name and fame of the Mount Carmel Item will always be dear to me, and will perpetually have a warm spot deep down in my heart.

Please accept my most earnest wishes for the continued expansion and prosperity of the Item, and the future happiness of its officials and employees which make up the Item family, with whom it has been my pleasure to serve and co-operate in giving to the people of Mount Carmel the most progressive and enterprising newspaper service to be found anywhere among the numerous papers in the anthracite regions. If it were not that I intend to retire, I fear that I could not be induced to leave the service of the United Press on the Item.

JIM HOSEY.

OVER SEVENTY YEARS AN ORANGEMAN.

On Wednesday evening, January 20th, an interesting event took place at the home of Manson Lee, Yarker, when the brothers of L.O.L. No. 532, met together, with their families, to pay honor to brother Calvin Lee, the former's aged father. Brother Calvin Lee, who just recently celebrated his ninetieth birthday, has been a member of Colebrook L. O. L. 532 for over seventy years, having joined that lodge in June, 1855, one year after its organization in Yarker, then known as Simcoe Falls, and in the stone dwelling now owned by Dr. J. H. Oldham. The occasion was marked by the presentation of a solid ebony cane with a sterling silver band with his name and lodge number neatly engraved on it.

Following is the address, which was read by Brother George Riddle, P.C.M., and the presentation made by Brother Stanley Emberley, W.M.

Brother Lee, in a few well chosen words, thanked his brethren very kindly, showing his appreciation of so beautiful and useful gift. There remarks were followed by several vocal selections, with "Blest Be The Tie That Binds" closing a very pleasant evening with "God Save the King".

Colebrook, Jan. 20th, 1926.

Dear Brother Calvin Lee,—We, your brothers of L. O. L. No. 532, are assembled here to-night to spend a few hours of social intercourse with each other. You, having been a life long member of our beloved Order for over seventy years, we feel we owe to you every respect we can bestow upon you, for you have stood shoulder to shoulder with our brethren all these years, for the advancement of the loyal Orange Association. More of us would follow your example, it would be well for our Order, standing as it does for religious liberty. We realize that the best way to keep alive our high ideals is to have fellowship with kindred and like sentiments. We therefore ask you to accept this ebony cane as a small token of love and respect we hold for you in our Order. We also wish to congratulate you on having just recently celebrated your ninetieth birthday, and pray, if God's will, you may be spared to enjoy many happy returns.

Signed on behalf of L.O.L. No. 532.

GEORGE RIDDLE, P.C.M.
STANLEY EMBERLEY, W.M.

DENBIGH

Miss Bertha Stein spent last week end and Sunday at Harold Ault's visiting relatives and friends.—Mrs. (Dr.) Aylsworth is in Matawatchen, nursing Mrs. Carswell, who is very low with pneumonia.—Arthur Vealy, of Verona, is spending a couple of weeks here visiting some of his Denbigh relatives and friends.—Mr. and Mrs. Storring have arrived from near Kingston to enjoy a visit with the former's parents, Mr. and Mrs. Marshall Storring.—Miss Minnie Hughs, of Vennachar, who has been attending Constitution School here, has returned to her home.—Sleighing is very good now and is duly appreciated and made use of by farmers, lumbermen, farmers and the distant customers of the Denbigh flour mills, which are busy filling orders.—Mail Orders promptly filled at Wallace's Drug Store.

HE WAS COOL AMID DANGER

A few minutes after an alarm of fire was given in a hotel, one of the guests joined the group that were watching the fire, and chaffed them on their apparent excitement. "There was nothing very exciting about it," he said. "I took my time about dressing, lighted a cigaret, didn't like the knot in my necktie, so tied it over again—that's how cool I was."

"Fine," one of his friends remarked, "but why didn't you put on your trousers?"

Wallace's new Electric Louse Powder, for lice on cattle and hogs, is sure to do the trick. Two applications, a few days apart, are sufficient. 35c. per lb., 3 lbs. for $1.00, at Wallace's.

Lennox and Addington Fire Insurance Co.

The forty-ninth annual meeting of the Lennox and Addington Mutual Fire Insurance Company was held in the Council Chamber, at the Town Hall, Napanee, on Saturday afternoon, January 23rd, 1926, a fairly representative gathering of the policy-holders being present.

The meeting was called to order by the President, A. C. Parliament, who occupied the chair, and called upon Mr. W. R. Lott, Secretary, who read the minutes of the last annual meeting, which, on motion, were confirmed.

The Auditors' Report was presented by Mr. W. Merle Sills, who gave a statement of the finances of the company, as well as the movement in risks. The Policies in force on the 31st day of December, 1925, exceeded that of a year ago by 86, and the amount of insurance in force on the same date was $260,165.00 in excess of that of the previous year, which is certainly a gratifying and splendid showing. The losses during the year were comparatively small, and the company closed business on December 31st last with a balance on hand of $4,234.40, notwithstanding the fact that a liability of $1,600.00 left over from 1924, was also paid out of last year's receipts. The company is in splendid shape financially and will bear the closest inspection by our neighboring farmers who are contemplating a change in their insurance. The rates are as low as can be safely charged and are payable in three installments, thus leaving the policyholder the use of his money until each time as his installment becomes due.

On motion the report of the Auditors was received and adopted.

The President then briefly addressed the meeting and referred to the splendid showing made by the Lennox and Addington Mutual during the past year.

Moved by M. N. Empey, seconded by R. W. Longmore, that Mr. Arthur Baker be elected a Director of the Company.

Moved by H. Creighton, seconded by R. W. Longmore, that Roderick Wright be elected a Director of the Company.

Moved by W. Merle Sills, seconded by Stuart Simmons, that Mr. R. W. Longmore be elected a Director of the Company.

Mr. Longmore withdrew, and Messrs. Baker and Wright were declared elected.

Moved by R. W. Longmore, seconded by M. N. Empey, that W. Merle Sills and Sid. C. S. McKim be re-elected Auditor for the ensuing year. Carried.

Backache is Now a Thing of the Past

So Says Mrs. A. Lawes After Taking Dodd's Kidney Pills

Ontario Lady Suffered With Headache for Two Years, But Was Promptly Relieved by Dodd's Kidney Pills.

Frankford, Ont., Jan. 25th, (Special).—"I cannot praise your Dodd's Kidney Pills enough for what they have done for me," states Mrs. Albert Lawes, a well-known and highly respected resident of this place. "About two years ago I had a bad pain in my back and could hardly do my housework. I thought it was my kidneys and tried many things for it without any success. Your Dodd's Kidney Pills advertised in the papers and decided to give them a trial. Two boxes relieved me and I have had no more backaches."

It is statements like the above that have made Dodd's Kidney Pills a household remedy throughout Canada.

Dodd's Kidney Pills can be obtained from druggists everywhere, or from Dodds Medicine Co., Ltd., Toronto 2, upon receipt of price, 50c. per box.

"Young man," said the professor, as he grabbed a frisky junior by the shoulder, "I believe Satan has got hold of you."

"I believe he has," was the reply.

Anaemia Shows in Varying Symptoms

Pains and Aches Disappear When the Blood is Built Up.

When the blood is thin every organ of the body suffers. So anaemia shows in indigestion, nervousness and headaches as well as in loss of color and strength. Many symptoms are described which in the patient suggest widely different diseases and so cause much needless apprehension. The quickness with which a supply of rich red blood will drive away all these pains and aches is shown by the result of treatment with such a reliable blood-building tonic as Dr. Williams' Pink Pills. The value of this medicine is fully proved by the experience of Miss Audrey Sweeney, Orono, Ont., who says:—"I can speak with the greatest confidence of Dr. Williams' Pink Pills, for to the medicine I owe my present good health. Last winter I was all run down and could get no relief by looking my back ached and I had severe pains in the stomach. At times my feet would swell and I would get dizzy. I tried various medicines but got no relief from any. A friend advised me to try Dr. Williams' Pink Pills, and I can scarcely say how glad I am I took her advice. I got them and used a few boxes, finding the pills very beneficial. I took a course for the spring and I can truly say they made me well and strong. I can also recommend them to my friends as a tonic for the blood and a splendid medicine for girls during the growing period." You can be sure that you are getting the genuine when you ask for Dr. Williams' Pink Pills.

It you need a blood-building tonic get Dr. Williams' Pink Pills today. Sold by all medicine dealers or sent by mail at 50 cents a box by writing Dr. Williams' Medicine Co., Brockville, Ont.

RE-OPENING OF PARISH HALL, CAMDEN EAST

The Parish Hall, Camden East, which has been closed for some time while extensive repairs and alterations were being made, was re-opened last Friday evening. A service was first held in the church. The church was filled, not a vacant seat being available when the Rev. R. W. Spencer, Rector of the Parish, opened the service. The Rev. C. K. S. Radcliffe, B.C.L., of Deseronto, read the lesson. His Lordship, the Bishop of Ontario, preached the sermon. During the service the Rector announced that the Hall would be opened later in the evening by his Lordship, and invited all present to attend.

After the service all wended their way to the Hall, and there a splendid sight met the eye. Tables were spread for a banquet, and the Hall was tastefully decorated with the A. Y. P. A. colors. Over two hundred guests were present, and after all were seated, the Rev. R. W. Spencer called upon Bishop Bidwell to declare the hall open for use.

The Bishop arising, said, "I take very great pleasure in declaring this beautiful hall open for use in this Parish". The Doxology was sung and the banquet commenced, being served by an energetic committee of ladies.

Following the banquet community singing was indulged in, the first song being "O Canada". The Rector then said a few words and made special reference to Mr. John Robinson and Mr. Sewell, Church Wardens, who have assisted him so splendidly with the work in this Parish, and especially in connection with this particular undertaking. He also thanked the men of the congregation for the willing and hearty response to every request for help in the work by the ladies. Then Mr. David Saul and Art. Cruise Edgar, for the capable way in which they had carried out the musical and elocutionary work.

The next item on the programme was a piano solo by Mrs. Hilton Robinson, which was much appreciated. The Bishop of Ontario was called upon, and during his remarks he complimented the Rector and the members of the A. Y. P. A. upon the splendid work which they had accomplished, and expressed a hope that they would carry on that splendid work in the future. He also thanked the members of the congregation for the delightful banquet which they had prepared, and which he, with others, had enjoyed. The Rector then made announcements and Mrs. Clare Hinch had a solo, Mrs. William. They were loudly applauded, and they played again.

The Rev. Mr. Radcliffe then spoke. He carried the audience with him by relating how Mr. James Hayden, an old Camden East boy, was then called upon for a few remarks, and although taken by surprise consented on the fact that he had been permitted to see one alteration on the Hall, but had never dreamed of what he was now seeing. In conclusion Mr. Hayden said he hoped to be allowed to contribute the effort which he had been taken at the church for the fall of the building fund for the hall. The Doxology was again sung and a splendid evening terminated with the singing of "God Save the King".

The Bishop of Ontario, in a personal interview with your reporter, said, "I am highly pleased with the splendid work which is being carried on in this, one of the most valuable parishes in the Diocese".

Great changes have been made in the hall. Upstairs there is a ladies' Cloak room, a room for gentlemen, and a lantern room. A hardwood floor has taken the place of the old floor in the hall proper, whilst the wiring of the hall has been completely altered, four chandeliers now being used for the lighting. The kitchen is moved back nearer the street, and where the kitchen was is now a beautiful alcove. A room has been built adjoining the stage, and can be used as necessity demands. A basement has been added to the hall, and a furnace installed therein.

GATHERING ICE CROP

CUT FROM CLEAN BODY OF WATER NOT TOO SHALLOW.

Storage Need Not Be Elaborate But There Are Important Points to Observe.

(Contributed by Ontario Department of Agriculture, Toronto.)

Our winters in Canada are usually very favorable for the production of ice. Ice is one of our most certain crops. In order to make use of this ice in the summer for cooling purposes it is necessary to store it properly during the winter season. Ice storage is not a difficult or costly matter; to make a success of it a few general principles must be applied carefully. The purpose of this short article is to mention these and show how they are applied for the successful storage of ice on the farm.

In the first place, the ice should be cut from a clean and sanitary body of water which is not too shallow. In harvesting the ice it will pay to take some care in marking out the strips of ice, and cutting the strips up into cakes so that they will be all of a size, and have even clean-cut faces. If cakes are cut in this manner, they will store much easier and tighter in the bin. Large size cakes keep better than small ones, but the size is limited on account of handling. A very good size is 20 or 22 inches square. The depth or thickness, of course, will vary with severity of the winter and the exposure of the ice to the weather. Cold dry days are best for harvesting and storing ice. If a number of people in any section cut and store ice regularly, it is a good practice to do the work co-operatively, as it can be done more economically, more conveniently and in a more efficient manner than by the single handed method.

The storage for the ice need not be an elaborate or costly structure by any means. Frequently some portion of the farm buildings can be conveniently converted into an ice storage, for instance the corner of a shed where a single bin can be built large enough to store the ice required. On nearly every farm some suitable storage about the present structures may be found, or made by slight changes in buildings. On the dairy farm it is quite a common practice to have a small isolated building containing ice storage, cooling room and dairy room. Sometimes it is possible to have the well under this building, with the pump in the dairy room. Such a combination as this is very useful and no doubt its advantages warrant the extra cost over a simple bin as enclosure for ice.

Whatever may be the form of storage, it is very necessary to provide for a location with good protection from the sun's direct rays, and yet with a reasonable amount of circulation of air; a good thickness of non-conducting material like sawdust or shavings between the ice and the atmosphere, free drainage from the bottom of the storage, liberal circulation over the top of the ice and the ice should be packed as tightly as possible. During the warm weather care should be taken to keep the top of the ice well covered with any ice is removed.

Space Required.

The rule for estimating size of storage required for a given quantity of ice is that 45 cubic feet will store a ton. According to this 40 tons would require a building about 14 feet square and 14 feet high, or twelve feet square and 20 feet high, of the ice. When ice is used chiefly for domestic purposes, it is necessary to store about 1½ tons per cow. If used for household purposes as well, two or three extra tons should be stored, sometimes more.

The Department of Physics, Ontario Agricultural College, Guelph, Ont., will be pleased to supply on request, free to residents of the province, a copy of Bulletin 256, "Cold Storage on the Farm."—R. H. Graham, Physics Dept., O. A. College.

Manure Pit Needed on Every Farm.

In a ton of cow manure the liquid part is equal to 61 per cent. of the total value. Outario with her thousands of cows, experiences a tremendous waste each year, largely through neglect and partly because it is human to do ill things when crowded unclean. Every precaution should be taken to save the liquid, as well as the solids. Fermentation or rotting goes on rapidly in dry loosely piled manure. Decomposition or rotting goes on rapidly in dry loosely piled manure. Nitrogen escapes in the form of ammonia, and the potash and phosphorous are made soluble. Once in caseous or soluble condition these valuable elements get away through leaching or washing by rains, or by evaporation. Returning to from whence they came, not neither for the neglectful. The losses due to the chances caused by fermentation and weathering are so commonplace with many farm people that they continue the practice as a matter of course.

Concrete floors and gutters in the stables and feed yards, together with a cement manure pit in which manure may be stored, is the equipment necessary to prevent loss, and insure the proper making of manure. A ten cow herd requires a pit 16 x 16 by four feet deep. The manure from a twenty cow herd can be taken care of in a pit 24 x 16 by four feet deep. A small tank can be arranged at one end, into which the unabsorbed liquid may run. This can be used as it is, or pumped back over the pile to prevent heating. The pit should be covered by a suitable roof, that will keep out the rain, support the manure cover or crack and provide shelter for the driveway.

Many of the disease conditions common to live stock are harbored in the manure and for this reason alone it pays well to keep the stock away from the manure pile. Plan and build to prevent waste of fertility, unsanitary conditions and for the maintenance of the health of the farm live stock.—L. Stevenson, Dept. of Extension, O. A. College, Guelph.

RE-OPENING OF PARISH HALL, CAMDEN EAST

The Parish Hall, Camden East, which has been closed for a time while extensive repairs and alterations were being made, was re-opened last Friday evening. A service was first held in the church. The church was filled, not a vacant seat being available when the Rev. R. W. Spencer, Rector of the Parish, opened the service. The Rev. E. S. Radcliffe, B.C.L., of Deseronto, read the lesson. His Lordship, the Bishop of Ontario, preached the sermon. During the service the Rector announced that the Hall would be opened later in the evening by his Lordship and invited all present to attend.

After the service all wended their way to the Hall, and there a splendid sight met the eye. Tables were spread for a banquet, and the Hall was tastefully decorated with the A. Y. P. A. colors. Over two hundred guests were present, and after all were seated, the Rev. R. W. Spencer called upon Bishop Bidwell to declare the hall open for use.

The Bishop arising, said, "I take very great pleasure in declaring this beautiful hall open for use in this Parish". The Doxology was sung and the banquet commenced, being served by an energetic committee of ladies.

Following the banquet community singing was indulged in, the first song being "O Canada". The Rector then said a few words and made special reference to Mr. John Robinson and Mr. Sewell, Church Wardens, who have assisted him so splendidly with the work in this Parish, and especially in connection with this particular undertaking. He also thanked the men of the congregation for the willing and hearty response to every request for help in the work by "bees", further, Mr. David Saul and Mr. Aylsworth Edgar, for the capable way in which they had carried out the insurance and currently work.

The next item on the programme was a piano solo by Mrs. Hilton Robinson, which was much appreciated. The Bishop of Ontario was called upon, and during his remarks he complimented the Rector and the members of the A. Y. P. A. upon the splendid work which they had accomplished, and expressed a hope that they would carry on that splendid work in the future. He also thanked the members of the committee for the delightful banquet which they had prepared, and which he, with others, had enjoyed. The next number was a violin and piano duet by Mrs. Clare Hinen and son, William. They were loudly applauded, and they played encore.

The Rev. Mr. Radcliffe then spoke. He carried the audience with him with his remarks. Mr. James Hartman, an old Camden East boy, was then called upon for a few remarks, and although taken by surprise responded, and on the fact that he had been prevented from some alteration on the Hall, but had never dreamed of what it was now seeing. In conclusion Mr. Hayden said he hoped as he allowed to dedicate the effort by which they had taken at the church on behalf of the building fund for the hall. The Doxology was again sung and a splendid evening terminated with the singing of "God Save the King".

The Bishop of Ontario, in a recent address with your reporter said, "I am highly pleased with the splendid work which is being carried on in this one of the most valuable parishes in the Diocese".

Great changes have been made in the hall. Upstairs there is a ladies' cloak room, a room for gentlemen, and a lantern room. A kitchen on floor has taken the place of the old floor in the hall proper, whilst the wiring of the hall has been completely altered, four chandeliers now being used for the lighting. The kitchen is moved back nearer the street, and where the kitchen was is now a beautiful recess. A room has been built adjoining the stage, and can be used as necessity demands. A lesser room has been added to the hall, and a furnace installed therein.

ODESSA

The Agricultural Society held their annual meeting in the Town Hall, last Monday afternoon. — Mrs. Donald Thompson has returned after spending a couple of weeks with her daughter, Mrs. Jack Long, Oshawa. — Mr. and Mrs. T. C. Graham and daughter, Bertha, have returned from spending the past month the guests of Mr. and Mrs. David Marshall, Toronto.—W. R. Lake and Wilbur Metzler have recently installed radios in their homes. — Mrs. Reynolds, an aged and almost life long resident, passed away last Monday morning. The funeral was held from her late home on Tuesday afternoon, Rev. Geo. C. R. McQuade officiating. The remains were placed in Forward's vault to be interred later in the Union cemetery. To mourn her loss are two sons and one daughter, William living near here, and John and Miss Mary on the homestead. — Mrs. David Ira Hartman is spending the winter months with her son, George Hartman, Napanee. — Mr. and Mrs. George Hartman and Mrs. Hartman spent Wednesday at the old home here.—Miss Mary Milsap entertained a few of her friends last Friday night.—The manager of the Odessa Baseball team called a meeting last week and it was decided to hold a social dance in the Town Hall, in the near future.

ice in the summer for cooling purposes it is necessary to store it properly during the winter season. Ice storage is not a difficult or costly matter; to make a success of it a few general principles must be applied carefully. The purpose of this short article is to mention these and show how they are applied for the successful storage of ice on the farm.

In the first place, the ice should be cut from a clean and sanitary body of water which is not too shallow. In harvesting the ice it will pay to take some pains in marking out the strips of ice, and cutting the strips up into cakes so that they will be all of a size, and have even clean-cut faces. If cakes are cut in this manner, they will usually pack neater and tighter in the bin. Large size cakes keep better than small ones, but the size is limited on account of handling. A very good size is 20 or 22 inches square. The depth or thickness, of course, will vary with severity of the winter and the exposure of the ice to the weather. Cold dry days are best for harvesting and storing ice. If a number of people in any section cut and store ice regularly, it is a good practice to do the work co-operatively, as it can be done more economically, more conveniently and in a more efficient manner than by the single-handed method.

The storage for the ice need not be an elaborate or costly structure by any means. Frequently some portion of the farm buildings can be conveniently converted into an ice storage, for instance the corner of a shed where a simple bin can be built large enough to store the ice required. On nearly every farm some suitable storage about the present structures may be found, or made by slight alterations or additions. On the dairy farm it is quite a common practice to have a small insulated building combining ice storage, cooling room and dairy room. Sometimes it is possible to have the well under this building, with the pump in the dairy room. Such a combination as this is very useful, and no doubt its advantages warrant the extra cost over a simple bin as enclosure for ice.

Whatever may be the form of storage, it is very necessary to provide for a location with good protection from the sun's direct rays, and yet with a reasonable amount of circulation of air; a good thickness of non-conducting material like sawdust or shavings between the ice and the atmosphere; a drainage from the bottom of the storage, and by circulation over the top of the ice, and the ice should be packed as tightly as possible. During the warm weather care should be taken to keep the top of the ice well covered up after any ice is removed.

Space Required.

The rule for estimating size of storage required for a given quantity of ice is that 40 cubic feet will store a ton. Accordingly 100 tons of ice would require a building about 14 feet square and 14 feet high, allowing a foot of sawdust on all sides of the ice. When ice is used chiefly for dairying milk, it is necessary to store about 1½ tons per cow. If used for household purposes as well, ten or three extra tons should be stored, sometimes more.

SKATING CARNIVAL AT NEWBURGH

A skating carnival was held at Newburgh last Tuesday evening, and proved very successful. The entries in the various classes were rather small, but this was counteracted by the many skaters who were not in costume. Miss H. Sutton deserves special mention for her costume. Dressed as a "Scotch Lassie," she was at once first. Among the gentlemen the costumes worn by E. Fisher and J. Cooper were outstanding. The men's race was fast and furious, but E. Fisher wore his opponents down and romped home an easy winner.

Results were as follows:—

Lady's Fancy Costume—H. Sutton.

Gent's Fancy Costume—E. Fisher.

Lady's Comic Costume—H. Simpkins.

Gent's Comic Costume—J. Cooper.

Best Skaters (couple)—D. Breeze and E. Fisher.

Girl's Race (under 12)—W. Wartman.

Lady's Race—D. Breeze.

Boy's Race (10 to 16)—M. Miles.

Men's Race—E. Fisher.

A hockey stick was presented to W. Wartman for selling the most tickets.

The judges were Miss Gordon, Dr. Maunce and W. Ballance. Starter, M. Vandervoort.

Prizes were donated by R. J. Wartman; Geo. Walker, M. Vandervoort, Newburgh Hardware, and W. H. Scott, Kingston.

The planning of this pleasing event was in the capable hands of W. J. R. Scott, manager of the rink.

HOCKEY

Napanee 4, Newburgh 3.

A good game of hockey was played on the Newburgh rink last Monday night, when a Napanee team defeated the locals by 4-3. Switzer starred for Newburgh, while Huffman and Sweet were outstanding for Napanee.

Goal scores were: Napanee, Huffman 2, Stewart and Sweet. Newburgh, Switzer 2, Fisher.

Following is the line-up:—

Napanee — Goal, Normie; l.d., Grass; r.d., Stewart; c., Burley; l.w., Huffman; r.w., Sweet.

Newburgh—Goal, Cline; l.d., Gonu; r.d., Breeze; c., Byron; l.w., Fisher; r.w., Brooks; subs., Switzer and Carter.

Mechanics 8, Finishers 3.

On Saturday evening, at the Arena, the Mechanics defeated the Finishers in a Gibbard Industrial League fixture by 8-3.

The first period ended 1-0 for Mechanics, Harry Sagar scored the only goal, a sizzler which Loucks couldn't reach.

Claude Fraser bulged the twine three times during the second period. The period ended with Mechanics 4 up, while the Finishers hung grimly to their goose-egg.

The Finishers put all their men on the attack in the last period and kept the Mechanics bottled up for a while. While this was going on, the Mechanics broke away repeatedly and Claude Fraser shoved four more counters past Loucks during the period. Eight goals up, the Mechanics took things easier and while they were, Mag Loucks slipped one by Bentley. Bentley was banished for hitting Mag, and while he was off Gerald Johnston ran in two goals on long shots. The Finishers were still pressing at the end, but finished on the short end of an 8-3 count.

Fred Bentley played a wonderful game in the nets for the Red and White. He repeatedly made spectacular saves and turned in a fine all-round performance. Authmyre Pybus and Everett Fraser turned in fine games on the defence. The forward line, Harry Sagar, Claude Fraser and Dave Roffey, showed lots of speed. They kept up a wonderful combination and their stickhandling and shooting was of a high order.

Garfield Thompson, Ted Bentley, Roy Moore, George Warner and Everett Pybus served in the relief role, and all turned in fine games.

Gladwin Loucks turned in a fine game in the Finisher nets.

Ray Loucks and Charlie Cornwall turned in good games on the defence and each got in some effective rushing. Mac scored the first goal for the Finishers. Cecil Walker, Hugh Hicks and Gerald Johnston, on the forward line, were slightly overshadowed by their opponents, but all three played well. Gerald got the last two goals.

Joe Deschane and Norman Dupont fill in very capably as substitutes.

The bell was handled in a very efficient manner by Charlie Loucks. He was on top of every play and gave a very finished and impartial exhibition of refereeing.

The teams were:—

Finishers—Goal, Loucks; defence, Loucks and Cornwall; centre, Hicks; wings, Johnston and Walker; subs, Deschene and Dupont.

Mechanics—Goal, F. Bentley; defence, E. Fraser and A. Pybus; centre C. Fraser; wings, H. Sagar and D. Roffey; subs., G. Thompson, R. Moore, T. Bentley and E. Pybus.

The scores of the Gibbard Industrial League are as follows:—

Claude Fraser (Mechanics) 7.
Ralph Wilson (Cabinetmakers) 2.
Gerald Johnston (Finishers) 2.
Harry Sagar (Mechanics) 2.
Ray Loucks (Finishers) 2.
Dave Stinson (Cabinetmakers) 1.
Arnold Rogers (Cabinetmakers) 1.
Everett Fraser (Mechanics) 1.
Earl Sweet (Cabinetmakers) 1.

For the benefit of the town fans who can't tell which team is which, we would like to say that Mechanics wear red sweaters with white stripes, zebra style. The Cabinetmakers wear green sweaters with white stripes, same style. The Packers wear a red and white sweater, with a crest bearing the letter "P"; while the Finishers wear a blue sweater with white cuffs and neck, with a crest bearing the monogram G.F.S. The fans who miss these games are passing up some real hockey. Every Saturday evening two teams play. The League standing is:—

	P.	W.	L.
Cabinetmakers	1	1	0
Mechanics	2	1	1
Finishers	1	0	1
Packers	0	0	0

Picton 10, Napanee 5.

The Napanee Intermediates were beaten in Picton by 10-5 on Monday evening. Croft, the Picton goaler, was practically unbeatable. He stopped shots from all angles and the five that beat him were well earned goals. The locals had by far the better of the play, but Croft was their stumbling block. Kirby was the best man on the ice, his skating and stick handling being of a high order. He scored three goals, and was all over the ice. Billy Houle was a flash on right wing, while Clint Shoemaker turned in his usual heady game on left. Jim Naphin and Fred Bentley were not an steady as usual on the defence, but few men got by. They both did some effective rushing. Everett Fraser had an off night in goal, but found time to make some startling saves. He was greatly worried by fans behind the net. Some kids were constantly throwing stuff at him, and finally settled with the "riding" the fans gave him, made him very nervous. He is only a young goal keeper and no doubt will get used to this. Harold Johnston, Fred Huffman and Mac McGarry were used as subs, and did not weaken the team any when they were on.

Burns, Church and Knapman were Picton's best. All three did good playing, but the whole team showed a complete reversal of the form shown here on Friday.

On the road back, Frank Johnston's car turned turtle in the ditch and Harry Babcock, a former Napanee goaler, was severely injured. His face was badly cut up and he was rushed to the hospital, where it was found he had concussion of the brain. Fred Huffman received a bad cut about the eye and Jim Hankinson was badly shaken up. Frank Johnston escaped with minor injuries. All hope for Harry's speedy recovery.

A benefit dance and softball games for Harry Babcock will be held in the Armouries on Tuesday evening, Feb. 2nd. Softball at 7.30 o'clock. Dancing at 10. Admission, adults 50c., children 25c. Every person should turn out and help. Harry has served the town for a number of years in all kinds of sport, and should not now be forgotten.

The Napanee Buffaloes defeated Newburgh in the latter place by 6-2 on Monday evening. A large crowd turned out and witnessed some fine hockey. Ward Huffman, Jack Skewart and Clarence Burley did the scoring for the locals. The Newburgh boys all played well.

Trinity 6, Grace 3.

On Monday afternoon the Inter-Church League got under way again. There wasn't a large turnout of fans for the game. The youngsters all played fine games and some showed marked ability with the stick. The youngsters are showing up better every time out, and show promise of developing into real stars.

Trinity Church defeated Grace by 6-3. The winners played good hockey and were more accurate with their shooting. Garfield Thompson and Bill VanDusen each chalked up two counters, while Ray Dickson and Stub VanLuven shoved one each past Smith.

Bill Vanalstine rang the bell twice for Grace Church and Roy Wilson managed to hit the "nigger" in the eye once. The teams were:—

Trinity — Goal, Deane; defence, Thompson and Dickson; centre, VanDusen; wings, Dayerne and VanLuven; sub., VanLuven.

Grace — Goal, Smith; defence, Loucks and Moore; centre, Wilson; wings, VanAlstine and Huffman.

Napanee 11, Verona 5.

Before a crowd of 500 fans on Wednesday evening the local intermediates defeated Verona senior by 11-5. Verona can thank Revelle, their goaler, for getting off as easy as they did. The locals rained shot after shot on him and he kicked them out, threw them out, and batted them out. Undoubtedly he is one of the best goalers seen here in a long time.

The locals all turned in fine games. Their combination was excellent, but their shooting was a little off. Clint Shoemaker, Tommy Kirby and Billy Houle treated the fans to some dazzling hockey. Billy Houle scored 8 goals and combined nicely with Shoemaker and Kirby. Kirby showed dazzling speed and evidently is in perfect condition as he seemed tireless and played the whole game. Shoemaker played a sterling game on left wing and was indirectly responsible for a good many goals. His passing was perfect and he turned in a fine all round performance. Bentley and Skitch turned in fine games on the defence, and both used their bodies freely. Bentley scored one goal and did some real good rushing, while Skitch is certainly no weakling. He did some fine stick handling and was robbed of at least 2 goals.

Harold Johnston was used as a sub and turned in a neat performance while on the ice. Jim Connolly, a new man, started on the defence. He had speed to burn and evidently knew how to check. Unfortunately he had his eye badly gashed in the first period and had to retire. It is hoped he will remain here for the rest of the season for he is certainly a fine player.

Everett Fraser played a fine game in the local nets, making many thrilling saves. Three of the five goals came when he got one of the locals confused with a Verona man, on account of the white sweater.

Ivan Spencer handled the bell and gave a very impartial exhibition.

Shoemaker, Kirby and Bentley each scored once, while Houle scored eight.

WISE AND OTHERWISE

Love makes a man think of diamonds and marriage makes him think of clubs.

Corns are painful growths. Holloway's Corn Remover will remove them.

Jack—"So Ruth is going to marry him, eh? You know he's a tough egg."

Jean—"Don't worry. She knows how to use an egg-beater."

"Poetry doesn't pay nowadays," remarked the long-haired lodger.

"Neither do poets," replied the landlady coldly.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its perfection, while fully effective, is mild.

Sores Flee Before It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Eclectric Oil. All sorrowful trouble should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way surpassed by its low price.

Parson Johnston—"Do choir will now sing, 'I'm Glad Salvation's Free', while Deacon Ketcham passes de hat. De congregation will please remember, while salvation am free, we has to pay de choir foh singin' about it. All dose who contribute accordin' to yo' means am not yo' meanness."

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Eclectric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and ought use no other preparation.

Car Dealer—"There's a real salesman for you, sir. She'll do her thirty-five and forty to the gallon, although she's pre-War."

Prospective Purchaser — "Which one?"

"The one, sir—with the hood up."

"Yes, I see. I meant which war."

Like a Grip at the Throat. For a disease that is not classed as fatal there is probably none which causes more terrible suffering than asthma. Even it impossible, the sufferer longs for relief, and finally, though after a severer paroxysm, is left in unconscious of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful relief to sufferers. It immediately relieves the restricted air passages, and thousands can testify. It is sold by druggists everywhere.

A Tee-totaler was asked to give his definition of a woman. After pleading his threat he began in his usually facetious way. "Well, personally speaking I——"

"Stop right there, professor," interrupted a lowbrow. "If you talked a few years you'd never get any more'n that."

Worms in children work havoc. Remove the attack the tender lining of the intestinal canal, if left to grow, the little ravages undisturbed, will ultimately perforate the wall, because these worms are of the hook variety that cling to and feed upon the interior surface. Miller's Worm Powders will act only exterminate these worms, of whatever variety, but will prove to be a tonic to the injury they have done.

Client—"Didn't you make a mistake in going into law instead of the army?"

Lawyer—"Why?"

"By the way you charge, there would be little left of the enemy."

BATH PASTORAL CHARGE OF THE UNITED CHURCH

During the past six months a series of magnificent church activities have characterized the Bath Pastoral Charge.

The year opened with three lawn socials, viz., at Beulah, Union, and Bath, which were marked with unqualified success. Then followed Anniversaries at all four churches, with splendid thankofferings. After this, three bountiful Fowl Dinners were held at Beulah, Union, and Hawley, while a most successful pie social was held at Bath. All the foregoing were eminently successful.

Following these activities came bazaars by the Ladies' Aids of Beulah, Bath and Union, when success again crowned the efforts. Then a splendid Christmas Tree by each of the four appointments brought us to the New Year; and while the new arrival was preparing for breakfast, our four Trustee Boards were accepting their allocation of the Maintenance and Extension Fund, and setting ready to raise $950.00 for the Budget. Now comes the canvass which is going forward with a swing, under the able management of competent men.

We would not forget the recent organization of the young people into a Young People's Council, with the following officers:—Honorary President, Rev. G. E. Ross; President, Mr. Gordon Hawley; 1st Vice President, Mr. R. Sagsmith; 2nd Vice President, Miss Davey; 3rd Vice President, Mr. A. Birrell; 4th Vice President, Mrs. E. Hordi; 5th Vice President, Miss Dorothy Osborne; Secretary, Sheldon Calver; Treasurer, Miss Carrie Davey; Pianist, Miss Foster. The young people are enthusiastic, and under the able leadership of our esteemed High School teacher, Miss Wasmann, will hold an entertainment sometime in March to raise their share of the Budget.

The social evening held under the direction of Miss Dorothy Osborne, was a decided success. After the Devotional Exercises led by the Pastor, a splendid programme of readings, vocal music, contests, and lunch, filled the evening with profit, pleasure and things worth remembering. All the people, we would not forget to say, are very proud of their beautifully painted church and parsonage, and are looking forward to the closing of one of the most successful years in the history of Bath Circuit. McCoy's Cod Liver Extract Tablets Fine For Thin Underdeveloped Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy.

It's your duty, Mother, to see that the frail, peaked, ailing youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the body-building cod are the health, weight and strength producing vitamines that are found in McCoy's Cod Liver Extract Tablets, which are sold by druggists all over North and South America.

Doctor's know about them and so do all druggists, and if your children need building up ask for these tablets today. If you want to give your loved one a good appetite and put pounds of good healthy flesh on their bones, just be sure and get McCoy's.

They are not expensive—60 tablets 60 cents—and if you are not pleased with the improvement after 30 days' use your money back.

A very sickly child, age 9, gained 12 pounds in seven months and is strong and healthy.

One skinny woman gained 9 pounds in 24 days.

The Soft Answer.

The saving sense of humor! "I am filled with disgust, and indignation!" began an angry caller on a business man.

"Well, well," interrupted the business man, "sit down and we'll talk it over. You will be just as well seated and a lot more comfortable." And you could disgust and indignation continue in the face of such a greeting.—Youth's Companion.

His Excuse.

"Uncle Mose, your wife tells me that you are three months behind with your alimony."

"Yes, sah—Ah reckon dat am so." But, yo' see, it's jes' dis way; I'se got a wife of mine ain't turned out f' be the writer that Ah thought she was gwine t' be."

The Superior Humorist.

It is the rare work of the superior humorist that he arouses thought as well as laughter, and George Meredith held this to be the test of true comedy of the loftier type.—Brander Matthews in Harper's Magazine.

Threads of Khaki.

If a thread is pulled out of a khaki coat, unravelled and examined closely the khaki shade will be found to be composed of threads of bronze, light olive green, lavender and brown.

The Past.

Patience—Do you ever look back over the past? Patrice—Why, bless your heart, that's the only way one can look at the past!—London Mail.

The Cavity.

Cholly—The dentist told me I had a large cavity that needed filling. Ethel Price—He recommend any special course of study?

To be wise we must learn to be happy.—Maeterlinck.

SYSTEM OF MARKETING

HOW ONTARIO STOCK IS HANDLED AT STOCK YARDS.

Over a Million Head of Stock Pass Through the Yards in a Year—Quality Recognized.

(Contributed by Ontario Department of Agriculture, Toronto.)

The production of live stock is one of the most important industries within the Province with an investment of between $250,000,000 and $300,000,000. Although there is a fluctuation from year to year the general trend has been a gradual increase, until the live stock population of Ontario in 1923 reached 1,765,965 milch cows, 1,572,122 other cattle; 907,473 sheep, and 1,734,734 swine. From this number it is estimated that 848,302 cattle, 602,111 sheep and lambs, 1,939,464 swine have been slaughtered and processed for consumption in addition to animals exported. Of these, the inspected packing plants of the province handled 1,163,444 cattle and calves, 1,-736 lambs and sheep and 1,249,263 swine. The balance must have been slaughtered by the local butcher and by the producer. The figures do not substantiate the impression that the one-time main outlet for our live stock, the local butcher, is a present day minor agency. However, the large packing houses are making inroads into his business, and he is gradually decreasing in numbers until only the more efficient will exist.

Preference for Quality.

If the quality of our live stock is maintained and improved it has great possibilities of expansion. With a growing population there will be an increasing demand for meat and meat products. With the British embargo lifted the export outlet will consume greater proportions than formerly and relieve the congestion on our markets of the surplus. With these possibilities confronting us, it necessitates the building up of a suitable marketing system that will function efficiently and economically. Efficient functioning means that the preference for quality of consumers of meat products are correctly reflected back to the producer, in the form of enhanced prices for that quality for which the consumer pays his highest price and correspondingly lower prices for those inferior products which consumers only buy at reduced prices. This demands a central meeting place (a market) where volume of product, convenient facilities, skill in grading and sorting, experience in buying and selling, uniformity and honesty in business practice can all be economically assembled. Thus the establishment of our stock yards where the live stock is assembled and an organized company accepts, on arrival of stock, full responsibility until such times as relieved of this obligation by the owner, and supplies the necessary physical facilities where the vendors bring their live stock and buyers congregate—packers to buy animals to slaughter and process to fill the demands made upon them for dressed meats and its products—a growing number of farmers bring choicer cattle to put on their pastures or feeders to turn their grain and rough feed into meat—drovers, the men who assemble the live stock at country points and deliver it at the central markets—commission men who are export salesmen and make returns to the consignors, speculators always ready to gamble and take a chance—officials looking after the public interest represented by the Live Stock Branch, Markets Branch, Health of Animals Branch of the Federal Government, and the Humane Society.

Over a Million a Year.

The greater part of Ontario's live stock marketed through public markets goes to the Union Stock Yards at Toronto. In 1924 there passed through these yards 276,723 cattle, 93,606 calves, 493,683 hogs, 152,413 sheep and 2,455 horses which represents a large portion of the Ontario live stock marketed through regular channels.

The Union Stock Yards of Toronto, situated at the northwest part of the city, was opened for business in 1933. Due to the establishment of abattoirs adjacent to the property and to ever-increasing use made of stock yards by shippers it has had a steady and fairly rapid growth. At present the yards cover more than 100 acres which about two-thirds is roofed. There are sixteen alleys for cattle with a thousand pens (866 equipped for feeding and watering) having a capacity of 9,000 head. A separate house for sheep and calves with a capacity of 6,000 head, and a hog building of 7,500 head. In addition to complete the accommodation for live stock. There is a railroad siding on either side with 60 unloading chutes and a number of scales placed at convenient points about the yards. At Exchange Building houses the Stock Yards offices of the various commission firms, banks and Government officials operating on the yards. Alleys are allotted to the various commission firms in proportion to the total volume of business.

The tendency in Toronto, as in most Canadian markets is developing into a one day market, Monday being the present market day. Whether this is a benefit to the industry is open to question, as it tatains carrying a staff for the rest of the week capable of handling efficiently the maximum day's receipts, which undoubtedly is an added expense. If this business were spread more evenly over the week it might mean economy in the handling of the market. Two factors have contributed largely to the large Monday market. The small abattoirs and packing plants buy their supplies and kill early in the week, leaving their staffs free for their heavy meat distribution business at the end of the week. Again there are some advantages in having stock over railways on Sunday, especially through the freight terminals, where the greatest delays naturally occur.—A. Leitch, Dept. of Econofimes, O. A. College, Guelph.

RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH

Tender, swollen, unsightly joints are usually freed from pain and brought back to normal with Rheumaa.

Lame people walk without aid; sleep comes to those who have been unable to lie in bed; hands that were helpless because of terrible rheumatism are now able to do their share for the support of the family.

Rheumaa is a wonderful remedy for rheumatism, gout, neuritis, lumbago and neuralgia.

It is a wonder-worker; it never falters, never gives up until every vestige of poison is expelled from the body.

Rheumaa acts on stomach, liver, kidneys and bladder all at once and quickly brings long prayed for comfort to distressed sufferers. Wallace's Drug Store and all druggists sell it with guarantee of money back if it isn't satisfactory.

The Founding of Frankfort.

The beautiful German commercial city of Frankfort on the Main is said to have had a curious origin.

When the Emperor Charlemagne was crossing the Saxons the fortunes of war were often against him. On one occasion he was forced to retire along the banks of the Main. At the time there was a thick fog, and he was unable to find his ship or any place where his army could cross.

He was almost in despair when a doe, carrying a young one, sprang from a thicket in alarm, leaped into the stream and swam over. Charlemagne followed the example and crossed at the same place. The fog concealed the army, which escaped detection.

When the emperor resurged ashore he stuck his spear into the earth and exclaimed:

"Here shall a city arise, to be called Frankenford!"

In consequence of crossing the stream he overthrew the Saxons. He then built the town, which afterward became the scene of imperial coronations and later of great commercial importance.—London Answers.

Checkers.

The German name for the game of checkers or draughts is "damenbrett"—ladies' board—probably "damen" for short. Some form of "dame" is used in almost every country where the game is played, except the English speaking countries, and the Scots still speak of the "draughts" of "Dames" was the name in England for a time, and we find it in an English book toward the end of Elizabeth's reign. The first use of the word draughts in existing literature is about 1400. At a later day "checkers" became another name, and this went to America with the early English emigrants and there became the usual name. In England in the eighteenth century the game had three names—"dames," "draughts" and "checkers." At an earlier period "checkmate," "chekker," etc., had been English names for chess.—London Mirror.

Hearing Restored by Radio

Miss Elsie Hayes, 25-year-old girl of Winnipeg, was induced by a friend to listen through a headset to a concert from radio station CKWG of the Canadian National Railways at Winnipeg recently, though she had been totally deaf and dumb since she was three years old. As the broadcast proceeded it became evident she was not only hearing sounds but was able to distinguish between the notes of the different musical instruments.

At the conclusion of the programme she heard her mother ask her if she had heard the music and noticed in her reply, responded with a round closely approximating the word "mother". The following morning on her way to work she was able to hear the rumble of street cars and she is now noticing the music of a phonograph when played with a good needle near her.

Specialists in the treatment of the ear say it is quite possible that radio vibrations may have given her the first sound from the outside world even after 22 years, but that such a condition would only apply where the sense of hearing actually remained without being used during that time.

H. A. WOOD, Clerk.

An Irishman got a job on some reconstruction work. The first day the foreman, wishing to play a joke on Mike, sent him out for a tool facetiously called a "round square".

Mike returned in a short time with a bottle of whisky and a dozen bottles of beer.

"Hallo!" said the foreman. "What's this?"

"This is the round", said the son of Erin, with a grin, "an' Oi could the lan'lord ye would square him on Saturday."

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit, and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

NEELY'S

As modesty is we, may we are calling the attention of the Public to our beautiful 1926 Paperhangings.

We stocked extensively from Staunton's large assortment, besides carrying the widest range of patterns the Empire Wall Paper manufacturers. (The above are the 22-inch semi-trimmed).

For those who would like cheaper hangings we have a fairly large number of "Colin McArthur" from which to choose.

We have arranged a comodious and comfortable Study, where the decorations may be viewed in their completed effect.

May we show you?

Junior Farmers Do Well.

Young farmers from six Counties in Eastern Ontario met last week at the Canadian Packing Company's Plant in Peterboro, to take a special course of lectures and demonstrations on swine, and to engage in judging competitions. Lennox and Addington made a very creditable showing, winning the following prizes in keen competition: Judging Live Hogs, W. Fricken, 3rd; L. Mellow, 8th. Judging Dressed Carcasses, E. Price, 7th. Grading Hogs, H. Allison and L. Merritt tied for 5th; R. Fretts, 7th. W. Fricken was 3rd high individual in the whole contest, 1st going to a man from Carleton County, and 2nd to Lanark. In judging a single class of 4 four hogs, H. Allison made a perfect score, 50 points for placing and 50 for reasons. The young men were shown all the operations in the plant from the time the hogs are received until the meat is ready for shipment. They were also entertained by the management on Thursday evening to a banquet and theatre party.

Bridal Shower.

On Monday evening, at the home of Mr. and Mrs. Morley Wilson, West Street, a musicale-shower was given in honor of the bride-to-be, Miss Frances Pepre. Miss Dwyre received with her hostess, wearing a becoming gown of black satin with touches of blue. Later in the evening the guests were invited to the supper room, where the color scheme was delightfully "bridey" in white and green. A bridal cake in the center of the table, surrounded with a soft wreath of white tulle, the whole lighted with candles in silver candle sticks. Mrs. (Capt.) Hughson poured the coffee, while Mrs. Harry E. Smith cut the ices. After supper Miss Dwyre was led to the place of honor, beneath a large white bell, where she was first presented with an armful of Amfrican Beauties by two dainty little ladies, Miss Lily Wilson and Miss Lillo Ballard, after which an address was read by Mr. Wilson. As a charming climax to the evening, a pretty pink and white box was brought in, which proved to contain a shower of linen from the friends present.

HARRY BABCOCK INJURED AS CAR OVERTURNS

Captain H. Leroy Babcock, aged 28, manager of the Napanee Hockey team, an ex-service man and an Assistant Manager of the Gibbard's Retail Furniture Store, at Napanee, was seriously injured Monday evening when returning from the hockey match in Picton, when he and four others who were in a Chrysler-sedan, owned and driven by Frank Johnston, proprietor of the Napanee Pool Room, struck a rut near Bloomfield, and skidded into the ditch, overturning the car.

Babcock was badly cut about the head and face. The injured man was taken to Dr. J. J. Roberston's office, Belleville, where his cuts were dressed, after which he was taken to the Belleville General Hospital, where it was found that he was suffering from concussion, shock, and lost of blood. It was also found necessary to put in several stitches. Tuesday morning Babcock was resting as comfortable as can be expected. The injured man will recover.

DR. P. G. C. CAMPBELL AT HISTORICAL

Dr. Campbell, Professor of French in Queen's, lectured on Friday night last before the Historical Society, on "Rambles in Normandy". Dr. Campbell has spent many summers in France, gathering an acquaintance with its literature and history first hand. His lecture on Friday night was an account of a summer spent rambling from village to village in Normandy, accompanied by his five dollar camera.

The lecturer had many of his best pictures made up into slides, and around those thrown on the screen his remarks wertred. The pictures were excellent, and were described in an interesting and interesting way by the speaker.

Dr. Campbell, besides being a great student of French literature, is a Scotchman with the Scotchman's humor and bright manner. So that the whole lecture was highly instructive, exceedingly interesting and entertaining.

The Historical Society is trying to meet a need that is met by no other organization in the town. For about fifteen years it has supplied monthly lectures in the winter season free to the public.

Many more than at present should avail themselves of the opportunity afforded by the Society to hear and to see some of the Province's best.

The next lecture to be announced soon.

BURNS' BIRTHDAY CELEBRATED AT ST. ANDREW'S

On Monday evening the 167th birthday of Scotland's famous poet was celebrated in St. Andrew's Church, when a concert made up of numbers which in song and story described the life and literary genius of Burns. The programme was all of a local talent. St. Andrew's Orchestra provided the instrumental music. A solo by Mrs. Valkman, a duet by Mrs. Valkman and Mr. Caldwell, a quartette, Messrs. Wale, Shannon, Caldwell and Vandervoort, and a solo by Mr. Caldwell, constituted the vocal numbers.

These items were all preceded by a statement by Mr. J. Watson, as to their origin and circumstances of composition. Besides giving these details of the Burns productions, which were illustrated by those following part, Mr. Watson gave an interesting paper on the Life of Burns. He traced the influence on him of his early home life, and his teachers. He then traced his life's history, illustrating the various stages in its development by quotations from his poetry.

The concert, which was in the nature of an experiment, proved a success in every way, and those who heard it must have a deeper appreciation of the genius of Scotland's honored poet.

Put this under your pillow and sleep on it. Harold Lloyd is at his funniest in "The Freshman", at Wonderland, Monday and Tuesday. 5a

N. C. I. CANADIAN CLUB

Under the auspices of The Junior Canadian Club of the Napanee Collegiate Institute, a very delightful luncheon was held Monday noon in the Public Hall, which was attended by not only the teachers and officials but also by members of the Board of Education, Town Council and Chamber of Commerce.

The meeting was honored with the presence of Mr. J. S. Woodsworth, M.P. for North Winnipeg, who gave a very comprehensive and interesting address, the speaker being introduced by Mr. Ralph Cowle, President of the Junior Canadian Club. Mr. Woodsworth's address was on "The Development of Modern Institutions", which by the aid of a chart he traced the life of man from the earliest times to the present age.

He also gave a very concise and apt address on Canada's Immigration Policy. At the close of the address a hearty vote of thanks was unanimously tendered the speaker by Miss Phyllis Woods and Mr. Thos. Moffat, which was enthusiastically carried. The meeting closed with the National Anthem.

CHAMBER OF COMMERCE

The annual meeting of Napanee Chamber of Commerce will be held on Tuesday, February 2nd, 1926, at 6.30 p.m., in Board Room, Dining Room.

As this is the annual meeting, the Election of Officers for the coming year will take place.

We need your help in choosing an active lot of Officers.

We hope every one may be with us and help with his advice and counsel.

There will be a short address by Dr. G. W. Morden on "Political Divisions in Europe Before and After the War." Also a musical programme.

W. J. WIGGINS, Secretary.

Telephone Rates at this Exchange

THE following table shows the principal rates now in effect for this exchange, and the new rates for which we are asking the approval of the Board of Railway Commissioners:—

	Present Monthly Rate	Proposed Monthly Rate	Monthly Increase
Business Service			
Individual Line	$2.57	$2.75	.18
2-Party "	2.05	2.25	.20
Residence Service			
Individual Line	$2.05	$2.05	.00
2-Party "	1.85	1.85	.00

(Above rates are for call telephones)

It will be seen that in order to bring local telephone rates into line with our proposed new schedule, no change is necessary in the charges for residence service. The tendency is thus to encourage the development of residence service.

Merchants and business men, while asked to pay a slightly higher rate for business telephones, will benefit in the enlargement of the scope and value of their service by the development of residence telephones.

We believe our patrons will agree that to maintain and extend a service vital to the welfare of the community, far outweighs in importance the very small increases individually small number of our citizens will be asked to pay.

INDOOR BASEBALL

Grace Church 22. St. Pats 17.

On Tuesday evening Grace Church defeated St. Pats by 22-17, before a crowd of 300 fans, in the Armouries.

Mary Stinson was right on" and fanned eight of the "Saints". She also wielded a pretty heavy bat. Hazel O'Neil did the receiving and caught faultlessly. Mary Stinson also distinguished herself by retiring the side unassisted in the last inning.

Helen Harrigan played her usual steady game at first, and her fielding was faultless. Jessie Vanalstine played a fine game at short, making a couple of nice plays. Grace Harrigan played a nice game at second, and Marion Thompson shows promise of developing into a fine short-stop. Dorothy Lucas played a mighty pretty fall game at third, and distinguished herself by pulling down a sizzling drive with one hand. Grace Hall and Miss Bates played fine games in the outfield.

B. McGuire was off form in her pitching and wasn't as good as usual, but nevertheless, she played good ball. Irene Embury played her usual steady game behind the bat, and her all round play was a treat. M. McGuire played a nice game at first, and Agnes Cavanaugh covered second well. Miss McGuire was a whirlwind at short, and Katherine Gleeson was on the game all the time at third. Aileen Murphy, Beatrice Brady and Marion Embury all place nice games in the outfield.

No. 5 Platoon 23, Headquarters 15.

After the girls' game No. 5 Platoon defeated Headquarters by 23-15.

John Murray twirled for No. 5 and did some nice pitching and fielding. Cecil Harrison played a fine game behind the bat, while Bud Fraser turned in a nice game at first. "Red" Henderson played well at second, and Jack Judson played a fine game at short. "Mickey" MacDonald made several nice plays at third, and A. Mount, T. Tierney and C. Walker played nice games in the outfield.

Ralph Black twirled a fine game for Headquarters, and was ably held up by Fred Ballard. Everett Fraser played a fine game at first, as did George Reid at second. Percy Allison was good at third, and DeVere Powell played a fine game at "short". C. Walker, R. Storms and "Nurat" Parrott played nice games in the outfield.

Wallace's, agents for Smiles 'n Chuckles Candy and Riley's English Toffee. "A fresh shipment of each just arrived.

RE TELEPHONE RATES

Speaking of the proposed new schedule of telephone rates, which appears in another column of this issue, District Manager A. J. Evans, of the Bell Telephone Company, said:

"So far as this exchange is concerned, the changes we propose amount to very little, and is just a matter of bringing rates for business service into line with our new schedules by asking for an increase of only 18 cents per month. Residence rates remain just as they are, and as there will be a short address by there will be no change in the rate for residence instruments, the greater proportion of local subscribers will not be affected.

"The result, on the whole, is to encourage the present rapid development of residence service, making the merchant's service of ever-growing value to him because of the constantly increasing number of householders he can reach."

CANADA IS LARGEST PRODUCER OF NICKEL

Value of Production of Ontario Mines Second Only to Dominion's Gold Output

Though nickel is not, like iron and copper, one of the world's major industrial metals, it occupies a place of constantly increasing importance and, in so far as Canada's metal production is concerned, is second only to gold in the value of the annual output.

Canada's nickel industry had its beginning in 1887, in the discovery that certain mineral deposits at Sudbury, in Ontario, that had been taken up and worked for copper also contained nickel and were in reality great nickel deposits rather than copper deposits. Nickel was at this time, however, commercially speaking, a comparatively unknown metal for which there was no great demand—the world's annual consumption being only about 1,000 short tons—so that the history of the first few years of the industry is the record of an almost continuous uphill fight to find new uses and a profitable market for the output. Indeed, competition in the nickel field has always been keen, and though numerous companies have from time to time been formed to engage in the industry in the Sudbury district, the only survivors are the two large corporations, the International Nickel Company and the Mond Nickel Company. At the present time these two concerns account for practically all of Canada's output (in round figures some 32,000 short tons valued at over $19,009,000, constituting over 80 per cent of the world's requirements in 1924) except some small amounts recovered as by-products from the treatment of Cobalt silver ores. The record production of 46,000 short tons was made in 1918.

Previous to the Washington Conference probably more than 50 per cent of this nickel went into armour plates for warships, but now the greater part of it finds its way into peaceful industries where it is put to many and diverse uses which may be grouped under four or five general headings, viz., as a component of many alloys both ferrous and non-ferrous of which the most important is nickel steel; as a surface coating for other metals; as a chemical or catalytic reagent; and as pure malleable nickel for the manufacture of cooking utensils, dairy equipment, and innumerable like articles made by rolling, forging, pressing or drawing the metal.

Not only is Canada by far the largest producer of nickel in the world, but the reserves of nickel ores are vastly greater than those of any of her possible competitors and this together with the many other advantages she possesses gives her a predominant position in the world's nickel trade that is well nigh unassailable.

ODE ON THE DEFEAT OF THE FINISHERS

Sea-horse up in the centre
Of Limburger he's a chunk,
He's more at home in front of a plough
Lord God but that horse was punk !

Chocolate Mag on the left defence,
Sagar comes flying through,
And takes a shot at the Enterprise kid,
It's labelled goal number two.

Some one stole Lem's crutches
Which put Lem in a bad fix;
John R. couldn't keep up
For he hadn't brought his pick.

Iron Johnston up on left wing,
I'm stating this for facts,
Would have done more execution
But he forgot to bring his axe.

Then there was Dangerous Walker,
He did nothing mean,
But there was no snow on the ice on his side
For his pants kept it swept clean.

The Desperate Deachene from Protestant Point,
He gave the crowd a shock,
Along with Thompson, he's a star,
On the home team at Bell Rock.

Cowboy Storms on the side lines,
Said he'd never seen such luck,
Since the night in December
When he tried to swallow the puck.

Such was the wreck of the Finisher team,
On a night not long ago;
Lord, save us from a repetition
Of this awful tale of woe !

—Shortfellow.

OUR FAT REFEREE.

This is the tale of the referee
Who handled our last two games,
The way he pushed Jan to the sawroom team,
Has earned him undying fame.

He has never read any Rule book,
So I'll venture an estimate,
That he thinks a referee's duties
Is simply get out there and skate.

There is no offside for the Mechanics
His feelings for them is all mush,
But when Lem gets a foot o'er the blue line,
Lem instantly gets the bum's rush.

Then someone takes up a collection,
They just go around with a can,
And when they get all of the Jack in,
They slip it to Dopey Dan. (Ellie)

He sure likes to ride Iron Johnston
If Iron gets near the goal, somehow
He soon gets a beautiful notion,
To shove Iron into the Hoose-Gow.

So I wish for our next game, old timer,
That this fat referee is safe,
On an ocean liner,
And a thousand miles out to sea.

—Lemonella.

One Sure Way To Good Health

Is Keeping the Blood Rich and Red—Dr. Williams' Pink Pills Make Rich, Pure Blood and Restore Health.

Thin, pale people lack the power of resistance to disease that rich, red blood gives. Nervous breakdown is the result of thin blood. So is anaemia, indigestion, rheumatism and many other troubles. People suffering from thin, impure blood need just the help Dr. Williams' Pink Pills can give. For more than a third of a century Dr. Williams' Pink Pills have been famous as a nerve restorer. Thousands upon thousands of letters from grateful people have proved the rare value of this medicine. The first effect of the pills is usually to stimulate the appetite; then the spirits revive and restlessness at night gives way to healthrestoring sleep. For sufferers from anaemia, nervousness, general weakness, digestive troubles, rheumatism; or the after-effects of influenza or acute diseases, Dr. Williams' Pink Pills are a restorative of the utmost value. If you are weak or ailing give these pills a fair trial and the result is sure to be beneficial.

"Dr. Williams' Pink Pills have done wonders for me," writes Mrs. Russell Hill, Norwood. "I took a lot of doctor's medicine but it did not help me. It was a real trial to do any house-work, or to go about, and I got so that I scarcely cared whether I lived or died. One day while reading a paper I saw an advertisement about Dr. Williams' Pink Pills. It described a case very much like my own and I decided to give the pills a trial. I had not been taking them long when I could feel a change for the better. I continued the pills until I had used eight boxes when I felt like a new woman. Every disagreeable symptom had vanished and I gained in weight, and a good color returned to my face. All this I owe to Dr. Williams' Pink Pills and I am never without them in the house, and any time I feel out of sorts they are my first aid. I gladly bear this testimony in the hope that it will benefit some other sufferer."

Two useful books, "Building Up the Blood", and "What to Eat and How to Eat", will be sent free by The Dr. Williams' Medicine Co., Brockville, Ont., if you write for them.

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail, post paid, on receipt of price, 50 cents per box.

WEDDING BELLS

Crouse—Storing.

At Trinity Parsonage, Napanee, on Wednesday, January 20th, 1926, Rev. W. R. Taylor united in marriage Osric Kathleen, only daughter of Mr. and Mrs. R. Storing, Centreville, Ont., and Percy Edmund, only son of Mr. and Mrs. Charles Crouse, of Roblin, Ont.

Miss Dorothy Osborne, cousin of the groom, acted as bridesmaid, while William Storing, brother of the bride, acted as best man. The groom's gift to the bride was a white gold bar pin set with amethyst stone; to the bridesmaid a white gold bracelet, and to the best man a set of gold cuff links.

After the ceremony all returned to the bride's parents, where a dainty lunch was served to about thirty invited guests, in a nicely decorated dining room. Mr. John Osborne, of Bath, gave the toast to the bride and groom, the groom making a suitable reply. The bride was the recipient of many beautiful gifts. The evening was spent with music and games. The happy couple spent their honeymoon among their relatives. On their return a reception was held at the home of the groom's brother, at which the bride wore her wedding dress of pencil blue silk crepe-de-chene. They will make their home near Selby, where the groom is a prosperous young farmer.

WOMAN COULD HARDLY WALK

Mrs. Horn Tells how Lydia E. Pinkham's Vegetable Compound Restored Her Health

Hamilton, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and would not be without it now. I had a female trouble so badly I could hardly walk and I was all run down and could hardly get around to do my housework. I would lie in bed three or four days at a time. I was told by a friend to try Lydia E. Pinkham's Vegetable Compound. I did, and by the time I took two bottles I was beginning to get around again. I took ten bottles in all, and now I am all right again and do my own work. I have six grown-ups to work for, so I have plenty to do. I also used Lydia E. Pinkham's Sanative Wash, and I think it is good. But I owe my health to the Vegetable Compound, and I think if more of it was used women would be better off. I would not be Mrs. NELLIE HORN, 28 St. Matthews Avenue, Hamilton, Ontario.

Do you feel broken down, nervous and weak sometimes? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and persistently, will relieve this condition. c

Pain In Her Back Has All Gone

Ontario Lady Used Dodd's Kidney Pills With Beneficial Results.

Mrs. G. Fowler Had Suffered For Six Months With Backache and Found Relief in Dodd's Kidney Pills.

Arthur, Ont., Feb. 1st (Special)—Mrs. Grace J. Fowler, a well-known resident here is very satisfied with Dodd's Kidney Pills.

Mrs. Fowler used several boxes of Dodd's Kidney Pills and found great relief in them. "My Fowler states. "I have suffered with backache for six months. A friend of mine had told me about Dodd's Kidney Pills, so I decided to give them a trial. I have taken six boxes and the pain in my back and stomach has always left and gone. I am very thankful to you."

Mrs. Fowler's troubles came from the kidneys. Dodd's Kidney Pills act directly on the kidneys. They put them in shape to strain all the impurities out of the blood. Without pure blood there can be no good health. Insist on having Dodd's, the kidney pill your neighbours use.

Her Ignorance.

"Sam," said May Irwin to her negro butler on one occasion, "do you mean to vote at the coming election?"

"Co'se I mean to vote," Sam answered promptly.

"Well, what do you know about the constitution?"

"Law, now, Miss May," said Sam, "you don't have to be a doctor to vote."

Cruelly Disappointed.

"Why is Mrs. Binks so angry with her husband?"

"Why, when he stayed out late the other night he told Mrs. Binks that he had been up at the office by an important business engagement, and she found out subsequently that this was the exact truth."

Where They Differed.

After suffering a long time with toothache the young colored girl got up her courage enough to go to the dentist. The moment he touched the tooth she began to scream.

"Look here," he said, "you mustn't yell like that. Don't you know I'm a painless dentist?"

"Well, mebbe yo' is painless, sah," she said, "but Ah ain't."

Love Tokens In Spain.

Spanish lovers present their fiancees with fans on which they have written the most impassioned poetry, embroidered garters with love mottoes woven in silk and innumerable boxes of sweets. Engagement rings are not given, the bride elect receiving instead a gold medal, which she wears suspended from a chain around her neck.

How He Wrote His Name.

Quill pens were made in the fifth century. There is a record of their earlier use. Theodoric, the Ostrogoth king, is said to have been illiterate and unable to write his own name. A golden plate was made with the letters of his name cut through it. This was placed over the document he was expected to sign, and he traced his name through the open spaces with a quill.

Vegetable Leather.

A plant grows in Japan which furnishes a sort of vegetable leather. It is a pretty shrub called the "mitsumata," and its inner bark, after going through certain processes, is converted into a substance as tough as French kid, so translucent that one can almost see through it and as pliable and soft as calfskin.

Why She Was Silent.

A very silent old woman was once asked why it was she had so little to say. She replied that when she was a young girl she was very ill and could not talk for a long time, whereupon she made a vow that if speech were given her once more she would never again say anything unkind of anybody. And thus she was as they found her.—Exchange.

Breechloaders.

Breechloading in artillery and small arms is popularly supposed to be an invention of the middle of the last century, but such is by no means the case. In a Dublin gunsmith's shop at Cork Hill is on view a breechloading rifle offered to the British war office at the close of the eighteenth century and rejected, as it was considered to need too much ammunition!

The Modern Poet.

"I find the market page the most valuable department of the paper," said the poet.

"I can't understand," said the business man, "why you should be interested in the market page."

"Look at it," exclaimed the poet. "It's brimful of quotations."

TUBERCULOSES IN HENS

SOME POINTS ON CAUSE AND PREVENTION.

Disease Is Not Communicable to Humans, But It Is Cause of Serious Losses.

(Contributed by Ontario Department of Agriculture, Toronto.)

We hear so much about the dangers to the human from bovine or cattle tuberculosis that we regard all types as dangerous. It is indeed refreshing to know that one type, the avian or fowl tuberculosis is not considered to be dangerous to the health of the human. In so far as it is known at present the only two mammals that avian tuberculosis affects are the rabbit and the mouse. So why worry about eating a chicken that is mildly tubercular or using the eggs from a flock that shows such symptoms? The great loss comes, however, to many poultry-keepers through the invasion of this disease due to the reduction of the vitality and general stamina of the flock. If it does not destroy the birds it gradually brings them to a state of weakness that puts them in the class of the unproductive, and they might as well be dead.

Avian tuberculosis is a chronic infectious disease of birds caused by a bacillus mycobacterium avium. Infection is generally introduced by bringing in diseased birds from other flocks. Pigeons that feed in all the barn yards and farm yards of the neighborhood may be responsible for general distribution. The most frequent cause is the purchase of supposedly healthy chickens and bringing such home to mingle with the flock. Another source of danger is the egg from a hen having tubercular ovaries. These may produce eggs containing the bacillus. If so, and such are used for incubation the resulting chick will be infected. The eggs that do not hatch may contain the germ and if used for feeding chicks may infect them. The droppings of infected birds contain the bacillus, so any carelessness in feeding, and neglecting of proper sanitation will likely aid the trouble until the disease has a grip on the entire flock.

Symptoms.

The disease is slow to develop, and symptoms are not generally noticed until the bird is over a year old. They continue to feed well, but become very thin, the muscles of the breast may become greatly reduced, and the bird becomes a handful of feathers, skin and bones. Swelling of the leg joints with lameness is common. Sometimes the swellings will burst and discharge, the bird goes down unable to stand. Intestinal trouble with diarrhoea, dullness and no life are commonly seen in this disease before death.

Post-mortem.

The visibly tubercular affected bird will generally show, on post-mortem, yellowish-white, hard cruelly nodules scattered over the liver and spleen. These spots or nodules vary in size and may be as large as a bean; when cut they resemble crumbly cheese or may be gritty. Enlargement of both liver and spleen is common. The tuberculosis of fowls. Infections of the lungs are not so frequent, but occasionally these organs show cheesy yellow or white cruelly. The intestine is a common seat of infection, since all infectious material must pass by this route. T. B. nodules frequently develop either on the, the lumen of the bowel. These resemble the nodules on the liver.

Prevention and Control.

Kill off the flock and thoroughly clean up houses, yards, and equipment. Slightly diseased birds, if in good flesh, may be used for food. Those in emaciated condition and showing diseased lesions should be burned. Keep rats and mice out of the houses and yards, and always keep birds of various ages in separate flocks. Be sure of the new stock, know that it comes from uninfected premises. Weed out old birds and all suspicious cases. Keep the pigeons out. Be up to date in sanitation.—L. Stevenson, Dept. of Extension, O. A. College, Guelph.

Bacillary White Diarrhoea.

The elimination of bacillary white diarrhoea from the poultry flocks of Ontario depends on three factors; first, the finding out which birds in the breeding flock are infected through the application of the blood serum test; second, the removal of all infected birds from the flock; third, the protection of the young and growing flock.

It has been conclusively proven that this disease is an ovarian infection. Eggs from infected birds carry the bacillus pullorun in the yolk. The chick that develops from an infected egg will be infected and have the disease when it steps out of the shell. Normal chicks running with diseased chicks may pick up the organism through picking up infected materials and feed from the floor of pen or yard. In this way, a few germ carriers may be responsible for a large percentage of the flock going down with the disease. Chickens that survive the attack are always a menace in that they carry the bacillus over to the next breeding season. Find them out and eliminate them from the flock at once. The finding out is done by securing a blood sample from each bird and applying to it the blood serum or agglutination test. The test depends on the principal that in the blood serum of infected hens there is a substance produced as a re-action against bacterium pullorum. This substance is spoken of as agglutinin and its function in the test is to cause the bacteria of bacillus white diarrhoea to clump together and precipitate. The blood of birds, free from the bacillus pullorun contains no agglutinating agent and gives a clear reading.—L. Stevenson, O. A. College, Guelph.

Dairy stock that has been sent to the stock yards is generally of little value for dairy purposes.

His Backbone Is a Spring.

The snapping bug has a spring in his back, like a knife. When not in use as a spring it serves him as a backbone, so you see he is a believer in scientific efficiency and makes one part of his machinery do the work of two. His spring backbone, or backbone spring if you prefer, gives him power to jump which in turn gives him his name. Nature probably gave him the spring to help him get on his feet when he's on his back. You've noticed how helpless some insects are when you lay them on their backs. Not this one, however. He slips his backbone out of its groove and then slips it back again suddenly. The spring pops him up in the air, he turns a somersault and drops right side up. Spring backbones are common in several other beetles. The beetle of the pestiferous wire worm, which destroys the farmer's crops, has a spring in his back. Other members of the family make their homes in trees or decayed wood.

Resourceful Burglar.

A constable going the rounds of his beat in London a few nights ago noticed a light in a house from which the family and servants had gone out of town. After the officer had pulled the bell several times a man put his head out of the bedroom window to say that he would be down in a few minutes. He came down in a dressing gown and carrying a candle in his hand.

The constable explained his suspicion, whereupon the man stated that he had just run up to town to see that all was right. After chatting for a little he invited the constable to have a glass of wine. He lit the dining room gas and produced a bottle of port. After they had drunk each other's health he let the constable out and bolted the door after him.

The man lost no time in getting the "swag" together and left the house by another exit.

Giving a Horse Its Name.

The shire horse owes its name to Arthur Young's remarks, in the description of his agricultural tours during the closing years of the eighteen century, concerning the large old English black horse, "the produce principally of the shire counties in the heart of England." But long previous to this the word "shire" in connection with horses was used in statutes of Henry VIII. Under the various names of the war horse, the great horse, the old English black horse and the shire horse he breed has for centuries been cultivated in the rich fen lands of Lincolnshire and Cambridgeshire and in many counties of the west. Curiously enough, the Shire Horse society, which has done so much to promote the breed, was known for the first six years of its existence, which began in 1878, as the English Cart Horse society.—London Chronicle.

The First War.

The first writing known to scholars was the account of a war waged between Egypt and Babylon, which took perhaps 3500 B. C. The first battle was that between Cain and Abel. Apparently Cain played it to been quite to settle their differences by fighting. The first warlike king is said to have been Sargon of Agade, who ruled united into Asia and conquered Bactria in 2100 B. C. Palapedes Bacgos is mythically reported to have been the first who ranged an army in a regular line of battle, placed sentinels round a camp and excited the soldier's rigid lance by giving him a password. This occurred during the siege of Troy, the date of which is variously estimated at about 2,500 years before the Christian era.

Reversing the Compliment.

A cashier of somewhat portly build was frowning over a statement of accounts just placed before him by his pretty typist.

"As a young lady," he said, "I admire your type, but I can't honestly say I admire your typing."

"How funny!" she replied smartly. "We are no different, for, though you are of course wonderful at figures, no one could say you have a splendid figure!"—London Express.

Mrs. Walter Cranston, Deseronto Road, is visiting her daughter, Mrs. Victor McGreer, Sydenham.

Mrs. Simpson and Miss Marjorie are spending some time visiting with friends in Toronto.

Messrs. M. P. Graham, A. L. Dafoe, P. C. Pellorin, Dr. R. T. McLaughlin, C. I. Maybee, W. A. Daly, H. Huffman and W. J. Jewell went to Toronto on Monday afternoon to curl for the Ontario Tankard.

Capt. Harry Babcock, who has been confined to Belleville Hospital, has returned home.

Among the parties given for Miss Gladys Miller, whose approaching marriage gives her the place of honor at many social functions, are the following: On Tuesday evening of last week a Bridge at the home of Miss Marjorie Dollery; on Thursday, a luncheon-Bridge was given by Mrs. Ross Miller, in honor of her niece; on Friday of last week, a Bridge at the home of Miss Ethel Hawley, and on Tuesday last a "500" party at the home of Mrs. T. B. Wallace.

Miss Frances Dwyer left on Monday for her home in Oshawa.

Miss Edith Macmorine returned to Napanee on Tuesday, after a severe attack of measles in the Kingston General Hospital.

Miss Florence Kirkpatrick has returned home, after spending two weeks with Miss Josephine McMaster, Havelock, and Mrs. William Cane, Belleville.

Mrs. J. A. Vandewater entertained at her home on Robert Street, on Wednesday evening, a number of lady friends, at Progressive Five Hundred. After the play a delicious lunch was served at midnight. All voted Mrs. Vandewater an ideal hostess.

IN MEMORIAM

In sad but loving memory of little Mildred, beloved daughter of Mr. and Mrs. Fred Reid, who died on January 24th, 1922.

No stain was on her little soul,
She had not entered there;
And innocence slept sweetly on
That pale white brow so fair.
She was too pure for this cold earth,
Too beautiful to stay;
So God's Holy Angels bore,
Our darling child away.

Sadly missed by Father, Mother, and little Brothers. 6ap

MEMORIAL WINDOWS IN NEW BATH CHURCH

The new St. John's Church, at Bath, erected last summer a memorial to the first rector, the Rev. John Langhorn, has recently been adopted with a number of beautiful stained glass windows, five being placed in the Apse Chancel and one in the Nave.

The windows in the Chancel consist of figures of St. James, given by the Misses Davy, of Bath, in memory of John, Peter and Marshall Davy, United Empire Loyalists and pioneer churchmen, 1747-1900; the three centre windows form the Crucifixion group and were given by Mr. W. H. Davy, Moorehead, Minn., in memory of Percy, William, and Hannah Davy, and Sarah M. Davy, Fairfield, United Empire Loyalists and church members from 1811 to 1846. The fifth window is a figure of St. Peter, and is in memory of William Fairfield, Sr., a United Empire Loyalist and Mrs. Read, benefactor of the old St. John's Church erected in 1793, this window being contributed to by a number of descendants of this old Loyalist. The Rev. John Langhorn had his congregation assemble at the old Fairfield home, which he designated St. Peter's, hence the choice of a subject for the window which is situated immediately above his last resting place.

The beautiful window in the Nave is a figure of St. Mark, given by Mr. J. B. Bowman and Elizabeth, his wife. Mr. Bowman had the same subject for a memorial window in the church and now has restored with his characteristic loyalty and faithfulness.

The coloring and tones of all the windows are beautifully rich, soft, and pleasing, and reflect great credit on the artists, the M. T. Lavon Co., Toronto.

Rev. Robert Read, W. G. Swayne, is to be congratulated on the success attending his indefatigable efforts to adorn and beautify his church.

THE BELLEVILLE PRESBYTERY MEETS

The second regular meeting of the Belleville Presbytery was held in Bridge Street United Church, on Tuesday. There was a large representation of clergymen and lay delegates from all over the three counties. There was a large amount of business which kept the Commissioners busy throughout the afternoon and evening. The Presbytery pays two thousand dollars of its allocation for maintenance and extension. Dr. Endicott, of Toronto, made a stirring appeal to the delinquent charges to secure their full share of the allocation. The work of the Presbytery is well under way and is functioning with vigor and earnestness. Revds. Thrall, Tanton and Wilson and Mr. Corkill were present at the meeting from Napanee.

BRIDAL SHOWER

On Monday afternoon Mrs. D. R. Hall gave a Bridge-tea in honor of Miss Gladys Miller, with nearly fifty guests present. Miss Miller received with her hostess in a chic black and white foulard frock with small black hat. There were five tables of Bridge in play until five o'clock, when a number of friends joined the party at tea. The tea table was a thing of beauty, being artistically arranged beneath a pink and white wedding bell from which ruffled streamers of pink and white, entwined with graceful trailing smilax, extended to the four corners of the table, where they were caught with silver ribbon. Beneath the bell on an elaborate pedestal of wedding fake, stood a very up-to-date little bride who was dressed according to the latest dictates of fashion, even unto a court train and bridal veil. Pink and white hyacinthes, pale pink candles in silver holders, were profusely used on tables and buffet. Mrs. F. F. Miller poured tea, and Mrs. W. C. Smith, Miss Flora Johnston, Miss Betty Smith and Miss Elizabeth Carnegie served. Before the close of the afternoon a very handsome oak chest was presented with a miniature oak chest of beautiful linen.

THE UNITED CHURCH

The series of articles which have been appearing under the title "The United Church", have been concluded. The writer hopes that they may have tended to a clearer understanding of the movement which brought these churches together; of the aims and principles underlying the new church; along with some practical help in conducting the local organization.

MOTHER AND DAUGHTER BANQUET

The second annual Mother and Daughter Banquet given by the Napanee Branch of the Women's Institute, was held in the Masonic Hall, on Thursday evening, January 28th, at 6.30 o'clock. Over two hundred members and their guests faced the storm and cold to be present on this occasion. The tables were a delight with their decorations of blue and yellow and candles of same shades, the Society's colors, bright jellies, tempting salads and delicious homecooked food. A specially designed program and menu card was at each place as a souvenir. A ladies' orchestra played throughout the meal added greatly to the evening's enjoyment.

Mrs. Shannon led the community singing and for a few minutes had everyone singing with vim and gusto.

Mrs. Alpine Woods, President of the Branch, acted as Toast-mistress, and in rising to propose the toast to the King, reminded those present that this is but the fifth anniversary of the organization, and there is a membership of a hundred and sixty, all working in the interests of a society which has for its motto "Home and Country".

There were two other toasts, "For Home and Country", proposed by Mrs. G. I. Perry, and responded to by Mrs. Shorey Loynes, "Our Mothers" proposed by Miss Eileen McCormick, the young daughter of one of the members, and responded to by Mrs. Laughland, the speeches being heartily applauded. A happy break in the speech-making were the solos by Miss Dwyer, who greatly charmed her listeners by her full, rich voice in "O Canada," and "Mother Machree".

Mrs. Woods then introduced the speaker of the evening, Dr. Annie Ross, M.D.C.M., lecturer in Physiology, Psychology, Home Nursing and Child Study at Macdonald Institute, Guelph. The Society were specially privileged in having a speaker of the personality and literary attainments of Dr. Ross and her experience among the girls of Macdonald Hall make her an authority in her yerk.

She said that in the young people of to-day there is the divine restlessness of youth always wanting to be somewhere else, of wishing to go yet longing to stay, of always looking for new things but if they will, older people may recall "the same spirit. Life is a big thing and the new spirit of adventure is needed in the young. We need their vision as they "mount up on wings like eagles", but the older must "run and not be weary". The three best words in the English language are said to be Mother, Home and Jesus, and though the young long to go, there is always the thing of home. The cottage has given more great men than the castle, as for example, Lloyd George, Bunyan and Turner.

The three great things in life are love, truth, beauty, and it is for the mother to give and teach these. Teach children to see beauty—the fine in the commonplace, for simplicity is the keynote of beauty. Restraint is needed in language, for the few descriptive superlatives used on each and every occasion show poverty of thinking. The best of everything is only good enough. Thus there should be beauty of conduct and beauty of expression.

"Mothers also must teach truth in the home, not only the toning down of imagination, but seeking for truth as Dr. Banting searched for insulin, as when the British took Jerusalem and found a high death rate among children and were told it was "the will of the inscrutable One." They said "No, it's the dirty water you are drinking," and the engineers got at the root by supplying clean water.

Truth can help others; girls have a purifying influence, as are entitled to clean thinking and have to combat the unpleasant side of life, the downdragging influence of their manner of dress.

Among her girls, Dr. Ross finds some lonesome ones, lonesome in the midst of parties. For this divine discontent give them the tasks of God which cannot be broken, but which will break us if we do not obey them. A man may not believe the law of gravitation, but flings himself from a rock, and see what happens. What a man sows that shall he also reap. It is for the young people to take up the torch their mothers fling down, carrying on the great work of inspiring love, beauty, truth.

In well chosen words Mrs. George Switzer moved a vote of thanks to Dr. Ross, Miss Dwyer, the orchestra, and to all others who in any way contributed to the success of the evening. This was seconded by Mrs. Ella Wagar, and followed by hearty applause.

The banquet was brought to a close by singing the National Anthem.

REBEKAHS CELEBRATE SECOND BIRTHDAY

On January 28th, 1924, Queen of Sheba Lodge No. 254, Daughters of Rebekah, was instituted in Napanee by, Sister Esterbrook, President of the Rebekah Assembly of Ontario for that year. This lodge, which started with a membership of about thirty-five, has grown numerically in a marvellous manner, until now is approximately one hundred and twenty. This has been due to a great extent to the very efficient officers and also to the faithfulness of the members.

To mark the second anniversary of the lodge it was most befitting manner, and luncheon was held on Friday night in the lodge rooms, there being an unusually large attendance of members and their friends present.

Mrs. James S. Douglas, who was Noble Grand last year, and under whose regime splendid progress was made, occupied the chair in a most capable manner and introduced the program for the evening, the first being a soprano solo by Mrs. Dennis, which received most generous applause.

A journal, composed and edited by members of the lodge, was then read by Mrs. Chas. Loucks, which caused much merriment, after which the Odeltoilers' Male Quartette, consisting of Messrs. Black, Wiseman, Black and Paul, rendered with fine effect a humorous selection, "Sliding Down Grime's Cellar Door", which was called for an encore, to which they graciously responded.

A pleasing vocal solo was then given by Miss Grace Hill, which was followed by a one-act comedy by members of the Rebekah Lodge, which caused much laughter and applause, which proved one of the hits of the evening. The members of the cast were: Mrs. A. MacGregor, Mrs. L. F. Huffman, Mrs. F. J. Vanalstyne, Mrs. Roy Moore, Miss Grace Hill and Messrs. L. F. Huffman and F. J. Vanalstyne.

The Male Quartette then sang another rousing number, after which Miss Helen Moore delighted the audience with a very fine reading, "Whispering Hope", a violin duet by Messrs. Howitt and Gillespie was played so effectively that an encore was demanded, to which they promising young artists readily responded.

The concluding number on the program was a very pretty ceremony, "Rock of Ages", sweetly sung by Mrs. Harold Denison, and aided by little Miss Dorothy VanDusen.

A very delightful lunch was then served by the committee in charge, which included the cutting of the beautiful birthday cake. At the conclusion of the lunch all joined heartily in the National Anthem and then were brought to a close one of the most enjoyable evenings of the many which Queen of Sheba Lodge has held during the first two years.

Gibbards 7, St. Pats 2.

The Town League got away to a good start on Wednesday evening before a crowd of 200 fans, when Gibbard Seniors defeated St. Pats 7-2.

The Saints met their defeat because of their not passing the puck. Time after time men were in position to score only to have the puck-carrier try to go through alone and invariably he lost the puck. Front beat the defence once and drew Huffman out, only to miss an open net.

The Gibbard team worked like a well-oiled machine. None of them hogged the puck and this tells the tale. Naphin, Bentley and Johnston kept up a beautiful combination and all three had their shots right on the net. Naphin scored three, his cannonball shot almost knocking Stewart over once. Bentley found the net three times, while Harold Johnston managed to slip one by Stewart.

Les Richardson and Gerald Johnston turned in nice games on the defence. Ray Huffman was even better than usual in goal.

Jack Stewart was a great deal busier than Huffman, but played equally as well.

Cowle and Skitch were a bit unsteady on the defence, but will improve.

Prout, Gleeson and McGarry failed to combine with each other. Several times they hung on the puck instead of passing when a fellow-player was in a better position to score. Gleeson and McGarry notched a counter each, but would have had more had they passed the puck.

Harry Sagar served as relief man for Gibbards and gave a good account of himself while on the ice.

Ambrose Killorin was equally effective in the same role for St. Pats.

Mr. Shoemaker handled the bell and his eagle-eye missed nothing. He served out many penalties but none were unearned.

Mr. Jack Adams, renowned centre man of the famous St. Pats, of Toronto, has presented a beautiful trophy to the Napanee Hockey League for annual competition. The cup is now on display in Hooper's window. Jack presented it to encourage hockey in Napanee, and doubtless there will be keen competition for this beautiful trophy presented to the League by one of the most famous hockey players in the world. Good luck to you, Jack.

Tommy Kirby played for the Kingston Intermediates in Belleville on Friday night and was the star of the game. The Kingston and Belleville papers speak highly of him. There is no doubt about it, Kirby is a real hockey player.

Billy Houle played for Belleville, and scored the first goal. Billy has always been a star and can catch a place on any team. He has scored thirteen goals in two games for the locals this season. Not bad, eh?

Cabinetmakers 5, Finishers 2.

The Cabinetmakers retained the leadership of the Gibbard Industrial League when they defeated the Finishers by 5-2 on Saturday evening at the Arena.

A crowd of about 200 people saw the game, and the excitement was intense all through the struggle.

Time after time the rival goalers made spectacular saves, and spills were frequent.

The boys played real hockey at times. The Cabinetmakers seemed to be a more finished team. Their players are all young yet, good skaters and stickhandlers. Bunk Wilson and Dave Stinson got in some good combination and each scored a goal. Bill Sweet played a nice game at centre, scoring two goals. Les Richardson got in some nice rushes and also scored two goals. However, one of them happened to enter the wrong net. Damon Garrison also got in some nice rushes.

Arnold Rogers came on in the second period, and his presence put the "pep" into the team. He got in some fine playing, notwithstanding a lame shoulder.

Ray Huffman played his usual cool game in the nets. He had few shots to handle, but looked after them very nicely.

The Finishers lacked something very essential to a winning team: a couple of forwards with a good shot. Cecil Walker is a hard worker, but he can't do it all. In Gerald Johnston and Ray Loucks they have two very good players, but they must have more than two good shots on a team.

Gladwyn Loucks is as good a goalkeeper as there is in the League, but he gets no support.

Mag. and Twinnie both played fine games on Saturday evening, but when they went up there was nobody left. Lem Cornwall is another good player, and, though lacking condition, he did his best.

As far as can be seen, the only thing to do is to allow the Packers to join the Finishers. This would make the three teams about equal, and closer games would result.

Finishers—Goal, Loucks; defence, Cornwall and Walker; centre, Hicks; wings, Johnston and Loucks; subs, Deschane.

Cabinetmakers — Goal, Huffman; defence, Richardson and Garrison; centre, Sweet; wings, Stinson and Wilson; subs., Rogers, Wagar and Storms.

Referee—Jim Naphin.

—For a quarter of a century Paul's has been well known as Napanee's Leading Wallpaper Shop. Undisputed leadership in any line is difficult to attain, but leadership in such a line as Wallpaper is far more difficult than the average, requiring, as it does, many years of technical training on color schemes, textures of papers, methods of manufacture, patterns, and general interior decoration. Any merchant can put in a stock of Wallpaper, but a thorough knowledge can be gained in no other way. When one has the opportunity of examining our stocks, and listening to our suggestions, a slight idea of the careful study which we have given this line may be gained. We carry not only the best of the Canadian lines, but a large stock of the best of the papers made in England, France, and the United States. The Public's Chief Concern

IN the matter of telephone service we believe the public's chief concern is in two points:—

[1] People want to know that they can count upon getting a complete telephone service of high quality, day and night, now and in the future.

[2] People want such service at a price that is as low as sound business practice permits, and less than the value of the service received.

These points are the essence of true public service, and this company is just as deeply concerned in them as is the public.

At the present time, as we have explained, an increase in rates is needed to assure the continuance of the kind of service our subscribers require.

The reasons are:—

[1] Our earnings per telephone have declined, due to the great development of lower rate service, such as two-party line.

[2] Large additions to plant at present-day prices, as compared with the low price levels of a few years ago, have increased the fixed charges to be provided from our earnings.

[3] The low rate of depreciation suggested by the Board of Railway Commissioners, as a temporary measure, is now known to be inadequate to protect the investment.

A reasonable adjustment of the wide difference between present telephone rates and the cost of doing business is an obvious necessity.

Such technical subjects as property valuation, rate of return, and depreciation expense have an important part in determining telephone rates. Casual discussion of such subjects is often misleading for it can deal only briefly with matters that must be gone into in great detail to be clearly understood.

These and all other factors will be presented in detail to be fully considered by the proper public authority, the Board of Railway Commissioners for Canada.

The booklet "Telephone Service and Rates" states the facts of our position. A copy has been mailed to all our subscribers. If your copy has not reached you, we shall be glad to send you one.

kept up a beautiful combination and all three had their shots right on the net. Naphin scored three, his cannon-ball shot almost knocking Stewart over once. Bentley found the net three times, while Harold Johnston managed to slip one by Stewart.

Les Richardson and Gerald Johnston turned in nice games on the defence. Ray Huffman was even better than usual in goal.

Jack Stewart was a great deal busier than Huffman, but played equally as well.

Cowie and Skitch were a bit unsteady on the defence, but will improve.

Prout, Gleeson and McGarry failed to combine with each other. Several times they hung on the puck instead of passing when a fellow-player was in a better position to score. Gleeson and McGarry notched a counter each, but would have had more had they passed the puck.

Harry Sagar served as relief man for Gibbards and gave a good account of himself while on the ice.

Ambrose Killorin was equally effective in the same role for St. Pats.

Mr. Shoemaker handled the bell and his eagle-eye missed nothing. He served out many penalties but none were unearned.

Mr. Jack Adams, renowned centre man of the famous St. Pats, of Toronto, has presented a beautiful trophy to the Napanee Hockey League for annual competition. The cup is now on display in Hooper's window. Jack presented it to encourage hockey in Napanee, and doubtless there will be keen competition for this beautiful trophy presented to the League by one of the most famous hockey players in the world. Good luck to you, Jack.

Tommy Kirby played for the Kingston Intermediates in Belleville on Friday night and was the star of the game. The Kingston and Belleville papers speak highly of him. There is no doubt about it, Kirby is a real hockey player.

Billy Houle played for Belleville and scored the first goal. Billy has always been a star and can catch a place on any team. He has scored thirteen goals in two games for the locals this season. Not bad, eh?

Cabinetmakers 5, Finishers 2.

The Cabinetmakers retained the leadership of the Gibbard Industrial League when they defeated the Finishers by 5-2 on Saturday evening at the Arena.

A crowd of about 200 people saw the game, and the excitement was intense all through the struggle.

Time after time the rival goalers made spectacular saves, and spills were frequent.

The boys played real hockey at times. The Cabinetmakers seemed to be a more finished team. Their players are all young yet, good skaters and stickhandlers. Bunk Wilson and Dave Stinson got in some good combination and each scored a goal. Bill Sweet played a nice game at centre, scoring two goals. Les Richardson got in some nice rushes and also scored two goals. However, one of them happened to enter the wrong net. Damon Garrison also got in some nice rushes.

Arnold Rogers came on in the second period, and his presence put the "pep" into the team. He got in some fine playing, notwithstanding a lame shoulder.

Ray Huffman played his usual cool game in the nets. He had few shots to handle, but looked after them very nicely.

The Finishers lacked something very essential to a winning team: a couple of forwards with a good shot. Cecil Walker is a hard worker, but he can't do it all. In Gerald Johnston and Ray Loucks they have two very good players, but they must have more than two good shots on a team.

Gladwyn Loucks is as good a goal-keeper as there is in the League, but he gets no support.

As far as can be seen, the only thing to do is to allow the Packers to join the Finishers. This would make the three teams about equal, and closer games would result.

Finishers—Goal, Loucks; defence, Cornwall and Walker; centre, Hicks; wings, Johnston and Loucks; subs., Deschane.

Cabinetmakers — Goal, Huffman; defence, Richardson and Garrison; centre, Sweet; wings, Stinson and Wilson; subs., Rogers, Wagar and Storms.

Referee—Jim Naphin.

Old Lady (to booking office clerk): "What time does the three o'clock train go?"

Clerk (smiling): "Sixty minutes past two."

"There, I told Mary the time was changed."

It is usually safe to say that when a child is pale, sickly, peevish and restless, the cause is worms. These parasites range the stomach and intestines, causing serious disorders of the digestion and preventing the infant from deriving sustenance from food. Miller's Worm Powders, by destroying the worms, correct these faults of the digestion and serve to restore the organs to healthy action.

"Johnny, what do you mean by cutting to school like that? Your hair is disgraceful."

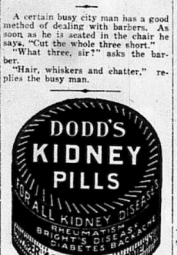
"I did," returned the complainant eagerly; "but he didn't stop to hear me."

It Will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Eclectric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to attack.

A certain busy city man has a good method of dealing with barbers, as soon as he is seated in the chair he says, "Cut the whole three short."

"What three, sir?" asks the barber.

"Hair, whiskers and chatter," replies the busy man.



"After all, a clay pipe has an advantage over all others," said the man who was famed for his laziness.

"How's that?" asked his friend.

"Well, if you drop it on the pavement you needn't trouble to pick it up."

SOY BEANS IN ONTARIO

NEW LEGUME CROP GROWN IN LAKE COUNTIES.

Value as Meal, Oil Cake and Silage and Some Points About Methods and Advantages.

(Contributed by Ontario Department of Agriculture, Toronto.)

Profitable live stock farming depends in part on economical feed production. The soy bean has proven to be a very useful crop in the lake counties, as a source of hay, silage and grain feed.

The chief value of the soy bean in Ontario will be as a hay crop. Feeding trials have demonstrated that well made soy bean hay has a feeding value that is slightly less than good alfalfa. In seasons of probable feed shortage the soy bean can be used as an emergency hay crop to greater advantage than any other plant used for the purpose. Dairy cattle, sheep and beef cattle do well on the hay, eating it up clean with the exception of the coarse parts of the stalk.

Soy bean meal as a stock food has a value comparable to linseed meal or cotton seed meal. It is fully as rich in digestible, crude protein as linseed meal and even richer in this property than cotton seed meal. For dairy cows soy bean meal can be used instead of either linseed or cotton seed meals, where the concentrate is not required in excess of two pounds per day.

Soy bean meal makes a good protein rich addition in fattening beef cattle and sheep, having for this purpose a value equal to linseed meal. Soy bean meal can be used in growing young pigs, but it should not be fed in excess. If fed in conjunction with tankage or skim milk to pigs that have free access to a mineral mixture it gives best results. Soft pork may result from excessive soy bean feeding. Soy bean meal should be freshly ground. Old meal becomes rancid due to the high oil content. It is good practice to mix other grains with the soy beans at time of grinding. Dry, starchy grains like corn, oats or barley will take up the excess oil, thereby aiding in the grinding process and keeping qualities of the meal.

Soy Bean Oil Cake.

About 200 pounds of oil may be pressed out of a ton of soy beans. The hard, dry cake that is left after pressing is ground up for feeding a product known as soy bean oil meal or oil cake. As a feed for dairy cows this mill product has a value equal to the best grades of linseed meal. As a feed for swine, soy bean meal furnishes one of the best protein rich concentrates available. One hundred pounds of soy bean oil meal replaced 83 pounds of tankage and 22 pounds of corn, in feeding experiments. From this its high value as a pig feed can be appreciated.

Soy Beans for Silage.

Soy beans in combination with corn in the proportion of one ton to three tons of green corn makes an excellent silage. Ensilled alone the soy bean does not make a very palatable silage, and should therefore always be mixed with corn or other starchy plant, as sorghum, sunflower, or clover.

Harvesting Soy Beans.

The soy bean is a crop comparatively new to Ontario. It has its peculiarities and is not the easiest crop to cure as hay. Late seeded and late ripening, it is ready to harvest from August 10th on. Weather conditions in late August and September are not as a rule favorable to good hay making. The nights are cooler, days shorter and moisture more abundant than in July, when the clovers are harvested.

For Hay.

Good hay curing weather is the first requisite for good soy bean hay. The pods should be partially filled, and the leaves tight, to make the best colored, nutritious and palatable hay. A hay that is green in color and has a sweet and pleasant aroma and is free from mould can only be made during favorable weather. The cutting should be done much later than August 15th, regardless of the stage of plant development. Every day after August 15th sheds the haymaker nearer to the production of mouldy and undesirable hay. The soy bean crop for hay should be handled in early fall, so as to save all the leaf possible and give bright green hay. The hay loading machine for this work is the sweep rake reaper, it having the advantage of delivering the bean crop into piles which will cure without further labor. The ordinary mower may be used for cutting the crop and the side-delivery rake to roll the bean stalks into windrows, but much of the cure after being put up into very small cocks. All handling while curing must be done while the leaves are still green or damp. The grain binder has been used to harvest the crop for hay with good success when the weather was favorable. In damp weather the bundles with grain still not opened and the centres exposed to the air and sun. Soy beans will shed considerable rain if put up in cocks while still a little green. Curing in the swath and in the cock the hay tedder is not to be recommended because of the great loss of leaves and poor color produced. After making, it is best before drawing in to barn or stack to turn the cocks over and expose to the sun for a few hours.

Threshing Soy Beans.

The best machine for threshing is the regular pea and bean thresher. The ordinary grain thresher can be used successfully providing the cylinder speed is reduced to 400 or 500 revolutions per minute and all concaves and some of the cylinder teeth removed if the beans are dry and brittle. A corn shredder has been used for bean threshing successfully. After threshing the seed should be stored in shallow bins and shovelled over frequently until all surplus moisture has been removed. Care in storage is necessary or mouldy beans will result.—L. Stevenson, O. A. College, Guelph.

MARKET GRADE TERMS

HOW LIVE STOCK IS GRADED AND SOLD AT TORONTO.

Hogs Are Graded Under Government System But Buyers Seek Quality In Other Classes as Well.

(Contributed by Ontario Department of Agriculture, Toronto.)

A characteristic feature of all agricultural commodities is the wide variety in size, condition and quality among articles of the same kind. This condition is most marked in live stock. There is such a confusing variety in respect to age, type, sex, quality and condition, that a special grading service must be performed just prior to sale in order to establish an understandable money value for the stock offered and to facilitate and speed up sales so that they may be effected at the least cost. Market practice and experience, therefore, have established certain grades in the live stock industry into each of which each animal will fall. No two animals however are exactly alike, the quality of the animals varies with the season and in the various sections of the country, while in the grades there is a diversity of sub classes.

Though it is not the purpose of this article to enter into a full discussion of any of the technical phases of the animal industry (that is the field of the animal husbandman, breeder and exhibitor) it is well at this time, a short schedule of the various grades and market classes into which all animals are sorted is not amiss, particularly as it is the comparative fewness and simplicity of the grades of hogs and the uniformity with which hogs generally conform to these grades that tickle the marketing of hogs a different problem to that of cattle and sheep in these two vital respects. Viz. first, the services of the market are not called into use in the marketing of 60 per cent. or more of Ontario's hogs, these being shipped direct from producing centres to packing plants, and, secondly, the Government has felt impelled on the solicitation of producer, breeder and packer to step in and interfere with private enterprise to the extent not only of arbitrarily laying down exact standards for the grades of hogs, but the more radical departure of establishing actual price differentials to be made between the various grades. To no such extent has there been interference by public authority in the natural working out of competition and custom in establishing the grades and price differentials between grades with other classes of stock.

Grades and classes of stock on markets are determined in the last analysis by the varying consumer demands, and the varying supplies of the different products of the animal carcass. The grades are the interpretation of this demand and supply as applied to actual animals by men (sellers and buyers) skilled in such interpretation. Certain terms used by custom to be used in describing the various grades into which all animals fall, and the grade is determined by the size, conformation, sex, age, condition, finish and quality of the animal. The following terms adopted by the Markets Intelligence and Stock Yards Service of the Federal Government may be considered as fairly descriptive of the grades into which animals are sorted in the marketing process:

Grading.

Cattle—

Steers, 1,200 lbs. and up	
" 1,000 to 1,200 lbs.	Good, Common
Steers, 700 to 1,000 lbs.	Good, Common
Heifers	Good, Fair, Common
Cows	Good, Common
Bulls	Good, Common
Canners and Cutters	Common
Oxen	
Stockers, 450 to 800 lbs.	Good, Fair
Feeders, 800 to 1,100 lbs.	Good, Fair

Calves—	Hogs—
Beef	Selects
Veals	Bacons
Grass	Lights
	Sows
	Stags
Lambs—	Sheep—
Good	Heavy
Com.	Light
	Culls

Under quite similar grade terms does the Market Intelligence Service, operated by the Federal Government, report the marketing day by day on all Canadian markets, along with the prices paid for the stock for these grades. Also the market sections of the press quote the same classifications in their publicity of the markets. With cattle, sheep and calves the market practice is to allow the experience and skill of the commission salesmen and of the buyers to determine into what grade particular animals shall fall, but with hogs the interests of the whole trade appear to have justified a more arbitrary and artificial grading put into effect by Government action.—A. Leitch, Dept. Economics, O. A. College, Guelph.

Winter Rye.

The rye crop in Ontario is grown on approximately 100,000 acres. It is not an important crop when compared with oats and wheat on an acreage basis. The increase in acreage as a grain crop has been very slow, due to the difficulty generally experienced in harvesting a heavy crop. At the Ontario Agricultural College the variety known as Petkus has headed the list for productiveness. The average yield per acre per annum of the Petkus winter rye has passed the next highest variety by four bushels in a seven years' test.—Dept. of Extension, O. A. C., Guelph.

GETTING SKINNIER EVERY DAY

Something Must Be Done and Done Right Now — Quick

Hollows in Cheeks and Neck Growing Deeper Every Week

Tens of thousands of thin, run-down men, women and children are getting discouraged—are giving up all hope of ever being able to take on flesh and look healthy and strong.

All such people can stop worrying and start to smile and enjoy life right now for McCoy's Cod Liver Extract Tablets which any druggist will sell you all about on the putting flesh on bosts of skinny folks every day.

One woman, tired, weak and discouraged, gained 15 pounds in five weeks and now feels fine.

We all know that the livers of Cod Fish are full of vitalizing flesh producing vitamines and these same vitamines of the highest class are found in McCoy's Cod Liver Extract Tablets—sugar coated and as easy to take as candy.

And this shows what faith the makers have in McCoy's for they say: If any thin person don't gain at least 5 pounds in 30 days your druggist will give you your money back—and only 60 cents for 60 tablets. Ask any live pharmacist anywhere in North or South America.

But be sure to get McCoy's, the original and genuine.

Berlioz.

Berlioz, the famous French composer, was made miserable by his wife. He married Miss Smithson, an actress many years younger than himself. She had prolonged fits of jealousy and ill temper, ruined him by her theatrical ventures and finally fell from a carriage and broke her leg, thus ending her artistic career. Berlioz bore with her in patience until she finally left him. He was a tall man, of stern aspect and very dignified. In spite of his immense musical ubilities as a composer he could play no instrument except the guitar, and that very badly.

Trees in Winter.

As Lincoln walked with Noah Brooks one snowy day he said he liked the trees best in winter because then he saw them clearly in all the details of their structure. So men are not fully understood unless we have seen them in periods of leafless revelation. The bright promise of the leaf and the first color of the fruit may deceive. Autumn and winter are the periods of proof.—Tree Talk.

He was a burglar, and, what is more, had been caught entering a bank long after the traffic had ceased to hum.

"Got you!" exclaimed a burly policeman, seizing him from behind.

"Very your pardon," returned the burglar in cultivated tones, "but I am a financial reporter."

The policeman gasped.

"But what on earth are you doing here at this time of night?" he asked, completely mystified.

"Oh," replied the other truthfully and with ready wit, "I was just going to take a few notes."

The Right Not to Laugh.

If one were to accuse you of poisoning your grandmother you would presumably smile in unruffled fashion and go about your affairs without feeling any burden of accusation. But if one accused you of lacking a sense of humor you would first of all resent it indignantly, and, furthermore, for an indefinite time to come you would be conscious of a desire to disprove the charge, scrutinizing anxiously every phrase that might conceal some subtle hidden test, emitting now and then forced laughs on suspicion. Perhaps you boast your emancipation in many fields where public opinion customarily rules. You wear a straw hat when you please; you object to the insignia of mourning; you flaunt your readiness to discuss any subject in mixed company; you do or do not serve butter at your dinner table. Yet you are afraid you may not laugh in the right places. Many a one who proclaims his right to individuality of opinion fears to assert an equally inalienable right not to laugh. Deep in his heart he dreads the withering accusation that he lacks a sense of humor.—Burges Johnson.

Death and Life Masks.

In the preparation of death masks the usual method is to cover the face of the dead body with oil and then apply plaster of paris. The oil prevents too close adhesion to the skin and makes it possible to remove the plaster when it has hardened. A mold is thus formed, into which fresh plaster is poured. The resulting cast is the death mask. Death masks are of course exact resemblances of the faces from which they are made, and their value is impaired only by the changes of contour which may have been caused by death itself. The custom of taking death masks is very ancient and widespread as well. The Romans made them of wax, the Egyptians of thin gold plate. A few specimens have been found among the American Indians. Life masks are similarly made, but mobility of expression is necessarily sacrificed.

Beaumont Greater Than Fletcher.

Francis Beaumont is most renowned for his share in writing Beaumont and Fletcher's plays, a partnership probably unequaled in the history of literature and very seldom rivaled. The Alsatian novelists, who ultimately quarrelled, Erckmann and Chatrian, and the English novelists Besant and Rice are somewhat parallel, although Sir Walter Besant went on writing successfully for years after the death of his colleague. In the Elizabethan partnership it was otherwise. Fletcher, though the elder man, outlived his friend for more than nine years and proved himself the lesser poet. Beaumont was laid to rest in the street corner of Westminster abbey, which he has sung in such noble verse.—London Globe.

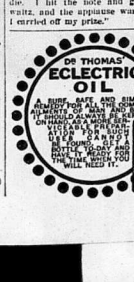
Snails Are Queer Creatures.

The snail is found everywhere, over 3,000 species being known. Some of the large tropical snails, as bulimus, form nests of leaves, their eggs being as large as a pigeon's. The snail is extremely skillful in mending its shell, and some curious experiments may be made with them. Thus I have seen a helix of a yellow species attached to another shell of a reddish hue by cutting off the top whorl of the latter, when the snail will proceed to weld the two shells together and occupy both, using the addition as a door and possibly wondering at this sudden extension of its house. In the winter some of the snails hibernate or lie dormant until warm weather. A snail of the Philippine Islands has a faculty of throwing off its tail when seized. This is also true of a West Indian variety.—Stonophus.—London Telegraph.

Patti and Her Partners.

The novel manner in which the famous prima donna Patti on one occasion chose her partners at a dance is related by Mr. Leslie Ward in his reminiscences. Mr. Ward went to a certain house at Leicester Gate. "Patti," he says, "was sitting in the middle of the room looking angelic and surrounded by a host of admiring men. We were each given a miniature bugle. Patti had one also, on which she sounded a note, and whoever repeated it exactly was to gain her as a partner in the dance. The men advanced in turn. Some blew too high and others too low until one and all gave up in disgust. At last my turn came. I was trembling with eagerness and excitement and determined to dance with Patti or die. I hit the note and gained my waltz, and the applause was great as I carried off my prize."



Cultivate Your Aspirations.

Very few people are satisfied with the work they are doing. Many of them have aspirations for something better, more congenial. If you have any natural leaning toward a higher grade of work, says Physical Culture Magazine, don't stifle it or put it out of your mind, but try to keep it very much in your mind. It may indicate a field for which you are especially gifted. If you have any ambitions, cultivate them. It is only those who dare to follow the guiding star of destiny by encouraging and cultivating these aspirations who ultimately move forward to their realization.

New Vegetable Wax From Ecuador.

From prehistoric times the Indians of Ecuador have utilized a wax found on certain species of tall palms for making candles, says the Scientific American. This wax occurs on the tree trunks in granular form, each tree furnishing about fifty pounds. The trees grow in great numbers on the mountains along the coast. Samples of this wax were sent to France and Germany, from which countries favorable reports and an offer of 19.5 cents a pound were received.

Monkeys Use Fists.

Brehm, in his "Thierleben," tells how certain kinds of monkeys emphasize their feelings by striking with their fists. When angry or excited they bring their fists down upon the ground with all their might. They are not quite as foolish as the man who hammers the table with his fist. They have this excuse: the are looking for a stone or stick with which to crack the skull of their dissenting fellow-monkey.

Long-Distance Talkings.

Eighteen miles is said to be the longest distance on record at which a man's voice has been heard. This occurred in the Grand Canyon of the Colorado, where one man, shouting the name "Bob" at one end, was plainly heard at the other end, which is 18 miles away. It is recorded that at Gibraltar the human voice has been heard at a distance of ten miles.

Self-Pity; Self-Praise.

Half the world is gnawed by the beast Self Pity and the other half is bitten by the beast Self Praise. It is better to chain both these animals and be out free and unconcerned about self. All this concern about self is the misfortune which dogs the man who has not related himself to the one universal law.

Habits.

It is astonishingly easier to get into a bad habit than to get out of it. It is like the difference between sliding down a mountain slope and climbing up it. Therefore, when you find an undesirable habit growing on you, climb back before you have gone down too far.—Exchange.

NAPANEE BRANCH VICTORIAN ORDER OF NURSES FOR CANADA

Napanee, Jan. 6th, 1926.

Madam President and Members of the Board.

The following is a report of the nursing services for the month of December, 1925:

The grand total of patients nursed was 12.

Eighteen free nursing visits were made, also 69 educational visits, for which no fee was asked.

Six visits were made to policyholders in the M. L. I.

The fees received were as follows:

For confinement services	$ 3.00
For all other services	9.75
	$12.75

The schools were closed from Dec. 18th to Dec. 31st. During the first half of the month the work done was as follows:

Number visits to Schools	11
Hours spent in Schools	22
Number children inspected	220
Number children weighed	33
Defects corrected	8
Number minor treatments	45
Class room health talks	12
Referred to own physician	4
Number home school visits	14
Number miscellaneous visits	4

Through the efforts of Mrs. Symington, and the ladies who donated it, bread and butter and cocoa was served to the mothers and older children in the well-baby clinic, at the last three clinics held. This branch of public health work can never be accurately or adequately represented in a statistical report, and while we feel that the benefit to the community of this endeavor fully justifies the time, money and thought expended on its upkeep, it is practically impossible to recount the actual returns.

The case of Annie B., one of the clinic babies; may be of interest. On October 31st Annie's mother brought her to clinic. In the preceding six weeks she had gained only 3 ounces. She was cross and irritable and her mother said that she cried practically all the time. The baby did not appear to be ill, and it seemed like a straight case of mismanagement. Mrs. B. was asked to care for her baby "our way" for one week, and to bring it back at the end of that time. She was not very hopeful of the result, but she listened carefully to the instructions given her concerning the feeding, bathing and general care of her baby, and promised to carry it out. Of course, we expected an improvement, but we were hardly prepared for the results we obtained. Annie had gained 4½ ounces! After achieving only 3 ounces in the preceding six weeks, we were quite satisfied. Mrs. B. was radiant, and said that her baby was sleeping well, and, as she put it, "as good as gold." This baby has since made a steady gain, despite the fact that she was unfortunate enough to have chickenpox and acute bronchitis. During the last nineteen days she has gained one whole pound. Annie and her mother are now two of our best advertisements.

Respectfully submitted.

MARJORIE ROBERTSON, Nurse,
M. L. B. MILLER, President.

Baby's Welfare During February

Should Be Most Carefully Guarded By All Mothers

February is one of the hardest months of the year on little ones. It is a month of cold, blustery days that prevent the mother taking her baby out for the fresh air so necessary to its welfare. Baby is consequently confined to the home. More often than not the rooms are overheated and badly ventilated and the little one catches cold or grippe. What is needed to keep the baby well is a gentle laxative that will regulate the stomach and bowels; banish constipation and indigestion and in this way will either prevent or break up colds and grippe. Such a laxative is found in Baby's Own Tablets. They are mild but thorough in action; are absolutely safe and they are guaranteed to contain neither opiates or other harmful drugs. They never fail to be of benefit to little ones and may be given to either the newborn babe or the growing child.

Baby's Own Tablets are sold by all dealers in medicine or may be had by mail, post paid, at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

One Good Cow is worth Two Poor Ones

RELIABLE statistics show that the average cow produces only 3,000 lbs. of milk and 100 lbs. of butter in a year.

By the careful selection of better-grade animals for your herd and better feeding, the yearly production of milk and butter can be doubled easily, resulting in increased profit to the dairy farmer.

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

totem pole in the window of the Canadian National Railways, Fifth Avenue, New York City, has been an object of much interest and has received considerable prominence in the New York newspapers. Interested groups of people have stood in front of the little bit of Canada in the heart of New York telling the legend at the foot of the pole and endeavoring to guess for themselves the story which the curiously carved figures tell. It is an authentic replica of one of the Totem Poles of the Haida Indians of Northern British Columbia who are noted for their workmanship.

New Vegetable Wax From Ecuador.

From prehistoric times the Indians of Ecuador have utilized a wax found on certain species of tall palms for making candles, says the Scientific American. This wax occurs on the tree trunks in granular form, each tree furnishing about fifty pounds. The trees grow in great numbers on the mountains along the coast. Samples of this wax were sent to France and Germany, from which countries favorable reports and an offer of 10.5 cents a pound were received.

Monkeys Use Fists.

Brehm, in his "Thierleben," tells how certain kinds of monkeys emphasize their feelings by striking with their fists. When angry or excited they bring their fists down upon the ground with all their might. They are not quite as foolish as the man who hammers the table with his fist. They have this excuse: the are looking for a stone or stick with which to crack the skull of their dissenting fellow-monkey.

Long-Distance Talkings.

Eighteen miles is said to be the longest distance on record at which a man's voice has been heard. This occurred in the Grand Canyon of the Colorado, where one man, shouting the name "Bob" at one end, was plainly heard at the other end, which is 18 miles away. It is recorded that at Gibraltar the human voice has been heard at a distance of ten miles.

Self-Pity; Self-Praise.

Half the world is gnawed by the beast Self Pity and the other half is bitten by the beast Self Praise. It is better to chain both these animals and go out free and unconcerned about self. All this concern about self is the misfortune which dogs the man who has not related himself to the one universal law.

Habits.

It is astonishingly easier to get into a bad habit than to get out of it. It is like the difference between sliding down a mountain slope and climbing up it. Therefore, when you find an undesirable habit growing on you, climb back, before you have gone down too far.—Exchange.

Worth Knowing.

He who always receives and never gives acquires, as a matter of course, a narrow, contracted, selfish character. His soul has no expansion, no benevolent impulses, no elevation of aim. He begins to feel and think and care only for himself.

Sea Coast Sand Binder.

Californians say there is no sea coast sand binder that surpasses in effectiveness Ammophila arenaria, sea bent grass. It has done more to hold the shifting dunes of Golden Gate Park, San Francisco, than any other agency.

Idolatry on the Decline.

It is becoming a custom among non-Christian Chinese of Borneo to go to the Methodist chapel for their marriage ceremony. Because of the influence of the mission, idolatry among them has practically ceased.

Concrete Railroad Tie.

Italian steam and street railroads are experimenting with a concrete tie that rocks slightly, affording uniform elasticity and a more perfect alignment of track than wooden ties.

Decidedly Unusual.

A Wisconsin man's defense against his wife's divorce suit was on the ground that she refused to speak to him and compelled him to buy a phonograph for company.

Pneumatic Shoulder Pads.

To aid men to carry heavy burdens on their backs an Englishman has invented pneumatic shoulder pads, the air they contain being equalized by a central reservoir.

Snails Are Queer Creatures.

The snail is found everywhere, over 3,000 species being known. Some of the large tropical snails, as Bulimus, form nests of leaves, their eggs being as large as a pigeon's. The snail is extremely skilful in mending its shell, and some curious experiments may be made with them. Thus I have seen a helix of a yellow species attached to another shell of a reddish line by cutting off the top whorl of the latter, when the small will proceed to weld the two shells together and occupy both, using the addition as a door and possibly wondering at this sudden extension of its house. In the winter some of the snails hibernate or lie dormant until warm weather. A snail of the Philippine Islands has a faculty of throwing off its tail when seized. This is also true of a West Indian variety, stenopus.—London Telegraph.

Patti and Her Partners.

The novel manner in which the famous prima donna Patti on one occasion chose her partners at a dance is related by Mr. Leslie Ward in his reminiscences. Mr. Ward went to a certain dance at Rancourt Gate. "Patti," he says, "was sitting in the middle of the room looking angelic and surrounded by a host of admiring men. We were each given a miniature locket. Patti had one also, on which she sound of a note, and whoever repeated it exactly was to gain her as a partner in the dance. The men advanced in turn. Some blew too high and others too low until one and all gave up in disgust. At last my turn came. I was trembling with eagerness and excitement and determined to dance with Patti or die. I hit the note and gained my waltz, and the applause was great as I carried off my prize."

Through the efforts of Mrs. Symington, and the ladies who donated it, bread and butter and cocoa was served to the mothers and older children in the well-baby clinic, at the last three clinics held. This branch of public health work can never be accurately or adequately represented in a statistical report, and while we feel that the benefit to the community of this endeavor fully justifies the time, money and thought expended on its upkeep, it is practically impossible to recount the actual returns.

The case of Annie B., one of the clinic babies, may be of interest. On October 31st Annie's mother brought her to clinic. In the preceding six weeks she had gained only 3 ounces. She was cross and irritable and her mother said that she cried practically all the time. The baby did not appear to be ill, and it seemed like a straight case of mismanagement. Mrs. B. was asked to care for her baby "our way" for one week, and to bring it back at the end of that time. She was not very hopeful of the result, but she listened carefully to the instructions given her concerning the feeding, bathing and general care of her baby, and promised to carry it out. Of course, we expected an improvement, but we were hardly prepared for the results we obtained. Annie had gained 4½ ounces! After achieving only 3 ounces in the preceding six weeks, we were quite satisfied. Mrs. B was radiant, and said that her baby was sleeping well, and, as she put it, "as good as gold." This baby has since made a steady gain, despite the fact that she was unfortunate enough to have chickenpox and acute bronchitis. During the last nineteen days she has gained one whole pound. Annie and her mother are now two of our best advertisements.

Respectfully submitted.

MARJORIE ROBERTSON, Nurse.

Baby's Welfare During February

Should Be Most Carefully Guarded By All Mothers

February is one of the hardest months of the year on little ones. It is a month of cold, blustery days that prevent the mother taking her baby out for the fresh air so necessary to its welfare. Baby is consequently confined to the home. More often than not the rooms are overheated and badly ventilated and the little one catches cold or grippe. What is needed to keep the baby well is a gentle laxative that will regulate the stomach and bowels; banish constipation and indigestion and in this way will either prevent or break up colds and grippe. Such a laxative is found in Baby's Own Tablets. They are mild but thorough in action; are absolutely safe and they are guaranteed to contain neither opiates or other harmful drugs. They never fail to be of benefit to little ones and may be given to either the newborn babe or the growing child.

Baby's Own Tablets are sold by all dealers in medicine or may be had by mail, post paid, at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Badly Burned When Skirt Caught Fire.

Mrs. Hartin, of Roblin, was taken to the Belleville General Hospital early Sunday morning, suffering from burns caused when her clothing caught on fire Friday evening. Mrs. Hartin, who is about thirty-five years of age, was fixing the fire before retiring when her skirt caught fire. She rushed out of doors to try to put out the flames with snow. The husband hurried to her rescue and put the fire out. Mrs. Hartin was severely burned about the arms, face and back. She was taken to the hospital by the C.P.R. early Express train on Sunday morning and is now improving nicely.

Social Evening.

The Adult Bible Class of Grace Sunday School enjoyed a very pleasant evening in their class room recently, under the able management of the Social Committee of the class. Owing to sickness and rough weather, many were unable to be present and only forty were in attendance. The proceedings were opened with prayer, followed by the singing of several songs. An interesting address was delivered by our Sailor Boy, who took us on a three-masted schooner through the trade winds and the Chinese ocean and landed us in Canada in a row boat. We also enjoyed some extra fine orchestral music, together with some solo singing. All present did justice to an abundance of sandwiches, cake, ice cream and coffee, during the partaking of which all enjoyed a general visit together. A vote of thanks was tendered to the Social Committee and the Boy Sailor for their part in the enjoyable evening. The gathering was brought to a close with songs and hymns and the benediction.

BENEFIT DANCE AND GAMES.

SOFTBALL.

On Tuesday evening, before a crowd of 400 fans, the benefit dance and game for Harry Babcock were carried off with a huge success. The standing and sitting room was crowded, and a handsome sum was realized.

In the closest softball game of the year, Trinity nosed out St. Mary Magdalene by 10-6. St. Marys were without the service of four of their players on account of measles. Dorothy Johnston pitched a fine game for St. Marys. She nearly had two home runs and fielded her position well. Marion Grass did the receiving and made a fine job of it. Dorothy Richardson turned in a nice game at first, her fielding and batting being faultless. Aileen Lewis played a nice game in a new position at "short" and got in some good batting. Eleanor Yourex was good at second. She wielded a pretty bat and pulled down a hot liner. Helen Nelson at "short" also contributed a circus catch, making a double play out of hers. Hazel Sampson played a nice game at third. She fielded well and obliged the fans by bouncing one off the centre-field wall. Doris Lucas, Noreen Johnston and Joe Clarke all played nice game in the field, and each got one or more hits. Edith Stevens was used as a sub and was ready to jump in a breach at any time.

Chris Taylor pitched a fine game for Trinity. She had her fast and slow ball working nicely, and mixed the two to good advantage.

Winnie Drake turned in her usual stellar game behind the bat, making several nice plays on would-be scores.

Mil. Rikely turned in a fine game on first, her fielding being faultless.

Helen Drake got in some nice batting at short and got a few nice hits. Ruth Dixon played a nice game at second, making a couple of nice plays. Nina McKim did some nice fielding at short, while Kathleen Woodruff played a nice game at third.

Marie Paul, Kathleen Dixon and Dorothy Daverne all played nice games in the outfield. Kathleen bounced one off the gallery for a home run in the third inning, while Dorothy also got a couple of nice hits.

Mr. J. L. Murray and Doug. Fraser served as umpires, and both did well.

BASKETBALL.

The fans were treated to some new when the N.C.I. and Old Boys staged a fast game of basketball.

The game was fast and both teams played excellent combination.

The N.C.I. defense, R. Cowle and Bill Carr, played fine games. They watched their men closely, and it was no fault of theirs that they lost. Murray played a nice game at centre, while the passing and shooting of Claude MacDonald on the forward line was a treat.

Cliff Cowle and Wallace Perry made up a formidable defence for the Old Boys, and both played fine games. Carl Garrett was a whirlwind at centre and fitted in nicely. Jack Stewart and Ambrose Killorin gave a good account of themselves as forwards and both scored some beautiful baskets.

Mr. Jack MacPherson officiated and gave a very impartial exhibition.

INDOOR BASEBALL.

Gibbards and "B" Company then took the floor for the last event on the program. Somehow, the old spirit was lacking, and the two teams didn't seem so anxious to beat each other. Gibbards won by 12-11.

Harry Tice was again in the box and twirled a fine game for Gibbards. Dave Stinson was as good as usual behind the bat, while Jim Naphin turned in his usual stellar game at first. Harold Johnston and Arnold Rogers got in some nice playing around second, while Gerald Johnston played his usual good game at third.

Hugh Hicks, Doug. Fraser and Ray Loucks played nice games in the outfield.

Bentley and Murray made up a fine battery for "B" Company, and both got a couple of nice hits. George Reid and the Fraser Bros. made up a snappy infield, while Cecil Harrison, Claude Macdonald and Ellis Allison got in some fine outfield work.

Harry Skelton and George Ellis acted as officials. Ellis did a new man on the job, and showed the players and fans alike that he knows his business and will stand pat on his decisions.

Harry Vine made the circus catch of the evening when he stabbed a screeching liner from Reid's bat in centre field. He received tremendous applause for this effort, and then responded by "fanning" Murray, his old rival.

BASKETBALL

On Thursday evening the Spartans defeated the Athenians by 30-11, in an exhibition game, at the N.C.I. Gym. The Gym was crowded to the doors with rooters. Each player received a tremendous ovation as they entered the floor.

The teams started off fast, the ball changing hands frequently. Spartans were the first to score, and their rooters nearly raised the roof. The period ended 15-5 for Spartans. Claude Macdonald scored four field goals and one free throw, while Claude Fraser scored three field goals. Ralph Black and Russel Stevens each scored one field goal, and Fred Ballard contributed a free throw.

The second period was even faster than the first. Each team played fast combination. Claude Macdonald dropped three through the basket, bringing his total to ten. Claude Fraser scored two, bringing his to five. Bill Carr scored a nice field goal and Cortland Nugent contributed a field goal and a free throw. Fred Ballard added two field goals, while Russel Stevens dropped another through the ring. The game ended 30-11 for Spartans.

The teams were as follows:—

Spartans — Forwards, MacDonald (15), Fraser (10); centre, Cowle; guards, Carr (2), Nugent (3).

Athenians—Forwards, Black (2), Ballard (6); centre, Corkill; guards, Stevens (4), Moffet.

Sub, Anderson.

Scorers—Gerrie Wartman and Gordon Gibson.

Referee—J. L. Murray.

MacGREGOR'S

OUR Special Sale has been a tremendous success, despite the fact that the weather was none too kind, particularly on our opening day. Nevertheless, the values that we offered were sufficient to tempt the bargain hunters outdoors. The congestion in our store was such that although we had extra help, we were unable to give our numerous customers our usual service and courtesy.

In order to compensate those who were disappointed, we have decided to extend our Sale to SATURDAY, FEB. 6th—two more days. Then we will prepare for another Big Sale.

This Sale is just the forerunner of a series of sales we intend to put on from time to time. Watch this space for future announcements. Don't be misled—this is not a clearance sale of odds and ends, but just a sample of our new policy.

HEAT FOLKS

WHEN the Heat folks deliver their first ton to you, step up to your furnace and shake well before using —for it'll need few shakes thereafter. Here is the closest thing to rakeless coal. It's clean and coalsome—the pick of the mines. The most disgruntled furnace will heat up and show signs of life on this diet. It's free from all impurities and chock full of heat.

Burnside—smokeless — the best Pocahontas the mines produce.

Solvay Coke cuts one-third off your fuel bill.

TAMWORTH UNITED CHURCH

In the absence of Rev. A. J. Wilson, of St. Andrew's Church, Napanee, the minister has promised to supply the pulpit and has secured a minister from Kingston to preach on the Tamworth charge next Sunday.

About twenty of the members of our Tamworth Y. P. U. enjoyed a sleigh ride and social evening last Monday. It was the climax of a contest, and the losers entertained. Quite a number were kept away by the remnants of the measles which still lingers with us.

Those women who labor with us in the gospel under the name of the Ladies' Aid, not only replaced the turned storm doors and windows of the parsonage, but paid $111.40, the difference between the cost of repairing the church, rebuilding the garage, barn and sheds, donating $100.00 on the minister's loss, and the damage done by the insurance company. This is only one item in the many activities by which the "ladies aid."

The Ladies' Aid of Tamworth are planning an "at home", to be held the afternoon and evening of St. Patrick's Day. Watch for an advertisement in The Beaver later.

David Barrazanr and Mrs. Stuart Closs, of the Reseville congregation, and Isaac Pringle and R. W. Asselstine, of the Marlbank congregation, are seriously sick, the latter in the General Hospital at Kingston. Prayers are being offered for their speedy recovery.

PRESENTATION TO MR. AND MRS. FAIR

A large number of personal friends of Mr. and Mrs. R. B. Fair met at their home, South Napanee, on Saturday night and presented them with two beautiful chairs and an address, which was read by Mr. Almond Denyes, the presentation being made by Mrs. Frank Tomlall and A. Ford.

Mr. Fair, who has been connected with the Bell Telephone Co. for a number of years, left Monday for Belleville, where he has been transferred. Mrs. Fair and family expect to follow in the course of the next three or four weeks.

Both Mr. and Mrs. Fair were taken completely by surprise, but in a few words expressed their appreciation of the kind words expressed in the address and also for the beautiful gifts which had been presented to them. In the days to come they would always look back to the very many happy hours which they had spent in Napanee, and the closing of the evening was whiled away in games, after which light refreshments were served.

MORVEN

Mrs. J. Alfred Bell entertained a number of relatives to a birthday dinner in honor of her daughter, Mrs. C. L. Sharp, on February 4th, and Mrs. Earl Walmsley and Harold spent Sunday with friends in Kingston.

Mr. Arthur Hicks, Napanee, is spending a few days with his brother, Mr. J. H. Chas. Mr. John R. Purdy has returned from the Kingston Hospital, his wounded hand healing very well.

Mrs. S. J. Pybus, Bellrivter, spent a few days in our midst.—Several of our people attended the funeral of the late Mr. Daniel Wright, Tudor, on Wednesday afternoon. Truly it can be said, that a good man has been called home.—We are pleased to report that Miss Mildred Milling was successful in four recent examinations, and is now invested as nurse-in-training in Toronto. Mrs. W. R. Henwood left on Thursday to spend a few weeks visiting her daughter, Mrs. J. N. Lovelace, Roseneath parsonage.—Mr. and Mrs. Snarp Fraser spent Sunday with friends in town.—Mr. and Mrs. Alex. Anderson spent Sunday with her parents, Mr. and Mrs. A. Miller.—There is not much improvement in the case of Mr. Hackett's health.—Don't forget the Valentine social evening to-night.

Mail Orders promptly filled at Wallace's Drug Store.

FOURTH LINE

The Young People of the Fourth Line United Church held their meeting on Friday evening last. A large crowd gathered to hear the principal topic of the evening, which was a debate, the subject being, "Resolved, that the Life of David was a greater contribution for good than that of Solomon." The affirmative was taken by Miss Orma Haig and Miss Hazel Reid, the negative by Mr. James Baines and Mr. Alfred Jackson. The judges were Rev. Mr. McQuade, of Odessa, and Rev. Mr. Merrick, pastor. Both sides are certainly to be congratulated for the thoroughness of their preparation and presentation of the outstanding features of the life of David and Solomon. The interest of the audience was very keen throughout the whole debate. No doubt the results of the interesting presentation of such great Bible characters will be a closer study of other great men of the Bible. The judges, after considering the various points, decided to give both sides equal honors. Another interesting feature of the evening was the duets rendered by Mr. James Robson and Mr. Karl Denyes, and proved to be a real addition to the evening and were enjoyed very much. Votes of thanks were extended to debaters and judges. A vote of thanks also was brought to a close after the young people had served a dainty lunch.

Mail Orders promptly filled at Wallace's Drug Store.

WEDDING BELLS

Tice—Pybus.

At Christ Church Chapel, Belleville, on Thursday evening, February 4th, 1926, the marriage took place of Julia Marguerite, eldest daughter of Mr. and Mrs. T. P. Pybus, of Kingston, formerly of Napanee, and Mr. Claude D. Tice, son of Mr. and Mrs. George O. Tice, of Belleville. Rev. C. E. Clarke performed the ceremony at seven o'clock. Miss Pybus was an attendant at the Robinson Ball, Napanee, before going to Belleville.

The bride looked charming in a gown of Bukhara cantop crepe, fashioned in simple straight effect, with a black velvet picture hat. She was attended by Miss Shirley Bainbird, who wore a dress of turquoise blue, with hat to match. Mr. Carl Salisbury supported the groom. Mr. and Mrs. Tice will reside at 250 Bridge St., Belleville.

HOCKEY.

Gananoque 3, Napanee 3.

Playing away off form and handicapped by the absence of Billy Houle and Clint Shoemaker, the locals held the fast Gananoque Beavers to a 3-3 tie at the Arena on Friday evening. The locals lacked the usual snap and brilliance to their play and their shooting was a trifle off. They commanded the play almost from the start, but found great difficulty in getting the puck past Wiley, Beaver net guardian. Wiley showed himself to be a goal tender of no mean ability, and one upon whom the team can rely.

Everett Fraser put up a fine game in the local nets, stopping many hard drives. Of the three that beat him, only one was deserved. In attempting to clear in the first period, the puck hit Kirby's stick and rebounded into the net. The second was a bit of hard luck, the puck bounding over his stick.

Bentley and Skitch played nice games on the defence. However, the former lacked his usual speed and aggressiveness but this was made up for by Skitch. The latter broke away for a try on the Beaver goal time after time, but couldn't beat Wiley. Skitch is a fine man on the defence.

Kirby played his usual brilliant game at centre. He showed his old time speed and was a constant menace to Wiley's goal. He scored the first goal with about two minutes of play left. However, Kirby was injured several times during the game, but refused to leave the ice.

Ray Naphin broke up on left wing again, and made a fine job of it. His long sweeping poke check kept the Beaver forward out of time after time. His old cannon-ball shot was right on the net and nearly knocked Wiley over several times. He looked like a second counter.

Harold Jamieson played his usual aggressive game on right wing. He scored the first goal in about two minutes and barely missed scoring a couple more.

Fred Huffman and Clint Shoemaker served time as subs, but were given little chance to strut their stuff.

This is the first overtime game of the season, but with any luck the locals would have won easily inside the regulation time.

Ivon Spencer handled the ball.

Kingston 6, Napanee 5.

On Tuesday evening one hundred Kingston Live Wires visited Napanee, evidently with the idea of taking away with them the locals' scalps, however, they reckoned without Jim Naphin and Co., and were exceedingly lucky to get off with a 6-5 decision, and it took the much-touted Bellringer exactly 59 minutes of gruelling hockey to do it.

The locals pressed the play right from the first bell and had shot after shot on Brooks. Ably assisted by the Goddess Luck, Brooks stayed off the fiery darts of Ray, Houle and Jim Naphin and while he was doing this, Lawlor, Watts and Dougall found time to slip the odd counters. The period ended 3-0 for Live Wires. Although the locals had much more of the play, they couldn't get the puck past Brooks.

The second period started off with the locals pressing the play, and finally Kirby slipped one by Brooks for the first local tally. The play speeded up and end to end rushes featured the game. Lawler was injured and retired from the game. The period ended 3-1 for Kingston.

The third period was even faster than the first and second. The players gave all they had and Billy Houle showed two quarters past Brooks. The score was tied at 3 all. The crowd were right on their toes and hollering for the locals to come through.

Bellringer rushed the length of the ice and put Kingston one up. Meltz rushed but so did Bentley, who netted and beat Brooks with a waist-high drive from outside the defence. The score was again tied but Naphin got his second counter of the evening, and again put the Live Wires ahead.

Jim Naphin put a scorcher on Brooks to tie the game up.

In the first overtime period Bullock put a bounder into the local net which proved to be the winning goal.

"Bashful" Brooks, though very lucky at times turned in a wonderful game in the Kingston nets.

E. Fraser had an off night in the nets for the locals, and was replaced by Kirby at the extra sign. They both turned in fine games.

Bentley and Skitch worked nicely on the defence. Both got in some nice rushes and their checking was good. Kirby wasn't up to his usual form, but he gave Brooks many anxious moments. Jim Naphin made a fine job of left wing. He kept the Live Wires bottled up all by himself several times. Billy Houle was as good as usual on right wing, but was a little off in his shooting.

Clint Shoemaker, Fred Huffman and Harold Jamieson turned in fine games in the relief role.

Ivon Spencer handled the ball.

PRESENTATION TO MR. AND MRS. FAIR

A large number of personal friends of Mr. and Mrs. R. B. Fair met at their home, South Napanee, on Saturday night and presented them with two beautiful chairs and an address, which was read by Mr. Almond Dougan, the presentation being made by Messrs. Frank Tyndall and A. Ford.

Mr. Fair, who has been connected with the Bell Telephone Co. for a number of years, left Monday for Belleville, where he has been transferred. Mrs. Fair and family expect to leave here in the course of the next three or four weeks.

Both Mr. and Mrs. Fair were taken completely by surprise, but in a few words expressed their appreciation of the kind words expressed in the address and also for the beautiful gifts which had been presented to them. In the days to come they will always look back to the very many happy hours which they had spent in Napanee. The balance of the evening was whiled away in games, after which light refreshments were served.

FOURTH LINE

The Young People of the Fourth Line United Church held their meeting on Tuesday evening last, a large crowd gathered to hear the principal topic of the evening, which was a debate, the subject being, "Resolved, that the Life of David was a greater contribution for good than that of Solomon." The affirmative was taken by Miss Orma Haig and Miss Hazel Reid, the negative by Mrs. James Staines and Mr. Alfred Jackson. The judges were Rev. Mr. McQuade, of Odessa, and Rev. Mr. Mercer, Napanee. Both sides are certainly to be congratulated for the thoroughness of their preparation and presentation of the outstanding features of the life of David and Solomon. The interest of the audience was very keen throughout the whole debate. No doubt the results of the interesting presentation of such a great Bible character will be a closer study of other great men of the Bible. The judges, after considering the various points, decided to give both sides equal honors. Another interesting feature of the evening was the duets rendered by Mr. James Robson and Mr. Karl Denyes, and proved to be a real addition to the program, and were enjoyed very much. Votes of thanks were extended to debaters and chairman, and the meeting together was brought to a close after the young people had served a dainty lunch.

Junanoque 3, Napanee 3.

Playing under new form and handicapped by the absence of Billy Houle and Clint Shoemaker, the locals held the fast Gananoque Beavers to a 3-3 tie at the Arena on Friday evening. The locals lacked the usual snap and brilliance to their play and their shooting was a trifle off. They commanded the play almost from the start, but found great difficulty in getting the puck past Wiley, Beaver net guardian. Wiley showed himself to be a goal tender of no mean ability, and one upon whom the team can rely.

Everett Fraser put up a fine game in the local forward, stopping many hard drives. Of the three that beat him, only one was deserved. In attempting to clear the first period, the puck hit Kirby's stick and rebounded into the net. The second was a bit of hard luck, the puck bounding over the stick.

Bentley and Skitch played nice games on the defence. However, the former lacked his usual speed and aggressiveness but this was made up for by Skitch. The latter broke away for a try on the Beaver goal time after time, but couldn't beat Wiley. Skitch is a fine man on the defence.

Kirby played his usual brilliant game at centre. He showed his old time speed and was a constant menace to Wiley. He secured the tieing goal with about two minutes of play left. However, Kirby was injured several times during the game, but refused to leave the ice.

Jim Naphin was up on left wing again, and made a fine job of it. His long sweeping poke check kept the Beavers busy all the time he played. His old cannon-ball shot was right on the net and nearly knocked Wiley senseless at times. He notched the second counter.

Harold Johnston played his usual aggressive game on right wing, and scored the first goal in about two minutes and barely missed scoring a couple more.

Fred Huffman and Clint Shoemaker served as subs, but were given little chance to strut their stuff.

This is the first overtime game of the season, but with my luck the locals would have won easily inside the regulation time.

Ivon Spencer handled the bell.

Kingston 6, Napanee 5.

On Tuesday evening the much heralded Kingston Live Wires visited Napanee, evidently with the idea of walking away with the locals. However, they reckoned without Jim Naphin and Co., and were exceedingly lucky to get off with a 6-5 decision, and it took the much-touted Bellringer Co. seventy minutes of grueling hockey to do it.

The locals pressed the play right from the outset and scored shot after shot on Brooks. Ably abetted by the Goddess Luck, Brooks staved off the fusillade of Live Wire drives, and while he was doing this, Lawlor, Watts and Dougall found time to slip the puck between the points. The period ended 3-0 for Live Wires. Although the locals had much more of the play, they couldn't get the puck past Brooks.

The second period started off with the locals pressing the play, and finally Kirby slipped one by Brooks for the first local tally. The play speeded up and end to end rushes featured the game. Lawlor was injured and retired from the game. The period ended 3-1 for Kingston.

The third period was even faster than the first and second. The playgers gave all they had and Billy Houle showed his old time skill but Watts got his second counter of the evening, and again put the Live Wires ahead.

Jim Naphin put a scorcher on Brooks to tie the game up.

In the first overtime period Bullock put a hounder into the local net which proved to be the winning goal.

"Bullock" Brooks, though very lucky at times, turned in a wonderful game in the Kingston nets.

E. Fraser had an off night in the nets for the locals, and was replaced by Johnston early in the game. They both turned in fine games.

Bentley and Skitch worked nicely on the defence. Both put in some nice rushes and their checking was good. Kirby wasn't up to his usual form, but he gave Brooks many anxious moments. Jim Naphin made a fine job of left wing. He kept the Live Wires bottled up all by himself several times. Billy Houle was as good as usual on right wing, but was a little off in his shooting.

Clint Shoemaker, Fred Huffman and Harold Johnston turned in fine games in the relief role.

Ivon Spencer handled the bell.

V. O. N. TEA

The Women's Fhance Committee, of the Napanee Branch of the V. O. N., gave a delightful Tea, Thursday afternoon, in the School Room of Trinity Church. The event was a brilliant success, socially and financially.

The School Room itself was charmingly and the Class Rooms most inviting, with prettily arranged teatables, presided over by a hostess. The community spirit prevailed, each Church and the Salvation Army being well represented.

Rev. W. R. Tanton kindly opened the programme with a short speech, creating much interest in the Order, and the V. O. Nurse, Miss Robertson, introduced by the President, Mrs. F. F. Miller, gave an interesting talk, and in a delightful way, the guests were made to realize the benefit of her work.

Miss Georgie Robinson gave two very effective numbers, most suitable to her sweet soprano voice. The hearty applause proved her to be a great favorite.

Miss Mary McGrath was heard for the first time by many in the audience, and surprised everyone with her splendid interpretation of so difficult a song.

Miss Mary Daly, who has been studying abroad, has been very generous in assisting in many concerts since her return. Her rich, beautiful notes were heard to great advantage in two numbers.

Mrs. Cameron Wilson delighted the lovers of violin music, with a single number, played so faultlessly, that it was all too short to please the audience.

Messrs. Caldwell, Waite, Shannon and Vandewoort, called "The famous Quartette", gave the thrilling old Scotch song, "Wi'a Hundred Pipers", and at the close of the programme sang two equally attractive numbers.

The accompanists were the Misses Gleeson, Scott, Baughan and Baird, whose sympathetic playing added much to the enjoyment of the afternoon.

After the programme, each hostess served her own guests and an enjoyable half hour was spent over the tea-cups.

Special thanks is given to the Property Committee of Trinity Church, for the use of the Sunday School Room, and to Mr. Lorne Wartman and Mr. E. Walker for kindness rendered.

The Order is also indebted to the Convenor of the Women's Finance Committee, Mrs. W. S. Herrington, and the members of her Committee, to the hostess of each table and her guests; and to those who so kindly contributed to the splendid programme.

The proceeds of the tea amounted to $120.00.

Anyone wishing to become a member of the Napanee Branch of the V. O. N. may do so by paying the fee (50c.) to Miss Mary Leamy, Treasurer.

CURLING.

An extremely interesting and well-played game in the Senior C.O.C.L. was played on the rinks of the Napanee Curling Club on Friday evening, between teams from Belleville and Napanee. The teams were well matched and some wonderful shots were made by both sides. In the words of some of the oldest players of the Curling Club, it was one of the best and most skilful games played here in years. On the fifth end, Geo. Root of Belleville, got a seven-end on Mayhew, Napanee's crack skip, but the latter was equal to the occasion by coming in from behind and winning out by 4 shots.

The rinks were :—

OBITUARY.

Miss Bessie Garrison.

A particularly sad death occurred at the home of Mr. and Mrs. Martin Bens, on Saturday, when Miss Bessie, daughter of Mr. and Mrs. Jonas Garrison, of Sillsville, passed away, after a brief illness of pleuro-pneumonia.

The deceased was confined to the house with measles, which is very epidemic in town at present, and while recovering contracted pneumonia and despite the best of medical care, passed peacefully away on Saturday. The deceased was in her 21st year, was a most popular young lady and was in her third year at the Collegiate Institute.

Since residing in town she made a host of friends who will regret to learn of her sudden passing. The sympathy of the whole community is extended to the grief-stricken parents and other relatives.

MUTUAL LIFE ASSURANCE COMPANY OF CANADA

Solid and very substantial progress during 1925 is revealed in the 56th annual statement of the Mutual Life of Canada. The unbroken and ever-increasing prosperity of this Company is naturally gratifying to its policyholders who, under the principle of mutuality, receive back the entire net profits.

The previous high record for surplus earnings—achieved on the 1924 operations—was surpassed in 1925, with a total of $3,796,982.41, an increase of $296,734.41 over the previous year's surplus. The Company is thus in a position to pay the policyholders who constitute it the same liberal scale of dividends in 1926 as heretofore, while increasing the free surplus available for contingencies by $607,981.91.

In 1925 the Mutual Life paid out to policyholders $7,201,403—an increase of $969,232 over the 1924 total—bringing the Company's benefits since it began business up to $60,817,426.34.

Business has more than doubled during the last seven years of the Mutual Life's history. The net increase in 1925 was a healthy one, $26,739,419. The total new issue last year was $45,573,877, an increase of $2,249,250 over the 1924 volume of new assurances. The total business now in force is $222,529,285.

The substantial increase in 1925 was achieved very economically, the expense ratio being reduced from 15.50% to 15.23%. The mortality rate was again very favorable, 37.05%. Another effective factor in rolling up an increased surplus of earnings for distribution to the policyholders was the slightly increased average interest rate on the Company's invested funds. Although the trend in bond prices was toward higher figures (and lower yields), and the rates of interest on mortgage loans had a lower tendency, the Mutual Life more than maintained its 1924 rate, the 1925 averages being 6.42 per cent.

A still further reduction in the lapse ratio is shown in the 1925 statement. Of the business written in 1925, the lapse in 1924 was 10.13%, whereas of 1924 business only 8.64% lapsed in 1925 — an exceedingly favorable result.

Last year witnessed a further increase of $6,556,800 in the Company's accumulated assets, which now total $72,517,566.

The present year opens with all classes of people expectant of still better conditions, and the management of the Mutual Life looks forward to a still greater extension of the Company's beneficent service in providing maximum protection at minimum cost.

MOSCOW WOMEN'S INSTITUTE

The regular meeting of the Moscow Women's Institute was held on February 4th, at the home of Mrs. W. Jackson. The roll call was answered by labor saving hints on mending. A good programme followed of gramophone and violin music by Mr. Jackson. Splendid current events paper by Mrs. F. Darling; an interesting reading by Mrs. Echardt, and community singing. Arrangements were made for the summer lecturer in June, and for a bazaar and play also in June, the proceeds in aid of building the Community Hall.

The Institute members would be very glad to receive any donations for the bazaar from anyone in the neighborhood who is interested in this worthy object.

After the business part of the meeting a most interesting and humorous address was read by Mrs. Jackson, while Mrs. Lamplugh presented the Institute with a desk bell, as these two ladies were in Toronto on the date of last meeting and made the purchase while thinking of us.

A delicious lunch of coffee, cake, and sandwiches, was served by the hostess, assisted by the lunch Committee.

The next meeting will be held on March 4th, at the home of Mrs. Alf. M. Bell.

STILL KING.

I have a song I want to sing
About a little man named King,
Who had a great and lofty aim
To write upon the book of fame,
In letters big and black, his name.

In politics he found his place;
And won in an election race.
To Ottawa this hero came.
"Ah, now," said he, "I can acclaim
I am not only King in name."

In Ottawa he tried his brain
But all his efforts were in vain.
Four years passed by. (I tell with shame)
The country seemed to have gone lame.
The King in King was all in name.

Said he, "It is not hard to see
I need more men if I would be
A King". And so election came.
The Meighen forces took good aim
And left King shorn of all but name.

But did this squelch the little King?
Oh no. He saw the Baron Byng,
And promised, with no thought of shame,
To still pursue his lofty aim
By doing nothing just the same.

By Regulating the Stomach and Bowels With Baby's Own Tablets.

Winter is a dangerous season for little ones. The days are changeable—one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much, in consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and through their use the baby will be able to get over the winter season in perfect safety.

In using Baby's Own Tablets the mother has an absolute guarantee that she is giving her precious little ones something that is absolutely safe and something that cannot possibly do harm to even the newborn babe as the Tablets contain not one particle of opiates or other dangerous drug. They are sold by medicine dealers or at 25 cents a box, by mail from The Dr. Williams Medicine Co., Brockville, Ont.

ODESSA

The social dance given by the Baseball team last Friday night was a wonderful success, with over one hundred couples in attendance. The excellent music furnished by the Odessa Orchestra, delighted the pleasure seekers, who tripped the light fantastic until the early morning hours. There were also several tables for euchre, which were in play and afforded great amusement for those interested. The object of this social dance was to increase the fund for the boys. It will be remembered that they won the silver League Cup last season, and the enthusiasm displayed now looks as if they are planning on holding it. — Frederick Sproule, who has been spending the past four months in New York, returned home last week. — The many friends of Mrs. Arthur Toomey and her daughter, Mrs. Castell, will be interested to know that they sailed on the S.S. California, for a six weeks' trip to the West Indies. Mrs. Toomey and Mrs. Castell visited here on several occasions, and were guests at the home of the late Miss Eliza Toomey, a sister-in-law of the former.

Keeping Healthy During Winter

Colds, Influenza and Like Troubles Can Be Avoided.

Have you noticed that some people enjoy good health through the most trying weather, while others succumb to colds or influenza at every touch of wintry conditions, or are attacked by rheumatism or sciatica? The reason is to be found in the condition of the blood. If it is rich and pure the system is able to resist disease. But let the blood become impoverished and the way is made clear for disease to enter the system.

The common sense way to avoid colds and influenza is to keep a plentiful supply of rich, red blood in your veins. Dr. Williams' Pink Pills have achieved world-wide fame for their remarkable blood-enriching powers. The new blood which comes from the uses of Dr. Williams' Pink Pills tones up the whole system and so helps the body to resist winter ills.

If the system has already been weakened by colds, influenza or other winter ailments, then Dr. Williams' Pink Pills are the safest medicine for rebuilding the blood and strengthening the body. An example of the value of these pills is given by Mrs. R. O. Stromberg, Cobalt, Ont., who says:—"I had a very severe attack of grippe, or influenza, which confined me to my bed for a week. On getting up again I did not recover my usual strength. I was very weak, had a severe pain in my head, and a constant backache. I had to get a woman to do my work for me as I had neither the strength nor the energy to do anything. At this stage, remembering the great benefit I had through Dr. Williams' Pink Pills in girlhood, I began taking this medicine, and soon my strength began to return. I am now able to do all my own work again, and take care of my baby boy. I am very grateful for what the pills have done for me, and hope my experience will be of benefit to some other sufferer."

If you need a blood-building tonic begin taking Dr. Williams' Pink Pills to-day. Sold by all medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

Man on the Desk—This is an announcement of a wedding, isn't it?

"Sure."

"Well, why do you say 'Please omit flowers?' That goes with a funeral notice."

"Well, I showed it to a man who knows the chap who's going to marry the girl, and he said he was a dead one."

"No matter what he said. You are not the funny man on this paper. Cut that out."

Coral From Italy.

Much of the costly red, white and pink coral used for ornamental purposes is obtained from the coast of Italy. Men go out in boats and drag the rocky bottom of streams with wooden frames or nets, in which the coral becomes entangled, but the delicate branches are crushed in this way. The finest coral is obtained by diving.

Concerning Push.

"I want some gasoline, boy," said a wealthy motorist. "So please be quick. You will never get on in this world unless you push. Push is the essential. When I was young I pushed, and look at me now! I am worth thousands!"

"Well, sir," said the boy, "I think you'll have to push again 'cause we ain't got any gasoline in the place."

Oldest British Colony.

Bermuda now ranks as the oldest of Britain's colonies, the English flag having been hoisted there in 1612 by a party of colonists from the Virginia company who stopped at the islands on the way to the mainland, went on to Virginia, found Virginia in a state of starvation and returned. A previous explorer, Juan de Bermudez, gave the group its name.—Exchange.

Romance of a Railway.

The Uganda railway possesses a history unrivaled for romance. Not only does it run through wild jungle, traverse lofty viaducts thrown across deep gorges and climb mountain passes to a height of 8,300 feet, but in its early days it received far too many unwelcome attentions from the natives. It was found that coils of telegraph wire became quite the rage in feminine fashions, while in the hands of steely warriors bolts and nuts became formidable weapons. The floods of the rainy season are now the only outward occurrences that break the solitary routine of the line. — London Chronicle.

Brilliant Bits.

Here are some choice cullings from recent novels:

"Her plea fell on dumb ears."

"Their eyes clung together."

"His arms went round her like cat's jaws."

"He became aware of a thick, muddy pain."

"Beautiful women had turned to gall in his tongue."

"The moon fell. He saw it crash silently into the lake."

"Dorsey hung on her words as if dangling over a chasm."

"He stood in a litter of shavings and bits of board with a kindling eye."

The Black Cap.

A small, limp piece of black cloth is, according to ancient custom, put on the top of the judge's wig in England before he passes sentence of death and is properly called the "sentence cap," or "black cap." Covering the head was a sign of mourning among the Israelites, Greeks, Romans and Anglo-Saxons and is referred to in Samuel ii. 15-30. Putting on the black cap is not a grim sign of revenge of the law, but is rather a token of sorrow, expressing the regret the judge feels at having to condemn the prisoner to death.

Mutual Life's Unbroken Progress
$3,796,982 Surplus Earnings in 1925 Shows Exceptional Strength of the Mutual Life of Canada
Pioneer Mutual Company Has Record Sum for Distribution to its Policyholders

THE 56th year in the history of the Mutual Life Assurance Company of Canada was marked by solid and substantial progress. It is gratifying to note from the reports made to the policyholders at the annual meeting on February 4th that the 1925 operations of Canada's pioneer Mutual Life Company compare very favorably with the record results achieved in 1924. The 56th milestone in Mutuality marks 56 years of unbroken prosperity.

Our Policyholders—who alone constitute the Company—rightly judge the strength and progress of the Mutual Life of Canada by its surplus earnings from year to year. The surplus earned by this Company during 1925 totalled $3,796,982.41—an increase of $296,724.41 over the surplus earned in 1924, in which year all previous high-water marks were far surpassed. These remarkably favorable earnings will enable the Company to continue to pay dividends to Policyholders on the same liberal scale in 1926 as heretofore, and, in addition, the free surplus available for contingencies has been increased by $607,981.91. The amount paid to Policyholders in 1925 was $7,201,403, an increase of $969,252 over the 1924 total.

Steady, Safe Growth in Business

Healthy expansion of the Company's business is again recorded for 1925, by the end of which year the total in force amounted to $322,529,285. At the end of 1924 the assurances in force totalled $295,729,866, so that the 1926 showed a net increase of $26,799,419. The total new issue for last year was $45,573,577—an increase of $2,249,280 over the 1924 volume of new business.

Notwithstanding this very considerable increase the expense ratio—already notably low—was again reduced on 1925 business. The percentage of income required to cover general expenses was cut from 15.50% in 1924 to 15.23% in 1925.

This economy in administration was one factor contributing to the exceptionally high surplus earned for Mutual Policyholders. Very favorable mortality and an equally favorable interest rate on invested assets were other factors.

Low Mortality and Higher Interest

An extraordinarily low rate of mortality was experienced in 1924, the actual death strain being only 84.01% of that expected, so that although the death claims paid in 1925 exceeded those of 1924, the mortality ratio—37.95%—was still very favorable.

Although throughout last year the trend in bond prices was toward higher figures (with consequently lower yields), coupled with a tendency toward lower rates of interest on mortgage loans, the Company was able not only to maintain the average rate of interest earned on its invested funds, but to make a slight increase to 6.42%.

Assets Steadily Increase

Indicative of the impregnable financial situation of the Company is the $6,556,800 increase in accumulated assets, which now total $72,517,566, as against $65,960,767 at the end of 1924.

By its very text, the principle of Mutuality—whereby the profit-participating Policyholders receive back the entire net profits—justifies confidence in the continuance of benefits to Mutualists in the coming years.

Benefits to Policyholders Strikingly Shown in 56 Years' Record

YOUR attention is directed to the following statement of the total benefits paid to policyholders and beneficiaries since the Company was established fifty-six years ago. These figures show how well the aims of the founders of the Company have been realized.

(1) Death losses on completion of Claim Papers	$20,754,185.90
(2) Matured Endowments and Annuities.....	11,052,358.47
(3) Surplus	10,005,064.08
(4) Surrender Values.....	9,626,852.15
(5) Other Payments.....	78,965.74
	$60,517,426.34

And it holds at this date for the security of its Policyholders:

Reserves on 3½% and 3% standard	$58,713,297.23
Provision for unadjusted claims and prepaid premiums	351,231.37
Dividends due, deferred and accumulative.....	10,006,817.43
Additional Reserves and Surplus Funds.....	2,976,316.16
Total.....	$72,047,662.19

Total paid to and held for policyholders $132,565,088.53.

IN MEMORIAM

In loving memory of our dear little son, Robert Reginald Nugent (Bobby), who died in Kingston Isolation Hospital, on Friday, February 12th, 1925.

Only a little white rosebud,
A sweet little flower, from birth;
God took him home to heaven,
Before he sailed on earth.

Sadly missed by Mother and Daddy.

IN MEMORIAM

In loving memory of our mother, Mrs. Patrick Murphy, who departed this life on February 1st, 1924.

Deep in our hearts lies a picture
Of a loved one gone to rest;
In memory's frame we shall keep it,
Because he was one of the best.

Our lips cannot speak how we loved him,
Our tasks cannot tell what to say;
Only that we miss him and always will be,
As we journey along life's way.

Many farmers are using Higgins' White Hellebore, mixed with cement, for lice on cattle. They tell us it works wonderfully well. A fresh supply of Higgins' Hellebore at Wallace's.

The Bath Habit.

In the eighteenth century the bath was a woman's event, and soap was almost a thing unknown. It was scarcely ever used, or at least infrequently. It was by no means an indispensable bath necessity. And most of us can recall the time, nausea an exchange, when Saturday night was religiously dedicated to the weekly bath. That is why we all appreciate the story of the woman who wrote her friend, "We just moved into a new apartment. It has the cutest bathtub. I can hardly wait until Saturday night."

Understanding Hearts.

If you see a man smiling to himself in a crowd don't imagine that he is crazy, says a writer. It usually such are the unrest of individuals and possess an enviable appreciation of themselves. They do not need to be influenced by exterior conditions and circumstances in order to call forth that spirit of gladness which lies deep within the soul. It is far more profitable to try to imitate such persons than to mock at or to pity them.

For Aching Feet.

For burning, swollen feet soak them every night in a solution of soda water. Put a handful or more of bicarbonate of soda in the foot tub with sufficient water to cover the feet. Keep adding more hot water as needed. After this, rub well into the bunions and other sore joints ichthyol ointment. Wrap feet in cloth, or put old stockings on to protect bed. Use some kind of foot ease in your shoes.

Origin of Pig, Buffalo, Horse.

Asia mainly furnished the pig, remarkable by its archaic type, which is very close to the Sus palustris, notes a writer. Through Turkestan arrived the buffalo, which adapted its body from its surroundings—becoming smaller and more alert. The Caucasus also owes the horse to Turkestan; we find neolithic remnants of the domesticated horse at Anau, while the animal is not found in Creta before the bronze age.

Counted by Sixties.

The Babylonians counted by tens and hundreds as we do but by sixties. This was because they had found that the radius of a circle is contained within the circumference just six times. This "system of sixty" persists to the present time in clocks, where sixty seconds make one minute, sixty minutes make one hour, while there are twelve hours a day and twelve of night.

Hard and soft corns both yield to Holloway's Corn Remover, which is entirely safe to use, and certain and satisfactory in its action.

THERE ARE SPECIALTIES IN INDIVIDUAL LIFE

No two men are identical, nor can two stores be identical, even if one aims to copy another exactly.

The copyist simply imitates. A copyist of Paintings can never make the Titian, the Rembrandt, or the Turner. No matter how closely his copies resemble the originals, they lack "the something" of the genius who creates.

The "copy cat", as real painters call him, if he is honest must label or sign his copies of originals—"After Rembrandt. Titian, Raphael or Turner".

The individualism of an originator or a student thinker is manifest in hundreds of little things that are woven into the fabric of his daily life.

All the big stores look as if they belonged to the same company.

This Store would be just like them were it not for its individuality that can be easily recognized.

A Natural Corn Spender.

When a long forgotten cousin died and left Miss Mitfield a round hundred thousand the entire village, after having recovered from the shock, fell to wondering whether the faded little spinster, after having for sixty-three years plucked and scraped and plain sewed just to keep soul and body together, would, after all, be much comfort from her eleventh hour opulence.

The state of little Miss Mitfield's mind was revealed when her next door neighbor inquired what she should do with her money—did she mean to save it?

"Save it!" Her eyes flashed with new found scorn. "Listen to me, Betsy; all my life long I've wanted a pair of side combs with yellow glass beads onto 'em, and now I'm goin' to her 'em; yes, ma'am, even if I should have to go as high as 50 cents!"—Youth's Companion.

Coffee With Milk.

For many years after coffee was first drunk in Europe, says the Manchester Guardian, no one thought of mixing it with milk any more than the Turks and Arabs do now. The use of coffee au lait seems to date from 1687. Mme. de Sevigne, writing to her daughter in that year, said that a doctor much in vogue "has taught us to mix sugar and milk with our coffee. They make a most delightful compound, which will help to support me through the rigors of Lent."

In a letter written seven years earlier she had mentioned as an eccentric proceeding of the part of Mme. de la Sablière that "she drinks milk to her tea." Readers of "Unbeaten Tracks in Japan" may remember that one of the Ainus thought it disgusting that Mrs. Bishop should drink milk and pollute her tea with a fluid having so strong a smell and taste.

Big Chances Both Ways.

The famous physician and the eminent clergyman were deep in a discussion which threatened to become acrimonious.

"You see," said the minister sarcastically, "you medical men know so much about the uncertainties of this world that I should think you would not want to live."

"Oh, I don't know," responded the physician caustically. "You clergymen tell us so much about the uncertainties of the next world that we don't want to die."—Exchange.

Talking Machines.

As nearly as can be determined the original talking machine—the real precursor of the phonograph—was the so called "phonautograph," invented by Leon Scott in 1857. But the first real reproduction of sound was achieved by Thomas A. Edison in 1876. He may, with perfect justice, be called the "father of the talking machine."

Treasure of Treves.

Treves is probably the oldest city in Germany and contains more Roman antiquities than any other city in northern Europe, but its most famous possession is the "holy coat" preserved in the cathedral. According to tradition, this is the identical "seamless robe" worn by Jesus Christ and given to Lot" by the Roman soldiers at the foot of the cross.

It Sounded Big.

"She talks at different times of 'my maid,' 'my cook' and 'my laundress,'" said the woman with the inquisitive.

"Has she actually so many servants?"

"No," said the uncomplaining male person. "She means that her hired girl is a lightning change artist."—Detroit Saturday Night.

THE COMPETING POET

Here's to the poet of last week's poem
Of which I think is punk;
And of all the things I ever read,
I think it's a bunch of junk.

He likes to roast the boys
About playing this little game;
But he never says much about himself,
For it would be a shame.

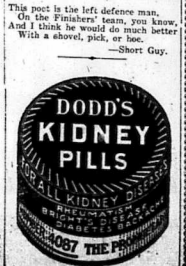
This poet by chance you know,
In a game he thinks he is fine;
I know he thinks he is the whole cheese,
But, boys, he is only the rhine.

One night in a recent game,
He took a chance to play;
And he acted like a bull frog
From a mill pond far away.

The way he goes about the ice,
Any person could laugh with glee!
For he always keeps the ice clean
With the seat of his pants, you see.

This poet is the left defence man,
On the Finishers' team, you know,
And I think he would do much better
With a shovel, pick, or hoe.

—Short Guy.



It Has Many Qualities.

The man who possesses a bottle of Dr. Thomas' Eclectric Oil is armed against many ills. It will relieve a cough, break a cold, protect the throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself.

—Laura Lowry, beloved wife of Mr. Matthew Shelton, passed away quite suddenly on Monday evening from pneumonia. A few weeks ago she underwent a serious operation in Kingston General Hospital, and on leaving that institution spent a couple of weeks at the home of her husband's mother, on Mill Street, before going to her own home at Arden. She was recovering nicely from the operation when she caught cold and pneumonia developed. Mrs. Shelton was the only daughter of the late Hugh Lowry, of Ernestown, and leaves besides her husband, one son, her mother and five brothers, Messrs. Chas. and Harry Lowry, Ernestown, and three brothers in Akron, O.

Absolutely—"The woman who hesitates is lost." "Worse than that—she is extinct."

Rip Van Winkle—Himself.

Joseph Jefferson used to tell a story of his visit to a village in the Catskill mountains. He was taking a cup of tea in the hotel when he heard a negro waiter giving a detailed account of legends.

"Yes, sah," he continued, "Rip went up into de mountains, slep' for twenty years, and when he come back hyar in dis berry town his own folks didn't know him."

"Why," said the listener, "you don't believe the story's true?"

"True? Ob course it is. Why," pointing to Jefferson, "dat's de man."

Boss Provaricators.

"There goes a man who boasts that he has never bought a gold brick."

"Reminds me of the fellow who says he has never told a lie."

"Yes. He reminds me of the chap who says the upkeep of his automobile is next to nothing."

"And he's in the same category with the man who says he never was sick a day in his life."

Fuel In Ancient Rome.

The fuel of the ancient Romans was almost exclusively charcoal. This was burned in open pans without grate or flue and gave economical heat for living rooms and baths. The inconvenience of chimneys was avoided, and the heat could be easily regulated.

Frenzied Finance.

Short—I wish I were a rumor. Long—What's the answer? Short—Why, a rumor soon gains currency.—Ex.

Watchful Waiting.

Household Strife.

"You're pretty easy to see through," said the chair leg to the window. "I make all these chairs stand around."

"That may be," replied the scorned window, "but I think I win by a shade."

Charming an America.

Earnestly do I desire for this country that, instead of copying Europe with an undiscerning civility, it may leave a character of its own, corresponding to the freedom and equality of our institutions.—W. E. Channing.

Sufficient.

"Do you think we shall ever establish communication with Mars?"

"See no reason for trying to do so," replied Mr. Growcher. "Enough opportunity for diplomatic interchange down here."

However, Father Was Moved.

She—Was father very angry when you broke the news of our engagement? He—I don't think so. His more poignant emotions, so far as I could discover them, appeared to be sympathy and relief.

Its Sort.

"That woman's tongue goes as fast as an express train."

What He Said.

"So Grabsum is after everything he can get. Did you say he was getting well off?"

"Not exactly. I merely remarked that he was getting off easily."

GUARDING THE CHILDREN.

Widows With Offspring Should Be Sure to Make Their Wills.

Sometimes the failure to make a will involves more than a loss of time and money. You are a widow and die without a will, leaving children who are not yet of age. Now, you may not care who looks after your property, but you do have a lively interest in the person who looks after your children. If you had left a will you could have named therein the guardian for your children. The court must do so, and the guardian appointed by it may charge commissions, counsel fees and premiums payable out of your children's share of your estate.

Suppose you leave real estate. It can't be sold without an order of the court. That involves a long and expensive proceeding on the part of your administrator. If you leave minor children that still further complicates matters. A guardian must be appointed for them who must join in the application—at a price—and their shares must be set aside and held until they are of age—also at a price. "Infant's proceedings," as such actions are termed, are most technical and expensive, yet unless every contingency is provided for good title cannot be given to the real estate. Nor can clear title be given for at least two years after your death. If you had left a will you could have included therein a power of sale, and at any time when the interests of the estate demanded it the property could have been sold.—Samuel Scoville, Jr., in Good Housekeeping.

A Bit of Sicily.

"There is no Italian town more picturesque than the Sicilian capital, Palermo," writes a traveler. "Sailing ships of all rigs, their hulls painted all the colors of the rainbow, nose up against the quay, where mule carts, whose drivers are shouting at the top of their voices, wait to take away the merchandise. The narrow streets where the custom house officers examine the goods brought ashore is a place of terrific noise. When a driver, two clerks and two custom house officers are discussing the contents of a bale or a cask it seems as though murder must be committed within the next few seconds. But somebody signs something, the cart moves on, and everybody laughs."

Murdering Shakespeare.

"I never hesitate to cut and slash and change any play until it suits me," said Stuart Robson to his legal adviser on one occasion.

"I suppose you edit Shakespeare with a blue pencil?" replied the lawyer.

"You can just bet I do."

"Then, I imagine, you would plead guilty to an indictment for murdering the Bard of Avon?"

"No; I would not, but I would admit dissecting his corpse."

Dividends to Policyholders increased for sixth successive year

EXTRACTS FROM DIRECTORS' REPORT

Your Directors present the fifty-fifth annual report for your approval. The Company's progress has been satisfactory, notwithstanding increasing competition and prosperity, but this year marks an epoch in the life of the organization. It has now passed the Billion Dollars mark in assurances in force, the amount after deducting reassurances being $1,021,097,335.

Applications for new assurances have been the largest in our history, aggregating $230,324,526.67. The new policies paid for numbered 57,961, for the amount of $193,477,007.76, after deducting amounts re-assured. The new business for the year exceeds the total amount of business the Company had in force at the end of 1900.

The gratifying evidences of progress (published with the accompanying statement) are paralleled in regard to strength and profitableness. Notwithstanding the greatly reduced rate of interest rates, the Company has been able not merely to continue, but to slightly increase its record in the amount distributed to policyholders during the year on the annual premiums having been 14.5 per cent.

Several factors have contributed to produce this result, not the least important being an increase in the dividends paid by some of the corporations in which the Company has commercial and banking connections.

Even more important than interest yield has been the advance in the market value of our securities. For many years we have accumulated in the capital and surplus accounts, over and above the amounts required by law, both in Canada and in the United States. We are now enjoying the rewards of our policy. Our investments are of the highest character and security, which had been in high repute, we have realized a net profit of $2,532,442.73 on the sale of securities in excess of the values at which they had been carried.

The profits earned by the Company during the year, based on the interest, rents and profits of securities as made by the Government authorities, has been $21,696,388.02. We have not thought it necessary to disturb the valuations of securities as made by the Government, but have added $1,500,000 from the official valuations placed on our assets. We have, moreover, added $2,500,000 to our Contingency Accounts, bringing these up to a total of $10,000,000.

The following table gives the values of leased assets, we have written off $750,000 from the book value of our Head Office and Branch Buildings, and other real estate.

We have also, by writing made an additional $350,000, further strengthened the special reserve to provide for possible greater longevity among assurances, bringing the total amount under this heading up to $1,100,000 in excess of government requirements.

During the year we have paid or allotted $7,922,784.35 as profits to our policyholders. This is the largest amount ever distributed. To meet increasing expenses, and making the foregoing heavy allocations, we have yet been able to add $6,532,442.73 to our undivided profits, bringing the total surplus over all liabilities, Contingency Accounts and Capital up to $28,640,000.00.

For the ninth consecutive year we are able to announce an increase in the rate of profits to the holders of participating policyholders at the ensuing year.

To provide for the expansion of our business, it has been necessary to make an extension of the Head Office building, which has now been completed, and will be formally opened on the day of our Annual Meeting. The cost of the extension, including the site, was $1,000,000.00. It is plainly evident that we must make provision for further expansion.

THIS MOTHER GLAD DAUGHTER IS WELL

Mrs. Parks Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health

Toronto, Ontario.—"My daughter is 16 now and has been an invalid ever since she was six months old and has been compelled to remain out of school the greater part of the time. We have tried different kinds of medicine, but none helped her much. I had taken Lydia E. Pinkham's Vegetable Compound when I was run-down, and it had helped me so much that I thought it might help her at this time. She has gained ever since she began taking it. She attends school every day now and goes skating, and does other out-of-door sports. I recommend this medicine to any one who is run-down and nervous and weak."—Mrs. PARKS, 106 Bond Street, Toronto, Ontario.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for young women's troubles.

BUSY BEES IN WINTER.

How They Generate Heat to Keep the Colony Warm.

The bee upholds his reputation for industry throughout the winter months as well as during the summer. Being susceptible to cold, the bee must turn to his colony for warmth. Communism, which in bees is so highly developed in the storing of food and caring for the young, is also the basis for the heating system.

It was found by experiment that only the shell of the cluster made by the bees is cold weather is compact. This is formed by one to several layers of bees all solidly arranged with their heads inward, their feet interlacing. This arrangement is perfect for conservation of the heat within. Except for an occasional shifting of position the bees forming the shell are quiet. But within the shell strange things are going on.

It is here that the heat is generated. And the antics are not unlike our own when we are cold. The bees are packed loosely within the shell so that there is plenty of space for many bees to be exercising at a time. Rapid fanning of the wings, shaking the body from side to side, rapid breathing and other movements are all part of the scheme for raising the temperature. In one particular instance, when a bee had been rapidly fanning with its wings for seven and a half minutes, the thermometer nearest him rose half a degree F.—Pearson's Weekly.

Johnny Roche's Tower.

Standing on the banks of the river Awberg, between Mallow and Fermoy, County Cork, Ireland, is a remarkable edifice known as "Johnny Roche's Tower." The whole tower was built by the labor of one man, who subsequently resided in it. This individual, who received no education whatever, also erected a mill, constructing the water wheel-after a special design of his own. Long before the introduction of the bicycle he went about the country in a wheeled vehicle of his own construction propelled by foot power. His last feat was to build his tomb in the middle of the river bed. John Roche died, but was not interred in the strange burying place which he selected for himself, his less original relatives deeming such a mode of sepulture unchristian.—London Strand Magazine.

The Horseshoe Legend.

Here is an explanation of the old horseshoe superstition: St. Dunstan was a skilled farrier. One day while at work in his forge the devil entered in disguise and requested Dunstan to shoe his "single hoof." The saint, although he recognized his malign customer, needed, but caused him so much pain during the operation that Satan begged him to desist. This St. Dunstan did, but only after he had made the evil one promise that never to be nor any of the lesser evil spirits, his servants, would ever molest the inmates of a house where the horseshoe was displayed.

The Coffee Plant's Friend.

In Colombia there is a tree highly esteemed as a shade for the coffee plant. It is found also in tropical Brazil and possesses qualities that make it peculiarly suited for this particular use. It will live on a stony, poor soil and a tree only eighteen months old will shade 111 square yards of ground, while when full grown it may be fifty feet high and have a spread of fifty feet on every side.

Grandeur.

"Where did your ruler get his ideas for this magnificent palace?"

"It was modeled after an American drug store," explained the grand vizier. "Some fine effects, eh?"

The Sort.

"You looked very sympathetic when Mrs. Jaggers was talking to you. Was she telling you a moving story?"

"I should say so. She's been in six houses in as many months."

Heavy Reading.

"I've seen 'French at a Glance,' but some literature can't be handled that way."

"What, for instance?"

"A railroad time table at a glance."

No More Fairy Tales.

"Children are getting all mixed these days."

"What's on your mind?"

"My little nephew only knows Robin Hood as a character in a comic opera."

Cause For Gladness.

The pessimist was suffering from rheumatism.

"Every bone in my body aches," he complained.

"You ought to be glad you are not a herring," said the optimist.

Retort Courteous.

"I suppose there's nothing doing for a live wire like me in this stupid town of yours."

"Well, I don't know. There're several dead ones like you doing time here."—Exchange.

Fewness.

"Why is it that as the Indian and the lion become extinct their pictures appear on our currency?"

"I don't know, unless they are considered a symbol of scarcity."—Washington Star.

It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Eclectric Oil is armed against many ills. Just the Other Way.

"Our childhood ambitions are seldom realized."

"Too true."

"Life with me is just the reverse of what I thought it would be."

"How so?"

"I thought I was going to set the world on fire, and now I make my living selling insurance."

Real Pleasant.

Nellie, aged four, was gazing intently at the visitor's new bonnet.

"Well, dear," asked the lady at last, "what do you think of it?"

"Oh," replied the small observer, "I think it's all right. Aunt Mary told mamma it was a perfect fright, but it doesn't frighten me any."

When a Man's Great.

"I would like to ask you one more question," said the youth.

"Let it come," rejoined the home grown philosopher.

"When," quoted the youth, "would you say that a man has achieved greatness?"

"When he deserves his own opinion of himself," answered the home grown philosopher.

Why He Returned.

"Back home again, eh, doctor? What was the trouble? Too healthy for you out there?"

"Exactly. There was only one case of sickness in town the whole time I was there."

"And I suppose some other doctor had that."

"No I had it. It was homesickness."

So Honest.

Wigg—You can say what you will of Grouchleigh, but you must admit that he is thoroughly honest. Wagg—That's right. Grouchleigh never even finds fault without wanting to return it.—Philadelphia Record.

Didn't Worry.

"What has become of that Don't Worry club you once helped to organize?"

"Everybody refused to worry. The club got in debt and had to disband."

A Smooth Approach.

"You seem hard worked, sir," said the affable stranger.

"I'm half dead."

"Then I called in the nick of time. I'm selling life insurance. If you're half dead you can't get a policy any too quick."

Impossible Feat.

Irate Father—Don't you think, young man, you can walk into this house and hang up your hat. Think! Bottle-it. I know I can't, sir. You're sitting on it.

We have several vacant houses here and more to follow. I wonder where the people are going? — We have much sickness in our midst. It keeps our beloved Pastor very busy looking after and administering to their wants, and preparing sound gospel sermons. — Mrs. Mullett is somewhat improved under careful nursing.—Mr. and Mrs. Geo. Reid have both been very low, but are slowly improving. I understand Teddy has a slight touch of gout; also R. H.—But after losing so many from our midst, we are still a faithful crew. But I fear we are getting near Russia, as the Hon. J. S. Martin says the farmers must be educated to save money. He says we know enough to make it, but waste it in buying poor stocks. So he is going to spend the same amount of money on the young farmers that he has wasted on his old hayseeds, to educate them. More power to him. He says an old hayseed lost ten thousand dollars in a poor investment. In the name of heaven where did he get it? J. S. better have a private interview with Ponzi and he will change his views. I understand we Farmers must take a daily bath, so we will be able to produce good clean milk and cream. We also in the near future will be compelled to milk with rubber gloves on. I am so glad I can't milk. Where are we drifting? No Government at Ottawa at present, and all they have done there for four weeks is to abuse each other, and to Toronto cast iron laws. I am sure the farmers, as well as all concerned, would enjoy more peace and less nonsense, and some legislation. If J. S. fails to educate us up to the Jones', the Government intends to build a special road for us hayseeds to travel on.

Force of Character

They were discussing the things which would help a man to obtain success in the world when one young man said:

"There's nothing like force of character. Now, there's Smith, he's sure to make his way in the world. He's got a will of his own."

"Ah, our friend Brown has something better than that in his favor," argued another.

"What's that?" came the query.

"A will of his uncle's!" retorted the humorist.

She Found Relief For Her Backache

Mrs. A. Caskanett Tells of Dodd's Kidney Pills.

Sends a Message of Cheer to Thousands of Canadian Women Who Carry a Load of Pain and Weariness Through Their Daily Work.

Greenock, Ont., Feb. 7th, (Special) —"I had a terrible backache, and thought it was caused through my kidneys, so I bought some Dodd's Kidney Pills and they helped me so much. Whenever I am not feeling well I get a box. I would not be without them. A friend of mine advised me to try them and I can say they are all right and can recommend them." This message comes from Mrs. A. Caskanett, a well known and highly respected resident here.

It must bring cheer to that great army of Canadian women who daily go about their household duties weighed down by that curse of womanhood, backache.

The relief that Mrs. Caskanett found has come to thousands of other women through the use of Dodd's Kidney Pills. That shows that the ache is caused by the kidneys.

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

Tailored-to-Measure Clothes

February is a good month to buy your new Spring Tailored-to-Measure Suit. The shops are not so busy now as they will be in another month's time, and consequently your order will get much better attention than later.

The $35.00 RANGE OF TAILORED SUITS that we are showing is especially fine this season. In it are the ever popular blue and brown hairline stripes in high grade worsteds; plain blue, brown and grey serges, and the new fancy tweeds in all the popular patterns. A really fine selection of cloths.

There are also some excellent values as low priced as $25.00 and as high as $45.00.

Every Suit made to your individual measure, with high grade linings and trimmings used.

House Burned on Mill Street.

The residence of Mrs. Fred Peterson, Mill Street, was totally destroyed by fire, together with the contents, on Wednesday night. About 10.30 a passerby noticed flames inside the house, and immediately turned in an alarm. Through some misunderstanding, there was a delay in the firemen reaching the scene, and when they arrived the house was a mass of flames. The firemen also had trouble in getting two streams into play. One line of hose was attached to the hydrant at Mill and West streets, but there was no force of water. The cause of the fire is unknown. Mrs. Peterson's daughter, Mrs. Goulding, had just left for Kingston twenty minutes previous to the fire, being called there by a phone message to attend her mother, who is seriously ill. The personal effects of the occupants, except what they were wearing, was also burned.

CURLING.

Napanee Swamps Belleville, 70-39.

Belleville were defeated at home on Monday night by the Napanee curlers. The game was never in doubt, and the Napanee curlers were almost up. Arthur L. Dafoe and his rink again surprised the crowd by piling up the largest score of the evening against Col. A. P. Allan.

Mark Graham's rink had no trouble in putting it all over R. J. Wray by 10 shots.

Frank Bell's rink played a perfect game.

INDOOR BASEBALL

Grace Church 19, Trinity Church 8.

On Tuesday evening Grace Church provided the upset of the season, when they downed the fast travelling Trinity girls by 19-8, before a large crowd of supporters.

Trinity were sailing along smoothly, with a 7-2 lead, when suddenly their craft hit a rock, and faded from the picture. The above mentioned rock happened to be Hazel O'Neill, and her bounder started the merry-go-round. Trinity were bewildered at the onslaught and finally when one of the girls suddenly came to with the ball in her hands and realized that it was all over and Grace had put 16 runs over the plate, she couldn't seem to realize what it was all about.

Though beaten, Trinity put up a hard fight. Mil Rikely was their star. She fielded perfectly and almost killed herself once when the floor came up to meet her.

Chris. Taylor wasn't as good as usual, and her support was poor.

Hazel O'Neill starred for Grace, although Mary Stinson had a big hand in the proceedings.

Marion Thompson made a nice catch of a liner.

The teams were :—

Trinity—W. Drake c., N. McKee 2.g., M. Rikely 1st, L. Black 2nd, C. Taylor p., M. Paul l.f., D. Daverne r.f., H. Drake s.s., K. Woodruff 3rd, K. Dickson c.f.

Grace—D. Lucas 3rd, M. Bates c.f., M. Stinson p., M. Thompson s.s., H. O'Neill c., B. Harrigan 1st, G. Harrigan 2nd, G. Hall l.f., J. Vanalstine s.s., K. Ungar r.f.

No. 5 Platoon 27, Headquarters 7.

In the boys' games, No. 5 Platoon defeated Headquarters by 27-7.

No. 5 fielded like dervishes, and their heavy bats caused the downfall of Headquarters.

The boys put more pep than usual into their play, and the brand of ball displayed pleased the fans.

John Murray pitched his usual good game for No. 5, and was ably assisted by his team-mates.

Frank Bell wasn't accorded such sparkling support by his team-mates.

The teams were :—

Headquarters—R. Blair 1st, F. Bell, D. Powell, C. Macdonald, L. Merritt, D. Conway, A. Parrott, P. Allison, G. Reid.

No. 5—R. Fraser, A. Deane, J. Murray, M. Tierney, C. Harrison, J. Judson, R. Walker, P. Henderson, C. Walker.

Umpire—Doug. Fraser.

HOCKEY.

Mechanics 6, Packers 1.

On Saturday evening the Mechanics defeated the Packers in a Gibbard Industrial League fixture by 6-4. The Mechanics are in three goals right off the bat, but the Packers came right back and tied the count before the period closed.

In the second period Mechanics tacked on three more and held the Packers to a single counter.

The last period was scoreless.

Harold Johnston and Doug Fraser were the pick of the Packers, although Jack MacPherson played a fine game, scoring the fourth goal.

The Mechanics combined nicely and most of their goals were the result of clever team work.

The teams were :—

Packers—Goal, Cooke; defence, D. Fraser and Viney; centre, MacPherson; wings, Wagar and Huffman; subs, Johnston, Reid and Conger.

Mechanics—Goal, Beatley; defence, E. Fraser and Warner; centre, C. Fraser; wings, H. Sagar and A. Pybus; sub, Rey Moore.

HOCKEY.

Packers 3, Cabinetmakers 2.

On Saturday evening, in a Gibbard Industrial Fixture, the 3rd place Packers provided the upset of the season by defeating the league-leading Cabinetmakers by 3-2. The game was just as close as the score indicates, the checking being pretty heavy at times. Cabinetmakers notched the first counter after five minutes of play, when Sweet put a whizzer by Cook. The play speeded up and W. Huffman finally got one by his big brother. The period ended 1-1. Cabinetmakers raised shed after shot on the Packer goal, but the cool-headed Cook turned them all aside but one, "Bunk" Wilson was the boy who shot that one, and Cooke didn't even see it. Harold Johnston put two more by Huffman, and the game ended 3-2.

Cooke played a wonderful game in the Packer nets, turning aside many real hard drives.

D. Fraser and H. Johnston paired up well on the defence and each got in some effective rushing. W. Huffman, Jack MacPherson and Dave Roffey worked well on the forward line and were ably upheld by G. Reid and Harry Fine.

R. Huffman was as good as usual in the Cabinet nets and was hardly to blame for the loss. Les. Richardson and A. Rogers turned in good defensive games, while D. Stinson, R. Wilson and E. Sweet were as good as usual on the forward line.

Jim Nephin handled the bell, and was very impartial. A rather amusing incident occurred in the second period, when Jim dropped an iron puck between the sticks. The players, not realizing the difference, swatted away, but were unable to budge it.

A rather large crowd was in attendance, but many are passing up some real good hockey.

Gibbards 13, "B" Co. 2.

On Wednesday evening, February 10th, Gibbards defeated "B" Company in a fast game by 13-2. "B" Co. were without the services of Tommy Kirby and Clint Shoemaker. The new "soldiers" couldn't get going, most of their efforts being of the one man variety. The game dragged after the first period, and was a poor exhibition of hockey. Gibbards were at full strength and commanded the play from the start. "B" Co. put on the intermediates after the first period, but the youngsters were outclassed.

Bentley scored six for Gibbards, Johnston two and Nephin one.

Laurie Douglas scored two, and Fred Huffman one for "B" Company.

The teams:—

"B" Co.—Goal, E. Fraser; defence, R. Douglas and F. Ball; centre, Laurie Douglas; wings, F. Huffman and C. Fraser; subs., M. Tierney, R. Fraser and D. Thomson.

Gibbards—Goal, Huffman; defence, Johnston and Richardson; centre, Bentley; wings, Sweet and Johnston; subs., Loucks and Stinson.

N.C.I. 8, "B" Co. 2.

In the Intermediate series, N.C.I. defeated "B" Co. in a fairly good exhibition, by 8-2.

Carr played like a well oiled machine, nobody hesitating to pass the puck. They worked the entire game without side and were never in danger.

Tierney starred for "B" Co., although Thompson and Walker played well. Parrott got in some good checking, and scored the 1st goal.

W. Carr and R. Cowle worked well on the N.C.I. defence. Cowle did some good checking, and his corkscrew rushes were real thrilling. W. Carr got in some nice rushing, while J. Carr and Ballard did some good passing. Ballard scored the 1st two goals, Fraser the next three, J. Carr two, and Cowle one.

Parrott and Thompson scored for "B" Company.

The teams were :—

"B" Co.—Goal, Cook; defence, Hannah and Thompson; centre, Tierney; wings, C. Walker and Parrott; subs., R. Walker, R. Fraser and G. Reid.

N.C.I.—Goal, W. Smith; defence, R. Cowle and W. Carr; centre, J. Fraser; wings, J. Carr and F. Ballard; subs., Plumley.

Trinity 4, St. Andrews 1.

On Monday evening, Trinity defeated St. Andrew's by 4-1, in a Junior Church League fixture. Both teams played good hockey, but St. Andrews were not as consistent as the winners.

Thompson, Dickson and VanDusen were Trinity's best.

Conway and Howitt starred for St. Andrew's.

The teams :—

St. Andrew's—Goal, Hayes; defence, Moffat and Howitt; centre, Conway; wings, Fraser and Howitt; subs., Herrington, Warner and MacGregor.

Trinity—Goal, Deane; defence, Dickson and Thompson; centre, VanDusen; wings, Daverne and VanLuvyn; subs, VanLuven and Boyes.

Gibbard Intermediates 4, N.C.I. 2.

On Wednesday evening Gibbard Intermediates defeated N.C.I. 4-2, in a Town League fixture. The game was productive of the best combination hockey that has been staged, and was too bad that a larger crowd did not turn out. The teams set a dizzy pace at the start. They played fairly nicely and the work of the rival netminders stood out.

Smith played a wonderful game in the N.C.I. nets, but was outlucked on several occasions. Good work on the defence, a strong defence and each got in some thrilling rushes. Ballard and McDonald were good on the wings, and did some good passing.

Don Huyck and Jim Carr did the subbing, and both played well. Huyck scored the first goal.

Doug. Fraser turned in a fine game in the Gibbard nets. He was amazingly cool under fire, and made many nice saves.

Arnold Rogers and Ward Huffman played fine games in the defence. Huffman was going great all evening, and scored three of the four goals. Dave Stinson and Bunk Wilson played fine games on the wings, and combined nicely with Sweet.

Hugh Hicks and Aubrey Garrison were used in the relief role and played good games.

The teams :—

N.C.I.—Goal, Smith; defence, Carr and Cowle; centre, Fraser; wings, MacDonald and Ballard; subs, Carr and Huyck.

Gibbards—Goal, Fraser; defence, Rogers and Huffman; centre, Sweet; wings, Stinson and Wilson; subs, Garrison and Hicks.

HAYBURN

The monthly meeting of the Hayburn Ladies' Aid was held at the home of Mrs. Christie Young. Mr. and Mrs. Young and family are about to take up their new home near Bath. Following is an address from the Ladies' Aid :—

Hayburn, Feb. 15th, 1926.

Dear Mrs. Young,—As this will be your last meeting with us, we thought we could not let it pass without saying something of our appreciation of your work among us. We have found you cheerful and ever ready to lend a helping hand, and we hope in your new home there will be a congenial place for you and Mr. Young and your boys and girls in church and Sunday School. Please accept this sum of money as a token of appreciation.

Signed on behalf of Ladies' Aid of Hayburn.

MRS. JACOB LOYST, President.

Mrs. Young responded with a great many thanks, and was greatly taken by surprise, and said that the neighbors and kind friends will always find themselves welcome wherever they wish to call at their new home.

BATH

ENTERPRISE

We have been enjoying beautiful weather during the last week or so. We do hope it will continue.—Drawing wood is the order of the day; also sawing wood.—The death of Mr. Alonzo Walker was a shock to the community. His funeral was held here in the United Church on Saturday afternoon at 1.30, from the residence of his sister, Mrs. Thos. Wagar. We extend our deepest sympathy to the bereaved wife and daughters and sisters. The body was taken to the vault to await burial in the spring.—The oyster supper held at Mrs. S. D. Lockwood's was enjoyed by all who were there, and all vote Mrs. Lockwood an ideal hostess.—Mr. Carman Peters at Mr. Wilson Bell's, on Sunday for tea.—Mr. and Mrs. E. R. Bell called at Mr. and Mrs. E. R. Wilson's, one evening this week.—Mr. and Mrs. W. J. Mellow visited at Mr. Henry Hartman's, on Sunday last. On Wednesday evening, Feb. 3rd, a few of the members of the Friendly Bible Class of the United Church and a few of their young friends, presented a drama, entitled "The Leaf," for which they certainly deserve credit, as it has been considered by many, if not all, who heard it to be the best that has ever been given in the village. They have handed out a good moral and so true to life as to touch the hardest heart, was also filled with wit and humor. No one could help laughing at the antics of Dick Bustle, Patty Jones and that "Stuttering Donkey", Tom Chubbs. Then again the crowd could not help tears in their eyes at the more pathetic parts. The manner in which the play was acted certainly surpassed anything in the amateur line and those who were not there would certainly be well paid to go and hear it if ever the opportunity should present itself. Proceeds were $50.00, which went for new their seats in the United Church. —Miss Elizabeth Mellow took tea at E. R. Raymond's, on Sunday last. — We are glad to see Mrs. D. A. Sparks and little Jean out again, after there severe illness and trouble.—The play, "In the Absence of Susan", was given at Centreville on Monday evening, and Thursday evening, and Thursday evening of this week.

Mail Orders promptly filled at Wallace's Drug Store.

Quinn spent Sunday with Mr. and Mrs. T. J. Harvey, on Wednesday.—Mr. and Mrs. Percy Clark and Miss Quinn spent Sunday afternoon with Mr. and Mrs. John Delong.—Mr. Harry Lawrence is visiting his parents, Mr. and Mrs. Jonas Ackerman, and other friends.—Mr. and Mrs. T. J. Harvey spent Sunday with Mr. and Mrs. Wm. Sunday and Mr. and Mrs. O. Cole and Mrs. Richard Cole.—Quite a large attendance at church on Sunday afternoon. The Pastor, Rev. Mr. Brethen, preached a splendid sermon from the text, "What shall it profit a man if he gain the whole world and lose his own soul?—Mrs. Harry Blakely took dinner on Sunday with Mr. and Mrs. Charles McDonald.—Miss Annie Potter is visiting with friends in Picton for a few days.

MOSCOW

The Young People's Association held a social evening at the home of Mr. Arch Asselstine, in the form of a Valentine party, on Friday evening. There were the main features of the evening. One of the most interesting contests was the guessing of the names of the alphabet represented some well known people. This was suggested by Mr. McKenzie. Another interesting feature was a cross-word puzzle drawn by Mrs. D. Asselstine and Percy Asselstine. A splendid lunch was served and every one went home feeling they had spent a jolly time. Asselstine for the use of his home, and to the programme committee for the very successful evening. Mrs. Huffman entertained a few of her friends on Wednesday evening.—Mr. and Mrs. Asselstine attended the Normal "At Home" on Friday evening at Napanee.—Measles are still very much in evidence through the country. Many of the children are absent from school.

NEWBURGH

Miss Gertrude M. Pero, daughter of Mr. and Mrs. Allan Pero, Newburgh, was married on Wednesday, Feb. 10th, to Mr. William Kinnear, of Chicago. The ceremony was performed by Rev. T. J. S. Fergusson, in Cook's United Church. The bride was attended by her sisters, Misses Estella and Florence, and looked charming in her frock of powder blue crepe de chene, carrying a bouquet of lily-of-the-valley, maiden hair fern and roses. They left Kingston in the afternoon to visit friends at Toronto and Niagara enroute to their home in Chicago. The bride's parents are residents of Newburgh, and have many friends who offer congratulations to the newly wedded couple. Mr. and Mrs. Chester Pero motored to Kingston and attended the wedding.

Mr. and Mrs. Ed. Nugent motored to Kingston on Sunday and called on Mr. Robert Asselstine, who is in the General Hospital at present.

Miss Lena Maddon accompanied Mr. and Mrs. Nugent to Kingston and visited with Miss Lucy Maddon, who is also a patient at the hospital.

Mr. and Mrs. Baker, of Strathcona, spent the week-end with Mr. and Mrs. McGarvey.

A number of the young people journeyed to Camden East to attend the dance, which will be the last for awhile, the Lenten season having opened.

Mrs. (Capt.) Slade was in Kingston part of last week with her daughter, Gladys, who has been in the General Hospital as a nurse-in-training, but at present is a patient, having undergone an operation for appendicitis. At time of writing, Gladys is reported to be doing as well as could be expected.

The Rev. Mr. Zurbrig conducted the service in the Mission Hall on Sunday afternoon.

Rev. Mr. Lee and Mrs. Lee, of Frankford, called on Mr. and Mrs. Bray, enroute to Harrowsmith, where Mr. Lee conducted quarterly services in the Free Methodist Church.

Little Ivan Simkins had the misfortune to receive a cut on the fore head while attempting to jump on a passing sleigh. The wound was closed with a few stitches.

Mr. E. Shorey and son, of Cannifton, motored to Napanee on Sunday and called on his sister, Mrs. Benn, and Miss Helen Benn. The whole party came on to Newburgh early in the day and visited with Mrs. S. Shorey and family.

Mr. and Mrs. Allan Tomkins, of Oswego, spent the week at the home of his father, Mr. Frank Tomkins.

Mr. Alex. Moore returned to Toronto on Tuesday, after visiting his mother for two weeks.

Mrs. David Ruttan, of Bath, is at present with her mother, Mrs. Tomkins, who continues to be very ill.

Miss Wilhemina Files is enjoying a two weeks' visit at her brother's, in Point Anne.

Mrs. H. Embury and daughter, Lilian, of Wesley, visited with Miss Ella Veomans on Wednesday.

The moccasin dance at the rink on Tuesday evening was an enjoyable affair.

Mrs. Will Files is in Point Anne for a few days.

Rev. Mr. Anderson addressed a large congregation on Sunday night last, speaking on "Misunderstandings Concerning the Christian Way". He annouced two more sermons in this series. Next Sunday he will take "What Does It Mean to Be a Christian" as his subject.

The Ladies' Aid held a meeting on Tuesday evening at the home of Mrs. G. Quail and have decided to hold another of their socials on March and in the basement. A good time is assured to all who attend. Everyone is welcome.

Mrs. Johnson and Miss May Johnson spent Wednesday in Napanee.

The Camden East Mission Circle held a very enjoyable Valentine social at the parsonage on Friday night last. About 8 p.m. the fifty guests "thronging came with merriment and joy." The committee is to be congratulated on the success of the evening, which was due to their efficient work.

The United Church Young People's League was well attended on Monday night, and an hour profitably spent under Dr. Mounce's direction. Miss Shepley gave a splendid address on some selections from "Far Horizons," by Bliss Carman. Miss Ramsay played an instrumental gumber; Misses Hazel Winter and Ruby Switzer recited, and Dr. Mounce gave a fine description of the wonderful "Taj Mahal."

The regular meeting of the W. C. T. U. was held at the parsonage last Wednesday. A good number in attendance and interesting programme.

Bert Ruttan and Miss Dorothy Kellar attended the at-home at Camden East and also the moccasin dance in Newburgh.

Florence Pero is confined to the house with tec measles.

Miss Cook of Napanee and Gilbert Milligan attended the dance at Camden East Monday night.

The annual at-home of Newburgh O.L.O. took place on Thursday night, Feb. 11. The night was all that could be desired from the weather standpoint, and although there were many other attractions, the hall was comfortably filled. The viands prepared by the ladies were abundant and appitizing, and the spirit that prevailed was the best. The programme consisted of two main features, a debate and the burning of the mortgage that had been held on the hall. This latter was rendered possible by the successful celebration held here on July 10th. The debate was the main feature of the evening and was participated in by Bro. R. W. Spencer and Bro. Cyrus Edgar for the affirmative, and Bro. T. Bird Woody and Bro. Wm. Faul for the negative. The question debated was, "Resolved "That the introduction of religious instruction into the Public Schools of Ontario would be wise and practicable." The debate held the individual interest of those present, and the question brought keenly contested on both sides there was no evidence of a desire to win by the participants, but rather to throw as much light as possible on a very live subject. The judges were members of Centreville L.O.L. They decided in favor of the negative. It is hoped to continue these debates as an interlodge series between Newburgh, Camden East and Centreville.

Mail Orders promptly filled at Wallace's Drug Store.

ST. VALENTINE'S BALL

On Monday evening, in the Masonic Hall, the annual dance of the Napanee Golf Club was given, the occasion being one of much social interest. Arrangements were in charge of Mr. T. B. Wallace and Mr. Cyril Waite, and the elaborate decorations were the results of Mr. Chas. Walters' artistic hand. The ballroom was gay with Valentine colors, pennants and heart-streamers festooning the walls, and red and white balloons bobbing overhead amidst rows of pretty lights.

The receiving committee were Mrs. W. A. Daly, Mrs. J. W. Robinson, Mrs. Herbert Daly and Mrs. Galbraith.

Mr. Chas. Walters' Orchestra played splendid music throughout the evening, and a number of variety performances were given, among which were a splendid gazoo quartette by Mr. W. A. Daly, Mr. Wallace, Mr. Smith and Mr. H. Daly; a singing competition in which a number of other gentlemen took part; a realistic bear-dance by Mr. Caton in the hands of his keeper, Mr. W. C. Smith; and a charming ballet act by little Mary Galbraith, who dressed as Cupid, and concealed in a huge golf ball, made a tremendous sensation with her unexpected appearance.

After supper the fun began in earnest, when with caps and gaudy horns the guests fell in line for the Grand March, which was led by the President, Mr. W. A. Daly, and his wife. A shower of balls, colored lights from some large inverted lights in the ceiling, was the cause of a merry scramble, and was only one of the many pleasant features of the evening.

The dance was most successful owing to the efforts of the older Golf Club members, who made it their responsibility to see that every guest had a delightful time.

Walladerma (Winterbalm) is the ideal preparation for chapped hands or roughness of the skin. It is very healing, dries in well and is not sticky. 25c. a bottle, at Wallace's.

TAMWORTH UNITED CHURCH

The sermon subject for Sunday will be "God in Revelation." This is the first of a series of messages from the Doctrinal Basis of Union.

The minister enjoyed his Sunday with the congregation of St. Andrew's and the privilege of spending the week-end with his two sons in Napanee.

The Sunday School of St. Andrew's is to be congratulated on their orchestra, which gathered such a spirited lead to the service of song.

Rev. Mr. Conning, a fourth year student in Queen's Theological, rendered very acceptable service to our three congregations last Sunday. He expressed surprise at the liberal dimensions of the pastoral charge, and the length of the Sunday drive. He is a married man and a minister of a charge of two congregations in Mashdaka, which is being temporarily supplied while he completes his theological studies.

There was a large attendance at the Y. P. U. last Monday evening, and the young people in the glmes at the close thoroughly enjoyed the enlarged floor space by the removal of the centre group of pews from the R. E. building to the Church at Reidville.

The Y. P. U. have arranged for an ice carnival on next Wednesday evening at Shaw's open air rink. Suitable prizes will be given for costumes as follows: Lady and gent, fancy; lady and gent, comic; boy and girl, fancy; boy and girl, comic; also for the best skaters, partners and single. There will be an admission fee of 20c. The proceeds to go to the Young Peoples' Pledge for the Church Extension and Maintenance Fund.

TOWN COUNCIL

Council Chambers,
Napanee, Feb. 15th, 1926.

Council met in regular session on Monday evening, Mayor Ming presiding.

Members present—Reeve Graham, and Councillors MacGregor, Howitt, Fitzpatrick, Simpson, Dunbar, and Roy.

The minutes of the last regular meeting were read, and on motion were confirmed.

Communicatitns

From the Board of Railway Commissioners, re telephone rates, advising of sitting of Board in Toronto. Ordered filed.

From City Clerk, City of Hamilton, saying the Council there is of the opinion that the municipalities should receive a portion of the amusement tax, and also that police and fire vehicles using gasoline should not be charged the 3c. per gallon tax. Ordered filed.

From Gutta Percha Co., enquiring as to possible requirements for fire fighting supplies for 1926. Referred to the Fire, Water and Light Committee.

From the Executive of the Union of Canadian Municipalities, re Bell Telephone Co. increase of rates. Referred to the Finance Committee with power to act.

From Bell Telephone Co., enclosing copy of the Company's revised schedule of rates. Referred to the Finance Committee.

From Carlton's Simplified Road Maps, setting forth the advantages of advertising in that annual, and quoting prices for space in same. Referred to the Industrial Committee of the Chamber of Commerce.

Mrs. F. F. Miller, Nurse Robertson, Mr. W. J. Doller and Mr. Geo. W. Gibbard appeared before the Council as a delegation from the Napanee Branch of the Victorian Order of Nurses, appealing for a grant in aid of the local work.

Mr. Doller said the work done is principally of a charitable character. The financial end has been carried on by public subscription through a canvass of the residents. The first year brought in about $1200.00, and the second year some $300.00 less, the larger subscribers reducing their gift the second year, maintaining that the town should assist. They asked for a grant of $600.00.

Mrs. F. F. Miller spoke briefly, and then introduced Miss Robertson, nurse, who gave detailed information regarding the work done by the Victorian Order in Napanee. Her address was listened to very attentively and contained much valuable and interesting data.

Mr. Gibbard referred to the cost of the work being carried on, and gave an interesting account of the activities of the Order in Napanee through Nurse Robertson. He closed by trusting the Council would look favorably upon the request of the delegation, for a grant of $600.00.

Moved by Councillor Simpson, seconded by Councillor Fitzpatrick, that the matter of a grant to the Napanee Branch of the Victorian Order of Nurses be referred to the Finance Committee to report at the next regular meeting. Carried.

Moved by Councillor MacGregor, seconded by Reeve Graham, that the appreciation and thanks of the Council be extended to the delegation for the information given. Carried.

A communication was received from the Union of Canadian Municipalities, asking for a remittance of $10.00 as membership fee. Ordered filed.

Tenders for the market and station scales were received for the ensuing year, as follows: Wm. Hudson $460.00. Jas. T. Griffin $300.00. Walter Hiegs $250.00, Andrew Madden $300.00. C. H. Lapum $300.00. W. H. Roe $400.00. W. F. Kelly $375.00.

Considerable discussion took place and several motions were voted upon, ending in a deadlock each time, when, finally, it was moved by Councillor Simpson, seconded by Reeve Graham, that the matter of the lease of the market tolls be laid on the table until next meeting. Carried.

Moved by Councillor MacGregor, seconded by Councillor Roy, that the Finance Committee and Market and Police Committee meet together and discuss the above tenders. Carried.

Councillor Simpson, Chairman of the Finance Committee, reported that the Treasurer had prepared a very concise statement of the financial affairs of the town, which was read, and on motion was adopted.

A BIT OF EARLY HISTORY

People From Napanee Attended the First Ball at Meyers Creek, When Belleville Got its Name.

One hundred and ten years ago two of Ontario's flourishing cities started their respective careers, namely, the City of Belleville, formerly called Meyers Creek, and the City of St. Catharines, formerly called Shipman's Corners.

It was in 1816 that the stage began to run from York to Niagara, and the Frontenac, the first steamer on Lake Ontario, was launched at Ernesttown by the Finkles. It was also a lively year in the Great Northwest. The Hudson's Bay Company, the North West Company, and the Earl of Selkirk's Settlers were in conflict. The Governor of the Hudson's Bay Company and his employees were attacked at "Seven Oaks", Red River, by the employees of the North West Company, and the Governor of the former company was killed. The Earl of Selkirk, with his soldiers, took possession of Fort William, then the property of the North West Company. A constable and twelve men from Upper Canada attempted to arrest Selkirk at Fort William, but Selkirk arrested the constable. The first stage from Kingston to York did not start to run until the next year.

One summer day in 1816 Sir Francis Gore, the Lieutenant-Governor of Upper Canada and his wife, Lady Bella Gore, driving from Kingston to York, stopped at Simpson's Tavern in the little settlement where the Moira River empties into the Bay of Quinte. Both the river and the little settlement were then called Meyers Creek after Captain John Walden Meyers, a U. E. Loyalist, who had built in 1790 the first industry, a sawmill, in the little settlement, and erected there in 1794 a brick house, the first in Upper Canada.

The day was too warm for driving over the rough roads, and Margaret Simpson's Tavern was a comfortable place, so the Governor decided to stay over until the morrow.

There were about 100 residents in Meyers Creek at that time, nearly all original U. E. Loyalists or their children, and to celebrate the Lieutenant-Governor's visit they decided to have a ball, the first ever held in the village; so fleet messengers were despatched through Sidney, Trent, and as far west as the Carrying Place, also through Prince Edward County to Hallowell (now Picton), and Napanee Mills on the east, and the few settlers through the district who could attend came in during the night.

There were the old U. E. Loyalists, wearing such of their uniforms as had been preserved; the veterans of the War of 1812-15, who had taken part in the capture of Detroit, Buffalo, Oswego, and Washington; the Magistrates, and other prominent persons. The war with the United States was ended. Canada, with a population of 380,000 had withstood the attack of the United States, with a population of 8,000,000, and had not lost an inch of territory. Every one was happy. The fiddle, flute, drum, and such other instruments as were available were kept busy all night, and Lady Bella Core made herself so agreeable to the villagers that it was decided to change the name from Meyers Creek to Bell Ville in her honor. An "eel" was afterward added to join the two syllables. The last quadrille was danced long after sunrise in front of the tavern, on the road, and the settlement started for their homes by boat, horseback or on foot, and Meyers Creek became Belleville.

Simon McNabb, a member of a distinguished family which later gave a Premier to Canada, was appointed the first Postmaster of Belleville that year.

The Kiwanis Club of Belleville, will feature this anniversary in its annual carnival, and ten thousand Orangemen who will assemble at Belleville on the 12th of July will celebrate it. The Belleville Fair Board is also planning a pageant to commemorate the interesting event.

Quick Relief For RHEUMATICS

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, aches, twinges of joint and suffer intensely because your system is full of that dangerous poison that makes thousands suffer and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it to-day. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "What nonsense to bad rubbish."

Many people, the most skeptical of skeptocs right in this town and in the surrounding hamlets, bless the day when Wallace's Drug Store and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma to-day.

CANNOT REVEAL ORANGE SECRETS

Injunction Issued Restraining the Publication of "Orangeism Unfolded"—Action Taken in the Matter by Grand Lodge Against Mr. Fred Sexsmith.

A temporary injunction for a period of one week was issued this afternoon by Judge H. A. Lavell, restraining Mr. Fred Sexsmith, who lives near Napanee, from issuing a publication entitled "Orangeism Unfolded," the application for this injunction being made by Mr. A. B. Cunningham, K.C., acting on behalf of the Grand Orange Lodge.

The temporary injunction restrains Mr. Sexsmith, who is a Past County Master of Lennox and Addington, not only from issuing the publication mentioned, but from revealing, either in part or whole, the ritual, obligations, secrets, signs, tokens, passwords, gripes, keys to the secret code, the paraphenalis used in degree work or other confidential and secret matter of the Order.

Mr. Sexsmith has already issued a circular to the effect that he is about to publish "Orangeism Unfolded".

Fighting For Baby's Health

Is the Constant Care of Every Young Mother.

The young mother has a constant care in looking after the welfare of her little ones. Childhood ailments come on so suddenly — sometimes without a minute's warning — that mother may have a very sick baby on her hands before help can be obtained. That is unless she has a remedy in the house which she can safely give the baby for any of the many minor ailments of babyhood and childhood.

Such a remedy is found in Baby's Own Tablets. Thousands of mothers throughout the country always keep a box of the Tablets on hand and they proclaim them to be without an equal for sweetening baby's stomach; regulating his bowels, and thus driving out constipation and indigestion, colds and simple fevers, and making the dreaded teething period easy.

Baby's Own Tablets are an absolutely safe remedy. They are guaranteed to be free from opiates or any other narcotic drug which are so harmful to the future welfare of the baby. Mothers, if you value the life of your little ones give him Baby's Own Tablets when he is ill, or better still, give him an occasional dose of the Tablets to ward off illness. The Tablets are sold by Medicine dealers or will be sent to any address, post paid, at 25 cents a box by addressing Dr. Williams Medicine Co., Brockville, Ont.

What Causes the Skin to Chap?

Campana's Italian Balm prevents chapping of hands and face in Winter time. The cold wind evaporates the natural moisture of the skin, leaving it dry and shrunken. STRATFORD WOMAN

Restored to Health by Lydia E. Pinkham's Vegetable Compound

Stratford, Ontario. — "After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young (I was married at 19) I did not know what was the matter, so let it go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having "not a head-ache but a brain-ache." My mother is taking Lydia E. Pinkham's Vegetable Compound during the Change of Life and she recommended it to me. After taking four bottles I did not get a little sleep and to feel better and I have never left off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I am now able to do my work alone, but I am still taking the Vegetable Compound as I am nursing baby." — Mrs. Orson Pain, 48 Cherry Street, Stratford, Ontario.

If you are suffering from any weakness which causes such symptoms as pains in the side and back and nervous feelings, give Lydia E. Pinkham's Vegetable Compound a trial now. C

Artificial Ears.

Artificial ears are so skillfully made that they may with difficulty be distinguished from natural ones, so it is claimed.

When the person who has lost an ear applies to the manufacturer for a substitute there is made a mold of the remaining ear. If there be left any part of the other a mold of that part also must be taken to assist in the fitting of the artificial. Manufacturers assert that no two ears are alike and that it takes a skillful workman to prepare an ear from the mold or molds.

When finished the new ear is pasted on the stump or simply set in the position of the lost ear. It is really only the first artificial ear that is expensive, the chief cost pertaining to the making of the mold. Vulcanized rubber, which can be bent and twisted, has been found to constitute the best material for the making of artificial ears

A Question of Size.

If old Gargo Jones was the most inquisitive man in the village, Tom Morton was certainly the surliest.

One afternoon, as Gargo accumulated slowly along the one narrow street, he paused at Tom's garden fence and gazed inquiringly over at Tom, who was busily milling a very large box together.

"Afternoon, Tom!" said the old chap genially. "Whatever be 'ee puttin' that great box together for?"

Tom paused in his hammering long enough to retort curtly:

"To hold all your questions, if so be as it's big enough!"

Gargo eyed him in pained silence for a few moments. Then he took an empty matchbox from his pocket and threw it over to Sandy.

"Then that'll do for yer civil answers if so be as it's small enough!" he retorted quietly.—London Express.

Lotteries In England.

Lotteries for the purpose of raising money for the state have never caught on in England. But for definite ends of a semistate character, such as building canals or founding a British museum, sanction has been readily granted. Our first recorded lottery is that of 1566, when the prizes were plows of plate, the chances 40,000 for 10 shillings each and the desirable object the maintenance of harbors. But, once familiar grown, lotteries corrupted the ancient virtues of John Bull, and by the time of Queen Anne the state stepped in and suppressed every private lottery as a public nuisance. By an act passed in 1823 sanction was given to a particular lottery, and that was the last. At the same time all sale of tickets for home or foreign lotteries was forbidden.—London Times.

Fair Enough.

"Yes," we admitted, "it's a fine car, and we'd be glad to own it, but we can't afford to buy it, and there's no use wasting your breath trying to persuade us."

"Listen," pleaded the agent. "This car isn't going to cost you a cent. All you've got to do is to take out an accident policy in our favor, and the car is yours. We'll even pay the premium on the policy. Can anything be fairer than that?"

Self Reliance.

The spirit of self help is the root of all genuine growth in the individual, and, exhibited in the lives of many, it constitutes the true source of national vigor and strength. Help from without is often enfeebling in its effects, but help from within invariably invigorates. Whatever is done for men or classes to a certain extent takes away the stimulus and necessity of doing for themselves, and where men are subjected to overguidance and overgovernment the inevitable tendency is to render them comparatively helpless.—Samuel Smiles.

A Close Connection.

"I'm tryin' to get some information about a friend of mine named Fox, who came out here," said the stranger from the east. "They tell me he died of some throat trouble."

"I guess that's about right," said the cowboy.

"What was it? Bronchitis?"

"Bronchitis? That's a new one on me, but I reckon I see the connection. He stole a broncho."

She Took Them Twenty Years Ago

So Says Mrs. A. Demers, of Dodd's Kidney Pills.

She Had Suffered From Lumbago and Indigestion and Found Relief in Dodd's Kidney Pills.

Ottawa, Ont., Feb. 15th (Special)—"Twenty years ago I was very sick with Indigestion and Lumbago," states Mrs. A. Demers, who lives at 320 Clarence St. "I had seen many doctors and nothing seemed to relieve me. I started taking Dodd's Kidney Pills. After three months I noticed a great change and at the end of the year had no pains at all. Since that time, if I feel a pain or even a tiredness in my back I take Dodd's Kidney Pills and get better. I highly recommend your pills which should be taken continually until relieved."

Dodd's Kidney Pills make healthy kidneys. Healthy kidneys strain all the impurities, all the 'poison, out of the blood. They are the greatest of all tonics. Give them a trial at once. They can be obtained from all druggists.

BY-LAW NO. 330.

A By-law to provide for expenditure on Roads in the Township of Adolphustown during the year 1926.

Whereas the regulations of the Department of Public Highways of Ontario require that the expenditure on Township Roads under the Ontario Highways Act, and amendments thereto, shall be provided for annually by Township By-law,

Therefore the Council of the Municipal Corporation of the Township of Adolphustown enacts as follows:—

1. The sum of $300.00 is hereby appropriated from monies raised by taxation for expenditure upon construction on the roads in the said Township during the year 1926.

2. The sum of $1000.00 is hereby appropriated from monies raised by taxation for expenditure upon maintenance and repair on the roads in the said Township during the year 1926.

3. The said monies shall be expended under the direction of the duly appointed Township Road Superintendent.

4. All work on which the said monies shall be expended shall be performed in accordance with the last revised regulations respecting township roads issued by the Department of Public Highways of Ontario.

5. The Clerk shall transmit two certified copies of this By-law to the Deputy Minister, Department of Public Highways of Ontario, within thirty days after the passing thereof.

Passed at Adolphustown, this 12th day of February, A.D. 1926.

J. S. JOHNSON, Reeve. A. C. DAVIS, Clerk.

I, A. C. Davis, Clerk of the Corporation of the Township of Adolphustown, do hereby certify that the foregoing is a true copy of By-law No. 330, passed by the Council of the said Corporation, on the 12th day of February, 1926.

French Army Helmets.

There are sixty-four distinct operations necessary in turning out one of the plain steel helmets worn by French soldiers. The first step is stamping out disks from large sheets of steel. A special machine is used for this purpose, exerting a pressure of 150 tons and capable of cutting out 5,000 steel disks a day. Each disk is placed under a shaping machine, which presses the disk into the form of a helmet with a broad rim. Polishing and cutting machines remove all irregularities in the helmet, after which it has holes punched in the crown, some for ventilation purposes, others for fastening on the regimental crest. Each helmet is cleaned and dipped in a special mixture which makes it a dull, inconspicuous bluish-gray. A lining and leather chin straps are then fastened on, and the helmet is complete.—Pearson's

It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Eclectric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself.

—Wm. Thatford Ham, J.P., died at Conway, on February 15th, 1926, aged 83 years and 7 months. He was of U. E. L. descent on both his father's and mother's side. He served in Municipal affairs both as Reeve and Councillor for several years. He married Eliza Neilson, who predeceased him thirty-two years ago, and leaves two sisters, Mrs. M. H. Price, of Moorhead, Minn., and Miss J. E. Ham, of Napanee; also two sons, Geo. T. and Wm. J., both of South Fredericksburgh.

—St. Mary Magdalene Church was filled to its capacity on Sunday evening, the occasion being the annual visit of the Right Rev. E. J. Bidwell, Bishop of Ontario. He preached very beautifully on the subject of "Christian Discipleship", with special reference to Lenten observance and Confirmation. In addition to the class of candidates for Confirmation presented by the Vicar, the Rev. James Hutton, who also took part in the service, presented some candidates from the Parish of Shannonville.

—The regular meeting of the Maple Leaf Institute will be held next Thursday, Feb. 25th, at 2 o'clock, at the home of Mrs. Wesley Cummings, Big Creek. We are especially pleased to announce that Mr. J. N. C. I. LITERARY SOCIETY

The Spartan Society of the Napanee Collegiate Institute will furnish the programme for the meeting of the Literary Society to-day (Friday), at 3 o'clock in the afternoon. The entertainment will be given in the auditorium. The chief item on the programme is a dramatic presentation from Dickens' "Nicholas Nickleby". The presentation will be carefully staged and well costumed. The principal characters are as follows:

Nicholas Nickleby—Paul Thornley.
Mr. Squeers—Don Caton.
Mrs. Squeers—Jean Paul.
Fanny Squeers—Mildred Rikley.
Wackford Squeers, Jr.—Cecil Harrison.

John Brodie—Cortland Nugent.
Tilda Price—Grace Boyes.
Phil—Helen Grange.
Smite—Charlie Walters.

The public is cordially invited to be present. Admission free.

POULTRY ASSOCIATION BANQUET.

Napanee Poultry Association will hold a banquet at the Paisley House, on Friday evening, February 26th. Anyone interested in poultry may join the Association by paying One Dollar ($1.00), which includes the privilege of attending the banquet. Ladies, seventy-five (75c.) cents. The speaker of the evening will be Dr. Robert Barnes, Chief of the Meat and Canned Food Division, Health of Animals Branch, Department of Agriculture, Ottawa. He deals with his subject, "Meat and Canned Food Inspection", in a most interesting manner. A musical programme will also be given.

If you expect to attend the banquet, the officers of the Association would be glad if you will notify Jack Hayes, or Geo. Knox, not later than the 24th, so that a sufficient number of plates may be arranged.

SPRING ASSIZES.

The Spring Assizes of the Supreme Court opened at the Court House Building on Tuesday afternoon, Mr. Justice Wright presiding. There being no criminal cases the Grand and Petit Juries were notified not to attend. The Sheriff, Mr. C. W. Vandervoort, had the honor of presenting a pair of white gloves to His Lordship. The County of Lennox and Addington is to be congratulated on the non-existence of criminal cases as there has been practically none during the past three years. Two minor cases were on the docket yesterday, both being settled.

An examination of Mr. Fred Sexsmith took place at the Court House, on Tuesday last, before Mr. W. P. Deroche, Local Registrar, in an action brought by Grand Orange Lodge of British America against Fred Sexsmith, to be used on a motion for an injunction to restrain Sexsmith from circulating a pamphlet entitled "Orangeism Unfolded". Mr. Cunningham, K.C., of Kingston, appeared for Plaintiff; Mr. Ambrose Shea, of Kingston, for Defendant. The motion for injunction is to be argued to-day in Toronto.

NAPANEE CLUB CAPTURES CENTRAL ONTARIO TITLE

The finals in the Central Ontario Ontario Curling League series for the district cup were played off Tuesday night by two rinks playing here and two rinks playing at Kingston. Most excellent play was made by all contestants, but the Napanee curlers proved to be the better men, for they were the winners in every event and won out with a total of 41 shots over their opponents. The clubs involved in this series are Cobourg, Belleville, Napanee, Kingston, Rockwood and Brockville. Napanee were the winners in the Western group and Kingston in the Eastern group. The local curlers are proud to have won the coveted trophy. The scores:

LENS

Colder weather was experienced this morning, with a steady fall of light snow.—In the absence of the pastor, Rev. Mr. Thornley, Rev. Mr. Corning, Queen's University, preached a very eloquent sermon, which was very much appreciated by all. — A jolly sleigh load attended the play at Centreville on Monday night. Many were the thanks tendered Mr. J. W. Reid, the driver.—Miss E. McDonald, accompanied by Miss Edna Wilson, spent the week-end at Winchester. — Mrs. J. W. Reid is spending a few days with her daughter in Kingston. — Mr. Hugh Fingland is employed with his uncle, A. F. McKnight, Selby West.—A large number attended the funeral of the late A. Walker, Toronto, which was held in Enterprise on Saturday.—The sick of this neighborhood are all convalescing.—Miss Enid Fingland, of the N. C. I., spent the week-end under the parental roof. — The Misses McCall, of Wooler, are visiting their sister, Mrs. J. A. Wilson, also other friends.—The T. C. I. pupils resumed their studies on Monday, after a few weeks' holidays. — Roy McLaren is visiting at Smith's Falls and Merrickville.—Mr. and Mrs. David Keech and family spent Sunday at Moscow.—Mr. and Mrs. R. J. Wilson spent Sunday evening at Mr. Harper Reid's.—Rumor says a wedding in the near future.

DESMOND

A pleasant evening, in the nature of a birthday surprise party, was spent at the home of Mr. Richard Quinn, on Monday, the 16th. Games and music were indulged in till lunch hour, when, after renewing the inner man, all bied away to their respective homes.—Mr. George Campsell, of Watrous, Sask., visited at Mr. L. C. Switzer's, a few days.—Mr. and Mrs. H. F. Bell took tea Sunday evening at Robt. Milasp's.—Mr. and Mrs. Well Stewart spent Sunday with Mrs. J. W. Bell.—Mr. Stan Doupe, of Centreville, has been through this neighborhood with the sawing machine. — Several from here attended the play, entitled "The Last Loaf", given at Centreville, and report it fine. —Miss Audrey Roe, of Campbellford, has returned home, after visiting at Mr. Robt. Milasp's home.—Mr. and Mrs. Okel Drew and Mr. and Mrs. Simon Shane took tea at Mr. G. Drew's, on Sunday.—Mr. and Mrs. Arthur Switzer and Mr. and Mrs. Fred Bell visited at Mr. Earl Bell's, Enterprise, one day recently.—Mr. and Mrs. Harold King attended Mr. Alonzo Walker's funeral at Enterprise, and took tea at Mr. Elmore Jackson's, Saturday. — Mr. and Mrs. Sampson King visited at Mr. D. Haley's, on Sunday.—The measles are surrounding us on all sides, but as yet have not entered in this neighborhood.

EXECUTOR'S NOTICE TO CREDITORS

In the Estate of Amelia Perry, Deceased.

Notice is hereby given, pursuant to Chapter 121 of the Revised Statutes of Ontario, 1914, Section 56, and amending Acts, that all persons having any claims or demands against the estate of Amelia Perry, late of the Township of Camden, in the County of Lennox and Addington, married woman, deceased, who died on or about the 6th day of January, A.D. 1926, are required to deliver or send by post prepaid to D. H. Preston, Napanee, Ontario, Solicitor for Clancy Moore, Executor of the last will and testament of the said Amelia Perry, deceased, on or before the 10th day of March, A.D. 1926, their christian and surnames, addresses and descriptions, with full particulars of their claims or demands duly verified, and the nature of the security (if any) held by them.

And further take notice that after the said 10th day of March, A.D. 1926, the said Executor will proceed to distribute the assets of the said estate amongst the persons entitled thereto, having regard only to the claims or demands of which he shall then have received notice, and shall not be liable for the said assets, or any part thereof so distributed, to any person or persons of whose claims or demands he shall not have received notice at the time of the distribution thereof.

Solicitor for the said Executor.

Dated this 2nd day of February, 1926. 6t

"From the other end of the earth—

we would send for Zam-Buk," writes Mrs. J. C. Lemon of 1102. East Broadway, Glendale, Calif., U.S.A. "In Ontario 20 years back we used it and we took supplies on with us into Michigan. Now we have Zam-Buk sent on to California.

"Zam-Buk is proved a sure remedy for skin troubles. I recall how when we lived in Canada my daughter burnt her face badly against the stove. Zam-Buk healed the sore in a few days. On another occasion my husband injured his foot. The wound went 'the wrong way' and blood-poison made the flesh purple. When we got Zam-Buk on to the foot it soothed, cleansed and healed it in very short time. Promptly used, Zam-Buk prevents burns going deeper, and its antiseptic qualities are a sure guard against infection.

"Zam-Buk has done good in so many instances in our family that I don't know how we would get along without it."

-We would send for Zam-Buk"

Whenever skin is cut, burnt, sore, inflamed or "generally" in any way, Zam-Buk is always the safest and most soothing healer. Purely herbal. Use 1 box 3 for Piles in eczema.

SEEDING ALFALFA.

Directions, or father advice, given by S. J. Sigfusson, of Brandon, in his bulletin on "Alfalfa in Manitoba" relative to methods of seeding may be summarized as follows:

The ordinary grain drill, without a feeder attachment, can be satisfactorily used for seeding alfalfa, whether sown alone or with a nurse crop.

Keep the seed well stirred in the grain box to prevent uneven seeding and for this purpose only half fill the box.

Less uniform distribution of the alfalfa seed is secured where oats or barley are used instead of wheat as a nurse crop, on account of the size and shape of the kernels.

If it is desired to sow 10 pounds of alfalfa, and one were to sow with a nurse crop of a bushel of wheat, the alfalfa and wheat should be mixed in this proportion and the drill, if calibrated in pounds, set to sow very little, if any more than one bushel of wheat per acre.

When alfalfa is sown without a nurse crop from an ordinary grain drill it is necessary to increase its bulk with some inert material such as coarsely cracked wheat or barley.

It is preferable to use a seeder attachment on the grain drill, though not necessary.

Heavy stands have proved less productive than the less moderately heavy ones, especially the very heavy ones. Two to three plants per square foot is considered a good stand.

In experiments on the Brandon Experimental Farm to determine the best rate to sow alfalfa as many as 8 to 10 plants per square foot have been obtained from extra heavy seeding.

The standard rate of seeding on the Brandon Farm is 10 pounds per acre.

Consultation of the bulletin, which can be had free from the Publications Branch, Ottawa, is advised especially as regards the use of nurse crops.

Entering charges in our books for Kodak work entails such an immense amount of bookkeeping, that we find it necessary to make all kodak work cash in advance. A column in a newspaper headed "Dress Hints" meets our eye. Seems to us that dress hints are about all the girls are wearing nowadays.

To save the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

A girl by the name of Anne Hay Worn riding togs nearly every day.

Folks' wanted to know

If she did it for show.

"No, it's merely a habit," she'd say.

A Household Medicine.—They that are acquainted with the sterling properties of Dr. Thomas' Eclectric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is an inexpensive medicine. So, keep it at hand, as the call for it may come most unexpectedly.

Old Gentleman (in crowded elevated car, to youth seated beside him)—When I was young I would have gotten up and given that lady my seat.

Young Man—Then, sir, I'm sorry to see that you have lost your politeness with your youth.

The Man With Asthma almost longs for death to end his suffering. He sees ahead only years of endless torment with intervals of rest which are themselves fraught with never ceasing fear of renewed attacks. Let him turn to Dr. J. D. Kellogg's Asthma Remedy and know what complete relief it can give. Let him but use it faithfully and he will find his asthma a thing of the past.

Fish Cabby—You're always touching up your horse on the right side. Why don't you give him a little on his left for a change?

Second Cabby—It doesn't matter. So long as I get one side going the other is sure to come.

Externally or Internally, It Is Good.—When applied externally by brisk rubbing, Dr. Thomas' Eclectric Oil opens the pores and penetrates the tissue, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will relieve affections of the bronchial tubes and respiratory organs. Try it and be convinced.

Mistress.—"I told them seven o'clock for dinner, Jane, but I think we'll give them a quarter of an hour's grace."

The Maid—"Well, mum, I'm as fond of religion as any one, but I calls that rather overdoin' it."

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powders is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

The Barber—"Good morning, sir. Your face seems familiar. I've either seen you before or some one very much like you."

His Customer—"Well, I've never seen you before, or else it's some one else very much like you I've never seen before."

In the village street an old man was spoken to by a stranger, who said: "Excuse me, but you must be a great age."

"Yes," replied the ancient, "I be ninety-five."

"And have you lived here all your life?"

"No, not yet," was the reply.

Both Prodigals.

A young wife remonstrated with her husband in a disdained spendthrift, at his conduct. "Love," said he, "I am like the prodigal son. I shall reform by and by."

"I will be like the prodigal son, too," she replied, "for I shall arise and go to my father."

A Vagrant Thought.

"I was just thinking about that longevity record established by Methuselah."

"What about it?"

"If he hadn't set such a high mark maybe more men would go after it."

THE CURE OF RINGWORM

CAUSE AND CURE OF SCALY AND UNSIGHTLY PATCHES.

Caused by a Parasite—Yearlings and Calves Most Susceptible — Treatment Suggested.

(Contributed by Ontario Department of Agriculture, Toronto.)

Ringworm is a skin disease present in many herds during the winter period. It is a disease of domestication, favored by poor animal husbandry practices. Quite common and most frequently seen in young cattle, appearing a short time after freeze-up when the animals have returned from pastures to the infected quarters that they occupy during the feeding period.

Caused by, a Parasite.

The parasite, Trichophyton tonsurans, which is responsible for the ringworm condition, is a hardy rascal and can live in the stables, feedracks, mangers and yards from spring to autumn and is always ready to welcome his victim, be it a man, a horse, a sheep, a pig or a steer—cattle are preferred offering a skin that is usually soft and moist—just what the parasite needs. The transmission of the parasite may be direct or indirect. Indirect by means of harness, curry comb, blanket, bedding, tie chain, halters, mangers or stall partitions. In cattle natural infection occurs through contact of diseased and healthy animals, as rubbing or licking one another. The parasite after reaching an animal locates in the hair follicles, causing the hair to become brittle and to spl.it or break off. A single organism once established under favorable conditions multiplies at a tremendous rate, so much so that thousands of hair follicles are invaded and the circular patches of grey scaly crust increase. Yearlings and Calves Are Most Susceptible, particularly so if crowded together in warm stables where the organism is present on walls or mangers. The disease appears around the ears, eyes, neck, lips and tailhead, the parts that an itchy animal can rub on an infected object most easily. The period of incubation for the parasite varies from seven to thirty days. Small nodules covered with asbestos-like crust first appear, growing into areas several inches in diameter. These are generally alike over on dark than on light skin. Considerable irritation develops, causing the animal to rub the repeated area adding inflammation with thickening and cracks. If the crust is removed a raw bleeding surface is exposed.

Treatment Suggested.

As soon as ringworm is detected an effort should be made to isolate the affected animals and to treat them at once. A definite plan of treatment should be followed. Wash the crusted areas with water and soap to soften the scale, remove the hair around the area, and also the scale, then dry and paint over with Iodine. The Iodine should be applied daily until the affected part is healed. Ointments containing sulphur, or an ointment made of one part powdered sulphur to six parts of vaseline, may be used instead of Iodine. Pine tar is also a good dressing. Oils and greases tend to check the development of ringworm. This disease could be prevented and the loss caused by its presence prevented by the practice of proper cleaning and disinfecting the stables and yards used by the farm animals. Stevenson, Director of Extension, O. A. College.

MINERAL DEFICIENCIES.

How These Deficiencies In Both Soils and Feeds Animals May Be Corrected.

During recent years a great deal of consideration has been given to the possible effects of mineral deficiencies, reducing the vitality and lowering the resistance of animals against abortion disease and sterility. This seems to be more especially the case in dairy herds which are kept at a high state of milk production, remaining indoors most of the time on a fixed ration deficient in mineral elements, namely lime and phosphorous. Run down and exhausted pastures should therefore be rejuvenated by a liberal application of mineral fertilizer before that grains, forage and pasture containing a sufficient amount of minerals may be grown for feed.

In all cases of nutritional efficiency, the nature of the deficiency should be determined and corrected as far as possible. In a general sense the deficiencies can usually be corrected in a herd by liberal feeding of a balanced ration, allowing sufficient exercise and a large use of leguminous pastures as possible. Where mineral deficiency is presumed to be present, direct benefit may be derived from a mineral tonic to the feed, such as lime phosphate, salt, potassium iodide and sulphate of iron.—C. D. McGilvray, D.C.Sc., Ontario Veterinary College, Guelph.

Shoeing of the Horse.

As shoeing has certain injurious influences it should be guarded by the following practices:—

1. Removal of excessive growth.
2. Fit shoe to foot and not foot to shoe.
3. Avoid rasping surface of the wall.
4. Leave the sole thick.
5. Do not cut away the bar.
6. Don't burn the frog except to detach loose portions.
7. Shoe selected should be suitable for the horse and nature of his work.
8. Hot fitting is not injurious unless foot is burned.
9. Nail low and use as few nails as possible.
10. Don't hammer down clinches with violence.

The horse is entitled to every consideration from the farrier, in that the shoe nailed to his hoof is placed in such way as to give comfort, and protection. Many a good horse has been made to suffer through careless shoeing. The faithful horse is a square deal.—L. Stevenson, Dept. of Extension, O. A. College, Guelph.

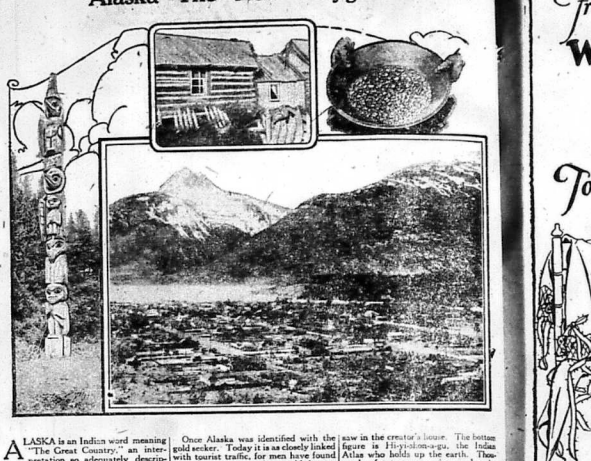
Alaska The New Playground



ALASKA is an Indian word meaning "The Great Country," an interpretation so adequately descriptive of its charms that it receives the unanimous approval of all tourists who visit Alaska though they may substitute an accentuated "Some" for "The Great." The oil—burning steamships of the Canadian National Railways plying up and down the Inside Passage off the British Columbia coast have brought Alaska very close to Vancouver and Prince Rupert and therefore within the means and time of the army of tourists and holiday makers who visit the Pacific slope of Canada in the summer time. It is the new playground of the Pacific.

Once Alaska was identified with the gold seeker. Today it is as closely linked with tourist traffic, for men have found that there is more sheer gold in one Alaskan sunset than ever came out of its rock-bound mines. It is a land of strange contradictions and of never ending surprises. Flowers bloom at the heel of glaciers as large as some European principalities. The primitive totem pole of the Indian stands next door to a building which is a monument to modern architecture. The pack trail of yesterday is the motor road of today.

On the left of the photograph is seen one of Alaska's famous totem poles. It is that of the Raven, the creator of man and the hat which surmounts the totem is that which the Raven saw in the creator's house. The bottom figure is Hyshlum-a-ga, the Indian Atlas who holds up the earth. Thousands of totems as curious and as interesting are to be seen in Alaska.

The log cabin at the top is claimed to be that which was occupied by the famous Sam McGee, immortalized by Robert W. Service. Beside it is a pan of gold washed from the creeks of the Yukon which borders on Alaska. The gold in the pan was said to be worth $10,000.

The large picture is a view of Skagway, the home port in Alaska of the Canadian National steamships and the gateway to the famous White Horse Pass of the Yukon as well as to many beauty spots that are without a rival on the continent.

To Remove Insects.

Insects sometimes crawl into the ear and cause pain. The best way to remove the offender is to pour a few drops of sweet or olive oil into the ear to clog the wings and stop their fluttering; then, with great care, syringe the ear with warm water, holding the head under the ear so that it will press the ear gently back, while the sufferer's head should incline a little over the bowl. After the insect is removed, saturate a bit of cotton with the oil and insert in the ear, to remain for a day.

Russian Floors.

The finest floors are said to be seen in Russian houses. For those of the highest grade, tropical woods are exclusively employed. Fir and pine are never used, as in consequence of their sticky character they attract and retain dust and dirt, and thereby soon become blackened. "Itch pine, too, is likely to shrink, even after being well seasoned. The mosaic wood floors in Russia are often of extraordinary beauty.

Ben Davis Origin Unknown.

The Ben Davis is sometimes thought to have originated in Indiana, but horticultural writers say its origin may never be known. It is supposed to have come into the world about the middle of the last century. It was well known in Civil war times, and it is related that it migrated westward from Virginia, Kentucky and Tennessee. It yields well in a vast territory from the Atlantic to the Pacific.

For Tried Directions.

A pattern album is useful to the woman who does much crocheting and knitting. As far as possible a sample of each piece worked is fastened into a large blank book, with the directions written beneath or opposite. A note of any improvements that the worker finds might be made is a useful addition to the directions. Such a book would prove a valuable gift.

WHIRLIGIG BEETLES.

These Four Eyed, Six Legged Creatures Are Expert Swimmers.

More than likely you have watched him skating in "figures 8's" and all sorts of elaborate designs in quiet pools along a stream or on the edge of a lake. He will turn this way and that, describing one graceful curve after another, and then dart off in a straight line when he's frightened. He's speedy, as well as graceful. He's the whirligig beetle.

He has six legs, two longer ones in front and two pairs of short, flat paddles behind. These paddles make him an expert swimmer. His front legs, stretched out, look like arms.

Nature was also generous in giving him two pairs of eyes. With one pair he looks at objects on top of the water, and with the other pair he keeps watch for preying fish below.

There are something less than 300 species of whirligig beetles and they're scattered in all parts of the world. All summer you'll see their shiny bodies skating in spiral tracks and in curves on the surface of pools and sluggish streams.

The Mystery of a Duel.

Having fought his duel and saved his honor by firing a shot in the air, the editor of a French provincial newspaper-got back to his desk; and the incident had quite left his mind when he felt something strange in his thigh. He looked and found that he was bleeding profusely. A doctor was called, who discovered that a bullet was imbedded in the editor's thigh some two inches deep and required extraction.

"Why was this not taken notice of on the spot where the duel took place?" he asked. The editor was as much in the dark as the doctor. At the moment of the duel he had fired into the air, and his adversary also took a distracted sort of aim. The editor felt nothing as he left the field and had shaken hands with his antagonist as a sign of reconciliation. How a bullet came to be lodged in his thigh was simply one of the mysteries of dueling.

Projecting Your Personality.

Can any man's life be held to be complete if it is confined in the life of a friend? Was Arthur Hallam's life incomplete when Tennyson prolonged it forever by "In Memoriam" or the life of Socrates when Plato continued it in his immortal dialogues? Confucius said wisely, "Have no friends not equal to yourself." By that he must have meant, "Make your friends equal to yourself by giving them freely of your best." Thus you make sure of a continued life whatever happens to yourself, as a manufacturer intrusts the secrets of his manipulations to his younger partners.—Christian Herald.

Soldiers In Napoleon's Day.

There are five things that a soldier should never be without—his gun, his cartridge, his knapsack, rations for four days and his pioneer tools. The knapsack should be reduced to the smallest possible weight and size and contain only a shirt, a pair of shoes, a collar, a handkerchief and a flint of steel. This is not much, but he should never part from them, for when once lost they cannot be recovered.—Napoleon.

The Catastrophe.

"Did you hear about the catastrophe down at Brown's last night?"

"No. What happened?"

"Why, Mrs. Brown gave the baby a bottle to play with, and while she was in the kitchen it fell from the cradle and broke its neck."

"What, the baby?"

"No, the bottle."—Exchange.

Cutting It Short.

"Judge, I wish to make affidavit that I killed a snake last week that was nine feet long. I killed this snake in a field back of my barn, killed it with a hoe which I purchased in the spring of 1910. I was born"—

"Hold on!" yelped the J. P. "You needn't make the affidavit as long as the pesky reptile."

Make Your Mind Master.

To make your life count you must begin now. The youth who applies himself has the best advantage. But it often happens that bright young folks have to play the fool for a few years to learn the value of opportunities. Some of them never get over it. They are the ones who know it all and resent advice from their betters. But anyone can rise if he wants to. Set the proper task and see that it's realized. Make your mind master and the result will be to your credit.

Care for the Crazy.

In the Orient the crazy man is a privileged person, to be tolerated, given food, allowed to go where he will, but never cured. He is supposed to be a peculiarly "holy person." But it is Americans, says World Outlook, who in 1872 founded the first hospital for the insane east of Suez—the Kerr Refuge at Canton, with 500 patients, who come from all classes; here you will find the mandarin, the colonel and beggar. Of them 20 per cent are reported as recovered.

Persian and African Donkeys.

Two species of the Caucasian donkey hall, the one from Persia, the other from Africa, says a nature student. Finally the famous Caucasus sheep took one day their departure from the broad plains situated between Persia and the Caspian sea.

Limestone Continues in Favor.

Pulverized limestone continues to be in favor as a soil sweetener or fertilizer, according to the United States geological survey. Since the figures of production were first compiled in 1911 the industry has steadily increased, and the output for 1916 of 1,-909,376 short tons, valued at $1,146,-582, represents a gain of 512 per cent in quantity and 460 per cent in value for the six years.

Almost Like Birds.

It is a little known fact that flying fish, encountered in the tropics, actually flap their wings the same as birds. It is commonly supposed that the fish merely volplane, sail, after getting a good start with rapid swimming. The flapping of their wings, however, is so easily seen that it can be detected with the naked eye. Also, flying fish are delicious for the table.

Without Military Honors.

The Sunday-school teacher had read the 73d Psalm. "What do you think," she asked a little boy, "the words mean, 'I saw the prosperity of the wicked. For there are no bands in their death?'" The boy paused, and then replied, "Why, teacher, it means that wicked men mustn't have military funerals."

Her Improvement Was Remarkable

Weak and Run-Down—Restored by Dr. Williams' Pink Pills.

"Two years ago," says Mrs. L. Wright, Secretan, Sask., "I was very much run-down in health. I suffered from indigestion, sick headaches and sleepless nights. Paint spells would often come over me and I would have to lie down till the faintness passed away. I was so short of breath that I could not walk any distance or do anything that required much exertion, without feeling completely used up. As I was constantly growing weaker, I consulted a doctor who told me I was anaemic and needed building up. I took several bottles of tonic he gave me, but the help I got from it was only temporary. At this stage I decided to try Dr. Williams' Pink Pills, which I had used in girlhood with much benefit. It was not long after I began using them that I knew I had at last found the right medicine. I think I took altogether some fifteen boxes, and the improvement was remarkable as I was feeling as well as ever I had been, and my good health has continued to this day. I had also been troubled at times with rheumatism, and this as well as my other troubles disappeared. I have since recommended Dr. Williams' Pink Pills to neighbors who have used them with equally good results."

All weak, anaemic women and girls should follow the example of Mrs. Wright, and give these pills a fair trial. New health and new strength is sure to follow. You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Fearnley—Bristol.

A quiet wedding was solemnized at Grace Parsonage at 8 o'clock on Monday night, when Miss Lillian E. Fearnley, of Toronto, was united in the holy bonds of matrimony to Mr. Harry T. Bristol, son of Mrs. Peter and the late Mr. Peter Bristol. Rev. A. T. Terrill was the officiating minister. The happy couple left on a short wedding tour with the best wishes from their many friends.

PAUL'S

While some articles increase in value with age, this is not the case with Wallpapers. Not only is the tensile strength of the paper itself sure to be affected, but the patterns and colorings become obsolete. The styles in Wallpapers follow closely the mode in clothing. You would not think of buying a dress several years old; do not buy Wallpapers without first asking and making sure of their age. 95% of our stock is 1926 paper, and the few ends carried over from last year are sold here for what they are—old papers. We are the exclusive agents here for six of the most prominent manufacturers, including M. H. Birge & Sons Co., Niagara Wallpaper Co., and Colin McArthur & Co.'s 1926 lines. 8a

Horse Thrown On Car.

A remarkable accident occurred at Odessa on Wednesday night, when a truck, driven by a Kingstonian, collided with a horse and cutter, driven by a resident of Odessa. The horse was thrown onto the front of the car, its head breaking through the windshield of the car. The driver lost control of his truck for a time and it swerved off towards the side of the road, dragging the unfortunate animal with it. When finally the horse was removed from the front of the truck, it was found to be suffering from a number of serious lacerations about the head and neck. It was immediately taken care of by a veterinary, and it is reported that it will recover. The truck was also badly damaged, the front fender and radiator being badly bent, and the windshield smashed to fragments.

Look ! Coming !

H. Black's "Way Down South in Dixie Company" will play in Odessa Town Hall, on Saturday night, and in the Standard Bank Hall, Newburgh, on Monday night. See Billupps and Sambo, foremost Comedians. It's a treat to hear Madame Black in her Southern melodies. It is left to Mrs. Billupps to capture the audience with her big contralto voice. Uncle Ned & Co., that funny afterpiece, Dolly Sullivan, leading lady. "My Old Kentucky Home", Sam Thornton, the laugh of the town. Admission 25c. and 50c., plus war tax. 8a

Black's "Way Down South in Dixie Company" which played at Wonderland on Tuesday evening, attracted a large audience, who were more than pleased with the performance. The singing was good and the dancing was very clever. Sambo, especially, drew much applause.

Successful Euchre and Dance.

The Euchre and Dance held in the Standard Bank Hall, Newburgh, on Thursday evening last, under the auspices of St. John's Church, Newburgh, brought forth one of the largest social gatherings held in that district in several years. The hall was filled to capacity, and several were unable to gain admission. Guests were present from Tamworth, Enterprise, Harrowsmith, Kingston, Napanee and Camden East, and thirty-two tables were in play. The prizes were awarded as follows: Ladys, first, Miss McSherry; Gent's, first, Mr. Clifford Hanna; the Consolations being won by Mrs. Ed. Hamilton and Mr. H. Dewey. Immediately after the euchre, the ladies of St. John's served a dainty and bountiful supper. A delightful program of dance music was then supplied by Walters' 4-piece Orchestra from Napanee, and fully three hundred dancers enjoyed each number till the Home Waltz and National Anthem brought to a close this very successful event. The proceeds amounted to $163.15, and the congregation of St. John's Church are still receiving the congratulations of their many friends on the success of the event.

WEDDING BELLS.

Gleeson—Dwyer.

On Thursday morning, St. Gregory's Church, Oshawa, was the scene of a quiet but pretty wedding, when Mary Frances, daughter of the late Patrick Dwyer and Mrs. Joanna Dwyer, of Oshawa, was united in the holy bonds of matrimony to Dr. Harry Gleeson, of Lindsay, son of Mr. and Mrs. John Gleeson, Napanee. The ceremony was performed by Rev. Father Kelly. The bride was becomingly attired in cocoa brown satin faced crepe trimmed with beaver and wore a pretty hat of gold and silver cloth with touches of gold lace.

Her sister, Mrs. C. A. Delanty, Hamilton, was matron of honor and wore a two toned frock of blue and grey georgette, with hat to match. C. A. Delanty, B.A., was groomsman. After the ceremony a dainty breakfast was served to the wedding party by the bride's mother.

Amidst the good wishes of friends and relatives, Dr. and Mrs. Gleeson left on an early train for a short honeymoon through western cities. On their return they will be at home to their friends in Lindsay. — The Oshawa Daily Reformer, Friday, February 12th, 1926.

PRESENTATION

A delightful evening was spent at the home of Mr. and Mrs. James Vankoughnet, Newburgh Road, on Tuesday night, when the members of Miss Grace Oliver's Class of Grace Sunday School presented their daughter, Miss Helen, who is leaving in the near future for Hanover, Ont., to train for a nurse, with an exquisite gift. Miss Helen is very popular with the class, and all regret that her active associations will soon be severed. Her many friends extend to her their best wishes for success in her new home to be.

On Friday, Feb. 12th, about sixty-five friends gathered at the home of Jas. Vankoughnet, Newburgh Road, to bid farewell to Miss Helen, and presented her with an address, an ebony and fountain pen, before her departure for Hanover, Ont., where she will enter a hospital as nurse-in-training.

SOFTBALL

St. Pats 31, St. Mary's 6.

St. Pats defeated St. Mary's by the one-sided score of 31-6, in a Church League fixture, on Tuesday evening, in the Armouries, before a crowd of nearly 300 fans.

The "Irish" are all experienced players and heavy batters, and this accounts for their win. With a little more practice and better coaching St. Mary's will be heard from in the second half.

The "Irish" wielded heavy bats and costly errors of the opposition accounted for their win.

For St. Mary's, Dorothy Johnston did the twirling and pitched a fine game. Evidently she grooved the ball too often, but she fielded perfectly, and was ably held up by Marion Grass.

Dorothy Richardson was as good as usual both at bat and in the field.

Florence Kinkley made her first debut before the fans, and distinguished herself by pulling down a screaming liner.

Eleanor Yourex was good at second, but contributed a couple of errors, something very unusual for her.

Noreen Johnston was subjected to an avalanche of hits at short, but made few misplays.

Hazel Sampson played a nice game at third, while Aileen Lewis made two nice catches in succession in centre field. Joe Clarke and Edith Stevens played nice games in the field.

The McGuire sisters starred for St. Pats and their heavy hitting started it all. They are a trio of real players and could catch a place on any team.

Irene Embury played her usual stellar game behind the bat and got a few nice hits.

Agnes Cavanaugh also contributed a few nice hits.

Marion Embury played a nice game in the outfield, while Aileen Murphy was also a big factor in the win.

Jean McGraw and Miss Killorin were the game all the time and did some fine playing.

Beatrice Brady played a heady game at third, and contributed a few nice hits.

The feature of the game was a home-run by Nancy Johnston, with two on in the last of the fourth.

Messrs. J. L. Murray and H. L. Babcock officiated.

Senators 10, Pirates 7.

In the boys' game, the Senators defeated the Pirates by 10-7, in five innings.

"Walter Johnston" Powell twirled for the winners, and was ably upheld by "Muddy" Harrison. "Joe Judge" Fraser played nicely at third, while "Rucky" Bentley and "Rajah" Conway played nice games at second.

"Pussi" Fraser played a nice game at third, while "Goose" Henderson, "Joe" Hawley and "Sammy" Walker worked wonders in the outfield.

"Vic Aldridge" Black was a human dynamo in the box for Pirates, and "Elmer" Fraser did the receiving. "Stuffy" Kirby played 1st, while "Eddie" Parrott and "Specs" Merritt did the hat trick at 2nd. "Pie" Ballard looked like a Spanish onion at 3rd, while "Kiki" Deane, "Mac" Judson and "Barney" Walker did the ball-producing act in the outfield.

Messrs. J. S. Murray and H. L. Babcock officiated.

After the games a well attended dance was put on, the music being furnished by Normile's Orchestra.

MacGREGOR'S Our New Policy

WE announced in last week's issue of the Beaver that we were to introduce a new policy in our business. In the past we have given money-saving coupons for purchases of twenty-five cents and over. This system has been well indulged in, and has helped to keep our name before the public in general, with the result that many of our customers took advantage of this money-saving plan.

To make it more interesting and a greater magnet of attraction to our business, we are introducing the policy of small profits and quick returns, trusting on a larger volume of business (which we hope for) to make up any loss in our profits. After February 27th we will cease the coupon system entirely, and we will more than compensate for the money saved by them in selling our goods at very much closer prices.

To substantiate our statement, the following lines are placed on sale for this week :

LADIES' AND MISSES' COATS
Ranging in prices up to $35.00. On sale, $5.95.

LADIES' AND MISSES' DRESSES
In Crepe and Satin, ranging up to $15.00. Sale price, $4.98.

MOSCOW

The weather has been extremely cold, the thermometer registering 22 below zero on Tuesday morning, but the days are so bright and the sleighing good, many are taking advantage to get their wood, ice, etc. — The school closed this week, as the attendance was so small, owing to the measles, and other sickness being in the neighborhood. — Mrs. R. Asselstine entertained a number of her friends on Tuesday evening. — Mr. Edmund Wheeler, of Tamworth, spent a day recently at Major Amey's.—Mr. Lochhead, the canvasser, is making his annual trip.—Miss Nicholls has an attack of tonsilitis.—Miss Hill is at her home in Newburgh.

HOCKEY

Kingston 9, Napanee 6.

On Thursday evening of last week, "A" Co. Frontenac Regiment of Kingston defeated the local sextet by 9-6. The ice was in very poor condition, and this accounted largely for the defeat of the locals.

At times the game the puck refused to lay down, and many excellent chances to register were lost. The locals were in on top of Holman dozens of times, but either the puck rolled or Holman stopped it.

At times the game was lightning fast; three or four men would break away and streak down the rink and tally or be turned back by the rival net-minders.

Brock Hudgins and Merrill were with the Kingston team. Brock was the Brock of old, his usual heady play featuring the contest.

Vic Merrill seems to have lost some of his speed, but the old shot is still there. Brock scored one from a rebound, while Vic scored two real goals.

Art Purdy was up with the Kingston team, and was as aggressive as usual. Purdy is still here, having played with the Irishmen and other teams.

Purdy scored three for the "Soldiers", and Dunlop and Angrove each notched one. Taylor, Montgomery and Pennock were used as subs, and each played as effectively as the regulars. Pennock scored a neat goal from a face-off near the net.

Billy Houle scored three for the locals, but wasn't on to his usual good form. Neither was Kirby, our speedy centre man, for that matter. Both looked as though they were tired of playing, but at odd times they put off some fast hockey.

Of all the teams to play here this season, there wasn't a man who could step with Kirby, and when this young man is playing his best, he's just a flash. Tommy scored two goals on Thursday, and Walter "Pop" Connerned. As usual he played the entire game.

Jim Naphin was injured in the first period, but returned to the ice. However he wasn't as effective as usual after his injury. Just the same, Hudgins, Merrill and Company made no chances on letting Jim get in a shot on Holman.

Bentley and Skitch, midget defence men of the locals, did some fine checking, and broke away on a few good combination efforts. Bentley proved the equal that put the teams on even terms in the second period.

R. Fraser was good in the local nets. He stopped many hard shots, and it was no fault of his, as the defence was wide open at times.

Clint Shoemaker was used as a sub and played his best game this season. He beat the team time after time, and the good work of Holman alone kept him out of the score column. Harold Johnston was also injected into the fray at odd times, and played a credible game.

The teams were :

"A" Co.—Goal, Holman; defence, Hanlon and Hudgins; centre, Kirby; wings, Angrove and Merrill; subs., Taylor, Pennock and Montgomery.

Napanee—Goal, Fraser; defence, Bentley and Skitch; centre, Kirby; wings, Houle and Naphin; subs., Johnston and Shoemaker.

Referee—Ivan Spencer.

On Monday evening, St. Mary's Juniors clinched the Junior Town League title, when they trounced Grace Church by 15-2. Grace fought back gamely, but were unable to cope with the speedy St. Mary's. Jim Carr went on a rampage and scored 8 goals for his team, while Brother Bill played a fine defensive game. He also showed 1 in and Cecil Harrison was at last rewarded by 2 counters.

Ward Huffman did the refereeing for Grace.

The teams :—

St. Mary's—Goal, J. Daly; defence, W. Carr and C. Harrison; centre, J. Carr; wings, M. Kiskley and E. Milligan; subs, B. Davy.

Grace—Goal, Smith; defence, W. Huffman and Evans; centre, Wilson; wings, Graham and Huffman; subs., Stalker and Loucks.

St. Andrew's	0	3

On Tuesday evening, before a small crowd of fans, the N. C.-I. sextet defeated "B" Co. by 15-2. The locals had a machine-like team work combination, and were easily the better team. Jim Carr scored 4, Claude Fraser 5, Bill Carr 3, Claude MacDonald 2, and Ray Dickson 1. Parliament and Maurice Tierney each scored for "B" Co.

The teams :—

"B" Co.—Goal, Cooke; defence, Hannah and Judson; centre, Tierney; wings, Parrott and Walker; subs., Thompson and Walker.

N. C. I.—Goal, J. Daly; defence, W. Carr and R. Dickson; centre, J. Carr; wings, J. Carr and C. MacDonald; sub., R. Stevens.

In the fastest Senior game of the year, "B" Co. defeated Gibbards by a 7-6 score.

The teams waded right into it, and set a fast pace from the start. The first period ended 2-2. "Twin" Johnston scored two for Gibbard in the first and Laurie Douglas and Tommy Kirby did the scoring for "B" Co.

The teams did not relax any in the second, and the rival goaltenders were kept busy. The period ended 5-5 when Gibbards. Tommy Kirby slipped two by Huffman and Jim Naphin scored two for "B" Co. Sgt. Fred Bentley put his team one up before the period ended.

The third period was still faster, and "B" Co. finally emerged on the long end of a 7-6 score.

Fred Huffman scored the two last goals, and Harold Johnston scored Gibbards last.

The teams :

"B" Co.—Goal, E. Fraser; defence, Huffman and Verney; centre, Kirby; wings, Douglas and Shoemaker.

Gibbards—Goal, Huffman; defence, Johnston and Loucks; centre, Bentley; wings, Naphin and Johnston; subs., Hannah.

Jack Adams, donator of the Adams Cup, handled the bell, and gave entire satisfaction.

YARKER

The concert in the League Hall on Saturday night was a success. The numbers on the programme were as follows :

Chorus—The Sunday School.

Duett—Misses Pauline Buck and Mary Wallace.
Sunbonnet Drill.
Duett—Miss Pansy Curle and Mr. Russell Holland.
Reading—Miss Annie Love.
Duett—Miss Vivian Woodhouse and Mr. George Woodhouse.
Reading—Miss Marjorie Godkin.
Duett—Broodside Young Men.
Solo—Mrs. C. Hartman.
We hope our next concert on the 6th of March will be as big a success.

Mrs. B. Gilbert, Gananoque, spent a few days with Mrs. Roy Freeman.

—Mr. H. Ronsom, of Ottawa, spent the week-end with Miss Godkin. —Miss Bessie Leonard spent the week-end with Miss E. Aylesworth, Napanee.—Miss Jettie Smith, who underwent an operation for appendicitis on Saturday in Kingston General Hospital, is improving nicely. — Mr. and Mrs. Earl Lee and baby spent Sunday at Mr. A. E. Holland's.—On Wednesday the public school pupils of Yarker enjoyed a sleigh ride to Camden East. Thomsonville and Newburgh. About forty-two took in the drive and after three hours returned to the school, where a sumptuous supper was in readiness for them, under the management of Principal J. G. Hamilton, assisted by Florence Benn, Florence Clark, Marion Crawford, Blake Simpkins, Vincent Tuepah, and William Crawford. Everyone enjoyed both the drive and the supper.—Mr. George Curle and family are moving to Kingston.—The temperature went as low as 22 below in the last few days.—Mr. and Mrs. A. A. Connolly have returned from Kingston, where they have been spending a couple of months with Mr. and Mrs. Renton.—Mr. Vanalstine has purchased the terrace from Mrs. Benjamin, and is tearing part of it down and moving it to his farm, in order to rebuild a house. — Mrs. Montgomery has returned from Toronto, where she spent a couple of months with her daughter.—Mr. Clifford, of Chaffey's Locks, has secured a job on the railroad and is moving into M. Lee's house. — A. Middleton is moving into the Pearce house.—The social evening held in the League Hall last Saturday night drew a large crowd, the proceeds amounting to $17.00.—Mr. Earl Warner has moved into the house lately occupied by R. Curle.—Mrs. (Dr.) Oldham, ill for some time, is improving. — Miss Jetta Smith was removed to the Kingston General Hospital, where she underwent an operation and is getting along fine.—Miss Hazel Hart is confined to her home, suffering with la grippe.—Mr. and Mrs. J. E. Smith spent Sunday evening at S. Burgess'.

Mail Orders promptly filled at Wallace's Drug Store.

STRATHCONA

Our village has been too busy manufacturing paper to have much time for many social functions. Although business is so urgent and the music of the paper mill is constantly heard, still a few visitors are coming and going.—Last week Miss Laura Burgess had the pleasure of entertaining her cousin, Miss Ida Reid, of Moscow.—Mr. and Mrs. Ed. Rook had their nephew, Mr. Jackson, visiting with them last. — Friday evening they invited Harold Hoare to take tea with his cousins.—A goodly number from Strathcona attended the W. M. S. Day of Prayer services held at Newburgh last Friday, and report a very profitable meeting.—Rev. C. H. P. Anderson was greeted with a good audience last Sunday, as he spoke upon the theme, "How to become a Christian." We like real practical subjects.—Rev. A. H. Hoare took charge of the special service held at Wesley last Sunday.—After such sentence as our village was in for quite a while this winter, over the serious illness of Mr. Patterson, recently of Strathcona, but now of Moscow, we were glad to note that the second trip he made away from his own home after his recovery, was to see his friends here, when accompanied by his wife he came to visit his two daughters and grandson, Lloyd Finlay, who has been suffering for several weeks with abscesses which seem difficult to treat. But we hope Lloyd may soon be around again.—We are glad to see Mrs. Luther around, after a serious attack of the Flu.—Mr. and Mrs. Wm. Ramsay accompanied by their friends, Mr. and Mrs. W. Ramsay, motored to Kingston on Saturday on a combined pleasure and business trip.—Mr. and Mrs. James Wilson visited her father and brother at Selby Sunday evening. We are sorry to be compelled to report "colds" as the order of the day.—Mr. A. Young has been unable to attend to his job in the paper mill, but at time of writing is reported on the mend.—Next Sunday the S. S. will meet at 2 p.m., subject "Temperance Lesson".—While we would like for you to overlook any of the Strathcona news, yet the important item to be remembered is that Tuesday afternoon, March 2nd, 1926, everybody interested is invited to attend a meeting to consider repairing the United Church building. Surely this will appeal to all. For fifty years the building has stood here and now needs beautifying. You have an eye for beauty, let us have the benefit.

ODESSA

Mr. and Mrs. Harry O'Neil and little daughter, of Flower Station, are guests of the former's father, Mr. John O'Neil. — Almond Fraser, of Calgary, has been spending the past two weeks with his sister, Mrs. Geo. Lucas. — Nelson Kilgannon, Watertown, has been spending a few days with his parents, Mr. and Mrs. Chas. Kilgannon. — Mr. and Mrs. Lloyd Montgomery, who have been spending some time with the former's parents, Mr. and Mrs. George Montgomery, have returned to Toronto.—Miss Grace Gilbert, who has been home with her parents for some time, returned to her position in Rochester last Saturday. — Henry Atkinson has recently installed a radio in his home.—Quite a number from here attended the funeral of the late Mr. Daniel Wright, which was held from his home last Wednesday afternoon, in Violet. The only remaining member of the family is Mrs. George Detlor, who has resided here for a great many years.—The Domestic Science Class held in connection with the Ontario Agricultural Society, over W. R. Lake's store, became an interesting that it was decided to continue two weeks longer. The many ladies interested became very enthusiastic over the new ideas, and the instructions were claimed to be very beneficial.—The colored Minstrels put on a very fine entertainment in the Town Hall last Saturday night. The large hall was filled to capacity, and the concert was very amusing.—The funeral of the late Mr. Henry Shillington, who passed away last Wednesday morning, was held from his late residence, on Friday afternoon, to the Free Methodist Church, Rev. Mr. Zubrick officiating. To mourn his loss, besides the widow, are eight children, Mrs. John Lawlor, Odessa; and Miss Alice, at home; and Miss Bertha and Miss Hilda, of Dayton, Ohio; and two sons, Robert and Herbert, on the homestead; and two sons in Oklahama, who visited him before his demise. Mr. Shillington purchased a residence on Main St., about two years ago, and will be greatly missed by a large number of friends. The funeral was largely attended, and the remains were placed in Catraqui vault to await interment later. —Mrs. Ashley and Mr. Frank Walker, Harrowsmith, were quietly married on February 10th. The bride had been a resident of this village for eleven years, and is a niece of Mr. Anson Hughes. Her many friends are offering congratulations.

HAWLEY

The sleighing is very much improved, because of the recent heavy snowfall. —Mr. Isaac Asselstine is at present in the Kingston General Hospital, spent Sunday evening at S. Burgess', suffering from a broken leg.—Mr. and Mrs. Ed. MacCaugherty and children spent Sunday at Mr. Henry Clement's.—Miss Jean Schell spent Saturday with Mrs. Isaac Asselstine. — Miss Norma Fretts spent the week-end with Miss Lorena Parks after an absence of four weeks.—Mr. Isaac Asselstine and little Clarence spent Sunday and Monday at Mr. W. G. Schell's. — Miss Mildred Seeley has been suffering from a sore tooth.—Miss Helen Milling was at Mr. Eb. Pretts', for the week end.—Mrs. Lee Storey and sister, Miss Mary McMullen, called at George Pretts', on Wednesday of last week. —Mrs. Arthur Galt and Miss Lorena Parks are the guests of Mr. and Mrs. Norman Garrison during their stay in Brantford.—Mr. and Mrs. Clayton Pretts visited Sunday at Mr. Arch Simmons'.—The special Easter meeting of the W. M. S. will be held at the church, on Wednesday, March 3rd, in the afternoon. Refreshments will be served.

SIXTY-FIVE YEARS MARRIED.

John Armstrong was born in Trufo, and Lucinda Fox in Dublin, both in Ireland. Coming to America, they have sojourned in Sheffield, Forest Mills, Tamworth, North Fredericksburgh and Richmond. He is now remarkably hale, and clear minded, and in his nineties this year. She is very bright and of active memory, and in her eighties this year. Sixty-five years ago they were married at Enterprise, by the Rev. Mr. McTaggart.

The eldest son, Herbert, is a respectable career in public life, died in Richmond. The younger, Howard, lives on the Newburgh Road, as do Mr. and Mrs. John Armstrong.

There are six grandchildren and seven great-grandchildren. On the 18th of February the anniversary was suitably celebrated at the home of Howard Armstrong, by a very happy dinner party, and was attended by the following guests and relatives : Mrs. Chas. Young, Mrs. Axford and Miss Alice Axford, of Marlbank; Mrs. Nathaniel Snider and Miss Norma Wilson, Switzerville; Mrs. Harry Steacy and Miss Mary, of Napanee; Byron Rose, Mrs. Rose and Escott, of Desoronto Road, and Rev. and Mrs. Terrill, of Napanee.

Mr. Armstrong has been a member of the Conservative party, and both he and Mrs. Armstrong are consistent members of the former Methodist Church. They are loved and respected by all. May they be spared to enjoy many happy returns of the day.

SILLSVILLE

Rev. Mr. Stainton is expected to return to the circuit this week. He has been ill since Dec. 1st. A severe and severe injury he received when his horse ran away a few weeks ago. — The Young People's Union is anticipating for a play, to be held in the near future.—Miss Ethel Lake, who is in Kingston General Hospital, undergoing treatment. We all hope for a speedy recovery.—Miss Ella Sillsbury is in Napanee, under the doctor's care. — Mr. and Mrs. Thos. Mellow spent Wednesday with Mr. and Mrs. W. B. Heigh.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "Sin and Its Remedy". This is the second message from the Doctrinal Basis of the United Church.

Next Friday, at 7.30 p.m., at Tamworth, we will hold our postponed preparatory service, and at 11 a.m., on Sunday, our Communion Service of the Third quarter. A goodly number are to be received into church membership. The Sunday service will be at Reidville at 2.30 p.m., and at Marlbank at 7.30 p.m.

Rev. D. T. McClintock, an Evangelist in the employment of the Board of Evangelism of the United Church, who is now holding successful services on the Manitoulin Island, together with a singer, will be with us for a two and a half week evangelistic mission at Marlbank, beginning April 4th, and for a similar mission at Tamworth, beginning April 25th.

Willard Thornley is home from the Napanee Collegiate on a two weeks' measley enforced vacation. He thinks two attacks of the pesky things before one reaches his majority is more than enough.

John Milligan, Reuben Yorks and James Marlin, of the Tamworth congregation, are on the sick list, but glens were claimed to be very beneficial.—The colored Minstrels put on a very fine entertainment in the Town Hall last Saturday night. The large hall was filled to capacity, and the concert was very amusing.—The funeral of the late Mr. Henry Shillington, who passed away last Wednesday morning, was held from his late residence, on Friday afternoon, to the Free Methodist Church, Rev. Mr. Zubrick officiating. To mourn his loss, besides the widow, are eight children, Mrs. John Lawlor, Odessa; and Miss Alice, at home; and Miss Bertha and Miss Hilda, of Dayton, Ohio; and two sons, Robert and Herbert, on the homestead; and two sons in Oklahama, who visited him before his demise. Mr. Shillington purchased a residence on Main St., about two years ago, and will be greatly missed by a large number of friends. The funeral was largely attended, and the remains were placed in Catraqui vault to await interment later. —Mrs. Ashley and Mr. Frank Walker, Harrowsmith, were quietly married on February 10th. The bride had been a resident of this village for eleven years, and is a niece of Mr. Anson Hughes. Her many friends are offering congratulations.

VIOLET

The weather for the past week has been quite severe, although we cannot complain of the weather this winter, taken on the average.—Snowing wood is the order of the day. Some of the farmers are still drawing.—The death of Mr. Daniel Wright was a shock to the community. Many beautiful floral offerings were the gifts of friends and relatives. Much sympathy is extended to the bereaved wife, son, daughter, and sister. He was a man of high ideals and sterling qualities. — The many friends of Mrs. Thos. Clancy are pleased to hear she is improving since her recent operation in the Kingston General Hospital. — Miss Florence Huffman spent Saturday last in Kingston, the guest of her sister, Mrs. Howard Nicholson.—Mr. and Mrs. Jas. Clancy are visiting relatives and friends in this neighborhood. Mr. Clancy has lived in Western Canada for many years past, and intends to return there as soon as possible. — Miss Florence Huffman, Miss Mildred Springs, Miss Ollie Sharpe, Mr. Arthur Page and Mr. Ernest Moorecraft were the Sunday guests of Mr. Arthur Page and Mrs. Wm. Closs.—Mr. and Mrs. E. A. Wright and little son, Arthur, spent Saturday with friends in Kingston. — The many friends of Mrs. Wm. Sager are sorry to hear of her recent illness. — The Wilton Dramatic Club is presenting the comedy-drama, "The Road to the City", in the United Church here, on Monday evening, March 1st. Come one, come all, and enjoy a real good play.—Mrs. Ed. Ault is laid up with a sore tooth.—Miss Helen Milling was at Mr. Eb. Pretts', for the week end.—Mrs. Lee Storey and sister, Miss Mary McMullen, called at George Pretts', on Wednesday of last week. —Mrs. Arthur Galt and Miss Lorena Parks are the guests of Mr. and Mrs. Norman Garrison during their stay in Brantford.—Mr. and Mrs. Clayton Pretts visited Sunday at Mr. Arch Simmons'.—The special Easter meeting of the W. M. S. will be held at the church, on Wednesday, March 3rd, in the afternoon. Refreshments will be served.

BETHEL

The weather has been quite cold for the past few days.—Our school closed for the week-end on Friday, owing to the illness of the teacher, Miss Mildred Snider, who is ill at home. —The Ladies' Aid of Colebrook held an oyster supper at the home of William Jackson, on Tuesday evening. A pleasant time was spent. The Misses Ethel and Lulu Moore and Messrs. Bradshaw and Carson, of Hartington, spent a recent Sunday at Mr. G. Jeffrey's.—Miss Olive Sharpe is home from Napanee on account of illness, where she visited Mrs. J. Miller.—Mr. and Mrs. Ed. Gowdy entertained Mr. and Mrs. R. Gowdy and daughters, Byrle, Alma and Ruby, of Salsbury, on Wednesday evening last week.—Mr. and Mrs. Geo. Smedley and son, Gilbert, of Bridge Road, visited at the home of S. Hamilton, on Friday night.

NEWBURGH

The High School Literary Society gave a Scottish programme on Friday afternoon, during the last hour of the school session. Miss Berma Shier gave an essay on "Scotland"; a chorus, "Annie Laurie", was sung by the girls; Miss Gordon sang "Roaming in the Gloaming"; "My Bonnie" was sung by the boys and girls; all the numbers being well rendered. The programme closed with "God Save the King".

In conjunction with the Day of Prayer, being held in Canada and the United States, a service was held in the basement of the United Church on Friday afternoon. Five W. M. S. Presidents had seats on the platform, as follows: Mrs. Will Ramsay, St. John's, (Anglican); Mrs. Allen, (Free Methodist); Mrs. J. Paul, Mrs. J. Wilson, and Mrs. (Rev.) T. H. P. Anderson. Readings were given by Mrs. Shier and Mrs. Johnson. Prayers were offered by members of the different denominations represented. It was a very profitable hour of prayer.

The meeting of the Co. E. Executive of the United Church was held at the home of Mr. and Mrs. John Wartman on Tuesday evening.

The Young Peoples' meeting on Monday evening was under the direction of Miss E. Shepley, B.A. Miss Kathleen Weese gave the Scripture reading. The programme was varied. Readings were given by a number of the members and were interspersed with music. The contest between the "Hustlers" and "Doulers" is now closed and a banquet is to be held early in March.

Miss Shepley, of Queen's, Kingston, Sundayed with her sister, Miss E. Shepley, B.A., of the High School Staff.

Miss Margaret Mitchell returned to her studies at Queen's on Monday, after spending a few days at her home.

Miss Gladys Slade, nurse-in-training at the Kingston General Hospital, arrived home on Monday, to rest for a time following an operation for appendicitis.

Miss E. Rook, of Napanee, and Mr. Jackson, of Smith's Falls, were visitors with Mr. and Mrs. J. Ramsay for a few days.

Mr. and Mrs. John A. Ruttan, of Parry Sound, are guests of Mr. and Mrs. Wesley Cummings. Mr. and Mrs. Ruttan have been visiting in New York State, Moscow, and other points around this locality.

Mrs. Harriet Tomkins, who has been ill for the past few weeks, is reported to be some better at time of writing.

Miss Helen Paul visited with Miss Francis Shier over the week-end.

Miss Bernice Bowerman is in Napanee for the week.

Mr. J. H. G. Anderson, B.A., Osgoode Hall, Toronto, spent the week-end with his parents at the parsonage.

Canvassers for the Maintenance and Extension Fund of the United Church met on Tuesday evening, and report the attainment of their allotment. Strathcona also deserves our congratulations for having "gone over the top".

Mrs. Winter has made a donation of curtains for the Boys' Class in the United Church Sunday School. The gift is very much appreciated.

The Rev. Mr. Zurbrigg, of the Free Methodist Church, is in the village this week, calling on the members in the interests of the work.

Miss McCherry, of the High School Staff, was ill for a few days during the week.

The show given by a travelling band of negroes drew a large crowd on Monday evening.

Miss Harry spent part of Sunday with Miss Joy Paul.

Mr. Gerald Cline and some of the young people of the village attended the dance at Newburgh on Monday night and report a real time.

Miss G. Hill is home this week, the school being closed owing to measles in the neighborhood.

INJUNCTION CASE TO BE TRIED IN KINGSTON

Application of Orange Order to be Heard at Assizes in May.—Changed His Belief—Mr. F. Sexsmith Cannot Publish His Book, "Orangeism Unfolded".

Toronto, Feb. 20.—The final action in the application for an injunction brought by the Grand Orange Lodge to restrain Mr. Fred Sexsmith, of Napanee, from publishing his book, "Orangeism Unfolded" will be tried at the non-jury assizes in Kingston in May next, according to the decision handed down yesterday by Mr. Justice Lennox in Toronto.

Under examination yesterday Mr. Sexsmith stated that he had not yet written the book in question, but admitted having issued a circular, copies of which were given to different people, being distributed generally through the mails and by other means.

Mr. Sexsmith's Circular.

This circular, a copy of which was produced in Court, read as follows, being printed in the office of the Canadian Freeman, Kingston:

Contents—A clear and correct explanation of the manner of conferring degrees in primary Orange Lodges, Scarlet Chapters and Royal Black Preceptories, together with all ritualism, obligations, lectures, signs, tokens, passwords, symbols, grips, keys to codes, of secret instruction, paraphernalia used in ceremonial and degree work in Orangeism.

Sketch—Of historical origin, political, religious, social and economic desires.

Why Secret?—Its effect and whom it serves, that which is true or false, of benefit or an injury to mankind. All have a just right to know.

"If half the powers that's used to fill this world with terror,
If half the power bestowed on camps and courts,
We gave to free the human mind from error,
There'd be no use for armies, navies, arsenals and forts."

"To see what's right and not do it is want of courage."—Confucius.

Changed His Beliefs.

While under cross-examination regarding this circular, the following dialogue took place between Counsel and Mr. Sexsmith:

"How do you justify this circular with the vow you took?"

"Because I have ceased to believe in what I formerly believed."

"You think that is justification to break a promise?"

"Yes."

"Because you change your mind you think you are justified in breaking a promise?"

"Yes."

"Rather extraordinary."

"I can't help it. That is my idea."

"We could get out of all our promises in the same way?"

"Not necessarily."

"As far as you know you are still a member?"

"I don't know. I was expelled. Must have been suspended. In all probability I am a suspended member."

"It would be unusual to suspend a member without notifying him?"

"They might not know where I was. My street address is in Toronto."

Paraded 40 Years.

Mr. Sexsmith then explained that he belonged to Sons of Portadown Lodge, No. 919, Toronto, which he joined in 1919. He took part in 12th of July processions for 40 years.

"When did you change your mind?"

"Five or six years ago. It was gradually working on me."

"What was the cause?"

"Didn't have any ill-feeling to my Roman Catholic friends."

"Is that in the ritual? There is nothing in the ritual work that makes the statement. That may be the atmosphere?"

"I don't get just what you mean."

"Did you communicate your change of mind to anyone?"

"I told the Grand Master of Ontario West."

"As you stand now you could attend any lodge meeting in Napanee or any place else?"

"Not having the password I would not be admitted."

Mr. Sexsmith stated that he had held almost every office in the Orange Lodge, but had paid no dues since December, 1921.

Must Remain Loyal.

Counsel for Mr. Sexsmith argued before the Court that a remedy for the breaking of obligations was provided by the Order itself, stating "it is not the custom or function of this court to interfere in matters of this kind. Mr. Justice Lennox in continuing the injunction, stated that expulsion from the order might be no remedy at all. "It only affects one man and the more you expel him the more noisy he is likely be become," said Mr. Justice Lennox. "It is recognized by society and by law to some extent that an organization can have secrets and if they have secrets that they can be preserved. It is fundamental that anyone entering the Orangeor Masonic or such orders must remain loyal."

Mr. A. B. Cunningham, K.C., of Kingston, supported the motion on behalf of the Orange Order, while Mr. Ambrose Shea, also of Kingston, acted on behalf of Mr. Sexsmith.

EVERY MONTH MANY WOMEN

Take ZUTOO Tablets and are free of the Griping Pain and Sick Headaches.

Read what Mrs. Wright says: "I received your sample of Zutoo Tablets, and took them for severe pain (monthly) and headache. At the end of 30 minutes, I was entirely free of pain and experienced no more throughout the period. I suffer a great deal at these times and feel grateful that I have a remedy which affords quick relief. Every woman in the land should know about Zutoo Tablets and what they will do."

The Young Peoples' Council of Bath United Church Holds Successful Debate

A very successful debate was held under the auspices of the Young People's Council of Bath United Church, having for its subject, "Resolved that it is the duty of the Church to lead a crusade in the interests of world peace." The affirmative was ably presented by Mr. George Davy, while Mrs. VanAlstine very efficiently seconded the leader's arguments. Mr. Ralph Sexsmith dealt with the negative in a very forceful manner, while Miss Foster, assistant teacher in the Continuation School, gave a strong address in support of the negative leader's points.

The principal points in Mr. Davy's arguments were as follows:

1. The greatest power in the world to-day for moral and social uplift is the pulpit. This power should penetrate and expose every effort made that would lead to war.

2. Sir Robert Borden, Canada's war-time Premier, said in New York City, that the greatest hope for world peace lay not in peace treaties or pacts of nations, but in the spirit that brought them about, and this spirit breather through the Christian Church.

3. The Federal Council of the Churches of America hold the opinion and express it with emphasis, that an awakened church, acting on her convictions, will do more than all other power to secure world peace.

Mrs. VanAlstine, the second exponent for the affirmative, asserts:

1. We gather from the teachings of Christ, who organized the Christian Church, that it is the duty of his people to seek world peace, and the message of the angels, sounding above the hills of Palestine, was one of good-will to men and peace to the world.

2. The triumph of the gospel, as well as its aim, means the end of all war, and if the church, as her duty is, loves her enemies, then she shall ever endeavour to bless them and in so doing, war would be eliminated.

3. The vision of Isaiah, when he saw a world which had beaten its "swords into ploughshares and its spears into pruning-hooks", was the vision of the Christian Church returning in triumph from her Crusade in the interests of world peace.

The negative followed, with the following points. Mr. Sexsmith says:

"Is it not the duty of some power other than the Church to lead this crusade? We all want peace but we also demand justice, for without it a pease crusade would be worse than useless. There would be no sense in a peace that did not protect the weak and uphold the standards of truth and justice. Therefore, war might be necessary. Could the Church afford to secure peace "at any cost"?

2. The Crusades, or wars of the Cross, of the early centuries, were the efforts of the Church to deliver the Holy Sepulchre from the Infidel Turk, but everyone knows that the Church failed in this. It was not the duty of the Church to enter upon these crusades, but the duty of Christian governments.

3. How could the Church, consisting of only a small part of the nations of the world, settle world-wide disputes? But the League of Nations, with its judicial courts, ample equipment, and due authority, could successfully move in this matter.

4. The League of Nations Society in Canada, as well as in forty other countries, is striving to create the support of public opinion and is the greatest organization working to avert war.

5. More than three-quarters of the population of the world have pledged themselves to use the League to ensure international peace. Moreover, it has already proven its ability to stop war, which the church certainly has not done.

Miss Foster, in the closing speech for the negative says:

1. It is in the day school where the national spirit is cultivated, and not in the church. The church has the child one hour on the Sabbath, but the school has it for five hours every day. Therefore, the child does not come sufficiently into contact with the church for the establishment of world peace.

2. The church is not sufficiently united for world peace. Nothing is possible without unity. Therefore, if the church would begin a crusade for self-unity, it would be much better than a Crusade for world peace.

3. The Church would be undertaking too much in attempting the establishment of world peace. The great moral and social problems, with which she is engaged, are sufficient, in themselves, to exhaust her energies. Should world peace not be left to the League of Nations, or Parliament of the Nations, and the money and resources which the world can bring to bear upon such a question?

The debate was most interesting and profitable and was chairman in the hands of Miss Wasman, Principal of the Continuation School; Miss Bryan, Principal of Selby Public School, and Mr. Ross, Pastor of Bath United Church. The Judges decided in favour of the negative.

Mick had been on the "dole" longer than he liked, and meeting Pat he told him he was "fed up" doing nothing.

"Why don't yez come down and try the pits?" inquired Pat.

"O, never worked in a pit in my loife," replied Mick.

"Never moind that. Just come down and say ye was born in a pit."

Mick carried out Pat's instruction, knew all about blasting, machinery, etc., and a job seemed a foregone conclusion.

"By the way, what kind of a lamp do yez carry?" inquired the manager to complete his series of questions.

"Lamp, did yez say? O've never worked on the noight shift in any pit yet."

Tonic Treatment For Indigestion

Indigestion Comes With a Run-Down Condition — Relief Comes Through Enriching the Blood.— Dr. Williams' Pink Pills Make New Blood.

There are many symptoms of indigestion such as acute pain after eating, belching of wind, nausea and vomiting, bloating and pains in the region of the heart, a dread of food for the misery it causes. Dieting and the use of pre-digested foods may give ease, but that is all, and meanwhile the stomach grows steadily weaker. The work of digestion depends upon the blood and nerves and the only way to get rid of indigestion is to tone up the stomach through the blood, to do the work nature intended it should do. The one thorough way to do this is through the use of Dr. Williams' Pink Pills, which renew the blood, strengthen the nerves and enable the stomach to do its work with ease and comfort. Neglected indigestion means prolonged misery. If you have any of the symptoms of this trouble try the tonic treatment with Dr. Williams' Pink Pills at once and you will be gratified with the results.

Among the many who have found new health through the use of Dr. Williams' Pink Pills is Mrs. Ada Webb, R.R. No. 3, Preston, Ont., who says:—"For a long time I went through the tortures of nervous indigestion; I call it torture because no other word can describe what I endured. If my stomach was empty I retched. If I took food I suffered. I did not sleep, and I was steadily growing weaker. I doctored for months but with no benefit. One day my husband said, as the treatment you have had has not helped you, why not try Dr. Williams' Pink Pills. I consented and he got me a supply. After I had been taking the pills for a while I knew they were helping me as the pains and retching grew less and I slept better. I gladly continued the use of the pills and in a few months I felt like a new woman, better than I had felt for years, able to work for my husband and children again. After such a wonderful experience how can I do anything else but recommend Dr. Williams' Pink Pills."

If you need a blood-building tonic begin taking Dr. Williams' Pink Pills to-day. Sold by all medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

OPERATION LEFT HER VERY WEAK

Letter Tells of Wonderful Relief After Taking Lydia E. Pinkham's Vegetable Compound

Coniston, Ontario.—"After a severe operation and a three weeks' stay in a hospital I returned home so weak that I was unable to move a chair. For four months I was almost frantic with pains and suffering until I thought sure there could not be any cure for me. I had very severe pains in my left side most of the time and suffered agony every month. One day when I was not able to get up my mother begged me to try your medicine. My husband got me a bottle of Vegetable Compound at once and I took it. I started a second bottle, and to my surprise and joy the pains in my side left me completely and I am able to do all my work without help. I am a farmer's wife, so you see I can't be idle long. In all, I have taken six bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of the Compound Tablets, two bottles of Lydia E. Pinkham's Blood Medicine, and have also used the Sanative Wash."—Mrs. L. Labossiere, Box 188, Coniston, Ontario.

THE WEEK IN THE LEGISLATURE

Toronto, Feb. 20th.—Although devoted in large degree to debate on the Address, it has been an important week in the Legislature. A host of petitions presaged introduction of private bills. Hon. W. F. Nickle introduced a number of government measures arising out of recommendations from the Statute Revision Commission, for amendment and simplification of laws now on the books, and all three party leaders were heard in the debate itself. Public interest in the session has been indicated by overcrowded galleries and full attendance in the House.

* * * * *

A division so early in the session as to be perhaps without precedent came on Tuesday, when Hon. W. E. Raney, K.C., Progressive Leader, who followed W. E. N. Sinclair in the debate, moved for adjournment until Wednesday, and the government declined to accede. Mr. Raney demanded that the members be polled, and the result was a vote of 57 to 15 against him. The vote, although on a matter of procedure, was largely on party lines, except that J. F. Callan (Labor, Rainy River), and A. Pinard, (Lib., East Ottawa), voted with the government, and the majority of 42 was the same as upon the last division in 1925.

* * * * *

On Monday, the Prime Minister announced, in connection with the presentation of petitions for certain private bills, on behalf of Essex urban municipalities in particular, that the government would not approve legislation enabling them to separate from their county. He said: "The obvious purpose is to escape contribution of their fair share toward maintenance of highways. The government does not look upon this legislation with favor, and will not be prepared to approve it. The towns that are seeking to separate from counties should contribute just the same as the rural parts of the province."

* * * * *

Much curiosity as to possible government action in regard to the Ontario Temperance Act was exhibited by Mr. Raney and Mr. Sinclair, who spoke first after the mover and seconder of the Address. They occupied much time in reading quotations from public statements by the Prime Minister during the last few years. They appeared to be under the impression that they were putting a "poser" in demanding that the Premier re-state his attitude, and it is hard to say whether they were gratified or disappointed when Mr. Ferguson immediately after Mr. Raney sat down gave the House a statement on the subject. He came back at the Progressive Leader for carping criticism at all times, rather than constructive aid to the government, in connection with an important issue, and declared that the government had no intention of following other than constitutional methods. Its policy would be submitted to the people at a general election, and every supporter of the government would appeal upon it for approval.

* * * * *

The Prime Minister was given a great ovation by his followers in the House, and this was repeated when, in the course of his speech proper, on Thursday, he dealt at greater length with the O. T. A. issue. A feature was the quotation of many extracts from statements of speakers at the last convention of the Ontario Prohibition Union here, indicating definitely to the premier's mind that the men who now have control of that organization are seeking, not so much to advance the cause of temperance as to foist this government. Indeed, some of them are on record as favoring endorsation of Progressive candidates, and some Liberals as may be desirable, in order to defeat Conservatives—prohibitionists or otherwise. Glancing across at the Liberal benches, the Premier expressed the opinion that his friends from East Ottawa (Pinard), Prescott (Proulx), and Russell, (Belanger) are going to take advantage of this offer. In view of the facts, however, the Prime Minister announced that he was ready to take up the challenge laid down.

* * * * *

"The Government," he said, "is prepared to make up its mind and submit its views when the proper time comes to the public of the province. We believe and have every confidence in the broadness of view and fairness of mind of the citizens of this province that they will be prepared to select the serious, honest endeavor of a government that is doing its utmost to better the conditions, moral and material, of the province of Ontario, rather than a narrow, prejudiced partisan organization seeking to destroy this government and which apparently has no other motive.

* * * * *

In an allusion to Progressive-Liberal relations, the Premier said: "It all points in the one direction, and everything that has transpired during the last few months leads one to the inevitable conclusion that the fusion of the two political organizations is almost at hand." The Premier alluded with some humor to rumors emanating from Ottawa that Mr. Sinclair was to be elevated to the bench, and he enquired if the Liberal Leader's speech of Tuesday was a sort of valedictory. Mr. Ferguson suggested that in event of a party fusion, there would not be room for two leaders, in any event, and he thought Mr. Raney would be willing to undertake the responsibilities. Neither of the gentlemen referred to offered a denial, Mr. Sinclair remarking that the Premier evidently heard rumors before those who were concerned.

* * * * *

Mr. Raney during his address moved a long amendment, all about carrying out the will of the people, etc., an amendment which, indeed, could scarcely be called controversial, and which the government might possibly have accepted, so far as the subject matter goes. However, it is evidently not taking dictation from the Opposition, and has already virtually disposed of the amendment by a mass of a sub-amendment from Premier Ferguson, which in due course will receive support of a majority in the House. After simply leaving all the Raney amendment after the first word, it proceeds: "This House desires furthermore to assure your honour that it is of the opinion that in the enactment of important public legislation the principle of responsible parliamentary government, on which our British democratic institutions rest, should be observed in order that such legislation should have the undoubted sanction and support of the people, as expressed through their representatives in the Legislature, to the end that all such legislation should possess the authority and support necessary to command the respect and observance of the community."

* * * * *

The main part of Mr. Ferguson's address was devoted to a brief narrative of government activities during the year. In reply to a criticism from the Opposition that the Throne Speech was not very "meaty", the Prime Minister commented that the condition was one in which the government took some pride. The province had been legislated to death, and the fact that proposed new laws were not numerous was a matter for satisfaction. He announced, however, that cream-grading legislation would be brought down in a few days, and that the Department of Agriculture's experiment in shipping overseas 25,000 barrels of Ontario apples would be repeated this year.

* * * * *

Regarding his own Department of Education, the Premier said the great problem was to secure education for those in outlying sections of the province, and to make educational opportunities equal for all, as far as possible. He said: "I have been trying to improve matters for the rural school children. We have endeavored to simplify the curriculum and give more attention to the development of character". He also alluded to elimination of the supplemental examinations, and said that pupils are no longer "plucked" because of falling a few marks below the standard set so long as their term record is satisfactory. The plan to give first-year university work at various collegiate centres would be in general operation, he thought, by next year. After a reference to correspondence schools planned by the department for benefit of scattered settlements, the minister announced that with co-operation of the railways it had been arranged to send out a number of "travelling schools". Coaches were being fitted up to provide a class-room in one end, and teacher's quarters in the other, and these would be taken for a week or two at a time to places in the northern part of the province where one or two families along a railway line were unable to send their children to school.

* * * * *

In conversation with your correspondent on Friday, Hon. W. H. Price, Provincial Treasurer, cleared up some popular misapprehension respecting administration of the amusement tax. The fact is that it has worked out decidedly to the advantage of churches and charities. The regulation permitting exemption only where half the gross receipts of an entertainment go to religious, charitable, educational or community purposes has really had the effect of allowing something to be obtained for these objects. Where all or nearly all the receipts of an entertainment go to talent and for other expenses, the department considers it only fair to collect the tax. "Now that we have it running," the minister said, "the churches as a whole, and charitable and fraternal organizations are behind the department, because they realize that for the first time they are sure of getting something. When this government came in, one of the things we found all over the country was that there was no provision that enabled the charity to get an adequate amount from any entertainment. The hall-owner, the talent employed, the business organizations, got paid, and the charity sometimes got nothing. At the same time, the government lost the tax.

THE LOCAL PAPER

Writing on the County Press in the Outlook, N.Y., Mr. Don. C. Seitz, ex-dean of the newspaperdom in the United States speaks interestingly of the relationship of the town citizen to the town newspaper. "The small towns, as a rule, do not respect the local papers as they should. The little local paper is sniffed at with contempt. Slang names are employed in designating the useful publications. I know an excellent "Plaindealer" that is commonly alluded to as the "Painkiller, while "Bladder" is often opprobriously applied to the weeklies in small towns. I do not know why this is so, except that small towns contain more condensed cussedness than big ones. The newspaper is loyal to the community and everybody in it, but nobody feels any sense of loyalty to the paper. * * * A good newspaper means a good town—if the people only knew it. The town expects the editor and the clergy to uphold its morals, but is shy about co-operating. The editor's innate sense of loyalty keeps him in the community's service, whether properly rewarded or not. He is true to his subscribers. I like this story in point told by Robert H. Davis of the *Munsey* staff:

When a man has served as printer's devil in the office of the Carson, Nevada, "Appeal," of which his brother Sam was editor. Late one night as they were rattling the modest edition off on the old Washington hand press a shabby little man crept in and asked if there were any old clothes about that a "feller" might have. The boss in the rear office were full of garments discarded by tramp printers, after picking up a couple of week's pay. He was told to help himself. Shortly he came back to the press comparatively transformed and watched the operations of the clumsy machine curiously.

"What does the paper cost?" he asked.

"Eight dollars a year."

He dug $8 out of his pant's pocket and started to leave.

"Hold on," said the foreman, "Where do you want it sent?"

"I'll let you know," he replied, "when I git settled. I'm travelling."

He stepped out into the moonlight. In half an hour there was a clatter of hoofs and rattling of arms outside. In came the Sheriff of Carson and a brace of deputies. Had the printers seen anything of a small man half dressed and unshaven?

Little Bob was prompt to make reply.

"Yes.—He was here half an hour ago."

"Which way did he go?"

Bob started to reply, giving the correct information.

"Shut up," said the foreman in his ear, "I'll attend to this."

He went on glibly to lay out a route for the stranger, just opposite to the one he had taken—down the main road to the Canyon.

The sheriff made it known that the visitor was Black Bart, a highwayman who had just escaped from the penitentiary and rode away with his deputies—on the wrong trail.

"How did you know he was there, Jim?" Bob asked the foreman.

"Well !" he said. "You wouldn't go back on a subscriber, would you?"

If the subscribers would take the same attitude toward the editor, his job would be easier.

The Family Remedy For Over Forty Years
So Says British Columbia Lady of Dodd's Kidney Pills.
Mrs. E. Callier Suffered From Pains in Her Back and is Now Completely Relieved.
Vancouver, B.C., Feb. 22nd, (Special)—"I can truthfully recommend Dodd's Kidney Pills," so states Mrs. E. Callier, 917 11th Avenue East in an interview. "I was troubled with pains in my back, but after taking Dodd's Kidney Pills I have not felt a pain for two years. My father always kept them in the house, as he was subject to lumbago. He always felt relieved after taking them. We have used Dodd's Kidney Pills in the family for over 40 years, and hope Dodd's Kidney Pills will do others as much good as they have done our family."
Statements like this have built up and maintained the reputation Dodd's Kidney Pills hold to-day.
You will find that Dodd's Kidney Pills will relieve Kidney trouble, no matter where or in what form it is found.

Ruthenians.
Ruthenians is the name given to "Little Russian" Christians, who formerly lived in Eastern Austria and Southeastern Poland. They use the Greek liturgy, translated into Old Slavonic, but at the same time profess obedience to the pope in some matters. They are descendants of converts from the Greek Church. They have a married secular clergy, and follow the rules of St. Basil.

IN MEMORIAM

In sad but loving memory of Eggert and Ford Thompson, who passed away on March 1st and 12th, 1923.

No one heard the footsteps of the Angel drawing near,
Who took from earth to heaven the ones we loved so dear.
The pearly gates were open, a gentle voice said "Come".
And with farewell words unspoken, they calmly entered Home.

Sadly missed by Father, Mother, Sisters and Brothers. 9a

IN MEMORIAM.

In loving memory of our dear Father, James Black, who died February 22rd, 1925.

We watched him suffer day by day,
To cause us bitter grief,
To see him slowly pass away,
And could not give relief.

His weary hours and nights of pain,
His troubled days are past;
And in our aching hearts we know
He has found sweet rest at last.
—Daughter and Family.

You Can Never Have Too Many Wisely Chosen Felt Hats

If you like Felt Hats best—and many do—the smart thing is to have a whole wardrobe of them, in a series of colors.

The well dressed English woman has learned this about felt hats. She selects at least one to a dress, but with an eye on the rest of her wardrobe. For she has found that the hat that matches the color of one dress can bring out the accessory color scheme in another costume. And she knows that a new shape for her inevitable felt can give a new expression to her whole outfit.

A new series of felt styles, in a splendid list of new Spring shades are now on display in our show rooms. Come and see them. Special at $4.95 each.

Men's New Spring Hats

Second shipment of our Spring order of "The Master Hat of Canada", the famous "Biltmore for Men". The American slogan this year is "Look at your Hat, everyone else does."

Well if that is so, and everyone else does, the Hat is even more important than any other part of man's dress, and you should have different hats for different occasions.

A man never thinks his wardrobe is complete without two or three or more pairs of Shoes, and the same way in Shirts. Why then should he not have two or three hats?

Biltmore Hats are in a class by themselves. Sooner or later you will wear a Biltmore. The styles are perfect, the hats are comfortable, the values cannot be beaten. The new colorings must be seen to be understood. The bands are rich in colors, but we have provided also for the man of very quiet tastes. Prices $3.95 and $5.00.

A Superb Collection of Women's and Misses' New Crepe Dresses. Priced $16.95 and up

In all the enchanting new soft colors of Spring.—Bisque, Nude, Beige, Rose, Macaroon, Cookie, Phantom Red, Green and Black.

Many new models, in two-piece and one-piece models, even one exhibiting some smart new fashion feature that reveals a original Paris inspiration. The new longer jumper with slight flare skirt, the middy jumper, the fine pleating, embroidery, touch of tinsel, so many variations of line and finish that even woman will readily find her own particular type of gown.

All in beautiful quality fabrics, guaranteed to give service and satisfaction. Come in and see them.

ADOLPHUSTOWN

On Friday evening, Feb. 12th, a concert of outstanding merit was given in the Parish Hall, by an all-star caste. "Out in the Golden Corn Fields", a lively chorus, opened the entertainment, after which Miss Beatrice Heathcote very sweetly sang "Come to the Fair", and responded with an encore, "The Prisoner's Song". She was accompanied on the piano by Mr. George Chalmers, whose playing is always an enjoyable feature of our local entertainments. Then followed Mr. Brownjohn in two much applauded solos, "The Vicar and I Will be There", and "The Fact'ls", in which he very cleverly impersonated a young man about town. The play, "Wanted a Male Cook", was here given by Mr. Heathcote, Mr. Alex. Allen, Mr. Brownjohn and Mr. Albert Chalmers. Those who saw this humorous play will not soon forget the charming airs and graces of Monsieur Francois who fricassaed poor pussy; nor of Teddy, who belled the teakettle; and Joshua, from Greenville, with his appetizing doughnuts, and Mr. Hartwell, their employer, who was forced to relinquish their services. At the conclusion of the play, a quintette, "The Viking Song", was delightfully rendered by Mr. and Mrs. Heathcote, the Misses Heathcote and Mr. Brownjohn. The next item was a duet, "The Gipsy Countess", by Mrs. Howard Smith and Mr. Heathcote. This was particularly a beautiful number. Mrs. Smith's high and clear soprano notes and Mr. Heathcote's rich tenor voice well meriting the prolonged applause they received. Mr. Brownjohn next delighted the audience with a comic solo, "You Can't Do That With Your Woman", and two encores, "Cold Fish" and "Signora". Clarabell's "Children's Voices" was then very effectively sung by Mrs. Howard Smith, the concert party joining in the refrain. A thrilling little play, "Rubber Boots", was then staged by Mrs. R. J. Allison, Mrs. Heathcote and the Misses Heathcote, the cast of which exhibited histrionic talents of marked merit. After the play, the Heathcote family and Mr. Brownjohn gave a very sweet rendition of Elgar's "Lullaby", which was well received. Mr. John McLaskie, in a solo entitled "My Ain Wee House", showed that he possesses a voice of rare promise. Mr. Brownjohn again favored the audience with a humorous monologue, "How Time Flies", and very generously responded to the hearty applause with encores. Two very popular numbers were a girls' chorus, in which the singers were arrayed in baseball costumes, and a men's chorus, "Widdicomb Fair", which also possessed considerable local interest. The programme, which was thoroughly enjoyed, was concluded with the National Anthem, after which Louis Jordan and Mrs. Bygott played very acceptably for dancing. Much of the success of the entertainment is due to Mrs. Box's capable training, and many regret that owing to illness in the family, she was prevented from seeing the fruit of her labours; and to Miss Heathcote in her dual capacity of pianist and soprano soloist.

OBITUARY.

Mrs. (Rev.) W. H. Montgomery.

Mrs. (Rev.) W. H. Montgomery, nee Adda Gordanier, passed away at her late residence, 492 Lexington East, Ferndale, Mich., on Monday, Feb. 15th, 1926, after a painful illness of four months. She bore her suffering with patience and Christian fortitude. She was born at Morven, and educated at Morven Public School, Napanee Collegiate and Albert College, Belleville. In 1905 she married the Rev. W. H. Montgomery, B.A., B.D., and ably assisted him in his work at Sombra, Athens, Lakeside and Chippawa. She was especially successful in Young People's work. The funeral service was conducted by the Rev. L. E. Chamberlain, and the remains were taken to Napanee and placed in the vault of the White Church, Morven. Besides her beloved husband, she leaves to mourn her loss, her aged mother, Mrs. J. L. P. Gordanier, and two brothers, Alfred Gordanier and J. Almon Gordanier.

Wm. John Dowling.

There entered into rest at his home near Enterprise, on Monday, Feb. 8th, 1926, Wm. John Dowling, after a two weeks illness of influenza, fortified by the Last Sacraments and surrounded by his family, he passed peacefully to his reward. His death was as calm as his life had been, and by his kindly disposition he won for himself many friends.

The deceased was seventy-eight years old, and lived in the vicinity of Enterprise all his life. He was a devout member of the Roman Catholic Church.

Mr. Dowling was in failing health for the past two years, and bore his suffering patiently with never a murmur.

He leaves to mourn his loss a sorrowing widow, four sons and five daughters, John, Joseph, James, Wilfred, Mrs. Frank Byrns, Mrs. Herbert Scofield, Mrs. Michael Heffernan, Mrs. Daniel Geiger, Mrs. James Furlong.

His funeral, which was largely attended, took place on Wednesday morning to the Church of the Annunciation, Chippewa, where a solemn requiem mass was sung by Rev. Father Farrell, for the repose of his soul.

His pall-bearers were Mr. Samuel Cameron, Mr. Irvine Graham, Mr. James Campbell, Mr. Edward Clair, Mr. Thos. Dunn, Mr. Michael Deyrs.

The numerous spiritual offerings testified to the high esteem in which Mr. Dowling was held. May his soul rest in peace.

THE STANDARD BANK OF CANADA.

Both deposits and net earnings were substantially increased during the past year by the Standard Bank of Canada whose report for the fifty-first year of operation has just been published. The report indicates that there was five million dollars more entrusted to this Bank by depositors during the past twelve months than during the preceding year, and that in the same period net earnings were increased by $85,000. These figures bring total deposits to $68,432,644.19 as compared with $63,432,377.46 for the previous year and net earnings to $778,825.56 as compared with $688,682.84 at the last statement. $54,210,113.91 of the deposits were interest bearing, the balance of $14,221,930.28 being in the non-interest bearing class. Of the net earnings $378,808 was paid in dividends, $102,234 was set aside for Federal Taxes, $35,000 was transferred to the Provision Fund, and the balance, $56,781.56 was added to the amount carried forward in Profit and Loss Account which now stands at $207,892.06.

A strong position is indicated by the fact that cash on hand and in the Central Gold Reserves is $16,618,667.75, being nearly fourteen per cent of the Bank's liabilities to the public. Continued advances and available aggregate $41,468,864, more than 62 per cent. of the liabilities to the public. Continued advances and employment of the Bank's fund is indicated by an increase of $2,200,000 in commercial loans.

Nolan and daughter, Agnes, made a business trip to Tamworth on Tuesday.—Glad to see Mrs. A. Wilson able to be out after a severe attack of la grippe.—Mr. and Mrs. Joe Kearns and Miss Finn, Centreville, had tea and spent Sunday evening at Mr. P. Nolan's.

CENTREVILLE

We are having beautiful weather at time of writing.—The Ladies' Aid met on Wednesday afternoon at the home of Mrs. T. E. McGill. A lovely display of fancy work and aprons were brought in by the different members. Nearly all the fancy work was sold and a nice sum of money realized. There are still some lovely aprons for sale. At the close of the meeting a dainty lunch was served by the hostess.—Mr. Frank Thompson is in Kingston attending dairy school this week.—Miss Edna Doupe is spending a week with her friend, Miss Berniece McGill.—The W.M.S. are packing a box of clothing to be sent up north.—Mrs. Geo. McGill, Miss Pauline McGill and Miss Pauline Thompson spent Wednesday evening in Enterprise.—The Dramatic Club of Enterprise presented the play, 'In the Absence of Susan,' in the Town Hall here on Monday night of last week. The play was well put on and was attended by a large and appreciative crowd. A splendid sum of money was realized. It was given in aid of the L.O.L. On Tuesday night, Feb. 16th, this popular play was given in Tamworth in aid of the Boy Scouts, and the sum of $30 was realized.

HAYBURN

On Saturday evening, Feb. 20th, Mr. and Mrs. Christie Young were taken greatly by surprise, when about fifty of their friends and neighbors gathered at their home for the last time in Hayburn. A social evening was held. Tickets were sold for a large box of candy, Miss Doris Rikely being the lucky winner. Also lunch boxes were sold, and each gent holding a ticket secured the lady holding the same number. Among the features of the evening was the kissing contest, also the magic seat, and the game of Mrs. Kenzie, all of which caused screams of laughter. This was only a few of the games which went to make the evening such an enjoyable one, as will never be forgotten in Hayburn. Before leaving the company all joined in thanking Mr. and Mrs. Young for their kind hospitality, and the good time in their home before their departure from Hayburn.

Mr. and Mrs. Christie Young and family wish to thank all the kind neighbours and friends, also the Ladies' Aid of Hayburn for the kindness shown them during their stay at Hayburn.

The Mills Hatchery

Custom Hatching and Baby Chicks

Above is a picture of our 12,000-egg Buckeye Mammoth Incubator, which we have just added to our Hatchery, and, along with our two other Mammoths, gives us a total capacity of 21,000 eggs, and makes it possible for us to set 6,000 eggs at one time.

These machines are the last word in hatching equipment and are absolutely automatic in controlling the correct temperature throughout the entire hatch, and will hatch more, stronger and better chicks than any other Incubator in the world. This, along with our six years' experience in hatching eggs, has put us above the experimental stage of the game, thus insuring you of getting quantity as well as quality in your chicks.

Last year our percentage of eggs hatched was 2% higher than the next best Hatchery in Ontario, our best hatch being 95 chicks from 100 eggs set. We are now ready for your eggs in any quantity, from one dozen to 500 dozen, so bring them in and let us turn them into chickens for you, thus you will have no worry and no work, but will obtain the best results possible.

Come in and let us show you these Incubators and talk things over.

You're behind the times if you don't know that Cod Liver Extract is one of the greatest flesh producers in the world.

Because it contains more vitalizing vitamines than any food you can get.

You'll be glad to know that McCoy's Cod Liver Extract Tablets come in sugar coated form now, so if you really want to put 10 or 20 pounds of solid, healthy flesh on your bones and feel well and strong and have a complexion that people will admire—ask any druggist for a box of McCoy's Cod Liver Extract Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist will hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days, for cod liver oil people with feebleness overtaking them they work wonders.

EXECUTOR'S NOTICE TO CREDITORS

In the Estate of Amelia Perry, Deceased.

Notice is hereby given, pursuant to Chapter 121 of the Revised Statutes of Ontario, 1914, Section 56, and amending Acts, that all persons having any claims or demands against the estate of Amelia Perry, late of the Township of Camden, in the County of Lennox and Addington, married woman, deceased, who died on or about the 6th day of January, A.D. 1926, are required to deliver or send by post prepaid to D. H. Preston, Napanee, Ontario, Solicitor for Clancy Moore, Executor of the last will and testament of the said Amelia Perry, deceased, on or before the 10th day of March, A.D. 1926, their christian and surnames, addresses and descriptions, with full particulars of their claims or demands duly verified, and the nature of the "Security" (if any) held by them.

And further take notice that after the said 10th day of March, A.D. 1926, the said Executor will proceed to distribute the assets of the said estate amongst the persons entitled thereto, having regard only to the claims or demands of which he shall then have received notice, and shall not be liable for the said assets, or any part thereof so distributed, to any person or persons of whose claims or demands he shall not have received notice at the time of the distribution thereof.

D. H. PRESTON,
Solicitor for the said Executor.

Dated this 2nd day of February, 1926. 6d

HER BORROWED ROBE.

It Brought an Actress the Most Perilous Moment of Her Life.

"The only time I ever was a thief saved my life," said Rose Coghlan once. "My sister-in-law, Louisa Thornton, was playing in 'Colleen Bawn' in Scotland. I was Anne Chute, one of the bridesmaids, and I always dressed in Louisa's room with her.

"This particular night she was ill, and her understudy went on. Now, it happened that I had bought and longed to wear a certain costume of Louisa's. It wasn't one bit suitable for a girl of my age in a bridesmaid part, being made of heavy white corded silk with a long court train and all the fixings, but I adored it.

"I dressed up in it and went out to wait for the cue with the other girls. Just as we were ready to go on some one behind me said, 'Rose, your dress is on fire!'

"I think that is the most fearful word that can sound in a theater—'Fire!' My train had caught fire from one of the little gas footlights, unprotected then.

"The girls in their light dresses were trying to get away from me, and the nearest man, Hardress, was handcuffed. I crushed my train in my hands to smother the creeping flame and bucked off down the steps under the stage. A man down there threw a heavy cloak over me, and I fainted. I was burned badly around my hands and arms and neck, but the heavy silk dress saved me."

The Tyrant in the Field.

There have been few commanders so tyrannous as Lopez, the dictator of Paraguay, who in the war of 1865-70 it fought single handed the neighboring countries of Argentina, Brazil and Uruguay. Lopez, says Mr. W. H. Koebel in his "Argentina," was wont to carry the theory of victory or death to an uncomfortable point. "Officers were executed for mere remarks whose tour fell beneath the standard of confidence that Lopez had set up for himself. One, for instance was shot for having announced in the course of his duty that the enemy was strongly intrenched. Another met his end on account of an unguarded speech to the effect that the Paraguayan army was accustomed to count the enemy's losses and forget its own."

Yawning.

Yawning is a peculiar act and one that has never yet been properly accounted for. It is not by any means a sign of fatigue only, although it is sometimes produced by overexertion. But an attack of yawning comes on much more quickly if one is interested, bored, and certainly a stuffy atmosphere tends to produce it. It is also noticeable that when one has gone considerably past one's mealtime the tendency to yawn frequently becomes irresistible. A very peculiar feature of this complaint in its infectiousness; one person can easily set half a dozen all yawning in turn. When present in a very marked extent it isassposed to be the outcome of anaemia, indigestion or some other complaint.

Real Sympathy.

An old farmer down the country giving instructions for his will directed a legacy of $25,000 to be given to his wife. Being informed that some distinction was usually made in case the widow married again, he doubled the sum, and when told that this was contrary to custom he said, with heartfelt sympathy for his possible successor, "Aye, but him that gets her'll deserve it."

Not a Bad Plan.

"What sort of terms are you on with your cook, Vanessa?"

"The worst possible. In fact, I have her so thoroughly disgruntled that she won't leave for spite."

Hard to Convince.

"Rafferty," said Mr. Dolan, "are you wan o' those people that never know when they're whipped?"

"I am not. But I take nobody's word for it except the doctor's after I come to."

Keeping the Ball Rolling.

Marks—It seems as though women have a mania for spending money. Parks—I know it. Why, whenever my wife is too sick to go shopping she sends for the doctor.

The Pessimist's Viewpoint.

"Father," said the small boy, "what's an optimist?"

"An optimist, my son, is a man who tries so hard to be cheerful that you really feel sorry to see him overworking himself."

Advising a Beginner.

"So you're going in for public speaking?"

"Yes."

"Well, make up your mind that you can say more in half an hour than you can in two hours."

The Flight of Birds.

One of the few ways to recover sight after being blind from the birth of recollection was reported to have wondered at nothing so much as the flight of the birds. "Why do not people learn more fuss about them?" he said.—London Outlook.

Artificial.

Guest—Yes, I had mock turtle soup. By the way, where do they catch mock turtles? Waiter—Near the shamrock, I think, sir.

WISE AND OTHERWISE

"Who was the first Aberdonian mentioned in the Bible?"

"Noah, when he took in two sharks."

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

She—Wouldn't you just love to go for a walk along the sea wall?

He (enthusiastically)—You bet!

"Well, go ahead. I'm not stopping you."

The ease with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails.

Mother (giving Scripture lesson)—"Who was sorry when the prodigal returned?"

Little Boy (after deep thought)—"The fatted calf, mummie".

The Oil for the Farmer.—A bottle of Dr. Thomas' Eclectric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

"Please can we have our ball?"

"Certainly, my little man. Where is it? In the back garden?"

"No, ma'am! (Pointing to broken window pane) "In the front room!"

The Poor Man's Friend. — Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Eclectric Oil possesses power in concentrated form. Its cheapness and the variety uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

"Did you see the tickets Rev. Mr. Wurp had printed for his lecture?"

"No, what did they say?"

"Fools: Some I Have Known. Admit One".

Sleep is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Powders will destroy worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a worm-worn infant.

"My wife gets historical when I come home slightly tonicated."

"You mean hysterical."

"No, I mean historical; she digsh up the past."

Good-bye Asthma. Persons suffering from that comedy tyrant, asthma trouble known as asthma know what it is to long with all their hearts for escape as from a tyrant. Never do they know when an attack may come and they know that to struggle unaided is vain. With Dr. J. D. Kellogg's Asthma at hand, however, they can say good-bye to their enemy and enjoy life again. It helps at once.

He—"I know that you love me."

She—"Then I can never marry you."

"Why not?"

"Because I have sworn never to marry a man who knows more than I do."

Patient—"I suppose you are getting a good fee, doctor, for attending the Smith boy? His father's rich."

"Well, yes. Why?"

"Well, I hope you won't forget that it was my little Ted who threw the brick that hit him."

RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; thrown away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took Rheuma, the modern enemy of rheumatism, lumbago, sciatica, arthritis, and chronic neuralgia.

Don't be skeptical about Rheuma. You will know in a few hours after beginning the treatment that the poisonous waste matter is leaving your system through the natural channels. You will feel better in a day; you will know you are going to be helped in less than a week.

There is no guess work about Rheuma bringing you back to health. That's why Wallace's Drug Store and druggists everywhere sell it with guarantee of money back if it does not give quick relief.

If You See It In The Beaver It's So

If Your Skin is Normal it is Without Blemish

Mother, the Health Doctor, says:

A CLEAR, velvety-smooth skin from head to toe—that is the normal skin.

Any roughness or eruption is unnatural and unnecessary.

Most skin blemishes are caused by infection from the thousand and one things we touch during daily life—things that others have touched—by lack of towel friction after the bath, or the use of harsh, adulterated and so-called beauty soaps.

From babyhood to old age the purity and antiseptic qualities of Lifebuoy Soap will keep the skin normal and alive, and free from blemish.

Lifebuoy's mild, creamy lather goes into the pores and keeps them open—alive—and protects against infection.

For a healthy, velvety-smooth skin, use Lifebuoy, the world's most widely used soap.

Give your skin a chance. Use Lifebuoy regularly—exclusively—for casual cleansing and for the bath. Its rapidly vanishing cleanly odour is your assurance of its antiseptic value.

Jasper Park - Game Sanctuary

JASPER National Park, Alberta, in the heart of the Rocky Mountains enjoys not only the reputation of being the world's largest national playground but also of being one of the world's largest game sanctuaries. In every square inch of its huge area of more than 4,400 square miles Jasper Park gives to animals and birds all the protection that the rigor of the law and the ingenuity of man can provide.

The results of this wise policy of protection and conservation are apparent. Every year the number of animals within the Park is increasing and Col. Maynard Rogers, Superintendent, states in his most recent report that animals and birds are now to be found in the park that never before inhabited this type of country. As a examples he cites the presence of large numbers of moose and prairie chicken.

The pictures printed above show only four of the many types of animals thriving in Jasper National Park. Up the tree, and none too pleased about it, is brun whose black and brown sisters and brothers inhabit the park by the number of well over 2,000. The black fellows are great friends of the visitors to Jasper Park Lodge and are to be seen frequently about the hotel, on the golf course and on the trails. For a sugar lump or some other dainty they will agree to a photograph and they restrain good humored as long as they are not pressed.

In the circle are two mountain goats. These animals inhabit the most inaccessible spots on the mountains and you can get near them only if you possess a pair of strong knickers or a sturdy pair of legs and a clear head. There are 5,000 goats in the Park.

At the upper right is seen a Wapiti or mountain elk. From a number not exceeding 150 these animals have increased to almost 1,000 and the sanctuary afforded them in Jasper Park is said to have saved them from extinction. A naturalist said that the photograph which was taken by the official photographer of the Canadian National Railways is the best of a wapiti he has ever seen.

In the bottom panel is a herd of mountain sheep. Like the goat these animals live in the high altitudes and are difficult of approach. More than 10,000 make their home in Jasper Park and because they have learned to have no fear of man in that territory, the camera hunter has a better chance of getting a "shot" at them than at almost any other spot on the continent.

ARCTIC ADVENTURES.

MY FIRST WINTER POLAR BEAR

By Henry Ette, the Navigator II.

First Pioneer of Spitsbergen's Northeastland 1902-03. 80 Degrees N.L. 33 Polar Bears. Twenty-five Years Experience in Fishing, Sealing, Whaling, Hunting and Trapping.

The midnight sun at 80 degrees N.L. had for four long summer months been incessantly shining on ice, sea, icebergs, green fields, eternally snowclad iron mountains and streaming blue salmon rivers with a fine rosy tint. At the end of August he begins to grow tired and approaches the horizon; then it is time for the polar bear.—The largest beast of prey and absolute monarch of the Arctic regions—to cast off his yellow summer coat soiled by seal-blood, and put on his dazzling white winter coat and go southwards. The higher the midnight sun, the more to the North goes the bear, the lower the sun, the more the South goes he. It is difficult to find food in the pitch-dark polar night where the great stillness is only broken by the howling of the storm, mingled with the high, shrill, ghastly cries of the white wolves, while stones will crack like glass in the paralysing cold of 40 degree. Reaumur.

The seals have gone to the coasts, they prefer to be in neighborhood of water, therefore the bear must choose the same way.

One day in late autumn a heavy yellow-white mass is seen moving slowly across the endless Arctic wastes spotted with pointed screwings and here and there small icebergs. Now and then he stops at the top of a screwing, turning his broad, triangular head with the black pointed nozzle towards the highest top of the nearest mountain, and when like the seaman he has taken his bearings, he stalks on again with his long straddling forelegs.

Only the teeming she-bears make themselves a lair under a thick field of snow sheltered by the mountains, and will not appear till next spring with their new-born snow-white young ones. The she is not to be trifled with. The he-bears, on the contrary, continue their wanderings through the long polar night in an incessant struggle for food. Their inch-thick blubber covering will last till Christmastime, but when it is consumed and they walk about with only a little water in their shrunken bellies, death by hunger is at the door. Hooray! A depot! Away with the stones! They are flung aside by the heavy right paw strong enough with one single blow to make a big walrus drop, fainting. A barrel! The bottom is broken by a heavy blow. Alas! dry biscuits only! What is that to a hungry old bear! It is blubber, liver, blood, and lastly flesh he wants. But what is this! On the breeze comes an almost imperceptible peculiar smell, and quick as lightning the bear turns his nozzle (with the absolutely phenomenal sense of smell) in that direction. What is it? Burnt blubber and feathers! And on he trots mile after mile, led by the peculiar smell, till at last he stops in front of a little hut. Among tons of seal walrus meat the bear is able in a trice to find a bit of blubber not bigger than a match-box. If not able to find anything eatable, he is instantly inclined to turn everything upside down and break all he can get at with his heavy paw.

On the Eastcoast of Greenland, along the 1600 miles of mainpack, in out of the fiords, there is a trek of at least 500 animals every spring and autumn. Once bears forced an entrance into the house of the settlement manager where they were shot in the kitchen, and last year a Danish hunter was killed in the immense silence by a furious he-bear. Even the most skilful sharpshooter is helpless in the eternal polar darkness where he is barely able to see the groove and blockSight of his own rifle, and the bear-hunter who wants to get the animals from windward had better trail a seal-skin with the blubber on a few miles out along the coast. Should the nightwanderer meet a trail, he will instantly give up his former course. After him follows a pack of howling white wolves and at their heels some white and blue foxes. For all the larger and smaller beasts of prey in the Arctic solitude know very well that when the rich are feasting, there will be some crumbs left for the poor.

On my expedition to Spitsbergen's Northeastland 80 degrees N.L. 1902-03, I had brought some wolftraps, and now I wanted to try them on the grounds he-bear. My second harpooner and I myself set the trap, keeping our fingers at a safe distance, then we placed a piece of blubber on the plate and put it down about 50 yards from the hut, fastened to a long iron chain with an anchor. The first to go into the trap was a great sea-gull, the biggest bird of the Arctic. Gracefully he alighted on the blubber on his outspread greyish brown wings, and perched on it. The trap clapped and the sea-gull was clipped in two. Then I decided not to use the gun till the sun had disappeared over the horizon and the gulls had gone Southwards. Clad in Eskimo costume, my Lapp-rifle rifle between my knees, I kept watch at a loophole in the wall during the night. The sun was a few hours of the day above the horizon.

The first winter-bear escaped from me, unfortunately. One calm overcast pitchdark night at one o'clock I heard an angry hissing and growling and rifle in hand I sprang out, but the bear had already disappeared, leaving four claws and some white hairs in the trap. I swore a heavy oath that next time he should be mine, even if it should be my turn then to lose some hairs and claws. Four long tedious nights I kept my watch at the loop-hole facing the sea where the ice was now lyine thick and riebt on to the shore, but between the walrus blubber, seal flesh and sea-gull feathers I burnt in the oven, dishes that would be eere to tickle the palate of a hunerv polar bear, no bear appeared.

The wind did not blow the right way. The fifth night, however, the wind carried the smoke out over the sea. I had just thrown a new portion of blubber in the oven and stood again on the look-out in sea-coat and boots made of bladernose skin, when I noticed something big, heavy and clumsy steering right towards the hut. Pitch dark it was, I could barely see his rocking trot towards the blubber in the trap. My heart was throbbing so that I thought it would burst. I almost fancied that my four men in the berths inside could hear its throbbing. Cautiously I closed the flap of the loop-hole so that only half of my right eye was on the bear, while the other half and the rest of my body was inside the boards. About 30 yards from the hut he stopped, put his forelegs wide apart and stretching his neck and rocking the front part of his body he sniffed eagerly. Blubber and human flesh!

Determined but slowly he approached the bait.

I saw him lift his paw and heard the clicking of the trap and firmly grasping my rifle I reached the bear in a few jumps. He stood on his hind legs and hissing with fury he swung the trap with iron chain and anchor in his right paw. I placed my rifle right against him and pulled the trigger. A flash! A report! A roar! And in a jiffy I was back in the house banging the door behind me and looking eagerly through the loophole. The bear was lying quite still, dead. The pointed steel bullet had gone right through the breast and out through the back and killed him on the spot. I got the fleece without loosing either hairs or nails.

His body measured almost four meters.

No Woman Auctioneer.

Although there is no record that a woman has ever been an auctioneer, it is on record that in May, 1912, the mayor of New York, Mr. Gayner, answered an inquiry addressed to him by a woman by saying that there was nothing in the law to prevent a woman from becoming an auctioneer. Strange enough, it was a milliner who made the inquiry.

We Need Dolivian Civilization.

Baby's Own Tablets Are of Great Value

To All Mothers Having Young Children in the Home.

No other medicine is of such aid to mothers of young children as is Baby's Own Tablets. These Tablets are the very best medicine a mother can give her little ones during the dreaded teething time because they regulate the stomach and bowels and thus drive out constipation and indigestion; prevent colic and diarrhoea and break up colds and simple fevers.

Concerning Baby's Own Tablets, Mrs. John A. Patterson, Scotch Village, N.S., says :—"I have six children, and all the medicine they ever get is Baby's Own Tablets. I would use nothing else for them and can strongly recommend the Tablets to all other mothers."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

ROD AND GUN.

A handsome special section containing the winning photographs of the amateur photos recently conducted by Rod and Gun is an interesting feature of the March issue of the magazine, which has born just published.

The cover design of the March issue is also of great interest. It is a very fine color reproduction of a remarkable photograph of two bull moose lying with their antlers interlocked, having fought to the death.

Other stories in the magazine for March are of equally interesting nature for sportsmen.

The regular monthly features are good and Raymond Thompson continues his series in the Big Woods of Canada with the Fox Family, while A. Bryan Williams has another good chapter of the series reference from the West. Bonnycastle Dale deals with Camera Hunting on the Great Barrens of Nova Scotia.

Rod and Gun is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

—An Opportunity!

All eyes are focussed on the enormous wealth of the Rouyn Camp and present conditions recall the early boom days of Northern Ontario.

Laval-Quebec has 2,700 acres of well-located claims and vast ore bodies of heavy copper-gold content.

It has a seasoned management with ample funds for more than a year's development.

Laval's healthy market condition means that stock prices will discount the work on the property and who can say what a year will bring?

Laval is listed both in Toronto and Montreal and now is the time to buy in order to participate in the wealth of this mineral area.

Laval-Quebec offers exceptional speculative possibilities and we suggest that you send in the following coupon today—no obligation, of course!

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

New Suits for Men and Young Men for Spring

EVERY day now we are opening up attractive new lines of Suits for Young Men and Men—Suits that have in them style correctness, splendid fabrics and excellent tailoring.

One remarkably fine value is a Navy Blue Serge, in good weight all wool cloth, nicely tailored in a new attractive model, that we have specially priced as a leader at $18.90. (See our window display.)

Another Blue Serge, which we consider particularly good buying, comes in one of the semi-English models, with wide trousers and no vent coat, and is moderately priced at $25.00.

To wear with these Suits we can show you a great selection of NEW FELT HATS in the popular Greys and Fawns. The very latest shapes. Priced at $3.75, $4.50 and $5.00.

Several Lines of Real Peppy Young Men's Suits, in the novelty Biscuit, Fawn and Grey shades, jacquard and diamond pattern Tweeds, have just been opened up. We should be very pleased to show you these.

The Spring Caps are very bright and attract-ive, and match well the new suit patterns. An especially good range at $1.25, $1.50 and $1.75.

Remanded for One Week.
Clarence Pearson, the youth who on Friday last stabbed his step-mother, was on Tuesday before the magis-trate and was found guilty of assault. He was remanded for one week for sentence. In reviewing the evidence as to the boy's mentality given by Dr. Hall and Dr. Galbraith, the magis-trate expressed some doubt as to the boy's mental condition, and during the week's remand he will likely be under further observation.

HOCKEY TOURNAMENT
A plan is under way to have a hockey tournament staged in King-ston. Teams from Napanee, Verona, Sunbury, two from Kingston, and Gananoque are to compete for a handsome prize.
The locals ought to stand a good chance of copping the honours as they are right at home on "big" ice.
Kirby and Shoemaker are hamper-ed by the small rink here, while the rest of the team showed last year that they are a pretty fast outfit on the large ice surface. However, the local's management should provide the team with good snappy uniforms. They've been playing all season with any uniform at all, and no doubt would play better with new uniforms.

No doubt many local fans will journey to Belleville this (Friday) evening when the Napanee High School and Bracebridge clash in the final for the Interscholastic cham-pionship of Ontario. The ought to be a real game, and local fans will wish Deseronto the best of luck.

Don't Feed the Lice.
Try our "Sure Kill" Louse Powder. It is cheap, easily used, non-poison-ous, and best of all, does the work. Ask at Hooper's Drug Store.

NAPANEE TENNIS CLUB
On Thursday evening, Feb. 18th, a number of men interested in Tennis met in Caton's Ice Cream Parlours, to talk over tennis for the coming year. The outcome of the meeting was the forming of the Napanee Tennis Clun. The following are the offers elected:—
Hon. Pres.—Judge J. H. Madden.
President—Mr. G. W. Gibbard.
1st Vice Pres.—Mr. W. J. Doller.
2nd Vice Pres.—Mr. J. L. Murray.
Secty. Treas.—Mr. K. S. Ham.
Executive Committee—Rev. A. J. Wilson, Gerald Smith, Herbert Hold-er, Malcolm Corkill.
Publicity Agent—L. H. Douglas.
The Executive are trying to secure a suitable piece of land on which to build two or three courts.
All persons interested in Tennis are asked to join the Club and help make the game one of the major summer sports in Napanee.
At the conclusion of the meeting light refreshments were served. Mr. J. W. Robinson then presented the J. W. Robinson shield to Mr. J. L. Mur-ray, the winner in the fall tourna-ment, and a medal to Judge J. E. Madden, the runner-up.

INDOOR BASEBALL
A crowd of nearly 500 fans filled the Armouries on Tuesday evening, to see the double-header in the Girls' Inter-Church League.
In the first game St. Pats defeated Trinity by a score of 34-7. The Trin-ity girls were away off form, and made many costly errors. Chris Tay-lor wasn't as good as usual, and her support was poor. Winnie Drake held up her end behind the bat, and it was no fault of her's that she lost. Mil Rikley played a nice game on 1st, but unfortunately was injured in the 4th innings and had to retire. The Pickerson sisters weren't up to usual form at 2nd, while Nina McKim con-tributed a number of errors at s.s. Kathlyn Woodruff made a couple of nice plays at 3rd. She was "howled" over once, but hung on the ball. Dor-othy Dawrese, Helen Drake and Marie Paul had a great many balls to chase in the outfield, but played nice ball. As usual the McGuire sisters were the heavy hitters. B. McGuire pound-ed out three home-runs, but her two sisters weren't far behind her.
Irene Embury got a couple of nice hits and caught faultlessly. Marion Embury fielded her position nicely and made a few almost impossible stops. Agnes Cavanaugh also did some neat fielding at 1st, and pulled down a liner for an out. Aileen Murphy made a couple of nice catches at 3rd and leaned on the ball several times.
Katherine Gleeson did some nice playing in left field and got in some nice batting. Her side-kicks, Bestrice Brady and Loretta Killoran, were in the game all the time and each slam-med the ball hard.
J. L. Murray and H. L. Babcock officiated.
In the second game Grace continued their triumphant march to the "cup" by downing St. Mary's 23-11. How-ever, they had to play ball to do it, for the Anglicans were in the hunt till the last one was put out.
Dorothy Johnston pitched nice ball for the losers and fanned eight bat-ters. She fielded perfectly and slam-med out a couple of nice hits. Marion Grass held up her end behind the bat. Doris Johnston played a nice game at short, while Hazel Sampson was good at 2nd. Eleanor Yourex made two nice plays at short and got a hit very nearly every time up. Edith Stevens, the stool at third, while Alice Cavan-Doris Lucas and Gladys Cooke played fine games in the outfield.
Mary Stinson pitched her usual good game for Grace, and contributed a homer. Hazel O'Neill caught fault-lessly behind the bat, while the field-ing of Grace Harrigan at 1st was the feature of the game. Marion Thomp-son fielded nicely at short, while Helen Harrigan and Jessie Vanal-stine each fielded faultlessly at 2nd. Dorothy Lucas was up to form at 3rd, while M. Eates, Grace Hall and K. Unzar each got in some batting.
J. L. Murray and H. L. Babcock officiated.
In the boys' game the Senators again defeated the Pirates by a 15-13 score. The boys played their hardest and showed no mercy to the pitchers. Tommy Kirby did the heaving for the Pirates and Claude Fraser did the juggling. Tommy used every trick he could to fool the batters and finally fooled a batter into swinging at the ball before he threw it. Claude Mc-Donald did the bat trick at 1st, but he was not at his best. He got one out all over 2nd and it was marvellous to see how cleverly he let the ball go between his legs. "Ben" Ballard ran around shortstop like a bull dog after the ball, while "Pie" Botting made several nice overthrows and cleverly "messed up" some easy chances at 2nd. When the ball got his to Thompson in left field it was just like falling into a basket with no bottom in it. "Desperate Am" Deane enjoy-ed himself immensely chasing a mar-ble around in centre field and was wonderful to see him stand up at bat and exercise his arms. "Banker" Black might better have had a "scoop net" in right field than a "rain bar-rel", but he hung onto one and quietly patted himself on the back for doing so several others. Evidently "Wee" Powell thought the ball was hot, for several times he tried to throw it through the window. "Big" Harrison was stationed be-hind the bat and he hung on that ball like a Scotchman to a new nickle. But Fraser proved the "big man's chain" act at 1st, while "Augustus" Bentley did the "booting" at 2nd. "Casey" Reid stopped everything pos-sible at short, while Everett Fraser did the trick with a floor lamp at 3rd. "Irene" Conway had his eyes fixed on someone in the crowd and stood like a man in a daze all during the proceed-ings. "Cork" Walker gave the boys an exhibition of trap shooting and hit the lecture room door on the balcony several times. "Red" Henderson was doing the Charleston most of the time in right field and when the ball came out to him he showed the boys that he was no mean "clog" dancer.
Arnold Rogers, of the Gibbard Fur-niture Co., did the "dirty work".

WON'T KNOW A DEER SOON, SAYS JUDGE

Toronto, March 2.—W. D. Black, Conservative, Addington, was elected chairman of the Fish and Game Committee of the Ontario Legislature today. Warden Clunie, of Kent County, appeared before the committee to urge that the regulation preventing capture of ducks more than two hundred yards from shore be abolished, saying that ducks were killed wholesale on shores.

Judge E. B. Fralick of Belleville, said that future generations would not know what a deer looked like if restrictions were not strengthened.

He urged that shooting of deer in water and does without horns be prohibited.

A closed season for white fish for the month from Oct. 15th to Nov. 15th, was urged by W. A. Clarke, of Collingwood.

OBITUARY.

Robert McGill.

At his home, in Centreville, on February 17th, 1926, there passed away Robert McGill, who was born in the Township of Camden, on Aug. 21st, 1854, retiring to the Village of Centreville in 1922.

Of retiring and cheerful disposition, he will be much missed by those among whom he spent his life.

For the past thirty-five years he was a consistent member of the Methodist Church, and later the United Church of Canada, and a lifelong Conservative in politics; also an honorary member of L. O. L. No. 756.

During the years of failing health, any suffering he may have endured was borne with uncomplaining cheerfulness and patience and unshaken faith in the wisdom of an all-wise God.

He leaves to mourn the loss of a loving husband and a kind father, his widow, Letitia, daughter of the late Wm. and Margaret Sexsmith, and three sons, Wm. T., of Moose Jaw; Lieutenant R. A., on the homestead (both of whom served in the Great War), and Geo. W., at home; and one daughter, Miss Ines, of Simcoe Island; also two granddaughters and one grandson. One brother, Wesley McGill, of Centreville, is the only surviving member of the seven sons and three daughters of the late Thos. and Mary Ann McGill, of County Down, Ireland.

The funeral services were held in the United Church, Centreville, conducted by his Pastor, Rev. H. A. Bunt, assisted by Rev. R. J. Merriam, a former Pastor. The Scripture lesson was from John, 14th chapter.

Late James Mather.

The funeral of the late James Mather, Sr., took place from his late residence, on Sunday, Feb. 21st, at 2 p.m. A short service was held at the home, thence to St. Andrew's United Church, where a large gathering of sympathizing friends and relatives had assembled to pay their last respects to a much esteemed gentleman. The service was conducted by the Pastor, Rev. E. Farnsworth, of Canniffon, and appropriate music was rendered by the Choir. The deceased was 88 years and 11 months of age, and is survived by his aged widow, one son, Peter B., of Calgary, two daughters, Mrs. R. D. Martin, of Selby, and Mrs. F. W. Balcanquel, of Thurlow, and ten grandchildren.

James Mather was the last surviving member of a family of eleven, who were pioneer settlers of this district, and hewed out homes for themselves in Thurlow. His father, Peter Mather, was born in Edinburgh, Scotland, and his mother, Nancy Hayes, of Albany, N.Y., of Irish descent. He followed farming till his life until a railway accident, thirteen years ago, in which Mrs. Mather was badly injured, forced his retirement, he has since lived with his near his elder daughter, Mrs. Balcanquel. Mr. Mather was a staunch Presbyterian all his life, a devoted regular attendent of the church which he helped to build, and for several years an Elder, but when his church went into union he entered wholeheartedly with it. The bearers were Messrs. C. Goodman, R. Elliott, E. Leavens, E. Huffman, F. Casey, and J. Lister. The floral offerings were beautiful and much appreciated by the friends. The remains were placed in Victoria vault to be followed by burial in St. Andrew's cemetery in the spring.—Belleville Daily Ontario.

Alonzo Walker.

The death occurred at the General Hospital, on Wednesday, February 10th, 1926, at the age of 65 years, of Alonzo Walker, a well known resident of Enterprise. For the last ten years deceased had lived in Belleville where he moved, after closing up his general store business, which he conducted for some forty years. The late Mr. Walker was well known in Enterprise, and had a large circle of friends who will regret to hear of his death. He is survived by his wife and three daughters, Florence, Luella and Dorothy, all of whom reside at their home at 127 Symington Ave., Toronto. Two sisters of deceased are also living, Mrs. J. F. Lochhead, Princess St., Kingston, and Mrs. R. T. Wagar, of Enterprise.

The remains arrived in Enterprise Friday evening, and the funeral took place from the home of his sister, Mrs. R. T. Wagar, on Saturday afternoon, under Masonic auspices, to the United Church at Enterprise. The deceased was also a member of Red Rose Lodge, No. 373, I.O.O.F., Enterprise.

Mrs. Sarah McNeill.

On Monday, February 22nd, 1926, there passed peacefully away at her home at Kingsford, Mrs. Sarah McNeill. The deceased had been stricken two weeks before with a serious illness from which she did not recover. She had reached the age of seventy-eight years. The funeral took place from her late residence to St. Patrick's Church, Napanee, where a Requiem Mass was said by Rev. Father O'Connor. The remains were placed in the vault for interment in the spring. The pall bearers were Messrs. G. Somers, W. Wiser, J. O'Hara, F. Sexsmith, J. Wring and F. Finnegan. To mourn the loss of a loving mother are left five daughters, Annie and Mary, at home; Mrs. F. Murphy, Erinsville; Mrs. P. O'Manion, Napanee, and Mrs. J. Wring, Read. The spiritual offerings testified to the esteem in which she was held.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "The Grace of God," the third of a series of messages from the Doctrinal Basis.

The ice carnival put on by the Y. P. U. on February 27th was favored with ideal weather, a good crowd, and gate receipts of about $17.00. The young people wish to thank the merchants for their donation of prizes. Mr. Shaw for the use of the rink, Mrs. D. Gilmour for her assistance in connection with serving lunch, and all others who contributed to the enjoyable evening.

At our preparatory service at Tamworth last Friday night 19 were received into full membership, 17 by profession of faith and two by certificate. The number who received communion on Sunday morning was the largest since the inauguration of co-operation about six years ago.

At a well attended meeting of the Ladies' Aid, held at the home of Mrs. G. H. Richardson, last Tuesday afternoon, they decided to instal a new dining room suite in the parsonage. This is a sort of climax to the very splendid activity. They call your attention to their St. Patrick's Day advertisement in another column.

We will soon be able to announce the interesting news that the three congregations, at which each department of the church will make their report for the year, or rather for the eleven months beginning May 1st, 1925, and ending April 1st, 1926.

In our last week's news item when speaking of the sick of the Tamworth district, we should have said Mr. Jas. Yorke instead of Reuben Yorke.

NAPANEE POULTRY ASSOCIATION BANQUET

A banquet under the auspices of the Napanee Poultry Association was held in the Paisley House, Napanee, on the evening of the 26th of February. After full justice had been done to the chicken supper supplied by mine host Fitzpatrick and his able staff, the chair was taken by Mr. Laughland, in charge of the Agriculture Department Branch, Napanee. After Mrs. and Miss Hosey delighted the assembly with selections of instrumental music, and a few preliminary remarks by the President, the Mayor and Capt. A. S. Hughes, the speaker of the evening, Dr. F. Barnes, Chief of the Meat and Canned Food Division, Department of Agriculture, Ottawa, was introduced. The Doctor certainly understands what he is talking about, and within the limited time at his disposal, clearly and intellectually pointed out what the department at Ottawa was doing, not only for the protection of the health of the people in Canada but to maintain the high reputation of the meats, poultry, etc., exported by the country. He said that Canada was the only country in the world that had a close government inspection.

Carmilli's Orchestra furnished delightful music during the evening.

A vote of thanks, moved by Mr. H. Hunter, and seconded by Mr. Stanley Richardson, to the speakers and the entertainers, was carried unanimously.

"God Save the King" brought the evening's proceedings to a close, all declaring they had spent a very delightful time.

The Mills Hatchery

Custom Hatching and Baby Chicks

Above is a picture of our 12,000-egg Buckeye Mammoth Incubator which we have just added to our Hatchery, and, along with our two other Mammoths, gives us a total capacity of 21,000 eggs, and makes it possible for us to set 6,000 eggs at one time.

These machines are the last word in hatching equipment and are absolutely automatic in controlling the correct temperature throughout the entire hatch, and will hatch more, stronger and better chicks than any other incubator in the world. This, along with our six years' experience in hatching eggs, has put us above the experimental stage of the game, thus insuring you of getting quantity as well as quality in your chicks.

Last year our percentage of eggs hatched was 2% higher than the next best Hatchery in Ontario, our best batch being 95 chicks from 100 eggs set. We are now ready for your eggs in any quantity, from one dozen to 500 dozen, so bring them in and let us turn them into chickens for you, thus you will have no worry and no work, but will obtain the best results possible.

Come in and let us show you these Incubators and talk things over.

TOWN COUNCIL

The regular meeting of the Council was held in the Council Chamber on Monday night.

The members present were Reeve Graham, Councillors Dunbar, Fitzpatrick, Howitt, MacGregor, Roy and Simpson.

Mayor Ming presided.

A communication was received from the Pronto Sales Co., of Toronto, calling attention to a line of fire extinguishers they handle. Filed.

A petition was presented from Wm. Evans and fifty others, residing south of Dundas street and west of Robert, for a fire alarm box to be placed at the corner of West and Mill streets. Referred to Fire, Water and Light Committee.

The Auditors submitted their report of the audit of the accounts of the town for 1925. On motion the report was held over to be considered at next meeting of the Council.

Moved by Coun. Howitt, seconded by Coun. Dunbar, that the tender of Wm. Hudson be accepted, and that an agreement be prepared for signature. Carried.

Coun. Simpson, Chairman of Finance, read the report of the Finance Committee, of which the following are extracts :

1. Bell Telephone Company.—The proposed increase of telephone rates is as follows : The change in the rate affects only business telephones, and the increase is so small that any action on the part of the Council or this Committee would be unwarranted. The service in this town is in a satisfactory condition, and we are informed that the increased rates are to provide for further improvement.

2. Victorian Order Nurses.—After due consideration of the application of the Victorian Order of Nurses for a grant for the work in this town, this committee recommends that a grant of $500 be made to the local branch, payable in quarterly instalments of $125.

3. By-law Appointing Treasurer. —When making the appointment of Mr. C. H. Lapum as treasurer, consideration was given to the fact that Mr. Lapum had charge of the Market scales and tolls. This Committee meeting in conjunction with the Market and Police Committee are of the opinion that the tender made by Mr. Lapum this year for the Market scales and tolls cannot be accepted. It is recommended by both committees that the by-law appointing Mr. Lapum as Treasurer be amended by changing the rate of salary to $65 per month.

Coun. Howitt, Chairman of Market and Police, handed in Chief Barrett's report of the Police Department for the months of January and February.

An amending By-law was passed, appointing C. H. Lapum Town Treasurer, at a salary of $780 per year.

Moved by Coun. MacGregor, seconded by Coun. Howitt, that a by-law be prepared and submitted to Council, making it obligatory for all coal sold within the town to be weighed on the market scales, and that a weigh bill be given certifying to the weight. Also that notification be sent to the Ontario Railway Board. Carried.

Accounts.

The following accounts were ordered paid :—

Council adjourned.

DESERONTO LADY DIED OF SHOCK.

Shortly after two o'clock Monday morning the firemen were summoned to the home of Mrs. Hattie Harrison, at the west end of Deseronto, where the kitchen of her two storey frame house was found to be on fire.

Bert Mowers and Herb Maracle broke their way through the windows of the kitchen and extinguished the flames and after the smoke had cleared away they discovered the lifeless body of Mrs. Harrison under a table in the room. She was fully dressed, and first aid failed to produce any effect, and it is assumed that her death was due either to the excitement caused by finding her home on fire or by the smoke which filled the room. No cause has been assigned for the fire. The stove was not over-heated, and no lamp was found in the kitchen.

Deceased lived alone, and was well-known in the town, and her tragic death has caused a sensation. She is survived by two daughters, Misses Eva and Harriett, both of whom are teaching school in Saskatchewan. Her remains were removed to the undertaking parlors of Isaac Allen.

The Department of Marine and Fisheries reports the collection of 60,500,000 sockeye salmon eggs by the Pemberton Hatchery on the Skeena River, British Columbia. This collection exceeds the largest collection made in any previous year by over 10,000,000 eggs.

Many have been relieved of corns by Holloway's Corn Remover. It has a power of its own that will be found effective.

OBITUARY

Captain George Adam Fraser.

There passed away on January 27, 1926, at the General Hospital, Kingston, Captain George A. Fraser, at the age of 82 years. He was the oldest son of Daniel Grant Fraser and Harriet Lloyd Fraser. He was born near Napanee, Lennox County, where he received his early schooling. He then took a course at the Kingston Military College where he was graduated a captain. He held a commission in No. 3 Company of the 48th, Lennox and Addington Battalion of Infantry. His certificate was granted in 1866. On the first Dominion Day, July 1, 1867, he was in charge of his company in a parade which took place in Napanee. His great-grandfather, Daniel Fraser, was a captain in the British army and had charge of a section of the U. E. Loyalists who settled in Sophiasburgh Township, Prince Edward County. His land was at Davis' Corners, Fairmount, and has been in the Davis family since he vacated it. His grandfather, George Fraser, was also a captain in the troubled times of 1837-38. He lived and died near Napanee. George, with his father, moved from near Napanee to Prince Edward and settled near Northport in the spring of 1868. He married Letitia Ruttan, elder daughter of David Ruttan. In 1873 they went to the lumber states where he went into the lumber business which he continued until twenty-two years ago, when he moved to Asotin, Washington, where he took up fruit and chicken raising as a side line. In his declining days. But we are sorry to note she is not enjoying the best of health. George had lived a very upright life and was a very conscientious man and had many friends. He had been an ardent member of the Independent Order of Oddfellows a great many years. He was an efficient officer and entertained to be secret work to candidates in joining the order and takes his well-earned jewel to be buried with him. He had two sisters and two brothers—Hattie Bell Johnson, at Toronto; Addie M., wife of Bruce E. Johnson, at Spokane, Washington, Sask., in 1907; John Clark Fraser, who died at Watertown, N.Y., and Donald H. Fraser, on the old homestead at Northport. A good man has gone to his reward. Blessed to maturity and having lived a life of example to the many people with whom he has been associated in business and society, he will be much missed by his friends at his Asotin home. To know George was to love him. He passed out ripe and ready for the harvest.—B. E. J.—The Picton times, February 25th, 1926.

Mr. Daniel Wright.

Following an illness of about a month from hypostatic pneumonia, the death occurred Monday, Feb. 8th, 1926, of Daniel Wright, in his 84th year, at his residence, Violet.

Bereaved members of the family are his son, Ernest A., on the homestead; one daughter, Mrs. F. E. VanLuven, Napanee, and one sister, Mrs. George Detlor, Odessa... His wife, Emily Denyes, predeceased him eight years ago, after a brief illness. The late Mr. Wright was a lifelong Methodist and a devout member of Odessa United Church.

In the passing of Mr. Wright, the community has suffered the loss of a kindly neighbor and the highest type of citizen.

The funeral took place on Wednesday, Feb. 10th, at 2 p.m., from the family residence, the Rev. G. R. C. McQuade conducting a very impressive service, and from thence to Morven vault. Beautiful floral offerings were laid on the casket, a final tribute to the passing of a worthy man. The sympathy of the community and a large circle of friends goes out to the family in their sad bereavement of an kind and loving father.

FATHER IS SEEKING CUSTODY OF CHILDREN

Deseronto Case Ordered to be Heard in Napanee Next April

"It looks as if this motion was developing into a religious controversy," said A. E. Hassard in moving before Justice Rose, in Toronto, on Friday, on behalf of Edward F. Martin, Deseronto, for the custody of his two young children, now living with their maternal grandmother. "Five of the six affidavits filed against the motion, I am instructed, are made by Roman Catholics".

Martin was married to Letha M. Genderon in 1921. Two children, Kathleen Veronica Martin and Tobias Martin, were born of the marriage. The mother died in November last. When the mother was ill, states Martin, she asked that the children be brought to her mother's house for her to see. They had been living apart from her owing to the nature of her malady. When he took the children to see their mother the grandmother admitted them, but refused to admit him and since then she has refused to give them up.

The six affidavits filed in opposition to the motion, generally characterized Martin as a person unfit to have the custody of the children. They pointed out that Martin had not supported his wife since marriage and had not supported his children, and that he had been prosecuted for non-support. Another affidavit points out that the grandmother had to bear the expenses in connection with the funeral.

Mr. Hassard said they were a pair of children when they were married and his client for non-support, he was satisfied, was brought about by sinister influences. The father was now on his farm, he said.

His Lordship directed the trial of an issue at Napanee, on April 26. The children appeared in court yesterday on a writ of habeas corpus, but the Court would not give permission for the father to have access to them even for a short time in court.

Mothers Who Have Used Baby's Own Tablets

Always Strongly Recommend Them to Other Mothers

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else—actual experience teaches her that there is no other medicine to equal them for any of the minor ailments from which her baby or little ones suffer. Having found the value of the Tablets in her own home, she is always anxious that other mothers should share her knowledge. That is why Mrs. Creighton Wilson, North Nest Road, N.S., writes the following:—"I have a baby seventeen months old and have given them nothing but Baby's Own Tablets ever since he was a week old. I know of no other medicine to equal them, and it is certainly a pleasure to recommend them to other mothers."

Baby's Own Tablets are a mild but thorough laxative that regulate the stomach and bowels, banish constipation and indigestion; break up colds and simple fevers and make the sickly baby well and happy baby. They are sold by Medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. S.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. Victor Richardson, Barrington, Nova Scotia.

Dull Pains in Back

St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and the weakness from which I suffered for five years after my boy was born. After taking the Vegetable Compound and using Lydia E. Pinkham's Sanative Wash I am feeling better than I have for the past seven years, and advise my friends to take it."—Mrs. J. Verge, 46 Moore Street, St. Thomas, Ont.

AWARDED MEDAL BY RADIO

For the first time in the history of the world, the award of a medal for meritorious service over the radio when, on the night of February 16th, Major Thornton, President of the Canadian National Railways, presented the medal of the Royal Canadian Humane Association, received from CNRO, Ottawa, transmitted by wireless to Mr. K. G. Polyblank, in Ottawa, and presented to Mrs. Polyblank in her home at O'Brien in the province of Quebec Province, and as Sir Henry Thornton, in Ottawa, read the appropriate words in his address, the medal was handed to Mrs. Polyblank, a number of friends, listened to the address in her home.

The Act for which the award was made took place at Long Lac, during the summer of 1925, when Mrs. Polyblank plunging overboard from a canoe to save the young child of a friend who had slipped over board. Polyblank swam to the child, maintaining it afloat, divesting clinging clothing and calmly awaited the arrival of the canoe which he reached.

The photograph shows Mrs. Polyblank, in her home just after she had received with the medal.

BETTER MARKETING HELPS SHEEP INDUSTRY

It is but a few years since the marketing of the lamb crop in many sections of Canada depended almost entirely on the visit of the drover. The lamb fair has changed this to a great extent, at least for the sheep raisers who have taken advantage of the modern teaching in preparing their lambs in such a way as to bring them into the highest market grades. The demonstrations carried on by the co-operative efforts of federal and provincial departments of agriculture, have been well received and it is now becoming the rule rather than the exception to find the lamb flocks showing the results of the advanced practices in being able to turn out a high percentage each year of Number One lambs.

The better practices, becoming more and more common on the farms where market sheep are raised, are preventing the flooding of the market during a short period in the fall, and the consequent depreciation of prices paid for stock as was the case some eight or ten years ago.

The marketing of the lambs is being year by year spread over a wider period and with it has come the increasing consumption of lamb, and the building up of the sheep breeding industry.

The total value of all condensed milk products of dairy factories in Canada in 1925 was $9,716,917, a decrease from the preceding year of $330,291 according to the Dominion Bureau of Statistics. Comparison with 1923 for the various items show increases in the production of condensed whole milk powder, and skim milk powder, and decreases in the production of condensed skim milk, evaporated milk and casein.

Headache and Tired Feeling Disappeared

So Says Ontario Lady After Taking Dodd's Kidney Pills

Mrs. M. E. Hall Gives Her Experience With Dodd's Kidney Pills

Huntsville, Ont., March 1st (Special).—"Dodd's Kidney Pills relieved my kidney trouble very quickly in a very short time and I didn't take as many as was marked for a dose on the box. They made me feel better all over. I could eat better, sleep well, didn't have headache or that tired dull feeling. I highly prize them."

This statement comes from Mrs. M. E. Hall, well known and highly respected resident of this place.

Dodd's Kidney Pills strengthen the kidneys and put them in good order to do their full work of straining the impurities out of the blood. With pure blood there is good health all over the body.

There is no reason why anyone should continue to suffer when Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodds Medicine Co., Ltd., Toronto.

THE WEEK IN THE LEGISLATURE

Toronto, Feb. 27th.—The annual Convention of Ontario Good Roads Association, attended by an unusually large number of delegates, brought with it many deputations to ministers of the government, and particularly Hon. George S. Henry, head of the Highways Department. Almost the entire membership of the Legislature attended the annual banquet on Thursday evening, when Sir Arthur Currie and Premier Ferguson were guests of honor. The Prime Minister used the occasion to remind this great gathering from all over the Province of the necessity on the part of the administration to exercise economy in road-building as well as other matters. He said, in part: "When you ask us for too much expenditure our duty is to restrain. The duty of a government is to handle fairly and efficiently and economically the finances of Ontario; give you the best possible service we can in every branch of public administration. The highway movement has gone so rapidly that we are running into enormous expenditures. This has all to be met some day, and it is my duty and the duty of the Government to see to it that this work is carried on sanely and progressively. It is true there are links here and there that have to be built to make up a complete system, but up to the time the province knows exactly where it is going, I think it is the duty of the Government to hold the purse-strings a bit tight, because you expect us to reduce taxation."

* * * *

Discussion of the Ontario Temperance Act in the House seems assured now, with introduction by Col. John A. Currie, of his bills for government sale of liquor, and for local option in regard thereto, as well as an actual proposed amendment to the Act, submitted by J. A. Pinard (Lib., East Ottawa) by which the famous 4.3 clause would be replaced with a provision for sale of 10 per cent beer. Karl Homuth, (Labor, South Waterloo), has also intimated that he will have an amendment.

An important conference was held in the office of Hon. John S. Martin one day during the week, when the minister received a report from O. A. C. officials regarding tobacco-growing possibilities in the Lake Erie counties. At the present time, the British tariff preference gives the Canadian product an advantage on the overseas market, and in view of the possibility of greater profits for growers, a soil survey has been made by Prof. A. Leitch, B. Harcourt and R. D. Colquette. Their report indicates that a strong policy on the part of the Department of Agriculture would be of inestimable value at the present time. A steady and sane growth of the industry, directed as far as possible to the protection of quality of the leaf demanded by the export market, is absolutely necessary if tobacco growing is to become a consistently prosperous activity." The department expects accordingly to extend educational work among the growers of Essex, Kent, Elgin and Norfolk, and also to obtain from the trade and commerce department figures regarding the different grades exported. During the past year Ontario grew about 20,000,000 pounds of tobacco, the price for best fluecured running from 25 to 45 cents a pound, and for burley and dark varieties from 22 to 30 cents.

Probably unprecedented speed in completing an item of legislation was shown in connection with the Red Lake Mining District Bill. It was given second reading, committee stage and third reading all in one day, by consent of the House, and on Thursday the Lieutenant-Governor paid a special visit to the Legislature to give the royal assent. The bill confirms an Order-in-Council creating a record office at Red Lake, and allows the recorder power to legalize delays in the filing time of claims. Hon. Chas. McCrea said the bill was an immediate necessity if prospectors were to be given opportunity to carry on without great inconvenience. He was cautious in his statement as to the development of the field, saying in reply to Sam Clarke (Northumberland) that Dr. Bruce, geologist, reported last year that the formation indicated the presence of valuable minerals. Prospectors had found these in sufficient quantity to start what might be termed a rush into the section. The government could not pronounce as to the ultimate value of the field, but large interests were already spending considerable money there.

The week opened with another development in the fuel situation, when Premier Ferguson telegraphed Premier King that Ontario would pay one-third of out-of-pocket expense incurred by the National Railways in moving Alberta coal to this province. Mr. Ferguson pointed out that the Railway Board hearing in the matter had been set for April—too late to get any action while the fuel shortage was severe—and he proposed to pay one-third of the excess cost over $7 a ton, provided the Dominion and Alberta governments would do the same. "I feel sure," he wired, "you will agree that it is important to encourage the use and development of Canadian resources and retain the money in Canadian Channels". Later, word was received that the Dominion government had agreed to the course proposed.

Karl Homuth has introduced a Bill designed to make effective in Ontario the provisions of the Industrial Disputes Act, formerly known as the Lemieux Act, for arbitration of labor difficulties. It will be recalled that the legislation was challenged as ultra vires of the Dominion, by Toronto Hydro Commission, and the Privy Council upheld this view. To restore its effect, it is necessary for the province to pass the Ingledew Act, and this Mr. Homuth now proposes. The substantive clause in his bill reads: "The provisions of the Industrial Disputes Investigation Act, 1907, Statutes of Canada, chapter 20, and to including chapter 14 of 1925, shall apply to every industrial dispute of the nature therein defined which is within or subject to the exclusive legislative jurisdiction of this province."

On Friday afternoon a great deal of legislation was advanced and a batch of questions by private members answered. One about ministers' salaries brought the information that the Premier was drawing no salary as Minister of Education, nor Hon. Dr. Godfrey as Minister of Labor, although carrying on these Departments in addition to the respective posts of President of Council and Minister of Health. Hon. Mr. Nickle made a lengthy statement on the Workmen's Compensation Board, when Karl Homuth asked as to the accuracy of a press report. The gist of it was that, contrary to the newspaper statement, there is an official audit; no ledger accounts have been destroyed, and there is no truth in an allegation of strained relations between Mr. Nickle and Col. Price, who as the former put it, are "David and Jonathan" of the House. "As far as I know", said the Attorney-General, "the funds of the Board are in most satisfactory state, and have been well managed."

Hon. J. S. Martin, in reply to a question from A. P. Mewhinney as to what action had been taken on a recommendation of the standing committee on Agriculture, regarding seed grain machinery, announced that two demonstration cars were to tour the province, commencing Monday, March 1st. The Minister, replying to a similar question about railway rates on feeder cattle, said the case had been presented by the department, in conjunction with Eastern Canada Live Stock Union, to the Railway Board, and that there were prospects of a favorable decision.

OBITUARY

James Nichol Bryden.

On Sunday evening, February 21st, 1926, in the Town of Mannville, Alberta, there passed to his eternal rest, one of the former residents of the Township of Kaladar, in the person of James Nichel Bryden, in his seventy-seventh year.

The late Mr. Bryden had a host of friends in this part of Ontario, who were won and held as a result of his kindly manner, sympathetic disposition and sterling Christian character ever evidenced during his long residence in Kaladar, of which Township he was Reeve for over twenty years, and Warden of the County of Addington in 1902.

Born of Scotch parentage, in the Township of Huntingdon, in the year 1849, he was one of a family of twelve children of John Bryden and his wife, Isabella Bookince, who removed to Kaladar in 1854. He was the chief promoter of the first cheese factory established in that township, and was instrumental in having the telephone line extended from Tweed to Flinton some thirty-eight years ago. For many years he was engaged in lumbering operations in Kaladar and Elzevir.

In politics he was a staunch Conservative, and in religion, a lifelong member of the Methodist Church, and a former trustee and steward of the Flinton Mission. His home was ever open to the members of the itinerant ministry in the early days, many of whom will retain pleasant memories of his genial hospitality. As a church member, as a member of the Orange and Masonic Orders, and as a citizen, he was always true to the principles of righteousness and toleration in all his dealings with his fellowmen.

In 1906 Mr. Bryden removed to the Province of Alberta, taking up a homestead close to the Town of Mannville, where he successfully engaged in farming until the year 1913, when he retired to take up residence in Mannville, and become the Postmaster of that town. There he continued to serve in the capacity of a foremost citizen interested in the development of his community and the moral well being of its people. He was some years a member of the Town Council and Mayor of the town in 1921 and 1922. He was ever found in the front ranks of those engaged in the promotion of all measures calculated to advance the best interests of his community, with the same spirit exhibited by him in the East. His unobtrusive nature never prevented a full recognition of his many abilities and thorough worth. Ever helpful, kindly and courteous, he may well be said to have earned his Master's "well done, good and faithful servant."

He leaves to mourn his demise besides his faithful helpmate and partner in life, one son, Alex Bryden, of Mannville, Alta., and three daughters, Mrs. Neil MacKinnon and Mrs. H. G. Botsford, of Mannville, Alta., and Mrs. (Dr.) Tindle, of Flinton, Ont., as well as two sisters, Mrs. John Burns, of Tupperville, Ont., and Mrs. Ed. Bretherton, of Montrose, Colorado.

Interment took place in Mannville cemetery, on Wednesday, Feb. 24th, the funeral service being conducted under the auspices of the Orange and Masonic Orders, and the concourse of citizens of town and surrounding country, in thus paying their last tribute to his memory, but further evidenced the high esteem in which he was always held. 'The sibbing character of his influence should be a pleasing heritage to the members of his family.

Late Henry Shillington.

There passed away at Odessa, on February 19th, 1926, Henry Shillington, in his 72nd year, after several weeks' illness. Deceased was born in the County of Lennox, having moved to this locality about nineteen years ago. The funeral was held from his late residence to the Free Methodist Church, on Friday afternoon, and there to Cataraqui cemetery. The service was conducted by Rev. Mr. Zurbrigg, of Toronto, assisted by Mr. H. Lawler, of Odessa. The surviving family are his widow, Guy and Roy, of Idaho; Mrs. John W. Lawler, Elizabeth; Mrs. Robert Bertha, Alice, Hylda, all of Odessa, besides a number of grandchildren. He also leaves to mourn his passing, of Burridge; William, of Kingston; Wesley, of Idaho; Nathaniel, of Bob's Lake; and two sisters, Mrs. Jane Quinn, of Pennsylvania; Mrs. George Bradshaw, of Saskatchewan, and a host of other relatives and friends. Deceased was converted about thirty-four years ago in a series of tent meetings held at Earle Lake, under the labors of Rev. Mr. McGinnis, Methodist Conference Evangelist, and two years later united with the Free Methodist Church.

IN MEMORIAM

In loving memory of Flossie B. Young, who passed away March 5th, 1922.

At home in the beautiful hills of God
By the stillness of rest so fair,
Some day, some time, when our part is done,
And silently sets life's western sun,
With joy we shall meet her there.

OBITUARY.

Anson Thompson.

A very sad death occurred on Wednesday, February 24th, 1926, when Anson Thompson passed away after an illness of only two weeks, despite all that loving care and medical skill could do, at the early age of 53 years. Deceased was taken to the General Hospital, Kingston, for treatment, on Saturday, but finding it was of no avail, he was brought back home on Tuesday, where he only lived a few hours. He was a man who was loved and respected by all who knew him. He was an employee of Boyle & Son, and which place he will be sadly missed. The funeral service was held in Gospel Assembly Hall, by Mr. Gus Deline, where many had to be turned away.

Besides his sorrowing wife he leaves three small children, Madeleine, Edith and Florence, to mourn the loss of a loving husband and father, an aged mother, two sisters and two brothers. The pall bearers were the friends he worked with, Messrs. S. Joyce, Geo. Dezroff, Fred York, Arthur Fellows, Andy Ford and Hugh Markle. The floral tributes were many and beautiful.

The sympathy of all is extended to the bereaved ones.

Mrs. Maira York.

Mrs. Maira York passed peacefully away on Sunday night, Jan. 10th, 1926, at the home of her son, Manson York, Tamworth, Ont. Mrs. York was aged 93 years, 4 months and 15 days. She was born near Napanee, a daughter of the late John and Mary Moore. Mrs. York lived nearly all her life on the old homestead. Her husband predeceased her sixteen years ago, Dec. 12th, 1906. She leaves to mourn her loss two sons and two daughters. The daughters are Mrs. Joe Teskey, Wellington, P.E.C., Ont., and Mrs. Nelson Albertson, of Kingston. The sons are Manley York, of Markdale, and Manson York, of Tamworth. One son and one daughter died several years ago. The funeral service was conducted by Rev. S. Jeffrey, of Roblin, at her son's home, on Wednesday, Jan. 13th, 1926. She was converted at the age of 17 years. She had her text and hymn picked out several years ago. The text was found in II. Timothy, 4th chapter and 7th and 8th verses, "I have fought a good fight, I have finished my course, I have kept the faith, henceforth there is laid up for me a crown of righteousness." Mrs. York always kept by the good old way of the cross, which never left her in the lonely hours. Her remains were placed in the vault at Tamworth, there to await interment in the York burrying ground in the spring.

CROYDON

The first of a series of home and home hockey games between the Reidville Cats and the Croydon Dogs was played on Saturday at Croydon. The capacity crowd of 7,500 which filled the arena was treated to a sterling exhibition.

The score was 11 to 10 in favor of the Dogs, due partly to the superb mark-manship of Warren (Punkins) Hawley of the Cats, in placing the puck in his own net. Some of his backhand shots, performed while standing on his head, were miraculous.

Lorne (Babe Dye) Wilson of the Cats succeeded in keeping the ice clear of snow, although he did wear out two pairs of trousers.

The rushing of Hugh (Lugs) Fingland, star wing man of the Cats, was dazzling, but a broom makes a poor hockey stick, the more so when its handle is broken.

Donald (Dory) Hannah and Wm. (Cricket) Lyman were a veritable stone wall, although often the wall crumbled and crashed in.

The Cat's goalie, Earl (Heb) King, did good execution with his cordwood stick and netmaw crate.

For the Dogs Thos. (Eagle-eye) Pringle in goal usually entrapped the puck by sitting on it. A would-be goal scorer had to push him as well as the puck across the line. Harold (Hank) Hughes and Hub McCabe teamed well on the defence. Both declare they are wind-broken since the game (no wonder), and maybe head-broken, too.

The million dollar forward line of the Dogs, composed of George (Pie) Close, Ralph (Boots) Boomhower and Victor (Bub) McGregor, drew rounds of applause by their flashy skating, clever stick handling and corkscrew rushes. The younger players might take a few pointers from these good old veterans of the N.H.L.

The next game will be played at the Ravina, in the southern suburbs of Reidville, next week-end with Mr. and Mrs. Peter Storey.—Rev. Mr. Merrick and Mrs. Merrick entained several of their young friends on Friday evening. Be sure and come to the Brick Church to-night and hear the concert given by the Y.P.S., with the assistance of a play by the Napanee Strollers.

DESMOND

The Mission Circle of Wesley met at the home of Edgar and Victor Drew, last Friday evening, and spent a profitable and pleasant time.—Mr. Anthony McKown's children have been confined to the house, but are recovering nicely now. — Mrs. Marshall King and Ross visited with friends at Stone Mills on Sunday recently.—Mr. and Mrs. Fred Bell entertained several couples to tea on Wednesday evening. In honor of father's and mother's fortieth anniversary. Later in the evening a rousing charivari party arrived and were soon enjoying a pleasant time in the house. Then a address was read by Mrs. Arthur Switzer, and Mrs. Dick Quinn presented Mr. and Mrs. Bell with a beautiful electric reading lamp, on behalf of the neighborhood. After a tasty lunch was served, and a sing song, the party broke up, wishing Mr. and Mrs. H. F. Bell many more happy anniversaries.—Mr. and Mrs. Dick Quinn and Mr. and Mrs. Jack Bell, Moscow, visited the Bell Bros. on Sunday evening.—Mr. and Mrs. Geo. Drew spent the week end with Mr. and Mrs. A. Carlow, Palace Road.—Several from here attended the funeral of the late Mr. Joe Amey, a much respected resident of Camden East. Mrs. Fred Switzer is a daughter.

LENS

March came in like a lion for sure, but we will have to wait to see if he goes out like a lamb.—We have had some very cold weather, but nevertheless the days are getting longer, the sun getting higher, and spring is headed this way.—Autos have been travelling through here up to the present, but the last heavy snow storm has made it difficult to follow the road, which has been pretty well cut up owing to so many heavily laden sleighs passing over it.— Messrs. J. W. and N. Reid spent Thursday last in Newburgh, with their brother, Archie Reid.—Miss Hannah has returned home, after attending the Good Roads Convention in Toronto. We hope to see good results in the near future.— Mr. J. H. Wilson is confined to the house with a bad cold.—Measles are fairly with us.—School is progressing favorably, considering the bad roads and sickness.—Mrs. J. Tutt, of Selby, West, is visiting her sisters, Mrs. A. Fingland and Mrs. E. Wilson.— Mr. and Mrs. J. L. Wilson have returned home after attending the funeral of their brother-in-law, Mr. Wooler.—Mr. and Mrs. Chas. Davy, of Kingston, spent Sunday afternoon with Mr. and Mrs. A. Oblenus.— Messrs. Hugh and Geo. Fingland spent Sunday at Bonny Nook, visiting Edna Wilson, who has been visiting her daughter, Mrs. Tait and Mr. A. McKnight, Selby.—Mrs. Tait returned home on Saturday. Miss Edna McKnight accompanied her home and spent the week end.—Mrs. A. Fingland and Mrs. Tait took dinner with Mr. and Mrs. David Keech, Tuesday.— Mr. D. Parks attended the funeral of his father, the late Wm. Parks, of Point Anne.—Miss Aileen and Vernon Whalen spent Saturday with their sister, Miss D. Whalen.— Mr. and Mrs. Helster have returned home after spending two weeks with friends in Huntsville.

THERE'S STYLE PLUS VALUE IN THE NEW BORDERED SILK CREPES

Individual Dress Lengths Priced at $6.75, $6.95, up to $16.50
$17.50 and $18.50 Each

Without doubt a visit to our Silk Department will be a pleasant revelation. Again we have demonstrated superior styles and values as exemplified by these new rich Bordered Silk fabrics. A general riot of color has manifested itself in the new showing. Plain ground colors in black designs, floral effects and delightful allover designs. There are no two colors alike, therefore you can choose knowing that individuality is the keynote of the new materials.

"SPRING" IN TERMS OF MODISH NEW COATS CAN BE SEEN AT ROBINSON'S

The new Coats have arrived, been unpacked, and are now on display in our Women's and Misses' Coat Departments.

And such Coats, replete in every new version of the Spring mode.

Outstandingly fashionable and decidedly new are the "Cape-back" Coats, presented in various authentic models and fancies.

"Flare-type" Silhouettes exploit charming new treatments that give them an entirely different outline.

Straight-line styles are still considered as clever as ever by all the noted designers in Paris and New York.

Other Coats have skilfully pleated panels that maintain straight-lines, yet provide plenty of freedom at the hem.

Tweeds, that have always had their way with the mode in England, have been taken up by Paris, and the echo of the Paris trend has reached this side of the water. While Tweeds are fine with fashion, the various Twill weaves are successful rivals.

The new colorings are as interesting as the new styles.

PRICED FROM $12.75 TO $87.50.

Come in and see them.

THE NEW SPRING MILLINERY IS READY

Never in all our 38 years of doing business have we been better prepared to serve our patrons with modish and authentic Millinery. From new and dependable sources of supply have come hats stressing smartness styles, smartest trimmings and smartest colorings. Stressed also are hats in small, medium and larger shapes. Stressed too, are hats that can be successfully worn with spring suits, coats and dresses.

Never have we had hats so beautifully attractive, yet so moderately priced. We invite your earliest inspection. On display and for sale now.

WORTH WHILE VALUES PROCURABLE IN OUR STAPLE DEPARTMENT

Factory Cotton, 36 inches wide, in a fine even weave and good weight. An excellent weight and width for sheets, pillow cases, fancy work apron, for anything that requires a really stout cotton, which will look neat when made up and stand plenty of wear and washing. This is a most worthy value, 25c. yard.

Comforter Batts in the Kings Prize quality, a nice soft fluffy batting that will make up soft like a down quilt. They are all one size, 72x84 in. and three weights, 2 lbs. for $1.60 each, 2½ lbs. for $1.25 each, and 3 lbs. for $1.50 each.

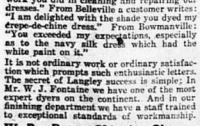
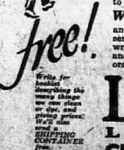
CRAFTSMEN IN KEEPING THINGS NEW



Dresses From All Over Ontario.



Langley's new shirt dresses and suits in a new patented ventilator that retains the fresh finish without creasing.

In each county in Ontario are many homes which have learned the superiority of the cleaning and dyeing done in the big Langley plant in Toronto.

From Gravenhurst comes a letter: "My sister and I are highly pleased with the work you did in cleaning and repairing our dresses." From Belleville a customer writes: "I am delighted with the shade you dyed my crepe-de-chine dress." From Bowmanville: "You exceeded my expectations, especially as to the navy silk dress which had the white paint on it."

It is not ordinary work or ordinary satisfaction which prompts such enthusiastic letters. The secret of Langley success is simple; In Mr. W. J. Fontaine we have one of the most expert dyers on the continent. And in our finishing department we have a staff trained to exceptional standards of workmanship.

Received Silver Cup.

W. S. Norris, local Superintendent of the plant-department of the Bell Telephone Co., Cobourg, has received from the headquarters of the company a fine silver cup, as a mark of appreciation of the officials of the company, due to the fact that during the past four years the local supervisor and his men have had no lost time from accidents. This plan was inaugurated in 1922 by the company, each year the supervisor and his men go without lost time from accidents, some sort of recognition is made by the company as an incentive to the men to be careful and avoid accidents.—Cobourg Sentinel-Star.

W. S. Norris is a son of Mr. and Mrs. Wm. Norris, Napanee.

Ordination Service.

The Right Reverend the Lord Bishop of Ontario, Dr. Bidwell, held an Ordination Service last Sunday in the Cathedral Church of St. George, ands, Messrs. Arthur Smith, Catarraqui; Hope Swayne, Bath; Brownlee, Kemptville; R. N. Burke, Kingston, and Douglas, Adolphustown. They were presented to the Bishop to be ordered Deacons by the Venerable Archdeacon Dobbs, of Kingston. The special preacher was the Rev. Canon Tusten Smith, Rector of Cataraqui. His son, the Rev. Arthur Smith, read the gospel. The service was a very beautiful and solemn one, and the music under the management of Mr. Harvey, the Organist, was excellent. There was a very large congregation present. The following Clergy assisted the Bishop in the Ordination service: the Venerable Archdeacon Dobbs, of Kingston; Canon Jones, Kingston; Canon Austen Smith, Cataraqui; Rev. Rural Dean Creig, Kingston; Rev. W. R. Kidd, Kingston; Rev. Professor Morris, Trinity College, Toronto; Rev. W. G. Swayne, Bath, and Rev. J. C. Dixon. The occasion was one long to be remembered by all taking part in it.

SOFTBALL

On Tuesday evening St. Pats marched triumphantly on to the second half honours by downing Grace by 19-10. The game was in doubt till the 5th innings, when St. Pat's heavy hitters got into action. The crowd was worked up to a high pitch and kept up a continual cheering for their favorites. They did not hesitate to tell the umpires any time they thought they were wrong on a decision, and the noise was deafening at times.

B. McGuire was at her best and fanned four men in the first innings, but Irene Embury just couldn't bang on that ball. Miss McGuire fanned sixteen batters during the game. Irene Embury made quite a few errors, but settled down after a while and caught everything. M. McGuire on 1st couldn't get going right at first, but when she settled down she slammed that ball hard. Marion Embury lived up to her reputation of being the best shortstop in the league, and her fielding and batting was a treat.

Agnes Cavanaugh occupied her usual place in the lime-light by pulling down a red-hot liner. N. McGuire was at her best at short and slammed out a few nice hits.

Katherine Gibson guarded the hot corner and played her position nicely.

Beatrice Brady, Aileen Murphy and Loretta Killorin were given little to do in the outfield, but hung on to everything that came out.

Mary Stinson was not at her best, but at that she fanned eight men. Hazel O'Neill made a few errors behind the bat, and did not play as good as usual. Grace and Helen Harrigan held up their end in the infield, but Dorothy Lucas contributed a couple of errors, which she seldom does. Jessie Vanalstine also contributed an error, something very unusual for her. Marion Thompson, Mary Bates, Grace Hall and Kathleen Ungar had little to do in the field, but made up for it at bat.

J. L. Murray and H. S. Babcock acted as officials.

In the second game St. Mary's ousted Trinity from the cellar position by losing to them 15-9. Trinity had to step to do it, and were only sure of winning when the last man was put out. Many fans have commented upon the seemingly poor showing of the Anglicans in the league. They have not won a game to date, although they have come close to it. Just in passing, we would like to say that the players have been discouraged greatly by the lack of support on the part of the Anglican fans. The girls receive practically no support whatever, and the lack of interest displayed by the fans have made them lose heart and think they have nothing to play for if they do win. Every other team in the league receive tremendous cheers for every good play, but when the Anglicans pull something sensational, thege is an almost complete silence compared to the cheers for the other teams. The Anglicans are every bit as good players as there is in the league, and with proper encouragement they would have been up with the leaders long ago. As it is, there is no use now with only one game left, but let us get going for this last game and give the girls support. Show them that their work is appreciated and give them every cheer that's due them.

Dorothy Johnston is just as good a pitcher as there is in the league and receives no steading influence from the crowd and pitches an uphill battle. She fanned twelve men on Tuesday evening and fielded her position perfectly.

Marion Grass slammed the ball for an extra base hit every time up, while Dorothy Richardson caught a couple of fly-balls on 1st.

Noreen Johnston, the youngest player in the league, took off her hat to none, and played just as good as the best of them.

Hazel Sampson played nice ball at 2nd, while Eleanor Yourex was watched too closely to do much. Nevertheless, she got a few nice hits.

Florence Kinkley didn't play as good as usual, but Aileen Lewis, Doris Lucas and Gladys Cooke did their best in the outfield.

Chris. Naylor gave everything she had and fanned six men. She also clouted out a homer.

Winnie Drake hung on to everything behind the bat, while Mil Rikely missed nothing at 1st. Lenore Black pulled down a liner and turned it into a double-play, while Ruth Dickson made several nice plays at 2nd. Nina McKim and Jean Paul were whirlwinds on the bases, while Kathlyn Woodruff played 3rd as good as anybody could. Marie Paul, Dorothy Daverne, Helen Drake and Mae Hawley all did some nice playing in the outfield.

J. L. Murray and H. L. Babcock officiated.

The Signallers defeated "B" Company in the third game by 21-9. The flag waggers held the whip hand throughout, and landed on Walter Johnston Powell's fast one every time he threw it.

"Hank" Dafoe had the Indian sign on the "B" Co. sluggers and fanned three in the first innings and then added eight more during the contest. "Slicker" Woodruff caught everything (but the ball) behind the bat, while "Bill Bottom" Carr on 1st distinguished himself by some pretty fumbles. "Marcelle" Wilson fell asleep in centre field several times, while "Hippo" Benjamin put on a little side show all by himself in right field. "Toby" Wright pulled a circus catch, while "Gubby" Carr was easily the best clog-dancer on the floor. "Shrimp" Stevens and "Bussy" Exley were all over the floor, and received tremendous applause for their exhibition of Jiu-Jitsu. Walter Johnston Powell was evidently excited over his entrance into the finals for the Provincial Marble championships, for he hit everything, but the pigs. Bucky Harrison was trying to turn a backflip and keep a cuspidor, four pool balls, a red cane and a straw hat in the air at the same time, and was too busy to watch anything but a certain somebody in the crowd.

Bud Fraser put on a juggling contest at 1st, while "Robe" MacDonald wasn't up to his best because he had on his Sunday pants, and "Peggy" Merritt used his head freely at short. Everett Fraser was again at bat with his Sons of Rest Baseball Team, and he all-taking part in it.

Dr. Bell—Remember forget the self-defence rule and tried to body-check the ball several times. "Cort" Walker thought he was unveiling a war memorial in the outfield, and went through the whole performance, much to the delight of the crowd.

"Doc" Ballard tried to play shortstop, but he got lost, and was picked up by a police-hound, while "Irene" Conway had his afternoon nap in the field while the game was going on.

HOCKEY TOURNAMENT AT KINGSTON TO-NIGHT

An innovation in the way of a hockey tournament will be staged at the Harty Arena, Kingston, this (Friday) evening, when six teams, Live Wires, Kingston; Frontenac Regiment, Kingston; Verona, Sunbury, Gananoque and Napanee, will compete for a trophy. Each game will consist of twenty minutes' play. The first teams to take the ice will be Live Wires vs. Frontenac Regiment, followed by Verona vs. Sunbury, and Gananoque vs. Napanee. The winners of these games will draw for a bye, and the winning team of the two left in will play the team that drew the bye for the championship. Play will start promptly at eight o'clock. The six teams above entered in the tournament play first-class hockey and a splendid evening's entertainment will be witnessed by all who attend. A large number from Napanee will accompany the local sextette, and a club rate will be secured on the railway tickets.

Keep Young with Rinso

Your doctor will tell you the old-fashioned wash-day is one of woman's greatest foes.

Strained backs, ugly hands, jangled nerves and short tempers—all come from the everlasting rub-rub-rubbing on the ancient washboard.

The modern way is to let Rinso do the work.

Change the hard work of washing to just rinsing.

Simply dissolve Rinso in the wash-water, put in the clothes, soak for 2 hours or more and just rinse.

Let Rinso do your next washing.

Made by the makers of Lux.

Many Big Assignments.

In a single year, his brother says, Richard Harding Davis reported the coronation at Moscow, the millennial celebration at Budapest, the Spanish-Cuban war, the McKinley inauguration, the Greek-Turkish war and the queen's jubilee. And the number of titles of his books on a fly leaf numbers exactly 29. Also he always had time for a little nonsense now and then—as when he organized a relief expedition to rescue John Drew from Harlem.

Not So Fierce.

The class had been studying about the house fly, says Good Health, and the teacher had made much of the danger with which the germ-carrying habits of the insect threaten the public health. The lesson sank deep into the mind of little George, who later was asked to write a composition on the subject. "The fly is a insec," he wrote with difficulty; "he has six legs, he is more dangerous than a lion, but I had rather a fly would bite me than a lion."

His Business.

Robert Louis Stevenson, who is best known to children through his "Child's Garden of Verse," was always fond of animals, and very kind to them, and one time he made a very neat, little retort to a man who was beating his dog. When Stevenson interfered, the man asked, gruffly, "Well, what business is it of yours? He ain't your dog." "No, but he's God's dog," Stevenson declared, stoutly, "and I'm here to protect him!" And he did.

Blessings.

There is a blessing on limitation—a blessing proper to the time in which we have to learn. Our present blindness may be only the condition of full sight beyond. So the dragon-fly must spend blind days beneath the water before it can mature bright wings for the sunlit air. Our not-seeing is for education. We do not. If we are wise trouble the infant class with the high er problems of the school.—Exchange.

Quick to Catch On.

Edward had an uncle who owned a grocery and market. On Saturdays it was Edward's delight to go there to help. On this particular day a neighbor chanced in. Finding Edward there, she thought she would find out how much the little fellow knew about business. Seriously she said, "Ed, have you chickens today?" The youngster's reply was: "Yep, we have all kinds alive, dead, dressed and undressed."

Question of Certainty.

"Quite a number of persons have asked me of late if my niece is going to marry a certain young man," admitted the Old Codger. "I have been obliged to tell them that she is and she isn't. You see, while she is certain that she is going to marry him, he will be an uncertain young man until after it has happened to him."

Farmer (to chemist)—"Now, be sure an' write plain on them bottles which is for the Jersey cow and which is for my wife. I don't want nothin' to happen to that Jersey cow."

WISE AND OTHERWISE

Only one man in love ever told the truth. That was Adam when he said "Eve, you're the only woman in the world for me."

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

Mrs. Dote—"Yes, my daughter has a great ear for music."

Guest—"Well, that wouldn't be so bad if she didn't think she had a voice for it, too."

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

Mrs. Smith—"It isn't right to charge Freddy with taking money out of your pocket. Why don't you accuse me?"

Smith—"Because it wasn't all taken."

An Oil Without Alcohol. — Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose Dr. Thomas' Eclectric Oil, and there is no alcohol in it, so that its effects are lasting.

Fair Collector: "Wouldn't you like to help the Old Ladies' Home?"

He (intent on the game): "I certainly shouldn't. It seems to me the old ladies ought to be able to get home by themselves."

Green—"Supposing I decide to let you have the money how do I know I shall get it back again?"

Thompson—"A promise, my dear fellow, on the word of a gentleman."

Green—"Well, in that case I'll consider it. Come round to my place to-night and bring the gentleman with you."

"Now, Willie," said a coaxing mother, "I don't like to take medicine any more than you do, but I just make up my mind to do it, and then do it."

The child looked up through his tears and replied: "And, mother, I just make up my mind that I won't, and then I don't."

Women and Asthma. Women are numbered among the sufferers from asthma by the countless thousands. In every climate they will be found, helpless in the grip of this relentless disease unless they have availed themselves of the proper remedy. Dr. J. D. Kellogg's Asthma Remedy has brought new hope and life to many such. Testimonials, sent entirely without solicitation, show the enormous benefit it has wrought among women everywhere.

The lecturer on health had finished his discourse and invited his audience to ask any questions they chose concerning points that might seem to need clearing up, when a tired looking man inquired anxiously:

"Professor, what do you do when you can't sleep at night?"

"I usually stay awake, although, of course, everybody should feel at liberty to do otherwise. Are there any other questions?"

The Oil of Power.—It is not claimed for Dr. Thomas' Eclectric Oil that it will remedy every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learned by experience.

London policemen have a wonderful knack of summing up a situation without loss of words or temper.

A prosperous-looking owner-driver swung round a West-End corner on his wrong side of the street refuge and a constable pulled him up. He was ready with excuses, but the policeman shook his head.

"You've got a nice little lot o' gadgets on that car o' yours," he observed quietly, looking at the offender's sumptuously furnished dashboard. "You only want a driver!"

If Miller's Worm Powders needed the support of testimonials they could be got from mothers who know the great virtue of this excellent medicine. But the powders will speak for themselves and in such a way that there can be no question of them. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

The young subaltern had just joined the regiment. He was a frightfully nervous boy, particularly in the mess, where he was almost afraid to move for fear of behaving in some way contrary to etiquette.

At last the major, rough but kindly at heart, took pity on him, and, slapping him on the back, said jovially:

"I suppose it's the old, old story—what? The fool of the family sent into the army?"

"Oh, no, sir," replied the young man, seriously; "things have quite altered since your day."

In the low-price field where is the car that equals it?

Before buying a car—open or closed—in the low-priced field, ask yourself these questions:

1. Is it as comfortable and smart in appearance as the New Chevrolet?
2. Does it boast of such advanced features as dry disc clutch, genuine Duco finish, vacuum gasoline system with tank in rear?
3. Has it an overhead-valve engine?
4. Has it a genuine Fisher Body?
5. Can it duplicate Chevrolet's speed, hill-climbing ability and all-round dependability?

Because no other car at or near Chevrolet price can answer all these questions and because Chevrolet delivers a greater measure of quality and value for your dollars than any other low-priced car—this is the car for you.

ADDRESS AND PRESENTATION

A very pleasant evening was spent at the home of Mr. and Mrs. H. F. Bell and son, Desmond, on February 24th, it being the fortieth anniversary of their wedded life. Several couples had been invited for tea as a surprise to Mr. and Mrs. Bell, and just as tea was nicely over a rousing charivari party greeted the scene. All being welcomed by the bride and groom, a merry time was spent in games, singing, and instrumental music. Then Mr. and Mrs. Bell were called to the front and Mrs. Arthur Switzer read the following address, and Mrs. Dick Quinn presented them with a beautiful electric reading lamp.

To Mr. and Mrs. H. F. Bell,
Desmond.

Moscow, Ont.,
February 24th, 1926.

Dear Friends,—As neighbors and friends we have assembled here this evening to share in the celebration of the fortieth anniversary of your wedded life. There are some here this evening who can well remember the first serenade you received on practically the same grounds, forty years ago, and as we have enjoyed your continuous residency here with us, and the interest you have shown in our little community by building up this fine home in our locality; also your interest in our social lives is well worthy of our comment. Your ever readiness to assist in the advancement of our Church, or in times of need or sickness, have won a place not easy forgotten.

Now in appreciation of this good behavior, and upon the occasion of this your fortieth anniversary, we do wish to show to you in a trivial way the esteem in which you are held by the people of Desmond, therefore we present you with this electric reading lamp with our good wishes. We trust you may long be spared to enjoy many more anniversaries, is the wish of all present.

Signed on behalf of neighbors.

MRS. R. G. QUINN.
MRS. ARTHUR SWITZER.

Lunch was then served, after which all, wishing Mr. and Mrs. Bell many more anniversaries, returned to their respective homes.

Utterly Discouraged

This Was the Condition of a P. E. I. Woman Before Taking Dr. Williams' Pink Pills

"My illness began," says Mrs. M. J. Ahern, R. R. No. 2, Alberton, P.E.I., when my husband went overseas and I was left with the care of a farm and stock, with no help but that of a young boy. My health broke down and for the first time in my life I became utterly discouraged. I lost my appetite, had no strength, and was ready to have a crying spell any moment of the day, as the work loomed up ahead of me. A friend happened to speak one day of the good Dr. Williams' Pink Pills had done her and urged me to try them. I had no energy enough, or perhaps confidence enough, to try them, but she would not be denied, and sent me three boxes, and by the time I had taken them I knew they were helping me and was anxious for more. I continued taking the pills for nearly six months and by that time I had safely passed a critical period in my life, and regained my usual good health. To all workers, and nerve-racked women—and there are a great many of them—I still say, and at all times, take Dr. Williams' Pink Pills, and I know you will regain your energy."

There are many troubles due to weak, watery blood easily overcome by a fair use of Dr. Williams' Pink Pills. The whole mission of this medicine is to purify and enrich the blood, and when that is done all the nerve symptoms of anaemia disappear and good health returns. You can get Dr. Williams' Pink Pills from any druggist or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

OUR FUNNY LANGUAGE

The nervous foreigner got up in the crowded tramcar and made his way to the conductor's platform.

"Excuse me," he said, "but to car he run so slow, and why, if you please is it so?"

The conductor was bewildered for a moment, but with commendable intelligence he realized that he was being questioned as to the tardy motion of the car.

"Yes," he answered, briefly. "But we can't help it. You see, the car ahead is behind."

The foreigner's eyes opened wider.

"Would you please to say him again?" he asked apologetically.

"Certainly," said the conductor. "I said that the car ahead is behind. Do you follow?"

Then the foreigner returned to his seat, holding his head in both hands.

"Ze car ahead, he ees behind," he muttered hoarsely. "Zere's funny way they do things in this Angleterre it is wonderful!"

A SCOT WHO WENT ABROAD.

A Scot went abroad on the chance of picking up a job, and in the course of his peregrinations called at some big works and interviewed the man in charge. After quite a satisfactory talk the latter inquired if his visitor was a Scot.

"Aye, and I am," was the prond reply.

"Ah, then I am sorry I cannot take you on."

"Wichtie me! Why?" demanded the Scot indignantly.

"Well, you see, some years ago the then manager engaged a Scot and within a year he got the manager's place."

"Then all I can say," came the disappointed answer, "is that that Scot was here yer."

"He is here; I'm him."

Eliminate Little Worries.

When real disaster visits us we always, somehow, seem to gain a new courage, observes a writer. "It is the little foxes which spoil the vines"—'tis the little every-day fretting which wears away the stone and weakens the structure. The little things of life are not worth worrying about. There are two good reasons for this. One is that if we can remedy these things, and we usually can, ye have no right to allow them to spoil our peace or the peace of those who are dear to us.

First Woman Journalist.

It is said that the first newspaper woman was an American, Mrs. Anne Royall, who was not only the first woman journalist, but the first woman to own and edit a newspaper. It is also curious that she is said to have originated the idea of "interviews." She went born in Maryland in 1769, put her first printing press on Capitol Hill in Washington, D. C., and published a small weekly, first called the Washington Paul Pry, and later the Huntress.

HAYBURN

On Friday evening, Feb. 26th, the Hayburn Young People's Society entertained the members of Union and Adolphustown Societies to a social evening. Despite the disagreeable weather and bad roads, a goodly number gathered at the Stillerille Town Hall, and a very enjoyable evening was spent. The Devotional exercises were in charge of Mr. Ray Dickson, after which Miss Mildred Rikley presided. The opening number on the programme was a chorus by the Hayburn boys, "The Prisoner's Song". The main feature of the evening was the debate, "Resolved that poverty develops character more than riches". Although the Hayburn team won by several points, much credit is due Stillerille for the splendid argument they presented, in supporting the affirmative side. Stewart Lloyst gave two humorous recitations, and each time responded with an encore. Both numbers well merited the hearty applause that was given. Mr. Brownjohn gave a solo, and Misses Elma Whyte and Mildred Rikely a piano duet. Misses Doris Rikley and Jean Magee had charge of the games. Contests were held, and in each case a prize was given to the winner. Dainty refreshments were served later in the evening, and the meeting was brought to a close by the singing of the National Anthem.

Gained 10 Pounds In 22 Days

That's going some—but skinny men, women and children just can't help putting on good healthy flesh when they take McCoy's Cod Liver Extract Tablets.

Chock full of vitamines—the kind that are extracted from the livers of the cod—the kind that are a real help to frail, rundown, aneamic, skinny men and women.

Try these sugar coated tasteless tablets for 30 days—if they don't help greatly get your money back.

One woman gained ten pounds in twenty-two days. Sixty tablets, sixty cents. Ask any druggist for McCoy's Cod Liver Extract Tablets. Directions and formula on each box.

"Get McCoy's, the original and genuine."

The two girls were strolling in a garden at twilight.

"I wonder," said the first, "I wonder if Jack really loves me?"

"Of course he does, dear," said the second. "Why should he make you an exception?"

In Time of Plenty

THE farmer knows—better than anyone else—how uncertain the seasons are. Careful farming and a little foresight when crops are good will help wonderfully when a lean year comes.

Here are a few suggestions:

Keep adding high-grade animals to your live stock.

Study the best methods of crop rotation.

Select the seed best suited to your locality—successful crops can come only from clean, vigorous seed.

Make your credit good at the Bank by paying up your loans and depositing something for the rainy day.

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident." It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit and pays all damage up to a very large amount. No increase in rate for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

New Suits for Men and Young Men for Spring

EVERY day now we are opening up attractive new lines of Suits for Young Men and Men—Suits that have in them style correctness, splendid fabrics and excellent tailoring.

One remarkably fine value is a Navy Blue Serge, in good weight all wool cloth, nicely tailored in a new attractive model, that we have specially priced as a leader at $18.90. (See our window display.)

Another Blue Serge, which we consider particularly good buying, comes in one of the semi-English models, with wide trousers and no vent coat, and is moderately priced at $25.00.

To wear with these Suits we can show you a great selection of **NEW FELT HATS** in the popular Greys and Fawns. The very latest shapes. Priced at $3.75, $4.50 and $5.00.

Several Lines of Real Peppy Young Men's Suits, in the novelty Biscuit, Fawn and Grey shades, jacquard and diamond pattern Tweeds, have just been opened up. We should be very pleased to show you these.

The Spring Caps are very bright and attractive, and match well the new suit patterns. An especially good range at $1.25, $1.50 and $1.75.

Courses at Odessa Finish.

Successful courses in Agriculture and Domestic Science were conducted at Odessa during February under the management of J. Laughland. Over fifty ladies attended the classes taught by Mrs. Cooke, of Beamsville. Out of these courses two organizations were formed to continue the work begun. A branch of the Women's Institute was started, with twenty-seven members. Mrs. W. Smith is President, and Mrs. Sid Sproule Secretary. The Junior Farmers' Association has for its President Roy Hartman, and Secretary Ford Denyes. Both classes made presentations to the staff at the conclusion of the courses.

"Informal Dance".

An "Informal Dance" will be given under the auspices of "B" Co., Frontenac Regiment, in the Armouries, on Wednesday night, April 7th, 1926. The committee would be very grateful to anyone sending in lists of Easter guests who would desire invitations. It is not intended that this notice is an invitation, but the committee has found before that names have been left off the list, which often cannot be avoided. Invitations will be mailed as follows: Out of town, March 22nd; local, March 25th. Address all communications to "B" Company, Frontenac Regiment, Napanee Armouries, or phone 123, from 6.30 p.m. to 8.30 p.m. 10c

Concert at St. Andrew's.

Last Friday evening the Orchestra and Sunday School of St. Andrew's gave an interesting and novel entertainment in the Sunday School Room. Several pantomimes were staged by the children, which were attractive and artistic. The little girls delighted the audience with several old folk dances. The Orchestra rendered a number of specially prepared selections, which added a touch of novelty to the entertainment. Mr. Caldwell was at his best in two solos which were particularly well adapted to his voice. Mr. Norris added to the enjoyment of the evening by a very fine solo on the bass horn. The concluding number was a playlet. It had been specially adapted to St. Andrew's, and the original humorous interpretation brought forth rounds of applause from the audience. The National Anthem brought the concert to a close.

Death of M. C. Carlisle.

The death occurred at Boston, Mass., on Tuesday, February 16th, of Matthew C. Carlisle, a former Napanee boy, aged 64 years. About a year and a half ago Mr. Carlisle met with an accident which necessitated the amputation of a leg, from the effects of which he never fully recovered, and passed away quite suddenly as above stated. He was the senior member of the firm of Carlisle & Gale, doing an extensive business in fan blowers and other factory appliances. In his early manhood deceased was employed in Napanee with the late Angus McLeod, and later went to Boston, where he located. When in Napanee Mr. Carlisle lived in Clarksville, where his mother, the late Mrs. Coleman McCoy, passed away about nine years ago. Until the death of his mother he was a frequent visitor in Napanee and his many friends here will be sorry to learn of his passing.

Supreme Court Sets Judgment Aside.

A motion in the case of Fairfield vs. Widmer came up in the Master's Chambers at Osgoode Hall, Toronto, on Wednesday, February 24th, when W. Lawr, acting on instructions from Day & Revelle, of Kingston, for defendants, moved to set aside default judgment in foreclosure action; A. B. Cunningham, K.C., for plaintiffs. Order made setting aside judgment, and referring matter to Local Master at Kingston to take accounts.

HOCKEY

On Monday evening, before a fair-sized crowd, the Kingston Live Wires defeated Napanee by a score of 7-5. The game was both good and bad, but wasn't as fast as expected. The boys mixed it freely with each other, but no fights broke out.

Bellringer received a merry riding by the fans, but when he took the notion he made them all look. He scored four goals, all on lone rushes, and several times he tricked the local team and broke away for a try.

Brooks, in goal, stopped so many shots that he was almost goggly-eyed, and the five that beat him were unstoppable.

Meitz got in some nice rushes, while Watts and Dougall each scored a goal. Bullock met a rough passage any time he got the puck, but got in some nice playing.

The locals did not play their usual game. They failed to combine with each other, but their checking was hard and sure.

Billy Hinds scored four goals and did some nice stickhandling. Also Tommy Kirby let out with some dazzling speed when opened at times. He scored one goal, and it was the neatest of the evening, drawing Brooks out and shooting it into an empty net. Jim Naphin was not up to his usual form, but he did some effective poke checking. Fred Bentley outskated the Kingston men dozens of times, and scored his usual goal. Harry Skitch did some effective blocking and rushing. Tompkins, a new man, guarded the local nets and made a nice job of it. He stopped many hard drives, but was very unlucky on two occasions.

Many fans think that if Clint Shoemaker was given a better chance, he would show them all how to step. As it was, he wasn't on more than ten minutes on Monday night. He played as good as any of them, but wasn't given sufficient chance.

Kingston—Goal, Brooks; defence, Meitz and Bellringer; centre, Bullock; wings, Dougall and Watts; subs., Miller.

Napanee—Goal, Tompkins; defence Bentley and Skitch; centre, Kirby; wings, Naphin and Hoale; subs., Johnston and Shoemaker.

Referee—W. P. McLaughlin.

Deseronto High School defeated Bracebridge last week and won the Interscholastic Championship of Ontario. The team went through the season without a loss and richly deserved their win. The score was 7-1. Deseronto has the classiest little team seen around here in quite awhile. In Whitton, Cole and Perry they have three fine puck chasers, and the remainder of the team are real good players.

Harold MacDougall, centre man of the Owen Sound Juniors, is a former Napanee boy, and the fans of the town are quite cheery about the fact that such a fast, clever player once lived here. Harold was Owen Sound's star on Tuesday evening in Kingston, and had the lion's share of the glory in the return game in Toronto last night.

J. H. PHILLIPS DIES IN WATERTOWN

Aged Piano and Organ Maker Expires.—Burial to be at Napanee.

John Henry Phillips, aged 89, died this morning, about 9 o'clock, at the home of his daughter, Mrs. Robert Stewart, 309 South Indiana Avenue, Mr. Phillips had been in ill health for several months, his condition being considered serious for the past two weeks.

For many years he was engaged with his father in the making of pianos and organs in New York City. Mr. Phillips' father was considered an excellent piano and organ maker. When he first came to this country from Germany. The son learned his father's trade and then became associated with him in business. Later Mr. Phillips moved to Canada, where he resided for many years in Toronto and Napanee. He was engaged in the manufacture in the Canadian cities after the death of his father.

Mr. Phillips was born in Hamburg, Germany, March 11th, 1836. He was the son of the late Henry J. and Louise Schmidt Phillips, of Germany. He resided in the native village with his parents until he was ten years of age. It was then his father decided to come to the United States and make his future home. After arriving in this country, the father of the boy settled in New York City. Mr. Phillips obtained his education in the public schools of the city.

After completing his education, he learned the piano and organ business from his father. When Mr. Phillips became of age, he became associated with his father in the business. Later he moved to Toronto where he resided for a short time and then moved to Napanee. He resided in that town for nearly 60 years.

It was in 1865 that Mr. Phillips married Miss Charlotte Birch of England. The couple continued to make their home in Napanee. About nine years ago Mrs. Phillips died and Mr. Phillips moved to this city to make his home with his daughter, Mrs. Stewart.

He is survived by his daughter, Mrs. Robert Stewart of this city and a granddaughter, Mrs. James W. Tyldesley of this city and two brothers and sisters in the west.

Services will be held at the home of his daughter, Mrs. Stewart, Friday evening, at 7.30. Rev. H. L. Pyle, Pastor of the Emmanuel Congregational Church, will officiate. The body will be taken to Napanee Saturday for interment in the spring.—Watertown Daily Times.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "The Divine Saviour and the Divine Redemption."

At a well attended meeting of the Reidville W. M. S. held on March 4th, at the home of Mrs. R. J. Wilson, the following officers were elected for the Conference year beginning April 1st: President, Mrs. R. J. Wilson; 1st Vice President, Mrs. Thos. Wagar; 2nd Vice President, Mrs. W. Galbraith; Recording Secretary, Mrs. Thos. Wilson; Corresponding Secretary, Mrs. A. Hyland; Supply Secretary, Mrs. Wm. A. Reid; Treasurer, Miss M. Closs; Strawberry Secretary, Mrs. Ed. Hannah; Superintendent of Mite Boxes, Mrs. A. Hyland.

The W. M. S. of Tamworth congregation met in the R. E. building on Tuesday night, and after an interesting programme, elected the following officers: President, Mrs. S. White; 1st Vice President, Mrs. W. Reddick; 2nd Vice President, Mrs. Jerry Donovan; Recording Secretary, Mrs. D. B. Floyd; Corresponding Secretary, Mrs. O. McKnight; Treasurer, Mrs. E. Carscallen; Strawberry Secretary, Mrs. J. A. Brown; Superintendent of Mite Boxes, Mrs. L. P. Wells; Leader of Mission Band, Miss Hale Donovan; Assistant Leader, Miss Milligan; Organist, Mrs. A. B. Carscallen; Assistant Organist, Mrs. Robert Switzer; Mrs. S. White, Mrs. A. E. Thornley and Mrs. D. McKnight were also Mrs. Gilmour as alternate, were elected delegates to the Presbyterial, which meets in Napanee on April 14th and 15th.

The many friends of Rev. S. G. Rorke who was minister of the Tamworth Methodist Circuit from June, 1915, to June, 1920, were shocked to hear of his death in his home in Brantford, Ont., on Wednesday, 3rd March, in his sixty-fourth year of age, and for the last few years had retired from the active ministry.

Orders promptly filled at Wallace's Drug Store.

BETHANY

Our pastor preached a very interesting sermon on Sunday last, but there was a small congregation on account of the rough weather.—Mr. and Mrs. G. Sproule and family spent Sunday at W. Sherman's.—Sorry to learn Mrs. A. Dempsey has been quite ill. We hope she will soon be able to mingle with us again.—A very successful social eveuing was held by the Ladies' Aid on Monday evening at the home of Mr. and Mrs. W. Spencer.—Mr. and Mrs. Roy Rombough Sundayed at Mr. Jas. Moore's, Hay Bay.—Mr. Jack White has moved into his new home.—Mr. James Gerow is attending County Council this week.—Teams have started hauling gravel on our roads again.—Mr. and Mrs. Jas. Davis visited their daughter at Glenora on Thursday last.

TRINITY ANNIVERSARY

The seventy-sixth anniversary of Trinity Church, held on Sunday and Monday last, will be long remembered by all who participated. Large congregations attended all the services. The musical programme was under the leadership of Professor Baird, who presided at the organ, and was assisted by his daughter, Miss Catherine, at the piano. The selections by the choir of Trinity Church, augmented by the Masonic Choir, and with Mr. George White, of Ottawa, tenor soloist, were excellently rendered, while special mention should be made of the opening anthem, "Gounod's Sanctus". Mr. White sang solos at both the morning and evening services, and his sweet, pure tenor voice thrilled the audiences.

The special preacher for the occasion was Rev. Ailsworth Eardley, B.A., of Dominion Church, Ottawa, who delivered two masterly, inspiring sermons. Mr. Eardley took for his morning subject, "The Liberty of the Spirited Guided Church," and in the evening, "Life in Earnest." Seldom has a Napanee audience listened to sermons so wide in outlook, so scholarly in interpretation, and so forceful in spiritual appeal to the christian people of to-day.

On Monday evening the men of the congregation served their annual dinner to a large concourse of people, who enjoyed the splendid repast provided.

The dinner was followed by a concert of exceptional interest and merit. The selections from Dickens, rendered by Rev. Allworth Eardley, presented different characters from Dickens in a most delightful manner. Mr. Eardley gave an interpretation of Dickens, which, with its peculiar English flavor, portrayed many outstanding points in the characters which ordinarily might not be noticed.

His first selection was Nicholas Nickleby and Mr. Squeers. The representation of Squeers as the domineering, unmoral, selfish and grasping parody of the head of an English Private Boarding School, was masterly, as were his presentations of Mrs. Squeers, Nicholas Nickleby, and the unfortunate Smike. Mr. Squeers at breakfast, and his return to Dotheboys Hall with Nicholas Nickleby as assistant master, and several youths for tuition, were very realistic. Afterwards he portrayed the unfortunate Smike and the scene where Nicholas broke away from Squeers' followed by the faithful and fawning Smike, and then finally the portrayal of the end of Squeers.

Mr. Eardley's second number, from Bleak House, gave a clear picture of Mr. and Mrs. Chadband and Mr. and Mrs. Snagsby and Guster, when the Chadbands were entertained by the Snagsbys.

The third number was the address of Sergeant-Buzfuz to the Jury in the celebrated Breach of Promise case in the Pickwick Papers.

Mr. Eardley held the audience spell bound during his portrayal, which is believed to be the best that has been given in Napanee in all our experience.

The selections given by Mr. George White delighted everyone. He was very generous in responding to the many encores demanded.

The numbers rendered by Professor Baird on the organ, and Miss Catherine Baird at the piano, were well received. Special mention should be made of the genius of Miss Baird in the numbers given.

The Masonic Choir delighted the audience with the harmonious blending of their voices in the excellent numbers rendered.

The financial results were entirely satisfactory, the objective having been reached.

By general consent the services of Sunday and Monday last manifested the spirit of harmony and co-operation never surpassed in the history of Trinity Church.

MORVEN

Miss Jean Kay, of Waukegan, Ill., arrived here on Monday to visit her foster-mother, Mrs. Bailey Hamm, who has been very ill in Kingston hospital, but is now improving nicely.—Mr. Moore Finnegan, of Pittsburgh County, spent a few days with his sister, Mrs. J. R. Purdy. — We are glad to welcome Mr. Jim Hawley and family to our church and community. — The missionary meeting, which was held at the home of Mrs. John Bell on Wednesday afternoon, was well attended.—A very instructive demonstration of the use of aluminum ware was held at Mr. Arthur Vanslyck's on Thursday evening.—Much sympathy is expressed for Mr. and Mrs. Lawrence Baird in the death of their infant son, at the home of Mr. and Mrs. A. Mills.

YARKER SOUTH

March certainly came in like a lion. We hope to see it go out like a lamb. — Dyster suppers seem to be the fad for the winter evenings. We were treated to one at the home of Chas. Curle on Wednesday evening. — We are glad to report that Mr. Curle is improving from his recent accident. — Miss Annie Love spent Tuesday in Napanee. — Mr. and Mrs. G. C. Davy spent Friday evening at Mr. Archie Maclean's, Harrowsmith.—Mr. and Mrs. J. Switzer entertained on Monday evening. — Mrs. M. Love returned home on Monday afternoon from Glenburnie. — Mr. and Mrs. Harold Huff, and Walter, left on Tuesday for a visit in Glenburnie and Kingston.

THE PRESENT POLITICAL SITUATION.

The ways of politicians and parties are sometimes hard to understand, and we are up against a condition now at Ottawa which would acquire a prophet, a clairovoyant and a contortionist all combined in one to make head or tail of. We are willing to give W. L. Mackenzie King credit for possessing some of these qualifications, but whether he understands the situation or not is open to question. There is one thing that seems quite plain, and that is that office is sweet to Mr. King, and we cannot but admire him for the tenacity with which he holds on, having such an uncertain grip. Starting in without policy, without cabinet and himself outside, he suggested the plight of a prize fighter tying against the ropes with a broken nose.

On the other hand, many of Mr. Meighen's friends think him well out of it, and he very likely thinks so himself, but he had the responsibility been placed upon him he would at least have had a policy, one on which he and all his followers could go their election, and they were all prepared to stand by that policy. What Mr. King and his followers won their elections by racial propogands in Quebec and sectional appeal in the other provinces. With Mr. Meighen we would have had something positive, good or bad, and we would know where we are at. But who can tell where we are now? Mr. Meighen and his party kept the members at their post long enough to demonstrate that the government, such as it is, had not one measure or piece of legislation ready to bring before the house. A few suggestions were thrown out in the speech from the throne, the purpose of which was obvious. Some of these suggestions are as distasteful to some of Mr. King's party as they could be to any and are not at all likely to be carried through. And there we are.

We have arrived at a time when we should not take our partyism seriously, but we should take our country's condition seriously, and take the first opportunity, and see to it that something sane, stable and sensible should emerge.

Government by party is the best kind yet devised, but we should not let our partizanship run away with common sense. Any attempt to carry on government, such as the present, should be sat upon so decisively that such an attempt would never be made again by any party. Details would only make things look worse.

CAMDEN EAST

The past few days have been cold, with more snow in this vicinity than we have had all winter. — Mrs. S. Brien returned from Kingston last Saturday, where she visited with her sister, Mrs. Leishman, for a few days. — Mr. and Mrs. J. W. Stewart spent an evening recently with Mr. and Mrs. Bert McPherson, Lamuns East. — Mr. and Mrs. Chas. Wallace, Odessa, visited Mr. and Mrs. L. Hartness on Sunday last.—Mr. and Mrs. Jas. Yonnans are visiting their daughter, Mr. and Mrs. Saundercook, at Collins Bay, for a couple of weeks. — Mrs. Wm. Hinch spent last Saturday afternoon with Mrs. Ted Allore.—Mr. and Mrs. W. Amey visited her daughter, Mrs. Fred Switzer, Denbigh, last week.—Miss A. Lormer, of Lansing, niece of Mrs. A. Reddick, is visiting her for a few days.—Mrs. D. B. Amey is spending a week with her mother, Mrs. John W. Bell, and two brothers, at Desmond.—Mrs. E. M. McKim received a message announcing the death of her sister, Mrs. Sharpe, who died in the General Hospital, Kingston, on Tuesday morning. The remains will be taken to Tamworth and placed in the vault until spring. Mr. F. L. Worminton, who is a brother, sent a message that he was unable to attend the funeral on account of illness, and Mrs. McKim, a sister, was also unable to attend on account of illness.

BETHEL

The past week has been very cold and stormy, considerable snow having fallen.—Mr. and Mrs. Samuel Hamilton and family spent a day recently at Mr. G. Jeffrey's.—Mrs. John Connoly, of Yarker, has been home, after spending ten days with her sister-in-law, Mrs. Myrtle McWilliams.—Mrs. Joseph Lewis and son, Paul, spent the week-end in Colebrook with her sister, Mr. and Mrs. G. Riddle.—Mr. and Mrs. G. Jeffrey and Mrs. McWilliams entertained the following to tea on Thursday evening:—Mr. and Mrs. James Doyle, Miss Stella Doyle, Messrs. Percy and Gerard Doyle, Mr. J. Dewey, of Camden East; Mrs. S. Connoly, of Yarker; Mr. and Mrs. Allen Miller, of Moscow, and Mr. Elgin McWilliams. — Mr. Harry Riddle and bride, of Boston, visited his sister, Mrs. Joseph Lewis, recently.—Mr. Jay Hamilton is reported better, after a severe attack of bronchial asthma.—Mrs. R. Jackson, of Yarker, spent a few days with her parents here.

Please enclose stamps with order for kodak work. The immense quantity of photo work we receive would otherwise entail an impossible amount of bookkeeping. See any issue of "Kodak" for the past six weeks, for prices. Wallace's, Kodak Agents.

Completely Relieved After Short Treatment

Ontario Man Suffered With Kidney and Bladder Trouble

Mr. H. Waldriff Highly Recommends Dodd's Kidney Pills.

Englehart, Ont., March 8th, (Special)—"I have used Dodd's Kidney Pills for kidney and bladder trouble. After using a few boxes I felt completely relieved. Was also bothered with a sore back and can honestly say I have not been bothered with any of these symptoms since. Can highly recommend Dodd's Kidney Pills."

Mr. H. Waldriff, a well known resident of this place, sends us this statement.

Dodd's Kidney Pills simply heal sick kidneys. They relieved Mr. Waldriff because his ailments were symptoms of kidney disease. When the kidneys get out of order they fail to strain the impurities out of the blood and general lassitude and weakness ensues. This condition is not only disagreeable but dangerous as well. The impurities in the blood are the seeds of disease. If they are not removed Rheumatism, Lumbago, Gravel, Dropsy, Diabetes, or Bright's Disease may result.

HOCKEY

Croydon vs. Reidville.

On Saturday last, the Croydon Dogs journeyed to Reidville for the second game of the series. The enthusiastic supporters of the Cats cheered themselves hoarse, but to no avail, the Dogs again reaped the victory. The score was 5 to 3.

Mr. John R. (T. Eaton) Kring is to be complimented on having his team in such fine condition. It is said that he leads them in a five-mile run each morning before breakfast.

The Dogs played like a well-oiled machine. Their combination play and puck-passing was beautiful, and only the smartest goal-tending by Earl (Heh) King, kept the score down.

1st Period.

The Cats leads in the attack from the start. Hugh (Lugs) Fingland took the puck almost from the face-off and squirmed his way through, to plant it in the corner of the net. Eagle-eye was asleep at that one. The feature of the Cats' play was their one-man rushes. Time and again Kenneth (Punkin) Hannah Bayley broke away on a mad rush down the ice, but each time he overshot the goal. He had his eye on a man in the crowd. The Dogs contented themselves with a defensive game, seeking to tire their offensive foes. The period ended with the score 1-0 in favor of Cats.

2nd Period.

The Dogs took the aggressive, sweeping down the ice three abreast. They swept all before them but Wm. (Cricket) Lyman, who refused to budge from his seat on the ice. Three goals rang off their sticks in rapid succession, (Boots) Boomhower scoring 2 and (Bub) McGregor 1. Near the end of the period they wound up. Suddenly Donald (Dozg) Hannah came out of his doze, and taking the puck, bore down on the Dogs' citadel. His shot swept Eagle-eye from his feet, completely disabling him. He was replaced by Eddie (Oh, boy!) Boomhower. Period ended 3 to 2 in favor of Croydons.

3rd Period.

The rafters rang in this period, when the opposing managers faced each other in the face-off. Reguish Robert King and John (T. Eaton) Kring. Reguish Robert secured the rubber and sent a scorcher at Eddie (Oh, boy!), who swallowed a whole chew of King George, when he saw it coming. Therefore Reguish Robert was more than useless; he spent all his time telling the crowd of his prowess, until Referee Hannah banished him for loud laughing. The Dogs' defence pair Hunk Hughes and Hubert (Lionheart) McCabe, scored 2 more goals. Each having their head in a case of glasses of pansy, they said it kept out the moose-like roars of Reguish Robert.

From that time on, Goalie Eddie (Oh, boy) Boomhower had difficulty in keeping his feet warm; the entire pack of Dogs fell back to protect him. The final score was 5 to 3.

Next game to be played at Croydon at the new arena.

Mr. John R. (T. Eaton) Kring is offering a handsome gold inlaid fireside pipe to the leading goaltender, that he may smoke and dream pipe-dreams of days gone by.

SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan. — "I had inward troubles, headaches and severe pains in my back and sides. I was so sick generally that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was confined to bed to my baby and could not do my work. She told me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood Medicine. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters I receive asking about it." — Mrs. WILLIAM RYCHUS, Box 406, Melfort, Saskatchewan.

THE WEEK IN THE LEGISLATURE

Toronto, March 6th. — Debate on the Address, which so far has not taken up a great deal of the time of the Legislature, will end next week. It is announced that Hon. W. H. Price will bring down the public accounts and make his budget speech on Thursday, March 11th, and Premier Ferguson met the wishes of W. E. N. Sinclair, Liberal Leader, by agreeing that the Public Accounts Committee might meet on Friday, the 12th. Both Opposition Leaders have been pressing for early convening of this body, and as the government expresses a desire to expedite and assist any form of investigation which members wish to institute, that ought to make it unanimous. Premier Ferguson on Tuesday reminded Mr. Sinclair that there is no absolute necessity of the House closing at Easter. "The government," he said, "has no particular desire to get through at Easter. If there is any business to be done, up to the first of May or any other date, the government is prepared to see that it is looked after."

* * * * *

Feature of the week, perhaps, from a non-partisan viewpoint, was the review by Hon. J. R. Cooke, on Thursday evening, of the hydro power situation. The minister, who represents the government on the Ontario Hydro-Electric Commission, expressed the opinion that Eastern Ontario holds the key to future industrial development of the province, although up to the present time the volume of power developed under public ownership is relatively small compared to that handled in Western Ontario. There was a significant announcement which is taken to indicate expectation of a definite arrangement in the near future for power from the Ottawa, by co-operation with Quebec. The minister alluded to lack of a favorable reply from the federal government to a request made two years ago that the Hydro Commission be allowed to proceed with development on the St. Lawrence, and said: "Before this session closes there will be placed before the House a record of the negotiations in connection with that matter, but I can assure you tonight that the Government and Commission together have taken the necessary steps to ensure that a power supply will be furnished for the legitimate expansion of industry, and no power shortage will be allowed to develop in this province." The minister also recalled the attitude of the Drury-Raney government toward the hydro commission, quoting the words of Sir Adam Beck in his last speech in the House, when he said that he was "still plucking thorns from his side."

* * * * *

The Prime Minister has formally taken over administration of the lands and forests department, following resignation from the Cabinet of Hon. James Lyons. It is understood, that he desires to retain the portfolio of education, in which he takes keen interest, and that he will carry on lands and forests only temporarily. There appears to be particular ground for a rumor that Hon. Charles McCrea will take on the duties, although the mines department was formerly in with lands and forests. Names of various others are mentioned in the press in connection with the vacant portfolio, but Premier Ferguson has intimated that he will take whatever time may be necessary for proper consideration. "I think," he said on Thursday, "the ordinary man in the street realizes that the prime minister is entitled to a reasonable opportunity in refilling the position vacated three days ago. At times I have heard complaints from the Liberal Leader and those associated with him, that I had taken undue time in making selections to occupy important positions in the public service, but I put it to the House and to the country, if the delay has not been justified by the type and character of the men invariably selected."

* * * * *

M. M. MacBride, member for Brantford, in his speech in the Address debate, made a constructive suggestion, in connection with the fuel situation. He proposed that Ontario, Alberta and Nova Scotia each appoint an expert chemical engineer to look into the whole proposition of low grade coals. On the authority of a noted Canadian chemist, the member gave figures to show that by-products to the value of $10.61 can be extracted from a ton of Alberta coal, leaving three-quarters of a ton of coke. The coking proposition was before the House of Commons a year ago, when it was proposed to subsidize coking plants but no action thereafter was taken. Hon. Beaudrie's plan is that plants might be erected at points on Lake Erie and Lake Ontario, so as to get cheaper water haul in addition to bringingbringing coal down. The government, your correspondent understands, is not losing sight of the matter, and indeed, has taken the initiative all through in bringing Alberta coal into Ontario.

* * * * *

Needless to say, the week has not passed without numerous references to the Ontario Temperance Act, and the matter is now officially before the House in the form of two bills introduced by Col. John A. Currie, of Toronto. They are, of course, not government measures, and it is hard to tell what may become of them, but an interesting discussion seems likely. One provides for sale of liquor under government control, and the other would amend the O. T. A. Stores would be established, in such municipalities as the government deemed desirable, but only where a majority of the voters approved, such local option stores to be taken once in three years. Purchase would be allowed only upon issue of permits.

* * * * *

Meantime, there have been further allusions to the O. T. A. in the addrees debate, and one of these, by Hon. J. R. Cooke, may be quoted, in view of his Cabinet rank. He said: "The O. T. A. is a part of the statutes. No mention has been made in this Government in the speech from the throne as to any changes contemplated, and is has been absurd what we have had to listen to in this House from men seeking to influence public opinion." The minister alluded to discussion of the O. T. A. in Conservative caucus in 1916, saying that the present prime minister was the most potent influence at that time in causing the party to make prohibition a principle of Conservative policy. Mr. Cooke added: "Time has perhaps brought changes, and perhaps the pendulum may have swung too far, and it is a perfectly reasonable subject for men to consider, but not in a fanatical way."

* * * * *

Major J. F. B. Telford (Con., E. Northumberland) who is a strong temperance man, representing a "dry" riding, took similar ground, and incidentally paid high tribute to the administration of certain departments, such as Mr. McCrea's, Mr. Goldie's, and to Mr. Nickle's efforts to enforce the O. T. A. Of the administration generally, he said: "The Government has administered every law on the statute books, and given splendid service to Ontario, and I am proud to number myself as one of its supporters. I feel that the province appreciates what the premier and ministry have done, and that the electors of Ontario will show their appreciation when the time comes."

* * * * *

The standing committee on agriculture was the scene, on Tuesday, of a lengthy discussion of Hon. John S. Martin's bill "To Improve the Quality of Dairy Products", in which compulsory cream-grading is involved. Members were virtually unanimous in stating that the opinion of their constituents was now favorable, and explanation of details, given by George H. Barr, new dairy director, was received with interest. On the same afternoon, the bill obtained second reading in the House. Incidentally, there was a personal tribute to Mr. Barr from J. F. Hill, East Hastings, during the discussion in committee. He said that with all due deference to other officials in the department, "If Mr. Barr had been here ten years ago, there would have been a different feeling among cheese-makers of the province today, and I hope he will continue to address meetings throughout the province."

* * * * *

A statue of Sir James Whitney, former premier of Ontario, for which the government gave a commission a couple of years ago to Mr. McCarthy, Ottawa sculptor, is now almost completed, and Hon. George S. Henry, Minister of Public Works, has intimated that it may be possible to hold an unveiling about Victoria Day. The memorial to the late Conservative chieftain is to be erected in Queen's Park.

* * * * *

About three-quarters of the townships of Ontario have complied with the "Highway Laws Amendment Act, 1924" and are receiving grants accordingly, Hon. George S. Henry stated on Friday afternoon in reply to a question by D. R. Ross, North Oxford. The number which have complied is 275, and 103 have not. Asked whether the latter are still performing statute labor, the minister said: "The Department is advised that a considerable number of townships have abolished statute labor, but have not yet passed the necessary by-laws to enable them to obtain the 20% payable by the government." He added that it was the wish of the department to have all townships participate in this assistance.

TOO LITTLE BLOOD

The Cause of Nearly All the Everyday Ailments of Life

Too little blood — that is what makes men and women look pale and sallow and feel languid. That is what makes them drag along, always tired, never real hungry, unable to digest their food, breathless after even slight exertion, and often feeling that life is scarcely worth living. Some doctors tell them they are anaemic—the plain English being too little blood.

More weak, anaemic people have been made strong, energetic, and cheerful by taking Dr. Williams' Pink Pills than by any other means. The case of Mrs. A. D. Fowler, Bowring Alta., is excellent proof of this statement. Mrs. Foster says:—"Some years ago I was very badly run-down. My doctor attended me for several months and then told me I had better go South to spend the winter as my blood was so poor that he feared I would not stand the cold of our winter. I took his advice and went to my mother's, and as soon as she saw me she said, 'Dr. Williams' Pink Pills are what you need.' She got the pills for me and I began taking them. I had intended staying three months but at the end of the second month I came home a well woman. When the doctor saw me he said, "You are all right now, but don't let yourself get run-down again or nothing will save you." Then last winter I had the influenza, which left me as weak and pale and miserable as before. Again I took Dr. Williams' Pink Pills and again they made me well and strong. I can gratefully recommend the pills for I feel that they have saved my life."

Weak, ailing men and women should begin taking Dr. Williams' Pink Pills to-day and note the speedy improvement that follows. You can get these pills from medicine dealers or by mail at 50 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

She was a sentimental young girl, and had devoted much time and tender thought to the home decorations. Her surprise may be imagined when she came downstairs one morning and found the decorations moved around, and all the mistletoe hanging in the windows.

"Say, sister," explained her little brother, "you've had that mistletoe hanging up for nearly a week, and you haven't had a single customer. You're not up-to-date. What you want to do is to advertise.

A young man from Canada came to England, and was paying a call on the house where there was a very pretty daughter.

"Do you have reindeer in Canada?" she asked him during the course of conversation.

"No, darling," he answered; "at this season it always snows!"

"IN THE PUBLIC EYE" By Leslie Lewis, R.O.

THE study of optometry is a most interesting one. By the use of an ophthalmascope we look into the interior of the eye. We can tell if any opacities cloud the cornea or the crystaline lens. We can measure the amount of astigmatism in the eye. We can find your exact range of vision with other tests, and from our deductions furnish you with the proper corrective lenses.

BATH

Mr. and Mrs. M. H. Mellow spent a few days in Toronto recently.

Mrs. (Rev.) G. W. Swayne, who has been seriously ill, is improving.

Mrs. Frank Mellow and son, of Napanee, spent a few days recently at Mr. George Davy's.—Mr. John Bain, of Kingston, was a recent visitor with his parents, Mr. and Mrs. Thos. Bain, for a few days. — Rev. Hope Swayne, who officiated in St. George's Cathedral, at Kingston, last Sunday morning, spent a few days with his parents at the Rectory, and preached in St. John's Church, last Sunday evening. — Mr. James Hawley, who has purchased a farm near Morven, moved on same last week.—The Red Cross Society, attracted a large crowd.—Mr. John Barrage has been confined to the house through illness.

"Nervous breakdown, debility; nothing much to worry about. Get in the country; long walks in the open air. No alcohol in any form, and —" The patient sighed. "And one cigar a day."

"But—doctor——"

"One cigar a day!" reiterated the doctor firmly.

Six weeks later the patient returned to town.

"How do you feel?" asked the doctor.

"Splendid! Fit as a fiddle!"

"And you lived it all?"

"Yes, everything except the one cigar."

The doctor smiled.

"The tobacco habit, my dear sir is——"

"Isn't any joke," put in the patient, ruefully. "It's hard for a man at my time of life to take up smoking!"

COLLEGIATE INSTITUTE

The Collegiate Institute has obtained from the National Art Gallery, Ottawa, a loan of twenty paintings by the most notable Canadian artists. These will be on exhibition for the first time on Friday evening, March 19th, in the different class rooms in the Collegiate Institute, and thereafter they will be on view to the public every afternoon after 4 o'clock.

The following artists have also loaned work which will be on exhibition at the same time: Mrs. A. P. Derocie, (nee Bessie Bogart), Ottawa; Will C. Smith, Napanee; Kathleen Daly, Toronto. Mrs. Ada Hitchins, Stella, has loaned some landscapes painted by her grandfather, Mr. D. Fowler, several of whose paintings are in the National Art Gallery, Ottawa.

On the same evening and preceding the exhibition, an entertainment will be given in the auditorium and gymnasium, commencing at 8 o'clock. In the auditorium at 8 o'clock, scenes from Dicken's Nicholas Nickleby will be presented. At 9 o'clock the rooms will be open for exhibition of the pictures, following which there will be a basketball game in the armouries, and at the same time as the basketball game there will be an illustrated lecture in the auditorium.

MOSCOW

Colds have been seen in this locality the last few days, which is a true sign that spring will soon be here.—The Women's Institute held a very enjoyable meeting on March 4th. A large number of members and several visitors were present. The main business of the afternoon was discussing plans for a bazaar and play to be held about the first of June. Community singing and a contest added to the pleasure of the meeting. A delicious lunch was served by the committee in charge and a social half hour enjoyed by all. The April meeting will be held at the home of Mrs. Cecil King.—The W.M.S. met at the home of Mrs. A. N. Benn on Wednesday, March 10th.—Mr. and Mrs. M. I. Huffman entertained a number of friends Tuesday evening.— Miss Florence Huffman spent the week-end at her home here.—Miss Hill and Miss Nichols have resumed their duties, after a week's holiday on account of sickness.—The young people are practicing for a play to be given in the near future.—Mrs. Cline entertained on Thursday evening.—Mrs. Connoly is visiting Mrs. Lyall Milsap.—Mrs. R. IN MEMORIAM.

In loving memory of Mrs. Reuben Curle, who departed this life March 13th, 1925.

In the graveyard softly sleeping,
Where the winds gently wave,
Lies the one we loved so well.
Tried so hard, but could not save.

Days of sorrow still come o'er us,
Tears of sadness flow for you;
When we think of you, dear mother,
Whom we lost one year ago.
—Son, John and George.

IN MEMORIAM

In loving memory of Malcolm A. McQuaig, who passed away March 15th, 1921.

There is someone who misses you daily,
And finds the years long since you went;
There is someone who thinks of you sadly,
But tries to be brave and content.
We watched you suffer day and night
It gave us bitter grief;
The weary hours, days of pain,
And we could not give relief.
What would we give to clasp your hand?
Your happy face to see?
To hear your voice and see your smile?
That meant so much to me?

Sadly missed by Father, Mother, Brother and Sister. 11ap

Choose Your Easter Wearables at Robinson

The new Materials and the new Fashions have arrived. Our store is in the first full h of Spring. From the greatest shrines of Fashion come Hats, Dresses, Wraps and Suits—empha and proclaiming new silhouettes, new materials and new colorings for the approaching Spr season. Every department is now demonstrating these newest creations. Your earliest inspec is cordially and earnestly solicited.

Lightness of Fabric, Delicacy of Ornamentation Marks the Afternoon Mode in Dresses

"Elaboration" is a new Spring characteristic. No longer is fashion content with simplified sleeveless dress lines. This season dresses exploit wide spread diversions, including and featuring skirts that defy adequate descriptions with their tiers, panels, flares and tucks. Sleeves in Easter dresses are long and come in a unique variety of styles. High collars (that are usually convertible), have their own way completely. Narrow streamers are artistically fastened to neck-lines and permitted to drape at will.

MATERIALS

Sheer fabrics as Georgette, Crepe-de-jour, Chiffon, Crepe-de-chene, Foulard and Flat Crepes are particularly fashionable whether exploited in plain, printed, bordered or combination effects.

COLORS

Gorgeous in rich pastel tones, including new Green shades, new Rose shades, new Wood shades, new Blue shades, new Grey shades, especially adressing the increasing vogue for Navy Blue.

PRICED FROM $12.95 TO $57.50

Tweeds Rival Twills in Fashioning Spring Coa Both Fabrics Are Sponsored in Delightful Silhouettes

The Coat with the rippling postilion cape is one of Fashi newest Silhouettes. Other modes foster "the full gathered a "the straight pleated" effects. Tailored themes are exposed Prince of Wales models. Coat sleeves provide diversions apte with attention given to cuffs and elaborate ornamentation. fa lars are small up-standing affairs usually edged with contrast or matching colored furs.

FABRICS

Tweeds, so popular with the fashions in England and Scotland, have captured the 'mode' in this country. The various Twill weaves, however, provide close and interesting rivals. Suede finish fabrics and fine velours create a wealth of variety in Spring selections.

SHADES

In Spring Coats follow the accepted rule with soft pastel colors heading all the approved color ch "Everglade" is a popular new Gre "Veronica" is an attractive new "Muscatel" belongs to the Rose fa lly, "Arrowhead" is a lovely Grey shade. "Mexican" represe the newest in wood tones, while Na and Black are exceedingly fash able.

PRICED FROM $12.75 TO $87.50

BEAUTIFUL MATERIALS TO SUPPORT SPRING FASHIONS

"Gay new materials for Spring" is a topic that sounds a responsive chord in every feminine heart at this season. A rightly it should, because never were fabrics so wonderfully cap tivating in colorings, color combinations and in artistic design Printed and Bordered patterns have taken the mode by storm for this season at least, and can be chosen in complete variety weaves and weights. From the most authentic twills on two con tinents we have chosen our supplies. You'll find them on displa in our "yard-goods" departments. We cordially invite your inspection.

ODESSA

Last Wednesday afternoon Mrs. (Dr.) J. E. Mabee opened her home for the postponed February monthly meeting of the W.M.S. of the United Church. Forty-two were present to hear the splendid, programme prepared by the committee. A history of the work was given in an interesting way by several members, interspersed by lovely vocal and instrumental duets and solos. Just before Mr. Fred Caton came in and expressed a desire to say a few words. He told of the comfort and sunshine given his wife in her last illness, and the kindly thoughts and deeds of those ladies and with flowers sent by them which she loved so much. Her last words were for him to keep up her membership as long as he lived and he handed the Secretary, Mrs. G. W. Lucas, a liberal donation. Mrs. Stanley Sproule at once volunteered her home for a social in aid of the Flower Fund. Owing to the needs of this fund the ladies offered a special collection for this as well as the regular collection, with most gratifying results. The Secretary also told of the cheque for five hundred and twenty-six dollars and seventy cents ($526.90) given by the Executors of the will of the late Mrs. Lavina Snider for the legacy willed by her to this Society. Several new members were enrolled. Mr. Caton was made an honorary member. Refreshments were served by the hostess, and the funds were increased by over twenty-five dollars as the result. All went home feeling glad to have been present at such a spiritual and profitable meeting.— Mr. and Mrs. Harold Cairns, Ford, Ont., are guests of the former's parents, Mr. and Mrs. Robert Cairns.— Charley Pahlic, Toronto, visited Mr. and Mrs. S. J. Sproule, last week.—Mr. W. F. Deroche, Napanee, called on Mr. and Mrs. H. J. Smith, last Friday.— Harry Laughlin, who has been spending the past two weeks with his father, Alexander Laughlin, has returned to his home in Goram, Maine.— Nelson Kilpannen, who has been spending a short time with his parents, left last Tuesday for Waterdown.— He was accompanied by his mother, who will visit her daughters, Mrs. Moore and Mrs. Souva, before she returns.—Irvine Lemmon has moved on Miss Milsap's farm, recently vacated by James Shannon.— Fred Hodge has moved in with his father-in-law, Charley Hillier.—The High School pupils held their annual reception in the Town Hall, last Friday night, and it was a very brilliant affair. The staff of teachers received much credit for the arrangements, and the hall was handsomely decorated in the H. S. colors, yellow and black. Before lunch the time was taken up with cards, games and guessing contests, all of which afforded great amusement. The delicious refreshments, including ice cream, were served by the ladies and enjoyed by about one hundred and fifty. The music was furnished by the Wilton Orchestra, and the dancing, (including many novelty dances), was indulged in until the early morn.

Quite the smartest event of the season was the At Home on Friday night, when the ladies of the Odessa Continuation School entertained their many friends. The hall was a veritable fairyland, decorated in the school colors, black and orange. Nearly a hundred couples enjoyed the dancing amid shaded lights and soft music. The programme consisted of a number of novelty dances. The balloon dance was quite in the lead in popularity. At eleven o'clock a very dainty buffet lunch was served from a most charmingly arranged table, with a profusion of daffodils and ferns and lighted candles, with Mrs. R. Cairns, Mrs. J. E. Mabee and Mrs. N. Smith pouring coffee. Mrs. J. Kenny, Mrs. S. J. Sproule and Mrs. C. Huggard cut the ices. Card playing was enjoyed by many of the guests, tables being placed on the stage, which was decorated with evergreens and shaded lights. Miss L. Nesbitt, Principal of the O. C. S., wearing green crepe Romaine and gold lace, assisted by her staff, Miss H. Mallory, wearing blue georgette with rhinestones, and Mrs. Huggard in black satin and American Beauty roses, proved themselves most hospitable hostesses.

—The members of the Morven Young People's Society put on their March meeting on Friday evening, March 6th, in the form of an entertainment, which proved to be a great success. The numbers given by the Morven local talent were very good, put on in fine style, and some very amusing, so that they should feel encouraged to attempt greater things in the future. The supreme feature of the evening was the part of the programme put on by the Napanee Strollers, under the leadership of Mrs. MacGregor, of Napanee. The playlet was full of humorous touches of domestic life. The final number was a Pantomime, entitled "Rock of Ages", rendered in a very impressive manner by a junior member of the Napanee Strollers. Thus the evening's meeting was brought to a happy conclusion.

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

HOCKEY TOURNAMENT AT KINGSTON

A hockey tournament was held at the Harbor Arena, Kingston, on Friday evening last, in which six teams competed, viz.: Verona, Sunbury, Gananoque, Napanee, Live Wires and Frontenac Regiment. A fair sized crowd was on hand to witness the contests, and splendid hockey was played. Each game, until the final, consisted of two ten-minute periods.

Verona 1, Sunbury 0.

The above teams opened proceedings and were very evenly matched. Verona winning out by a lone tally, scored by Manson. A little comedy was injected into this game, when, on changing ends at the half-time period, a Verona player forgot about the change and shot twice on his own goal.

Gananoque 1, Napanee 0.

The second game was between Gananoque and Napanee, the former winning out on a shot from behind the net that went in off of Bentley's stick. The Napanee team had the hardest kind of luck in losing the game. The fact that the Napanee goalkeeper was only called upon twice to stop a shot in the whole game shows how well the locals played. For nearly the entire second period the Gananoque team were hemmed in on their own goal, but Napanee were unable to score. Honk did slip in one, but the referee called it back.

Frontenac Regt. 2, Live Wires 1.

Frontenac Regt. defeated their old rivals, Live Wires, by 2 to 1, but in a very unsportsmanlike manner padded their line-up with two Kingston Intermediate players, Lloyd Brown and Red Legon. They won the game, but lost their popularity, as all the Kingston fans showed their disfavor in no uncertain manner.

Frontenac Regt. 2, Verona 2.

The semi-final game between the above two teams was a hum-dinger, and after five five-minute overtime periods the score was a tie, 2 all, and the Verona boys had to leave the ice in order to catch their train for home, thus giving the game to the Regiment. In this game the fans were extremely hostile to the Regiment for using Brown and Legon, and the boys from the north were given a real cheer by the whole audience for their stiff battle.

Frontenac Regt. 5, Gananoque 1.

The Regiment won out in the final game from Gananoque by a score of 5-1, and won the trophy. The game ended at midnight and the fans were interested enough to stay until the finish.

LETTER OF CONDOLENCE

To Sister Inez McGill.

We, the officers and members of Garner L. O. B. A., No. 383, wish to convey to you our heartfelt sympathy in the very great bereavement you have been called upon to undergo in the death of your father. We assure you that every member of our Lodge grieves with you. Your sorrow is also ours, and we pray that the Great Master above may console and comfort you.

We are sure, dear sister, that you will find consolation in the knowledge that your loved one has gone into the Heavenly Home, where the pure and good are gathering from "every land", and where God shall wipe away all tears, and there shall be no more death, neither shall there be any more pain, for the former things are passed away. Yes, to the grave, but to the Crown as well, loved ones are gone, and in Heaven to dwell. Sorrow's night is ended, Jesus' cause defended; gone the Heavenly choir to swell.

Signed on behalf of the Ladies' Orange Benevolent Association.

HOCKEY.

On Wednesday evening, before a fair-sized crowd, Gibbards won the Senior championship of the Town League by a 6-3 score. The game was the fastest of the season, and the crowd were on their toes all the time. The players set a lightning fast pace from the start, and the first period was nearly up when Richardson scored on a rebound. Bentley added another, and the first period ended 2-0 for Gibbards. "B" Company came to life in the second period, and Kirby beat Loucks with a sizzler into the corner of the net. The second period ended 3-1 for Gibbards.

In the third period Laurie Douglas raised the hopes of the "B" Co. supporters by a neat goal.

The feature of the evening was a neat goal by Maurice Tierney. This youngster rushed but lost the puck. He quickly recovered it and beat Loucks with a fast drive. He received tremendous applause for this effort. The Gibbard supporters went wild after the game and cheered each player to the echo.

The teams were :

"B" Co.—Goal, Fraser; defence, Huffman and Caldwell; centre, Kirby; wings, Douglas and Tierney; sub., Tierney.

Gibbards—Goal, Loucks; defence, G. Johnston and Richardson; centre, Bentley; wings, Naphin and H. Johnston; subs., Mag Loucks.

Referee—George Walters.

Those fans who missed the games at the Arena on Monday missed the games of their lives. "B" Co. upset the dope in the Junior game, and held the snappy Gibbard team to a 6-2 score. Four of the goals were scored in the last period, and "B" Co. fought back every inch of the way.

The Senior game was the most bitterly fought game seen at the arena since Napanee beat Point Anne The players had it in for each other and as soon as the game started the fans settled back for a fast, thrilling battle. The checking was heavy from the start, but Referee Naphin failed to administer the penalties and the boys didn't let up any.

Junior Game.

The Gibbard Juniors were held to a 6-2 score, and it was the splendid work of Cecil Harrison in the "B" Co. nets that prevented a large score.

"Mie" MacDonald was "B" Co.'s best. He scored both goals, but Maurice Tierney ran him a close second. Parrott and Walker worked like beavers, while Jack Judson got in some nice checking.

As usual, Dave Stinson and Ralph Wilson were in the lime-light with their clever combination attacks. Ward Huffman and Arnold Rogers got in some fine rushes, while "Mash" Storms made a few nice saves.

The teams :

"B" Co.—Goal, Harrison; defence, Judson and Walker; centre, Tierney; wings, MacDonald and Parrott; subs., Hannah and Thompson.

Gibbards—Goal, Storms; defence, Rogers and Huffman; centre, Sweet; wings, Stinson and Wilson; sub., Hicks.

Referee—Jim Naphin.

Senior Game.

Right from the start the Senior game was a red-hot affair. Both teams mixed it just enough to keep the small crowd on their toes throughout.

Two and three-men rushes featured the play, and checking was heavy but generally clean. "B" McNeill scored the first goal of the game, but Clint Shoemaker soon tied it up. Tommy Kirby then beat the whole St. Pat's team and scored. Before the period ended Billy Houle scored one for St. Pats.

The second period was opened up fast, and the play was terrific. The players gave all they had in an effort to score. In this stanza Freddie Huffman showed the fans some fast rushes and his all-round play was a treat. If this boy sticks to his guns he'll show the fans that he is through with hockey by no means. The period ended 3-2 for St. Pats.

The third period was a thriller. The play became strenuous and heated arguments were frequent. The spectators seemed to feel the tenseness in the air, and showed a free-for-all any minute. "B" Co. scored twice, and then St. Pats scored to tie the game up. Then Wright made several nice saves in goal. However, the more cool-headed players stopped the fighting before any harm was done and the game went on. "B" Co. scored again and the game ended 5-4 for "B" Co.

The feature of the game was the playing of Shoemaker. Contrary to expectations he shot on goal frequently and scored one. Shoemaker also is a two weeks' course in Cooking with evening classes, commencing April 26th, open to members only, and Mrs. G. V. Cooke, of Beamsville, being the instructor selected by the Department. "Grandmother's Day" was also discussed, the date being changed to April 20th, and a specially attractive and varied program being arranged.

Mrs. Ella Wagar gave the paper on Current Events in her own inimitable way, and which item on the program is a special feature of each meeting. Mrs. Meyers gave a very successful and interesting demonstration of making marshmallow candy.

The speaker of the afternoon, Dr. Morden, was then introduced, who gave a very instructive and profitable address on "Foods and Their Values".

The demonstrator and speaker were tendered the thanks of the Society with the request that the latter be asked to continue his subject at a later date.

After Roll Call and singing the National Anthem, the meeting adjourned.

Friction and Velocity.

When one solid body glides over the surface of another the coefficient of friction diminishes as the velocity increases and nearly vanishes when the velocity attains a certain critical value. This diminution of friction is due to the air which partially separates the two bodies at low relative velocities and separates them completely at the critical and all higher velocities.

Plenty of Security.

"Do you feel you are able to support my daughter in the style to which she has been accustomed?" asked the skeptical millionaire.

"Yes, indeed, sir," replied the fervent suitor. "Since our engagement was announced almost any of the banks are willing to discount my notes."

His Vision of Beauty.

Is anything more beautiful, asks a New York World correspondent, than a bend of the river disappearing between green forest banks when the little, noiseless, rippling wake of a muskrat and its wabbles behind his nose in the mirror still-water is the only sign that anything can possibly move in a thousand years?

One Way.

"Now, Johnny," said the teacher, "suppose you wanted to build a $1,000 house and had only $700 what would you do?"

"I'd just have to marry a girl worth $300," answered the young financier.

Two Finds.

"I found a ten dollar bill this morning."

"That shows you are lucky. Have a gift for finding things?"

"My gift stuck by me too long. Next I found the owner."

It is good discretion not to take too much of any man at the first, because you cannot hold out that proportionately.

Great Rejoicing by Rheumatic Cripples

If No Crippled You Can't Use Arms or Legs, Rheuma Will Help You or Nothing to Pay

Get a bottle of Rheuma today and prove a splendid remedy on your face and body.

It's a remedy that is astonishing the whole country, and it's just as good for gout, sciatica and lumbago as for rheumatism.

It drives the poisonous waste from the joints and muscles—that's the secret of Rheuma's success.

But we don't ask you to take our word for it; go to Wallace's Drug Store on any druggist and get a bottle of Rheuma to-day; if it doesn't do as we promise get your money back. It will be there waiting for you.

D. M. McINTYRE,
Chairman.

In the future this order will have to be strictly adhered to. 10c

OBITUARY

Copied by request from Mannville, Alberta, News.

James Nichol Bryden.

After a short illness, on the evening of Sunday, Feb. 21st, 1926, James Nichol Bryden, beloved husband of Grace Bryden, fell asleep, and was not, for God took him.

James Bryden, son of the late John and Isabella Bryden, was born in the Township of Huntington, County of Hastings, Ont., May 2nd, 1849. When but a child, his parents removed to Plinton, Township of Kaladar, County of Lennox and Addington, Ont.

The late Mr. Bryden always took an active part in public life, having served many years as Reeve and County Commissioner, and as Warden of the County.

He remained in Kaladar until 1905, and on coming West continued his interest and work in public affairs. His unfeigned sympathy with those in sorrow or trouble, and his deep concern for the welfare of every branch of church activity endeared him to a wide circle of friends.

The late Mr. Bryden was married to Grace Grant, and to this union was born five children, two of whom died in infancy. He is survived by his widow and four children, Mrs. T. J. C. Tindle, of Elinton, Ont.; John Bryden, Mrs. Neil MacKinnon, and Mrs. H. H. Botsford, of Mannville, Alta.

Mr. Bryden held the position of Postmaster in Mannville, since 1913, a position he filled with credit to himself and the Department. He was always courteous in his manner and had a cheerful word for all at the wicket.

In addition to these duties he had quite an interest in farming, and only last fall, despite his advanced age, he was quite actively and was soon hauling grain for several days. His demise is keenly felt throughout the district, as he was one of the real old-timers of the locality. As a citizen he was one of the best, and was a shining example to his fellowman, being of strict religious beliefs and devoted to the work of the church and interested in every good and worthy cause.

The funeral took place Wednesday afternoon, Feb. 24th, the service at the Union Church being conducted by Bro. Rev. A. R. Nash, as Chaplain of the Orange Lodge, under whose charge the services were carried out. The service was well attended, several hymns sung by the congregation and choir being favorite selections of deceased. Over one hundred were unable to get seats in the church and were compelled to stand outside.

After the service, the funeral cortege left for the cemetery, some twenty-five conveyances extending over half a mile, followed the remains to the burial ground, where the main part of the ceremony was taken by I.O.L. 1943, the members all gathering round the open grave to bid farewell to one who had been a worthy brother. The concluding ceremony was taken by Home Lodge, No. 28, A. F. & A. M. of which deceased was a member, each brother depositing the customary sprig of evergreen in the open grave.

The floral tributes were a sight to behold and showed plainly the esteem in which deceased was held. From Lodge: family pillow; R. E. Jones, Edmonton, wreath; Grand Black Chaplain, O. L. triangle; L. O. L. 1946, star; L. O. B. A., wreath; Ladies' Aid and W.M.S., wreath; Old Timers of Mannville and district, sheaf; United Church, wreath; W.C.T.U., wreath; Hope Lodge A. F. & A. M., pillow; Hon. R. G. and Mrs. Reid, spray; Dr. and Mrs. Hemlin, spray; Mr. A. W. Elliott, spray; Mr. and Mrs. Culbert, wreath; Mr. and Mrs. J. Graham, spray; Mr. and Mrs. G. H. Whitson, Sr., and Mrs. A. J. B. McLachlan and Mrs. Smith, sprays; Mr. P. Gilchrist and Mrs. Wilson, spray.

The Mannville News joins with its readers in extending sympathy to Mrs. Bryden and family in their sad bereavement.

59 Years an Orangeman.

James Nichol Bryden has been a member of the Orange Order for fifty-nine years. He joined L.O.L. 907, Elinton, Addington County, Ont., when he was 18 years of age. He was leader of that lodge for ten years, and also County Master of Addington County Lodge. He came West about 22 years ago and was the first nominator in Mannville Township. In 1906 he received a warrant from the Grand Lodge of British America to organize a lodge in Mannville, and became the first Master of 1946, a lodge which has grown to such an extent that it is known throughout the Dominion. In 1910 he received a warrant to organize a County Lodge and became the first County Master of Victoria County. He was highly respected, and it may be truly said of him, "He fought a good fight, and kept the faith."

Was Mason of 40 Years Standing.

In addition to all his other activities he was also a Mason of some forty years' standing, being a Charter member of Hope Lodge No. 38, Mannville.

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

"And how have you been getting on, Mrs. Mumble?"

"Ah, miss, not very well. My poor husband 'ad a parallel stroke, and we've had a hard time trying to make both ends meet."

"I say, Brown, heard the news?" "No, what is it?"

"They're not going to have lamp-posts any longer."

"Why is that?"

"They're long enough already."

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infection are removed, and satisfactory growth is assured.

While the diagnosis of the patient, who had eaten rather generously, was proceeding, the man said, "Doctor, do you think the trouble is in the appendix?"

"No, sir," said the doctor, "not at all. The trouble is with your table of contents."

Ready-made Medicine.—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Eclectric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, spraine, it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonials other than the use, and that will satisfy anyone as to its effectiveness.

Slopse—"That a queer design you have in the corner of your billhead, Mr. Tailor—It's just a little bowser."

Slopse—"Think that's appropriate?"

The Tailor—"Yes; it's a forget-me-not."

A few days after a farmer had placed his two children in a school a book agent called on him and said, "Now that your children go to school you ought to buy them an encyclopedia."

"Buy them an encyclopedia?" Hanged if I do," was his reply. "Let them walk, like I did."

An Oil of Merit.—Dr. Thomas' Eclectric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and keeps public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

McCoy's Cod Liver Extract Tablets Fine For Thin Underdeveloped Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy.

It's your duty, Mother, to see that the frail, peaked, sickly youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the lowly codfish are the health, weight and strength producing vitamines that are found in McCoy's Cod Liver Extract Tablets, which are sold by pharmacists all over North and South America.

Doctor's know about them and so do all druggists, and if your children need building up ask for these tablets to-day if you want to give your loved ones a good appetite and put pounds of good healthy flesh on their bones. But be sure and get McCoy's. They're not expensive—60 tablets 60 cents—and if you are not pleased with the improvement after 30 days—your money back.

This never happens with Sunlight Soap
THE household linens had been in storage. The pillow slips, newly made of fine materials, had been washed once, then put away in a cedar chest.
About three months later they were hurriedly put into guest service. In the morning the guests were all embarrassed—the pillow slips were full of holes.
One woman guest saved the day by admitting the same thing had happened to her own household linen—it was the fault of harsh impure soap, and hurried rinsing.
This is a true account of a true happening—an extreme case of course, but it shows what can happen—what does happen in a lesser degree every time clothes are washed with soap other than Sunlight—and it's only the truth to say it could never have happened with Sunlight Soap. Your laundress knows Sunlight is all pure soap, as harmless to fabric as it is ruinous to dirt.

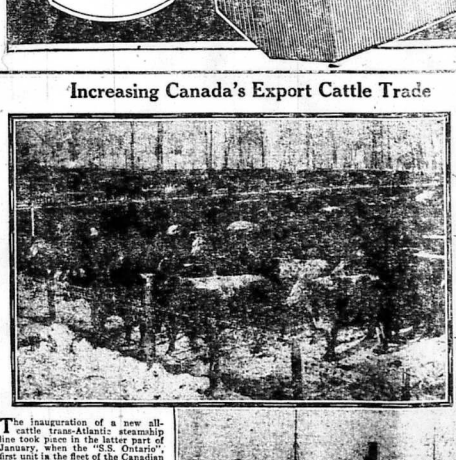
Increasing Canada's Export Cattle Trade



The inauguration of a new all-cattle trans-Atlantic steamship line took place in the latter part of January, when the "S.S. Ontario", first unit in the fleet of the Canadian Livestocks sailed from Saint John for Glasgow with a full cargo of 1168 head of cattle. The new line which will supplement the present cattle-carrying services on the Atlantic will, it is expected, increase Canada's cattle export trade by 50,000 head annually and allow Canadian breeders to compete on more equal terms with the Irish exporters. The upper photograph shows a large herd of cattle being prepared for export in the feeding yards of the Livestock Producers of Canada beside the Canadian National Railways in Edmonton. All these cattle are destined for the British market. At the right is the new cattle boat the "S.S. Ontario."

A JUST JUDGMENT

In the case of the Church at Ernesttown, which had been owned by a joint Board of Presbyterians and Methodists, the Court held that the United Church was not entitled to the edifice, and that it must go on as formerly being owned by the Presbyterians and Methodists, in equal shares.—Church Property Commission, Court House, Belleville, Feb. 26th, 1926.

The exact date when the old Lutheran Church in Ernesttown was built I have not been able to ascertain. Canniff informs us that the Rev. Mr. Weant lived East of Bath, and ministered to the Lutherans of Ernesttown. In 1808 he moved to Matilda. The Kingston Gazette contains a notice of perhaps the last Lutheran minister at Ernesttown, "Married, in Ernesttown, 29th January, 1816, the Rev. Wm. McCarty, Minister of the Lutheran conrregation, to Miss Clarissa Fralick." Soon after that the Lutherans quietly withdrew from Ernesttown and Prince Edward, but the church owns these early pioneers a lasting debt of gratitude for their services to their German co-religionists in those pioneer days.

I can see the old Lutheran Church as it was forty years ago, picturesquely situated near the left bank of Mill Creek, about half a mile west from Asselstine's historic woollen mills. It looked old, weatherbeaten and dilapidated. No wonder! For it had braved the forces of the elements during well nigh threequarters of a century, and had become quite unfit for worshipping in during the cold winter months. What was to be done? Abandon it with all its hallowed associations? That could not be thought of, for in God's acre surrounding it, lay the dust of the men and women who had forfeited well stocked charms and comfortable homes, had endured much hardship, and faced many dangers that they might leave to their children and grandchildren free and happy homes under the British flag. The graves of the U. E. Loyalists are a sacred trust and can be guarded and kept best under the shadow of the church.

Miss Amey, a direct descendant of one of the Amey's of Jessup's Corpse left a legacy of $100 to be used in re-building the old church. At my suggestion (I was interim Moderator of the Presbyterian Kirk Session), a meeting was held and a joint committee from the Presbyterian and Methodist congregations was formed to undertake the work of collecting money and re-building the church. Jesse Amey, a Presbyterian, and William Hogle, a Methodist, were leaders in this good work. Both congregations agree cheerfully, and soon they had over $1500 in hand, and were ready to begin work. Then were the days of real union,—the unity of spirit, before mergers were thought of. Peter Gratten, of Amherst Island, a good mechanic, an honest man, and a staunch Roman Catholic, was employed to do the work, which he completed to the entire satisfaction of all concerned. What he did would now cost $4000.

The writer has had few happier experiences than on that February day thirty-four years ago, when in the presence of a large congregation, he and Dr. Shorey, Chairman of the District, re-dedicated the new-made church, to be used on alternate Sabbaths for the public worship of Almighty God, by the Presbyterian and Methodist congregations.

And so the good work went on for more than thirty years. One likes to think of Ernestown Sunday School, and of good Mrs. A. Amey, the capable and devoted Superintendent and loved her. How she loved her work and how sincerely the people, old and young, respected and trusted her. She has long since entered into her reward, but I trust and believe that her fine Catholic spirit will be reproduced in the lives of those who know her and who were faithfully instructed by her in those happy united and prosperous days of both congregations.

Finally, brethren, should there be any root of bitterness caused by unworthy efforts on the part of those who claimed what did not belong to them? Let it suffice to remember that they have failed, that you are in undisputed possession each, of equal share in this historic building. That it is your duty to live in harmony, and as good neighbours, forget these disruption days and strive only for the things that make for peace.

Yours very sincerely,
JAMES CUMBERLAND.

TREES FOR OUR PRAIRIE FARMS

One of the important divisions of the work of the Forester Branch of the Department of the Interior is that engaged in carrying on the co-operative plan for furthering tree planting in the Prairie Provinces of Canada. Each year thousands of shelter-belts have been established from seedlings, cuttings, and transplants distributed from the nursery stations at Indian Head and Sutherland, Saskatchewan, to farmers throughout Manitoba, Saskatchewan, and Alberta, and since this work was begun in 1901, over 82,000,000 trees have been sent out.

Tree planting is encouraged in five ways, as follows:—

(1) By supplying seedlings and cuttings of broadleaved forest trees to applicants at no cost other than that of express charges from the nursery to the applicant's station.

(2) By supplying trees to rural schools and thus arousing the interest of the children.

(3) By furnishing free literature and advice and by having tree-planting pioneers visit the applicants before and after planting.

(4) By distributing conifer or evergreen species at cost to those who have already established shelter-belts.

(5) By maintaining demonstration and experimental plantations on the nursery grounds at Indian Head and Sutherland, Saskatchewan.

Only such species are provided as have proved themselves hardy and suitable for planting under western conditions. These include the Manitoba maple, green ash, Russian poplars, willows, and caragana.

As their part of the co-operative scheme the farmers and school trustees, in addition to paying the express charges on the stock, set aside definite areas for the trees, and devote the time and care required for their successful cultivation.

When this plan was first launched many declared it to be visionary and foredoomed to failure. But the contrary has been the result and starting out under adverse conditions with a distribution the first year of 50,000 trees, the work has grown until over 5,000,000 seedlings and cuttings are required each year to fill the demand. At first the distribution was carried on from one of the western experimental farms but the work quickly outgrew this and a nursery devoted exclusively to forest nursery stock was established at Indian Head, Saskatchewan. Later the capacity of this nursery was also exceeded and a second one was established at Sutherland just outside the city of Saskatoon. This latter station takes care of the demand from the northern settled portion of the Prairie Provinces while the southern districts are supplied from Indian Head.

Assistance is confined to residents in rural districts and no trees are supplied to persons living in towns or cities nor are fruit or ornamental trees supplied. The object has been to encourage the planting of shelter-belts to make the prairie homesteads more homelike and comfortable and by checking the high prairie winds and conserving moisture, to increase the production of the farm. Instead of the farmers looking askance at the scheme and declining to devote the necessary time to their plantations, they have proved the strongest advocates of the movement and, in spite of the handicaps of the war years, planting has gone on at an accelerated pace. The plan has in fact been so successful that experts were sent in to examine it with the result that it has been adopted in two provinces in Eastern Canada and by the United States Department of Agriculture in respect to prairie lands.

As it takes a year to grow the stock for shipping, the Tree Planting Division has to know a year in advance what will be the quantity of material required. Because of this farmers in the Prairie Provinces who desire to set out plantations in the spring of 1927 must make application before March 1, 1926, to the Chief of the Tree Planting Division at Indian Head, Saskatchewan, from whom all information may be secured.

CHILDREN LIKE THEM

Baby's Own Tablets Are Effective and Easy to Give.

You do not have to coax and threaten to get the little ones to take Baby's Own Tablets. The ease with which they are given, as compared with liquid medicines, will appeal to every mother. None is spilled or wasted; you know just how big a dose has reached the little stomach. As a remedy for the ills of childhood arising from derangements of the stomach and bowels they are most satisfactory.

Mrs. Rose Voyer, Willimantic, Conn., says: "I used Baby's Own Tablets in the Canadian Northwest and found them a wonderful medicine for children's troubles, especially indigestion and constipation. I have also given them to my children for simple fever and the restlessness accompanying teething and they always gave relief. I can recommend Baby's Own Tablets to all mothers."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Prosperity Follows the Dairy Cow

AGRICULTURAL surveys prove that the farmer who banks a monthly milk or cream check soon becomes independent of financial worries. The dairy cow—the milk check—the bank account—form an indestructible chain which defies "hard times" and business depressions. Since 1873 the Standard Bank of Canada has catered to the needs of the dairy farmer, rendering efficient service to his business.

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

New Suits for Men and Young Men for Spring

EVERY day now we are opening up attractive new lines of Suits for Young Men and Men—Suits that have in them style correctness, splendid fabrics and excellent tailoring.

One remarkably fine value is a Navy Blue Serge, in good weight all wool cloth, nicely tailored in a new attractive model, that we have specially priced as a leader at $18.00. (See our window display.)

Another Blue Serge, which we consider particularly good buying, comes in one of the semi-English models, with wide trousers and no vent coat, and is moderately priced at $25.00.

To wear with these Suits we can show you a great selection of **NEW FELT HATS** in the popular Greys and Fawns. The very latest shapes. Priced at $3.75, $4.50 and $5.00.

Several Lines of Real Peppy Young Men's Suits, in the novelty Biscuit, Fawn and Grey shades, jacquard and diamond pattern Tweeds, have just been opened up. We should be very pleased to show you these.

The Spring Caps are very bright and attractive, and match well the new suit patterns. An especially good range at $1.25, $1.50 and $1.75.

Historical Society Lecture.

Professor Prince, of the Department of History, at Queen's University, addressed a large audience in the Historical Society Rooms, on Friday evening last, on "Life in Medieval England". Taking the life of an English Baron of the thirteenth century, Professor Prince most intimately described the average day from morning until night. This involved a description as well of the homes, the country, the costumes and the buildings. The description which was based on accurate historical knowledge, was interestingly and vividly told. At the conclusion of the lecture some thirty or forty slides were thrown on the screen, and the main parts of the lecture was made more impressive in picture form.

Hayburn Resident Died.

The funeral of the late Mr. Nelson Peters, of Hayburn, was held on Saturday, the remains being brought to Napanee and placed in the Riverside vault, the interment to be made at Sandhurst in the spring. The late Mr. Peters was a life-long resident of the Township of South Fredericksburgh, and was highly honored by a wide circle of friends who will regret to learn of his passing. Besides his sorrowing wife, he leaves to mourn his loss, five daughters, Mrs. Kuntz, Perry Harbor, Ohio; Mrs. Clarence Conway, Toronto; Mrs. Cadman, Sandhurst; Mrs. Dafoe, Hay Bay, and Mrs. J. G. Harrington, Napanee; and three sons, Charles, of Wellington; Clarke, of Hay Bay, and William, of Hayburn. The sympathy of the community is extended to the widow and family over the irreparable loss which they have sustained.

Cow Testing Meeting Saturday.

With a view to improvement of dairy herds throughout the Province, the Ontario Department of Agriculture is providing a Cow Testing Service whereby any farmer who will weigh and sample the milk from each cow three times monthly, and forward samples to the local testing station office a month will be provided with a record of production for each cow in the herd. This information will be of great value in weeding out the cows that do not pay. A production certificate will be issued to any grade or pure bred cow that reaches a satisfactory standard of production of milk and butterfat in twelve consecutive months. Every farmer interested in cow testing is invited to attend a meeting in the Agricultural Office at 2 p.m. Saturday, March 13th. It is hoped that a large number of herds will be enrolled to begin testing April 1st. Anyone who cannot be at the meeting should write for information to J. Laughland, Agricultural Representative, Napanee. 11a

SOFTBALL

On Tuesday evening St. Pats clinched a place in the play-off by downing St. Mary's. Contrary to expectations St. Mary's put up a game fight and never gave up trying. Dorothy Richardson at 1st, played her best game of the season and distinguished herself by making a double play all by herself. Dorothy Johnston twirled her best and drew rounds of applause when she fanned Marjorie McGuire twice in succession. Marion Grass was prominent at bat and came through with a hit every time up. Noreen Johnston made a nice catch of a high fly, while Florence Kinkley got a couple of nice hits.

As usual the McGuire sisters were St. Pat's best. Marion Embury's fielding at short was a feature, while the rest of the girls played nice ball and everyone got one or more hits.

Grace 31, Trinity 4.

Grace swamped Trinity in the second game, and were easily the better team. Both teams fielded and batted well.

Grace—H. O'Neill, c.; M. Stinson, p.; G. Harrigan, 1st b.; M. Thompson, s.s.; H. Harrigan 2nd b.; J. Vanalstine, s.s.; D. Lucas, 3rd b.; M. Bates, l.f.; M. Douglas, r.f.; K. Ungar, c.f.

Trinity—W. Drake, c.; E. Taylor, p.; M. Ribell, 1st b.; L. Black, s.s.; R. Dickson, 2nd b.; H. Drake, s.s.; K. Woodruff, 3rd b.; N. McKim, r.f.; D. Daverne, c.f.; K. Dickson, l.f.

St. Pats—I. Embury, c.; B. McGuire, p.; M. McGuire, 1st b.; M. Embury, s.s.; A. Cavanaugh, 2nd b.; L. McGuire, s.s.; A. Murphy, 3rd b.; L. Killorin, l.f.; B. Brady, c.f.; M. Mooney, r.f.

St. Mary's—M. Grass, c.; D. Johnston, p.; D. Richardson, 1st b.; N. Johnston, s.s.; H. Sampson, 2nd b.; E. Yourex, s.s.; F. Kinkley, 3rd b.; D. Lucas, r.f.; A. Lewis, c.f.; J. Clarke, r.f.

Next week the play-off for the championship between St. Pats and Grace will take place, and a bumper crowd is expected.

The games in the Armouries this winter have attracted large crowds of people, and all four teams have been favored with the fans. Unfortunately, last Tuesday a small section of young men kept up a continual ragging of some of the girls, seemingly with the avowed intention of embarrassing them. Everybody likes enthusiastic cheering, but true sports hate ragging, especially ragging girls. That kind of thing is out of place in an Inter-Church League, in fact in any place where true sports gather. The games have been so clean and the crowd so fair that one hesitates to call attention to the actions of a small section in the crowd on Tuesday night, but those in charge of affairs are anxious that in a Church League there should be fair play all round. Let all true sports rally on Tuesday evening next and heartily cheer good play and all good players.

A SURPRISING FIGURE

Old country people express surprise at the extent to which Canadians rely upon the telephone. At that, they usually are thinking in terms of purely local service. They would be astonished to hear that in Ontario and Quebec alone the average daily use of the Long Distance telephone in 1925 was 46,727 messages. These remarkable figures are found in the Bell Telephone Company's Annual Report. They indicate the present-day demand for quick communication regardless of distance. 11a

FIFTIETH ANNIVERSARY

A very pleasant event took place at the home of Mr. and Mrs. W. J. Bowen, on March 12th, it being the Fiftieth Anniversary of their wedding day.

The house was tastefully decorated with daffodils and gold and white trimmings. Tables were laid for thirty guests, which included the children, grandchildren and great-grandchildren and brothers and sisters.

After dinner the Rev. W. R. Mercrick proposed the toast to the bride and groom, which was responded to by the groom and Mr. W. H. Vannest, brother of the bride.

During the day messages and letters of congratulations came from distant friends. They received also many beautiful presents, including a bedroom clock trimmed in gold and black, from the daughters, and an emblem ring from the sons.

In the evening about 125 neighbors and friends gathered, and were welcomed by Mr. and Mrs. Peters. Appropriate music was furnished. Lunch was served, and an address read by Delbert Sexsmith.

Mr. and Mrs. W. L. Peters.

Dear Friends.—We could not allow this festive occasion to pass unnoticed, the fiftieth anniversary of your wedding day.

We thank God that you have been spared to see this day, and that you are able to meet and greet the old friends of long ago; also your children, grandchildren and great-grandchildren even unto the third generation. Those grandchildren will not forget their grandfather's and grandmother's golden wedding anniversary. It is not more than once in the lifetime of any of us that we are privileged to attend a golden wedding. You are happy and contented. True happiness consists in unselfishness, kindness, strength and courage. Your life of faithfulness in the discharge of duty and neighborliness are exemplary. Be not anxious for tomorrow, the years are made up of single days.

Day by day the promise reads
Daily strength for all your needs.
Lord, for to-morrow and its needs,
I do not pray,
But keep me, guide me, Lord, just for to-day.

We, in this neighborhood, have associated in mutual friendship and esteem for about seventeen years, and we trust that this chain of friendship will remain unbroken during your life.

Just think of it, fifty years of happy married life is in itself an evidence of their love and trust and is the best living illustration of mutual consideration for one another. Happy home life is made possible by the blending of two lives into one.

When the last feeble step has been taken,
And the gates of that city appear,
And the beautiful songs of the angels
Float out on my listening ear.
Then all that seems now so mysterious,
Will be plain and clear as the day.
Yes, the toils of the road will seem nothing,
When I get to the end of the way.
Cool fountains are there for the thirsty,
And cordials for those that are faint,
And roses that are whiter and purer
Than any that fancy can paint.
Then I'll try to pass hopefully onward,
Thinking often through each weary day,
The toils of the road will seem nothing
When I get to the end of the way.

We will pray that you may enjoy more years of wedded life. We offer you our hearty congratulations on this the occasion of your jubilee.

Please accept these little gifts as a slight token of the esteem of your Bickmell Corner friends.

The following address was read by Mr. Vernon Paul :—

To Mr. and Mrs. W. L. Peters.

Dear Friends,—As neighbors and friends we have assembled here this evening to share in the celebration of the fiftieth anniversary of your wedded life. As we have enjoyed your company here with us, and the interest you have shown in our community by your ever readiness to assist in the advancement of our church and social welfare, and to show our appreciation to you in a trivial way the esteem in which you are held by the people of Switzerville. Therefore we present you, Mrs. Peters, with this avenue bar, and Mr. Peters, this military set, with our good wishes. We trust you may long be spared to enjoy many more anniversaries.

Signed on behalf of the Switzerville friends.

Mr. Peters taken by surprise, both Mr. and Mrs. Peters made a very suitable reply, thanking their friends for this pleasant evening they had enjoyed, when all joined in singing "God Be With You Till We Meet Again."

CHAMBER OF COMMERCE ENTERTAINS THE COUNTY COUNCIL.

On Friday night last the Chamber of Commerce entertained the County Council in the Paisley House dining room. It was unfortunate that so many of the Council found it necessary to be absent, as they not only missed a number of good addresses, but they missed as well an opportunity to discuss the affairs of the town and county as a joint interest.

During the supper Walters' Orchestra provided music, and following that led in community singing. Mrs. Powell recited several selections and the Male Quartette of Grace Church rendered several numbers which were roundly applauded.

Mr. Elliott, the Manager of the Standard Bank in Belleville, who has been a leader in the effort in this direction to get the town and the country to work together, was present at the invitation of the Chamber of Commerce, and delighted the gathering with his address on the relation of the Chamber of Commerce to the community. Being a farmer first himself and then a professional man in the town, he had the point of view of both. And in his view it was deplorable that there should ever grow up a cleavage between them. Three things he pointed out were necessary if this part of Canada was to contribute her share to the life of the country.

1. Co-operation. The farmers and the business men must learn that they are partners in a great business, that each is necessary for the welfare of the other. And that they must work to this end in the community. The Chamber of Commerce, he said, was a great clearing house for these opinions.

2. Greater Production. Mr. Elliot by statistics, showed that the average farmer was not producing all that the farm was capable of. By means of intensive farming the production can be greatly increased.

3. The third factor was advertising. It was necessary, he said, that having a good country and good products, we should spend a good deal of money in boosting our own town.

In speaking for the County Council, Mr. W. G. Wilson stated that already the Council was committed to the production of a descriptive booklet, in which the advantages of the town and County could be set forth. Ex-Wardens Miller and Johnson spoke in high praise of the efforts of the Chamber of Commerce in seeking to get town and country to act co-operatively, and urged that the town take a more sympathetic interest in the farmer.

Mr. Alison Aylesworth, the latest addition to the ranks of the County Council, gave some reminiscences which were interesting and informative, and which threw a flood of light on conditions in the county during the time that open voting was the order of elections.

Mr. Raymond, the Industrial Commissioner of the C.N.R., who was the principal speaker of the evening, then addressed the gathering. He dealt with a very optimistic message which was born out of his experience with the C.N.R. He pointed out that the growth of the railway earnings had been phenomenal, having increased in three years from two millions to thirty-two millions. It was the people's railroad, and each citizen should constitute himself an advertising agency for his own road. Mr. Raymond then reviewed the various industries of Canada, and considered agriculture, automobiles, silk, pulp, nickle, silver, gold, lumber, fishing, the tourist traffic, and the development of power. By reference to the latest statistical returns he showed that the total business done by Canadians was the greatest per capita of any country in the world.

After the thanks of the audience had been tendered to the speakers, the audience sang the National Anthem, and dispersed.

COUNTY COUNCIL

(Continued from last week.)

Thursday Afternoon.

On motion the Warden and Clerk and M. P. Graham were appointed a committee to act in conjunction with the committee of the Chamber of Commerce in the matter of securing tourist business and advertising the advantages of the County.

Mr. Turnbull, of the Adams Machinery Co., showed a number of moving pictures of the machinery manufactured by his company, and the work of said machinery.

Mr. Young introduced a by-law to provide for expenditure on the system of County highways during 1926, which was finally passed. The expenditure in 1926 will be $90,000.

Council adjourned.

Friday Morning.

Mr. Johnson moved, seconded by Mr. Clark, that the road starting from County Road between lots 20 and 21, Con. 2, Township of Adolphustown, to Hay Bay, be added to the County Road System, and that a by-law be prepared and submitted to the Highways Department for approval. Carried.

A by-law in accordance with the above resolution was introduced, put through the various stages, and finally passed.

Moved by Messrs. Clark and Johnson, that the road in North Fredericksburgh leading from Woodcock's school house to Hay Bay be added to the County Road System. Carried.

A by-law in accordance with the above resolution was introduced, given its three readings, and finally passed.

A motion by Messrs. Johnson and Garrison, that the road in South Fredericksburgh running from Galt's to Conway, be added to the County Road System, was carried.

A motion by Messrs. Garrison and Clark, that the road on the 17th Con. of the Township of South Fredericksburgh, be added to the County System, was carried.

Moved by Messrs. Mellow and Loyst, that the road from Bath to the westerly boundary of Ernestown Township, be added to the County System. Carried.

Moved by Messrs. Loyst and Miller, that the road in Ernestown, from Fraser's corners to Link's Mills, be added to the County Road System. Carried.

An account from the County of Hastings, for work on boundary roads, $333.92.

On motion the County Road Superintendent and Treasurer of Hastings were asked to meet the Lennox and Addington Council at the June Session.

Friday Afternoon.

By-laws based on the resolutions of the morning session, concerning additions to the County Road System, were introduced, put through the various stages, and finally passed. None of the amending road by-laws passed this session become operative until they have been submitted to the Highways Department and approved by the Department.

Considerable discussion took place on the advisability of purchasing an Adams grader and a new road roller for County Road purposes.

A motion was passed, authorizing the purchase of necessary machinery by the Roads Committee.

Mr. Aylesworth gave the Council an interesting account of the Good Roads Convention in Toronto, and the members of Council joined into the discussion.

Mr. Young reported for the Committee that they had again insured the County against road accidents.

Council adjourned for the benefit of the Roads Committee.

March Weather Dangerous To Baby

On Account of the Very Sudden Changes in Temperature.

Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mother to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the better, brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach sweet and his bowels working regularly.

Baby's Own Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus relieve colds and simple fevers and keep baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ROBLIN

At the W. M. S. meeting at the Parsonage on Wednesday last, the former officers were all re-elected. The many friends of Mrs. John Botting, who is ill in Kingston General Hospital, hope for a speedy recovering. They are also sorry to hear of Mr. Ed. Hart's accident of breaking his wrist when his load of wood upset.—Miss Mary Kimmett and Misses Jean and Marie Paul, of Napanee, spent the week end at their homes here.—Mr. Alex. Telford spent an evening recently in Toronto, attending the Owen Sound-Kingston hockey game.—Mr. and Mrs. Alfred McCutcheon were in Napanee during the past week, where Mr. McCutcheon was attending the County Council.—Mr. and Mrs. Calvin Arnold, of Selby, have purchased Mr. Dan York's house and lot here, and intend moving in, in the near future.

BAY CIRCUIT

The Conference year of the United Church ends March 31st instead of May 1st as in the old Methodist Church. This change necessitates the early reporting of all finances as well as the re-organization of all societies. During the last week the following new officers for the ensuing year were elected:—

Hay Bay Women's Missionary Society—President, Mrs. Ezra Huffman; Vice President, Mrs. J. B. Gould; Secretary, Mrs. James Robertson; Corresponding Secretary, Mrs. Peter Huyck; Treasurer, Mrs. Oscar Williams.

Gretna and Anderson Women's Missionary Socieyy—President, Mrs. Ralph Parks; Vice-Presidents, Mrs. William Joyce and Mrs. Amos Hamby; Secretary, Miss Ada Griffith; Corresponding Secretary, Mrs. Elmer Aikenbrack; Treasurer, Mrs. S. Griffith.

Bethany Ladies' Aid—President, Mrs. Jos. Hicks; Vice-President, Mrs. James Miller; Secretary, Mrs. Wilfred Miller; Treasurer, Mrs. William Spencer.

Gretna Ladies' Aid — President, Mrs. Edward Carnahan; Vice-President, Mrs. Arthur Dean; Secretary, Mrs. Ralph Parks; Treasurer, Mrs. Charles Mellow.

Social evenings are very popular now. On Monday evening a large crowd of friends from Gretna and Bethany gathered at the home of Mr. William Spencer, and report a delightful time.

Again on Wednesday evening the friends from Gretna and Anderson gathered at the home of Mrs. William Joyce and played different games until about twelve o'clock, when lunch was served. A hearty vote of thanks was tendered to the host and hostess for a splendid and pleasant evening's entertainment.

The officials and members of the church are hereby reminded that the fourth Communion Service and Quarterly Official Board will be held on March 28th and 29th.

A congregational meeting of the Anderson people is called to meet in the church on Thursday evening, to re-organize the Sunday School, the Young People's Union and Official Board.

OBITUARY.

Mrs. Frank M. Woodcock.

The remains of Mrs. F. M. Woodcock were taken to Deseronto on the 2.35 p.m. train, on March 1st, for interment, following the service conducted at the family residence, 340 King St. West, Brockville, by the Rev. V. McOdrum, in the presence of a large gathering of sorrowing friends. The pall-bearers were Messrs. E. Spence, W. C. Barkley, N. H. Smith and Charles Abrams.

The esteem in which the deceased was held in this life and the sorrow felt at her passing was expressed in the number of floral tributes sent by sympathizing friends, as follows:—Broken circle, husband and children; wreath, Mr. and Mrs. E. M. Woodcock, Toronto; spray, Mr. and Mrs. H. J. Dougherty, Montreal; spray, Mr. and Mrs. J. J. Dugan; spray, Mr. and Mrs. A. Wilson; spray, Mr. and Mrs. W. H. Gardiner; spray, Mr. and Mrs. William Folly; spray, Order of Railway Conductors; spray, Mr. J. W. Magee and Miss Magee; spray, Mr. and Mrs. H. P. Washburn; spray, Mr. and Mrs. Charles Abrams; spray, Mr. J. H. Magee; spray, Mr. and Mrs. W. R. Rourke; spray, Mr. and Mrs. G. L. Horton; spray, Mr. and Mrs. S. Hasdell; spray, Mr. and Mrs. W. R. Crozier; spray, Mr. and Mrs. J. Whiteland; spray, Mr. and Mrs. W. B. Mofford; spray, Mr. Hinman and scholars and Mrs. Bellamy and scholars, Junior Third Classes, where Miss Dorothy Woodcock attends. "Rest Sweet Away", was received by the bereaved relatives from Mr. and Mrs. G. McDonald.

The late Mrs. Woodcock before her marriage, being a former resident of Napanee, being Miss Ella McCabe, daughter of the late Benjamin McCabe, Newburgh Road.

DOCTOR ADVISED OPERATION FOR MRS. PENN

She Escaped It by Taking Lydia E. Pinkham's Vegetable Compound

Windsor, Ont.—"After the birth of my first baby I was very much run-down in health and the doctor said I must have an operation as I was suffering from a displacement. A friend wanted me to try your medicine—Lydia E. Pinkham's Vegetable Compound—and I took it steadily for a year. During this time I was carrying my second baby and I felt real well all the time and did not have a hard confinement. I feel sure the Vegetable Compound did me a lot of good, and all my people do, too. One sister in Leamington, Ontario, takes it, and both sisters praise it as a good medicine. I am more than pleased with the result." — Mrs. W. Penn, Windsor, Ontario.

Mrs. Corbin Relieved from Pain

Stewiacke, N. S.—"I had pains across my back and in my side for two years after my first baby was born. My mother had taken Lydia E. Pinkham's Vegetable Compound, and I read about it in the papers, so I tried it and the pains all left me. I have a family of three children now, and the medicine helped me during the months before they were born. I recommend it to my friends."—Mrs. Cary W. Corbin, Main Street, Stewiacke, Nova Scotia.

THE WEEK IN THE LEGISLATURE

Toronto, March 13th. — Presentation of the Annual Budget was the week's feature. In his first budget speech, two years ago, Hon. W. H. Price had to report a prospect of deficit of over $15,000,000. This has been gradually cut down by increased revenues and curbed expenditure until now the estimate for the current year is a deficit of only $1,500,000. The minister announced that no new taxation would be imposed, and in fact the government had decided to forego the somewhat vexatious tax on pop. A very important reform is to be undertaken forthwith in the way of debt retirement, and the treasurer's announcement in this connection is one of the most noteworthy in years. The plan is founded upon the report of a special committee of experts appointed to study the matter, and is technically known as the instalment annuity method. It will be in full operation in 1927, and is expected to save the province no less than $128,000,000 in the course of the next forty years. The treasurer presented it to the House as a "positive, definite advance in the handling of provincial finances."

Ordinary revenue for 1924-5 totalled $36,400,000, an improvement of $11,600,000 over that for 1922-3, while ordinary expenditure, $34,206,000, is $1,100,000 less. It will be seen that on ordinary revenue and expenditure there is an actual surplus for the year of $2,200,000, as compared with a deficit of over $7,500,000 in the last year of the previous administration. The interest bill of the province more than counteracts the surplus on ordinary revenue, but Col. Price explained that if the accounting methods of the Drury government had been followed, the deficit shown this year would have been less than $1,000,000.

* * * * *

Supplementary estimates tabled on Thursday total $1,951,504. Items of special interest therein include $26,000 additional for inspection and grading of dairy produce under the new Act; a vote of $10,000 to equip a farm for reception and training of British boy immigrants, and $10,000 for establishment of correspondence courses and instruction by travelling teachers for pupils in isolated sections of the province. There is an item of $20,000 for extensions to the Ontario Hospital at Brockville, and one of $100,000 for a building at the Ontario Hospital, Woodstock; to accommodate 500 patients, also $75,000 for a new building to house criminal insane at Guelph. For a school of baking at the O. A. C. $29,500 is appropriated, and $7,500 is set aside for a mining recorder's office at Red Lake. The Department of Labor asks $51,000 additional, this item being for mothers' allowances.

* * * * *

Col. Price at the close of his budget speech departed from financial matters to say a tribute to the leader of the House, and to suggest a little more charity and regard for public interests in the conduct of the Opposition. He said, in part: "Hon. members will recall when we occupied some 25 seats over in the far corner of this House, and what a tremendous fight was put up against the government of the day in many things it was trying to do. The present prime minister, sitting there as leader of the party, was on the job hour after hour, and just as I stood at two o'clock in the morning as at three in the afternoon. (Applause). He was a fighting leader of an active, virile Opposition that made no apologies. (Applause). I like to see a fighting Opposition, but I like to see a fair Opposition, making its points and asking its questions without causing the people of Ontario to wonder if this is an Assembly of gentlemen or a bear-garden. I say the province owes a great debt of gratitude to the present prime minister. I have not taken part in many debates, nor laid many bouquets on his desk, but I have listened to a lot, and I say to the House now that no orator or cleverer man, or man with more outstanding ability, has ever led this House than the present prime minister. (Applause). It is a difficult period, and what I appeal for to members opposite is just a little more charity in their criticism, and I believe we will get further. Every minister is prepared to give information to members, but when things are done which border on unfairness, they hardly appeal to a man who wants to look after his reputation and uphold the honor of the House. Questions should be treated on their merits, and that is the treatment I ask for the things I have presented to the House to-day."

* * * * *

Debate on the Address wound up in a remarkable way on Tuesday evening, when the House adopted, on a division the reply to the speech from the Throne. Mr. Raney, Progressive Leader, having failed in an argument that Premier Ferguson's sub-amendment was out of order, announced that "having no possible objection to the principle of responsible government, I shall decline to take any further part in the proceedings." This was a reference to the phraseology of the prime minister's amendment, which did, indeed, leave the Progressive Leader in an awkward position in event of voting against it. The Address, as passed by the House, follows the customary thanks to the Lieutenant-Governor with these words: "This House desires, furthermore, to assure your honor that it is of the opinion that, in enactment of important public legislation the principle of responsible government on which our British democratic institutions rest should be observed in order that such legislation should have the undoubted sanction and support of the people, as expressed through their representatives in the Legislature, to the end that all such legislation should possess the authority and support necessary to command due respect and observance by the community."

This was in substitution for Mr. Raney's long amendment, first of which was to call for referenda or plebiscites on the prohibition issue.

* * * * *

During the closing hours of the Debate, several noteworthy tributes to the prime minister were made by members of his party in the House. H. S. Colliver, of Prince Edward, in commending the work of various ministers, said: "With the administration we have, is it any wonder that my constituents have a feeling of thankfulness and calm contentment, in lieu of the nervous, unsettled feeling which they had under the former administration." C. H. McKeown, of Dufferin, recalled the attitude in Opposition of the Conservative Party. "We will stay in Opposition until Doomsday, if need be, but when we come into power we will come sailing under our own colors. We will be there with the policy of the Conservative party, and welcome anyone, whether calling themselves Progressive or Liberal or U.F.O.; we will welcome them into our band-wagon, but they have got to play our music." (Applause).

* * * * *

Anticipating discussion on the Currie bill sale of liquor under government control, Col. J. A. Currie and W. G. Welchel (North Waterloo) took advantage of the Address Debate to argue for inauguration of a change in the liquor policy. Mr. Welchel said: "The country needs action on the O. T. A., and the government that thinks otherwise will get the biggest surprise of its life when it goes to the country. They would not get 32,000 majority to-day for the O. T. A., because Ontario is wakening up." Colonel Currie pointed to the action of other provinces in regard to sale of liquor, and charged that leaders of the "fight against real temperance" were paid agents. He declared the O. T. A. an American law thrust into a British country. In regard to 4.4 beer, he said the government had tried to do what was right, and therefore ought to be "forgiven", but had failed to do any good. Present conditions resulted, he said, in a general disrespect of law, and the curse of intoxication among young people. When Sam Clarke, (Northumberland) asked, "What is the issue?" Col. Currie replied, "The issue will be a sane temperance law that will appeal to everybody. I am not in the confidence of the government any more than my friend. The sanest law I know is what has been adopted by all provinces except one or two, by the sea, a measure of government control measure, and I say if a government control measure is adopted by this province along these lines prosperity will come and we will get rid of all this vilification."

* * * * *

While Government supporters have been rising up to call the premier blessed, and giving evidence of loyalty and harmony in the Conservative Party, the Liberal group is having domestic troubles. It is well known that exactly half its membership is "wet", notwithstanding the fact that W. E. N. Sinclair, leader, recently came out on a definitely "dry" platform. On Thursday at six o'clock, when Col. Prince finished his budget speech, and before the Liberal financial critic, Harold Fisher, of West Ottawa, got the floor, according to custom, his colleague, T. A. Pinard, of East Ottawa, claimed the right to adjourn the debate, on behalf of R. L. Brackin, West Kent. There was a mild protest from Mr. Sinclair, but Mr. Pinard insisted this was "a country of free speech" and consequently Mr. Fisher is sidetracked, and the stage is set for a contribution from Mr. Brackin on Tuesday.

Public Accounts Committee held its organization meeting on Friday morning, when Major Alex. Lewis, Toronto N. E. "A" was elected chairman. Through William Finlayson, East Simcoe, the government conveyed the information that it was prepared to facilitate in every way investigation of the public accounts, and that in order to avoid any appearance of administration interference, members of the Cabinet would be asked not to attend the sittings of the committee. It was, in fact, Mr. Finlayson, who moved a resolution "That the committee proceed with the investigation requested by Hon. James Lyons into the connection of the Lyons Fuel & Supply Co., Limited, with the government of Ontario; that Messrs. Clarkson, Gordon and Dilworth, chartered accountants, be instructed to make an investigation of the relations of the Lyons Company with all or any branches of the government", etc., etc. Under this resolution, the former minister and eight others will be called as witnesses, and Mr. Sinclair asked, that E. L. Bedford, Sault Ste Marie, and the president and secretary of the Walsh Construction Company be summoned. The next sitting will be on Wednesday.

* * * * *

The Legislature on Friday afternoon unexpectedly entertained a distinguished visitor, Hon. Rodolphe Lemieux, Speaker of the House of Commons, to whom Hon. George S. Henry, leading the Assembly at the time, and leaders of the Liberal and Progressive groups paid their respects from the floor of the House, and joined in a warm welcome extended by the Speaker of the Legislature. Hon. Joseph Thompson, as an added tribute to his honor, two short speeches were delivered in French, by A. Belanger (Lib. Russell) and H. Morel, (Con., Nipissing).

VARIETIES OF CORN MOST SUITABLE FOR SILAGE

(Experimental Farms Note.)

The best varieties of corn for silage purposes are those varieties, the ears of which reach the "glazing" or "hard dough" stage by the time desired for cutting. It is at this stage that the corn plant contains the optimum amount of moisture necessary to produce good quality silage and in addition the highest yield and feeding value are obtained.

Varieties that are too late to reach the glazed stage contain too much water and produce a poorer quality of silage. This excessive water content also makes such varieties unsuitable for the following reasons:—

1. Storage in silo is too expensive to store water.
2. Makes handling too costly.
3. Results in heavy leakage of water from silo which carries off soluble food material.
4. Reduces feeding value of silage.

Varieties that are too early and reach too great a degree of maturity give a low yield and contain too little water to make the best silage.

Locality and season must govern the final choice of varieties, and it is obvious that the same varieties cannot be grown for silage in Eastern Ontario and Quebec as can be grown in Southwestern Ontario, where the season is longer.

Suitable varieties for silage purposes in the longer seasoned districts of Eastern Ontario and Quebec are found among those that mature in Southwestern Ontario. These include Leaming, Wisconsin No. 7, Bailey, Golden Glow and White Cap Yellow Dent. In sections of this district where the season is somewhat shorter the following varieties can be used: North Western Dent, Minnesota No. 13, Falconer, North Dakota, Compton's Early, Longfellow and King Philip.

For Southwestern Ontario suitable varieties for silage purposes are: late strains of Leaming, Wisconsin No. 7, Golden Glow and Bailey; also Giant Prolific Sweet Ensilage, Lancaster, Pride of the North and Mammoth Southern Sweet.

Enjoy The Pleasure of Perfect Health

Dodd's Kidney Pills Purify the Blood, and Pure Blood Means Good Health.

Mr. J. Leveille Was Relieved of Kidney Trouble by Dodd's Kidney Pills After Other Remedies Had Failed.

St. Lucien, P.Q., March 15th, (Special).—"For three years I suffered with bad kidneys. I tried different remedies but they did me no good. Having read in your almanac of numerous persons being relieved, I tried four boxes of your excellent pills and felt relieved immediately. I shall tell my relations who suffer from kidney trouble that they can take Dodd's Kidney Pills with perfect confidence."

This statement comes from Mr. J. Leveille, a well known resident of this place.

If you enquire among your neighbors you will find scores of people who have discovered in Dodd's Kidney Pills relief from some form of kidney trouble. It may have been the dry, itching skin, dizziness, nervousness and sudden, unrefreshing sleep that mark the earlier stages of the disease, or it may be diabetes, dropsy, rheumatism or some other of the dangerous diseases that mark its advanced stages.

TAMWORTH UNITED CHURCH

Mrs. Wesley Wagar, President of the W. M. S. of the Napanee District, will address the congregation in Reidville in the morning and at Tamworth in the evening, and the minister will address the Marlbank congregation in the afternoon in behalf of the Easter offering of the W. M. S., which will be made in the three congregations next Sunday.

The Y. P. U., of Tamworth, held an enjoyable social evening, combined with a snowshoeing and skiing party, last Monday and incidentally added somewhat to their pledge to the M. and E. Fund.

The Sunday School at Tamworth are having an evening with pictures from the Holy Land, followed by refreshments, on Wednesday, March 24th, charging a small admission fee, the proceeds of which will go toward their pledge to the M. and E. Fund.

Our annual congregational meetings will be held as follows : Marlbank, March 31st; Reidville, April 1st, and Tamworth, April 12th, each beginning at 7.30 p.m. Each department of the congregation will make a report of its work for the eleven months preceding March 31st. The ladies of the respective congregations are planning to serve refreshments free of charge at each of these meetings.

An Evangelistic Mission of two and a half weeks will be held at Marlbank, by Rev. D. T. McClintock and a singer, both from the Board of Social Service and Evangelism of the United Church. The meetings begin on Easter Sunday, April 4th.

TAMWORTH.

Everyone is enjoying the beautiful weather, and are looking forward to an early spring.—The quilting last week, under the management of Miss A. Gilmore, leader of the Mission Band, was well attended. — All are sorry to hear of Mr. M. Gendron and family leaving us for Saskatoon. — Mr. D. A. Reid has sold his farm to Mr. J. W. Bradshaw.—The members of the Tamworth Dramatic Club gave their play on March 17th.—Mr. Hugh Wagar, of Enterprise, has completed the repairs to the Town Hall — Rev. Mr. Thornley has been very ill with a short call on Mrs. Geo. Milligan last Saturday night.—All are glad to hear that Mrs. W. R. McCallum is recovering from her recent illness.—A number of fans from Tamworth and vicinity took in the hockey match at the Reidville arena, and report it one of the best games of the season, and are looking forward to the big game on March 20th.—A carload of Ontario corn on the track. — Miss Lizzie Brown called on Mrs. Geo. Milligan one day recently.

Carved by Newton.

In the Newton chapel of the church at Colsterworth, in Lincolnshire, England, where Sir Isaac Newton was born, is to be seen one of the most interesting relics of the greatest of philosophers. It consists of a sundial and was carved by Newton when he was a boy on a stone in the house in which he was born, his only tool being a penknife. There it remained for many years until removed to Colsterworth church. Unfortunately the organ has been built directly in front of this interesting relic, so that unless one knows of the stone's existence and its presence in the church it is overlooked.

Nelson's Message.

In a book called "National Humor" a serious footnote states that Nelson's celebrated message, "England expects each man to do his duty," was phrased by the famous admiral as "Nelson expects," etc., and that one of his officers suggested the change of the first word to "England." Nelson's greatness was evident in his immediate acceptance of the change. A smaller man would have felt insulted at the proposed elimination of his own name.

Fees.

"How much does that stylish doctor of yours charge?"

"Ten dollars a visit."

"Gee! How often has he called at your home this month?"

"Twenty times."

"Gosh! You owe him $200, then?"

"Nope. Only $10. He's made the other nineteen calls trying to collect it."

Drawn In.

Hanson—How did you come to marry the Widow Bonsoner instead of her daughter? I thought it was the daughter you were after. Jenson—Well, so I was, to tell the truth, but when I asked Marie to marry me one day she said, "Ask mamma," and when I started to do it mamma said "Yes" before I had the question out.—Paris Journal.

Robinson's Spring Exposition of Fashions and Fabrics Is Being Held Friday and Saturday, March 19th and 20th, Featuring Special Displays In All Departments

Seasons come and seasons go, each has some prominent characteristic. Spring, 1926, sponsors two outstanding silhouettes of importance. "The Full Gathered" and "The Straight Pleated". In materials, bordered and printed effects are enthusiastically exploited in bold and artistic designs. The color chart of Spring shows a complete diversion and introduces for the first time new shades in Rose, new shades in Blue, new shades in Green, new shades in Sand, while Grey and Navy Blue have successfully staged a come-back

Our Openings are being held to demonstrate how completely we can serve your Easter and Spring requirements.

The collections of Spring apparel found in our various departments have come from the finest mills and the most authentic work-rooms on the two continents. You'll note a grace of line, a finished detail, a harmonious blending of colors, whose origin is traceable to the master designers of Paris and New York.

Rippling capes on coats, each different, is a new theme of much importance. Saunter and Tailored Suits are meeting with unlimited success. Elaboration is the keynote in dress circles. High and creased crowns with short brims feature the millinery mode. Pastel tones register high in fashionable colorings.

Secretary's Annual Report, 1925-26.

During the past year we have lost six members, and now have a membership of six Life and seventy Associated members.

We raised our money this year by donations, dances, teas, food sales and membership fees.

On Nov. 8th the "B" Company, Eighteenth Regiment, arranged a Memorial Service, which was held at the Monument on the County grounds, in honor of our departed soldiers. Our members attended in a body and placed flowers at the foot of the monument.

On Armistice Day our members served Afternoon Tea, and had the public school children sell a large number of Poppies.

Our Regent, Mrs. Harshaw, attended the Provincial Convention at Hamilton, and gave us a very comprehensive report.

During the past year our Chapter presented prizes or books to the girl or boy obtaining the highest marks in history at the Entrance Examination.

We presented the picture, "Canada's Tribute" and a flag chart to one school in the West, to another a Historical Loan Library, and to a school in New Ontario a flag.

We have furnished supplies for our cot in the hospital at Halifax, and also paid for the room to be redecorated, and have still maintained our French orphan.

Our financial work will be found in the Treasurer's Report.

GRANDMOTHERS' DAY AT MAPLE LEAF INSTITUTE

Are Grandmothers popular? At least Grandmothers' Day at the Maple Leaf Institute has again proved to be one of the most popular and interesting meetings of the year as testified by the large attendance—forty-five in number—and the enthusiasm of the members who met in their annual Grandmothers' meeting at the home of Mrs. James and Mrs. Sperry Fraser, on Thursday, March 11th. The beautiful weather enticed a number of real grandmothers, one great-grandmother, and a number of younger imitators of grandmothers in appropriate costume to come out. The costumes called forth many comments and added much to the amusement of all.

The meeting, in charge of the President, opened at 2.30 p.m. with community singing. This was followed by the Institute Ode and the Lord's Prayer, after which Roll Call was answered by "things our Grandmothers used" and many almost forgotten things were brought to memory by the ready replies of the members. Piano duets were also added to the Roll. Reports of the different committees were given, and the business was closed promptly.

Miss Hazel Cummings sang "The Little Brown Church in the Vale", in a pleasing voice, and was joined in the chorus each time by the ladies. Miss Jean Chambers gave an interesting reading, "Grandmother's Quilt". Mrs. W. E. Smith and Mrs. Ray Perry sang an old-fashioned number in duet. A recitation, "Grandmother's Day" was given by Miss Cecilia Balcanquel. Mrs. Smith then delighted the audience with a tuneful old-fashioned instrumental piece. Specially worthy of mention was a paper given by Mrs. Ray Perry, "Making the Old Folks Comfortable in the home". It was very applicable to everyday life, instructive and appreciated. Mrs. Harold White and Mrs. Smith again favoured the company with instrumental music, and Miss Cecilia Balcanquel gave a paper entitled "St. Patrick's Day". Our special days in the year are proving interesting to the members, and the 17th being our March special day, we were pleased to hear the history of St. Patrick's life, of the customs of the day and the significance of the various emblems to the Irish.

A diversion was next afforded in the form of a contest, "Things our Grandmothers Never Knew Forty Years Ago". Answers included telegraph, radio, automobile, aeroplanes, typewriters, flying machines, etc. Ray Perry had the largest number of correct answers. After singing "God Save the King", an old-fashioned supper was served. Baked beans, bread and butter and preserves were followed by cartwheel cookies, raisin berry preserves and pound cake. The ladies partook of it in the good old-fashioned hearty way. A generous collection was taken.

All are pleased to note the increasing interest in our Institute work, and we welcome our new members and visitors.

ESSENTIALS TO SUCCESSFUL ALFALFA GROWING

(Experimental Farms Note.)

In many sections of Canada, alfalfa is rapidly becoming an important farm crop, but unfortunately this is not the case in the Maritime Provinces. The farmers in these provinces are quite aware of the merits of this crop but with rare exceptions, any attempts to grow it have met with complete or partial failure. However, experimental work with alfalfa, at the Fredericton Experimental Station, has demonstrated that it can be grown successfully if conditions are made favorable to its development.

While Alfalfa prefers a rich, clay loam soil, it will do well on most deep soils provided they are well drained, reasonably free of weeds and in a good state of fertility. Sour soils must be avoided but this condition can be corrected by a liberal application of lime. When selecting seed, care should be taken to secure hardy varieties. Grimm and Ontario Variegated are the two best varieties for Maritime conditions. Where Alfalfa is being grown in a field for the first time, the seed should be inoculated—any farmer wishing to give seed inoculation a trial may secure, free of charge, from the Central Experimental Farm, Ottawa, enough nitro culture to inoculate one bushel of seed. The rate of seed sown per acre may vary from fifteen to twenty pounds per acre, but the latter rate should be used by beginners as it will insure a thicker stand of plants. Nurse crops may be used, such as barley or wheat, if sown lightly, but we find it much better to sow alfalfa about the middle of June without a nurse crop. If the latter method is followed, the plants grow much stronger and develop a root system more capable of resisting heaving the following winter.

Pasturing newly seeded alfalfa is almost sure to prove disastrous. It should go into the winter with at least ten inches of growth in order to hold the snow and protect the plants. If it makes too much growth, it should be clipped high with a mower and the clippings allowed to remain on the ground. The following Spring, if it is well to roll the field if there is evidence of heaving, in order that the roots may become firmly established in the soil and not be killed by drying winds.

Alfalfa should be cut when one-tenth in bloom. Two crops may be cut at this stage during the summer. Only in rare cases can a third crop be harvested under Maritime conditions, as the growing season is not sufficiently long to permit of sufficient growth to go into the winter, and winter-killing is almost sure to follow. After each crop of hay is taken off, the field should be well harrowed with a spike tooth harrow—this will tend to keep weeds from becoming established and develop an open surface allowing free aeration and will increase the water-holding capacity of the soil.

CONWAY

Mrs. Sills and son, Donald, are spending a few days with Mr. and Mrs. W. Haight.—The Union Y. P. S. met at the home of Mr. H. Robinson, Sandhurst, on Friday, March 12th. A very pleasant evening was spent. Mrs. Haight, Sr., is visiting at the home of Mr. F. VanDyck.—Rev. I. C. Wickware, a missionary from Africa, is holding special services at the Adolphustown United Church.—Mr. and Mrs. J. Young entertained a number of friends last Thursday night.—Mrs. W. Haight and Mrs. Sills visited Mr. and Mrs. Bert Chalmers, on Friday.—The Union Y. P. S. are practising a play, entitled "The End of the Rainbow", which will be given in Sillsville Hall, on Friday, March 26th, at 8 p.m.—The Ladies' Aid of Conway held a Birthday Party at the Parsonage, on Friday, March 5th. Invitations had been sent out, using the following verse:

"This birthday party is given for you,
'Tis something novel, 'tis something new.
We send you each a little sack,
Please either bring or send it back,
With a cent for every year you are old,
We promise the number will never be told."

A goodly number came in response to the invitation, and were entertained by a programme put on by the ladies, the most interesting number being the following poem composed by one of their number:—

Conway Appointment, 1924-1926.

The church walls looked quite smutty,
The ceiling much the same;
The floor must needs have something,
The pews were in the game.
Now, what's to do about it?
To speak we are all dumb
We have no money we can spare—
Unless it's from the Aid.
The tower, too, must have its share,
To save it from disgrace;
The doors must have a coat of paint,
To keep pace in the race.
The chairman of the Board arose
And said, "I am afraid
That we will have to lay the case
Before the Ladies' Aid.
Now, colours and decorator
Were problems to decide upon.
The Parson took a part in this,
And drove his car around
To see the churches far and near,
And learn what had been paid.
This information greatly helped
The members of the Aid.
The windows of the church above,
And in the basement, too,
Must have both putty and coat of paint,
To make them good as new.
The upholstering must be replaced,
The old is worn and frayed.
So this work fell to some of
Our good members of the Aid.
In time another Parson came,
To fill the vacant place.
His form did not round out the same,
He had a thinner face.
His good wife with her voice and play
Did make the choir grow;
While we much enjoyed the singing
Down in our pews below.
Well, time sped on; the seasons changed,
And bricks came tumbling down;
They stopped the draft so terribly,
The smoke just made us frown.
Until our worthy sexton ran
With his assistant Dick,
And ladder, rope and crowbar,
Took out every loosened brick.
Teen sickness to the Circuit came,
Our Pastor travelled much,
Until that frisky horse of his
Upturned him in the dust.
Poor man! He labored on you know,
The Board was in a maze,
They voted him a good month's rest—
Was sanctioned by the Aid.
The preacher and his spouse are back
We gather round to see
If his rest and recreation
Have healed all his disease.
For programme we are depending
Upon the young and aged,
As lively, true, good, citizens,
These members of the Aid.

Games were played, after which a dainty lunch was served. When the money in the socks was counted there proved to be nearly thirty dollars.

Many children die from the assaults of worms, and the first care of mothers should be to see that their infants are free from these pests. A vermifuge that can be depended on is Miller's Worm Powders. They will not only expel worms from the system, but act as a tonic giving medicine and a remedy for many of the ailments that beset infants, enfeebling them and endangering their lives.

Changed Words.

The English language presents a large number of words that have been completely changed in their significance since they first came into use. In some cases their meaning has been exactly reversed. A conspicuous example of this is the word "let," which Shakespeare uses several times with the meaning "to hinder." Hamlet exclaimed, "I'll make a ghost of him that lets me," of course "him that stops me."

The word is used in the same sense in the Bible, as in II Thessalonians ii.—"He who now letters will let until he be taken out of the way."

"Ravel" and "unravel" mean exactly the same thing, although at one time to unravel probably meant to reduce confusion to order. Compare the words "valuable" and "invaluable" and "loose" and "unloose."

As used frequently in the Bible "prevent" instead of meaning to "hinder" means to "precede" or "go before," which is, of course its etymological meaning.

Holy Lands of All Religions.

Christians call Palestine the Holy Land because it was the birthplace of the Christian religion on earth as well as that of the Saviour, whose birth, ministry and death are inseparably associated with the history of Jerusalem and vicinity. To the Mohammedans Mecca, in Arabia, is the holy land, it being the birthplace of Mohammed, the saviour of the followers of that faith.

India is the holy land of the Chinese and other oriental Buddhists, it being the native land of Sakya Muni, the supreme Buddha. One of the several divisions of the ancient Pelopponesus, was the Mecca and the Jerusalem of the ancient Greeks. The temple of Olympus Zeus was situated at Elis, and the sacred festivals were held there each year. The believers in the Shinto religion make annual pilgrimage to Sitsa Kara, the immense stone pillar where their supreme reigning spirit is said to dwell.

Pigeons In Constantinople.

In no big city in the world are there so many tame pigeons as in Constantinople. In many squares in London there are small flocks of pigeons, but in the Turkish capital they are to be seen by the thousand. These pigeons are sacred, and, indeed, many a wealthy Turk leaves money to be devoted to buying food for them. The story of why they are sacred is rather interesting. When Mohammed, the Turkish prophet, was flying from his enemies he hid in a cavern. At the mouth of the cavern two pigeons built their nest, so tradition runs, while across the entrance a spider spun its web. The soldiers who came along none dared enter for certain that no one had entered the cave, seeing the birds nesting, and the spider's web, and so never troubled to enter it and search. Ever since then the Turks have held pigeons and spiders to be sacred.

Gifts of the Grass.

The grass is missed only by its absence. When we pass by a house which is minus a green lawn or grassy plot in front we exclaim, "What a blot on the landscape!" In a vague way we realize that the grass gives tone and color to outdoor life as nothing else can; that no picture is complete without it. All the beauties of the seashore—the bold rocks, the crested surf, the dashing waves, the lights and shadows which play at sunrise and sunset beside old ocean—cannot compensate for the lack of the grass beneath our feet. Friends wintering at southern beaches have told us that they grew homesick for the grassy fields and meadows of home.—Margaret Woodward in Countryside Magazine.

Naming the Baby.

Give your baby a name that will suit him or her throughout life. Let it be a euphonious, well balanced name, indicative of intelligence, character and success and see so easily written or spoken that no nicknames will ever be found necessary. If there is available a family name with these good qualities, all the better. Do not indulge in levity, do not give way to sentiment, do not surrender to affectation or romance in this matter of giving a suitable name, and avoid novel combinations and plays upon words without loading the child down with cheap commonplace.

Starting the Tears.

Her Husband—Do you know, dear, that I found my first gray hair this morning? His Wife—Oh, give it to me, John, and I'll keep it as a souvenir to remember you by. Her Husband—What's the matter with me keeping it to remember you by?

Quick Relief For RHEUMATICS

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it to-day. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most-skeptical of sufferers right in this town and in the country hereabouts, blessed the day when Wallace's Drug Store and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma to-day.

SHIPMENTS OF GOLD

1—Each of these barrels contains $50,000 in gold.
2—Weighing the gold against a standard measure; a quicker method of checking than counting.
3—Several millions in gold leaving the Bank for deposit in the Central Gold Reserves.
CANADIA

MOST of the gold coming into Canada at the present time is deposited by the banks with the Government as a guarantee for their note circulation. The Government hold the gold in what is known as the Central Gold Reserves.

Under the Bank Act each chartered bank is allowed to issue its own notes in denominations of $5, $10, $20, $50 and $100, up to the amount of its Paid-Up Capital. A restricted extra issue is allowed during the crop moving period, which extends from September to February. If the banks desire to issue notes above the amount of their Paid-Up Capital, the equivalent in gold may be deposited in the Central-Gold Reserves as a guarantee of redemption.

Prior to the war such shipments were frequent, but during the war and for some time afterwards when the Canadian dollar was at a discount, all shipments of gold were suspended. Recently shipments of gold coin were resumed between the banks in New York and those in Canada.

The above pictures show a recent shipment of several million dollars made to the main Montreal Office of The Royal Bank of Canada. Gold coin is shipped in sturdy little oak kegs; each keg is carefully sealed and contains $50,000 made up of ten bags of $1,000 each. The kegs, when full, are heavier than the weight of the average man, they weigh 180 lbs. Upon receipt of a gold shipment, each keg is broken open and each bag of gold is weighed against a standard measure as it is taken from the barrel. This is the usual manner of checking and is quicker than counting

An Oil For All Men.—The sailor, the soldier, the fisherman, the lumberman, the out-door laborer and all who are, exposed to injury and the elements will find in Dr. Thomas' Eclectric Oil a true and faithful friend. To ease pain, relieve colds, dress wounds, subdue lumbago and overcome rheumatism, it is excellent. Therefore, it should have a place in all home medicines and be amongst those taken on a journey.

"Why should I never call anyone a liar, dad?"
"Because, my boy, if he is one it will hurt his feelings, and if he isn't he will hurt yours."

An Oil That Is Prized Everywhere.—Dr. Thomas' Eclectric Oil was put upon the market without any flourish over fifty years ago. It was put up to meet the wants of a small section, but as soon as its merits became known it had a whole continent for a field, and it is now known and prized throughout this continent. There is nothing equal to it.

Buy with Care!

Three Things Determine Whether the Price You Pay for Your Automobile is High or Low—

Check Value For Value

Check the value in the car you buy on the basis of the advertised f.o.b. price. Chevrolet quality, power, appearance, easy riding, dependability and economy provide the reasons why over 2,000,000 people have bought Chevrolet cars.

—Investigate the Cash Delivered Price

The purchaser of any automobile pays for freight, tax and handling charges. Chevrolet's *low delivered price* includes these charges—there is no padding.

Check Time Financing Charges

The financing charges when buying a Chevrolet on time are the lowest in the world. And these minimum charges include financing and fire and theft insurance. No other charges—no side notes to be signed.

Because of Chevrolet's low cash delivered price and the lowest of financing charges, you obtain the greatest value at the lowest cost, whether you pay cash or buy your CHEVROLET on the GMAC Time Payment Plan.

Come in—let us show you how we can save you money in buying a Chevrolet on time.

A Tired Feeling In Springtime

Not Sick, But Not Up To the Mark—You Need the Help of That Sterling Tonic, Dr. Williams' Pink Pills—They Give New Vitality.

With the passing of winter many people feel weak, depressed and easily tired. The body lacks the vital force and energy pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them. A blood-building, nerve-restoring tonic is needed to give renewed health and energy. Dr. Williams' Pink Pills are an all-round blood builder and nerve tonic, but are especially useful in the spring. Every dose helps to make new, rich, red blood, and with this new blood returning strength, cheerfulness and good health quickly follow.

If you are pale, easily tired, or breathless at the least exertion, if your complexion is poor or you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches and backaches, if you are irritable and nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment Dr. Williams' Pink Pills alone can give — you need the new blood, new strength and new energy this medicine always brings. Mrs. Emma Fraser, Thessalon, Ont., says: "Two years ago my nervous system was, in such a condition that life seemed a burden. I could neither work, eat or sleep well. I tried several medicines, but did not get any relief. Indeed my condition seemed to be growing worse. Then Dr. Williams' Pink Pills were brought to my attention and I decided to try them. After using a few boxes there was no room to doubt that they were helping me. I continued their use until I had taken eight boxes, when I was completely restored to health, and I have not any time since had a symptom of the trouble. When I began the use of the pills I weighed only 96 pounds, while under their use with my renewed health I now weigh 125 pounds. I feel it impossible to praise Dr. Williams' Pink Pills too highly."

Keep Your System Toned Up.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, indigestion or nervousness. POULTRY PROMOTION IN ONTARIO

POULTRY FAIRS IN EASTERN ONTARIO

At the poultry fairs held in Eastern Ontario as scheduled below, there were very considerable quantities of poultry marketed. The quantity is a great increase over previous years. The prices paid were gratifying and are doubtless higher than they would have been if the poultry had been marketed under other conditions.

Kingston, Nov. 24th and 25th	Tons
Kemptville, Nov. 25th	10
Herrickville, Nov. 26th	9
Jasper, Nov. 27th	12
Napanee, Dec. 2nd and 3rd	125
Perth and Lanark, Dec. 8th and 9th	20
Westport, Dec. 9th	25
Lyndhurst, Dec. 10th	65
Athens, Dec. 12th	30
Almonte, Dec. 10th	30
Smiths Falls, Dec. 10th and 11th	9
Carleton Place, Dec. 11th	12
Lansdowne, Dec. 15th	4

At North Napanee and several other places considerable dressed poultry is shipped each fall by the local dealers. It is safe to add another 65 tons to the above figures for these shipments. This would bring up the total to 456 tons. The tonnage for the year 1924 was only 237, therefore, there is an increase of 219 tons over last year's business.

At some points we were able to get the amount of cash paid through the local banks for poultry during the Fairs,—

Napanee	125 tons. Cash	$ 68,000
Westport	35 tons. Cash	19,000
Lyndhurst	65 tons. Cash	38,000
Athens	30 tons. Cash	18,000
Totals	255	$143,000

The four Fairs just mentioned would show that the average price paid was slightly over 28c. per pound. In order to get some grasp of the value of the poultry marketed in this way, it is necessary to arrive at some approximate average price. After reviewing the prices paid at the different Fairs this fall, whole report might be summed up in this manner.—

14 Fairs handled 912,000 pounds at 26c., $237,120.00. F.H.B.

Napanee As a Poultry Centre

The poultry industry in this vicinity is making steady progress and possibly no other centre offers more encouragement to producers. For several years active educational work has been conducted by poultry experts from both the Federal and Ontario Departments of Agriculture. Practically every subject pertaining to successful poultry raising has been taken up. Demonstrations in proper finishing, killing and plucking birds have been given at different points in the vicinity, until now the poultry coming forward is a great credit to the producers and, to those engaged in the educational work.

There is a very active Poultry Association at Napanee. The members of this Association conduct educational shows and promote good feeling between the town and country producer. I understand that it was this Association that introduced the first Poultry Fair at Napanee several years ago. Now Napanee boasts of having the largest annual Poultry Fair in the Province.

There is a large hatchery at Napanee and while it is a private enterprise, there is such a community spirit displayed that it is looked upon and often spoken of as the "Community Hatchery". I am very doubtful if any hatchery is rendering a greater service. This enterprise began in a small way as it required considerable educational work before producers would patronize it to any great extent. This work made slow progress for quite a while, then suddenly the demand increased to such an extent that the hatchery could not take care of the custom hatching offered last year. Mr. Mills, who operates this hatchery reports that he successfully hatched and distributed 21,000 baby chicks for the producers last spring. The capacity of his equipment was only 10,000. The former capacity is doubled now and with a 20,000 egg equipment Mr. Mills hopes to meet demands. The system followed is,—Producers supply their own eggs and the rate charged is $5.00 per hundred, or 5c. per egg. The reports at the hatchery show that the average hatch was 68% for the season. At one time 95% hatch was reported.

The matter of flock culling has also received attention. During the summer of 1923 a flock culling campaign was arranged by the Dominion and Provincial Representatives, the following was accomplished,—17 points in the Counties adjoining Napanee, 108 flocks culled, a total of 8,425 birds. From these 1,678 culls were removed, a percentage of 19.2. Through this campaign a great many producers have learned to do their own culling, with the result that there is an improvement in the average farm flocks.

The matter of selling poultry in this vicinity is practically confined to the Napanee Poultry Fair. The Napanee Board of Trade, the Town Council, the merchants and producers, also the leading wholesale buyers heartily support this annual event. This year the Fair was held on December 2nd and 3rd, with seven wholesale buyers present from Toronto and Montreal. The number of turkeys were below normal, but this was offset by a larger volume of chickens and fowl. There were approximately 125 tons of dressed poultry sold. $68,000 in cash was paid through the local banks for poultry during the two days. F.H.B. —The Farmers' Guide, February, 1926.

Johnnie's mother was making preserves one day, and, as she sealed each jar, she labelled it:

"Gooseberry Jam, put up by Mrs. Mason."

Johnnie soon discovered the shelf on which they were deposited, and fell to work. Having emptied one of the jars, he wrote underneath the label:

"Put down by Johnnie Mason."

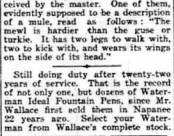
REIDVILLE

(For last week.)

The proverbial March lion was much in evidence, ushering in the month in true lion style, with cold and blustery weather.—Mrs. George Fingland is visiting her daughter, Mrs. David Keech, who has been ill.—Mr. Delbert Blair has returned to Kingsford, after spending the week end with friends here.—Mr. N. W. Reid and Mr. A. Fingland spent Saturday in Napanee.—The hum of the sawing machine has come and gone for another year.—Mr. and Mrs. Geo. McLaren entertained a number of friends on Friday evening. All report a pleasant time.—The Assessor passed through this street last week. All those who were fortunate enough to have a dog received a souvenir.—A wedding which has been looked forward to with much interest took place on Saturday, at the Parsonage, Enterprise, the contracting parties being Miss Lillie Lochhead and Mr. Jas. Thompson, of Mountain Grove. They left on the 4 o'clock train for Oshawa, where there had gathered a number of young people to extend congratulations and shower them with plenty of old shoes and confetti. —Miss Edna Wilson entertained a number of her young friends Monday evening. A pleasant time was spent. —Mr. and Mrs. R. J. Wilson are spending a week visiting friends at Selby and Kingsford. — We are pleased to say Mrs. Jas. Milligan is able to be around again, after having the pesky measles.—The ladies of the W. M. S. held their monthly meeting at the home of Mrs. R. J. Wilson. The day being beautiful, there was a fairly good attendance. Mr. and Mrs. Thornlee were also present, and considerable business was transacted. Mr. Thornlee addressed the ladies, which was much appreciated by all present. After the meeting was over Mrs. Wilson served dainty refreshments and a social half hour was held over the teacups.—Many of the fair ladies of this vicinity are taking advantage of the splendid weather, and can be seen going to the many hills, sleighing, shing and snowshoeing, enjoying the delights of the winter sports in the afternoons. — The Reidville Cats are anxiously waiting for the second series of home and home hockey games to be played with the Croydon Dogs. Particulars later.

The boys had been asked to write an essay on any animal they liked, and some surprising efforts were received by last master. One of them, evidently supposed to be a description of a mule, read as follows: "The mule is a hardier than the guse or turkie. It has two legs to walk with, two to kick with, and wears its wings on the side of its head."

Still doing duty after twenty-two years of service. That is the record of not only one, but dozens of Waterman Ideal Fountain Pens, which Mr. Wallace first sold them in Napanee 22 years ago. Select your Waterman from Wallace's complete stock.



Invictus "Liberty" Model

They need no "Breaking-in"

Most men detest buying new shoes because they dread the "breaking-in" period. The Invictus Shoe eliminates this stage entirely.

It fits the normal foot perfectly as soon as it is drawn on and holds that fit throughout its service.

And the Invictus is durable! Made of the best leathers only; strongly stitched with silk that does not rot or fray—and the Invictus can be depended upon to retain its smart appearance months longer than the ordinary shoe.

ANOTHER BOOKLET *for* FARMERS

In pursuance of its policy of friendly co-operation with the farming interests of this country, the Bank of Montreal is now issuing a new text book for farmers, entitled "Hogs for Pork and Profit." The booklet is a practical guide to the breeding and feeding of pigs, and its value is greatly increased by photographs illustrating every point that is made. A copy may be obtained, without charge, on application at our nearest Branch.

Previous booklets distributed by the Bank are—

"Diversified Farming"
"The Cow, the Mother of Prosperity"
"Poultry for the Farm and Home"

The Bank has distributed tens of thousands of these booklets throughout Canada, and numerous farmers have expressed their appreciation to our local Managers.

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every lawsuit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.
